## BRIDGES GIVING WAY.

Lowlands In Many Portions of New  
England Under Water.

Many Streams Are Already  
Over Their Banks.

Railroads, Mills and Farms Have Suffered  
Tremendous Damage.

WESTBROOK, Me., March 2.—There was a foot of snow on the ground here, and this melting caused the Presumpscot river to rise very rapidly. The ice in the river began to go out yesterday, and in an hour's time the water had risen 10 feet. The bridge at W. K. Dana's board mill went, and then followed a railroad bridge. The wheelhouse of the Westbrook electric light station was carried away, leaving Westbrook without any means of lighting. By this time the debris brought down by the raging waters had accumulated into a mass of threatening proportions. It lodged against the big iron railroad bridge of the Maine Central road. The water, which had backed up against the bridge, rose fully 30 feet, and when released spread over the adjacent territory for a distance of 500 yards back from the natural banks of the river. Below the bridge were the mills of S. D. Warren, the largest paper mills in the world. The gate house, which recently cost \$40,000, was destroyed, and this will throw 200 people out of employment. The bridge, which has stood the floods of 40 years, together with a power station of S. D. Warren, which furnishes light for the mills and the city of Deering, were both carried away. The Stroud brook, which in summer time almost runs dry, began a torrent and swept away Spring-street bridge. Two bridges at Melrose Falls have gone down. The bridge at Gorham also went down in the flood, and it is reported that the bridge at Saco, on the mountain division of the Maine Central, and two other bridges on the same branch have gone out.

**The Cochecho Torrent.**  
DOVER, N. H., March 2.—The greatest damage done by the unprecedented rise in the Cochecho river was the wrecking of the Bracewell block, built directly across the river, with areas in it abutting on Central Avenue bridge. The central section of the bridge has also gone and two traffic bridges between the mills of the Cochecho company. Cellars on First street were flooded, and the water rushing into Waldron street, on the other side, filled the house of Samuel Perkins, 11 1/2 stories in height, washing it away. The lower stories in the Cochecho print works have also filled with water, and the loss will reach several hundred thousand dollars here. The water began rising after 12 hours' rain. The bridge at Whitcher's Falls was carried away at 8 o'clock last night. Here the river is usually 50 feet wide, but it spread to an eighth of a mile. Goods in the houses which were flooded were removed in boats. On the two Boston and Maine railroad bridges below were drawn 100,000 tons of freight to hold them down. The danger comes from the ice which is gorging the river above the bridges. The Central Avenue bridge stood the strain till 3 o'clock, when it gave way. The Bracewell block was built 20 years ago and cost \$75,000. A small story and half building was also swept away. The city was in darkness, as when the block collapsed the electric wires were broken. A 24-inch water main supplying the south side was also broken. The two Washington street bridges alone remain. The loss to the print works will be very heavy, as the color and engine rooms were flooded. No lives are known to have been lost.

**Manchester's Report.**  
MANCHESTER, N. H., March 2.—The Merrimack and Piscataqua rivers, swollen by the continued rain of the past 36 hours, have risen nearly to the highest mark. The Kelly's Falls dam broke yesterday flooding the electric light plant and causing several thousand dollars' damage. Two boys, who are missing are thought to have been drowned also. Rowe's island, West Manchester, was flooded and the bridge to the shore swept away. Fifty thousand feet of logs were swept from Wallace's sawmill on the Piscataqua, and rushing down the river, caught against the Second-street bridge, endangering it so that traffic is stopped. The railroad bridge on the North Wear road was swept away, and it is reported that four bridges at New Boston are lost. The high water and large quantities of ice have made the Windmillseege and Pemigewasset rivers very high. A pier of Sanborn bridge went out yesterday forenoon, and the bridge is wrecked.

**Much Land Under Water.**  
SPRINGFIELD, Mass., March 2.—All western Massachusetts suffered from floods yesterday, the great and sudden thaw causing the rivers to overflow their banks and sending the ice down stream on the swift current. The Connecticut river, strangely enough, did not cause nearly as much damage as the smaller streams. At Bellows Falls, Vt., the water reached the same remarkable height as last year. It poured over the Holyoke dam last night 13 inches higher than last year; near Northampton it flooded hundreds of acres of meadow land on both sides of the river, and in this city it covered low outlying districts at the north and south ends, but no serious damage was done at any place. At 11 o'clock last night it seemed to have reached its maximum and the current was becoming more free from ice. The Mill river, near Northampton, wrecked a small iron bridge from its foundations and twisted it around. In one street in the city it was necessary to

use boats to get about, and a family named Weeks on the Easthampton road were driven from their home by the rising water.

**In the Nutmeg State.**  
HARTFORD, March 2.—The great rain-storm which was in progress all day Saturday, Saturday night and yesterday morning caused the greatest damage to property throughout the state known in 20 years. Many serious accidents, washouts and wrecks are reported. The Connecticut river is swollen until it has reached a point three times greater than its normal proportions. The big iron bridge at Middletown was in great danger all the afternoon, and a portion of the false work was swept away, but the main structure is still intact. The flood swept down the Pequabuck valley yesterday morning, spreading ruin and desolation on every hand. The town of Bristol was a heavy sufferer during the storm of a few weeks ago, when six men lost their lives, but the waste of waters now eclipses all previous floods. The rain and melting snow on the mountains swelled the basin of the old Copper Mine dam in Whitcomb, the northern section of Bristol, until it burst, tearing away 100 feet wide in the granite masonry, and letting a volume of water covering 75 acres and 40 feet high into the river below, which itself was a roaring torrent. The break occurred about 2 o'clock yesterday morning. The great body of water tore down the valley with a roar that was heard above the noise of the storm for miles away. For the first two miles there were no buildings near the river, and the water poured out on the marshes and plains.

At Forestville, four miles below, people living near the river were obliged to abandon their residences, as the water broke into the lower stories in many cases before the inmates were out of bed. The roar of the flood aroused families for miles around, and many people, whose houses the flood had not reached, packed up what effects they could, in anticipation of being summarily evicted. The bridges on nearly all roads crossing the Pequabuck were swept away. Ten in all have gone out and others are badly damaged. The streets of Bristol and the village of Forestville were badly washed in many places. The lower stories of dozens of houses were covered with water all the morning, and much property in the cellars was ruined. The New England roadbed was undermined in many places, and wrecking crews have been at work all day. The highway bridge at Forestville, Forest Centre, sagged several feet, and is in an impassable condition. It is estimated that the town of Bristol will lose from \$50,000 to \$75,000 by damage to the bridges and roads. The storm in Winsted and other sections of Litchfield county was very severe. The Philadelphia, Reading and New England railroad tracks are under water in many places, and traffic has been suspended. The loss in Litchfield county alone is estimated at nearly \$100,000. Highland lake, near Winsted, one of the largest bodies of water in this section of the state, overflowed its banks. The streets of Winsted were flooded to the depth of from three to five feet, causing heavy damage to stores, business blocks and private residences. Mad river also overflowed and added to the sea of water. The Hotel Central was in great danger. The underlying weak-ened, and many of the guests became frightened and took up quarters elsewhere. The towns of Riverton and Watertown were covered to the depth of five feet. A special freight train on the New England road, bound for Hartford, was wrecked at 3:35 yesterday morning, one eighth of a mile west of Forestville. The locomotive ran into a washout and turned over. Seven heavily loaded freight cars were piled up in a heap, and most of them were smashed to pieces. The engineer and fireman escaped through one of the cab windows. George Gormully, brakeman, sustained internal injuries.

**Bideford Gets It.**  
BIDEFORD, Me., March 2.—The Saco river is the highest ever known, and is rapidly rising. Rain has been falling steadily since Saturday morning. The river rose at the rate of four inches an hour, and soon began to overflow the banks. So rapidly did the water flood the streets that many people were compelled to take to boats and wagons, carrying with them household goods, poultry, swine and domestic pets. The river is full of ice, and if it breaks up, all the bridges are in danger of being swept away. At North Berwick there was a bad washout. Above the Eastern railroad bridge is a boom containing 1,000,000 feet of logs, and lumbermen fear that if the ice goes out it will take the logs with them. At Sanford, Charles Otis was drowned while attempting to knock flashboards from the dam. **Danger in Vermont.** BELLINGS FALLS, Vt., March 2.—Rain has fallen steadily for 70 hours, and as the snow in the northern part of Vermont and New Hampshire is from two to three feet deep, much trouble is expected. Wells and White rivers were never higher, and are greatly endangering the railroads and property along their banks. The Montreal sleeper due to leave at 4:15 last evening was detained till 11:15 by a landslide near Westminster, Vt., 60 feet of the track being covered with earth. Wholesale destruction of highway bridges is reported from surrounding towns. Farmers along the river banks have moved to higher ground, leaving their houses and barns half submerged. The Ball Mountain Paper company is a heavy loser by the floods. Five of their large river piers, costing \$1000 each, have been swept away and the lower part of the mills are filled with water.

**in Financial Straits.**  
BALTIMORE, March 2.—The Baltimore and Ohio Railway company, one of the oldest and most extensive transportation systems in the United States, and until recently one of the most profitable, has confessed its insolvency and gone into the hands of receivers. John K. Cowan, its president, and Oscar G. Murray, its third vice president, will hereafter operate it for the benefit of the creditors and bondholders, under the direction of the United States court.

## SPAIN NOT TO BLAME.

Opinion at Washington Concerning  
Outbreaks Against Us.

Immediate Action on the  
Cuban Resolutions

Appears to Be the Sentiment in Both Branches  
of Congress.

WASHINGTON, March 2.—Intense interest centered here in the dispatches showing the demonstrative feelings existing in Spain against the Americans regarding the Cuban question and the statement that the government is increasing its naval force. No surprise was expressed at demonstrations which have occurred, in fact such were expected. The speeches in the senate, extracts of which have no doubt been published in the Spanish papers, have had their influence on the masses of the people, and they—impulsively and excitedly inspired with patriotic feeling—have thrown them in an unfriendly move against the United States officials. The whole matter is regarded here simply as that of mob violence, of which the Spanish government has not in any manner been responsible. So far as could be learned, no official news has been received here by the government. Steps will undoubtedly be taken very promptly to ascertain the situation through state department channels if our minister at Madrid or our consul at Barcelona do not anticipate the officials and make a report.

Minister de Lome heard of the happenings in Spain yesterday through the press, and he was besieged by the reporters for an expression of his opinion. He diplomatically declined, however, to say anything for publication pending news from his government, which he expects to receive shortly. The violation of the consulate of the United States at Barcelona makes a disavowal necessary by Spain, and the United States will probably inquire of the Spanish government what amends will be made. The case finds an analogous one in an event which occurred in this country probably 60 years ago, when a mob of persons in New Orleans assaulted the Spanish consulate at the time when the Florida question was uppermost in the public mind. It was a case of mob violence, and the government of the United States made compensation to Spain for the damage done.

The conspicuous feature of the house proceedings this week will be in connection with the Cuban resolutions which the committee on foreign affairs reported and which are **Now on the Calendar.** After the objection raised by Mr. Boutelle on Thursday last, it became almost certain that unanimous consent could not be secured for the consideration of the resolutions, and as the senate resolutions were referred on Friday to the foreign affairs committee, it is certain that unusual methods will be required to get the subject before the house. Two methods are open. Under the rules the first and second Mondays of each month are suspension days. Today, therefore, is one of the days, when the speaker could recognize Mr. Hitt to move the passage of the resolutions under a suspension of the rules. Such a motion would require a two-thirds majority, but it is not believed that a dozen of the votes would be recorded in opposition. Only 30 minutes' debate on a bill will be allowed if such a motion were made. The other way would be for the committee on rules to bring a special order. The general impression is that the former method will be followed.

The fact that the senate resolutions were referred to the committee indicate that the majority prefers the house to the senate resolutions, but when the question comes before the house, unless it is by a special order which would cut off amendments, a motion probably will be made to substitute the senate resolutions. The latter action would have the advantage of ending the matter. Delay would be a natural incident to the passage of a different set of resolutions by each house, and the temper of members is enthusiastically in favor of action.

**Diplomats Can't Settle.**  
MANAGUA, March 2.—The German minister to Guatemala, Herr Von Bergen, has sent a cable dispatch to United States Minister Lewis Baker, urging that peace be declared in Nicaragua and the differences which have led to the outbreaks settled. Mr. Baker has replied that diplomatic interference will not be accepted here, and that war alone can settle the differences that have arisen.

**Still Unsubdued.**  
KORE, March 2.—The King of Korea is still at the Russian legation in Seoul. Internal uprisings continue. It is rumored that Japan is making advances to Russia with the view of arranging for dual control in Korea. It is believed that the Marquis Yamagata, while in Russia for the czar's coronation, will negotiate a treaty of alliance.

**Elopement Suspected.**  
SANDSFIELD, Mass., March 2.—Mrs. William White, 48, and Calvin Markham, 18, both of this place, are missing. Mr. White went fishing on Friday. Upon returning to his home he found that his wife had left. The simultaneous disappearance of young Markham led to the belief that the two had gone together.

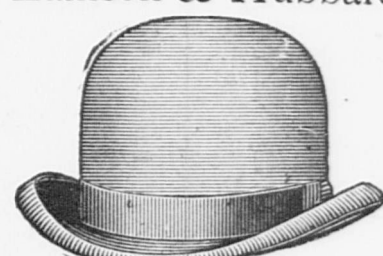

**Domestic Infelicity.**  
PLAINFIELD, N. J., March 2.—John Richter, 54 years old, in a fit of anger, shot his wife, and sent three bullets into his own body. The shooting was the outcome of domestic quarrels. Richter will die, and his wife's condition is very serious. **New England Briefs.** George W. Bowker of South Boston committed suicide. Eighteen horses lost their lives in a burning stable in Cambridgeport, Mass. Rev. Thomas Magennis of Jamaica Plain (Boston) was made a monsignor by the pope. George Dixon and Jerry Marshall have signed articles to box 15 rounds in Boston, March 17.

THE CONDITION of Gov. Greenhalge,  
who lies ill at his home in Lowell, is re-  
ported as a little more hopeful today, al-  
though he is still critically ill. He passed  
a more comfortable day Sunday and re-  
turned to consciousness, which is con-  
sidered a more encouraging sign.  
A dispatch to the LEDGER from Lowell  
at 2 o'clock says Gov. Greenhalge is re-  
covering.

**SUNDAY LIQUOR RAIDS.**  
**Quincy Police Make Three Raids and**  
**seize a quantity of liquors.**

The Quincy police put on their war  
paint Sunday and went in search of intoxi-  
cants which were kept in an illegal man-  
ner. They made three raids and were  
successful in each.  
It was but a little after 2 o'clock when  
Chief Hayden accompanied by Officers  
McKay, Ferguson, Bradley, Canavan,  
Nicol, Connelly and Murray left the police  
station armed with three search warrants  
authorizing them to search the within  
named premises and look for liquors.  
The first place at which they called was  
that of Cesare Tantiandini, at 32 Columbia  
street. Here the officers found one-half  
barrel of beer, three pints of wine and a  
quantity of empty jugs and barrels that  
had contained liquors, all of which they  
seized.  
Tomasso Solito on Garfield street, also re-  
ceived a call, and here the officers carried  
away one keg of beer and some empties.  
The third and last place visited was that  
of Joseph Casna, at 11 Penn street, where  
they seized 13 gallons of wine, 6 gallons of  
beer, and a lot of empties.  
At the latter place they also found three  
men playing cards, whom they arrested for  
playing cards on the Lord's day. The  
three men gave their names as Giovanni  
Salmero, Ambrogio Bianchi and Giovanni  
Giacomezzi.

**TOWN BROOK IN DISPUTE.**  
**Has Mr. Keating a Legal Right to**  
**Erect a Building over It.**  
Who owns the right to the Town brook  
at the corner of Washington and Canal  
street is a question now in dispute between  
the City of Quincy and Mr. Albert Keat-  
ing.  
Last week Mr. Keating commenced the  
erection of a building over the brook at  
the corner. Friday Commissioner Knowlton  
called upon him and ordered him to  
stop work and not build over the brook.  
Mr. Keating thanked him but did not sus-  
pend operations.  
Mr. Keating's claim is that part of Canal  
street bordering on the brook does not be-  
long to the town or city as it was originally  
laid out by the County Commissioners and  
that he has a right to build over it and that  
the city cannot claim half of the brook.  
On the other hand Commissioner Knowlton  
says even "if Mr. Keating's  
claim be true that the retaining wall on the  
street belongs to the city and that Mr.  
Keating is using that wall for his founda-  
tion." He also finds by the records of the  
selectman that some years ago Mr. Keat-  
ing made application to the selectmen for  
permission to build a temporary platform  
over the brook, which was granted.  
The matter is now in the hands of the  
City Solicitor and meanwhile the work of  
erecting the building goes merrily on.

**SETTLED FOR 3 YEARS**  
**Agreement Reached Between**  
**Manufacturers and Cutters.**  
**Non-discrimination Clause Elim-**  
**inated.**  
**Full Text of Changes Agreed Upon**  
**at Saturday Night's Meeting.**

It will be good news to the business men  
of Quincy to learn that a peaceable agree-  
ment has been reached between the Granite  
Manufacturers and employees and that an  
agreement has been entered into by these  
two organizations which is to remain in  
force for three years.  
The final agreement was reached Satur-  
day night it being nearly midnight when  
the settlement was finally agreed upon.  
During the early evening the Manufac-  
turers' Association held a meeting to con-  
sider the non-discrimination clause which  
the men had demanded should be elimi-  
nated.  
This clause which has in reality been the  
point of contention reads as follows:  
"It is hereby mutually agreed by and  
between the Granite Manufacturers' Asso-  
ciation and the branches of the Granite  
Cutters' Union of Quincy, Mass., that no  
distinction shall be made by manufacturers  
between union and non-union men, neither  
shall members of the branches of the  
Granite Cutters' Unions make any dis-  
tinction against any of the employees of the  
members of the Granite Manufacturers' As-  
sociation."  
After some lengthy discussion the manu-  
facturers voted to eliminate this clause,  
the Cutters' Union having agreed not to  
discriminate against any of the non-union  
men who had left the Union during the  
lockout of 1892, and returned to work and  
to whom the manufacturers had given a  
bond to protect against the Union.  
When this decision was reached the two  
committees held a joint meeting and the  
balance of the matters under consideration  
were readily adjusted so that at midnight  
when the meeting adjourned every point  
had been considered and acted upon.  
The other changes and additions to the  
agreement and bill of prices in force last  
year are as follows:  
Two new clauses have been inserted  
which will facilitate the business between  
the two associations more promptly,  
namely: "Any business referred to the  
Figuring Committees shall be decided  
within two weeks," and "any business  
referred to the Executive committees shall  
be decided within twenty-one days."  
Article 3, was amended so as to read:  
"When a manufacturer fails to pay on the  
regular pay day he must give a satisfactory  
reason to the workmen's committee, or the  
workmen may suspend work."  
A new rule was also added, "That any  
workman discharged shall be paid at once  
and Article 3, shall apply to this matter."  
A new clause was added to the agree-  
ment reading as follows:  
"This bill is to remain in force for three  
years with a proviso that if the eight hour  
day becomes general, that clause may be  
taken up before the expiration of this bill."  
In relation to the prices paid for work in  
some cases a slight advance was made but  
the changes made as a whole are more par-  
ticularly to make the bill less complicated  
and better understood.  
Secretary McAdam when seen by a rep-  
resentative of the LEDGER expressed him-  
self as very much pleased with the out-  
come of the conferences held, although at  
one time there looked as though there  
might be trouble.  
Speaking of the non-discrimination  
clause, Secretary McAdam said "That  
during the lockout in 1892 there were  
certain cutters who had left the Union  
and returned to work and to these  
men the manufacturers had given a bond  
that they would protect them. Since that  
time many of these men had left town and  
others had died so that today there were  
but very few left so that the Union were  
willing to exempt them if the clause was  
eliminated.  
Asked as to what effect the elimina-  
tion of that clause would have Mr.  
McAdam said while it did not prohibit  
the manufacturers from employing non-  
union men, it would tend to cause these  
non-union men to join the Union as they  
would be better protected and that the  
Union would grow materially in member-  
ship, thereby, and it would also enable  
the Union to deal more readily with scabs.

**QUINCY BREVITIES.**  
**Notes from Quincy Point, Wollaston**  
**Atlantic, South and West Quincy.**  
The birth of two babies born on the 29th  
are recorded in today's paper.  
A stormy washday, be careful therefore  
how you cross the housekeepers.  
The towns are not having a very pleasant  
day in which to hold their annual meetings.  
Meeting of the City Council tonight and  
the prospects are that it will be a busy  
session.  
Mr. Alfred Pinel lectured Sunday at  
Campello on "The Heaven and Earth  
shall pass away."  
The board of managers of Public Burial  
places meet tonight. Will they succeed in  
completing their organization?  
One of the Wollaston pastors inadver-  
tently announced the death of Gov.  
Greenhalge at Sunday evenings service.  
The Wollaston Baptist Neighborhood  
Prayer meeting will be held on Tuesday  
evening at the home of Deacon Howe.  
By an order received from the post office  
department the office at West Quincy will  
be known hereafter as Sub-station No. 1.  
Mrs. Charles Price and Miss Sarah  
Whitaker played spirited piano duets at the  
dramatic entertainment Friday evening last.  
The Ladies' Benevolent Society meets  
on Wednesday evening in the Wollaston  
Baptist chapel. Mr. John Anderson is to  
read selections from "Beside the Bonnie  
Brier Bush," and songs are to be sung by  
some musical friends. We are anticipating  
a rare treat in listening to Mr. Anderson,  
and invite others to share with us.  
There is a movement on foot to close the  
stores in the centre at 6 o'clock on Tues-  
day, Wednesday and Thursday evenings  
each week and papers to that effect are  
being circulated. This seems to be a move  
in the right direction, although many of  
the business men claim that business is so  
quiet now, that they cannot afford to close  
more than two nights as at present.  
Saturday evening, a number of young  
ladies and gentlemen entertained them-  
selves and guests at Mrs. John C. Randall's  
in a variety of ways. It was quite a  
Vaudeville show. There were spirited  
skit dancing, impersonations from draw-  
ings and acting, singing and instrumental  
music, fine reading by a talented Quincy  
girl, and a continued performance of fun  
and originality that rivalled Keith's. It  
is hoped this may be repeated as an appeal  
to some local charity.

**BRAINTREE.**  
Prof. Henry T. Bailey of the State  
Board of Education will lecture in the  
Monatiquet school hall, next Thursday  
afternoon, at 2.30 o'clock, on "The Value  
of Art," a large audience is expected.  
Under the direction of Miss Hillis, our  
efficient supervisor of drawing, a collection  
of the best work of the High and Grammar  
school grades in drawing during the last  
five months, has been mounted in the  
school committee's room. These will be  
on exhibition the day of the lecture for all  
who desire to examine them.  
Rumor says that Mr. W. B. Rice, of the  
firm of Rice, Hutchins & Co., will become  
a partner in the firm of D. B. Closson &  
Co.  
There is absolutely no truth in the rumor  
that Williams & Kneeland have received an  
offer for their factory from the railroad  
corporation.  
At the two recent meetings of the regis-  
trars ten names were added to the voting  
list; six were taken off on account of death.  
The total number of names now on the list  
is 1,117.  
The singing skewel of ye olden time, by  
the Universalist society will be repeated by  
request in Pythian Hall on Wednesday  
evening. The committee in charge promise  
a good entertainment.

**TODAY'S COURT.**  
Giovanni Salmero, Ambrogio Bianchi  
and Giovanni Giacomezzi were arraigned  
for playing cards on the Lord's day at  
Quincy and were fined \$8 each.  
Joseph Casna was fined \$50 for keeping  
a liquor nuisance at Quincy.

**Advertised Letters.**  
List of advertised letters in Quincy post  
office March 2: Patrick Curtis, George F.  
Moody, J. R. Niles, W. P. West, Gerda  
Fosselius, Mrs. L. S. Hill, Mrs. Ingeborg  
Johanson, Mrs. Eddie Pitts.

—Lole Fuller says that the dress she  
wears in one of her latest skirt dances is  
twenty feet long, one hundred yards  
round the skirt, and contains five hundred  
yards of material. What a difference be-  
tween this copious costume and that of the  
average ballet dancer!

—Not since the adoption of the constitu-  
tion until now has any Governor of Mas-  
sachusetts died in office.

**BORN.**  
FRENCH—In Quincy, Feb. 29, a son to  
Mr. and Mrs. George L. French.  
JOHNSON—In Quincy, Feb. 29, a son to  
Mr. and Mrs. Aleck Johnson, of 15  
Buckley street.

**DIED.**  
ANDERSON—In Quincy, March 1, Fred-  
die E., son of Mr. August and Mrs.  
Hattie Anderson, aged 10 months.  
ROGERS—In Malden, Feb. 29, Mrs.  
Susan M. Rogers, formerly of Quincy,  
aged 81 years and 10 months.

**REPUBLICAN CLUB.**  
**Second Meeting Held Saturday**  
**Evening.**  
**By-Laws Adopted and a Temporary**  
**Organization Effected.**  
**A Charter List Started to be Kept**  
**Open for Signatures Two Weeks.**

A second meeting of those interested in  
the formation of a Republican club was  
held Saturday night in the rooms of the  
Quincy Quarry Co. in Durgin & Merrill's  
block.  
John F. Merrill was elected chairman  
and Warren W. Adams secretary.  
The committee appointed at Tuesday  
night's meeting to formulate plans for the  
organization of the club reported the  
following by-laws which were adopted:  
**By-Laws.**  
This club shall be called the Republican  
club of Quincy, its object being for politi-  
cal and social purposes only.  
The officers shall consist of a president,  
six vice presidents, a secretary, a treasurer,  
an executive committee of six members  
an election committee of six members who  
shall be elected at the first meeting held  
each year.  
All recommendations or application for  
membership shall be made to the election  
committee in writing, and if approved by  
them shall be reported at the next regular  
meeting. Five votes in the negative shall  
exclude a candidate from admission.  
An admission fee of one dollar shall be  
paid by each member, and the annual  
dues shall be one dollar each, and no person  
shall be entitled to membership until after  
payment of same.  
Meetings of the club shall be held at  
such times and places as the executive  
committee shall deem advisable, and notice  
to all members shall be sent by the  
secretary.  
The executive committee shall have a  
general management of affairs of the club,  
including invitations to guests, but this  
shall not exclude members from inviting  
friends.  
It was voted that a charter list be opened  
to be kept open for two weeks, that there  
be one list and that the chairman use his  
own discretion in passing it to the different  
wards and that members pay \$1 when they  
sign.  
Warren W. Adams was elected temporary  
treasurer and the charter list was then  
passed about the room for signatures and  
it received the following names:  
John F. Merrill, Charles A. Howland,  
Frederick L. Jones, Thomas Butler,  
Albert Keating, T. H. Newcomb, Russell  
A. Sears, Warren W. Adams, John O.  
Hall, Wellington W. Mitchell.  
No reference was made to Municipal  
affairs and Chairman Merrill extends an  
invitation to all Republicans to sign the  
charter list which for the present is in the  
hands of Warren W. Adams.

**Accident.**  
Mr. F. A. Rogers of Wollaston had a  
narrow escape from being killed on Satur-  
day. His depot carriage which was stand-  
ing opposite the depot, had a new horse  
hitched to it. Two trains passing each  
other at the station caused the horse to  
jump and run. Mr. Rogers grabbed him  
by the bridle, but the horse, which was a  
powerful animal threw him directly be-  
tween his hind legs. The animal became  
frantic and began to kick but Mr. Rogers  
with great presence of mind locked his  
arms around the high leg and held on for  
dear life. Assistance soon came and ex-  
tracted him from his perilous position.

**Braintree Town Meeting.**  
Voting commenced promptly at seven  
o'clock. Hon. F. A. Hobart was elected  
moderator. Quite a number of voters were  
in line. It was voted that after the election  
of town officers that the meeting be ad-  
journed for two weeks at nine o'clock in  
the forenoon.

**Tainted Blood**  
Poisoned my whole system, local trouble  
being the origin of my suffering. My  
limbs and arms swelled and became broke  
out. My nervous system was shattered  
and I became helpless. Medical treatment  
availed nothing. I resorted to  
**Hood's Sarsaparill**  
and it gave me vitality at once. I gained  
rapidly and the sores disappeared. I  
gained strength and was finally restored  
to health." Mrs. ELBRIDGE E. SMITH,  
P. O. address, West Granville, Mass.

TO the lovers of bicycling, the most delightful and  
exhilarating sport in the world today, we send  
our greeting, and to those who contemplate the pur-  
chase of a '96 wheel with which to enjoy the advan-  
tages and pleasure afforded by this dignified, refined  
and accomplished pastime, we have much for your  
consideration.  
IT has been our aim from the start to handle only  
the very best wheels that Yankee wisdom could  
invent—wheels that combine strength, lightness, eleg-  
ance of finish, and best of all, wheels that require no  
exertion to ride. Our success in the past, and the  
comfort afforded all riders of wheels from this reliable  
agency, bespeaks itself.  
WE Desire only to add that our splendid assort-  
ment of '96 models is ready for your inspection,  
prices, \$50.00 to \$100.00, and we believe it will be for  
your benefit to place your order for your '96 mount  
with an agency trustworthy and reliable. Easy pay-  
ments for all who wish.

## WORST MAY BE OVER.

Flooded Districts Must Now Devote  
Attention to Making Repairs.

Losses by Railroad Companies  
Reach High Figures.

Thousands of Persons Idle Through Losses by  
Business Enterprises.

BOSTON, March 3.—The news from the  
flood districts of New England, especially  
in Maine, New Hampshire and Vermont,  
shows that the danger line is not yet  
passed. The great flood limit of 1891 has  
been reached in some towns and exceeded  
in others.

In North Berwick, Me., 18 out of the 21  
bridges were lifted from their moorings,  
the ice-crowded rivers sweeping them  
away with resistless energy.

The loss to the great transportation  
companies of the country is incalculable  
at present, but it will reach up into the  
hundreds of thousands of dollars. With  
roads washed away, bridges tottering  
or crashing along the turbid streams,  
trains have run so irregularly as to place  
almost insurmountable barriers to safe trans-  
portation. Mails have been delayed, and  
thousands of citizens are left in hundreds  
of New England towns without means of  
reaching their points of destination.

The flood may assuage and the elements  
of danger be dissipated, but it will require  
much time, energy and means to repair  
the terrible havoc to bridges and roads,  
and travel by rail will suffer for several  
days.

The loss of carriage factories, mills and  
other business enterprises has thrown  
thousands of men and women out of em-  
ployment, and it is safe to estimate that  
the flood damage in all quarters affected  
will pass the million mark.

The sufferings of the residents of the  
flooded section have been augmented by  
the blinding snowstorm and cold wave  
which accompany it, and they are hoping  
that the worst is over.

**But Few Bridges Left.**

PORTLAND, Me., March 3.—The flood on  
the Presumpscot river has subsided con-  
siderably, but still continues a raging tor-  
rent. Only one bridge out of six in the  
cities of Westbrook and Cumberland Mills  
remains over the Presumpscot. Along  
the entire river not more than three  
bridges are standing. The damage to  
mill property in Westbrook will amount  
to over \$1,000,000. The new mill of the  
S. D. Warren Paper Co. at Portland, which  
company is gone, portions of the Westbrook  
Manufacturing company's, W. K. Dana's  
and other mills are damaged.

Traffic on the Grand Trunk is sus-  
pended, a bridge having been carried  
away at West Paris and several large  
warehouses reported. The Portland and  
Rochester has lost a bridge west of  
Rochester.

Only one train has run over the Maine  
Central since Sunday noon. The dam to  
D. W. Clark's ice pond in Cape Elizabeth  
is gone. Royal river at Yarmouth is the  
highest ever known, and a portion of  
the dam has been destroyed. Two bridges  
at this point have gone, and the Forest Paper  
company's mill and Weston's machine  
shop are still in danger and badly dam-  
aged. Every moment adds to the report  
of damage all over this portion of the  
state. Two-thirds of the bridges in Cum-  
berland county are destroyed.

**Big Mills Closed.**

MANCHESTER, N. H., March 3.—The  
high water in the Merrimack carried away  
the three private bridges of Amoskeag  
mills yesterday. The boiler rooms are all  
on the west side of the river and the steam  
pipes crossed on two of the bridges. The  
loss of the connection with the boiler  
rooms necessitates shutting down the  
mills until the river can once more be  
opened. The loss has not yet been esti-  
mated, but will be very heavy. The shut-  
down throws 7200 hands out of employ-  
ment and may last several weeks.

At 8:10 last evening about half of the  
Granite street bridge went down, cutting  
off telephone, telegraph and electric con-  
nection with the west side. This bridge  
is one of the oldest in the state. The west  
side is without fire protection.

The waters reached their maximum  
height at 6 o'clock, when they touched a  
point somewhat higher than last April,  
and bested any record prior to that of 1891.  
The lowlands of the Piscataquog are still  
uninhabitable.

**Boats Kept Busy.**

HAVERHILL, Mass., March 3.—The rain  
which has fallen continuously since Satur-  
day morning turned to a furious snow-  
storm last night, accompanied by a gale of  
wind. The loss caused by the storm far  
exceeds that of last April. The power  
station of the Haverhill Electric Light  
company was rendered useless last night  
and the city was without electric lights.  
Several persons were rescued from boats  
in Merrimack and River streets in Haver-  
hill. The Boston & Maine tracks at the Haver-  
hill bridge station were covered with two  
feet of water. The city greenhouses, con-  
taining a valuable collection of plants and  
shrubs, are inundated and the contents  
ruined. The electric cars on Water street  
en route for Groveland were abandoned on  
the tracks, owing to high water.

**Work For Bridge Builders.**

LEWISTON, Me., March 3.—It is esti-  
mated that the loss by the flood in this  
city and Auburn, including the two  
bridges, will reach close to \$200,000. At  
Mechanic Falls the Portland and Rum-  
ford Falls railroad bridge was moved out  
of place three feet. In Oxford county  
bridges were taken away at Snow Falls,  
Jackson Crossing, West Paris, Stony  
brook and South Paris. All the bridges

between Waterford and Norway were  
washed away.

**Safe Thus Far.**

LOWELL, Mass., March 3.—The greatest  
flood which Lowell has experienced since  
1852 is now progressing, and in some re-  
spects it exceeds that of 1852. The con-  
ditions of the river have changed, and  
what was once considered extremely high  
water would not now make a great show.  
The locks and canals are guarded by men,  
but the officials fear that great damage  
may yet occur, though no serious damage  
has yet been reported.

**At Nashua and vicinity.**

NASHUA, N. H., March 3.—The Nashua  
and Merrimack rivers are one foot higher  
than on the memorable flood of April 21,  
1870. Taylor Falls bridge pier had nine  
stones knocked out by ice. Over 100  
houses have been flooded, and the tenants  
taken out in boats. The city was in dark-  
ness last night owing to the electric light  
station being flooded. The Nashua rail-  
road bridge is heavily freighted with cars  
to hold it down. Dynamite used to blow  
up the anchor ice proved ineffective. The  
loss already exceeds \$50,000. There have  
been no trains from the north. Three  
bridges at Littlefield have been swept  
away.

**The Damage at Dover.**

DOVER, N. H., March 3.—The crisis in  
the unprecedented flood which has swept  
down the Cochecho seems to have passed.  
The river has fallen four feet. The  
Fourth-street bridge is weakening, and  
may give way. If this goes, the Boston  
and Maine bridge will go, and cause more  
destruction at the Central Avenue bridge.  
The damage in this city is estimated at  
\$200,000.

**Did \$20,000 Damage at Bar Mills.**

BAR MILLS, Me., March 3.—The new  
iron bridge connecting Hollis and West  
Buxton has gone down the river, and a big  
jam of boats between this town and West  
Buxton is holding back three miles of  
anchored ice. The jam seems liable to  
break at any moment. The damage al-  
ready done here amounts to over \$20,000.

**Big Jam at Richmond.**

RICHMOND, Me., March 3.—An im-  
mense jam of logs and ice below here  
caused the water to rise many feet. When  
the jam gave way a dwelling house on the  
Dresden side and several buildings below  
it were swept away.

**Wetland's Report.**

RUTLAND, Vt., March 3.—The great  
flood in the Otter Creek valley continues  
unabated. Railroad traffic is delayed  
and much anxiety is felt for the safety of  
bridges between this city and Bellows  
Falls.

**At Livermore Falls.**

LIVERMORE FALLS, Me., March 3.—Jay  
bridge and the toll bridge at North Turner  
have been swept away. Danger is now  
feared from the ice jam in the river above  
this place.

**New England Briefs.**

William Willard, who escaped from  
jail at Alton, N. H., some time ago, was  
recaptured.

Albert I. Montague, captain of the  
Amherst college baseball team, has re-  
signed, owing to sickness.

George H. Cole, landlord of the Ameri-  
can House in Fitchburg, Mass., died of  
heart disease, after a long sickness.

A stock company being organized in  
Rutland, Vt., have selected a site, and in-  
tend to erect the finest opera house in  
the state.

Rev. Joseph Pullman of Bridgeport,  
Conn., has decided not to contest the  
suit for \$25,000 brought by Miss Jane May  
for alleged slander.

The controller of the currency has  
given authority for the organization of  
the National bank of Winchester, Mass.  
Capital, \$100,000.

W. C. Rouse, a postal clerk, who was  
arrested for stealing a letter from the  
mail, is in Portland (Me.) jail, not being  
able to secure bail.

Mrs. Isaac W. Eldridge attempted sui-  
cide at West Dennis, Mass., by shooting.  
The bullet lodged in the shoulder. Her  
recovery is doubtful.

Rev. Walter J. Swaffield has tendered  
his resignation to the Boston Baptist  
Bethel to accept the call to the Summit  
Avenue Baptist church, Jersey City.

At a special meeting the Boston Cham-  
ber of Commerce approved of Congress-  
man Vail's looking bill, and passed  
resolutions bearing on the financial needs  
of the country.

The autopsy on the body of Louise M.  
Trebbe, who was murdered by Caspar  
Hadlin at South Manchester, Conn., has  
proven the assassin's statements malign-  
ing the character of the victim to have  
been wholly false.

At New Haven, Judge Townsend of the  
United States court directed the issuance  
of a permanent injunction to the Thom-  
son-Houston company against the Kellogg  
Electric Specialty company of New Haven  
and the Billings & Spencer company of  
Hartford.

The fourth annual banquet of the New  
England Alumni Association of Acadia  
university was held at Boston. The fol-  
lowing officers were elected: President,  
Rev. Robert McDonald; vice president,  
Rev. A. F. Kempton; secretary, Benjamin  
Lockhart; treasurer, Charles H. McIntire.

**Still Reaching Out.**

SHANGHAI, March 3.—The North China  
Daily News gives the alleged provisions of  
a secret treaty for an offensive and de-  
fensive alliance which Li Hung Chang  
has negotiated with Russia, giving the  
latter the free use of Chinese harbors and  
arsenals and the right to occupy Korea,  
and to erect forts in China to protect the  
trans-Siberian railway. It is also reported  
that Russia will support China's refusal  
to pay to Japan the balance of the in-  
demnities of the late war.

**Six Hundred Arabs Drowned.**

CONSTANTINOPLE, March 3.—Torrential  
rains have occurred in Mesopotamia, and  
as a consequence the river Tigris has over-  
flowed and vast tracts of land are flooded.  
In the Ararat district an armed tribe of 600  
Arabs were drowned, and over 30,000 cattle  
perished in the flood. The damage to  
property has been enormous.

**Fanatics Got Worst of It.**

MADRAS, India, March 3.—An uprising  
of Moplah fanatics has assumed serious  
proportions. The British attacked a large  
party of them yesterday and killed 100.

## DIED OF APOPLEXY.

Charles Carleton Coffin, Famous Author and  
War Correspondent.

BOSTON, March 3.—Charles Carleton  
Coffin, journalist and author, died sud-  
denly at noon yesterday of apoplexy.

Charles Carleton Coffin, son of Thomas  
and Hannah (Kilburn) Coffin, was born  
in Boscawen, N. H., July 26, 1833. The  
younger generation know him as the  
writer of interesting books which they  
like to read. Those whose memory go  
back freshly to the time of the Civil War  
have a lively recollection of "Carleton,"  
the war correspondent of the Boston Jour-  
nal; and as "Carleton" he is best remem-  
bered by the widest public.

He served in both branches of the legis-  
lature. He was probably more influential  
than any other man in carrying  
through the scheme which took the con-  
trol of the police out of the hands of the  
people of Boston and placing it in the  
hands of a board appointed by the state. Among  
the important measures which he was  
largely instrumental in carrying through  
were the free-text-book law and the aboli-  
tion of grade crossings—two of the most  
practical reforms of late years.

**Municipal Elections in Maine.**

PORTLAND, Me., March 3.—The Republi-  
cans re-elected James P. Baxter for  
mayor for the fourth time. Five wards  
elected Republican aldermen, and in three  
wards school committeemen were elected  
by the Republicans. The Democratic  
gains over last year are 214.

For the first time since 1874 the Demo-  
crats of Saco elected a mayor in Samuel  
L. Lord by 52 majority. The Democrats  
elected three of seven aldermen.

In the election at Bath, Mayor Bibber  
(Rep.) was re-elected.

The election in Lewiston resulted in a  
sweeping victory for the Republicans,  
re-electing Mayor Frank L. Noble by a  
majority of 729, and carrying six of the  
seven wards.

In Westbrook the Republicans re-elected  
W. W. Cutter mayor by a large majority  
and a big gain.

In Deering, W. W. Mitchell (Rep.) is  
elected mayor by 344 majority, and all  
seven wards elected Republican aldermen.

The Republicans of Auburn elected  
Nathan W. Harris mayor, and carried  
four of the five wards.

**What Prohibits Want.**

PROVIDENCE, March 3.—The Prohibition  
state convention met yesterday. The com-  
mittee on platform reported resolutions  
condemning the liquor traffic, the ex-  
travagance of state officials and in favor  
of retrenchment. The platform also  
pledges the solid vote of the party for no  
license, and favors municipal ownership  
of electric lighting plants, waterworks,  
etc. Following is the ticket placed in  
nomination: Governor, Thomas H. Pea-  
body of Westerly; lieutenant governor,  
John J. Babcock of Hopkinton; secretary  
of state, George F. Varney of North Smith-  
field; attorney general, James A. Williams  
of Providence; general treasurer,  
Pierce Tuckerman of Warwick.

**Town Meetings.**

BOSTON, March 3.—Yesterday was to  
many of the towns what the second Tues-  
day in December is to most of the cities,  
the day when local officers are elected.  
Unlike the cities, most of these voting  
made their annual appropriations. The  
A. P. A. figured most prominently in  
Melrose, where it won the contest for the  
superintendency of the school board; in  
Foxboro, where it won everything, and in  
Wakefield, where its candidate for select-  
man was defeated by J. H. Mansfield.  
There were few changes in the license  
vote, the most notable being Amesbury,  
which voted for license for the second  
time in its history.

**Realizes His Degradation.**

NEWTON, Mass., March 3.—Irving J.  
Adams, the young burglar, in the police  
court yesterday, was placed under \$10,000  
bonds for his appearance before the grand  
jury. His attorney waived examination,  
and the case was quickly decided. Adams  
is looking in good health, but had evi-  
dently lost much of his air of bravado  
manifested last week. Apparently he is  
beginning to realize that he is scarcely a  
hero, but has committed a serious crime,  
which probably means years of imprison-  
ment. At one time, while the friends of  
his boyhood were looking at him, a sense  
of shame crept over his face and he hung  
his head.

**On Beacon Hill.**

BOSTON, March 3.—Yesterday was town-  
meeting day, but both branches of the  
legislature assembled as usual as on other  
days. The principal matters in hearing  
were the restriction of high buildings in  
the residential district of Boston, the pro-  
posed reconstruction of the Bulfinch front  
of the state house, and the supervision of  
the construction of schoolhouses in Bos-  
ton. The house, under suspension of the  
rules, adopted resolutions of sympathy  
for Governor Greenhalge and his family.

**No Change.**

LOWELL, Mass., March 3.—Governor  
Greenhalge slept quietly last night, and  
his condition was as good as it was at any  
time during the past 24 hours. During  
the forenoon he rested easily, but at 4  
o'clock he fell into a state of collapse,  
which yielded readily to the physicians.  
Shortly before 7 o'clock he collapsed more  
completely than at any time since Satur-  
day, but at 8 o'clock he rallied.

**Robbers Were Desperate.**

WORCESTER, Mass., March 3.—Isaac  
Isaacson, a Finn, was murdered assau-  
lted by three men at the North End  
last evening, who demanded his money.  
He resisted and they fired five shots at  
him, four of which took effect in his body.  
Surgeons express slight hopes of his re-  
covery. The police have no clew to work  
upon.

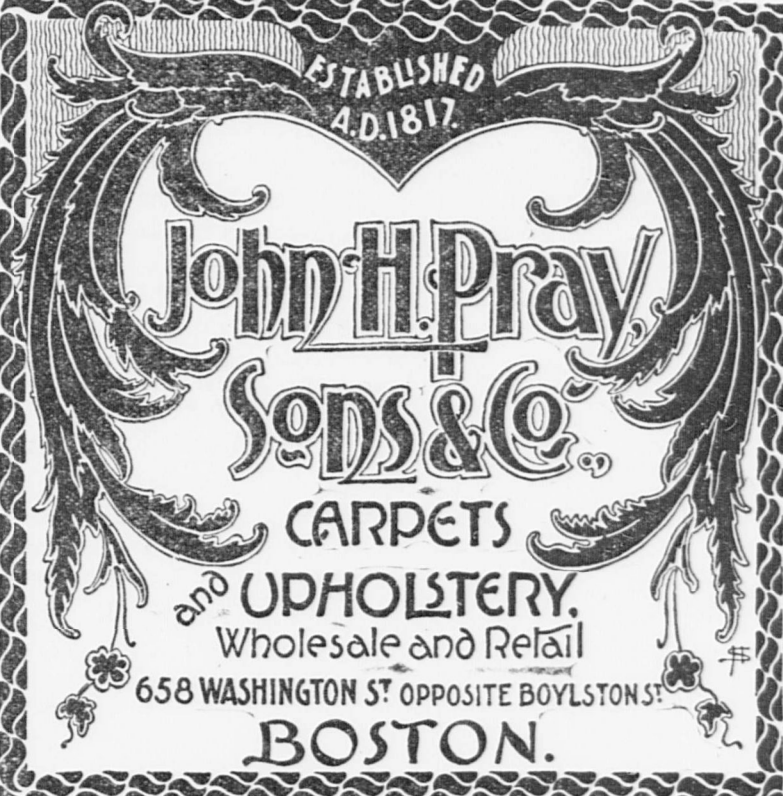

**Contractors Must Explain.**

BOSTON, March 3.—In the superior crim-  
inal court yesterday the city of Boston  
brought suit against Contractors Ben-  
jamin S. Ham and M. J. Collins for \$5000  
alleged overpayment for the Hart school-  
house, and alleged conspiracy with City  
Architect H. H. Atwood to charge for  
labor not rendered to the city.

## Bicycles!

TO the lovers of bicycling, the most delightful and  
exhilarating sport in the world today, we send  
our greeting, and to those who contemplate the pur-  
chase of a '96 wheel with which to enjoy the advan-  
tages and pleasure afforded by this dignified, refined  
and accomplished pastime, we have much for your  
consideration.

It has been our aim from the start to handle only  
the very best wheels that Yankee wisdom could  
invent—wheels that combine strength, lightness, ele-  
gance of finish, and best of all, wheels that require no  
exertion to ride. Our success in the past, and the  
comfort afforded all riders of wheels from this reliable  
agency, bespeaks itself.

WE Desire only to add that our splendid assort-  
ment of '96 models is ready for your inspection,  
prices, \$50.00 to \$100.00, and we believe it will be for  
your benefit to place your order for your '96 mount  
with an agency trustworthy and reliable. Easy pay-  
ments for all who wish.

## Public Hearing.

**CITY**  
—OF—  
**QUINCY.**  
In Council, Feb. 24, 1896.  
**ORDERED:** In the petition of the  
Quincy Quarry Company for approval  
of location of its proposed railroad from  
a point near the Quincy Adams station to the  
North Common, so called, and for the ap-  
proval of its map and the report of its en-  
gineer as to the feasibility of said route and  
the estimated cost of construction, and upon  
the petition of said company for permission  
to cross Granite street by an overhead  
bridge and Quarry street at grade, and cer-  
tain private ways at grade, as shown by their  
plan on file, that a public hearing be given  
in the Council Chamber on **MONDAY,**  
March 16, 1896, at 8 o'clock P. M.  
**ORDERED:** That the Clerk of the Council  
give notice of said hearing by causing a copy  
of this order to be inserted in the Quincy  
Daily Ledger for two successive weeks,  
the last publication to be at least two days  
previous to the hearing, and by posting  
copies thereof in two or more public places  
in said Quincy, at least two weeks before the  
date of said hearing.  
Adopted Feb. 24, 1896.  
Attest: **CHRISTOPHER A. SPEAR,**  
Clerk of Council.  
Feb. 26. 12t

## Attention! Pensioners!

THE Undersigned is prepared to fill out  
and attend to the execution of all Pen-  
sion papers, and will, if notified, call at the  
houses of persons desiring such service.

The ONLY DAILY in the ONLY CITY  
in Norfolk County, Massachusetts.

Published Every Evening, Sundays  
and Holidays Excepted,  
At No. 115 HANCOCK ST.,  
City of Quincy, Mass., by

**GEORGE W. PRESCOTT & SON.**  
Successors to Green & Prescott.

Subscription Price, \$6.00 per Year.  
\$7.50 A Discount of \$1 when paid in ad-  
vance.

ALSO PUBLISHERS OF  
**The Quincy Patriot,**  
A Weekly Established in 1837, which has  
the Largest Circulation in Norfolk  
County, and

**The Braintree Observer,**  
A Weekly Established in 1873.

In 1894 a prominent citizen withdrew  
from the contest for the mayoralty nomi-  
nation intimating that his services as pres-  
ident of the Quincy Granite Manufac-  
turers' Association might be of more value  
to the city than if he were in the executive  
chair. In 1895 and again this year peace-  
ful settlements have been effected between  
the manufacturers and the granite cutters,  
and President Thompson has truly been of  
great service to the city. He has not ac-  
complished all this alone, but his influence  
has been felt, and all is well.

EFFORTS to widen, straighten and im-  
prove Hancock street between School and  
Adams streets have not been successful in  
the past. Necessity almost demands that  
this main thoroughfare in the heart of the  
city should receive attention. It should be  
widened in places so that it will be uniform  
in width. The drainage and grade should  
receive attention, and wide brick sidewalks  
should be built. Let our sidewalk con-  
struction begin here this season under the  
betterment act and then extend it each  
year.

THE ALLEGED encroachment on Town  
brook and the canal at the corner of  
Washington and Canal streets has not yet  
been referred to the law department of the  
city, but the feeling about town is that it  
should be. Encroachments of any kind  
are not looked upon with much favor, and  
where one attempts to get something for  
nothing the people are always pleased to  
see him put to some expense to maintain  
his claim.

FIFTY-RIDE tickets to Boston on the  
N. Y., N. H. & H. R. R. would be ap-  
preciated by Quincy people, and it is hoped  
that something may come from the resolve  
adopted by the City Council. It is a mat-  
ter in which the new Board of Trade  
should cooperate. It would seem as if the  
increase in the sale of tickets would be a  
financial gain for the railroad.

IN CONNECTION with the proposed  
paving of Copeland street, a suggestion of  
a West Quincy man is worth considering,  
and that is to widen Miller street and  
extend it through the valley to the West  
Quincy depot. Betterments considered it  
might cost less than to widen Copeland  
street and it would be a more direct route.

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston  
Atlantic, South and West Quincy.

Not pleasant weather yet.

Phineas Coombes has returned from  
Buffalo, N. Y.

There is no doubt about it, we are having  
March weather.

The snow ploughs were unable to make  
good paths this morning.

Capt. W. H. H. Rideout has been pro-  
moted one grade at the Boston custom  
house.

Mr. and Mrs. C. L. Coe will entertain  
the Harmony Whist Club next Wednesday  
evening.

The trustees of the Thomas Crane  
Public Library will organize tomorrow  
evening.

Francis L. Souther camp Sons of  
Veterans holds its annual masquerade  
ball this week.

An abstract of the annual report of the  
Water Commissioners will appear in the  
issue of tomorrow.

A bright active boy is wanted to sell the  
DAILY LEDGER every afternoon near the  
depot and City Hall.

The annual business meeting of the  
Memorial church society, Atlantic, will be  
held at the church this evening.

Mrs. W. H. Yeoman has gone to Bid-  
deford, Maine, to the bedside of her only  
brother who is dying of apoplexy.

Miss Susie Hall, of Walker street has  
been quite ill with la grippe, during the  
past week but has almost recovered.

Mrs. Joshua Fisher, one of Quincy's  
oldest residents has been in poor health for  
a few days and had an ill turn Monday.

Now that the annual town meetings are  
over the police in these towns will doubt-  
less settle down to work and the court  
business will increase.

The same committee reported an order  
granting the N. E. T. & T. Co. a location  
for one pole on Washington street. To  
Committee on Ordinances.

The annual meeting of the Memorial  
Congregational church, Atlantic, will be  
held in the annex of that church on Wednes-  
day evening, at 7.45 o'clock.

The City Council will meet again next  
Monday evening, and are promised a re-  
port from the Committee on Public Build-  
ings on new schoolhouses.

The committee on prisons of the Legis-  
lature reported adversely Monday on the  
bill providing for certain changes in the  
prison building at Dedham.

The Quincy Quarry Railroad has peti-  
tioned the Legislature for extension of  
time for the proposed location to "North  
Common." It was admitted in the House  
Monday.

Arrangements are being made for a leap  
year party to be held in Music Hall, At-  
lantic, the latter part of March, which will  
undoubtedly be the leading society event of  
the season.

The monthly business meeting of the  
Atlantic Y. P. S. C. E. will be held in  
annex of Memorial Congregational church  
at the close of the prayer meeting on  
Thursday evening.

The Committee on Public Buildings of  
the City Council have asked the School  
Board to approve of another set of school-  
house plans, that two sets may be pre-  
sented to the Council for consideration.

Rev. Edward Norton, pastor of the  
Memorial Congregational church, Atlantic,  
addressed the Quincy Union, Y. P. S. C. E.,  
at their bi-monthly meeting at the  
Presbyterian church, South Quincy,  
on Monday evening.

Rev. J. W. Kingsbury, the well known  
temperance speaker, lectured at the Me-  
morial Congregational church, Atlantic, on  
Sunday evening. Owing to the disagree-  
able weather the attendance was scant,  
but those who attended were very much  
interested in the lecture.

One of the prettiest whist parties of the  
season was that given by Mr. and Mrs.  
Charles A. Hall of Walker street on  
Friday evening. Guests were present from  
Boston, Ashmont, Dorchester and Atlantic.  
The ladies' prizes fell to Miss Hight and  
Miss Habermann, while Mr. Moxon and  
Mr. Hight carried away the gentlemen's  
honors. Light refreshments were served  
throughout the evening and at the close of  
the game the guests sat down to a dainty  
lunch.

**Cottage Meetings.**  
Rev. C. P. Mills of St. Chrysostom's  
church is holding Cottage meetings in  
Atlantic Friday evenings during Lent. Thus  
far meetings have been held with Mrs.  
Clean and Miss Kate Nelson. At the  
last one there were 26 present and a deep  
devotional spirit was evident. The address  
by the Rector was one of intense spiritual  
life, a fitting supplement to the beautiful  
ritual.

Mrs. Moody, Billings street, entertains  
the meetings next Friday evening and all  
interested in such services will be made  
welcome.

**TODAY'S COURT.**

Edward McGrath was arraigned for  
drunkenness at Quincy. Case continued  
one month.

Tomase Solito was fined \$50 for keeping  
a common nuisance at Quincy.

—George Dollar gets \$10,000 for his dis-  
covery of marble quarry at Adams. Lucky  
Dollar.

## THE CITY COUNCIL.

**Important New Business Intro-  
duced Last Night.**

**\$25,000 Wanted for the Paving of  
Copeland Street.**

**The Committee Not Ready to Report  
on Schoolhouses.**

New business continues to be introduced  
into the City Council, but as yet no very  
important business has been transacted by  
the Council of 1896. At the meeting  
Monday evening a petition was introduced  
for the paving of a portion of Copeland  
street, which calls for a large appropriation,  
and there was a movement for fifty-  
ride tickets on the railroad. The Com-  
mittee on Public Buildings promised a  
report on new schoolhouses in one week.

The only absent members were Council-  
men Phillips and Rinn.

**Communications.**  
A communication was received from  
Benjamin F. Curtis asking to be excused  
from attending the Council meetings.  
Request granted.

The Mayor forwarded the annual report  
of the Water Commissioners for 1895  
which was referred to the Committee on  
Water Supply.

The School Committee submitted the  
following budget of estimates for the  
ensuing year which was referred to the  
Committee on Finance.

The LEDGER has added the appropri-  
ations of last year.

	Estimates 1896.	Appropriations 1895.
Salaries,	\$62,235	\$59,680
Transportation,	1,000	1,000
Fuel,	5,500	4,500
Janitors,	5,100	4,870
Books, Supplies, etc.,	8,200	8,000
Evening schools,	2,800	2,800
Totals,	\$84,835	\$80,850

**Petitions.**  
Petitions were received for the establish-  
ing of the grade on Liberty street from  
Lawyer's lane to Centre street. To Com-  
mittee on Streets.

From E. S. Gilpatrick, for a common  
victualers license. To Committee on  
Licenses.

For electric light on Elm street between  
Baxter and Walnut streets. To Committee  
on Streets.

From W. P. Martin for soldier's relief,  
and from Bernard O'Reilly for increase of  
State aid. To Committee on State Aid.

From Daniel Vining for a common  
victualers license. To Committee on  
Licenses.

From Paul Revere Post 88, G. A. R., for  
license to give shows and entertainments  
in Hancock hall. To Committee on  
Licenses.

From H. Price for license for one pool  
table. To Committee on Licenses.

## Hood's

Sarsaparilla as a blood purifier and build-  
ing up medicine leads everything ever  
produced. It is positively the best. Others  
may make the same claim. But there's  
this difference: *We prove it.* Not by an-  
tiquity, but by *Merit.* Not by what  
we say, but by what  
Hood's Sarsaparilla  
does. It has  
a record of  
cures unequalled in medical history.  
It positively, perfectly and permanently  
cures when all other medicines fail.  
That the keen discrimination of  
the people recognizes its merit and  
the cures by Hood's Sarsaparilla, is  
shown by the fact that they  
buy Hood's Sarsaparilla  
to the exclusion of all others.  
Hood's Sarsaparilla has a larger sale than  
all other blood purifiers. It wins con-  
fidence everywhere because the state-  
ments in its advertising and testimonials  
are verified by all who take it. No other  
medicine has ever received such praise, or  
so many voluntary testimonials of won-  
derful cures. No other medicine possesses

**Sar-  
sa-  
parilla**

the peculiar combination, proportion and  
process used in preparing Hood's Sarsapa-  
rilla, and which give it merit peculiar to  
itself. This is the secret of its wonderful  
power, of its wonderful sales, of its won-  
derful hold upon the confidence of the  
people. This is why it cures Scrofula,  
Salt Rheum, Catarrh, Rheumatism, all  
Humors, Kidney and Liver troubles, Dys-  
pepsia, That Tired Feeling, builds up the  
nerves, creates an appetite and strengthens  
the whole system. Its merit, its sales, its

## Cures

Make Hood's Sarsaparilla the One True  
Blood Purifier. Sold by all druggists. \$1.  
Prepared only by C. I. Hood & Co., Lowell, Mass.  
**Hood's Pills** the best family cathartic  
and liver stimulant. Easy  
to take, easy to operate. All druggists. 25 cents.

## Reports of Committees.

The Committee on Licenses reported  
leave to withdraw a petition of Joseph  
Keene for a night lunch license, and John  
H. Sawyer and Abel Brown for common  
victualers license. Accepted.

The same committee reported order  
granting a license to Hancock hall for  
entertainments, and to J. F. Costello for a  
bowling alley license. Adopted.

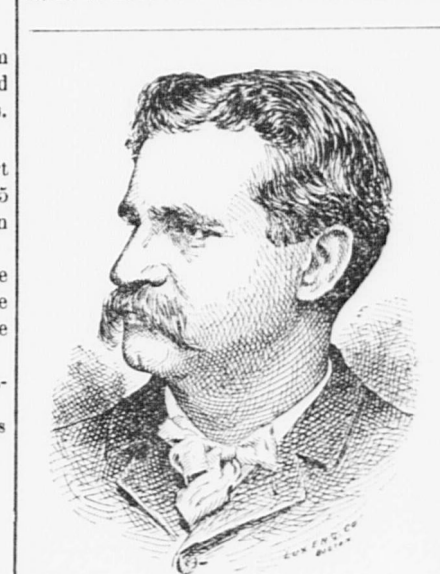

The Committee on Streets recommended  
that lights be established as follows: One  
incandescent on Liberty street extension;  
four incandescent on Trafford street; six  
incandescent on Independence avenue  
from Bennington street to Braintree line;  
three incandescent on Pearl street; one  
incandescent on Atlantic street, near rail-  
road bridge; one incandescent on Park  
street, near residence of E. S. Litchfield;  
four incandescent on Walker street; four  
incandescent on Appleton street; one arc  
on Standish avenue, junction of Old  
Colony avenue; one arc on Brook street,  
corner of Intervale street. Read once and  
referred to Committee on Finance.

The Committee on Streets reported leave  
to withdraw a petition of N. E. T. & T.  
Co. of 1895 for location of poles on Water  
street. Accepted.

Same committee order to establish  
grade on Hancock street, reported an order  
for a public hearing on the petition Mon-  
day, March 16. Adopted.

## Motions, Order, Etc.

Councilman Clafin offered a resolve that  
the Mayor request the N. Y., N. H. & H.  
R. R. to issue 50 ride tickets between Bos-

COUNCILMAN CLAFIN.

ton and Atlantic, Wollaston, Quincy,  
Quincy Adams and West Quincy at the  
same rates as 100 ride tickets are now  
issued. Adopted.

Councilman Lamb offered an order in-  
structing the Chief Engineer to locate a  
fire alarm box at the junction of Copeland  
and Crescent streets. To Committee on  
Fire Department.

Councilman Lamb offered an order for  
one incandescent light on Fenno street  
between Hancock street and Wollaston  
avenue, and one incandescent light on  
Wollaston avenue between Hancock and  
Fenno streets. To Committee on Lights.

Councilman Lamb offered an order ap-  
propriating \$25,000 for edgestones on both  
sides of Copeland street from Crescent

COUNCILMAN LAMB.

street to Granite street, and the paving of  
Copeland street from Crescent street to  
Granite street and across Granite street to  
Water street. To Committee on Streets.

Councilman Rice offered an order chang-  
ing the gas light in front of T. Reed's drive-  
way on Adams street 50 feet to the north-  
east and the location of two incandescent  
lights between that point and Whitwell  
street. To Committee on Streets.

Eight o'clock was the hour designated  
for a public hearing on the petition of  
the Quincy Quarry railroad for a location  
to the North Common, but because of  
some informality this hearing went by  
default, and one is advertised to be held  
March 16. On motion of Councilman  
Anderson the hearing closed and the order  
was laid on the table.

At 8:05 the Council adjourned for one  
week.

## Guilty of Track Walking.

Two men were before the Woburn court  
Monday for track walking. Their counsel  
contended that they were not walking on  
the track but beside it. It was shown  
however, that they walked on the track  
in crossing a bridge, and they were found  
guilty. Their cases were placed on file at  
the suggestion of the counsel for the rail-  
road.

## Must Pay for Blocking Crossings.

A law of Connecticut allows persons  
detained at a railroad crossing by a train  
more than five minutes to recover \$10  
and costs. A Waterbury judge awarded  
two doctors and a lady each \$10 and costs  
on Monday.

## TOWN MEETINGS.

**Caucus Nominees Defeated in Milton.**

**The Old Board Re-elected by Brain-tree Voters.**

**Only One Town in the County Favored License.**

It was town meeting day in nearly all the Norfolk county towns Monday and reports from the south shore towns are given below:

### MILTON

**No Appropriation for Sewers but Departments Treated Generously.**

Hon. Edward L. Pierce was moderator at Milton and the town meeting was the largest and most spirited ever held. Philip L. Saltonstall, one of the caucus nominees for selectmen was defeated. The result of the ballot:

Selectmen, Overseers of the Poor and Surveyors of Highway, J. A. Simpson, G. W. Nickerson, A. H. Tucker. Assessor, J. W. Bradlee. Town Clerk, H. B. Martin. School Treasurer, J. Holmes. School Committee, H. S. Huntington, F. D. Leslie.

Collector of Taxes, J. H. Emerson. Auditors, J. S. Russell, W. N. Harlow. Board of Health, H. P. Jacques, C. M. Weld, T. N. Perkins.

Park Commissioner, H. A. Lamb. Trustees of Public Library, A. L. Hollingsworth, R. Stebbins, A. K. Seale. Trustee of Cemetery, A. K. Seale. Sewer Commissioner, E. P. Whitney. Constables, J. B. Blanchard, Pelag Bronson, E. L. Crossman, F. M. Farrington, E. A. Houghton, J. S. Lincoln, Timothy McDermott, Peter McIntyre, C. Mitchell, M. Pierce, H. C. Shields, J. H. Tucker.

License, Yes, 124; no, 424.

The article calling for an appropriation of \$40,000 for sewers provoked considerable discussion but no action was taken. Generous appropriations were made as follows: Schools, \$45,500; and \$2,500 for deficiency of last year; highways, \$30,000; cemetery, \$2,000; Public Library, \$1,200; support of poor, \$7,500; soldiers' relief, \$500; fire department, \$15,000; police department, \$15,000; street lighting, \$8,900; salaries of town officers, \$5,500; town hall and lot, \$1,750; state aid, \$1,000; town printing, \$1,300; miscellaneous expenses, \$17,925; health department, \$1,500; Huntington Frothingham Wolcott post 102, G. A. R., \$200; insurance on town buildings, \$1,500; hydrant rental, \$6,300; improvement and extension of fire alarm service, \$1,900; East Milton playground, \$8,800; horse sheds at school buildings, \$1,000; transportation of scholars, \$2,500; road completion and rebuilding, \$35,000; enlargement of Pleasant street schoolhouse, \$5,000; rebuilding Adams street sidewalk, \$1,000; other things, \$1,475.

### BRAINTREE

**Woman Elected on School Board Resigns.—H. L. Dearing Elected.**

There was no contest and consequently very little excitement at the election. The regular nominees of the caucus were all elected with but little variation in vote. Mrs. T. H. Dearing who was elected on the School Board resigned by letter to the moderator, and Dr. H. L. Dearing a member of last year's board was then re-elected. It is the old board of Selectmen.

The vote in detail:

For Town Clerk, Samuel A. Bates, 432 For Town Treasurer, Peter D. Holbrook, 432.

For Selectmen, Assessors, Overseers of the Poor and Highway Surveyors, Ansel O. Clark, 399; William W. Mayhew, 425; J. Parker Hayward, 416.

For Water Commissioner (three years), John V. Scollard, 381.

For General School Committee, Mrs. Carrie F. Loring, (three years), 425; Mrs. T. H. Dearing, (three years), 435; Frank W. Brett, (to fill vacancy), 438.

For Sinking Fund Commissioner, John V. Scollard, 378.

For Auditors, Daniel Potter, 432; Chas. G. Sheppard, 434; L. Willard Morrison, 416.

For Fence Viewers, George H. Holbrook, 437; Albert R. Hobart, 435; William A. Kane, 429.

For Constables, Christopher T. Bailey, 432; Horace Faxon, 426; Lewis E. Beverly, 434; Thomas Downey, 390; Leonard M. Hobart, 433; James R. Qualey, 433; Henry Dugan, Jr., 418; Charles H. Loring, 432; John H. MacAndrew, 417; John Gallivan, 406; George H. Holbrook, 437; Charles R. Damon, 397; Conrad Marschler, 430; John Kelley, 408; Benjamin J. Loring, 428; James A. Reynolds, 425.

License Question, Yes, 98; No, 243.

The other articles of the warrant were postponed until March 16 at 9 A. M.

### WEYMOUTH.

Weymouth voted 602 to 494 not to license the saloon, and chose the following officers:

Town Clerk, John A. Raymond. Town Treasurer, John H. Stetson. Selectmen and Overseers of the Poor, Charles E. Bicknell, Gordon Willis, Brad-

ford Hawes, George L. Newton, Jacob Dyer.

Assessors, John W. Bates, Wilmot Cleverly, Gilman B. Loud, Gordon Willis, Francis H. Cowing.

Water Commissioner, A. J. Richards. Collector of Taxes, Willard J. Dunbar. Auditors, Joseph Dyer, George E. Reed, Charles P. Hunt.

Park Commissioner, Louis A. Cook. School Committee, three years, Joseph Chase, Jr., Rev. William Hyde, for two years, Hon. James H. Flint.

Trustees Tuft's Library, James Humphrey, Preston Pratt and A. J. Richards.

### HINGHAM.

Hingham appropriations include \$17,000 for schools, \$7,000 for highways, \$6,000 for State road, \$2,300 for fire department, \$6,500 for poor, \$1,500 for water, \$6,000 for street lighting, \$800 for suppression of illegal liquor traffic. The vote on the license question was 164 yes, 233 no.

Charles N. Marsh was elected town clerk, William Fearing, 24, town treasurer, and John C. Gardner selectman.

### HULL.

Hull firemen are happy, they are to have \$25 per year. License was favored by 102 and opposed by only 10. John Smith was elected selectman for three years. The appropriations include \$5,500 for highways, \$1,500 for street watering, \$5,000 for schools, \$11,800 for electric lights, \$800 for board of health.

### COHASSET.

Cohasset will be in the no-license column this year by a vote of 113 to 110. Philander Bates was moderator and was elected selectman for three years. It was voted to call the Jerusalem road extension Atlantic avenue.

### HOLBROOK.

There were cast at the election Monday 396 votes. The selectmen elect are John A. Holbrook, Daniel G. Belcher and John T. Southworth. A continuous board of assessors was chosen, Thomas A. French for three years, Eugene E. Ford for two years, and Eliah A. Holbrook for one year. Also a continuous board of health, J. B. Kingsbury, M. D., for three years, Henry W. Paine for two years and Eugene E. Ford for one year.

### RANDOLPH.

Randolph continues a no-license town, and by a good majority 465 to 297. J. T. Leahy was elected town clerk and treasurer; P. H. McLaughlin, J. K. Willard and P. B. Hand selectmen, assessors and overseers of poor.

### HYDE PARK.

The only business at the Hyde Park town meeting was the election of officers. Selectmen, F. M. Day, L. B. Gaskill and E. A. Darling. Assessors, William Bancroft, George O. Draper and H. W. Bracken. Road Commissioner, George O. Draper. The vote against license was 772 to 599.

### DEDEAM.

The shire town has again changed its mind and will try and be temperate in 1896. The vote was—Yes, 588; No, 641. The new board of selectmen are David Neal, J. E. Smith, C. H. Ellis, G. W. Weatherbee and L. A. Newcomb.

### CANTON.

As far as known Canton will be the only license town in Norfolk county, the vote being 420 to 409. The Selectmen elected are—Fred B. Drake, Francis Dunbar and William Reynolds.

### Other Towns.

Forboro's license vote was—Yes, 139; No, 288.

Franklin is strong no-license, the vote being—Yes, 187; No, 418.

Medway's appropriations amounted to \$26,725. The license vote was—Yes, 228; No, 240.

Scituate went no license.

Norwood—Yes, 273; No, 498.

Plymouth appropriated \$14,000 for roads and bridges, and \$1,500 for sidewalks.

Marshfield elected as selectmen, A. T. Sprague, N. Taylor and J. Ewell. No license prevailed. The appropriations amounted to \$10,300.

### Printers' Troubles.

In the United States circuit court Monday a bill of complaint was filed by the C. A. Pinkham Publishing Company against Charles G. Wilkins, district organizer of the International Typographical Union, et al, publishers of the New England Printer a Typographical Union paper. The complaint alleges that in various issues of the New England Printer articles have appeared stating that the Pinkham Publishing Company was not a union office.

## Liver Ills

Like biliousness, dyspepsia, headache, constipation, sour stomach, indigestion are promptly cured by Hood's Pills. They do their work easily and thoroughly.

Best after dinner pills. 25 cents. All druggists. Prepared by C. I. Hood & Co., Lowell, Mass. The only Pill to take with Hood's Sarsaparilla.

## NEW DEPOT WANTED.

**The Pretty Village of Atlantic Needs Better Accommodations.**

Editors of the Quincy Daily Ledger: I notice by the press of recent date that the officials of the N. Y., N. H. & H. R. R. have promised to the people of Rockland a new depot in the near future.

Should Rockland have a new depot before Atlantic has one? I think not, decidedly not, Rockland is situated on a branch, whereas Atlantic is on the main line and is the terminal point of a number of trains from Boston. As Atlantic is the beginning of the Granite branch, many people change cars here and wait for a main line train to continue to their destination, sometimes being compelled to wait a considerable length of time in such a building as is now used as a depot.

The sanitary arrangements of the present building are very poor, the building is a low, dingy appearing one, badly settled and presenting a very unpleasant approach to such an attractive and rapidly growing place as Atlantic.

Again, the building is very ancient, being originally bought by the citizens of Atlantic and given to the Old Colony Railroad Co., the only expense the railroad going to, was that of moving the building to its present location and remodeling same from a dwelling into a depot.

It is so situated between two such modern, capacious and handsome depots as Neponset and Norfolk Downs, that the disgraceful appearance of our depot is made more vivid.

The proper location for a new depot of modern architecture I think is on the present site of the interlocking signal tower, at the fork of the main line and Granite Branch tracks, then it would be possible to have the signal tower built on one corner of the building similar to the Harrison Square depot. As the Hancock street bridge over the company's tracks is soon to be widened it might be advantageous to the railroad to make changes and give Atlantic a decent appearing depot at that time.

Atlantic has so increased in population that at the early morning trains the present depot will not accommodate those waiting for the trains. It is a fact that at the time of arrival of the 6:21 A. M. inward train daily that the men's waiting room will not hold one half of those waiting, the ladies' room also at that time is filled with men, while scores of them are awaiting the train on the platform. It is certainly very unpleasant to stand like "sardines in a box" waiting for the train especially on a stormy day when everybody crowds into the two diminutive rooms, making the air very poor, the building being so low situated.

The ticket office and also the baggage rooms are very much too small to accommodate the business which is placed upon them.

Although, knowing from personal observation that the Rockland depot is a miserable building, I think that the Atlantic depot is fully as miserable, and is passed daily by a great many more trains and people; also is situated in a far more conspicuous place, about in the middle of the main line, passed as it is by all the trains on the "Old Colony" division with the exception of a very few which go over the Shawmut branch from Harrison Square station.

I should be pleased to see a strong movement started in Atlantic at once, agitating a new, modern depot, persisting until recognized by the railroad company, as with the present traffic to and from Boston the patrons of the road are in the least, rightfully entitled to a pleasant and healthy building in which to await trains. This is no new movement, the matter being in the past brought before the public many times, but at this time, during the prosperity of the railroad they can well afford to give us what was once a luxury but now has grown to a necessity, it being that they have expended in the past many years so trivial a sum for the comfort of their patrons at the Atlantic depot.

WALTER P. HILL.

Atlantic, Mar. 2, 1896.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by using Hood's Sarsaparilla. Deafness is caused by an accumulation of mucus in the ear, and this mucus is caused by an impure blood. Hood's Sarsaparilla purifies the blood, and cures deafness. It is a powerful purifier, and cures all kinds of blood diseases. It is sold by all druggists.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can be cured by Hood's Sarsaparilla. Send to Greenleaf, free.

P. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc.

**Cemetery Board Organizes.**

The Board of Managers of Public Burial places met Monday evening and completed its organization by electing Elijah G. Hall secretary, without any opposition.

The board also re-elected James Nicol superintendent of Mt. Wollaston cemetery. Joseph Vogel, Elijah G. Hall and Fred F. Green were appointed a sub committee for Mt. Wollaston cemetery.

Sharon seemed to be the banner A. P. A. town, electing 24 out of 27 officers.

Taylor's Anti-Headache Powders are just as harmless as water. Yet, look how powerful water is in putting out fire. Our powders cure Headache and Neuralgia in the same manner exactly. It is safe to say that these powders will cure all cases, because they never failed yet. Why not buy Taylor's and be sure about it? Get them of Leonard J. Pastor, Ph. G., 27 School street.

**BORN.**

TINNEY.—In Quincy, March 3, a son to Mr. and Mrs. Frank Tinney of 22 Cope-

land street.

## The Relation of Parents.

The Rev. Edward A. Horton a d d r v. Thos. Van Ness of Boston spoke before a goodly sized audience in the chapel of the Wollaston Unitarian church, on Monday evening, upon "The relation of parents to the Sunday School." The subject was very ably treated by the speakers, both from an ethical and a practical point of view. Delegations were present from Quincy and Neponset. Miss Arnold was unable to be present and speak. A light lunch was served after the speaking. Coffee was poured by Miss Taylor and chocolate by Miss Foster.

## MuscleOil

is the greatest remedy of the age for Rheumatism, Lamé backs, Painful swellings, stiff joints and kindred ailments.

Used by the great Athletes of the country.

At all Druggists 25¢ and 50¢ a bottle.

JOHN H. DINEGAN, Auctioneer.

## Guardian's Sale.

PURSUANT to a license granted me on the 26th day of February, 1896, by the Probate Court for the County of Norfolk, holden at Hyde Park, I shall sell at public auction to the highest bidder, on SATURDAY, the 28th day of March, 1896, on the premises at 10:30 o'clock in the forenoon, all the right, title and interest which Harry T. Rodman and Henry J. Rodman have in and to the following described premises, to wit: A lot of land with the buildings thereon, situated in said Quincy and containing about one acre, bounded westerly on Wilbur street, northerly on land now or late of Samuel Babcock; then westerly again on land of said Babcock, then northerly on land now or late of Jeremiah M. Thayer; then easterly on the lower dividing the premises from land of Samuel Babcock; then southerly on what was land of Jesse Buntin, but which is now supposed to be the land taken by the Town of Quincy for Robertson street. Being the same premises conveyed to James Graham by Edmund J. Baker, by deed dated Nov. 6, 1876, and recorded with Norfolk Deeds, libro 259, folio 229.

ALBERT T. RODMAN, Guardian of Harry T. Rodman and Henry J. Rodman.

## ANXIOUS FOR REVENGE

Spaniards Still Boiling Over Because of Our Attitude.

Germany and Austria Are Now Stirred Up

Over Indications of United States Entering Into World's Politics.

MADRID, March 3.—The greatest activity is being displayed in the government dock yards and every preparation possible is being made by the naval and military forces for the most serious eventualities.

The cable dispatches which are being received here from the United States are increasing the feeling of indignation which was aroused among the masses when it became known that the United States senate favored the recognition of the Cuban insurgents as belligerents, and the newspapers here confirm the report that a Spanish naval squadron, consisting of four cruisers and a dispatch boat, are to be sent to Cuba without delay. In addition, Spanish naval officers and marines are to be attached to the Spanish mailboats, which are to be armed and equipped as auxiliary cruisers.

The impartial declares that the utterances of the United States senate consist in an "unqualified and unreasoning provocation," adding: "If the desire for war was in response to a fault committed by Spain, the senators would be accomplishing their duty. But no provocation has been given to the United States, and the Americans judge rashly of the results of a Spanish-American war. The distasteful language of the senate ought not to surprise anyone. United States senators are accustomed to exchange gross insults without crossing swords or exchanging blows. These are the cowards who are seeking war, and one awaits death with more coolness with a conscience than with pockets filled with dollars. In conclusion, The Impartial counsels the Spaniards to reserve their strength and energies for an opportune moment."

El Liberal says it is impossible to compare the recognition of the secessionists with the Cubans, and in explaining this assertion, remarks: "Then America warmly congratulated Spain as a noble and honest friend. Can we do the same to the senate and President Cleveland?"

A number of Italian shipowners have offered, in the event of war, to provide Spain with steamships to be used as privateers.

A number of students assembled in front of the university yesterday, with the intention of making a demonstration against the United States, as a result of the senate's action in regard to Cuba, and the intention was to mob the United States legation. But the authorities got wind of the affair and a strong force of police were turned out, all the streets leading to the legation were blocked, and the students were warned that rioting would be severely punished.

Madrid is now quiet, the prompt measures taken by the authorities to suppress all disorders and prevent demonstrations and the large forces of police present everywhere having proved to the people that lawless acts would not be tolerated. The large Sunday crowds of idlers were not factors in the situation yesterday, and most of the people have gone about their usual week-day avocations.

The abortive attempt of disorderly students to make a demonstration before the United States legation has been the only overt act, though the excitement of the public mind over the Cuban question still runs high.

Yesterday was not so quiet elsewhere in Spain, and attempts at noisy demonstrations of protest against the United States are reported from several points.

Barcelona has maintained the reputation it made for fomenting unfriendly demonstrations against the United States, and the mounted gens d'armes have been kept busy patrolling the city and dispersing gatherings of persons plotting to wreak their wrath upon the representatives of the United States government in this city.

Renewed attempts were made by crowds yesterday to do violence to the United States consulate. They were repeatedly charged by the police and dispersed, only to form in some other place with a persistent determination to do their will upon the consulate. Such tenacity of purpose indicates that mischief makers are at work in the crowd to make them follow up their hostile course against the consulate.

The press is changing its attitude of conciliation, and the Liberal papers advocate an understanding with the European powers to protect their colonial interests against the United States.

The authorities continue to take extraordinary precautions around the American legation. The governors of several of the provinces, replying to orders to suppress demonstrations, have telegraphed to the government that, in face of the excitement among all classes, it is inadvisable to stop them.

STAND AMAZED.

Germany and Austria Do Not Understand Our New Moves.

[Copyrighted, 1896.]

BERLIN, March 3.—The intentions of the American government toward the rebellion in Cuba, as indicated by the action of the United States senate, awaken profound interest and widespread discussion here, not only in the press and official circles, but in all classes of society. The questions involved are not regarded by any means as being confined in their effects to Spain and the United States.

The Cuban resolution is coupled with President Cleveland's Venezuelan message in the public mind, and there seems to be a deep-seated conviction in the European mind that these incidents mark a determination on the part of the United States government to depart from its time-honored course of non-intervention in European affairs.

The American action on the Cuban question is, therefore, regarded as an event of importance to the European world. As to the opinion held of it here, it must be said that Germany and Austria stand amazed, and neither statesmen nor the public know how to regard what they consider as recent frequent evidences that the United States has formed a new determination to take an active part hereafter in the world's politics.

More or less speculation is given also, to the manner in which the United States expects to reap profit by intervention in Cuba, and much of the argument on the question proceeds on the presumption that it is sought to take Cuba from Spain for the purpose of adding it to the United States.

## PAIN-KILLER

THE GREAT Family Medicine of the Age.

Taken Internally, It Cures Diarrhoea, Cramp, and Pain in the Stomach, Sore Throat, Sudden Colds, Coughs, &c., &c.

Used Externally, It Cures Cuts, Bruises, Burns, Scalds, Sprains, Toothache, Pain in the Face, Neuralgia, Rheumatism, Frosted Feet.

Our article over attained to such unbounded popularity—*Quincy Herald*.  
An article of great merit and value—*Quincy Herald*.  
We can bear testimony to the efficacy of the Pain-Killer. We have seen its magic effects in soothing the severest pain, and know it to be a good article—*Conscientious Dispenser*.  
A speedy cure for pain—no family should be without it—*Western Transcript*.  
Nothing has yet surpassed the Pain-Killer, which is the most valuable family medicine now in use—*Free Press*.  
It has real merit; as a means of removing pain, no medicine has acquired a reputation equal to *Pain-Killer*.  
Beware of imitations, buy only the genuine made by *PERRY DAVIS*. Sold everywhere, large bottles, 50 and 100.

States. It is generally admitted that a belligerent force would be no match for the United States in the event of hostilities arising out of the dispute.

When it comes to the merits of the case on which the United States bases its action, the opinion holds that Spain's treatment of Cuba has been and is brutal, such as awakens a feeling of reprobation. But, looking further to the legal aspect of the case, it is considered that Spain is still within her rights, which are secured to her by international law in quelling the rebellion in any way possible.

It is not believed in Berlin that Spain will brook any interference with her course in Cuba—such as is contemplated by the concurrent resolution of the senate—and the opinion is generally held by well-informed politicians in the reichstag, and in government circles, that the Spanish government will find an ally against the United States in Europe should she find herself compelled to fight against the United States.

The imbroiglio has been the subject of interested discussion in the lobbies of the reichstag, and one hears widely differing views of it expressed.

For example, Herr Richter, the distinguished Radical leader, said: "The United States has undoubtedly become a new and hitherto unconsidered factor in international politics. As to the Cuban question, Spain would be better off to be rid of Cuba from the financial point of view, as the island costs her more than it yields. But she would not agree to give it up, for to do so means for her the abdication of all pretension as a great power in Europe."

There is great reserve displayed in government circles in expressing any opinion on the subject, as was to be expected, and the portion of the press which has official connections has been silent.

At the foreign office it was said that grave fears were entertained there that serious international complications would be the outcome of the attitude of the United States toward Cuba. It may be said in a general way that everywhere astonishment was expressed at the turn taken by the American policy.

For a Larger Navy.

WASHINGTON, March 3.—The bill passed by the senate yesterday for the increase of the navy has attracted considerable attention. In explaining the measure, Mr. Hale, who reported it from the naval committee, said that while he did not believe the United States would be involved in war as a result of the present troubles, yet he considered it desirable to give the president authority in case of emergency to call out the naval militia and charter private ships for naval transports. The bill as passed authorizes the addition of 1000 enlisted men to the navy, the enlisting for not more than two years of the naval militia forces in case of emergency. The bill passed under the five-minute rule, and by unanimous vote.

An Appeal For Protest.

DETRUIT, March 3.—E. H. Sellers, president of the National Council of Patriotic Associations of the United States, has issued an address protesting against the receiving by the government of the statue of Ben Marquette, which has been unveiled in the national Capitol, and appealed to all members of patriotic order to seek to influence their representatives in congress to vote against the acceptance of the statue.

Victory For Mrs. Stanford.

WASHINGTON, March 3.—Justice Harlan in the United States supreme court yesterday announced the decision of the court in the case of the United States vs. Jane L. Stanford, executrix of the late Senator Stanford in favor of the executrix. This means that Stanford university will not be closed. Had the suit been decreed otherwise, Mrs. Stanford could not furnish bonds to run the institution.

Weyler Wants to Quit.

HABANA, March 3.—A startling rumor that Captain General Weyler had resigned swept like wildfire throughout Habana yesterday, originating from an apparently reliable source. It was, however, promptly denied at the palace. When Martinez Campos retired his reported resignation was also denied in Habana in official circles up to the last hour. Captain General Weyler has been in command hardly a month.

Surprise For Frisco.

SAN FRANCISCO, March 3.—There was a fall snow in this city yesterday for the first time in 10 years. The fall was quite heavy while it lasted, but the snow melted as fast as it fell, and at the end of 10 minutes turned to a cold rain.

The Old, Old Story.

CONSTANTINOPLE, March 3.—The massacre of 13 Armenian families is reported from the district of Moosh, and five Armenians are said to have been killed in Kirsehir, in the Ankara district.

McCoy Knocked Ryan Out.

MASSETT, L. I., March 3.—The boxing contest between Tommy Ryan and "Kid" McCoy last night resulted in a victory for McCoy, who knocked Ryan out in the 15th round.

NEWS IN A NUTSHELL.

Russia has warned Japan that interference in Korea means war.

The appointment of a receiver will help the Baltimore and Ohio Railroad company.

The German government has not abandoned all hope of securing an enlargement of the navy.

The London Chronicle says that it is virtually certain that President Kruger of the Transvaal will visit England.

The result of the Vienna municipal election in the second division has been the return of 32 anti-Semites and 14 Liberals.

President Kruger will attempt to secure the abrogation of the convention of 1884 between the South African republic and Great Britain.

Fred A. Plasted has signed articles to row Ten Eyck and A. Ades from New York to Albany, in any sort of a boat, for a purse of \$300, the race to come off on June 24.

The trial of Engineer Schoron, Lieutenant Puffer and a newspaper man named Ringbauer, charged with betraying military secrets, opened at Leipzig with closed doors.

The London Daily News says that the Baltimore and Ohio receivership causes a check to the buying of American securities abroad, and will thus accelerate the shipment of gold from New York.

Highest of all in Learning Power.—Latest U.S. Gov't Report

## Royal Baking Powder

ABSOLUTELY PURE

In Connecticut.

HARTFORD, March 3.—The Connecticut river is slowly rising. Traffic on the New England railroad is badly crippled, owing to the weakening of the trestle work on the East Hartford meadows near the bridge. No trains have crossed the river since early yesterday afternoon.

A Favored Locality.

BANGOR, Me., March 3.—As yet no serious disaster is reported in the Penobscot district. One span of the Maine Central iron bridge across the Kenduskeag stream was moved 15 inches out of position. All trains west of here are cancelled, but those east are running.

—The 15th annual spring re-union and banquet of the Suburban Press Association of New England, will be held on Monday, March 30, at the Quincy house, Boston.

—If one-half the time wasted in exploiting idiotic fads was devoted to some useful purpose—sawing wood, if nothing better offered—many people would be much better off, mentally, physically and financially.—*Pastbucket Chronicle*

BADGER BROS., West Quincy. Mass.

SWITHIN BROS.,

Real Estate

Having opened a Real Estate office in Durgin & Merrill's Block, we are prepared to show plans and give prices on some of the finest house lots offered for sale in this city in recent years. These lots are embraced in the following tracts of land:

PRESIDENT'S HILL.

This land was formerly the country residence of C. F. Adams. It overlooks the ocean, and the view both seaward and inland is unsurpassed in this vicinity. The grounds are covered with rare and costly shade trees, a very desirable feature of a lot, and the farthest portion of the property is within four minutes' walk of both electric and steam cars. Persons wishing a fine lot in a first-class locality will do well to inspect this property before purchasing.

CRANCE HILL,

Probably better known as Adams' Field, is situated in the heart of the city. The land is high and dry, and the streets through the property are wide and straight. The lots are good size, the prices moderate and terms very reasonable. No better lots for a man of moderate means have ever been offered in this city.

WEST QUINCY.

Land formerly known as the Dell estate on Willard street, borders on Blue Hills reservation; is handy to works, and is less than five minutes' walk to electric cars, West Quincy depot and schools. This property comprises about 80 lots.

HILLSIDE TERRACE.

On Grove street, near quarries and sheds; good lots, low prices; small amount down and small monthly payments. This property comprises about 70 lots.

Also a few lots off Bates avenue.

WOLLASTON.

A few desirable lots in Wollaston, on Hancock street, opposite entrance to Merry Mount Park.

Will be on land at President's Hill every afternoon from 2 to 4. Parties desiring lots or any information on the above properties, please call at Room 12 Durgin & Merrill's Block.

Quincy, Dec. 31—1f

# QUINCY DAILY LEDGER

VOL. 8. NO. 54.

QUINCY, MASS., WEDNESDAY, MARCH 4, 1896.

PRICE 2 CENTS.

## Bicycles!

To the lovers of bicycling, the most delightful and exhilarating sport in the world today, we send our greeting, and to those who contemplate the purchase of a '96 wheel with which to enjoy the advantages and pleasure afforded by this dignified, refined and accomplished pastime, we have much for your consideration.

It has been our aim from the start to handle only the very best wheels that Yankee wisdom could invent—wheels that combine strength, lightness, elegance of finish, and best of all, wheels that require no exertion to ride. Our success in the past, and the comfort afforded all riders of wheels from this reliable agency, bespeak itself.

We desire only to add that our splendid assortment of '96 models is ready for your inspection, prices, \$50.00 to \$1.00, and we believe it will be for your benefit to place your order for your '96 mount with an agency trustworthy and reliable. Easy payments for all who wish.

**HENRY L. KLYCIDE & CO.,**  
Hancock Street, Quincy.

## Stock Taking Completed,

And all our odd lots of goods must be sold to make room for new lines. Call and examine. A look will convince you of the bargains we are offering.

## D. E. Wadsworth & Co.

HANCOCK STREET, QUINCY.

## We are at the Old Stand,

And sell goods lower than ever, and the Quality is the same as usual (THE BEST).

## Poultry and Sweet Potatoes.

## We Have a Full Stock of GROCERIES and FRUIT.

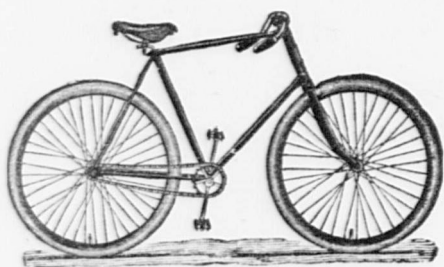

## ROGERS BROS.,

ADAMS BUILDING, QUINCY.

## City Bicycle Agency,

166 HANCOCK ST., QUINCY.

OPEN EVENINGS.

STERLING, (Built like a Watch) \$100, \$125.

RELAY, \$65, \$75, \$85 and \$100.

Cash or Installments.

If you are thinking of purchasing a Bicycle, we invite you to inspect our wheels and get our terms. Second-hand wheels bought and sold.

Place your order early that you may be sure of prompt delivery.

A Catalogue on Application.

## RAILROADS FIXING UP.

Communication With Northern Towns Only Just Being Restored.

## Vacations For Thousands of Mill Operatives.

Subsiding Waters Reveal a Tremendous Amount of Damage.

BOSTON, March 4.—Until last evening Boston has been without connection by train from points beyond Manchester, N. H., on the southern division, and Portland, Me., on the shore division, because of the flood. Maine's loss reaches millions. Many towns in New England are now receiving Sunday mail.

A dispatch from Manchester, N. H., says nearly 7000 operatives of the Amoskeag mills will be out of work for the next two months, as a result of the recent flood. After a careful consideration of affairs, Agent Straw gave out the following notice:

"The carrying away of the steam pipe bridges of this company will render it impossible to run the mills until at least one of the structures can be in some way replaced. How soon this can be done it is impossible to say, so much depends on the weather, the height of the water in the river and the time it takes to procure the pipe and other necessary connections.

"According to the best judgment of the managers, we can probably start the Jefferson mill and theingham mill in about a month, and the remainder of the concern in two months. We shall be glad to publish more definite information as soon as we can possibly do so."

### Haverhill Feels Further Trouble.

Haverhill, Mass., March 4.—The water of the Merrimack and Little rivers has begun to recede, but almost imperceptibly. The cold is very severe, and ice has formed on the overflowed district outside the main current. Yesterday was an enforced holiday, as only one power plant could run. The flooding of the pressroom of a local paper necessitated the telegraphing of the entire copy of the day's edition to Boston, where the paper was issued, sent up by rail and distributed throughout the city in advance of the usual time at which the paper is ordinarily published. The entire contents of the city greenhouses have been destroyed by water and the cold. The occupants of Brickett block, a six-story structure, have been ordered out, as it is feared water has undermined the foundations. By many it is feared that a large portion of Washington square, which is built on an arch over Little river, will cave in. Several small cave-ins have occurred, and the sidewalks have settled in many places. The water reached its highest point for 34 years. The loss is estimated at \$40,000.

### Along the Saco.

SACO, Me., March 4.—The Saco river is rapidly receding, the cold snap having dropped it 32 inches in 18 hours. The big tavern at Salmon Falls is afloat. Just below the village the jam of ice, trees and wreckage is piled up 20 feet, making the water back up 26 feet above normal. At Bar Mills, Thomas H. Perry's grist mill was carried away, and when the building reached Salmon Falls it struck the new iron bridge and carried that structure down stream. This bridge was substituted for one carried away in last spring's freshet, and had just been completed. The York cotton mills and Saco power machine shops, employing 4000 hands, closed since Monday, will start up tomorrow.

### Took All in Sight.

PORTLAND, Me., March 4.—The Presumpscot river, although it has fallen, is still a raging torrent, but no further damage is expected from it, as it has carried away all in sight. This is true of other rivers in this vicinity, and they are expected to assume their normal size by tomorrow. At Mechanics' Falls four bridges that spanned the river are gone. Thousands of dollars' worth of damage has been done in this place alone, and people are navigating the streets in boats. Millions of feet of logs have gone to sea, and captains of arriving vessels report that they are a serious menace to navigation.

### Seven Bridges Gone.

LIVERMORE FALLS, Me., March 4.—At Bretton's mills, three dams, a grist mill and two bridges are gone. The North Turner saw, carding and grist mill dam was swept away. Turner village saw and grist mills and the large carriage factory were destroyed. The East Livermore mills' dam was washed out, and Canton village was partly flooded, owing to a big dam of ice. Every bridge on the river—seven in number—was swept away.

### Vacation at Nashua.

NASHUA, N. H., March 4.—This city was in darkness again last night, because of inability of the electric light company to furnish lights. The danger from the Merrimack and Nashua rivers is passed, as the water is steadily going down. Four thousand operatives are out of work, and the electric cars are still stalled. The 23ft. 6in. of back water is the highest reached in 90 years.

### Embargo Raised at Portsmouth.

PORTSMOUTH, N. H., March 4.—The train arriving from Wolfboro at 4:30 yesterday afternoon was the first since Saturday, and the Canadian Pacific express, passing through 10 minutes later, via Lakeport and Dover, was the first train from that section since the flood. The Boston and Maine road will have trains running today.

### Union Loses \$30,000.

ROCKLAND, Me., March 4.—Information from Union indicates that all the bridges there have been swept away, causing a loss of \$30,000. This city narrowly es-

caped a repetition of the famous time here of 1891. Many coal and wood kilns were washed away.

### Mail Cut Off.

BELFAST, Me., March 4.—The storm was the most damaging ever known here. Seven bridges were carried away and many wharves submerged. There has been no mail since Saturday.

### ON BEACON HILL.

Tribute to Ex-Governor Robinson—Against Shoulder-Hitting—Retaliatory Insurance.

BOSTON, March 4.—The legislature adopted resolutions of condolence on the death of ex-Governor Robinson and of eulogy on his services in public life and his uprightness as a citizen in private life.

Among the reports submitted to the legislature the most important was one giving the Old Colony Railroad company permission to take land on Federal and Kneeland streets, Boston, for additional terminal facilities, to discontinue and occupy streets, and to issue \$1,000,000 in stock to pay for the same. This is the South Union station bill.

The house received a remonstrance against the erection in the state house yard of the statue of the late Benjamin F. Butler, signed by more than 50 persons of considerable prominence. The special reason is not given.

Committee's reports were received denying the petition of the Boston Emergency hospital for a state appropriation of \$50,000, and in favor of a bill to prohibit employers' liability insurance in the commonwealth.

The committee on judiciary reported a bill which provides that "whoever engages in, or gives, or promotes, a public boxing match or sparring exhibition, or engages in a private boxing match or sparring exhibition, for which the contestants have received or have been promised any pecuniary reward, remuneration or consideration whatsoever, either directly or indirectly, shall be fined not exceeding \$200, or imprisoned in the house of correction not exceeding three months, or both."

The committee on insurance reported leave to withdraw on the petition for legislation authorizing the insurance commissioner to suspend certain foreign corporations from doing business in this state when our companies have been discriminated against by the states in which said foreign corporations belong.

### Welcomed to New England.

BOSTON, March 4.—A royal welcome, emphasized with cheering and the waving of handkerchiefs, awaited Commissioner Eva Booth and her escorts last night from Salvationists and their friends from every section of New England, who filled Music hall. The exercises were given with a view of showing the loyalty of the New England section to Commissioner Eva and her superior officers of the army. The difficulties between Ballington Booth and the international officers were referred to by Miss Booth, who asked for the prayers of the army in the dark hour of its trouble.

### Who Shot Isaacson?

WINCHESTER, Mass., March 4.—Isaac Isaacson, the Finlander who was shot Monday night, is reported as comfortable with a chance for recovery. The police think that he could tell who his assailants were if he chose to do so. The holes in Isaacson's coat, which he claims were made by the bullets, do not appear to have been caused in that manner, and there are other suspicious circumstances connected with the case.

### Under \$20,000 Bond.

BOSTON, March 4.—Merritt H. Day was arrested at his office here yesterday, charged with obtaining \$14,000 by false pretenses from Joseph Megru and Joseph Rhodes of Cincinnati July 1, 1892. He was released on a \$20,000 bond, said to have been furnished by a Boston bank president. The case grew out of a matter between a ranch company and a bank in Cincinnati, and had been in litigation for three years.

### Two Women Fatally Assaulted.

BANGOR, Me., March 4.—Two miles from Oldtown, Luther Antoine, aged 28, yesterday assaulted Grace D. and Jennie M. Irving, leaving them for dead; then he hunted and found a revolver and blew out his own brains. The women will both die. The Misses Irving are aged about 70 and 62 years, and have lived for years upon the farm. Antoine was taken when a boy of 18 and given a home by the sisters.

### Charge May Be Murder.

PROVIDENCE, March 4.—On application by Coroner Lincoln, who yesterday conducted the inquest in the case of Kate Foony, who died suddenly in a physician's office, Dr. F. E. Hale was arrested last night. He waived examination before Judge Sweetland, and bail was fixed at \$15,000. It is understood that his arraignment will be to a charge of murder.

### Bad Fire at Danbury.

DANBURY, Conn., March 4.—A fierce fire in the center of the city yesterday devoured property worth \$150,000. Captain Hoyt and Frank Eastwood, a hose man, were badly injured, and Mrs. Sadie Carpenter was internally hurt. Fifteen buildings, all but one of wood, were burned to the ground.

### Suits Piling Up.

FALL RIVER, Mass., March 4.—Additional suits for damages against Ephraim B. Wood, owner of the Casino, for injuries sustained in the accident at the polo game last Friday night, have been brought by Daniel O'Hara, Alfred Lyne, James S. Lyne and Joseph Ainley, all of whom were badly hurt.

### Jury Awarded \$50,000.

ST. LOUIS, March 4.—A jury brought in a verdict in favor of ex-Congressman John M. Glover and against the American Casualty Insurance company of Baltimore for \$50,000, the full amount asked for. This is the outcome of Mr. Glover's suit against the above company for printing his name in a list of alleged embezzlers and defaulters in positions of trust.

### Sympathy For Armenians.

LONDON, March 4.—Samuel Smith offered a resolution of sympathy with the Armenians in the house of commons yesterday, saying that he trusted Great Britain would continue her efforts in their behalf. Mr. Smith also denounced Turkey, and many members spoke on the resolutions, and they were finally carried without division.

## NEW ENGLAND'S STAND

Proves to Have Been the Right One on Cuban Resolutions.

Objections to Undue Haste Now Applauded.

Cleveland Thinks Interference Just Now Would Be Indiscreet.

WASHINGTON, March 4.—Washington is cooling off from the Cuban excitement, and calmer counsels are finding expression. The 4½ minutes of speeches allowed to New Englanders, three to Boutelle, one minute to McCall and 30 seconds to Moody, with the vote that followed, is attracting great attention and is a subject of much congratulation.

Scores of representatives have applauded in private conversation the stand taken by the New Englanders, and have expressed regrets that the jingoistic temper of their constituents prevented their following what was bound to be an unpopular and misunderstood course. It is generally felt that it would have been much better for the executive to have issued a mildly drawn proclamation of belligerency and neutrality for congress to have let the matter rest with its constitutional guardians.

Of the nine Republicans who voted against the Cuban resolutions, six were from Massachusetts, and all but one, Walker (Va.), from New England. The objection raised by the Massachusetts men was to the hasty and ill-considered way in which the resolutions were passed, rather than to the resolutions themselves. That two-thirds of the house arose to second the call for the yeas and nays vote when but 17 questioned the will of the great majority is convincing proof of an overwhelming desire on the part of the members of congress to go into The Record as favoring the resolution.

No Massachusetts member is recorded in the affirmative, all not voting the negative being absent at rollcall, and this in spite of the fact that at least two of the delegation have expressed themselves in favor of adopting the house resolutions and all have declared their sympathy for the Cuban cause.

Chairman Walker obtained unanimous consent to be entered on The Record with his Massachusetts colleagues as deprecating haste. He goes a step further than some of them, and opposes at this juncture any recognition of belligerency. Mr. Morse, formerly against recognition, has changed his mind, and were he in the city would have voted for the resolutions.

### The President's Attitude.

The administration stands with the minority in congress in opposition to the Cuban resolutions. The president very much deprecates the action which has been taken by the senate and the house of representatives, and if the resolutions should be joint in their character, as was at one time contemplated, they would be vetoed.

It is some relief to the administration that the house abandoned the plan of some of the Republican leaders for passing a joint resolution. It cannot be said with certainty just what form the measure will finally take, but it is now certain that it will be concurrent, and the president will thus be left to act under it or not, as he sees fit.

As concurrent resolutions, they are merely an expression of the opinion of congress, and the president has no sympathy with what he believes to be premature interference in the Cuban affair. He is just as much opposed to recognizing the belligerency of the insurgents today as he was three months ago.

Mr. Cleveland is opposed to the recognition of the insurgents as belligerents for the reason that he does not believe they have got much heavier toward the establishment of a de facto government and complying with the requisite conditions as would properly entitle them to recognition. The president is also opposed to such action for the reason that he does not see what the Cubans are to gain by it.

The United States would be required to maintain a position of neutrality just as strict, or even stricter, than under the present conditions, and this would operate against the Cubans, who would desire to obtain arms and munitions of war in this country; while Spain, not depending upon the United States in any way, would not be interfered with.

The president is in full sympathy with those features of each set of resolutions recommending the use of the good offices of the United States to bring about a termination of the war, and at the proper time he will offer to use his good offices for that purpose.

### Again Down to Business.

The senate gave most of yesterday to the agricultural appropriation bill, and passed that measure, carrying \$3,262,000, without material amendment. Another bill passed during the day changes the limitations of fourth-class mail matter so as to free the postal service from bulky articles heretofore sent forth by the government departments. In its corrected form, the house resolution is an amendment to that passed by the senate. As thus reported back, the subject was referred to the committee on foreign relations.

The house spent the entire day in debating the amendment to the legislative appropriation to abolish the fee system in the case of United States district attorneys and marshals. The salaries fixed by the amendment range from \$300 to \$5000. The amendment was endorsed by almost every member of the judiciary committee. It was argued the amendment would reduce the expenses of United States courts, which have doubled since 1878, at least \$600,000 for the first year, and result in stopping the pernicious padding of the business of the federal courts.

THE INCREASE in the estimates for the school department seems only in keeping with the growth of the city and large increase in number of school children. It is principally for salaries and fuel.

WE CANNOT blame anyone in Atlantic for wanting a new depot, and in view of the fact that the present depot was a gift to the railroad they have a right to press their demand for something better. It will not be located probably in the fork of the main line and the Granite branch as suggested by our correspondent, as it is the policy to erect depots on the inward side. The new depot will probably come soon after the four tracks are put in and the street bridge widened.

SEVENTY-FIVE thousand dollars seems a large estimate for the regrading of Hancock street as contemplated in the petition. It is a movement to improve the abutting estates and the land damages should therefore be slight. Something more than a regrading is wanted and it is unfortunate that the petition and order for hearing does not include relocating. Then betterments could be assessed and a good thorough improvement made. Perhaps the large estimate given is made by someone opposed to the change.

THE POISONING cases at Wollaston deserve more than passing notice. For upwards of a year a man has been placing bones poisoned with arsenic where dogs and cats will eat them. During this period this man, who lives in a thickly settled part of Wollaston, has killed something like nine valuable dogs and numberless cats, seven of the latter being picked up on last Wednesday morning in the vicinity of his premises. It seems strange that Wollaston people with all their cleverness cannot get evidence enough to drive this man out of town or send him to jail.

**Accident to Ex-Councilman.**

Ex-Councilman Charles R. Sherman had a narrow escape from a serious accident at the Wollaston depot this morning. He attempted to board a train while it was in motion and was thrown violently against the brake handle, the force being sufficient to render him unconscious. He was taken into the depot and restoratives applied. Fortunately he was not seriously injured.

## WATER DEPARTMENT.

Receipts in 1895 for Water Amounted to \$45,480.67.

The Cost of Maintenance in 1896 Estimated at \$15,500.

The Average Daily Consumption in 1895 was 904,152 Gallons.

The Water Commissioners made their annual report to the City Council this week, and it contains much of interest to taxpayers and citizens. It will be seen from the figures that the income will more than meet the maintenance and interest, but that an appropriation is still required for the annual payments of debt.

During the year six miles of pipe have been laid and 54 hydrants set.

The unexpended balance on hand Jan. 1, 1895, for maintenance was \$1,322.03; amount appropriated, \$45,000; balance on hand Dec. 31, 1895, \$14,075.03.

With this amount 306 new services were added, water mains were extended to Houghs Neck, also through West, Willard, Charles, and Robertson streets, Highland avenue and several other minor extensions.

The total amount received from the sale of water for the year ending Dec. 31, 1895, was \$45,480.67. The estimated gross receipts for the year 1896 are \$49,500; and the amount required for maintenance, \$15,500.

The amount of water bills uncollected Jan. 1, 1895, was \$9,008.03. On Jan. 1, 1896, the most of this amount had been collected or the water turned off except in some few cases where this was impossible on account of more than one house being supplied by the same service.

The board say that they are of the opinion that it would be a saving to the city if the ordinances were amended, so that regular bills may be paid annually and meter bills quarterly, and that the use of the receipts may be applied to the extending of service pipes, also that the department should have credit for the new hydrants set each year and that premiums received from the sale of water bonds should be credited to the department.

The water in the reservoir reached its lowest point, Oct. 12, being 9.66 feet below the overflow, which was .28 feet below the lowest point in 1894.

The average daily consumption during the year was 904,152 gallons, an increase of 108,153 gallons over the average of 1894. The total consumption during the year was 330,015,439 gallons. The maximum quantity used was 1,608,482 gallons on June 24, and the minimum quantity used was 625,766 on Feb. 17.

Several conferences have been had with the Metropolitan Commissioners, and the board believe the present system can be reinforced if the consumption requires it and that the full benefit of the Metropolitan supply will be received within three years. With this assurance they feel it wise to spend any great amount of money on the present basin or pumping station.

The total length of street mains Dec. 31, 1895, was 63.01 miles; number of hydrants connected 2,590; number of hydrants, 332

**Financial Exhibit.**

Appropriation, \$14,500.

**Got Her Foot Caught.**

A singular accident happened to a lady Tuesday afternoon, at the corner of Canal and Mechanic street. At the time of the improvements in that vicinity a catch basin was constructed and the entrance was directly at the corner. After awhile it was covered with a lattice work of iron but the rods were so far apart that the lady got one foot through and was unable to extricate it without help. She was in her uncomfortable position ten or fifteen minutes. The grating was covered with snow and she did not notice it as she approached. Commissioner Knowlton was early on the scene and also visited the lady.

**Building Rumors.**

It is rumored that the Quincy Savings bank will erect a large block on the present site. While such a movement has been contemplated Treasurer Burgin says no action has been taken as yet in that direction.

Another rumor is that Jordan, Marsh & Co. are to have a large branch store in this city on the property of Mr. Webb, near the corner of Hancock and School streets.

Other blocks will be built on Hancock street, near Town Brook.

Wanted a large hall.

—In Canton 105 women voted on Monday for school committee.

## Whist and Pool Tournament.

The Quincy club of this city and the Algonquin club of Brockton have arranged to play tournaments in whist and pool beginning on Friday of this week at Brockton. March 12 they play at Quincy, March 17 at Brockton and March 23 at Quincy. The whist representatives of the local club are: Elbridge Porter, Dexter E. Wadsworth, Russell A. Sears and J. Percival Sears. At pool: Warren Edwards, Herbert Porter and H. M. Federhen, Jr.

## "A Horrible Example."

In nearly every discussion of county finances in the Legislature Norfolk County seems to come in for some hard hits. So it was Tuesday in a debate on the bill requiring registers of deeds to keep an account of fees received. Mr. Humphrey of Dedham, said he objected to having the case of the Norfolk County officials continually advanced as a horrible example of official corruption. He denied that such a state of affairs existed.

## County Estimate Hearing.

Much has been said of late in criticism of the expenditures of the Norfolk County Commissioners. The Committee on Counties of the Legislature advertise the estimates in this issue, and announce a public hearing at the State House, Boston, on Tuesday next, March 10. A breezy time is anticipated.

## Brotherhood of Andrew and Phillip.

Wednesday evening, March 4, is the time fixed for the social evening of the Brotherhood and their friends. Musical and social hour 7:30 to 8:30, to be followed by a turkey supper and a few very informal remarks. Let all those who have received invitations be on hand promptly to join in the cordial good time.

## Quincy Debating Club.

The adjourned meeting of the club will be held in the Y. M. C. A. rooms Thursday, March 5, at 7:45 P. M. The question is a very interesting one and one on which the voters of Massachusetts will have to cast the ballot at the next election: "Resolved that Massachusetts should hold her elections biennially."

## To Use Electricity.

A bill was reported in the Senate Tuesday authorizing the N. Y., N. H., & H. R. R. to abolish grade crossings on its Dedham branches and then use electricity as a motive power.

## A Million Dollar Union Depot.

The Committee on Railroads reported on Tuesday in the House a bill authorizing the Old Colony Railroad Company to take land on Kneeland and Federal streets for a new station and to issue \$1,000,000 in new stock to pay for the same.

Headache! Glasses relieve many. Consult Williams, practical optician, 126 Copeland street. Scientific test free.

## Barre City Election.

The city of Barre held an election Tuesday and John W. Gordon was elected Mayor by a large majority. The alderman are John McDonald, L. H. Thurston, G. B. Durkee, George McFarlane, B. P. Willey and C. S. Currier.

## 5 Sores

In combination, proportion and process Hood's Sarsaparilla is peculiar to itself, and unequalled in true merit. No other medicine ever possessed so much curative power, or reached such enormous sales, or made such wonderful cures, as Hood's Sarsaparilla.

It is undoubtedly the best medicine ever made to purify, vitalize and enrich the blood.

That is the secret of its success. Read this statement:

"When my son was 7 years of age, he had rheumatic fever and acute rheumatism, which settled in his left hip. He was so sick that no one thought there was any help for him. Five sores broke out on his thigh, which the doctor said were

## Scrofula

sores. We had three different doctors. Pieces of bone came out of the sores. The last doctor said the leg would have to be cut open and the bone scraped, before he could get well. Howard became so low that he would eat nothing, and one doctor said there was no chance for him.

"One day, a newspaper recommending Hood's Sarsaparilla was left at our door. We decided to try this medicine. Howard commenced taking it the last of February, after having been sick for a year and a

## Cured

half. He hadn't taken it a week before I saw that his appetite began to improve, and then he gained rapidly. I gave him five bottles, when the sores were all healed and they never broke out again. The crutches he had used for four years were laid aside, as he had no further use for them. I give all the credit to Hood's Sarsaparilla." Mrs. ADA L. MOODY, Fay Street, Lynn, Mass.

This and many similar cures prove that

## Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists, \$1. Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills cure Liver Ills; easy to take, easy to operate. 25c.

## LATEST!

## GOVERNOR VERY LOW.

Massachusetts Must Part with Her Chief Executive.

His Excellency Frederic T. Greenhalge Awaiting Death.

Family of the Dying Governor Assembled at Bedside.

BOSTON, 2:15 P. M.—It has been a day of anxiety at Lowell, for the reports from the Governor's bedside have not been assuring, and it is believed death is near at hand.

His Excellency has been unconscious all day. At 12:55 this afternoon he rallied a little but is slowly failing.

## Early Morning Dispatches.

LOWELL, Mass., March 4.—There is no change in Governor Greenhalge. He has recovered consciousness, is awake, but is very feeble from exhaustion. Drs. Nickerson and Huntress are with him. The doctors report that the governor is sleeping. There is nothing further to say now. It is the crisis, evidently.

2:30 A. M.—Everybody is up in the Greenhalge household. All the family are summoned around the bedside of the stricken sufferer, who lies unconscious on the couch, continually under opiates. It is a sad party. There seems so little hope. The action of the heart is very faint, and all are reconciled. The governor is completely exhausted.

3 A. M.—There is no change in the governor's condition since the last bulletin. No improvement in pulse or breathing; under opiates.

4 A. M.—The governor's condition is even more unfavorable than at the writing of the last bulletin. His pulse is extremely weak, and he cannot breathe without much difficulty when not under the influence of opiates.

5 A. M.—The governor's condition is even more unfavorable than at the writing of the last bulletin. His pulse is extremely weak, and he cannot breathe without much difficulty when not under the influence of opiates.

6 A. M.—The governor's condition is even more unfavorable than at the writing of the last bulletin. His pulse is extremely weak, and he cannot breathe without much difficulty when not under the influence of opiates.

7 A. M.—The governor's condition is even more unfavorable than at the writing of the last bulletin. His pulse is extremely weak, and he cannot breathe without much difficulty when not under the influence of opiates.

8 A. M.—The governor's condition is even more unfavorable than at the writing of the last bulletin. His pulse is extremely weak, and he cannot breathe without much difficulty when not under the influence of opiates.

9 A. M.—The governor's condition is even more unfavorable than at the writing of the last bulletin. His pulse is extremely weak, and he cannot breathe without much difficulty when not under the influence of opiates.

10 A. M.—The governor's condition is even more unfavorable than at the writing of the last bulletin. His pulse is extremely weak, and he cannot breathe without much difficulty when not under the influence of opiates.

11 A. M.—The governor's condition is even more unfavorable than at the writing of the last bulletin. His pulse is extremely weak, and he cannot breathe without much difficulty when not under the influence of opiates.

12 A. M.—The governor's condition is even more unfavorable than at the writing of the last bulletin. His pulse is extremely weak, and he cannot breathe without much difficulty when not under the influence of opiates.

1 P. M.—The governor's condition is even more unfavorable than at the writing of the last bulletin. His pulse is extremely weak, and he cannot breathe without much difficulty when not under the influence of opiates.

2 P. M.—The governor's condition is even more unfavorable than at the writing of the last bulletin. His pulse is extremely weak, and he cannot breathe without much difficulty when not under the influence of opiates.

3 P. M.—The governor's condition is even more unfavorable than at the writing of the last bulletin. His pulse is extremely weak, and he cannot breathe without much difficulty when not under the influence of opiates.

AYER'S PILLS for the Liver.

EDWARD J. PARKER.

Attorney and Counsellor at Law,

Wilson's Block, Rooms 1 and 2,

110 Hancock Street, Quincy.

April 27

Commonwealth of Massachusetts.

NORFOLK, ss.

TO the Honorable County Commission-

ers for the County of Norfolk.

Respectfully represents your petitioner,

The Quincy Quarry Company, a corporation

established and existing under the laws of

said Commonwealth, that by Chapter 189 of

the Acts of 1885 of the laws of said Com-

monwealth, the said Quincy Quarry Com-

pany was authorized and empowered to

locate, construct, and maintain and operate

a railroad, with one or more tracks, neces-

sary sidings and spur tracks, to be operated

by steam to transport granite and other com-

modities from a convenient point at or near

the Quincy Adams station of the Old Colony

division of the New York, New Haven &

Hartford Railroad Company to the quarries

and ledges located on the North Commons,

so called, in the city of Quincy in said

County of Norfolk. That in order to locate

and construct said railroad it is necessary to

cross over and upon certain streets and ways

in said city of Quincy, as shown by the plan

filed herewith, drawn by H. T. Whitman

and E. W. Branch, civil engineers, which

plan is made a part of this petition, to wit,

over and across Granite street by a bridge

as shown by said plan, and across and upon

Quarry street at the several points shown on

said plan.

Wherefore your petitioner prays that it

may be authorized to locate and construct

said railroad for the purposes aforesaid, over

and across said Granite street and upon and

across and at the same level with said

Quarry street as shown upon said plan.

THE QUINCY QUARRY COMPANY.

By its Attorney, W. W. JENNES.

Commonwealth of Massachusetts.

NORFOLK, ss.

At a meeting of the County Commission-

ers, begun and held at Dedham, within and

for said County of Norfolk, on the last

Wednesday of December, A. D. 1895, and

by adjournment on the twenty-fifth day of

February, A. D. 1896.

On the Petition aforesaid, ORDERED:

That the County Commissioners will meet

at the office of said city of Quincy thirty days

in Durgin & Merrill's Block, at Quincy, on

THURSDAY, March 26, 1896, at 10.30 o'clock

A. M., and thence proceed to view the route

described in said petition, and hear and act

thereon.

And that an attested copy of said petition,

with this order thereon, be served upon the

city Clerk of said city of Quincy thirty days

at least before the time appointed for said

view, and also that a like copy be published

three weeks successively in the QUINCY

DAILY LEDGER, a newspaper printed at

Quincy, the last publication to be fourteen

days at least before said view, and that like

copies be posted up in two or more public

places in said Quincy fourteen days at least

before said view, that all persons and cor-

porations interested for or against said petition

may then and there appear and be heard if

they see fit.

ERASTUS WORTHINGTON,

Clerk.

A true copy of original petition on file and

of order thereon.

Attest: E. B. WORTHINGTON,

Assistant Clerk.

Feb. 26-31 26-49

Have You Money to Waste?  
Are You Willing to Save It?

The honest pharmacist may, without flattery, be called a benefactor of humanity. He spends a number of years in the thorough mastery of his profession and is a man of broad views, liberal education, and wide experience. The honest pharmacist, although in a sense he is a merchant, does not sink his profession below the level of a trade.

It is impracticable for everyone to have an intimate knowledge of drugs and chemistry, just as it is impossible for every person to be an expert electrician or astronomer—it is all a matter of education and experience.

The honest pharmacist is not "stuck up," he does not "own the earth," and he is wise enough to know it.

You will find Leonard J. Pastor, Ph. C., at THE PHENIX PHARMACY, 27 School street, Quincy. He is always courteous and obliging. You will have no cause to regret the time and trouble; it is more than likely that you will be pleased at making the acquaintance of the model pharmacist, Leonard J. Pastor, Ph. C.

It is needless to enumerate every article that is sold at The Phenix Pharmacy; it is enough to state that the stock of Drugs, Chemicals, Patent Medicines, and Herbs is the most complete in this vicinity, while the selling price may be judged from the few prices submitted herewith:

Ayer's Sarsaparilla.....	75	Cream Emulsion of Cod Liver Oil pre-	
Ayer's Pills.....	20	scribed and used by members of the	
Ayer's Cherry Pectoral.....	80	medical profession. Contains fully	
Beecham's Pills.....	20	50 per cent. of Lofoten Cod Liver	
Carter's Pills.....	20	Oil. Per pint.....	60
Cuticura Resolvent.....	80	Johnson's Anodyne Liniment.....	25
Greene's Nerveur.....	80	Full Weight Sedlitz Powders. Per	
Boschee's German Syrup.....	62	dozen in tin box.....	25
		Lowney's Chocolates, per pound.....	50

**Atlantic Team Won.**  
The Atlantic team (D) of the Wollaston Bowling Club defeated Team A, at the Duck's Nest alleys on Tuesday evening, 2,203 to 2,166. Fratus was high on totals, 470; and Coe was high on singles, 206. The result:

Team A.			
E. S. Taylor,	159	167	123-449
Briggs,	148	139	184-471
J. F. Emery,	129	140	144-413
H. M. Fairbanks,	129	163	149-441
E. F. Taylor,	151	118	133-392
Totals,	706	729	733-2166

Team D.			
*Reed,	147	147	147-441
Coe,	122	136	206-464
Fratus,	161	162	156-479

**Notes from Quincy Point, Wollaston Atlantic, South and West Quincy.**

John W. Nash has been in Vermont on a visit.

March came in like a lion. Hope that the lamb is not far behind.

A great treat is in store for those who visit Faxon hall tonight. Rah! rah! rah! Tufts.

Mr. H. P. Farnald, No. 16 Newcomb street is confined to the house with la grippe.

T. L. Williams, the jeweller, will occupy his new store at 104 Hancock street, about March 10.

A little over three months to the Republican Presidential convention in St. Louis—June 16.

The meeting night of the St. John's C. L. and A. A. has been changed from Tuesday to Thursday.

Mrs. F. P. Loud, after a visit of three weeks at New York with her daughter, returned Tuesday night.

Quincy Council, K. of C., worked the first degree upon nine candidates at its meeting Tuesday evening.

Mrs. John A. Pratt is spending the week at Newton with her sisters, Mrs. James Tower and Miss Mary Kent.

The N. Y. N. H. & H. R. R. have had under contemplation for some time the issuing of 50-trip Boston tickets.

Republican caucuses to elect delegates to the State and Congressional conventions will be held Wednesday, March 18.

The young ladies of the West Quincy Epworth League are arranging for a grand entertainment to be given at an early date.

Those people who were awake in the vicinity of 2 o'clock this morning were frightened by several sharp flashes of lightning.

The many friends of Mrs. Sarah A. Barrell, will be pleased to know that she is improving every day, and can use her left hand quite a little.

Mrs. William Davis has returned, after a week's visit at Fair Haven and Rutland, Vt., where she was called to attend the funeral of her aunt.

Mr. George P. Keith, a former resident of Wollaston and son of City Clerk Keith, was on Monday elected a member of the board of selectmen of Hudson.

Mr. Al Williams, Jr., and Mr. S. Eph. D. Welsh of Wollaston returned on Tuesday from a three days' gunning trip to Walpole with a half a dozen fat rabbits.

William Bennett had part of the toes of one of his feet taken off at the Quincy depot Tuesday night by a barrel of beer which he was loading falling upon it.

Chief of police Hayden in his annual report will urge the necessity of a new police station a police signal system and a patrol wagon. His estimate for this department for the ensuing year is \$12,306.

The annual report of the Metropolitan Park Commission shows that \$142,261.79 has been expended upon the Blue Hills reservation. Of this amount \$87,381.55 was for land taken. The total number of claims were 189 and the total area 4,189 acres.

Maple lodge, Knights and Ladies of Honor, No. 313, are to hold a union meeting at Plummer's hall this evening. A large delegation from Somerville by special electric are expected, also delegations from other lodges. The degree team will exemplify the work upon six new candidates. A grand social and lively time is expected.

The appropriation bill of the Legislature just passed amounts to \$321,050.

—Hiram Blanchard who has been a selectman a longer number of years than Avon has been a town, was turned down at the election on Tuesday in that town. Mr. Blanchard was a selectman of Soughton when that town included Avon.

**WHEN YOUR WIFE**

Selects a store to purchase the supplies for the table, first see that the goods that the dealer has in stock are of the first quality, next ascertain if he has a full supply at all times, and lastly consult your pocket book in regard to the prices he asks.

If you live in Quincy you will find that we can fill all the requirements and give you good service besides.

TRY IT AND SEE.

**REVOLUTION IN GAS.**

**H. M. Whitney Not Surprised That Quincy Wants a Municipal Plant.**

Before the committee on manufactures of the Legislature on Tuesday Henry M. Whitney outlined a revolution in gas, showing the enormous saving made possible by economy and keeping supply up to the people's demands. He submitted statistics for the years 1880 and 1894 compiled from the gas commissioner's report, and in commenting on the same said:

"The city of Quincy, with a population of 20,712, with 4,152 families, has 407 tankers. That is a proportion of one in ten. Mr. Chairman, I am not at all surprised that the city of Quincy is today—as I understand she is—before the Legislature asking for some municipal privilege with reference to light. It appears that but one in ten have the privilege there of using the gas, and the reason is that gas sells there for \$2 1/2 per thousand."

The Quincy figures for the two years were as follows:

	1894.	1886.
Gas sold,	5,665,900	3,244,300
Price,	\$2.12	\$2.37
Population,	20,712	12,146
Families,	4,152	2,430
Meters,	407	243
Families to Meter,	10.20	10

The only other places with as few meters per families are Webster and Dudley, Norwood, Marlboro, Dedham and Hyde Park, Danvers, Chicopee Centre, Amesbury and Adams. The 48 companies are summarized as follows:

In 4 Towns 1 Meter to 2 to 3 Families.  
In 10 Towns 1 Meter to 3 to 4 Families.  
In 7 Towns 1 Meter to 4 to 5 Families.  
In 9 Towns 1 Meter to 5 to 6 Families.  
In 8 Towns 1 Meter to 6 to 7 Families.  
In 4 Towns 1 Meter to 7 to 8 Families.  
In 1 Town 1 Meter to 8 to 9 Families.  
In 2 Towns 1 Meter to 9 to 10 Families.  
In 8 Towns 1 Meter to over 10 Families.

Mr. Whitney is seeking authority to manufacture gas at 35 cents or lower.

**Young Men's Christian Association.**

The way the interest is maintained in the evening classes is truly remarkable. Last evening out of a class of twenty-five, in monumental drawing, eighteen were present. Only nine men have dropped out of this class this year.

The chess tournament will continue this evening. All players and those who desire to learn are invited to be present.

**Valuable Dog Poisoned.**

Another dog was poisoned at Wollaston Tuesday. This time it was Councilman Nickerson's valuable cocker spaniel. It seems a pity that this outrageous work cannot be stopped. From mutterings which are heard there is trouble in store for the party who is alleged to be responsible for this dastardly business. Wollaston will soon be too hot a place for him to live in, if current talk is to be believed.

The splendid opera house given with every March 1 Boston Sunday Herald, together with the opera of "The Mikado," caused such a demand for The Herald that the publishers were unable to meet it. With its issue of March 8 The Sunday Herald will give free a splendid production of Buffalo Bill's "Wild West," which can be cut off for the stage of its opera house.

Impoverished Blood causes that tired feeling. Hood's Sarsaparilla purifies, enriches and vitalizes the blood, giving new life and increased vigor and vitality.

Hood's Pills are easy to take, easy to operate. Cure indigestion, biliousness, headache.

Taylor's Anti-Headache Powders are just as harmless as water. Yet, look how powerful water is in putting out fire. Our powders cure Headache and Neuralgia in the same manner exactly. It is safe to say that these powders will cure all cases, because they never failed yet. Why not buy Taylor's and be sure about it? Get them of Leonard J. Pastor, Ph. C., 27 School street.

—Hiram Blanchard who has been a selectman a longer number of years than Avon has been a town, was turned down at the election on Tuesday in that town. Mr. Blanchard was a selectman of Soughton when that town included Avon.

## ABSOLUTELY PURE

A bill has been introduced in Congress to make the Fourth of July a national holiday. Most people will be surprised to learn that this important anniversary has never been thus designated; but strictly speaking, there is only one national holiday, Thanksgiving Day, and that is made such by annual proclamation of the President. Federal offices are usually closed on Christmas, New Year's Memorial Day, the Fourth of July and Washington's Birthday, but the closing is simply a custom and not by law.

### Quincy & Boston ELECTRIC STREET RAILWAY.

[Subject to change without notice.]  
On and after Wednesday, Nov. 16, 1895, cars will make trips on week days as follows:

**Quincy and Brockton.**  
Leave CITY HALL on the hour and half hour for Braintree, Holbrook, Brockton and Campello, without change.  
Leave BROCKTON for Holbrook, Braintree and Quincy, without change, on the hour and half hour.  
Leave BRAINTREE for Quincy 15 minutes before and 15 minutes past the hour.  
**Quincy and Neponset.**  
Leave CITY HALL (via Norfolk Downs when marked with \*)—6:00, 7:00, 7:30, 8:00, 8:30, 9:00, 9:30, 10:00, 10:30, 11:00, 11:30 A. M.; 12:00, 1:00, 1:30, 2:00, 2:30, 3:00, 3:30, 4:00, 4:30, 5:00, 5:30, 6:00, 6:30, 7:00, 7:30, 8:00, 8:30, 9:00, 9:30, 10:00, 10:30 P. M.

## COUNTRY IS BENEFITED

By Home Missionary Efforts In Sparsely Settled Districts.

Support Should Not Be Allowed to Languish.

President Cleveland Pleads For God, Humanity and Good Citizenship.

NEW YORK, March 4.—At Carnegie hall last night President Cleveland presided at a meeting held by the Presbyterians of New York in aid of the Board of Home Missions.

Last night's meeting was the first of a series of great meetings to be held throughout the country.

The doors of Music hall were opened at 7:15 o'clock. The hall was jammed to the doors and there was a large overflow meeting in the Central Presbyterian church on Fifty-seventh street. Mr. Cleveland was introduced shortly after 8 o'clock and was enthusiastically greeted. He said:

"I desire to express my appreciation of the privilege of participating in this conference and for the opportunity thus afforded me of testifying to the value and usefulness of the work undertaken by the Board of Home Missions of the Presbyterian church.

"My interest in this subject and my familiarity with home missionary effort are not newly acquired. They early came to me in the surroundings of a Christian Presbyterian home and were stimulated by a father's faithful labors in the cause.

"My early impressions are not, however, the only basis of the testimony I give tonight in favor of home missionary effort. I am a fellow citizen, interested, I hope, in all things that deepen the religious sentiment of our people and enlarge Christian influence. I fully realize the transcendent importance of this agency in its operation upon the hearts of men for the salvation of their souls. The long roster of those who have been led into the way of righteousness through the instrumentality of our home missions are rich trophies of successful endeavor.

"But it is not only as your fellow citizen, but as the chief executive of your government, that I desire to speak, for I certainly serve well our entire people, whose servant I am, when I hereby testify to the benefit our country has received through home missionary effort and when I join you in an attempt to extend and strengthen that effort.

"No one charged with the duties and responsibilities which necessarily weigh upon your chief executive can fail to appreciate the importance of religious teaching and Christian endeavor in the newly settled portions of our vast domain. It is there where hot and stubborn warfare between the forces of good and evil is constantly invited. In these days the vanguard of occupation in a new settlement is never without its vicious and criminal element. Gambling houses and dram shops are frequently among the first establishments in a new community.

"It must also be confessed that removal from old homes and associations to a new and more primitive home has a tendency among honest and respectable settlers to smother scruples, and to breed toleration of evil and indifference to Christianizing and elevating agencies. These conditions, if unchecked and uncorrected, fix upon the new community by their growth and expansion a character and disposition which, while dangerous to peace and order in the early stages of settlement, develop into badly regulated municipalities, corrupt and unsafe territories and undesirable states.

"These are serious considerations in a country where the people, good or bad, are its rulers, because the conditions to which I have referred would certainly menace, within a circle constantly enlarging, the safety and welfare of the entire body politic. If we did not hope that churches and religious teaching would from the first be on the ground to oppose the evil influences that are apt to pervade the beginning of organized communities.

"These churches and this religious teaching were never more needed than now on our distant frontiers, where the process of forming new states is going on so rapidly, and where new comers who are to be the citizens of new states are so rapidly gathering together.

"For these instrumentalities at the outposts of our population, so vitally important in the view of Christian men, as well as patriotic citizens, we must extend, to a very great extent, on home missionary effort. How can we excuse ourselves if we permit this exertion to languish for lack of proper support.

"If we turn from the objects of home missionary labors to the situation of those toiling in distant fields for God and humanity, and a purer, better citizenship, with sympathy with their work must be further quickened and our sense of duty to them and their cause actively stimulated.

"These are the men and women who have left home and the association of friends, under the direction of organized mission boards, to teach Christianity in sparsely settled sections and to organize churches where none exist, and enduring discomfort, hardship, poverty and danger for the sake of a cause to which, in a very comfortable and inexpensive way, we profess to be attached. These are our soldiers at the front, fighting our battles, and we who stay at home cannot escape the duty of providing for them and re-enforcing them in every way if we are to continue them in our service.

"Our hearts have recently been profoundly stirred by the dangers that threaten the devoted men and women who have gone from among us to preach and teach Christianity in a foreign land. Our sympathy with them and those with whom they labor and suffer is made more painful because the arm of complete relief has not thus far been able to reach them. Our missionary impulse should be large enough and strong enough for both.

"While we will not turn away from them nor allow discouragement to destroy activity in their behalf, let us not from the missionaries in our own land, who need our aid, to whom we owe a duty, and who can be reached.

"It seems to me that if the Christian people of our land estimate at its real value the work which the board of home missions has in charge, and if they can be made to realize its extreme importance, the means to carry on and extend this work will be equally forthcoming, and I hope that such an unusual interest may be aroused in behalf of the cause, by the movement of which this meeting is a part, as will suggest to many heretofore

## WOMAN TO WOMAN.

Women are being taught by bitter experience that many physicians cannot successfully handle their peculiar ailments known as female diseases. Doctors are willing and anxious to help them, but they are the wrong sex to work understandingly.

When the woman of to-day experiences such symptoms as backache, nervousness, lassitude, whites, irregular or painful menstruation, bearing-down sensation, palpitation, "all gone" feeling and blues, she at once takes Lydia E. Pinkham's Vegetable Compound, feeling sure of obtaining immediate relief.

Should her symptoms be new to her, she writes to a woman, Mrs. Pinkham, Lynn, Mass., who promptly explains her case, and tells her free how to get well.

Indeed, so many women are now appealing to Mrs. Pinkham for advice, that a score of lady secretaries are kept constantly at work answering the great volume of correspondence which comes in every day. Each letter is answered carefully and accurately, as Mrs. Pinkham fully realizes that a life may depend upon her reply, and into many and many a home has she shed the rays of happiness.

Reached the Pole.  
ST. PETERSBURG, March 4.—Major General Svetitsky, governor of Irkutsk, telegraphs that Peter Ivanovitch Kuchneroff, who trades at Ust Yakutsk, under date of Nov. 10, wrote to a merchant at Yakutsk as follows: "We learn that Dr. Hansen has reached the pole, has discovered hitherto unknown land and has now returned. Consequently the Arctic ocean has now been explored." Governor Svetitsky adds that there is no confirmation of this news from other sources.

Result of Street Fracas.  
MEMPHIS, Tenn., March 4.—John R. Jones, president of the Memphis National bank, was mortally wounded and his son Nat dangerously hurt in a shooting affray here yesterday. The elder Jones died last night. On the street they met with M. Pardon, a local attorney, and a man named Scarborough. There had been a feud between Pardon and Jones. In some way shooting commenced. Pardon has been placed under arrest.

Wedding Day Named.  
NEW YORK, March 4.—Ex-President Harrison said yesterday: "The wedding between Miss Duniak and myself will take place during the day of April 6, at St. Thomas' church. The rector of the church, Rev. Dr. Brown, will officiate. The wedding will be very quietly celebrated, and only relatives and a few very intimate friends will be present."

For McKinley.  
LITTLE ROCK, March 4.—The Republican state convention met here yesterday. There was about the usual number of delegates present, 40 per cent of whom were colored men. Mention of McKinley's name was widely cheered. Resolutions were adopted endorsing McKinley and expressing sympathy with Cuba.

Quelling Down.  
MADRID, March 4.—The students of Madrid university decided to renew their anti-American demonstrations yesterday. The rector of the university, learning of this determination, had 50 of the students arrested. The result has been that the good order of the city was not disturbed yesterday.

All Stirred Up.  
ROME, March 4.—It is impossible to exaggerate the consternation which the news of the Italian defeat in Abyssinia has caused in all circles in this city. The whole of the garrison of the city is confined within the barracks for fear of disorder.

THE WEATHER INDICATIONS.  
ALMANAC FOR WEDNESDAY, MARCH 4.  
SUN RISES..... 6:13 MOON RISES..... 10:20 AM  
SUN SETS..... 5:30 FULL SEA..... 2:30 AM  
LENGTH OF DAY, 11:25 FULL SEA..... 8:00 PM  
Forecast for New England: Fair and colder; northerly winds.

NEWS IN A NUTSHELL.  
Keely motor stockholders will not re-organize at present.  
Dr. Parkhurst may attack the legal department of New York city.  
Yemenzela's new foreign affairs minister will go to England and France.  
There are now more than 6000 garment workers in Baltimore on strike.  
Secretary Herbert hopes to secure armor for the new warships at lower rates.  
Governor Manderson of Nebraska announces his candidacy for the presidency.  
Fire at Halifax burned out Bowes & Sons, job printers, and S. C. Ruggles, tailor, loss, \$6000.  
It is reported that Great Britain and Venezuela are in direct negotiation to settle the Uruan incident.  
R. J. Gregory, an Amherst senior, was elected captain of the college baseball team, vice Captain Montague resigned.  
The congregation of Oxford university rejected, by a vote of 215 to 140, a resolution to allow women to take the degree of bachelor of arts.  
The French chamber of deputies adopted the project for a new submarine telegraph line between France, the United States and the Antilles.  
The New York senate committee on cities duly to report favorably the greater New York sub-committee bill without amendment.  
France has furnished free immigrants to the United States than any other nation in Europe. During the 10 years preceding 1890 only about 50,000 persons left France for America.  
Edgar G. Murphy defeated George Work in the big pigeon shooting match at Babylon, N. Y. The conditions of the match were 200 birds each, 30 yards rise and 50 yards boundary. Murphy killed 132 and Work 130. The match was for \$1000 a side and a silver trophy.

ACORN Ranges U. S. less fuel than all others. For sale at CUY'S COLISEUM.

## No Wheels In My Head

But I have a Large Stock Of the Leading Bicycles

Of the day, And I invite you to Call and Examine Them.

I sell them For cash and On Easy terms. Repairing Of all kinds Promptly Done.

All kinds of Sundries On Hand.

JOHN H. GILLIS No. 70 Hancock St., QUINCY, - - MASS.

Residence, 27 Trafford street.

DR. RALPH M. FOGG, DENTIST. Teeth extracted absolutely without pain by the use of the "Boston Vegetable Vapor."

It is claimed that, while it is as the required properties of ether, chloroform and nitrous oxide gas, it lacks the disagreeable and dangerous qualities of these drugs. It is certainly a boon to suffering humanity to be relieved of the nausea too often following the administering of sedatives of the old school.—Boston Transcript.

Teeth made and repaired on Gold or Rubber base. Teeth Filling a specialty. Office in French's Building, five doors south of Post Office, Quincy, Wednesday, Hours, 9 A. M. to 9 P. M. jy18-ly nov8-10

TOOK PLE WITH HIM.  
PITTSBURGH, March 4.—One of the greatest financial surprises of the season has been caused by the disappearance of John Cowan of the lumber firm of W. G. Cowan & Sons. Cowan left Pittsburgh last Saturday. His liabilities are said to reach \$100,000. He is supposed to have carried a large amount of money away with him.

Set Free.  
WASHINGTON, March 4.—The steamship Bermuda, which was recently seized by federal officers at New York bay as she was preparing to sail for Cuba with men and arms in aid of the insurgent cause, has been ordered released by the authorities here.

ACORN RANGES, \$22.00 to \$30.00. CUY'S COLISEUM.

Indifferent that among the most comforting of their possessions will be a share in the triumphs and achievements of home missions.

After President Cleveland's address, a prayer was offered by Rev. W. C. Roberts, secretary of the Board of Foreign Missions.

Talmage's Testimony.  
Rev. T. DeWitt Talmage, pastor of the First Presbyterian church, then made an interesting address. He said, in part: "Our glorious Presbyterianism is in full bloom tonight. This will be an historic meeting, and far down the years it will be told that in the commercial metropolis of this nation the man who has on him the highest honors this world can give and twice having received these honors from the American people, in this great mass meeting for God and righteousness, put down the grandeur of his office at the feet of Jesus."

"Germany for scholarship, England for manufactures, France for manners, Egypt for antiquities, Italy for pictures, but America for God."

Other speakers were Rev. Dr. Sheldon, superintendent of missions for Alaska; Rev. Charles L. Thompson of New York, and Booker T. Washington, the colored superintendent of the Tuskegee (Ala.) institute.

Fight Is On.  
OTTAWA, March 4.—The debate on the government's bill to re-establish separate schools in Manitoba commenced in the house of commons yesterday. Mr. Tupper said there was no doubt the constitution made it incumbent upon the government to grant remedial legislation in all cases where the privileges of a minority had been taken away. The Conservative opposition, stated that he had been informed by the bishops of the province of Quebec that he must vote for the government bill or expect opposition at the next election. "I am not going to be dictated to in this case by the church to which I belong," he declared. "I have no religion when it comes to politics." The Conservative French said this speech will kill Laurier in Quebec. The debate will last at least a week.

Reached the Pole.  
ST. PETERSBURG, March 4.—Major General Svetitsky, governor of Irkutsk, telegraphs that Peter Ivanovitch Kuchneroff, who trades at Ust Yakutsk, under date of Nov. 10, wrote to a merchant at Yakutsk as follows: "We learn that Dr. Hansen has reached the pole, has discovered hitherto unknown land and has now returned. ## THE STATE MOURNS.

### Governor Greenhalge Passed Away at 12.30 A. M.—The End Peaceful.

### Unconscious for Twenty-four Hours Previous to His Death.

LOWELL, Mass., March 5.—Governor Frederic T. Greenhalge died at 12:30 this morning. The end came peacefully, after long hours of waiting on the part of the family, personal and official friends and the people generally, for no man was more respected, even loved, by those who came in contact with him. The end was "as the light going out," the doctors said. The governor had been unconscious all day; in fact, had not recognized any of his family or those about him since Tuesday. His wonderful vitality prolonged his life past all the expectations of the doctors. For the disease, a brain poisoning, had gained a firm hold on his system days and weeks before the general public had any idea that he was seriously sick.

In fact, nobody was more careful to keep the nature of his disease from the public and his family than the governor himself, for even in his last moments he was cheerful, and apparently hopeful when conversing with those around him. He took great interest in everything that went on, calling for the newspapers constantly, so long as he was able to do so, but after his relapse of last evening not requiring consciousness from early morning until the time of his death. When it was given out at the state house about one week ago that the governor was seriously sick, the news came as a surprise to the public. It was not thought that death was so near. His sickness was simply looked upon as the result of overwork, of the continual calls made upon him, politically and socially. The doctors steadfastly refused to give out the facts concerning the governor's real condition for publication. It was not until Monday that they consented to give out official bulletins stating his condition. Then the seriousness of his sickness became known.

There were times, however, during the week, when there seemed to be a possibility that the governor would recover. He fought bravely against the disease and at times rallied in such a way as to give hope.

Then the dreaded attacks of dyspnea became more frequent, and his system finally refused to respond to the applications of the physicians. So it has been since Sunday, a gradual, very gradual, sinking with slight rallies on the part of the patient.

Yesterday morning it was the opinion of the doctors that the governor could not live more than a few hours. His death was expected at any time, and it was a day of waiting all over the commonwealth.

Watching For Death.

After a slight rally from his condition of 24 hours ago, when it was thought the end was near, and Mrs. Greenhalge, his son Eric, Miss Mary Nesmith, Mrs. Thomas Fry of Atlanta and Miss Emily Greenhalge were called, expecting to see the governor breathe his last, he was not able to take any nourishment, and never regained consciousness. He had never been able to recognize those around him since yesterday. Those who were called to the bedside yesterday morning were with him when he died.

There were in the house at the time General Davidson, General Champlin, Colonel Kenny, members of the governor's staff, Colonel Thomas, his private secretary, Roland Boutwell, a friend of the family, and Frank Nesmith.

Death came peacefully, it was gradually sinking, a peaceful passing away.

Yesterday was inexpressibly sad at the Greenhalge house. As the night drew on, the force of the grief seemed to increase, and the noise of the elements rendered the sound of carriage wheels upon the driveway inaudible. A solitary gaslight cast flickering shadows in the chamber of death. By it the pallid features of the sick man could faintly be discerned. There were the physicians, standing by their posts. Occasionally one of them moistened the parched lips of the sufferer or counted the flickering pulse-beats, or marked the temperature.

During the early morning hours the governor seemed to be sinking with fatal rapidity. All the characteristics of the deadly uremic poisoning were strongly marked. He gasped for breath, and the rapid heart-beats became so faint that the doctors had to listen closely to detect the pulsations.

Soon after 4 o'clock an attack of dreaded dyspnea came on. The sufferer gasped convulsively, and his right arm moved spasmodically. The left side of his body and the left limbs were lifeless from the paralysis. The usual remedies were given, but the effects were hardly noticeable.

An hour later another stroke of paralysis came on. The patient lay like one dead, except for the quivering of limbs.

At 11:30 there was a sinking spell with a slight paralysis of the brain. It looked like other attacks, but the physicians knew differently. They knew it was the end and summoned the family. The governor fell into a slumber and never awoke. He fell asleep and thus died, passing into the great beyond without pain or suffering.

The immediate cause of death was from poisoning of the system from uremia, occasioned by inflammation of the kidneys.

His Last Days in Boston.

Boston, March 5.—For the first time in over 20 years the gubernatorial chair was vacant. During the sickness of Governor Greenhalge, according to the constitution, Lieutenant Governor Wolcott was officially known as "acting governor." The constitution does not transmit the title of governor to the second officer of the state in the event of the death of the first officer.

Lieutenant Governor Wolcott today sent a message to the legislature officially notifying it of the governor's death, and immediately issued a public proclamation announcing to the people of the commonwealth that there is a vacancy in the office

of governor. The lieutenant governor then ceased to be "acting governor," but becomes lieutenant governor and commander-in-chief.

Governor Greenhalge's last day at the state house was Friday, Feb. 7, and then he remained in the executive chamber but a few hours. He signed several acts, which had been passed by the legislature, before leaving. At 4 o'clock in the afternoon he went to Springfield, to take part in the dedication of the new state armory there. He came to Boston on Saturday, Feb. 8, but did not go to the state house. This was the last time he left Lowell.

Governor Greenhalge's last official act was his message to the legislature on Feb. 24, announcing the death of ex-Governor Robinson. On Feb. 15 a batch of papers were sent by a special messenger to Lowell for the governor's official signature. These consisted of 22 acts of the legislature and five resolutions, all of which the governor signed, although 47 commissions, dated Feb. 27, the last meeting of the executive council, bear his signature. These commissions are all for justices of the peace and notaries public.

A pathetic incident of his last sickness followed a postponement of the annual reception given by the governor of the commonwealth to the people on Washington's birthday. What was then considered a slight indisposition rapidly developed into a fatal illness, which brought his death. The day previous was the time set for the presentation to the state of a finely executed bust of the governor, a tribute of the respect and esteem entertained by his fellow citizens of Lowell for him. A postponement necessarily followed, owing to his absence from the state house.

The Friday following, Feb. 28, was the time, and the representative hall was the place, when this bust was presented by Mayor Courtney of Lowell, for the city, and received by Lieutenant Governor Wolcott for the state. The following afternoon, just before the bust was stricken with paralysis, the governor read in the paper of the impressive ceremonies at the state house. His last information of the outside world, through his own eyes, told of the respect shown him and the honor done him by a loving people.

In Congress.

WASHINGTON, March 5.—The senate yesterday took up the contest over the seat of Henry A. Dupont of Delaware. Argument in the case has continued. The Cuban resolutions went to conference as a result of the report of the committee on foreign relations, and Messrs. Sherman, Morgan and Lodge were named as senate conferees. The house spent the entire day fixing the salaries of United States district attorneys. The request for the legislative appropriation bill to abolish the fee system. The salaries for district attorneys in New England were fixed as follows: Connecticut, \$3000; Maine, \$2500; Massachusetts, \$5000; New Hampshire, \$3000; Rhode Island, \$2000; Vermont, \$3000. The request for the salary of a conference on the Cuban resolutions was received but not acted upon.

A Jersey City Tragedy.

JERSEY CITY, March 5.—Jealousy caused the shooting of a father and his son and a young woman—all Italian—yesterday afternoon. All are dangerously wounded. The shots were fired by Alexander Fiore. The wounded are Giovanni de Luisa, 55 years old; Giovanni de Luisa, 29 years, and Cotilda Nicoletta, about 25 years old. According to the statement of Fiore, he brought the woman from Italy some years ago. They lived in Jersey City until three years ago, when Fiore and the woman moved to New York. Two weeks ago Cotilda left Fiore, and thereafter lived in the apartments of the De Luisas. Fiore says that the De Luisas took the woman away from him. When he went to visit them yesterday he claims he was attacked, and says that he shot in self-defense.

Favored by Rosebery.

LONDON, March 5.—The Daily News points out that the English press is full of Rosebery in furtherance of Anglo-American arbitration. Lord Rosebery says: "I heartily hope that it may be found practicable to devise some court, or rather machinery, of arbitration. I think the machinery should be permanent, but not the court. Of course there are subjects which it may not be possible to refer to arbitration. That need not affect the broad principles. The experiment also may fail, but that is no reason why it should not be tried."

The Virginia Style.

RICHMOND, March 5.—Senator Flood entered the senate chamber yesterday, and, walking up to Senator Flanagan, belabored him over the head with a cane, inflicting a painful but not dangerous wound. Flood was arrested and bailed. The assault caused much excitement. Flood was provoked by the fact that Flanagan, a day or two ago, said on the floor that Flood had falsified him.

Federation Only.

SYRACUSE, March 5.—The Methodist Episcopal Church Epworth League convention of the central New York conference closed its session in this city last evening. Seven hundred delegates have been in attendance. Dr. J. S. E. Sawyer, editor of The Northern Christian Advocate, urged the federation but not the consolidation of the Epworth league and the Christian Endeavor society.

## ESCAPED A LYNCHING.

Death Alone Kept Luther Antoine Out of Farmers' Hands.

Possibility That He May Have Been Insane.

Many Misfortunes Appear to Have Overtaken the Irving Sisters.

BANGOR, Me., March 5.—There is a belief in many quarters that Luther Antoine, who fatally assaulted Jennie Irving and Grace Irving at Oldtown, the maiden ladies who befriended him, is insane.

Miss Grace Irving recovered last night for a few moments. She said Antoine first attacked Jennie, and that when she intervened he seized them both and knocked their heads together, following this up by striking them with an iron rod. "Where is he?" asked Grace, faintly. "He is dead," replied one of the women at the bedside.

"Oh, the villain!" she exclaimed with sudden energy and fell back in a faint.

Some of the sturdy farmers who gathered in the dooryard after the tragedy declared that it was well for Antoine that he ended his life with the pistol, the weapon which the women bought to protect themselves, or he would have been hanged to the nearest tree.

Luther A. Antoine, or "Lute," as he was commonly called, was one of the several sons of Amasa Antoine, deceased, who years ago peddled hoop ropes in Oldtown and vicinity. Whatever may have been the mental capacity of the other Antones, "Lute" was known as a sluggish sort of simpleton, heavy, but willful.

Superstitious people would say that a curse rested upon the Irvings, good and peaceable though they were. Two of the sisters were drowned some years ago in the stream near the house. Ten years ago the fine farmhouse was burned.

When the sisters were engaged in the millinery business in Oldtown their store was burned with a valuable stock, and they had little insurance. One of their brothers died from ossification of the lower limbs. Then came the assault of 1891, similar to that of Tuesday. Now the probable double murder.

On Beacon Hill.

BOSTON, March 5.—There was a continued hearing yesterday before the committee on manufactures on the Whitney gas bill, and expert testimony of an interesting character was given by J. H. Weeks, who endorsed practically everything that was said by Mr. Whitney. The committee on election laws had a large audience, mostly composed of ladies, at a hearing on the question of giving to woman the right to vote upon the question of granting licenses to sell liquor, and the committee on the judiciary had a hearing on the elegant picture bill. The controller of county accounts, in his ninth annual report, recommends that the notice of the filing of involuntary petitions in insolvency, now given by the register, shall be given by the sheriff or his deputy; that the laws be repealed requiring annual returns to the secretary of state by registers, and that there be a uniform system of fees in the offices of registers. There are a few other recommendations in the report of no special interest.

What Newell Can Do.

ATHOL, Mass., March 5.—Bradley C. Newell of Jacksonville, Fla., was at the Pequot House here yesterday and treated some 50 of the hundreds of people who came to test his mysterious power. The most wonderful of the cases yesterday was that of a man suffering with muscular rheumatism, who had come 65 miles in the hope of being cured to health. He dragged himself into the room by the aid of crutches, but after Newell's hands had been laid upon him walked out unaided. There were other cases similar, but none so remarkable. Newell makes no profession that he can cure every kind of ailment. His hands have had but little, if any, effect to relieve deafness or blindness, but with those affected with paralysis, rheumatism or neuralgia his treatment has almost invariably been effective.

Waiting For The Word.

BOSTON, March 5.—The Standard says that over 300 men, armed and equipped, who have been drilling for weeks in preparation for joining the Cuban insurgents, are now ready, and waiting only for the Washington action on the Cuban question. If the action is favorable, they will leave openly, and if adverse, they will depart secretly. All the volunteers are recruited from semi-military organizations about Boston, and are said to be under command of Colonel Roger Scammon, who acknowledged that he was prominently connected with the expedition, and said it would start the day after President Cleveland approves the Cuban resolves. The expedition is fitted out principally at the private expense of sympathizers with the Cuban cause in this city.

Growth of Endeavorers.

BOSTON, March 5.—A unique meeting is being arranged by the Tremont Temple church for Music hall on next Sunday evening at 7:30 o'clock. Instead of the regular sermon by the pastor there will be a recognition service in honor of the newly formed Tremont Temple Christian Endeavor society. Addresses will be delivered by Dr. Lorimer and Rev. Francis E. Clark, D. D., president of the United Society of Christian Endeavor, and founder of the Christian Endeavor movement. The Tremont Temple society was formerly the largest Young People's Baptist union in existence, and it now becomes the largest Christian Endeavor society in the city. The exercises will be of peculiar interest, not only to Baptists, but to church people in general.

## GROCERIES

ALMOST GIVEN AWAY

AT EMERSON'S, For the Next 30 Days.

OUR MOTIVE IN QUOTING THESE EXTRAORDINARY LOW PRICES—Our place of business, 75 Beach street, opposite U. S. Hotel is one of the nearest stores to the Albany, Old Colony and N. Y. & N. E. Depots, rendering it the most convenient place for those who travel on these roads to make purchases.

We hope the same inducement that has obtained for us the largest hotel and restaurant trade in the city, namely, low prices and a true representation of our goods to the buyer, will have the same favorable results—a larger and increasing trade—with the patrons of these roads.

We do not pay freight or express charges on goods going out of town sold at these prices.

GEORGE D. EMERSON & CO.,

78 Beach St., Boston, Mass.

Feb. 13-14 1896 4w 10c 8m

Straw Mattings, 7c. per yard this week only, at GUY'S COLISEUM.

## Cold, Wet, Warm or Dry

Weather, we can sell you goods to make you comfortable. For \$4.85 you can have a good MACKINTOSH with cape or without. For only \$1.50 you can buy a heavy-weight SWEATEER, any size, and a fine UMBRELLA, natural wood curve handle, close roll, for \$1.50. A reduction in all Winter Goods, for we don't want them left over.

## F. J. PIERSON'S,

ALSO PUBLISHERS OF  
**The Quincy Patriot,**  
A Weekly Established in 1837, which has  
the Largest Circulation in Norfolk  
County, and

**The Braintree Observer,**  
A Weekly Established in 1873.

ONLY THOSE over 75 years of age can  
remember the death of a Massachusetts  
Governor in office, for it was 71 years ago  
that William Eustis, then the chief executive,  
passed away.

THREE TIMES elected and always popular  
with the citizens of the Commonwealth,  
shows the high esteem of Massachusetts  
for Governor Greenhalge. He fulfilled the  
high offices to which he was elected with  
great credit to his constituents and himself.  
He was elected to Congress in 1888 after  
a hot campaign and his first contest for  
the governorship was one of the Bay State's  
most memorable campaigns. But his keen  
logic and eloquence on the stump won the  
day and easy victories followed in 1894 and  
1895.

ROGER WOLCOTT would undoubtedly  
have succeeded to the governorship next  
January, had his distinguished predecessor  
lived, but he is well qualified to assume the  
reins of government which have been sud-  
denly placed in his hands. He has been

prominent in public affairs and always for  
good citizenship, and at the same time  
active in works of charity and education.  
He was graduated from Harvard in 1870,  
being the class orator. He will be 49 years  
old July 13.

### Tufts College Concert.

It was a stormy night but the boys were  
there; and those who braved the storm,  
enjoyed one of the finest entertainments  
of the season, Wednesday evening, at  
Faxon hall. The Glee club is one of the  
best in the State, while the mandolin and  
guitar playing would be hard to surpass.  
The reader, Mr. Schofield, was exception-  
ally fine and received many encores. It  
would be impossible to give the programme  
in full as each number was announced from  
an extensive repertoire. Perhaps the song  
most enjoyed was one entitled "Eliza Jane,"  
a solo by Mr. Guy Pierce, the  
manager, accompanied by the Glee club.  
The concert was given under the auspices  
of the Young People's Christian Alliance of  
the Universalist church. The committee  
of arrangements were, Mr. Arthur Peverly,  
Mr. Herbert F. Nye, Miss Annie F. Swift,  
Miss Maud H. Cudworth and Miss Abbie  
Barnes, assisted by Miss Mary H. Cudworth  
and Miss Lillian Gay.

### High School Debate.

The Q. H. S. debating society met  
Wednesday with Miss Burke, the vice  
president, in the chair. Miss Joss, secre-  
tary, presented her report.

Under unfinished business the debate of  
last week was concluded.

"Resolved, That the Pupil has more  
Duties to the School than the School has  
to the Pupil."

The affirmative was taken by Mr. Lyons,  
Mr. Meaney, Mr. Badger, Mr. King and  
Mr. Duran.

The negative was supported by Mr. W.  
Walsh, Mr. F. Walsh and Mr. Mitchell.

Mr. Lyons, Mr. Foley and Mr. W.  
Walsh, spoke, when the debate was opened  
to the society.

Miss Mitchell, the critic, offered her  
report.

The entertainment included these num-  
bers:

Declamation, Mr. Northcott, '96.  
Essay, "Dora," Miss Johnson, '97.  
Recitation, Miss Bemis, '97.

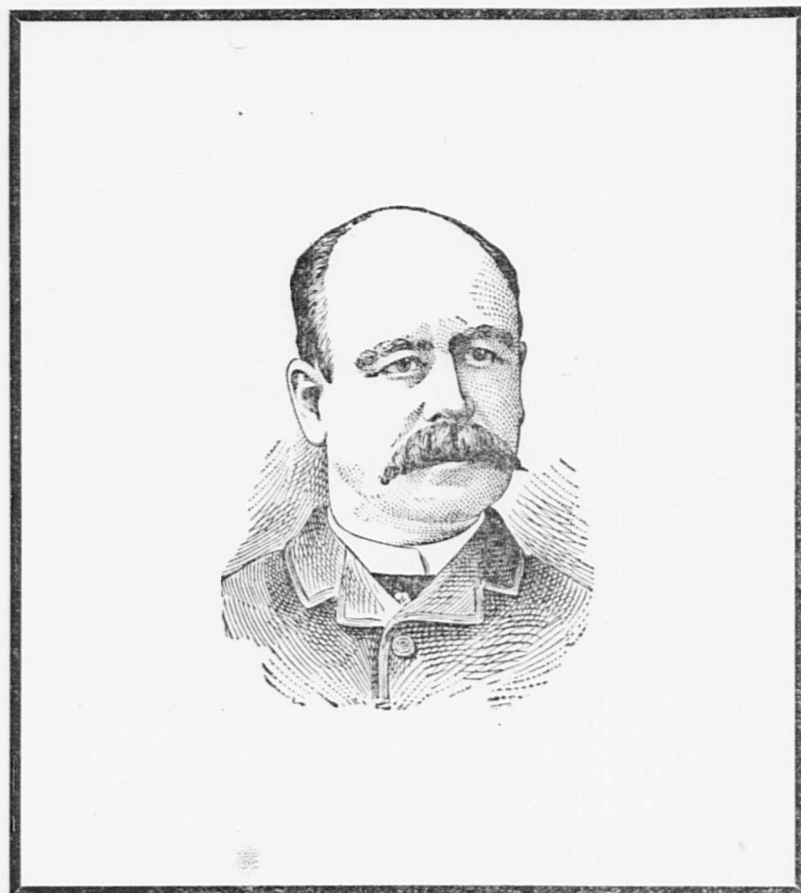

The new debate was begun: "Resolved,  
That the United States Senate ought to be  
abolished."

In the affirmative was Miss Burns.  
Negative: Miss Coyle.

For lack of time for the debate was  
postponed.

## THE GOVERNOR IN QUINCY.

Two Pleasant Visits and Speeches--One in  
1894 and One in 1895.

Quincy recalls with pleasure two enjoy-  
able visits from Governor Greenhalge.  
His Excellency favored us with his pres-  
ence and a speech at the dedication of our  
new High school building, Sept. 11, 1894,  
and was photographed in a group at the  
close. About a year later, Sept. 23, 1895  
he attended our grand fete in aid of the  
City Hospital on President's hill, which he  
was pleased to term a red letter day for  
himself. It was children's day, also, and  
he gave them a reception, which was a  
proud day in the lives of many of our  
little folks.

Speaking at the dedication of our new  
High school he said he realized the im-  
portance and significance of the occasion;  
the dedication of a school building was  
nothing short of the dedication of a temple  
of God. The public schools are the bul-  
work of the commonwealth and I feel now  
that I stand on the foundation stone. [Ap-  
plause.]

Much is heard today of the "new educa-  
tion," and the report of the committee of  
ten. Let us hope it is the best. Education  
means the marshalling of all forces--  
mind, body and soul. Never be indifferent  
to culture of the body. It is needed. We  
want health of body and strength of mind.  
I have reverence for the old methods, yet  
welcome all new ideas.

He would not discourage any kindly soul  
from endowing educational institutions,  
but there was something grander, the  
public schools. [Applause.] They were  
of interest to all--the rich and the poor  
alike, and all may take the highest place in  
culture if they will. It is a grand race, and  
a pleasant rivalry. Let Quincy beat us in  
Boston, in Lowell and in Worcester--if it  
can. [Applause.] It is the kind of  
ambition which should be encouraged.

The Governor rejoiced at the opportunity  
to be present. It was his privilege to  
attend many gatherings where harvests  
were displayed, but nothing equalled the  
harvest of the mind. He closed by bidding  
the Quincy High God speed. [Prolonged  
applause.]

At the Hospital Fete.  
Singing by children of the public schools  
was a feature of Governor's day at the  
Hospital fete, and Governor spoke as  
follows:

Mr. Chairman, Ladies and Gentlemen,  
Boys and Girls: I was informed when I  
came here that the music was scarcely up  
to the proper level, on account of the  
number here. But the music you have  
tendered me was most acceptable. I am  
glad to look upon this great gathering of  
old and young, all inspired with one  
common purpose, one of the highest and  
the best that can be combined by the  
human heart. The success of a place is  
not in the extent of its manufacturing en-  
terprise, not in its agricultural develop-  
ment, not in its proficiency in the arts and  
sciences, but in the care in which the com-  
munity takes of its poor, sick and needy.  
The community is judged in a measure by  
the care of its poor. The glory of the  
Commonwealth is found in its public and  
humanitarian work and in these it  
leads the country. [Applause.]

In meeting you citizens of Quincy, I con-  
gratulate myself in meeting a people of one  
heart, one purpose, and with the highest  
purpose which the gospel of Christ teaches  
the children of God.

My first sight upon entering here was a  
representation of our splendid militia of  
Massachusetts. Then I came to hear the  
sweet chorus of children's voices. These  
are the things which Mr. Rice has said are  
working for the little institution on the  
hill.

The greatest development of the human  
heart and mind is to be found in the work  
of charity in which you are now engaged.  
It has been my privilege as the executive  
of this Commonwealth to attend great  
agricultural demonstrations, where I have  
seen thousands massed together in the

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston  
Atlantic, South and West Quincy.

The LEDGER telephone is 213-3 Quincy.  
In the evening or night news may be sent  
to 54-3.

The Lovell Diamond is among the very  
best. See engraving of Model 28 for 1896  
advertised by John H. Gillis.

A special meeting of the School Com-  
mittee will be held Friday evening to con-  
sider plans for new school building.

The Sons of Veterans have already sold  
enough tickets to make their masquerade  
a financial success, and promise a good  
time.

Mrs. George H. Brown who met with an  
accident Tuesday at the corner of Canal  
and Mechanic streets, has been confined to  
her bed since.

Ourish Bros. make a specialty of the  
well known Fowler bicycle, and do all  
kinds of repairing. Salesrooms at No. 2  
Washington street and at Dorchester.

Mrs. Charles R. Sherman, who was quite  
severely injured some three weeks ago by  
slipping upon an icy sidewalk and falling,  
striking her head, is slowly convalescing.

The Board of Managers of Adams  
Academy met and organized Wednesday  
evening and elected Mr. Charles H. How-  
land, chairman and Mr. James L. Edwards,  
secretary.

The Trustees of the Thomas Crane Pub-  
lic Library organized Wednesday evening  
by the choice of Rev. E. C. Butler as  
chairman, Harrison A. Keith as secretary,  
and George W. Morton as treasurer.

Mrs. R. Mitchell of South street, who  
has been seriously ill for the past six  
weeks, is now able to be about again; and  
her nurse, Mrs. M. C. Wood, graduate of  
the City Hospital, has returned to her  
home at West Quincy.

A Needham item in the Herald reports  
Mr. George G. Saville of this city to have  
purchased the George L. Cutting estate,  
consisting of house, barn and 18 acres of  
land on Highland avenue, at a price large-  
ly in excess of the assessed valuation.

Mr. Charles R. Sherman was not so seri-  
ously injured on Wednesday morning as at  
first supposed. There is no abrasion of the  
skin upon his face. There is a severe  
contusion upon the left side of the face,  
the eye being badly swollen and closed.  
One of his legs was also badly bruised.

The storm which has been hovering  
over the coast for the past week developed  
into a hurricane on Tuesday accompanied  
by driving sleet and snow. On Wednesday  
the storm increased in violence so that by  
afternoon the wind had attained a  
maximum velocity of 55 miles an hour on  
Blue Hill and 36 miles at Wollaston.

Mr. Henry H. Faxon, who has been con-  
fined to the house since Saturday last with  
a severe cold, is out today, and is looking  
for that paper for signatures for mem-  
bership in the new Republican club. He does  
not fear being blackballed and says nothing  
would suit him better. Mr. Faxon how-  
ever, was imprudent to come out today as  
he has not fully recovered.

[Continued on third page.]

## Women

Who are nervous, weak, worn out  
with local troubles find pure blood,  
nerve strength, and perfect health in  
Hood's Sarsaparilla.

We do not say the above to raise  
false hope. It has been the experi-  
ence of many, very many women in  
those intensely trying periods which  
demand and consume so much

## Nervous

force--those special physical trials we  
delicately indicate by merely using the  
words--Maid, Mother, Matron.

Like a confidential friend we suggest  
the use of Hood's Sarsaparilla, a reli-  
able blood purifier and tonic; it has  
helped many others and will help you.

"I was in poor health five years, broken  
down in strength, and appetite all gone.  
Local troubles and other weaknesses in-  
tensified my misery. Nervous sick

## Headaches

dizziness, heartburn and pains in my  
back made me think I should never be  
well again. A friend prevailed upon me  
to try Hood's Sarsaparilla. I soon began  
to improve and in six months it restored  
me to better health than for years. I  
have found Hood's Sarsaparilla a grand  
medicine for all troubles peculiar to

## My Sex

I am now strong and healthy and can do  
a good day's work. I stand by Hood's  
Sarsaparilla, for it cured me after other  
medicines failed." MRS. LUE DIER,  
Carlinville, Illinois.

This and many similar cures prove that

## Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists, \$1.  
Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills are purely vegetable, care-  
fully prepared, 25 cents.

## Bicycles!

TO the lovers of bicycling, the most delightful and  
exhilarating sport in the world today, we send  
our greeting, and to those who contemplate the  
purchase of a "98" wheel with which to enjoy the advan-  
tages and pleasure afforded by this dignified, refined  
and accomplished pastime, we have much for your  
consideration.

IT has been our aim from the start to handle only  
the very best wheels that Yankee wisdom could  
invent--wheels that combine strength, lightness, ele-  
gance of finish, and best of all, wheels that require no  
exertion to ride. Our success in the past, and the  
comfort afforded all riders of wheels from this reliable  
agency, speaks itself.

WE Desire only to add that our splendid assort-  
ment of '96 models is ready for your inspection,  
prices, \$50.00 to \$100.00, and we believe it will be for  
your benefit to place your order for your '96 mount  
with an agency trustworthy and reliable. Easy pay-  
ments for all who wish.

### Among the Magazines.

A Whim and a Chance by William T.  
Nichols is the leading story in the March  
Lippincott, occupying eighty-nine pages.  
But there is the usual variety of stories,  
essays, poems, etc., making a most enter-  
taining number. A complete novel en-  
titled "Flotsam" by Owen Hall is promised  
in the April number.

Mary E. Wilkins contributed a complete  
story of "The Blue Robin" to the Little  
Men and Women for February. Another  
article of interest was "The Children of  
France: their studies, their work, their  
plays, their history and their holidays."  
Published by Alpha Publishing Co., Boston.

Taylor's Anti-Headache Powders  
are just as harmless as water. Yet, look  
how powerful water is in putting out fire.  
Our powders cure Headache and Neuralgia  
in the same manner exactly. It is safe to  
say that these powders will cure all cases,  
because they never failed yet. Why  
not buy Taylor's and be sure about it?  
Get them of Leonard J. Pastor, Ph. G., 27  
School street.

### He and Haw.

Hem and Haw were the sons of sin, Created to shanty and hick;

Hem lay round and Haw looked on While God did all the work.

Hem was a fogy and Haw was a prig, For both had the dull, dull mind,

And whenever they found a thing to do They yammered and went it blind.

Hem was the father of liots and bores— As the sands of the sea were they;

And Haw was the father of all the tribe Who criticize today.

But God was an artist from the first Who knew what he was about,

While over his shoulder sneered these two And advised him to rub it out.

They prophesied ruin ere man was made, "Such folly will surely fail!"

And when he was done, "Do you think, my Lord, He's better without a tail?"

And still in the honest, working world, With posture and hint and smirk,

These sons of the devil are standing by While man does all the work.

They balk endeavor and baffle reform In the sacred name of law,

And over the quivering voice of Hem Is the droning voice of Haw.

—Bliss Carman in Truth.

### He Kicked.

Barber (finding that the old man has fallen asleep)—Well, he needs a shave and may not want a hair cut, so I'll start on that.

"Wonder if he'll kick when he awakes?"

—Truth.

### Aged Archbishop Dead.

St. Louis, March 5.—Peter Rich Kenick, who for nearly half a century prior to three years ago was Catholic archbishop of this diocese, died at 1:30 o'clock yesterday, in the 90th year of his age. The old gentleman had been in feeble health for several years, and about two and a half years ago Bishop Kain of Wheeling was elected to an archbishopric, and sent here to relieve him.

### Lost in the Gulf.

GALVESTON, March 5.—Steamer Pensacola arrived yesterday from a relief trip along the Texas and Mexico coast. On her return, the Pensacola sighted the schooner Willie Ann wrecked. The Willie Ann had been missing one month. She carried four men, who were all drowned.

### Hundred Miners Entombed.

BERLIN, March 5.—Fire broke out yesterday in the Cleophas coal mine at Katowitz, Prussian Silesia. The bodies of 21 victims of the conflagration have already been recovered, but the fate of the miners entombed, numbering about 100, is still uncertain.

### Would Have Sugar Taxed.

BERLIN, March 5.—During the course of a debate on the sugar bill in the reichstag yesterday, Herr Staudy urged a direct tax on sugar and energetic action against the United States, which, it is claimed, did not give fair treatment to German sugar.

### ACORN RANGES, \$22.00 to \$30.00. CUY'S COLISEUM.

## ABYSSINIAN CAMPAIGN

### Has Proved to Be a Most Terrible Disaster For Italians.

### Violent Scenes Enacted In Many Cities.

### Death of Baratieri and Resignation of Ministers Called For.

ROME, March 5.—Details are being received of violent scenes enacted yesterday at different points all over Italy, which the government has sought in vain to prevent the publication of. The alarmist rumors which were circulated are confirmed by the later reports, and the whole of Italy seems to be in the hands of the aroused populace, indignant at the government, which is apparently powerless to quell the outbreaks of wrath.

Popular demonstrations of the most violent character have occurred throughout the Italian peninsula. The most serious of these occurred at Milan, where 30,000 persons took part in the disorders, amounting to a popular uprising. The police of that city had their hands full to bring the crowds under control, and were forced to charge through the streets with fixed bayonets before they succeeded in dispersing the mob. No statement is made of the amount of harm done to the inhabitants by this rough usage, but it is known that a large number of persons were injured more or less seriously.

The public gatherings were addressed by orators who made violent speeches against the constitution and against the ministerial policy in Abyssinia, and were greeted with wild acclamations.

As the sands of the sea were they;

And Haw was the father of all the tribe

Who criticize today.

But God was an artist from the first

Who knew what he was about,

While over his shoulder sneered these two

And advised him to rub it out.

They prophesied ruin ere man was made,

"Such folly will surely fail!"

And when he was done, "Do you think, my

Lord,

He's better without a tail?"

And still in the honest, working world,

With posture and hint and smirk,

These sons of the devil are standing by

While man does all the work.

They balk endeavor and baffle reform

In the sacred name of law,

And over the quivering voice of Hem

Is the droning voice of Haw.

—Bliss Carman in Truth.

### GENERAL BARATIERI.

In Rome there was less violence, but the public indignation was almost equally high. The students of the city led the demonstrations, which were directed against the cabinet. Papers containing pictures of Sig. Crispi were burned. In the public streets, with every accompaniment of continuity and wrath expressed against the premier. Crowds were parading the streets everywhere, shouting "Down with the government!" "Down with the murderers!"

The police and carabinieri were finally obliged to take a hand, as the volume of the public wrath was fast assuming dangerous proportions, and the paraders were at last dispersed.

At Pavia, the population turned out en masse to protest against the dispatch of further troops to Africa. Some of the reinforcements designed for the relief of the Italian army in Abyssinia were to depart from that city yesterday. But they were taken possession of bodily by the rioters, in whose ranks were included many women and children. The soldiers were forced out of the cars in which they had taken their places preparatory to departure, and the mob then tore up the rails along the track and made the soldiers promise not to leave the town.

There were many demonstrations at other points against sending more Italians into Africa. Protests similar in kind to that at Pavia against further operations in Africa were made at Como, Bergamo, Cremona, Palermo, Lodi, Pavia, Monza, Modena, Parma, Verona and Cuneo.

In addition to the towns which have already been mentioned as the seats of disorders, there were disorderly demonstrations at Naples, Brescia, Palermo, Catania, Florence, Venice, Hassani, and numerous other towns.

It is reported that private dispatches have been received announcing serious rioting at Naples, Florence and at Venice. The government officers are maintaining the most strict censorship over all press dispatches bearing Italian points, and it is with difficulty that the news can be sent from here, except under strong pressure from influential quarters.

Late last night there was a serious conflict between the police and a mob which seemed bent upon making a demonstration before the palace. The national flag was carried, draped with crepe, and there were cries of "Down with the ministers!" "Down with Crispi!" "Death to Baratieri!"

### Worst Fears Realized.

Further details have been received concerning the defeat of Italians at the battle of Adowa, and they tend to confirm the most alarming reports. Baratieri, although the exact number of men killed is not yet announced.

General Baratieri, in a letter to a friend written before the final disaster, said: "I am aware of the intrigues against me; my campaign is easy, and if I get through the campaign with a whole skin I shall remember that I am a deputy, and then many people will be restored to their proper places."

General Baratieri's own report shows that he quitted the battlefield while his troops were still fighting and without knowing the fate of the columns under his command. He was abandoned by his troops, and he will be tried for abandoning his post, the penalty of which is degradation and death.

Reports unfavorable to General Baratieri are assuming a darker color. His rapid escape to a position 100 kilometers from the scene, which was left to its own guidance, is bitterly commented on.

General Baratieri's force consisted of 10 battalions of white troops (Italians), 6 battalions of native troops, 12 batteries of artillery. Since the defeat no news has been received from General Baratieri's brigade, which was composed of seven white battalions and four batteries of artillery. General Albertoni and Almondini and their brigades are also missing, and it is believed they have been annihilated.

It is almost impossible to describe the state of excitement in Rome, and no such scenes have been witnessed since the occupation of this city by the Italian troops.

When a little one is expected in the family how lovingly the parents plan together for its future welfare.

They sometimes even forecast its education and career. Does this seem too early to anticipate while the child is yet unborn? It isn't.

The child's destiny is already being partly mapped out by nature according to the disposition and habits of the parents. The best plan a mother can make for the future happiness of her unborn child is to maintain her own cheerfulness and health while part of her.

Her healthiest food is still a child, it is the unfailing cure of all "female weaknesses."

Every prospective mother will find direct nourishment, comfort and sustaining strength, in Dr. Pierce's Favorite Prescription. It will maintain her vitality, both bodily and mental; shorten the period of confinement and make labor easy and almost painless. It imparts strength and elasticity to the organs concerned in parturition, invests the mother with recuperative energy again after period of weakness and depression, and aids in the secretion of healthy milk.

## Quincy Daily Ledger

ESTABLISHED IN 1889.

The ONLY DAILY in the ONLY CITY in Norfolk County, Massachusetts.

Published Every Evening, Sundays and Holidays Excepted,  
o At No. 115 HANCOCK ST.,  
o City of Quincy, Mass., by  
**GEORGE W. PRESCOTT & SON.**  
Successors to Green & Prescott.

Subscription Price, \$6.00 per Year.  
A Discount of \$1 when paid in advance.

ALSO PUBLISHERS OF  
**The Quincy Patriot,**  
A Weekly Established in 1837, which has the Largest Circulation in Norfolk County, and  
**The Braintree Observer,**  
A Weekly Established in 1878.

**The Governor's Funeral.**  
The funeral of Governor Greenhalge will be held on Monday at 2:30 and will be a day of mourning throughout the State. The services will be held in the First Congregational church at Lowell and will be as simple as possible.

**Quincy Man in the Flood.**  
Mr. D. Vinton Pierce of this city has had all the experience with New Hampshire floods that he wants at Centre Ossipee, although he was more fortunate than his neighbors who live on lower land, all of whom deserted their houses. He was advised to flee for safety but did not desert the ship. There was a river flowing down his driveway and great cakes of ice and logs were deposited on his front lawn. Some streets were blocked with ice 20 to 30 feet square and about 3 feet thick piled up to the limbs of the trees, and the town authorities used dynamite. The bridge and dam were carried away.

**Adams Academy.**  
The annual catalogue of the Adams academy of this city has just been issued, and shows an enrollment of 36 scholars. William Royal Tyler, A. B., the master, is now assisted by John Otis Hall, Jr., A. B., and Bertram French Linfield, A. B. The following paragraph may be of interest to prospective pupils:  
By the terms of the Founder's deed of gift, the sons of citizens of Quincy are entitled to free tuition in the school, and the net income of the school fund is at present adequate to provide instruction for those who apply for it. If, however, the income shall at any time prove inadequate, the right to free tuition, calculated at the rate of \$75 a year for each pupil, will be awarded on the basis of scholarship; and those pupils who stand lowest in general rank may be charged the regular tuition fee.

As usual prizes will be awarded this year in each class for largest number of approbation cards, and for proficiency in studies. Then there are the Adams gold medal, the Brackett, Anderson and Alumni prizes, and also translation prizes.  
The subject for the Brackett essay is:—"The Influence of Washington in the Formation of the Federal Union."  
A prize is offered for any pupil of the school for best translation of Virgil, Georgics IV, 387-452; and Homer, Iliad VI, 405-465. For any pupil below the first class:—Cicero, *De Senectute*, §§38-71. For any pupil below the second class:—Livy II, §§30-49, beginning *Sp. Nauticus*. For any pupil below the third class:—*Viri Romae*, The Gracchi.

The essays or translations must be in the hands of the master on or before May 23.  
**Young Men's Christian Association.**  
The Monumental Drawing class started on lettering Tuesday evening.  
Rev. S. E. Ellis pastor of the South Braintree Methodist church will speak Sunday afternoon. Subject:—The young man among young men.  
Another debating club. The intermediates took the first steps towards the organization of a debating society Wednesday evening. They will hold their first debate next week. Subject:—"Resolved that Lee was a greater general than Grant." Principal disputants, affirmative, Henry McLean and Nathaniel Thayer. Negative, Walter Flitts, and George Hardwick.  
The Junior meeting Saturday morning will be conducted by the secretary. Master Hayden has been secured as the regular organist for these meetings and a decided improvement is noticeable.  
The intermediates will meet at five o'clock Sunday afternoon to select a course of studies for a series of Bible lessons. All boys of fifteen to seventeen are invited.  
The new law requiring all persons who have charge of boilers and engines to pass an examination and receive a State license affords a good opportunity for the Association to provide a course of lectures on steam engineering.

Another thing which would be appreciated by the men would be a reference library bearing on this particular subject. Here is an opportunity for some philanthropic person to assist a large class of men in a very practicable way.  
On March 27th and 28th the Junior conference will be held at Waretown.

Headache! Glasses relieve many. Consult Williams, practical optician, 128 Copeland street. Scientific test free.

Prices reduced.  
GUY'S COLISEUM.

## THE DEBATING CLUB.

## Should Massachusetts Hold Elections Biennially?

## Business Men Favor It, an Argument of Affirmative.

## Burden of Proof on Affirmative for the Radical Change.

The debate on the question,—Resolved, That Massachusetts should hold her elections biennially—was held at the rooms of the Y. M. C. A., Thursday night. Owing to the absence of one of the disputants, Mr. Craig had to support his side alone which he did very ably. In fact, all of the principal disputants showed careful preparation.  
Mr. Harold Faxon in opening the debate said that the question was one which had been much discussed even as far back as Alexander Hamilton's day. The tendency towards biennials is a tendency to a more business like regime and is favored by business men. If elections are held less often they will be more important and that is what we greatly need. It is a fact that in those states where the elections are held biennially there is a larger vote. And not only do men thus take more interest in the polls but they take more interest in the caucuses, and this means a better chance for purer politics. In closing Mr. Faxon, after urging the importance of biennials to Massachusetts said, solemnly, "God save our Commonwealth."

Mr. Alex Craig believed that our commonwealth should be saved but in proposing so radical a change as this amendment to our constitution we should be very sure that we are adding a saving clause. In some miraculous way those who will not vote yearly are largely going to the polls once in two years. It is like saying that a man who will take no notice of monthly bills will gladly pay bills which are rendered once in two months. The affirmative also say a year is not time for our representatives to become acquainted with their duties, but if they have done well they can be reelected, and surely if they have done ill the quicker they take their exit the better. The burden of proof is on the affirmative and they must show by the intrinsic merits of their side that we should adopt biennials. Merely giving us statements of the men who agree with them and of the states who have abandoned annual elections is not enough.

The gentleman has asked us for proof, said Mr. E. S. Litchfield, not statements but what quicker, more conclusive proof can one really have, than the fact that 18 of our states have biennial elections, 3 triennial and 21 quadrennial elections. Only 2 states, Rhode Island and Massachusetts cling to the annual elections. Such a fact could not be without strong reasons to back it up, and it merely proves that the arguments which are advanced by the affirmative are arguments which in 42 out of our 44 states have successfully stood the test of experience. Mr. Litchfield then showed by statistics how much larger the percentage of voters was when the annual election had been abolished. This undoubtedly means better politics as the politicians, the wire pullers and the worst elements in the voting class are to be found at the polls anyway, and unless this is counterbalanced by a large per cent. of the total vote, these elements will get the upper hand.

The debate was then thrown open to the house and Mr. Sampson, Mr. Southworth, Mr. Sargent, Mr. King and others spoke.  
Mr. Colton, who was the critic of the evening, then came forward and in a friendly, yet specific way criticised the principal disputants. All felt that this inaugurated a very helpful plan.

**Civil Trial List.**  
The following civil cases are marked for trial next Tuesday:  
4408—Stafford vs. Braintree street railway Co.  
4449—A. M. Gardner Hardware Co. vs. Frolund.  
4458—Dufer vs. Baker and trustees.

**The Tenth for Reed.**  
Reed men are booming Albert E. Pillsbury and Edward L. Pierce in this district, the tenth congressional, for delegates to the Republican convention in St. Louis.

—Twenty-five prominent young ladies and gentlemen gave a good minstrel show at Odd Fellows' hall, Neponset, on Thursday evening.

A "Sleigh-load of Fun," in Truth tomorrow. All news-stands and trains.

Taylor's Anti-Headache Powders are just as harmless as water. Yet, look how powerful water is in putting out fire. Our powders cure Headache and Neuralgia in the same manner exactly. It is safe to say that these powders will cure all cases, because they never failed yet. Why not buy Taylor's and be sure about it? Get them of Leonard J. Pastor, Ph. G., 27 School street.

**DIED.**  
HUSTON—In Quincy March, 4, Mr. George Huston of Framingham, aged 82 years, 4 months and 22 days.

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston Atlantic, South and West Quincy.

Watch this line grow:

Wanted, in Quincy, a large hall.

The Hancock House may be closed, as it is advertised to let.

A public telephone station is to be established in J. F. Kanes store on Copeland street.

Some fine specimens of the work of Silas B. Duffield, jr., the artist, are on exhibition in the postoffice window.

The infant son of Mr. Osborne Rogers has been quite sick this week with the croup but is now much better.

The accident to Mr. Charles R. Sherman was not caused by attempting to board a moving train but by an icy step.

The places of business in Quincy will probably close Monday afternoon during the hours of the funeral of Gov. Greenhalge.

The indications in the granite industry are that there will be plenty of work this spring, and that means business of all kinds in Quincy will take a boom.

The New England Telephone Co. have modified their recent rigid order somewhat, and subscribers are again permitted to use the booth at the central station free of charge.

The displaying of the flags on the Willard and Adams school buildings Thursday, showed that both buildings are in need of new flags, especially the Willard whose flag is badly torn.

District Deputy Grand Regent Roberts will pay a fraternal visit to John Adams Council R. A. of Wollaston, Monday evening March 9, at which time two candidates will be initiated.

Persons who have failed to find Geo. W. Prescott & Son among the subscribers in the telephone book should look for the old firm name which continued to be used by the telephone people.

President Graham of the Quincy & Boston street railway says that work rebuilding the line between Neponset and Quincy Point bridge will be commenced as soon as the frost is out of the ground. As the road is to be rebuilt it would not be a bad idea for the City Council to order the tracks into the middle of Hancock street.

It is seldom that so large and successful a dancing party has been held at Wollaston as the one which was given by the Squantum Yacht club in the K. of H. hall on Thursday evening. This was due to the good management of the committee who had it in charge,—Mr. Benjamin Sargent, Vice Commodore Hamilton Flood, Dr. F. A. Locke and Mr. Alfred T. Barstow. Over forty couples danced, filling the hall to its utmost capacity. The old and the young tars shook out a reef and went in for a jolly good time. The costumes of the ladies were elegant, the whole scene making a very pretty picture. The music was by Astrella's orchestra of Boston. Lunch was served.

[Continued on third page.]

## My

Nerves are weak, many people say, and yet they do not seem to know that they are literally starving their nerves. Weak, pale, thin blood cannot give proper sustenance—that is why you are nervous, tired, exhausted. The cure for this condition is to purify, vitalize and enrich your blood. Take Hood's Sarsaparilla fairly and faithfully, and the rich, red blood, which it makes, will soon feed the nerves the elements of true strength they require; they will cease their agitation and will resume their proper place—being under the control instead of controlling the brain and body. Read Miss Bartley's letter:

"I want to express my gratitude for what Hood's Sarsaparilla has done for me. My health has been very poor for three years, due to trouble with my

## Kidneys

I was nervous, had pains in my back. I cannot tell what I suffered. My eyesight became affected and I was so despondent I did not have any interest in life. I had two physicians, but my complaints became worse. I was told that I was affected with Bright's disease. A relative urged me to try Hood's Sarsaparilla. I did so and in a short time I began to notice a change in my condition. Things began to appear brighter, my eyes improved and

did not trouble me so severely. My appetite returned and I gained strength every day. I am now able to do my own work, and feel perfectly well. I cannot find words to express my gratitude for what Hood's Sarsaparilla has done for me and I gladly recommend it." Miss ELLA BARTLEY, 213 1/2 S. Grant Ave., Columbus, Ohio.

## Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists, \$1. Prepared only by C. I. Hood & Co., Lowell, Mass.

## THE TRIPLE ALLIANCE.

What It Stands For and How It May Be Shattered.

Italians Still at High Pitch of Excitement.

Crispi Shows Great Courage in Facing Tumultuous Deputies.

ROME, March 6.—A Paris dispatch states that the fate of the triple alliance, according to Figaro, will be decided at the first sitting of the Italian parliament. What ever the issue may be, the paper adds, it need not trouble France. We need only to look on.

The Parisian says: France will be glad to see Italy turn toward her. She will be received with open arms.

The other French newspapers express sympathy with the Italians and denounce Premier Crispi, at the same time expressing the opinion that the Italian monarchy is endangered.

Italy has several times threatened to withdraw from the triple alliance, and now she may be forced out by a decision of her own parliament, or at the request of the other members—Germany and Austria. It is an open question as to whether the alliance is a benefit to her now, whatever it may have been in years past.

Under its terms she has been compelled to keep up a costly military and naval establishment, which have drawn harder on her than on any of the other powers.

In March, 1883, the Italian minister of war announced in parliament the existence of a triple alliance between Italy, Germany and Austria. The compact was made in the interests of European peace and the maintaining of the status quo.

One of the main points of the agreement was that each of the powers named should not only refrain from hostile action, but avoid causes which would be likely to awaken distrust.

It has often been said that the withdrawal of Italy and the formation of a new triple alliance would probably be a signal for immediate war, though equilibrium would not exist. This is not so.

The aggressors would wait to allow the weakening elements of the enemy to work their way, recognizing their own strengthening unity of purpose. Italy could be offered inducements by the dual alliance (France and Russia) that would outweigh the advantages of spectatorship and neutrality.

The dual alliance would require but a light burden, and would offer rich rewards. In the partition of Germany and Austria-Hungary that would follow victory, she would be promised vast tracts around the Adriatic, which, in the hands of an old enemy, have long been looked on with covetous eyes, and France, with vast, gratifying possessions on the east, might, and might, perhaps, allow her to take Tunis and Tripoli, in event of her getting Egypt.

Fearing to displease the powers, that might, without her even, be victorious, she would probably pass from isolation to alliance. Europe would then see the six nations in the two great natural and strategic alliances: France, Russia and Italy on the one hand; Germany, Austria-Hungary and Great Britain for defense. These six great nations have a population of about 324,000,000, of which about 74,000,000 are capable of bearing arms, possessing over 2,000,000 tons of war vessels afloat.

If Italy remained neutral, France and Russia would offer for invasion, at the present moment, in round figures, 1,500,000 men on the peace footing, and 7,000,000 on the war footing, against an opposing force of 900,000 men on the peace footing and 5,000,000 on the war footing. This heavy superiority will be greater in 1897, for the aggressors have a population of 165,000,000 in entire accord to draw from, while Germany and Austria-Hungary have but 91,000,000.

**Late Advice from Massowah**  
show that although the rout of the Italians was complete beyond any discussion, the extent of the disaster is somewhat less than at first supposed.

This is said to be owing to the fact that the Shoans did not pursue the Italians to Asmara, as at first reported, and parties of stragglers who were believed to have perished are now arriving there. This has caused a renewal of the complaints against the government for not giving the official estimate of the number killed and wounded, which is still believed to be over 5000.

It appears that a majority of the generals approved of General Baratieri's attack, and all accounts agree that General Albertone pushed too far ahead and engaged in a regular battle, his artillery, consisting of 14 guns, delivering a crushing fire upon the enemy until the whole Shoan army dashed against General Albertone's forces, and in spite of the bravery and tenacity of the Askaris they were compelled to recede.

On the arrival of reinforcements, it appears, General Albertone made a second attack under the cover of the artillery, which is described as being splendidly handled, and he kept the Shoans at bay long after the final retreat had been sounded. Eventually, the Askaris broke and the terrible rout began. Pursued and pursued mingled together, running and fighting mile after mile.

In the meanwhile General Arimondi's brigade had been packed on the other ridge of the pass, there not being space enough for the troops to deploy or assist General Albertone. The result was that Arimondi's men eventually became demoralized, although a few companies fought gallantly, while the remainder were only passive onlookers of the slaughter of their comrades by the Shoans, who cut them down, shot them or crushed them beneath stones, in great numbers.

Later the whole of General Arimondi's brigade became panic-stricken and fell an easy prey to the Hara tribesmen, who swarmed up the ridge, driving the Italians before them and cutting them down, shooting them without mercy.

Generals Baratieri, Arimondi and Cara, with their revolvers in their hands, did everything possible to stay the flight of the troops. But the efforts of the officers were futile, and the rout and slaughter continued.

Information has been received that General Arimondi was seriously wounded in the battle of Adowa. The news that General Baratieri and Colonel Galliano were killed is confirmed.

There seems to be no cessation and no amelioration of the agitation and disorders among the people, notwithstanding the less disastrous character of later reports of the battle at Adowa. The agitation is as threatening as ever, and during

last evening the rioters smashed numerous windows. Almost everywhere excited crowds paraded the streets, and the police had great difficulty in dispersing them, as is shown by the reports of many conflicts that have occurred between the police and the people. A large number of arrests have been made.

The public apprehension of trouble is indicated by the number of shops that have been closed for fear of the damage that would result to them from an outbreak of disturbances. The troops are also still confined to the barracks.

The utmost efforts of the police and soldiers to disperse the mob which had held possession all day of the Piazza Colonna in front of the chamber of deputies proved futile, and cries of derision and disapproval of the government, of Premier Crispi and of the commanders in Africa are still being pertinaciously kept up by the parading crowds.

**Excited Deputies.**  
Long before the hour of opening the chamber of deputies yesterday enormous crowds of people practically surrounded the building. The streets in the vicinity were patrolled by troops.

The sitting of the chamber was of the wildest character. Sig. Crispi announced the resignation of the cabinet, which announcement was received with passionate applause.

Many members shouted insults at Crispi, but when the premier was enabled to obtain a hearing he grimly declared that the ministry, until the nomination of their successors, would retain office and maintain public order.

The uproar continued throughout the sitting, and the scenes of extreme disorder were renewed when the president declared the sitting ended.

During the uproar, the premier was as cool as if nothing was happening and he ironically on all sides while the Leftists were howling him. Eventually the people in the gallery became so excited and took such an active part in the demonstration that the police closed that part of the house. But this was only accomplished with a great deal of difficulty.

There were several arrests made and a number of members of the people in the gallery and the police, the public shouting and yelling as they were driven out.

Later, several thousand people met on the Piazza Colonna, and after listening to a number of fiery orations, during which the African policy of the government was strongly denounced, the police and troops intervened, and the meeting was dispersed.

After the adjournment of the chamber a majority of the deputies remained inside the lobby quarrelling violently, and in several cases almost coming to blows.

Many members of the chamber of deputies were prepared to make inflammatory speeches, and there is much complaint against the government of the day, and the appointment of this sort, at the abrupt and summary manner in which an adjournment was had. The government seems to have taken the chamber by surprise with this movement. Even the Marquis di Rudini, the leader of the Opposition, and who is generally believed to have been asked by King Humbert to form a new cabinet, desired to be heard by the chamber, and was unceremoniously cut off.

The party of the Left had even given notice of a motion to impeach the cabinet, and are in a high state of indignation at leaving the press ministry in undisputed control, pending the formation of the new government. The president of the chamber of deputies afterward explained that they were actuated in thus adjourning and cutting off debate by a desire to avert untoward incidents which might further imperil the welfare of the country. As the deputies had expressed the indignation of the country with the policy of the government, and as assurances were given of a change of ministry, this was thought sufficient.

**To Utilize Water Power.**  
PORTLAND, Me., March 6.—A movement has been begun for the utilization of the water power of the Presumpscot river at North Gorham. The water privilege there is owned by the United Indurated Fibre company, whose officers have in contemplation the enlargement of the present dam there and the erection on the site of the company's old factory a power house for the generation and transmission of electrical power, which it is intended to convey to Portland.

**Kentucky's Muddle.**  
FRANKFORT, Ky., March 6.—When the House of Senate N. E. was called in the joint ballot yesterday, he arose and said: "I have voted for the nominee of the party for 38 times, but now I cast my vote for John G. Carlisle." The ballot resulted: Blackburn, 55; Holt, 8; Deboe, 40; Carlisle, 7; Hunter, 4; Pratt, 1; Cominsore, 3; Lyons, 1; E. C. Vance, 22; Pettit, 1; John M. Harlan, 1; Dodson, 1.

**Denied at Washington.**  
WASHINGTON, March 6.—From a source, the accuracy of which cannot be questioned, the report that Minister Dupuy de Lome has telegraphed his government that President Cleveland will refuse, as long as he is president, either to recognize the rebels or intervene in the Cuban question, can safely be denied.

**THE WEATHER INDICATIONS.**

The New York Chamber of Commerce made a plea for the maintenance of the gold standard.  
A southern scientist claims that he has secured perfect photographs of hidden objects by aid of an ordinary magnet.  
It is reported that the mayors of New York, Brooklyn and Long Island City favor the greater New York movement.  
George Davis, a bicycle thief, was arrested at Nashua, N. H., while attempting to steal a bicycle at a doctor's office.  
August Belmont and Henry Sutte have been added to the reorganization committee of the Baltimore and Ohio Railroad company.  
Eastern creditors of the Waldo Park Motor Railway company of Kansas City have asked that a receiver be appointed for the property. The liabilities amount to about \$75,000.

## CHRISTIAN ENDEAVOR.

Topic For the Week Beginning March 8. Comment by Rev. S. H. Doyle.

Topic.—Heroes of missions.—II Cor. xi, 23-28. (Let each Endeavor give an instance of missionary heroism.)

The heroes of missions have been those who have been willing to sacrifice and suffer, many of them even death itself, for the great cause of missions.

Paul is the great Scriptural example of a hero of missions. His historic sketch of his extraordinary trials for Christianity, found in our Scriptural reference, makes it evident that he stands among the first of those who may claim the title of missionary heroes.

What a wonderful record! He was scourged "five times," in "prisons frequent," in "deaths oft," "thrice beaten with rods," once "stoned," "thrice suffered shipwreck," in "perils in the sea," and on land midst foes and friends, in the wilderness and in cities, tried by "weariness and painfulness, in watchings often, in hunger and thirst, in cold and nakedness," and besides all this there was daily upon him the care of all the churches.

This is a wonderful record, and yet the annals of missions will tell us of many just such heroes. In many places even today the lives of the missionaries of the cross are jeopardized. In the past year many have been cruelly murdered, their mission stations burned and many indignities and outrages have been heaped upon them.

What a contrast are our Christian lives in this particular. We often speak of the trials and hardships that we are called upon to endure for Christ, but what are they in comparison to these heroes upon our foreign mission fields?

But what should be the effect of the sufferings of our missionaries upon us? It should fill our hearts with gratitude and thankfulness to God that our lives are not endangered and that we live in a land where it is an honor to be a Christian if we are only true to our Christian profession. It should also arouse a deeper interest in missions and missionaries in our hearts. How can we see our fellow Christians suffering and enduring hardships in places where we ought to be perhaps and not be most deeply interested in them and their work? We should sympathize with them, pray for them and encourage them by liberal gifts. The hardships of the mission field cannot but be lessened when these heroes of missions realize that they have the united sympathy, prayers and support of Christendom back of them. Will we do our part in giving them to realize that this is the case?

**Bible Readings.**—II Chron. xxxvi, 14, 15, 16, 17; Neh. ix, 26; Isa

Probably Crazy by Sickness of a Daughter.

Murderer and His Victim Lying Side by Side When Found.

ST. ALBANS, Vt., March 7.—Chester H. Collins, a farmer living in Swanton, killed his mother and then cut his throat yesterday morning. Insanity was undoubtedly the cause.

A few days ago Collins moved to his father-in-law's farm and rented his place. He took with him his mother, aged 73, and his son, Leon, aged 13, besides a hired man and girl, leaving his wife at the old home to care for his 16-year-old daughter, who was sick. He worried and talked a great deal about the change, and it seemed to weigh on his mind.

Yesterday morning he held family prayers and read a portion of Scriptures. After attending to a few duties, he returned to the house. No one saw the deed, but the story is best told in the words of his son, who escaped the slaughter. Said he:

"Just as I came in the door I heard papa say: 'If Father Collins should come here today I don't know what I should do to him.' He was then in the dining room and had grandma by the hand and his head in her lap. He had a hammer in his other hand. He looked awful wild and I was scared. Ella and grandma and I tried to get him into the sitting room, where he could lie on the lounge.

"We tried to get the hammer away, but couldn't. Finally we induced him to go into the sitting room. He still kept hold of grandma's hand, and when he sat down on the lounge, made her sit in a rocking chair beside him. Then he called me to come in and sit down beside him, but I didn't dare to. He said to me: 'You and grandma and I are all going home together this morning.' When I didn't come he struck the table with the hammer and then struck his leg. He kept trying to get me into the room, but I was so afraid I

Did Not Dare Go Near Him.

"Finally, I went to the barn, and left papa and grandma in the sitting-room. He was lying on the lounge, but still held of grandma's hand. While I was out to the barn, Ella, the hired girl, came to the barn and called me. She said papa wanted me to come right into the house. While she was speaking, we heard a blow and heard grandma scream. I knew something had happened and started for a neighbor's."

When the neighbors entered the house they found Collins and his mother lying in a pool of blood in front of the stove in the sitting room. Both had their throats cut from ear to ear, and Mrs. Collins' skull was crushed. Tightly clenched in Collins' right hand was a razor. Over in the corner was the hammer, the handle broken off close to the head.

There were evidences of only a slight struggle. Collins had evidently struck his mother a savage blow on the head with the hammer while the old lady was sitting in the chair. That part of the room was splashed with blood.

He evidently cut her throat there and laid her down in front of the stove. His body was found so close to his mother's that their faces almost touched, and it appeared that he had lain down beside her and cut his throat.

Mr. Collins was a church member and known as an honest, industrious man. His father had fits of insanity, and there is a taint of insanity running back through the family.

THE GREENHALGE FUNERAL.

Arrangements Will Not Permit Attendance of General Public.

LOWELL, Mass., March 7.—The arrangements for the funeral of Governor Greenhalge were officially announced by Colonel Winslow of the committee having the arrangements in charge. A private service will take place at 10:30 o'clock Monday morning at the Greenhalge residence.

The public funeral will be held in the First Congregational church at 2:30 o'clock in the afternoon. Only executive officers of the bodies who wish to be represented will be admitted. Each delegation must choose one of its number to whom a ticket will be issued, and in no case will tickets be given to individual members of a delegation.

The service will be conducted by Rev. George Batchelor of Cambridge, formerly pastor of the Unitarian church where the late governor attended. Rev. J. L. Seward of Allston will assist. The music will be provided by the Unitarian church quartet, directed by B. F. Lang of Boston. The burial will be at the Lowell cemetery, and will be private.

The police arrangements will be in charge of Superintendent Davis of the local force, assisted by Chief Wade and a delegation of the state police and a large detail of the Boston force. The bearers will be eight sergeants from the Lowell militia companies.

The honorary pallbearers, who have been selected by the family, are: George F. Hoar, Worcester; Lucius Tuttle, Boston; Hosea M. Knowlton, New Bedford; William S. Knox, Lawrence; Rodney Wallace, Fitchburg; Curtis Guild, Jr., Boston; C. F. Allen, Hyde Park; Dr. Franklin Nickerson, Lowell—all personal friends of the governor; William F. Courney, mayor of Lowell; Judge Sheldon of Boston, representing class '63 of Harvard; Dr. Charles W. Eliot, president of Harvard university; Judge Charles S. Lilley of Lowell, representing Middlesex county bar.

Ushers at the church—W. A. Bancroft, Cambridge; R. F. Barrett, Concord; G. B. Billings, Boston; R. H. Boutwell, Belmont; W. P. Burbank, Lowell; W. N. Butler, New Bedford; F. A. A. Bullock, Lowell; Walter Clifford, New Bedford; C. P. Curtis, Jr., Boston; Daniel Kent, Leicester; L. H. Kileski, Lowell; R. H. Kneil, Westfield; G. H. Lyman, Boston; Dana Malone, Greenfield; J. E. Mullen, Boston; C. B. Palmer, Lowell; J. N. Peterson, Salem, and G. R. Richardson, Lowell.

Attributed to Overwork.

BOSTON, March 7.—Alger W. Allen, 25 years old, a second year student at the Boston University law school, living in Cambridge, committed suicide with morphine at a hotel here yesterday. Allen came here two years ago with his brother and sister from Claremont, N. H. His father was a prominent judge of New Hampshire. His brother attends the Harvard law school, and he and his sister have been much worried of late by Alger Allen's prolonged absences. He had not been heard from for a week when found yesterday. It is thought his act was caused by overwork.

In an Ocean Grave.

VINEYARD HAVEN, Mass., March 7.—Steam tug Right Arm reports speaking the Pollock Rip lightship which stated that an unknown four-master, sunk on March 3, during the thick snowstorm, one quarter mile east-southeast of the lightship. She had colors set with the union down, but a crew from the lightship could not reach her. Her masts are broken off, and there is neither trace of the vessel nor her crew.

Going to England.

NEW HAVEN, March 7.—The students of Yale university last night endorsed the program of the navy for the coming season, and by a vote of 460 to 16 decided in favor of allowing the crew to go to England to take part in the Henley regatta in June. The financial problem is not worrying the friends of the crew, as they know ample backing will be forthcoming. The crew will leave for England June 6.

Mrs. Quinlan Set Free.

BOSTON, March 7.—The Suffolk grand jury made its March report yesterday in the superior court, before Chief Justice Mansfield. Mrs. L. Quinlan is discharged of the charge of the murder of her sister—Mrs. Sophia Grant—in Charlestown, on the night of Feb. 1. The grand jury, after hearing the witnesses that the government was able to produce, returned no bill against her.

Dog Gave Warning.

BRIDGEPORT, Conn., March 7.—The baying of a small dog near Factory pond, North Bridgeport, yesterday, led to the discovery of a hat on the ice, and later the recovery of the bodies of Charles Renz, a contractor, and Charles B. Smith, one of his workmen. Both had been drowned by the ice giving way, while crossing the pond about two hours before.

One Day in Solitary.

CAMBRIDGE, Mass., March 7.—Charles W. Sanford, formerly tax collector of Concord, pleaded guilty yesterday to the charge of embezzlement. Judge Sheldon sentenced him to the state prison for a term of not more than five years or less than three, the first day to be in solitary confinement.

Out on Bail.

PROVIDENCE, March 7.—Dr. F. E. Hale, who is being held for the grand jury on the charge of having caused the death of Kate Feeney, was admitted to bail in \$15,000 last night. The doctor's case is expected to be brought for the present sitting of the grand jury.

Tried of Hiding.

PROVIDENCE, March 7.—Mrs. Clara Valois, who is charged with causing the death of her father, John W. Rossier, last November, and who has succeeded in eluding the police, gave herself up yesterday afternoon and was admitted to \$15,000 bail until March 13.

Guilty of Forgery.

BOSTON, March 7.—Harry M. Fowle pleaded guilty yesterday to an indictment of forgery returned by the Suffolk grand jury. Two indictments were returned against Fowle, who was bookkeeper for the Shepard & Morse Lumber company.

New England Briefs.

Edward Gibbon of Saco, Me., aged 60, took rough on rails. He will die.

A man named Chagnon was struck by a train at Providence and fatally injured.

Fire in a Malden (Mass.) building, occupied as a bicycle factory, caused \$2500 damage.

A costly gymnasium, the gift of Messrs. Havemeyer and Benedict, is to be built at Greenwich, Conn.

The ice jam at Brunswick, Me., which threatened further trouble, has given way and all danger is over.

Dr. John S. Daniels died at Rochester, N. H. He had held many offices in secret societies and figured in politics.

George Hull, who was badly frozen at Kingston, Mass., in a shed with the thermometer 20 below zero, died as a result of the exposure.

The body of a man, supposed to be Herbert William Phelps of Springfield, Greenfield, was found hanging in a barn in Charlton, Mass.

The report that Harvard had refused a challenge from Yale for a correspondence match at chess is untrue. The chess challenge has been accepted.

Dr. George B. Cogswell, brother of the late ex-Governor Cogswell, died at North Boston, Mass., from eczema of the lungs. Dr. Cogswell was born in Bradford, Sept. 13, 1834. He served three years in the late war.

Harvard college has refused the subject submitted by Yale for the annual debate in May. The question was: "Resolved, That a Permanent Board of Arbitration Should be Organized by the United States and Great Britain." Yale will now be requested to offer another subject.

Nothing For the Public.

WASHINGTON, March 7.—The Venezuelan commission yesterday received the report of Justin Winsor, librarian of Harvard college, who was entrusted with the difficult task of going over the 300 maps of the Venezuelan-Gulana boundary territory. These maps came from all available sources. The commission of the commission went over the report, but no information was made public as to its exact nature.

## THE BOUNDARY ROW.

Venezuela Is Wrong, but England Desires a Fair Settlement.

LONDON, March 7.—The British blue book on the Venezuelan boundary dispute was laid on the table of the house of commons yesterday. It consists of a review of the history of Venezuela, and declares that Great Britain, while maintaining her just rights, has consistently shown a desire to make fair arrangements in regard to the boundary. The claim of Venezuela that her territory extends to the Essequibo is based on contentions in no wise supported by facts, and cannot be justified on any reasonable ground.

A Busy Day.

WASHINGTON, March 7.—The house yesterday passed the legislative appropriation bill, which has been under consideration for a week. Most of the time, however, was consumed in the consideration of an amendment to abolish the fee system of United States attorneys and marshals. This amendment was perfected and adopted. The house entered upon the consideration of the postoffice appropriation bill, the largest of the regular supply bills, which carries \$91,943,757. A bill was passed to abolish the cash payments of pensions, the purpose of which was to protect old veterans who squandered or were swindled out of their pensions on quarterly paydays.

Rebels Give It Up.

MANAGUA, March 7.—Word received last night indicates that the Leon rebels have given up their cause. Rafael A. Gutierrez, President of Salvador, has telegraphed to President Zelaya, informing him that the Leon rebels want to make terms of peace. President Zelaya is determined that the only terms of peace he will give are that the Leonists shall pay all the expenses of the war preparations which have been necessitated by their revolt, shall give up all their arms and that their leaders shall be tried by court-martial.

But Three in It.

OMAHA, March 7.—General Manderson has returned from Washington. He says: "Those who keep their fingers on the pulse of the political public say it is growing more and more certain every day that neither Reed nor McKinley can be nominated by the next convention of the Republican party. In that event, it is felt that the nomination will go to a western man. Among the western men the contest will doubtless be between Allison, Davis and myself."

One Vote Short.

FRANKFORT, Ky., March 7.—The Republican members of the legislature feel confident that St. John Boyle of Louisville will be elected United States senator. They propose to force a vote in the house this afternoon on the Kaufman-Dunlap contest. After unseating Kaufman and swearing in Dunlap, the senate will not have time to retake before the legal hour arrives for the joint ballot. Boyle now lacks only one vote.

On His Death Bed.

NEW YORK, March 7.—Rear Admiral Henry Walker, U.S.N., retired, is dying at his home in Brooklyn. Admiral Walker is 87 years old. He served effectively during the civil war, and to him was due much of the success of the Union army in the lower Mississippi. He retired in 1871, being the first officer of his rank to voluntarily retire from the active list for the benefit of his junior officers.

The Bayard Resolutions.

WASHINGTON, March 7.—The resolutions censuring Ambassador Bayard for his Boston and Edinburgh speeches will not, it is said, be allowed to slumber in the senate. Speaker Reed is understood to have given assurances that they shall be called up after several other appropriation bills have been passed. They are expected to provoke a spirited debate.

An Avowed Candidate.

WASHINGTON, March 7.—Senator Cullom of Illinois says: "After due consideration and careful investigation of the situation, I have said to the people of Illinois that I should deem it a high honor to have the support of my state delegation at the St. Louis convention. I am a candidate to that extent, and I may add that I now see no reason why I should not continue to be a candidate."

No Let-Up.

MADRID, March 7.—There were renewed demonstrations of hostility to the United States yesterday at Valencia, Dolores and Alicante. There was also a demonstration made before the French consulate at Valencia. The French consul appeared upon the balcony in response to the acclamations of the crowd and saluted them.

Control of Boston Gas Interests.

WILMINGTON, Del., March 7.—It is stated here that J. E. Addicks, the gas magnate, made a deal with Boston parties yesterday by which he secured control of the Standard Oil company's interests in the gas lighting business in Boston. The deal, it is said, gives Addicks a monopoly of the gas business in Boston.

The Obstructive Sultan.

CONSTANTINOPLE, March 7.—The sultan's minister of foreign affairs has renewed his promise to Miss Clara Barton to permit the distributors of relief to go to Anatolia, but the sultan has ordered the stay of the execution of his trade allowing Miss Barton to send aid to the sufferers.

Old Publisher Gone.

HEMPSTADT, N. Y., March 7.—Philip J. A. Harper, the retired senior member of the publishing firm of Harper Bros., of New York city, died here yesterday of a complication of heart and kidney troubles. Mr. Harper had been sick for the past two years, and was constantly attended by a physician. Mr. Harper was 72 years old.

Mining Property Attached.

BUTTE, Mont., March 7.—Attorneys representing the eastern bondholders of the Butte and Boston Copper and Silver Mining company have filed an attachment on their property for \$415,000. Seven hundred men are thrown out of employment.

HOOD'S PILLS cure Liver Ills, Biliousness, Indigestion, Headache. A pleasant Laxative. All Druggists.

it's a death tap at your life door.

If you knew it you wouldn't neglect such a cough.

HALE'S HONEY OF HOREHOUND AND TAR

Hale's Honey of Horehound and Tar is a simple remedy but it acts like magic in all cases of throat or bronchial trouble. Sold by druggists.

Pike's Toothache Drops cure in one minute.

The Senate OF THE United States

Is an irresponsible body, says the Spanish minister, but if you want to buy good, honest goods, go to MISS C. S. HUBBARD'S, City Square.

Wrappers, 69c, 79c, \$1.00, \$1.25, \$1.50.

## The Social Realm.

Mr. and Mrs. A. G. Durgin arrived home yesterday from Florida. After the summer weather of Florida, old New England seemed to give them a cold reception.

Mr. and Mrs. Albert E. Foster entertained the Crystal whist club at their residence on School street, Wednesday evening. After two hours play, refreshments were served and the guests were then treated to some musical selections on the barjo, mandolin and guitar by Mr. and Mrs. Foster and Mr. C. H. Penniman.

Mr. H. L. Rice sailed for the West Indies on Tuesday.

Mrs. Eugene Hollis, of Braintree, gave one of her annual dinners Thursday. Most of the ladies present were from Brighton. It was one of those delightfully pleasant occasions that her friends love to remember, and such an affair as Mrs. Hollis knows just how to provide.

One of the prettiest dancing-parties of the season was given by Mr. and Mrs. Charles Atkinson Price of Adams street on Thursday evening. Congratulations and good wishes were showered on Miss May S. Rice and Mr. Homer Bigelow, Jr., whose engagement had just been announced. Frappe and dainty cakes were served throughout the evening, the time-honored but unhealthful caterer's supper being dispensed with; a commendable departure from conventionality.

The engagement is announced of Miss Susie L. Delano of Wollaston, and Mr. John W. McMillan of Boston.

The South Quincy progressive whist club held its last regular weekly meeting on Thursday night, which closed a series of most enjoyable social gatherings. There were present Mr. and Mrs. Fred Dell, Mr. and Mrs. Henry Willey, Mr. and Mrs. Edward Andrews, Mr. and Mrs. Alex. Hall, Mr. and Mrs. Hugh Ross, Mr. and Mrs. J. H. Gillis. A royal repast was served by the hostess Mrs. Willey.

Mr. and Mrs. T. A. Watson, of Braintree, started Thursday for an extended trip west; they will probably visit Alaska before they return.

The first of the Lenten subscription readings by Miss Thompson of Brookline will be held at the home of Mrs. C. Theodore Hardwick on Chestnut street, next Tuesday afternoon.

The correct style of address line on fashionable note paper, says the Jenness Miller Monthly, is now engraved in block letter instead of script. Script is also used but it is on the wane, both in address lines and on visiting cards. This is the most radical departure of the year in stationery circles—the revival of the block letters which were some years ago declared very bad form on visiting cards or stationery.

Hon. John F. Merrill and family, who have been keeping house in the Russell house on Greenleaf street, have taken rooms at the Greenleaf. At present Mr. and Mrs. Merrill are in New York.

The N. E. Women's Press club tender a reception to Mrs. Harriet Prescott Spofford at the Parker house, Boston, on Thursday, March 12, from four to six. Miss Annie L. Prescott has been invited to assist at the tea table.

The genial Henry H. Faxon has been missed the past week having had a severe cold, and unable to leave the house from Saturday to Thursday.

The reign of the bustle is assured. New styles are constantly being added to the already large stock in the New York stores.

The date set for the marriage of Ex-President Benjamin Harrison and Mrs. Dimmock is Monday, April 6. The ceremony will take place at St. Thomas church, New York, and will be celebrated very quietly, only intimate friends being present.

Braintree ladies are becoming much interested in the chapter of the Daughters of the Revolution which is being formed in Quincy. Mrs. B. F. Dyer, Mrs. F. Eugene Dyer, Miss Annie K. Dyer and Miss Mary J. Pratt have taken out application

American women are not sufficiently independent in the exercises of hospitality, says Table Talk. Each hostess is not a law unto herself, but too much governed by the methods of her neighbor, whose circumstances, purse and conscience may widely differ from her own.

Mr. Fred E. Allen of Abington and Miss Grace E. Hollis of Weymouth were united in marriage last Saturday evening.

Miss Annie L. Prescott is on the committee to arrange the decoration of the tables at the grand reception to be given March 17th at the Vendome, Boston, by the Daughters of the Revolution and other Patriotic societies. The day commemorates the evacuation of Boston by the British.

Kid belts no longer accompany the tailor-made gown, but the gilt girdle, a

half-inch wide is the accepted belt of the hour. Black and gold plaid gallowen encircles the waist, and is ornamented by a tortoise shell buckle, inlaid with gilt scroll-work. These are a bit dashing, but not so gorgeous as the all gilt belt, and are intended as a substitute for the gilt braid for matrons.

Two thousand tickets are to be issued next week for the grand reception on the 17th by the Daughters of the Revolution and other societies. Twenty gentlemen from the Sons of Revolution are to act as ushers, and as many ladies are on the committee on decorations. The U. S. Army officers and U. S. Navy officers will appear in full uniform and the affair promises to be very brilliant and patriotic.

Mrs. Edward Russell, Miss Russell and Mr. Harry Russell have given up their suite at the Greenleaf and returned to their home on Greenleaf street.

The literary club, of Braintree, will meet with Mrs. C. A. Pitkin Monday, evening, March 9th. The quotations will be from Abraham Lincoln.

The next meeting of the Quincy Chapter of the Daughters of the Revolution will be held in April, at the beautiful new home of Mrs. Eben W. Sheppard, on Greenleaf street.

Mr. Harry Flint, who formerly resided on Foster street, in this city, was in town yesterday calling on old friends.

Mr. Charles V. Wells, son of Rev. John D. Wells, formerly pastor of the Unitarian church in this city, leaves the first of April with his brother and cousin, of Cambridge, for an extended tour of the world.

Charles A. Howland and Warren W. Adams attended the dinner of the Sirloin club at Young's hotel, Boston, last evening where resolutions were passed on the death of Gov. Greenhalge.

The engagement is announced of Miss King daughter of Mrs. George Parsons King of Boston, and Stephen Weld, Jr., of Dedham.

The leap year party at Hingham last evening was a very brilliant affair.

Several Quincy young people attended the leap year dance at East Milton, last week. The managers were Miss Lucy Eaton, Miss Mabel Buck, Miss Lottie Van Horne, Miss Nellie Graham and Miss Fannie Gibbs. The grand march was led by Miss Eaton and Mr. Jesse Baxter.

Miss Mary A. White of Holbrook has been visiting her brother, Mr. Charles D. White, at Wollaston.

The Newbury Social club of Atlantic are making arrangements for their third dancing party of the season, to be held in Music hall, Atlantic, on Easter Monday evening.

Mr. William T. Adams, (Oliver Optic) has arrived in Japan, where he is to study the language.

Mrs. Charles A. Hall of Walker street is convalescing from an attack of the gripe.

Miss Lillian W. Hammond was elected president and Miss Alice G. Coe vice-president of the Atlantic Y. P. S. C. E. at their business meeting on Thursday evening. Under their leadership the society surely ought to be very prosperous.

The engagement is announced of Miss Velma W. Brown and Mr. Eugene C. Small, of Cohasset.

Mr. and Mrs. Henry A. Belcher of Randolph are at Palm Beach, Florida.

Mr. Walter H. Hersey is to sing several solos at a concert to be given by the Amodeus orchestra at Braintree next Friday evening.

A complimentary concert to consist of music and literary exercises, is to be tendered to Mr. William A. Owen at Music hall, Atlantic, the latter part of this month.

Headache! Glasses relieve many. Consult Williams, practical optician, 126 Copeland street. Scientific test free.

**No Gripe**

When you take Hood's Pills. The big, old-fashioned, sugar-coated pills, which tear you all to pieces, are not in it with Hood's. Easy to take

**Hood's Pills**

and easy to operate, is true of Hood's Pills, which are up to date in every respect. Safe, certain and sure. All druggists, 25c. C. I. Hood & Co., Lowell, Mass. The only Pills to take with Hood's Sarsaparilla.

**Clearance** Stock taking sale. Prices reduced.

### BRAINTREE.

Next Sabbath will close the evangelistic meetings in the Baptist church.

The family of Dr. Simpson, Washington street have been happy by the advent of a fine little baby boy.

The committee on appropriations will give a public hearing in the Town Hall, Tuesday evening, March 10. You are interested in this will you not be present?

The entertainment given by the pupils of Monaquot school last night was of an exceedingly high order. The Town Hall was filled with parents and friends who appreciated and applauded every selection. The recitations were given with much expression and in good voice.

The fencing by the boys was almost perfect. The parts of the entertainment that carried the audience by storm were the various drills and the Anvil chorus.

The fancy club singing by Miss Cottle was charming and graceful. In her training of the various grades she has shown rare ability and she deserves much credit, the affair was considered the best school exhibition ever given in Braintree, and every one who took part should be complimented upon the result.

The two-year old son of James R. Qualey fell from a chair yesterday breaking his collar bone.

The second annual meet of the Thayer Academy Athletic association will take place in the gymnasium Saturday March 14.

James R. Qualey has purchased the waiting shed that stood on the east side of the track at Braintree. Fifteen horses were employed to move it yesterday. They got as far as Monaquot avenue where they were obliged to leave it for the night.

The Republican caucus will be held March 12 at 7.45 for the election of delegates to the State and district conventions.

Hon. Edward Avery, a citizen of Braintree, and one of the popular democrats of Massachusetts, is dangerously ill at his winter home in Boston.

The name of Representative Will W. Mayhew was announced by the speaker of the House among the hundred Representatives that are to attend the funeral of the lamented governor.

### TODAY'S COURT.

Caesar Tantasina was arraigned for keeping a liquor nuisance at Quincy, and was fined \$100. Appealed.

John T. Buckley of Weymouth was arraigned for non-support of his wife, Mary A. Buckley. Case continued until March 16.

James Maloney and Kate Cloughlin were arraigned for fornication at Quincy. They were sentenced to three months in the House of Correction. Appealed.

### MILTON.

The selectmen of Milton organized last evening with J. Albert Simpson as chairman and George W. Nickerson as clerk. The board will hold a special meeting next Tuesday evening to make its appointments.

### Atlantic M. E. Church.

In spite of the unusually bad weather, the Atlantic M. E. church had good services, fairly well attended on last Sabbath. Rev. J. W. Stephen of the East Ohio conference, preached an excellent sermon at the morning service and administered communion at its close. A good missionary programme was rendered in the Sabbath School and the second largest Sunday School collection of the year was taken. Epworth league services were held at 6 o'clock. At the pastor preached on the subject "The model boy of the Bible."

A large and enthusiastic crowd did ample justice to the spread and entertainment given by the Ladies' Aid on Tuesday evening. The programme was one of a superior order and was heartily enjoyed by all present. Messrs. Jones, Tilton, Fleming, Bell and Durao took part in the programme.

Out of Weakness comes strength when the blood has been purified, enriched and vitalized, the appetite restored and the system built up by Hood's Sarsaparilla.

Hood's Pills cure nausea, sick headache, indigestion, biliousness. All druggists, 25c.

### MARRIED.

MURPHY—SHEA—In Palmer, Feb. 21, by George Robinson justice of the peace, Mr. Arthur Murphy to Miss Elizabeth F. Shea both of Quincy.

### DIED.

TILDEN—In Braintree, Feb. 29, Mr. Isaac M. Tilden, aged 76 years, 10 months and 11 days.

HULL—In Braintree, March 1, Harold J., infant son of Mr. John J. and Mrs. Mary Ida M. Hull, aged 3 days.

Sabbath School at 12 m. Epworth League at 6 p. m. Evening sermon by the pastor. Subject: "The worst woman that ever lived." All strangers are welcome.

Castle Square Theatre, Boston.

The production of "The Mikado," is for the present week only. Mr. Rose's choice of operas is dictated largely by personal requests from his patrons. All are invited to send in their choice of operas, either by letter or in person. "These requests," said Mr. Rose, "are kept in such a thorough way that I can tell at a glance what my chances are on any particular opera. When the requests rise above two hundred, I begin to consider the piece called for seriously. When they rise to five hundred, I paste the leaf down, and underline the opera as soon as convenient; the five hundred mark settles it, I know then that the time is ripe. The opera to follow "Mikado" is already decided. It will be "Mignon," the romantic story of the child stolen by gypsies and brought up by them until purchased by a young student. She follows his fortunes, and finally wins him from his infatuation to an actress. The cast will be a strong one all the members of the company having parts for which they seem admirably suited. As for the production, that can safely be left to the exquisite taste which has brought such excellent results in the past to the Castle Square.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c.

### WEEKLY TRADE REVIEW.

An Unfavorable Week but Prospects of a Boom in the Near Future.

NEW YORK, March 7.—Bradstreet's says general trade began the week relatively less favorably, but with the change from high winds and extremes cold, which checked trading, to milder weather, increased purchases and brighter prospects for business have appeared.

Unfavorable conditions previously reported are continued, but they are less numerous than those pointing to improvement. Conspicuous among them is continued depression in the woolen and cotton goods manufacturing industries. Trade with manufacturers in those lines is very dull, some cotton mills running on half time.

The cotton market has continued its downward movement, spots have fallen 3-16ths again and the May option 20 points. Makers of woolen goods report spring trade over, full trade not yet begun and much of the woolen wear machinery idle. Iron and steel have had an unsatisfactory demand and prices of billets and southern pig are shaded. There are also reductions in quotations for cotton, prints, cloths, petroleum, hides, and for wheat, Indian corn and oats. Monstrous collections are generally unsatisfactory.

February bank clearings reflect activity at the banks as a result of the bond issue and also the inclusion of one more business day in February, except in five states. Increases over last year are more numerous than for months past, and the percentage of gain in the aggregate for February is larger than that for January.

Exports of wheat (flour included as wheat), from both coasts of the United States this week, against 4,467,000 bushels, against 4,372,000 bushels in the first week of March, 1895. Exports of Indian corn are 2,775,000 bushels this week, against 4,000,000 bushels in the corresponding week a year ago.

The falling off appears disappointing as the February decrease for 1895 was 9,000, 000 bushels, but it will be recalled that in the corresponding month of 1894, American, Canadian, European and aloft stocks increased 180,000 bushels. In the United States and Canada, both coasts, the February decrease of available wheat supplies was 4,467,000 bushels, against a decrease of 9,849,000 bushels in February last year and 3,587,000 bushels in February, 1894.

The reports of the boot and shoe interest are not, on the whole, encouraging. During this week, shipments from the east being still nearly 20 per cent less than last year, but there was no further decline in prices.

Failures for the week have been 285 in the United States, against 224 last year and 68 in Canada, against 58 last year.

### Convicted of Manslaughter.

DETROIT, March 7.—It took but one ballot by the jury yesterday in the trial of Alice B. Lane to convict her of manslaughter. She was charged, jointly with Dr. D. J. Seaman, with responsibility for the death of Emily J. Hall, the girl who was brought here for treatment from Birmingham, Eng., by Rev. Jonathan Bell, with which she had been unduly intimate. Mrs. Lane was proprietress of the lying-in hospital in which Miss Hall died. Dr. Seaman was recently sentenced to 10 years in state's prison. Miss Lane has not yet been sentenced.

### Most Shocking Crime.

## THE LAST OF EARTH.

Governor Greenhalge Laid to Rest Without Ostentatious Display.

Burden Falls Heavily on Hearts of All Citizens.

True Merit Made Him Beloved by All Classes and Creeds.

LOWELL, Mass., March 9.—The funeral of Governor Greenhalge occurred today. The ceremonies in all respects had the essential characteristics of the man, the impressiveness that goes with simplicity and quiet dignity. It was private, but not in the sense of exclusiveness. The opportunity of the public to evince their respect and sympathy was limited only by the capacity of the church where the public ceremonies were held, and the necessity of selection based upon the governor's social and official relations in life. Words of sympathy and spiritual comfort were spoken to the family within their own home, surrounded only by relatives, intimate friends and neighbors, and the broader expression of condolence was made in the presence of representatives of the numerous relations into which the development of the deceased had carried him.

There were no music, no display of military, no conventional, and while many in this community who could not would like to have been present at the services, or viewed the remains of the departed lying in state, there was a general acquiescence to the wishes of the family and the necessities of the case.

At 10 o'clock this morning there was a private service in the home on Wyman street, for members of the family and immediate friends only. Rev. George Batchelor, pastor of the Unitarian church, spoke words of consolation to the bereaved family. The ceremonies were simple.

The procession from the late governor's house consisted of a platoon of police, three carriages containing the pall-bearers, the hearse, followed by a platoon of nine sergeants, with 10 carriages for the family of the deceased and the lieutenant governor and staff.

The same order was observed in the procession from the church to the cemetery, but in addition to the above carriages were provided for the members of the executive council, the president of the board of aldermen, the president of the common council, the president of the school board and the superintendent of the public schools of Lowell.

The public service occurred at 2:30 p. m. in the First Congregational church, to which admission was by ticket, owing to the limited capacity of the house. The music was under the direction of B. J. Lang, and was furnished by the King's Chapel choir.

Organ.....Chopin's Funeral March Hymn, "Go to the Grave".....Dr. Hopkins Cast Thy Burden.....Mendelssohn's "Elijah" Organ—March, Beethoven's "Eroica" symphony

The services were simple and unostentatious in their nature, to conform to the tastes of the deceased governor and his family. Rev. Mr. Batchelor delivered the oration on the excellences of the late governor, his public life and the characteristics which endeared him to his friends and acquaintances outside of his home life. His address follows:

**Fitting Praise.**  
The homes of the commonwealth are the sources of its greatness and glory. Out of home life and home love come the virtues which make the loyal citizen, the steadfast patriot and magnanimous statesman. It was in the homes of Lowell, in which our beloved governor spent his youth and his manhood, that he acquired the virtues which made him the powers which fitted him for the great service which he has rendered to the commonwealth and the nation. He gave himself freely to the public service which he loved. Those who were nearest to him and who loved him best rejoiced in that service, were proud of his achievements and grateful for all the honors bestowed upon him by his admiring fellow citizens.

But today the home interposes its claim. We know that if the people and the representatives of the people would, they could have their way these simple services would be magnified a hundred times. But now, in this solemn hour, those whom he loved, cherished and protected, would fain be alone with the solemn and tender thoughts which fill their minds. They believe, also, that the people will understand that it was out of his very love for them and the simplicity of his character that their late governor wished to be buried as one of the people, without the pageantry which might mark the passing of a conqueror or the death of a king. They will understand why he is buried with the simple rites customary in the church to which he belonged.

This simplicity of character and his unfeigned love of the people were among the secrets of his power. He understood as few public men do the meaning of the "three reverences," of which Goethe speaks. He revered those who were above him, and sought to learn the secret of their greatness. He saw and revered all that was good and great in those who were his companions and competitors. But that which, to some extent, set him apart from others as he rose, were his abiding love and reverence for the great qualities which make the life of the common people, above which he was rising, steadfast, faithful and trustworthy. He shared Abraham Lincoln's simple faith in the virtue and honor of the common people.

In a time when it is freely asserted that good men are crowded out of office, and that in political life men succeed by the suppression of their good qualities and their pandering to the baser passions of the multitude, it is only justice to our late governor and the commonwealth that honored him to say that he sought no office and held none which was gained by subserviency. Who ever believed that Frederick T. Greenhalge could be bought or sold in the political market, that bribes could corrupt him, or threats cause him to hold his peace? He succeeded because he deserved to succeed, and his success renews our hope for the political future of the country. When one is studying the life of a man who has achieved greatness, he must seek for the sources of his power not in any circumstances of the outward life, but in the kingdom of the mind where every man lives his real life, alone with his desires, his ambitions and his ideals.

He grew in office and elsewhere because his soul was with high thoughts and his imagination was stimulated by the example of great men in all ages. When the necessity for action came he seemed to ask himself only: "What is right?" Often his public acts of excited criticism, and men foretold the loss of popularity; and yet in every such case his action was approved by the people, and he grew in favor even with those whose purposes he defeated. So strong was the belief of the people that his rule of action was the rule of simple integrity that love for him grew, and with increasing approval to unanimity the people of this commonwealth agreed to pay him honor. Within the limits of the constitution there was no public station that he might not have won. That is, he was not from him more and greater things than he had yet achieved. No estimate of Governor Greenhalge's character nor any interpretation of his acts would be complete without some account of his religious sentiments, which he loved and honored his church for the freedom of its thought, the absence of conventionalism, and the great attitude it pays to the humanities, whether in culture or in practical life.

His motto was: "Have no more religion than is necessary, but use every bit you have." The motto of modern times is: "The duty of the citizen is to be found by the resolute soul intent upon doing its duty." He was versed in the philosophy literature of the day. He knew the need of modern discovery upon religious belief, but he cared for no certainty of belief which did not in some way assist him in the performance of his duty. That is, he was not from him more and greater things than he had yet achieved. No estimate of Governor Greenhalge's character nor any interpretation of his acts would be complete without some account of his religious sentiments, which he loved and honored his church for the freedom of its thought, the absence of conventionalism, and the great attitude it pays to the humanities, whether in culture or in practical life.

The evident effect of this practical application of religion in his life was to be seen in the way in which he regarded and treated the churches of every faith. While he would not admit that any church had absolute and exclusive claims to authority, he insisted, also, on every proper occasion, that every church was better than it was believed to be by its opponents. He was willing to take the adherents of every creed at their best, to fraternize with them in all possible ways for the common good.

Here our simple tribute must end. Other voices will take up the strain and the praises of our late chief magistrate will be heard throughout the land. With dignified ceremonial solemnity will choose every time to pay its tribute to its loyal son and devoted servant. But in no place will there be trite and loving sorrow and admiration more fervent and more sincere than those which are now paid to our friend by his neighbors and fellow citizens in Lowell.

Knowing him, they loved him; considering his walk and conversation day by day, they trusted him. Taking note of his success, they rejoiced in his propriety. Seeing how each duty done prepared him for nobler achievements, they watched his career with glowing hope, and took pride in his illustrious example. Popular fame and national reputation, however attained, will quickly pass if they be not founded upon the integrity of him who is thus honored. But fame which rests upon the good opinion of those who know the secrets of the soul, that will endure. Such fame we invoke for him whose high character and good deeds we, this day, celebrate.

At the conclusion of the church services, the modest funeral cortege took its solemn way to the Lowell cemetery, and the family plot at the junction of Oak avenue and Hawthorne path the body was interred, while bells of churches tolled and minute guns were fired.

**A Thrilling Scene.**  
BOSTON, March 9.—Great excitement was caused in the Italian quarter last night by a fire in a boarding house on North street kept by Mrs. De Statio. Mrs. De Statio was in the second story with her three children and a lodger when the fire was seen, and seizing her 18-month-old boy, rushed up stairs. On reaching the upper window she leaped to a roof below, and attempted to jump over a six-foot alley separating the houses. She managed to seize the edge of the roofing with one hand, with the other clasping her child. She held there several minutes till rescued from a window, burned, bruised and bleeding. It is thought the mother and child may recover, though both are badly burned. The other children and the lodger were rescued from the second story.

**Pretty Well Battered.**  
PROVIDENCE, March 9.—James Kelley went into a saloon at Olneyville Saturday night and was about to take a drink when Patrick Grady came in, who, after making some reflections upon Kelley's percentage, threw a tumbler at him. The tumbler damaged Kelley's face, and Grady was thrown out. A short time afterward the two men again met and had a set-to, during which Grady had his left jaw fractured, his right jaw dislocated, his chin split open, his cheek laid bare, his scalp torn and there are internal complications which put a serious aspect on his case.

**A Display of Patriotism.**  
NEW HAVEN, March 9.—Prominent Italians of New Haven and vicinity held a meeting yesterday for the purpose of sending aid to the Italian Red Cross society, which will carry on relief work in Abyssinia. A committee were appointed to solicit subscriptions and it was announced that several men would leave to join the Italian army. A similar meeting was held in Waterbury.

**Danger on the Kennebec.**  
ATGUSTA, Me., March 9.—From the foot of Swan Island, in the vicinity of Richmond, to Indian Point, a distance of nearly five miles, the Kennebec river is one mass of ice, logs, lumber and wreckage of bridges and houses from up the river. Should rain come, or should the anchor ice collect sufficiently to block the passage of water, there can be no estimate of the damage that may ensue.

**Not Murdered.**  
SCITATE, R. I., March 9.—The body of Peter Balcom, who has been missing for quite a while, and who it is thought has been robbed and murdered for his money, was found yesterday, one mile from his home. The coroner gave his opinion that he had been frozen to death, and it is supposed that he stepped into a hole while intoxicated and was unable to rise.

**Set Off Barre's Affire.**  
BOSTON, March 9.—Another disastrous incendiary fire occurred yesterday in the Boston and Albany freight yard at Cottage Farms. It was set in a car filled with oil barrels and spread to a car loaded with sugar and thence to lumber and coal cars. The loss to stock was \$3000, and to railroad property an additional \$1500.

## ON A NEW TACK.

Ballington Booth and Wife Will Strive to Win Middle Classes.

NEW YORK, March 9.—The inaugural step made by Ballington Booth, the deposed commander of the Salvation Army in America, in a rival organization on lines similar to the one from whose command he has been relieved, met with success last night. Cooper Union was the scene where the first gun was fired, the echo of which thrilled the hearts of 5000 loyal soldiers, who since the commencement of the internecine and international strife have remained loyal to the deposed commander and his wife, Maud Booth.

When the dismissed commander arose he prayed that God might direct those who have done wrong. He ended by saying: "May God subside the feelings of anyone who may be embittered against us. Grant, oh, God, that we may be permitted to again follow thee together." The song "My sins are forgiven" was then sung.

Noticing the anxiety of the audience, the commander arose after he had whispered to Mrs. Booth, and, clutching the chair with both his hands, said: "Mrs. Booth and myself have not come tonight to allude to the recent sad trouble. It is quite true we have after mature deliberation decided to inaugurate a new movement. Recognizing as we did that this was the largest field in the world, and still further recognizing that there was room in America for two, ay, 100 Salvation Armies, we have resolved, to the best of our ability, to win over the middle classes of the artisan community of this country. We wish no strife with the Salvation Army; no strife, either literal or verbal."

"I believe that the failure of the so-called religious organizations of the present day is that they do not come down to the living places where Jesus Christ wants to be represented. There is at least 40 per cent of the wage-earning populace of the community who are not identified with any church or place of religious worship. It is these persons that we want to reach and extend to them the love that inspired the Nazarene in the streets of Jerusalem nearly 1900 years ago."

"Oh! how little heartology there is today. I am so glad to be here that I cannot find words to say how I love you. Whatever be the mission we undertake, it will bear the right stamp and will be directed in the right direction."

## THE WEATHER INDICATIONS.

**Which Bicycle Shall I Buy?**  
THERE is lots of deception in bicycles—enamel covers a heap of sin. To some people all bicycles look alike, and inexperienced buyers are often influenced in selecting a wheel, by some simple or inexpensive attachment, instead of by the most important features, THE STERLING QUALITY, THE SKILLED CONSTRUCTION.  
UNSCRUPULOUS Agents will tell you anything to sell a wheel, but wheels of repute speak for themselves. Such wheels as these, and these alone, can be found at this reliable agency. Beautiful 1896 models for Ladies or Gentlemen, ranging in price from \$30.00 to \$100.00. Wheels that are worthy the name. Wheels that bring endless comfort to the owner. Wheels that are sold by an agency which is in the business to stay and which realizes the importance of selling for future prosperity, the very best wheels that American wisdom can manufacture. Information cheerfully given and inspection solicited. Reasonable allowance for old wheels. Terms to suit.

A Discount of \$1 when paid in advance.

ALSO PUBLISHERS OF  
**The Quincy Patriot,**  
A Weekly Established in 1837, which has the Largest Circulation in Norfolk County, and  
**The Braintree Observer,**  
A Weekly Established in 1873.

**Death of an Old Lady.**  
Death entered the home of George W. Prescott on Sunday and removed one of the city's oldest residents, Mrs. Joshua Fisher, a lady in her 80th year. Her last sickness was about one week's duration, but she had been failing in health since a shock of a year ago. However she went about town alone and often spent an evening out, enjoying a hand at whist and playing a good game.

In 1884 Mr. and Mrs. Fisher celebrated their golden wedding at West Dedham, but upon the death of her husband Mrs. Fisher took up her residence in Quincy, the home of her childhood, and her last days were cheered by children, grandchildren and great grandchildren. Three sisters and a brother survive her, all but one residing in this city.

Funeral services will be held from the residence of her only daughter, Mrs. George W. Prescott, on Wednesday, at 3 p. m.

**The Cost of Sewers.**  
The supreme court commissioners, Messrs. E. H. Bennett, J. E. Sanford and E. C. Bumpus, the last mentioned of Quincy, have begun hearing for the apportionment of the maintenance of the north and south Metropolitan sewers. The figures of Commissioner Kingman are of interest. He says the north metropolitan system cost \$5,000,000 and the annual cost of maintaining it is \$46,000. The cost of the Charles River or metropolitan system was \$800,000, and the annual cost of maintaining it \$27,000, of which latter sum \$24,000 was last year paid to the city of Boston as rental.

**TODAY'S COURT.**  
Daniel Sullivan was fined \$5 for drunkenness at Quincy.

John Mattson and John Carlson were arraigned for disturbing the peace at Quincy and were fined \$5 each.

Charles Christine and Mary Wilen were arraigned for adultery at Quincy. Case continued until Saturday.

William E. Duffey was fined \$5 for drunkenness at Quincy.

Ellen M. Donahoe was fined \$5 for drunkenness at Randolph.

George E. Mackey was arraigned for disturbing the peace at Weymouth and was fined \$5.

**Advertised Letters.**  
At Quincy postoffice Monday, Mar. 9:  
G. M. Bell, A. H. Mahey, F. E. Parker, Geo. Small.  
Miss Adams, Mrs. H. Joslin, Miss Emma M. King, Miss Mary Sheehy, Florence Wilson, Mrs. 37, 400.

**Photographs of the Hon. T. N. Walker.**  
CHICAGO, Ill., Feb. 15, 1896.

DEAR SIR: I take the liberty of sending you herewith a reproduction of the latest photograph of the Honorable T. N. Walker, Commander-in-Chief of the Grand Army of the Republic. As many of your readers are members of the "Old Guard" I will take pleasure in sending copies to any of them who will take the trouble to send me their names and addresses.

As you are aware, the Company which I represent has lately identified itself very strongly with the interests of the Grand Army, and we think we have earned the friendship of every Comrade in the United States.

Believe me, most sincerely yours, F. H. LORD, General Passenger and Ticket Agent, Chicago Great Western Railway.

Taylor's Anti-Headache Powders are just as harmless as water. Yet, look how powerful water is in putting out fire. Our powders cure Headache and Neuralgia in the same manner exactly. It is safe to say that these powders will cure all cases, because they never failed yet. Why not buy Taylor's and be sure about it? Get them of Leonard J. Pastor, Ph. G., 27 School street.

**Commonwealth of Massachusetts.**  
STATE HOUSE, BOSTON, March 5, 1896.

THE COMMITTEE on PUBLIC HEALTH will give a hearing to parties interested in Senate Bill No. 110, with petition for regulation of manufacture and sale of condensed milk, at Room No. 154, State House, on FRIDAY, March 13, at 10.30 o'clock A. M.

ISAAC P. HUTCHINSON, Chairman.  
GEO. A. WALES, Clerk of the Committee.

## NOTICE.

THIS is to certify that my wife, Louisa Reed, has left my bed and board without my consent, and I hereby forbid all persons harboring or trusting her on my account after this date.  
RICHARD REED.  
Quincy, March 9, 1896. 3t

## \$600.00 MISSING.

And Postmaster Wilde Unconscious Since Saturday.

He Went to Boston with Small Bills to Obtain Large Ones.

Found on Common in Dazed Condition and Taken Home.

Postmaster Wilde of Wollaston is confined to his house with a very severe attack of nervous prostration, caused primarily by the worry over the postmaster's contest. On Sunday he was semi-unconscious, but this morning he rallied and seemed to be much better. For the past two or three weeks his health has been gradually breaking down, when on Saturday afternoon the climax was reached while he was in Boston. He was found in a dazed condition and taken home by kind friends.

He had quite a sum of money upon his person when he started from home, which he lost. The money belonged to the post office department. Neither the department nor his bondsmen will lose anything as he has made the amount good and had it forwarded to Washington this morning as usual.

It has always been customary for Postmaster Wilde in making his remittances to Washington to go to the Mount Wollaston bank with a batch of small bills and have Cashier Spear exchange them for those of large denominations, or turn them over to Mr. A. G. Olney of Wollaston for the same purpose. He would then take them back to his office, place them in a registered envelope and forward to the post office department.

For some time Postmaster Wilde has complained to his friends of a severe trouble in his head. On Saturday morning a friend dropped into the office and said, "How are you feeling today, Mr. Wilde?" "My head feels pretty bad this morning," was the reply.

Shortly after that conversation Mr. Wilde made up his regular post office account, and, having found out that the Mt. Wollaston bank could not very well change the bills on that day and not caring to keep them in his safe over Sunday, remarked to one of his assistants that he should go to Boston and call at the Mount Vernon bank where a friend of his, Mr. George W. Nash of Wollaston, was receiving teller, and have them change the money.

He took the 1.29 p. m. Boston train apparently in good health, although one or two gentlemen who saw him stated that he acted a little strangely. He had with him \$600. He arrived in Boston all right. Later he was found on the Common in a dazed condition and escorted to the depot, where friends took him in charge and he returned on the eight o'clock train.

## The South Quincy Literary Club.

The above club held its weekly meeting Friday evening and discussed the subject, "Necessity and Experience as Factors in Civilization."

The opener traced the rise and progress of civilization from a supposed condition of man in his most primitive state. He held that, as life is an innate principle, ever instant and absolute, inherent will power is unnecessary to the sustenance and advancement of mankind. Experience, he said, was prior to necessity and contributed the cause for acts which became necessary by reason of the experience preceding them. The search for food could only follow the sensation of hunger, and toil be resorted to when the easier methods of procuring food were impossible. Physical experience preceded mental activity and a combination of these evolved a higher social condition. Law and order became possible after a long series of struggles for supremacy, want and suffering, being the inevitable results of war and disorder. Peace was sought and law established because happiness and comfort were possible only through them.

The opener's remarks were freely criticized and extensively enlarged upon by the members, a number favored the idea that necessity and experience were the most important factors in civilization, a few, however, contended that, instinct was prior to all experience and that the perpetuation and welfare of the race was assured by reason of it being innate in man.

Next Friday evening Mr. L. J. Pastor will give his thoughts on the "New and the Old."

—The Chicago Times-Herald says, "Boston is notably one of the best governed cities in the world, and in municipal wisdom it is certainly far ahead of any of its sister cities in the republic."

## Eighty Per Cent. Badges.

At the Wollaston Trap club shoot on Saturday afternoon two 80 per cent. silver badges were won by Bates and Whitmarsh. Bates put up a very good score, —24, 17 being straight. The score:

Bates, 11111111111111111111—24  
Whitmarsh, 11110001111111111111—23

Headache! Glasses relieve many. Consult Williams, practical optician, 120 Copeland street. Scientific test free.

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston Atlantic, South and West Quincy.

Watch this line grow:

WANTED, IN QUINCY, A LARGE HALL.

Adjourned meeting of the City Council tonight.

Hearing tomorrow on the Norfolk county estimates at the State House.

The New England Order of Protection will hold another of its social dances this week.

Merry Mount lodge A. O. U. W. will initiate several candidates at its meeting Tuesday evening.

The Misses Kolb of Clive street entertained a large party at whist at their home last Saturday evening.

Whitcher's factory is now running five days a week and nine hours per day, from 7.30 to 12 and 12.30 to 4.30.

The liabilities of M. W. Frolund, the insolvent debtor are estimated at \$3,025. His assets are in land and book accounts.

Rogers Bros. have a very fine portrait of the late Governor on exhibition at their store finished by the Quincy Art School Company.

The public schools devoted an hour this morning to exercises in honor of Governor Greenhalge, and were closed this afternoon in respect to his memory.

The singing by the Wollaston Baptist quartette, on Sunday morning was especially good. "Freely ye have received, freely give," was the subject of Rev. Preston Gurney's discourse on Sunday morning.

The reverend gentleman who was to have preached to the Presbyterians at South Quincy Sunday morning disappointed the society, and Mr. O. C. Colton supplied the pulpit acceptably without preparation.

The Elliot club of Wollaston meets with Mrs. Watson H. Brasee on next Wednesday evening. The subject for discussion is "Illustrations and Illustrators," and Dr. Wellington Record, Mr. and Mrs. R. J. Saxe, and Mrs. Herbert T. Whitman are the essayists.

It is rumored that another International alliance is to be made. Are our foreign friends looking for fortunes with Quincy girls, or in them. The old Quincy family stock has furnished some lovely girls with stamina, and we believe three are lately pledged to matrimony.

The market men and provision dealers are no longer obliged to go to Boston for their supply. The Quincy Beef Company opened for business this morning and has the handsomest stock of beef and mutton ever seen in this city. This company will handle the G. H. Hammond Company's products exclusively. The best of everything will be kept constantly on hand, and will be sold at wholesale only. The plant occupied by this company is complete in every particular, and the manager, Mr. G. H. Phinney, will take pleasure in giving you an opportunity to inspect both the building and the stock.

## Dis-

tress in the stomach and other symptoms of dyspepsia demand careful attention to diet and a good medicine like Hood's Sarsaparilla to tone the stomach and other digestive organs, purify the blood and sustain the nerves. Mr. J. W. Gerry, a well-known business man of Hopkinton, Mass., relates his experience.

"I was troubled with indigestion for many months. My food gave me great distress. Physicians prescribed for me, and although they gave me help for a time, they did not cure. I felt

## Nervous

and discouraged and could not sleep at night. My friends advised me to give up business, the doctors declaring that I needed a change. I read about Hood's Sarsaparilla and thought it might do me good. I am glad to say that I felt the benefit right away, after commencing to take the medicine. Three bottles of Hood's Sarsaparilla entirely cured me of indigestion. It also relieved me of constiveness and I have not had any trouble of this nature since. I have taken several bottles of the medicine in the

## Spring

of the year since my first treatment with Hood's Sarsaparilla and I have thus kept myself in perfect condition. My wife has also taken Hood's Sarsaparilla with equally good results. I am 60 years old and I feel as well as when I was 30 years of age. I cannot say too much in praise of Hood's Sarsaparilla." J. W. GERRY, Cor. Grove and Main Streets, Hopkinton, Mass.  
N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other. Be sure to get

### SHED AND QUARRY.

The Spring Outlook for Work Seems to be Good—New Contracts.

Field & Wild have recently closed contracts for four \$1,000 monuments.

Fuller, Foley & Co. are cutting a large sarcophagus monument of dark Quincy granite for Ohio parties.

McDonnell Bros. report that they are booking a number of orders for small monuments.

Messrs Burn & Cantfill are designing a large Corinthian job for Indiana parties, the column of which is 44 feet high.

Bigness, LeClair & Co., have ready for shipment to New York parties a column die monument of dark Quincy with inclosure.

The Granite Railway Co. have found it necessary to put on an extra force of quarrymen and they are now running two gangs of cutters.

McDonald & Cook are booking a number of orders for small monuments.

Joss Bros. have five machines in constant operation in their polishing mill.

A spur track is being run into the old Glencoe Granite Co. quarry by the Quarry Railroad Co.

Miller & Luce are cutting a large sarcophagus monument of medium Quincy for western parties, also another sarcophagus job for Georgia parties with a base 12 x 8. When completed this latter will weigh, including posts and curbing, about 75 tons.

J. Percy Sears has just completed the erection of a \$5,000 tomb at Cleveland, Ohio.

E. C. Willison is to reopen his sheds at South Quincy and has engaged George McDonald, formerly of the New Western Granite Co., of Milford, N. H., as foreman.

T. F. Mannix is a manufacturer who gives steady employment to his men throughout the winter, notwithstanding the general cry of hard times.

Cook & Watkins have recently shipped two large sarcophagus monuments to New York parties.

Richards & Trowbridge are making designs for two large mausoleums for New England and western parties, one of which will cost from \$15,000 to \$20,000.

Prout Bros. have recently erected a new derrick at their works.

The South Quincy firms have experienced some difficulty during the past week in boxing their finished stock owing to the severe stormy weather.

### New England Briefs.

A Newport (R. I.) ash picker left an estate of \$80,000.

Yale officers have settled down to hard training for their English race.

Manager Murray of the Providence Baseball club has signed Canavan of Cincinnati to cover second base.

John Hurley, 30 years old, fell 15 feet through a floor in the new Tenement building at Boston, and was instantly killed.

The mystery surrounding the sinking of the four-masted schooner off Chatham, Mass., on Wednesday night, is still unsolved.

The main mill, storehouse and dye-house of the Kingston Woolen company at Haverhill, R. I., were destroyed by fire. Loss \$21,000.

The Maine interscholastic athletic meet elected officers as follows: President, Hews, Augusta; vice president, Hildreth, Portland; secretary, May, Augusta; treasurer, Bodwell, Brunswick.

The Charter Oak Park association have decided to sell the park and buildings at public auction on April 4. The enactment of anti-pooling laws in Connecticut has rendered racing unprofitable.

There will be a great legal fight for the acquittal of Dr. F. E. Hale, under \$15,000 bail at Providence, charged with causing the death of Miss Kate Kennedy. An experienced court judge will associate with local counsel, and medical experts will be called.

Five workmen employed by the Standard Oil company at Bayonne, N. J., were severely burned by the overflow of boiling oil from one of the big tanks at the company's yard.

Professor Ruttan has just returned to Montreal from a trip to Cuba. He says that even the still loyal citizens admit that 75 per cent of the population are in sympathy with the insurgents.

John R. Pierce, cashier and manager of St. Sharp & Co., pool rooms, in Covington, Ky., is missing with over \$11,000 in money, a gold watch and some diamonds. It is believed he went to Canada with a woman.

Miss Johnstone Bennett, a member of the Richard Mansfield Theatrical company, while cleansing a dress with gasoline at Omaha, was seriously burned through the headless handling of the fluid in connection with a lamp.

The special commission appointed by the New York supreme court to determine whether an underground railway should be built at a cost of \$5,000,000, and in accordance with the plans of the rapid transit board, have reported in favor of the project.

The Boston Advertiser announces that it "resorts to no pounding of drums to establish itself," but it is evident to an observer that it is making rapid strides. Such clear, bright and able papers should succeed. The Advertiser has many special features and is popular with many classes.

At the Calvary Baptist church, Franklin street, Rev. Morton W. Plummer of the Evangelistic association of New England, will hold revival meetings every night this week, beginning tonight at 7.30. The church extends a cordial invitation to every one to come and receive the blessing that is for all who come for that purpose. Those who are the Lord's people are requested to pray for an outpouring of His Holy Spirit upon this grand work of trying to reach the unsaved in our city.

### LOCAL LACONICS.

[Continued from second page]

Judge Pratt was on the bench at the District court this morning.

The Firms of West Quincy held a ball at Foresters' hall, Saturday night.

At the Duck's Nest February bowling tournament Bryant won first prize; Fratus, second; and Lyman, third.

Rogers Bros. have a very handsome framed picture of Gov. Greenhalge draped in mourning, in their show window.

Rev. F. E. Dewhurst, formerly of Wollaston will have a sermon in the Herald next Sunday on "Three Measures of Life."

The Burnham & Duggan Railway Appliance Company is increasing its capital for the manufacture of the Duggan safety switch.

Memorial exercises in honor of Governor Greenhalge were held today at the Quincy High school. The programme will appear tomorrow.

De'cavare King is in demand at Y. M. C. A. gatherings, speaking on Saturday at the conference in Melrose; subject, "The Social Something."

Mr. and Mrs. W. G. Corthell entertained the "Gibson party" at their beautiful residence on Grand View avenue, Wollaston, on Saturday evening.

The New England Breeders' Association announce trots for the coming season at Combination park, Franklin park, and Readville, beginning June 9.

It is said that there was no officer on duty at South Quincy Saturday night and citizens are inquiring if Chief Hayden thinks this section does not need protection.

The Ladies' Benevolent society of the Memorial church, Atlantic, is to hold an "Orange Supper" at the church on next Wednesday evening. Entertainment to begin at eight o'clock.

The postponed annual meeting of the Memorial Congregational church society, Atlantic, is to be held on Tuesday evening and the annual meeting of the church will take place on Thursday evening.

The Methodist church, Atlantic, was well attended at both morning and evening services on Sunday. In the evening the pastor preached an eloquent sermon on "The Worst Woman that ever Lived."

The Rev. James E. Bagley of the Wollaston Unitarian society, preached at the First Congregational church, Lowell, on Sunday. It will be remembered that this is the church where Governor Greenhalge attended.

What must the feelings of a young man have been who waited about the depot in the cold for his sweetheart until the arrival of the late train, to see his darling step off the train with his rival and walk off arm in arm without even as much as saying good evening to him.

At the Calvary Baptist church, yesterday, Rev. Morton W. Plummer of the Evangelistic Association of New England, preached at 10.30 to a large gathering. Subject, "The Cross of Christ." At 3 p. m. he gave a Bible reading on the Sunday School lesson, Luke 10:25-36.

Officer Murray had quite a rough experience while doing police duty at West Quincy, Saturday night. He was chasing two Finns, who were creating a disturbance when he fell and jammed his face with considerable force on the frozen sidewalk, and as a result Jim lost considerable skin from his nose and chin. But he got his man just the same.

Rev. Mr. Butler was at his usual best Sunday morning, preaching from St. Paul's "Forgetting the things that are passed and pressing forward." There is much life in the church. The ladies are arranging for another supper and sociable for the parish and its friends. A cantata by the Sunday School children is on the tapis. Another Bible talk and paper will come at the Alliance meeting this afternoon.

Rev. Edward Norton preached a memorial sermon on the late Governor Greenhalge at the Memorial Congregational church, Atlantic, on Sunday morning last to a large sized congregation. In the evening he gave the third of a series of sermons on the Lord's prayer, taking as his text, "Thy kingdom come." Several selections were charmingly rendered by a quartette of young ladies, composed of Misses Moxon, Briggs, Coe and Hall. Misses Coe and Hall also favored with a duet, which was very enjoyable.

An Exceptional Opportunity.

Tonight at 7.30 o'clock in the chapel of the Centre Congregational church there will be held the first of the series of the ten Synthetic Bible studies to be conducted by Mrs. Gray of Boston. The study is non-sectarian, no books but the bible are required and the tickets for the course are but fifty cents. The average attendance at the first course here in Quincy was over fifty. It is hoped that the ladies of Quincy will realize their opportunity so fully that the average attendance at this course will be even larger.

At the Calvary Baptist church, Franklin street, Rev. Morton W. Plummer of the Evangelistic association of New England, will hold revival meetings every night this week, beginning tonight at 7.30. The church extends a cordial invitation to every one to come and receive the blessing that is for all who come for that purpose. Those who are the Lord's people are requested to pray for an outpouring of His Holy Spirit upon this grand work of trying to reach the unsaved in our city.

## PACKED IN A BARREL.

Murdered Bodies of a Man and a Babe Found at Chicago.

Will Undoubtedly Prove to Be a Double Murder.

Unknown Woman Hinted at Tragedy Before the Discovery.

CHICAGO, March 9.—Carefully concealed in a barrel, and covered with a mass of old rags and cotton, the dead bodies of a gray-haired man and a new born babe were found in an alley in Hyde Park yesterday. On the discovery of the identity of a woman, as yet unknown to the police, depends the possible solution of the mystery.

Early yesterday forenoon the Hyde Park morgue was rung up on the telephone, and a woman, who declined to give either her name or address, asked if the body of a man and a babe had been found in Hyde Park. The attendant replied in the negative and then questioned the woman, but his best efforts failed to get any information of a decided character, although she told the clerks she was looking for a man who was missing. She was finally prevailed upon to give his description, which she did in minute detail. She astonished the morgue attendant by saying, in conclusion, he would certainly learn more about the case later on.

The Discovery.

Four hours later J. A. Nurse, residing on Prairie avenue, while emptying a pan of ash at the rear of his home, discovered a barrel which aroused his curiosity. Breaking open the head of the receptacle, he was horrified upon seeing the hacked body of an old man inside. It was entirely nude and was frightfully mutilated. Covering the corpse was a thick layer of cotton.

The police were at once notified and the barrel was removed to the morgue. The head and trunk gave every evidence of foul play, the skull showing several deep wounds. On the left forearm were tattooed spots close together. There was nothing else to give any clue to the man's identity. After the severed pieces of the body had been lifted from the barrel, the body of a baby boy not over 10 days old was found. It was nude save for a thin flannel shirt, and there were two marks on the side of the head apparently made with a blunt instrument. The body of the elder male was that of a man between 65 and 70 years of age.

This Week in Congress.

WASHINGTON, March 9.—The house will continue work on the appropriation bills and dispose of one and possibly two of the pending election cases. The postoffice appropriation bill is the next supply bill in order.

During the week ended yesterday the Cuban question comes up today in the senate on the proposition to accept the report of the conference committee agreeing to the house resolutions. There is little doubt that the house will pass the bill.

The Dupont Delaware election case also will continue to receive attention during the week. The bill to prevent the extermination of the Alaskan seals has been made the special order for Thursday, but whether it will be taken up at that time will probably depend upon whether an amicable agreement can be made concerning the Dupont case. Senator Butler has given notice of a speech on Wednesday on his bill to prevent the further issuance of government bonds. If the committee on public lands gets in its report on the Arizona land bill recommending its passage over the president's

## DEATH'S SUDDEN CALL.

Chief Justice Doe Dies of Apoplexy In a Railway Station.

One of New Hampshire's Most Famous Men.

Of High Legal Attainments and Marked Personal Characteristics.

ROLLINSFORD, N. H., March 10.—Chief Justice Doe of the supreme court of New Hampshire died in the railroad station here yesterday morning of apoplexy. He was on his way to hold court.

Arriving at the station a little ahead of time, he took a seat in the depot to await the arrival of the train. Some people who were there noticed a sudden strange appearance of his face, a rolling of the eyes, a drooping of the chin and an unusual pallor.

Alarm was given and a messenger hastily dispatched for Dr. Brigham, who was very soon on hand, but too late to render any saving treatment. The judge was dead when he arrived.

Mr. Doe was born in Derry, April 4, 1830. He resided in Rollinsford many years. He graduated at Dartmouth in 1849, and was admitted to the bar in 1852. In 1859 he was appointed associate justice of the supreme judicial court, continuing until the court was abolished in 1874. Two years later he was appointed chief justice of the supreme court, and continued in that position until his death. Judge Doe presided at nearly all the murder trials held in New Hampshire for several years, having been the senior justice at the celebrated Sawtelle and Albee murder trials. He had been upon the bench since 1859.

Judge Doe was a wonderfully good lawyer, and his opinions rank with those of the best known jurists in this country. For some years he presided at trial terms only in capital cases, or when some other member of the court had been incapacitated from sitting by sickness.

But Judge Doe was quite as well known on account of his unique and eccentric characteristics as through his legal ability. His constant demand for "more air" at the recent famous murder trials when the thermometer registered near the zero point, the story that the judge never read an American newspaper and his habit of wearing shabby clothes, even while on the bench, were some of the things that brought notoriety.

Probably no judge on the bench in this part of the country, certainly no chief justice, ever cared less for form and ceremony in holding court or in opening or closing its session. The transaction of business was the uppermost thing in the judge's mind, and he went straight at it without reference to precedent or tradition.

Formalities Cast Aside.

In Judge Doe's courtroom there was no formality in opening or closing. The judge was no stickler for the dignity of his position, nor did he care for manifestations of respect for it. Pure air in the courtroom was of much greater moment to him than uncovered heads in the presence of the highest judicial power in the state, and so the sight of counsel, witnesses and spectators sitting in the courtroom with hats and outer clothing on to protect them from the drafts of widely opened windows was not an uncommon one.

Judge Doe himself sat out many of such sessions with his overcoat on, though never with his hat on. In one instance, however, the draft was too much, even for him. He would not yield by diminishing his supply of fresh air, so he compromised by placing his handkerchief over his head, and the trial went on with the chief justice arrayed in what would commonly be considered a most undignified way.

His attitude toward the papers seemed to be one of unconcern, something of which he did not approve personally, but which he was bound to recognize in deference to the opinions of others. He was apparently perfectly indifferent to what opinions they might express on his actions or to what they might say of his personal characteristics, thus giving force to the commonly accepted idea that he did not read them, but he always had a pleasant word for the papers' representatives when he met them, and certainly won their respect and liking.

But Judge Doe's peculiarities were not confined to carelessness about dignity in his courtroom. His personal appearance was apparently one of the last things to which he gave consideration, and from his dress he might much more readily have been taken for an up-country farmer in moderate circumstances than for an able and learned chief justice of a great state.

Judge Doe was a wealthy man, and one of scholarly instincts. His wife is a member of an old and aristocratic family, but it is doubtful if there were two people in New Hampshire who cared less for fashion's forms or even for the ordinary rules of dress than the learned jurist and his worthy wife. Even the two little daughters were dressed in grim, black, ill-fitting clothes.

The exterior of the judge's residence, at the head of a hill overlooking the Salmon Falls river and the villages of Salmon Falls, N. H., and South Berwick, Me., is not particularly attractive. Perhaps a feature calculated to command the greatest attention was the utter absence, during the greater portion of the year, of sashes and glass from certain window frames in the upper stories of the old mansion.

The judge was noted for his quiet deeds

**Kitchen CHAIRS, hard wood, 35 cts. at GUY'S COLISEUM.**

of charity. His manner was as brusque and offhand as his signature. "C. Doe" was the way he wrote it, and that is the way he expressed himself.

He was a Republican in politics, but he took no advice as to the kind of ticket that he should vote, and even the most irrepressible boomers stood back when the chief justice marched up, deposited a ballot, not always "straight," and went out without wasting any time.

Chief Justice Doe leaves a wife, three sons and five daughters.

The Prohibition Furore.

PORTLAND, Me., March 10.—James P. Baxter was inaugurated mayor of this city for the fourth time yesterday. In his address he stated that it was with the greatest difficulty that the prohibitory law could be enforced with 400 saloons and a small police force. The mayor said he had taken the oath to enforce the law, and would do it, but he must have a special police force under his authority to do it. He asked if it could be enforced when clergymen denounce the mayor for non-enforcement one night, and the next attend a wine banquet and eulogize their host for his fine wine. The mayor said that public opinion seemed against the enforcement of the law, and the mayor of Portland had been so wrongly abused by persons who themselves violated the prohibitory law that in the future a self-respecting man might well hesitate to accept the office of mayor.

Steamer Manahasset Sunk.

VINEYARD HAVEN, Mass., March 10.—Steamer Manahasset, Captain Marshall, in passing through the narrow channel at Wood's Holl, yesterday, struck on the rocks and sunk in about 15 minutes, just off the end of the steamer wharf at Wood's Holl. She lies in 15 feet of water, with her nose in the mud and her stern out of water. A heavy northwest wind was blowing while she was going through the channel, and the strong tide forced her out. The passengers and crew all reached the wharf in safety. The tug Herald and a lighter are at work placing a steam pump aboard of her with a view of freeing her sufficiently to float her. The Manahasset is a wooden vessel of about 500 tons register, and was built in 1882. During the war she served as a dispatch boat, but for years has plied between Vineyard ports and New Bedford.

Paper Company Embarrassed.

SPRINGFIELD, Mass., March 10.—The Albion Paper company of Holyoke are temporarily embarrassed, and a large amount of their paper went to protest yesterday. The officials of the company say that with leniency on the part of their creditors they will be able to tide over the stress. Their liabilities are between \$500,000 and \$1,000,000. The assets of the company, it is stated, are sufficient to pay creditors 100 cents on the dollar. The attorneys of the concern say that no attachments have been levied on the company, nor does he anticipate such a proceeding. Further, that no assignment has been made, and none will be made unless the company are pressed by their creditors.

New Mayors.

BANGOR, Me., March 10.—Flavius O. Beal (Rep.) was elected mayor yesterday by a majority of 1949. The Republicans carried six of the seven wards.

Charles Hunt, Citizens' candidate, was elected mayor of Biddeford by 212 majority. The same party carried four of the seven wards.

The new city government of Waterville, Me., was organized with the Republicans in control. E. F. Webb was inaugurated mayor.

W. S. Choate (Rep.) was elected mayor of Augusta, Me., with a majority of 808. The Prohibitionists polled 54 votes.

Edgar F. Hanson was re-elected mayor of Belfast on the Citizens' ticket.

New England Briefs.

Fire in the workshop of the Capitol City wrapper works at Hartford did \$1000 damage.

Charles McCarthy, 14 years old, was thrown from a horse at Boston, fracturing his skull.

The last of the testimony in the Pond will hearing, except that to be put in rebuttal, was given yesterday at Hartford.

George S. Hunt, one of the wealthiest and most prominent merchants of Portland, Me., died very suddenly of heart failure.

Mrs. Clara Valois of Providence, who is charged with the murder of her father, John W. Roessler, is critically sick with pneumonia.

The 15-round fight at Providence between Luke Burke and Young Sisto was stopped in the fifth round to save police interference.

Schooner Samuel W. Tilton was in collision with the schooner Rhode Island, and seriously injured her, 12 miles from Thatcher's island.

A barn in Suffield, Conn., owned by Frank Miller, was burned, together with all its contents, horses, cows, hay and tobacco. Loss, \$500.

The 50-year-old, about 50 years old, a section hand on the Consolidated road, was run over and killed in the railroad yard at Springfield, Mass.

May Meredith, an actress, 21 years old, was arrested at Boston for the alleged larceny of a sealskin sash and two diamond rings in New York.

A two-story brick building on Front street, Hartford, occupied as a storehouse for wool, paper stock and junk, was destroyed by fire. The loss is \$20,000.

Frank J. Sturgis of Campello, Mass., left his home Sunday afternoon, and nothing has since been heard of him. He was in a despondent mood when he left, and suicide is feared.

Thirty-eight cases of measles have been reported in Bridgeport, Conn., during the past week. The disease is confined principally to the section where the foreign population is located.

The Yale Tennis association elected the following officers: President, N. A. Smythe, New Haven; vice president, C. M. Chester, Washington; secretary treasurer, L. G. Billings, Washington.

Miss Jessie M. Irving of Oldtown, Me., one of the victims of Luther Antonio, the suicide, in the terrible tragedy at that city last week, died yesterday. Grace, her sister, still lives, and will probably recover.

Harvard has accepted the subject sent by Yale for the forthcoming joint debate.

The subject is: Resolved, That a permanent board of arbitration should be established between the United States and Great Britain.

## BACK TO OLD HOME.

Widow of P. T. Barnum Said to Have Tired of Life Abroad.

Rumor Says Last Honeymoon Was Unhappy.

Bade Friends Adieu and Sailed Away With Greek Husband.

BRIDGEPORT, Conn., March 10.—Rumor has been busy for some time with the name of Mrs. Callias, the widow of the late Phineas T. Barnum. It was said she was not happy in her far-off Island of Meletia home, and that the Aegean sea brought only trouble. While it may not be true that there is any disagreement between the comparatively newly married couple, the fact is well established that she is coming back here, despite her oft-repeated assertion that she had left Bridgeport for life.

Letters, it is alleged, have been received here within a few weeks announcing that the widow of P. T. Barnum is again to return to America. Mrs. William Perry, an intimate friend, is said to have received a letter from Mrs. Callias announcing that she would soon be in Bridgeport, and Mrs. Jerome Orcutt of East Bridgeport has also been informed of the fact.

Benjamin Fish, one of the executors of the Barnum will, emphatically denies that there is an estrangement between Demetrius Callias Bey and his wife. It should be borne in mind, however, that Mrs. Callias did not take Mr. Fish very much into her confidence when she unexpectedly married, and might not in the present case inform him in regard to the radical change in her plans.

DEMETRIUS CALLIAS BEY AND HIS WIFE.

It is rumored here that a difference has arisen between Mr. and Mrs. Callias concerning the erection of a costly mansion with her money at the home of her husband, and that the immense wealth that he was supposed to possess has by no means materialized—that, in fact, he is a gentleman of moderate fortune.

P. T. Barnum's second wife was a beautiful English girl, some 30 years his junior, and their married life was a happy one. He built for her a home at Seaside park, according to her own design, at a cost of nearly \$100,000, and when he died left her a very large fortune, together with \$40,000 annuity.

In her beautiful home, adorned with costly works of art and rare bric-a-brac, Mrs. Barnum extended to her many friends an almost royal hospitality. In public she became a patron of the Scientific society and the Fairfield County Historical society, liberally contributing to their treasuries.

Occasionally Mrs. Barnum visited her home in England and traveled through the continent. During one of these trips Mrs. Barnum met, at Cairo, a Greek gentleman named Demetrius Callias Bey, who, it was reported, had extensive olive plantations on the island of Meletia, in the Grecian archipelago. After Mrs. Barnum's return to America the bey called upon her.

At Her Bridgeport Home. Great was the surprise of her Bridgeport acquaintances when it was announced that on Aug. 8, 1895, a quiet wedding had taken place in New York at the Greek church. Previously there was a civil ceremony performed by an alderman in the office of Attorney George P. Ingersoll.

The day before an ante-nuptial agreement had been executed by Judge Ingersoll of New Haven, by which Mrs. Barnum reserved her legal rights to her own estate. So quietly had the courtship been carried on and the plans arranged that even Mrs. Barnum's confidential agent, Benjamin J. Fish, her own cousin, knew nothing of what was in anticipation until he received a telegram to come to New York and attend the ceremony.

In view of the fact that the bey spoke very little English, the conversation between the two being conducted in French, and that his methods were not after the English-American ideal, Mrs. Barnum's friends in Bridgeport shook their heads dubiously and prophesied that the alliance would not be as happy as had been the home life with the famous showman, Mr. Barnum.

Mrs. Callias sailed for Europe with her husband on Aug. 14, announcing she would never return to America. To a few she presented numerous choice works of art, and to the local societies she presented a large sum of money.

She gave orders to strip the beautiful house that her first husband had given her of its works of art and dispose of them in New York, and offer the real estate for sale. It was as complete a farewell to these shores as she could possibly design.

The Sullivan Mystery.

PROVIDENCE, March 10.—The Providence relatives of Miss Mary Sullivan of Paterson, N. J., who was recently murdered, state that if an old colored woman who formerly worked for Miss Sullivan could be found, they believe some light might be thrown on the case. They are unable to give the name of the woman, but allege that she had made many threats against Miss Sullivan.

Do Not Despair because you have tried many medicines and have failed to receive benefit. Remember that Hood's Sarsaparilla cures when all others fail to do any good whatever.

Hood's Pills are the best family cathartic and liver medicine. Harmless, reliable, sure.

**Real Estate**

Having opened a Real Estate office in Durgin & Merrill's Block, we are prepared to show plans and give prices on some of the finest house lots offered for sale in this city in recent years. These lots are embraced in the following tracts of land:

### PRESIDENT'S HILL.

This land was formerly the country residence of C. F. Adams. It overlooks the ocean, and the view both seaward and inland is unsurpassed in this vicinity. The grounds are covered with rare and costly shade trees, a very desirable feature of a lot, and the farthest portion of the property is within four minutes' walk of both electric and steam cars. Persons wishing a fine lot in a first-class locality would do well to inspect this property before purchasing.

### CRANCE HILL,

Probably better known as Adams' Field, is situated in the heart of the city. The land is high and dry, and the streets through the property are wide and straight. The lots are good size, the prices moderate and terms very reasonable. No better lots for a man of moderate means have ever been offered in this city.

### WEST QUINCY.

Land formerly known as the Dell estate on Willard street, borders on Blue Hills reservation; is handy to works, and is less than five minutes' walk to electric cars, West Quincy depot and schools. This property comprises about 80 lots.

### HILLSIDE TERRACE.

On Grove street, near quarries and sheds; good lots, low prices; small amount down and small monthly payments. This property comprises about 70 lots.

Also a few lots off Bates avenue.

### WOLLASTON.

A few desirable lots in Wollaston, on Hancock street, opposite entrance to Merry Mount Park.

Will be on land at President's Hill every afternoon from 2 to 4. Parties desiring lots or any information on the above properties, please call at Room 12 Durgin & Merrill's Block.

Quincy, Dec. 31—tf

## NOTICE —TO Republican Voters of Ward 1.

NOTICE is hereby given that nomination papers for Candidates for Delegates to the State and Congressional Conventions may be filed with the Secretary of Ward One Committee on or before 7 P. M., FRIDAY, March 13, 1896, and that said papers will be opened by the Ward Committee, Friday, March 13, 1896, at 8 P. M., for the purpose of preparing the ballot to be used in the caucus to be held Wednesday, March 18, 1896. The Caucus will be conducted under the same Rules and Regulations that were adopted by the Committee in 1895.

March 6.

## Public Hearing. CITY —OF— QUINCY.

IN COUNCIL, Feb. 24, 1896.

ORDERED: In the petition of the Quincy Quarry Company for approval of location of its proposed railroad from a point near the Quincy Adams station to the North Commons, so called, and for the approval of its map and the report of its engineer as to the feasibility of said route and the estimated cost of construction, and upon the petition of said company for permission to cross Granite street by an overhead bridge and Quarry street at grade, and certain private ways at grade, as shown by their plan on file, that a public hearing be given in the Council Chamber on MONDAY, March 16, 1896, at 8 o'clock P. M.

ORDERED: That the Clerk of the Council give notice of said hearing by causing a copy of this order to be inserted in the QUINCY DAILY LEDGER for two successive weeks, the last publication to be at least two days previous to the hearing, and by posting copies thereof in two or more public places in said Quincy, at least two weeks before the date of said hearing.

Adopted Feb. 24, 1896.  
Attest: CHRISTOPHER A. SPEAR,  
Clerk of Council.  
Feb. 26.

Commonwealth of Massachusetts.

STATE HOUSE, BOSTON, March 5, 1896.

THE Committee on PUBLIC HEALTH will give a hearing to parties interested in Senate Bill No. 110, with petition for regulation of manufacture and sale of condensed milk, at Room No. 154, State House, on FRIDAY, March 13, at 10.30 o'clock A. M.

ISAAC P. HUTCHINSON,  
Chairman.

GEO. A. WALES,  
Clerk of the Committee.  
March 5.

## COUNTY ESTIMATES.

Hearing this Morning at the State House.

About all the time this morning at the hearing on County estimates was occupied by Judge Grover, the counsel for the County Commissioners, in presenting the needs of the amount as asked; was cross-examined by Chairman Dallinger, Solicitor Blackmur, Judge French of Braintree and others.

At 1 P. M., the hearing adjourned until next Monday, an extended report of the hearing will appear in the LEDGER tomorrow.

## R. A. Visitation.

Monday evening John Adams Council No. 1210, R. A., of Wollaston, received a fraternal visit from their deputy, A. F. Roberts of Cambridge. Bro. Roberts spoke interestingly on Royal Arcanum matters; its growth and what its future prosperity depended upon. It proved the most interesting meeting this year although the council room was pervaded by gloom and sorrow on account of Bro. C. F. Wilde. Some of the most prominent men of Wollaston took that occasion to express their disgust of the methods of the people who are circulating the false and unjust accusations against him. Members were instructed to strongly refute them whenever heard. A light lunch was served by the entertainment committee.

Headache! Glasses relieve many. Consult Williams, practical optician, 126 Copeland street. Scientific test free.

## New Fish Market.

## THURSDAY, March 12, 1896,

Will be opened at 65 Water street, near the Quincy Adams depot, a first-class Fish Market, with a full assortment of Fresh, Salt and Smoked Fish, Clams and Oysters. Also all kinds of Fish in Cans.

We believe the people of Quincy will find it much better when they want Fish to call at this Market and look over our Stock. We shall endeavor to always have it fresh and it will be in better condition than fish that has been carted around for several days.

Orders will be received and promptly delivered by the clerks of L. M. Pratt & Co., 25 School street, or South Quincy Market, 99 Water street.

If you wish us to call for orders please notify

## QUINCY ADAMS Fish Market,

JESSE P. NEWCOMB, Manager,

65 Water St., - Quincy.

Our terms will be cash.

## THE CITY COUNCIL.

### Order for New Schoolhouses Given a Second Reading.

### Committee's Report to Substitute Bacon & Wright Plan Rejected.

### And Plans of S. O. Moxon Continue in the Order.

Really the first debate of the City Council of 1896, was at the meeting of Monday evening, when the report of the Committee on Public Buildings on the order for new schoolhouses came in. As introduced the order calls for an appropriation of \$75,000 for two brick schoolhouses according to plans of ex-Councilman S. O. Moxon. The Committee reported an amendment substituting plans of Bacon & Wright, and an interesting debate followed, which is reported at length below.

The only absent members were Councilmen Anderson and Rinn.

A communication was received from the Mayor stating that the appropriation of 1895 for "Miscellaneous Fire" and "Salary of City Officers" were exhausted. To Committee on Finance.

A communication was received from the Mayor forwarding a petition from West Quincy for a day patrolman. The Mayor in his communication said there were no funds. The petition was referred to the executive department.

The Mayor forwarded a communication in which he stated that a delay had been necessary in his petitioning the Massachusetts Highway Commission to lay out Washington street, as the commission required a plan to accompany the petition. This plan had just been completed and he enclosed a petition for the Council to sign.

The Mayor also sent a communication in relation to the death of Governor Greenhalge, enclosing resolutions which were adopted by the Council by a rising vote.

WHEREAS, in the death of Frederic T. Greenhalge this Commonwealth has lost an able, courageous and honorable chief magistrate, a man whose public and private life has won universal confidence and admiration; be it

Resolved, that this City Council representing the universal sentiment of this community hereby express our appreciation of the high qualities of mind and heart of our late governor. Actuated always by the highest motives of patriotism, ever ready to devote his talents unsparingly to his country or his state, unwavering in the path of right and duty, he won universal respect and admiration. His warm heart, his sound judgment and conspicuous ability, his unselfish devotion to the interests and needs of others, endeared him to all men and all classes. An admirable public officer, a true friend, and a loving husband his memory should serve as a model and inspiration to all.

Resolved, that the heartfelt sympathy of this body be given to Mrs. Greenhalge and her family in the great loss they have sustained.

Resolved, that a copy of these resolutions be spread upon the records and a copy of them sent to Mrs. Greenhalge.

A communication was received from the School Committee giving notice that they had approved the plans of Bacon & Wright with certain changes. To Committee on Public Buildings.

Chairman Sprague of the Committee on Public Buildings asked permission for his committee to retire for a few minutes, which request was granted.

Councilman Field presented a petition from residents of South Quincy asking for a right of way over a certain land owned by the city known as the water lot, to their property. To Committee on Streets.

Report of Committee.

The Committee on State Aid reported on petition of William P. Martin that he be granted Military aid of \$10 per month. Adopted.

The Committee on Public Buildings had now returned and they reported an amendment to the order calling for the appropriation of \$75,000 for two schoolhouses, changing the word Moxon to Bacon & Wright.

Councilman Badger of the Committee said he opposed. The School board have decided that the Moxon plans were correct and had drawn up specifications. He did not consider Bacon & Wright's plans as good as the Moxon. The school committee were requested to approve the Bacon & Wright plans and did so. The School board give their stamp of approval more emphatically upon the Moxon than upon the Bacon & Wright. We also have to mention tangible in regard to building in the Moxon plans. He says that the buildings can be built in five months, while Bacon & Wright say they require six months. Why go out of the city when we have better plans by one of our own citizens. It has been often brought before this council that everything that could, should be given to our citizens. The School board ask for eleven alterations in the Bacon & Wright plans and for two in the Moxon.

Councilman Nickerson moved that the chairman of the school board be summoned to the Council meeting. Voted.

Councilman Sprague said it was no argument to say that preference should be given to residents for Mr. Wright was a resident. The question for us to decide is which are the better plans to

adopt. He had word from Superintendent Lull that the specifications of the Moxon plans had been gone over carefully and were now iron clad. Yet Sunday fourteen changes were made in Bacon & Wright's and thirteen more in Moxon's besides what had been considered an iron clad one. Councilman Sprague then read from papers the differences in the two sets of plans in regard to the foundation walls below the cellar, the thickness of the walls and difference in material, the underpinning, the floor timbers, girders and rafters and even the glass used in the window nearly all which he considered the Bacon & Wright superior.

Councilman Field said it seemed that the building called for by the Bacon & Wright plans was a little more expensive but still his contractor says he will build them for \$32,000. The plans of Moxon call for the water closets in the centre and the Bacon & Wright plans on the side, but Moxon had changed his. Mr. Lull thought Moxon's corridors were sufficiently lighted but those of Bacon & Wright gets a still lighter corridor.

Councilman Badger said Bacon & Wright have not presented a full set of plans, nor a framing plan of any description, which was very important. It makes a difference whether you have the floor timber placed twelve inches or eighteen inches apart. He considered the Bacon & Wright plans incomplete. The order calls for plans and specifications. We have the specifications but where are the plans?

We should have a framing plan. The Moxon plans call for a Fuller & Warren system of sanitary arrangement but the Bacon & Wright call simply for a cesspool. That might be all right for Norfolk Downs where the soil is loose but it is not for West Quincy.

Councilman Rice moved that a recess of fifteen minutes be taken to examine plans. Voted.

After the recess Councilman Nickerson said he would like to have the architects come forward and explain their plans. He did not believe Mr. Moxon would bring in plans that were weak. There was no question but what we could have the buildings by his plans in five months.

Councilman Little wished to explain his position. He had heard the specifications read and the plans explained and he had come to the conclusion that the Bacon & Wright plans were the superior and was positive the city would get the best building by them. He then told what he considered the advantages of the Bacon & Wright plans over the Moxon.

Councilman Field said it seemed to him in looking over the plans there could be no question in anyone's mind as to whose were the best. It seemed to him that if the Bacon & Wright plans and specifications were used, the architect looked after the building and the Commissioner of Public Works after them. In the Moxon plans he did not know who would look after them.

The Lincoln school needs repairs. There were no thresholds in the building and these plans of Moxon call for no thresholds while those of Bacon & Wright did. Every part of the Bacon & Wright specifications show the intention to have a building we shall be proud of when completed.

Councilman Nickerson said the foundation of the Lincoln school had not settled but that the cracking of the walls was due to the shrinking of the timbers.

Councilman Lamb hoped, with Councilman Nickerson's suggestion, that Mr. Moxon would come forward and explain about the foundation walls.

Councilman Nickerson suggested that these changes might make a difference in the price of the building.

Councilman Sprague said the changes made were largely in the specifications suggested by the school board. We are bound to decide on the merits of the plans and should not offer as an argument the length of time required to build.

Councilman Lamb thought these plans were copied after the Lincoln school.

Chairman Porter of the school board who had come in and being called upon said the committee had expressed their opinion on the plans. If the Council build on either plan they will be satisfactory to the committee. The Bacon & Wright plans are after the Lincoln school.

Mr. Porter explained the changes in the two sets of plans, and said for one he was opposed to the introduction of a wood cornice as in the Bacon & Wright plans. The school board have no prejudices, they feel assured if the changes made are carried out there will be two buildings perfectly satisfactory to the committee and city.

Councilman Field would like to ask if there were fourteen changes in the Bacon & Wright plans.

Mr. Porter then told of the meeting the committee held, at the request of Councilman Sprague, to approve the Bacon & Wright plans. He then read the changes the committee desired in both plans. He also explained at length the difference in the two specifications. Had he known what was to be done with the plans he would not have let them left him on Sunday. So far as he knew there had been no changes made in either of the plans. He thought the Bacon & Wright plans had suggestions which were of some value that would commend itself.

Councilman Rice asked of Mr. Porter if since approving the plans of Mr. Moxon the school committee still think the Moxon plans were the best.

Mr. Porter answered, that that question had never been brought up before the school board.

Councilman Clafin thought the plans had been discussed enough. At one time he had thought best to take the Moxon plans, then again he had thought it would be better to take the Bacon & Wright. He hoped the amendment would prevail and a step would be taken tonight.

[Continued on third page.]

## ACCOUNTS AUDITED.

### Postmaster Wilde's Finances Are All Straight.

### The Government Officer Speaks Highly of His Management.

### Mr. Wilde Still Unable to Account for Wanderings.

Inspector Bowman of the Post Office Department visited Wollaston on Monday and audited Postmaster Wilde's accounts. After a thorough examination the accounts were found to be correct in every particular and everything about the office was in good shape.

The inspector spoke very highly of Mr. Wilde's management of the office. He had no doubt but what Mr. Wilde was suffering from a temporary attack of mental relapse caused by undue worry, and that it would be but a short time before he would be able to again discharge his duties at the office.

During the past two or three weeks Mr. Wilde has often times told the writer that he worried so much over the postmaster-ship contest that it was seldom that he slept nights. This continual worry has finally resulted in bringing on brain trouble.

Mr. Wilde has very promptly, without any requisition on the part of the government or his bondsmen, made up the amount of post office funds which he had stolen from him, \$592 44.

Monday there was a gradual improvement noted in his condition. He is as yet unable to give a full account of his wanderings on Saturday afternoon.

## Quincy Board of Trade.

The regular meeting of the association will be held this evening in the rooms of the Granite Manufacturers' association in Durgin & Merrill's block at half past seven. It is desired that all citizens who desire the prosperity of the city should be present.

The association is sure to be of great benefit to the city and every citizen, whether a business or professional man, should join it. Whether he is an old man or a young man he will be gladly welcomed. Already very many projects for the improvement of the city have been presented and are being considered by the committee and will be acted on by the association.

It is certain that our city will grow very rapidly in the next few years and it should be the duty of every citizen to take an active part in this enterprise that this growth may be in the right direction. The Board of Trade should have a membership of at least 500 within the next year, and it is hoped that every citizen in every section of the city will feel it his duty to join.

## Hood's

Sarsaparilla as a blood purifier and building up medicine leads everything ever produced. It is positively the best. Others may make the same claim. But there's this difference: We prove it. Not by antiquity, but by Merit. Not by what we say, but by what Hood's Sarsaparilla does. It has a record of Cures unequalled in medical history. It positively, perfectly and permanently cures when all other medicines fail. That the keen discrimination of the people recognizes its merit and the cures by Hood's Sarsaparilla, is shown by the fact that they buy Hood's Sarsaparilla in preference to all others.

## Sar-

sa-

parilla

Hood's Sarsaparilla has a larger sale than all other blood purifiers. It wins confidence everywhere because the statements in its advertising and testimonials are verified by all who take it. No other medicine has ever received such praise, or so many voluntary testimonials of wonderful cures. No other medicine possesses

## parilla

the peculiar combination, proportion and process used in preparing Hood's Sarsaparilla, and which give it merit peculiar to itself. This is the secret of its wonderful power, of its wonderful sales, of its wonderful hold upon the confidence of the people. This is why it cures Scrofula, Salt Rheum, Catarrh, Rheumatism, all Humors, Kidney and Liver troubles, Dyspepsia, That Tired Feeling, builds up the nerves, creates an appetite and strengthens the whole system. Its merit, its sales, its

## Praise for Muscle Oil

WM. STRINGER OF PEABODY CURED OF RHEUMATISM IN LEG.

PEABODY, Mass., Sept. 7, 1894.

Muscle Oil Co.—Gentlemen:—Last spring I was greatly troubled with rheumatism in my leg and was not able to do any work for four months. After using several other so-called cures, I tried Muscle Oil, and after using five bottles I was able to walk every day and now feel as well as ever.

Yours truly,  
WILLIAM STRINGER, Kerry St.

These cold, raw days mean exposure to sudden changes. Fortify yourself against rheumatism by keeping Muscle Oil on hand.

25c. and 50c. a bottle.

Down and \$1.00 per week for \$20.00 worth of Furniture at GUY'S COLISEUM.

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston Atlantic, South and West Quincy.

Watch this line grow:

Wanted, in Quincy, a large hall.

Probate Court will be held in this city tomorrow.

The City Council will meet again next Monday evening.

E. H. Doble & Co. are putting down a new floor in their stable.

The regular meeting of the Quincy Board of Trade will be held this evening.

Two or three quartermen are wanted, as will be seen by advertisement today.

Mrs. E. M. Litchfield and Mrs. I. M. Holt have gone south for a six weeks' trip.

Founder's day will be observed on Thursday at the Greenleaf street school with exercises at 10:30 A. M.

Mrs. T. B. Fihely and Mrs. James Kenny of Brockton are the guests of Miss Mary Fihely of Main street.

A young son of Fred H. Smith was thrown from a horse Sunday, but fortunately escaped with a few bruises.

T. L. Williams is busy moving his stock of goods from West Quincy to his new store on Hancock street, Quincy.

It seems that the torn flag that was flying from the Willard school last week is not the only flag they have, but the one they display in stormy weather. Their new flag is put out on pleasant days.

Democratic caucus for the election of delegates to the State and District conventions will be held on Thursday evening, April 2. The representation will be the same as for the State convention of 1895.

Last Tuesday evening the Rev. Mr. Clarke, at the opening of his lecture on "The Life of Christ," in the Presbyterian church, Water street, discovered that one of the valves of his stereopticon had been broken in transit. His lecture had to be postponed, and will be given tonight.

Chief Engineer Williams has received word that the new combination engine has been shipped and will arrive in Quincy this week. The manufacturers in their letter say that the new piece of apparatus is the best and handsomest engine ever built by the Holloway Co., of Baltimore.

At the South Quincy Presbyterian church the pastor preached at both services on Sunday, as usual. In the morning the subject was "The Works of Faith;" in the evening, "The Danger of Seeking or Pretending to Know More than Jesus." The congregations were gratifying in point of size and interest.

The City of Quincy, in common with other places in this Commonwealth, was in mourning Monday the day of the funeral of Gov. Greenhalge. The schools closed at noon the last hour of the morning session being devoted to appropriate exercises. In the afternoon during the hours of the funeral City Hall was closed and the places of business in the centre drew their curtains. The bell on the old historic First church was tolled for one hour. Many of the stores also displayed in their show windows throughout the day draped portraits of the late Governor.

The estimates for the highway appropriation in the town of Watertown is \$16,000 more than half of the school appropriation.

## THE CITY COUNCIL.

[Continued from second page.]

Councilman Nickerson thought the Council should hear the architects. If Mr. Wright was not present that was his fault. Councilmen Claffin and Field thought it unfair to hear one architect and not the other.

Councilman Phillips said there were some points he would like explained. Does either plan possess advantages in regard to light and floor space.

Mr. Porter said rooms in both building were equally well lighted, and the cubic contents was almost alike; the corridors in the Moxon plans are a little wider.

The motion of Councilman Nickerson that the architects come forward and explain their plans was lost by a vote of 10 to 8.

The motion to accept the amendment offered by the committee on Public Buildings was then put and lost by a vote of 11 to 10. President Bryant voting in the negative.

Councilman Rice moved to lay on the table giving notice that he would substitute wood for brick. The motion was lost. Adjourned at 9:45.

## AT THE HIGH.

Greenhalge Memorial Exercises with Address and Poem.

Thirty-one pupils of the High school took individual parts at the Greenhalge memorial exercises at the school on Monday, and these were supplemented by an address by Hon. C. H. Porter, the chairman of the School Committee; remarks and verses by Mr. Tupper the head master; and singing. The programme:

1. Music, "Praise ye the Father," by the school.

2. Introductory remarks, Head-Master F. A. Tupper.

3. "Greenhalge as a school boy," Raymond T. Delano, '98.

4. "His Literary Culture," Frank M. Coe, '96.

5. "Short Tributes," Delia Burke, '97, Bertha F. Hayden, '97, Mary E. Pitts, '97, Gertrude Walker, '97, Edward C. Hewitt, '98, Elsie Schamagel, '97, Rachel E. Johnson, '97, E. H. Douglas, '99, Norma C. Lowe, '99, Rose Coyle, '99.

6. Music, "Wanderer's Farewell," by the school.

7. (a) Poem, "Frederic Thomas Greenhalge," Fannie E. Beckwith, '98.

(b) "The Force of Sentiment," Nettie Sweeney, '96.

(c) "The Legislature is Notified," Curtis Nichols, '97.

(d) "Action of City Officers of Lowell," John W. Northcott, '96.

(e) "Action of Boston Aldermen," William Walsh, '97.

(f) "Action of Boston Common Council," Margaret L. Burns, '98.

8. (a) "Action of the State Board of Education," Beatrice M. Briggs, '96.

(b) "Additional Tributes," Isabel F. Butler, '96.

(c) "The Reform Club Honors His Memory," Harold Wilder, '96.

(d) "Resolutions of the Ancient and Honorable Artillery Company," Helen E. Bemis, '97.

(e) "Action of the Republican State Committee," Alice M. Briggs, '97.

9. (a) "The Governor's Visits to Quincy," Beatrice Rothwell, '96.

(b) "Speech at the Dedication of the Quincy High School," Mary M. Joss, '97, Miss McPherson, '97.

(c) "Speech at the Hospital Fete," Catherine E. Healy, '96; Mary E. Garrity, '96; Helen H. Gavin, '96; Annie L. Roache, '96.

10. Music, "Angel of Peace," by the school.

11. Speech on Garfield's Death, Donald MacKenzie, '97.

12. Address by Hon. Charles H. Porter.

13. Verses "Governor Greenhalge," Headmaster F. A. Tupper.

14. Music, "America," by the school.

MR. TUPPER'S VERSES.

He hath taken his place in Memory's hall Where time shall never encroach, The Helmsman grand your Ship of State, Fearless without reproach.

He hath taken his place by the men of old, And they rise their brother to greet, Hancock is there and Adams bold, And they give him welcome meet.

Oh straight and sure on the noblest course, No matter what storms would whirl, Our good ship sped through tempest's force, While He was at the helm.

Rest well, rest well, Thou Helmsman dear, A proud State loves thee well, A thousand flags at half-mast drear, The sense of loss and the tender tear, Of the State's affection tell.

A portrait of Governor Greenhalge stood on the piano. The picture was tastefully draped with American flags and crape, and surrounded with beautiful callalilies and evergreen.

Hon. Charles H. Porter's remarks were received with close attention. Col. Porter's intimate relations with Governor Greenhalge gave the address peculiar interest.

## Advertised Letters.

At Wollaston post office, Monday, Mar. 9: Miss Mirriah Burns, Mr. Arthur F. Joy, Mrs. S. M. Oaks, Miss Ella Pearson.

HOOD'S PILLS cure Liver Ills, Biliousness, Indigestion, Headache. A pleasant laxative. All Druggists.

## BORN.

McGOVERN—In Quincy, March 4, a daughter to Mr. James P. and Mrs. Mary E. McGovern, of South street.

## AN HISTORIC STREET

An Interesting and Valuable Paper by Edward H. Dewson.

Hancock Street for Period Covering 257 Years.

Each Estate to be Taken up Separately and History Given.

(Continued from March 6.)

Next is the cottage house built by Charles Hall in the twenties, later owned and occupied by the late G. F. Wilson, who built the store beyond, for groceries and meat.

About the year 1840, Charles P. Tirrell bought a building used for a tavern then standing on the Packard lot on the opposite side of the road. It was a cottage house. He moved it over and made considerable additions to it in the rear. It is being torn down at the date of this writing, to be replaced by a large building for bowling alleys. Mr. Tirrell's wheelwright shop stood next toward the south, where is now a handsome wooden building, occupied in part by his grandson, who is engaged in the same business.

Next, was a drive way to a stable in the rear, then a low two-story building, the first floor of which was used by Edward Hall, for a hat manufactory, and the second floor by Charles Hall, who manufactured boots. This has long since been removed. Next there was as late as 1860 an old building, built in the forties by John Mulford, for a bark house. Later Wm. Pantton's currying shop stood here, still later it was converted into a store. Mulford also built the tan yard by the brook, now abandoned, also the dwelling house beyond, for many years occupied by Wm. Pantton.

Close to the Mulford or Pantton house, on the North, there still stands an old building. The curb roof indicates that it was built many years ago. In the thirties it was used by Jonathan and Elisha Marsh, for coloring yarns for their factory. The Marsh's were partners in the manufacture of coach lace, in a one story building, that stood in the forties on the corner of Marsh and School street.

The next house was formerly John A. Newcomb's. Mr. Marsh says it was built by Micajah Adams, but the date of its erection is unknown. One Micajah Adams died in 1769 aged seventy-seven years. Another of the same name was a member of the Quincy Light Infantry in 1790. It was originally of the first type, previously mentioned. It has been remodelled, and the old house can no longer be recognized. The builder of the house was great grandfather of Mrs. W. A. Hodges. Mr. Newcomb's shoe shop stood close to the sidewalk a little toward the south. It has been removed to near the head of Granite street, where it still stands, a diminutive model of the first type of colonial houses. It is occupied by Nathaniel Nightingale and a fruit dealer.

The house of Abner Willett is next. It is old, but the date of its erection is unknown.

The house of the late Thomas M. Marsh stands next. This was built at an early date.

Beyond this toward the south, there was a small red building, long ago removed. It was used by Willett and Marsh for wool pulling.

The baker shop, occupied by Wm. A. Hodges, and the store just beyond, were early in the fifties kept by John and Henry H. Faxon.

Heirs of Thomas H. Plumer own the two buildings and dwelling-house now standing toward the south of the above named. Next are the house and tin shop of the late Ensign S. Fellows.

All these buildings south of the Marsh house are of comparatively recent date.

On the site of the Plumer buildings Pattee states that "1658, John Mills received authority to establish a house of entertainment in Braintree."

This was the second public house in the town. In later times it was known as the "Ben Faxon house."

Col. Packard describes it as a long two story building. It was burned in 1843.

As late as 1860 the estate south of Fellows' shop made one lot on the corner of School street.

Mr. Marsh contributes the following in regard to it. "As early as the middle of the last century, there stood near the spot now occupied by the residence of Mr. Pattee, on School street, a peculiar house known as the Apthorp place. It stood a little back from the street fronting the south, and from the two ends curved one story wings extended to the street with a door in each, directly from the sidewalk.

This enclosed a front garden protected from all the cold winds. The estate extended from the easterly line of the Judge Cranch place, (now James Edwards,) to what was lately the Fellows place. I think the house was built by Mr. Apthorp and was standing until about 1860.

The family were always of the church of England and in revolutionary times, were suspected of being faithful to the crown. There has been but one member of the family there in my time, an old maiden lady, known as Aunt Betsy, who came out on Sundays to attend the Episcopal church. Another William Apthorp though not then a resident of Quincy, gave to the Episcopal Society the lot on which their present church stands."

Quincy avenue is the continuation of Hancock street, south from Elm and School streets. It was built by the Braintree and Weymouth Turnpike Co. incorporated in 1803. The road was made free in 1857 or 58.

Elm street was in early times called "the road to Capt. Richard Brackett's landing" on Town river.

From the corner of this street we will begin our journey northward.

[To be continued.]

NOTE.—Mr. Dewson requests that corrections and omissions in the above historical paper be sent to the PATRIOT for publication, instead of to him; although if anyone prefers the latter course he will be glad to receive their letters and see that they are recorded. At his suggestion the PATRIOT will inaugurate an historical and genealogical column upon the completion of the history of Hancock street, probably March 25 or April 4.—[Eps.]

## LOOK IT COOLLY.

Murderer Holmes Joked Over Reading of His Death Warrant.

PHILADELPHIA, March 10.—The death warrant was read to H. H. Holmes yesterday by Sheriff Clement. Holmes remained perfectly cool during the reading of the document and appeared less concerned than did the sheriff. At the conclusion of the reading of the paper, Holmes expressed himself as willing to die, and as the sheriff was leaving the cell the doomed man said jocularly: "You can, of course, find me here when you want me."

As the sheriff was passing out he omitted to bow his head to clear the upper part of the low entrance to the cell. Holmes observed the officer's silk hat in danger of collision with the door, and called out: "Be careful, sheriff, or you will bump your head."

## Not Yet Christened.

NEW YORK, March 10.—Ballington Booth and his wife commenced active work yesterday in their new religious movement. Their headquarters were opened in Bible House. What name to give the new organization is still puzzling its leader. He wants a word distinctly American and national in character. The banner, however, has been designed. It is a flag of white silk, with a blue cross emblazoned in the center. In the upper left hand corner is a field of stars, like those in the American flag. Mr. and Mrs. Booth are planning a tour of the leading cities of the country.

## BADGER'S HEATERS

Appreciate the difference between heating by furnaces or stoves and heating by STEAM. They also appreciate the saving in Coal.

**BADGER BROS., West Quincy, Mass.**

## Which Bicycle Shall I Buy?

THERE is lots of deception in bicycles—enamel covers a heap of sin. To some people all bicycles look alike, and inexperienced buyers are often influenced in selecting a wheel, by some simple or inexpensive attachment, instead of by the most important features. THE STERLING QUALITY, THE SKILLED CONSTRUCTION.

UNSCRUPULOUS Agents will tell you anything to sell a wheel, but wheels of repute speak for themselves. Such wheels as these, and these alone, can be found at this reliable agency. Beautiful 1896 models for Ladies or Gentlemen, ranging in price from \$50.00 to \$100.00. Wheels that are worthy the name, Wheels that bring endless comfort to the owner. Wheels that are sold by an agency which is in the business to stay and which realizes the importance of selling for future prosperity, the very best wheels that American wisdom can manufacture. Information cheerfully given and inspection solicited. Reasonable allowance for old wheels. To us to suit.

### A STRANGE DOG'S RAID

Has Stirred Up Everybody In the  
Vicinity of Braut.

All Sorts of Weapons Used  
Upon the Brute.

One Man is to Take a Trip to the Pasteur In-  
stitute at New York.

LOWELL, Mass., March 11.—George Grif-  
fith, living in that part of Braut known  
as Collinsville, was yesterday sent to New  
York to be treated at the Pasteur institute  
for rabies.

Griffith was bitten in the hand last Sunday  
afternoon by a tan-colored dog of the  
collie type, which afterward bit several  
hens, pigs, one dog, and, possibly, a boy  
named John Mead.

Griffith says he was standing in his  
doorway, near Mills' corner, and suddenly  
felt a pain in his hand. Looking down he  
saw the dog leaping up on him. He  
kicked the dog off, and it ran down the  
street toward Collinsville.

On the way, at the schoolhouse corner,  
so-called, the dog bit a dog belonging to  
Parker Varnum, and continued his course  
through the village.

Meeting a lot of 8 years, John Mead,  
the dog jumped up on him, and the boy,  
thinking the dog frolicking, "rattled"  
him, as the boy says, and threw him off.  
The dog then went on down the street,  
on the way snapping at hens, pigs and all  
other animals he came across.

By this time he had attracted the attention  
of the villagers, and word got about that  
the dog was mad. Stones, sticks, pistols,  
and shotguns were brought into  
requisition, and shortly

The Dog Was Killed.

Dr. Eaton, inspector for the state cattle  
commission, and Dr. Sherman, both veteri-  
naries, looked up the case in regard to  
the dog, while Dr. Hoher attended  
Griffith, and Dr. Gage of this city at-  
tended the boy Mead.

It was decided the dog was probably  
suffering from rabies, and Griffith was  
immediately sent to New York. An ex-  
amination of the Mead boy revealed only  
a few scratches behind one ear. The boy  
did not think they were caused by the  
dog. He will, however, probably also be  
sent to the Pasteur institute.

All the pigs, hens and Parker Varnum's  
dog were killed, and yesterday the body of  
the dog which had done the mischief was  
sent to the state cattle commission for ex-  
amination.

The dog's feet bore signs of having  
traveled far. The dog was itself bitten in  
several places on the body and legs, hav-  
ing evidently been fighting with other  
dogs. So far as is known, it came from  
direction to the west of Braut, although  
this signifies little, as the animal had  
manifestly run a long distance.

ON BEACON HILL.

Lieutenant Governor Wolcott Enters Upon  
Duties as Chief Executive.

BOSTON, March 11.—Lieutenant Gov-  
ernor Wolcott yesterday took possession  
of the executive chamber. Henry A.  
Thomas will continue in the office of  
private secretary. All the members of the  
military staff will also retain their places.  
The acting governor has cancelled all en-  
gagements of a public nature till Patriots'  
day, when the public memorial service of  
the late governor will be held. He has  
also announced his intention of accepting  
invitations far more sparingly than has  
been the custom.

The senate passed the biennial resolves,  
and the question as to whether we shall  
have state elections now only every two  
years will be decided by the people at the  
polls in November.

The vote on the resolves was 24 in favor  
and 8 against, and, as it only required a  
majority vote in the senate, the question  
is settled now in so far as the legislature  
is concerned.

There were a number of hearings laid  
out for yesterday, but very few of them  
panned out abundantly. Edward Atkin-  
son endorsed the Whitney gas project, in-  
cidentally explaining that it had all been  
thought out by himself long ago, and  
Hamilton A. Hill spoke of the economic  
advantages of cheap gas in the use of gas  
ranges.

The committee on agriculture heard the  
petitioners for the abolition of the cattle  
commission, and the committee on metro-  
politan affairs considered several matters  
relating to the city of Boston, including a  
bill to include water rates in tax bills.

The committee on constitutional amend-  
ments, three members dissenting, reported  
"reference to the next general court" of  
the proposed constitutional amendment  
striking out the word "male" from the  
constitution, so as to give full suffrage to  
women.

A bill was reported for a statue of Gen-  
eral Butler.

Queer Dollars In His Pocket.

LOWELL, Mass., March 11.—John A.  
Bradley, an alleged counterfeiter, was ar-  
rested here last night. For several days  
spurious half dollars have been in circu-  
lation. Yesterday a good imitation silver  
dollar showed up. A clew was obtained  
leading to the apprehension of Bradley  
and the securing of an amateurish kit of  
counterfeiting appliances. Bradley is 35  
years old, and a week ago was released  
from the state prison at Concord, N. H.,  
after serving three years for stealing a  
team. When arrested last night he had  
\$2 counterfeited dollars in his pocket. At  
his rooms were found lead, tin, a crucible  
and a file for milling coin. There were  
other evidences that he had tried to mould  
nickels.

**TRUNKS,** all sizes and styles,  
20 per cent reduction at  
**GUY'S COLISEUM.**

Sight Falling Off.

BOSTON, March 11.—The 17th annual  
session of the Grand Council of Massachu-  
setts, American Legion of Honor, was held  
here yesterday. Grand Commander  
Downe's report showed that 193 members  
were initiated this year, against 231 for the  
preceding year. The grand secretary re-  
ported the institution of two new coun-  
cils during the year and two dissolutions.  
Massachusetts has 485 members; Maine,  
231; New Hampshire, 141; Vermont, 79,  
and Rhode Island, 282. The grand treas-  
urer reported receipts for the year of  
\$337,965, payments of \$6183.18, and a bal-  
ance of \$281.66. The session was ended  
by a banquet.

An Interesting Dispute.

CHICOPEE, Mass., March 11.—Mayor  
Grant yesterday removed ex-Mayor W. W.  
McClench from the board of license com-  
missioners. The specific reason given is  
that he has been the attorney for the  
Springfield Brewing company and there-  
fore is disqualified from holding the place.  
McClench has severed his connection with  
the brewery and will fight the case, claim-  
ing that the mayor has no right to remove  
him from the office except for some act  
performed as a commissioner.

Knight Made High Priest.

PROVIDENCE, March 11.—The annual  
meeting of the grand chapter of Rhode  
Island Free Masons was held here yester-  
day and the election of officers resulted in  
the overturning of the old board. For the  
first time the honors of high priest were  
conferred, Caleb Knight of Woonsocket  
being chosen high priest.

Foster's Stealings.

CONCORD, N. H., March 11.—In a report  
to the city government yesterday, City  
Auditor Lyford stated that the shortage  
of ex-City Collector Foster for 1894 and  
1895 would amount to \$34,000.

New England Briefs.

City Treasurer Kenrick of Newton,  
Mass., is dead.

Litchfield, N. H., went Republican yester-  
day for the first time in 41 years.

Simon Borden, for 32 years clerk of the  
Bristol (Mass.) county courts, is dead.

All the evidence in the Pond will case  
is in, and it will probably be given to the  
jury on Friday.

H. T. Gallup, formerly superintendent  
of the Boston and Albany railroad, died  
at Orr's Island, Me., aged 60 years.

The Concord (N. H.) city council elected  
ex-Alderman Timothy P. Sullivan to com-  
plete the tax collections of ex-City Collector  
Albert I. Foster.

Fire, resulting from an explosion of  
chemicals in a Boston building, occupied  
by a manufacturer of horse liniment,  
caused \$10,000 damage.

James Dugan, treasurer of the Low-  
ell (Mass.) Hosiery company, died sud-  
denly of heart trouble. He originally  
came from Manchester, Eng.

The Laconia (N. H.) municipal election  
resulted in the re-election of Samuel B.  
Smith (Rep.) by 311 majority. The city  
council will stand 11 Republicans and 3  
Democrats.

Bradley C. Newell of Jacksonville,  
Fla., the healer, was at Bellows Falls all  
day, and was visited by nearly 200 people.  
There was considerable excitement, but  
no marvelous cures were recorded.

Griffith Blake died at New Brunswick,  
N. J. He was the husband of Lillie  
Devereux Blake, although they have not  
lived together for many years. The de-  
ceased was born in Harrison, Me., 57 years  
ago.

The will of the late Charles Carleton  
Coffin, the writer and war correspondent,  
gives all his books and relics into public  
custody. Excepting a \$200 bequest to  
Walter, N. H., his estate is left to his  
widow.

The threatened epidemic of measles at  
Yale has caused the faculty to make pre-  
parations against the further spreading of  
the disease. All students have been  
warned to exercise care in visiting where  
the disease has broken out.

In the Portsmouth (N. H.) municipal  
election, W. O. Jenkins (Dem.) was  
elected mayor by 252 majority. The com-  
mon council will consist of 12 Republi-  
cans and 4 Democrats, and the aldermanic  
board of 7 Republicans and 2 Democrats.

"A Heartbreaking Blow."

LONDON, March 11.—"General" Bosh  
being asked for an expression of his opin-  
ion on the trouble in the Salvation Army  
in the United States, replied: "Ballington's  
action is inexplicable, and is a heart-  
breaking blow to me. I still hope that  
the differences may be smoothed over, and  
I labored to Ballington the assurance that  
it was still not too late for forgiveness,  
and begging him to come to England  
that I might pray with him. He has,  
however, not answered." He said he  
thought Ballington Booth's new move-  
ment would have no effect on the Salva-  
tion Army.

Wife Murder and Suicide.

ALLENTOWN, Pa., March 11.—Fidel  
Tritschler, aged 34 years, a prominent  
baker, murdered his wife yesterday and  
then committed suicide. For more than  
a week Tritschler had been suffering from  
insomnia, and it is thought he committed  
the murder while temporarily insane. The  
couple had been married less than six  
months, and were to all appearances per-  
fectly happy.

An Unverified Rumor.

MADRID, March 11.—It is reported in  
political circles that England is trying to  
mediate between Spain and the United  
States for the settlement of the Cuban  
question on the basis of the recognition of  
the sovereign rights of Spain over Cuba,  
which would be granted an autonomous  
administration, the customs receipts, how-  
ever, being devoted to the payment of the  
Cuban debt.

Peace Must Wait.

ROME, March 11.—There is a change in  
public feeling here and a predominant  
in the demonstrations in favor of relieving  
Italy's military dignity before concluding  
a peace with Abyssinia. It is certain that  
one result of the disaster will be an im-  
mense and much-needed improvement in  
the military organization.

Grand Larceny Charged.

NEW YORK, March 11.—Graham Mc-  
Adams, a lawyer, was arrested yesterday  
afternoon on a bench warrant charging  
him with grand larceny in the second de-  
gree in connection with the Lloyd's Fire  
insurance companies. He is accused of  
selling bogus charters.

## LIVELY PROCEEDINGS.

Cuban Debate Gets a Fresh Warming  
Up In the Senate.

Lodge and Teller Pay Respects  
to De Lome.

Hoar, Sherman and Morgan Contribute to  
Day's Excitement.

WASHINGTON, March 11.—The prevailing  
feeling yesterday that the Cuban debate  
would give place to something else was  
destined to prove incorrect. Everything  
is proceeding under unanimous consent,  
and hardly had the senate been in session  
10 minutes before the introductions of  
bills and resolutions gave way to remarks  
by Senator Lodge on Minister Dupuy de  
Lome's interview.

Mr. Lodge rose to a question of personal  
privilege, in relation to the statement of  
the Spanish minister through the news-  
paper press. That statement accused him  
(Mr. Lodge) of having read to the senate a  
report which had been imposed upon him,  
and which he said was a malicious and  
fraudulent misrepresentation.

He held in his hand a copy of El Liberal  
of Madrid, in which the interview with  
General Weyler was published; and he  
would have the article printed in The  
Record in Spanish, so that it might be  
seen that the translation which he had  
made of it was correct. The Spanish word  
"limpiar" meant to clean, to clean out,  
and he had given it the translation of "ex-  
terminate."

That was what the Spanish minister  
complained of. He (Mr. Lodge) could  
understand the sensitiveness of the Span-  
ish people—a people who had in 899 years  
disrupted a great empire. But he did not  
think there was any excuse for the diplo-  
matic representative of Spain taking the  
course which he had taken. That min-  
ister had been referred to in the debate  
Monday as a historian; but his state-  
ments were ex parte.

Mr. Teller added his opinion that a rep-  
etition of the minister's action should be  
followed by his dismissal. Senators Gray  
and Hale maintained that senatorial pri-  
vilege and prerogative should not be  
strained to close the mouth of the Spanish  
minister. Mr. Lodge did not press for any  
definite action.

The incident was hardly closed when  
the subject came up in another form.

Mr. Hoar had asked that his resolution  
postponing the entire Cuban question un-  
til April 6 go over until today. This  
morning Mr. Sherman to an energetic and  
feeling protest. He declared that Mr.  
Hoar's resolution was a reflection on the  
committee on foreign relations and was  
an effort to shelve the Cuban resolutions  
after weeks of discussion and

Overwhelming Votes In Both Houses.

Mr. Hoar finally waved Mr. Sherman  
aside with emphasis, to the great amuse-  
ment of senators and the crowded gal-  
eries. Mr. Hoar insisted on making his ex-  
planation, without interruption, to the  
suggestion of the Ohio senator that an at-  
tack had been made on the committee on  
foreign relations. A very grave question  
was before the senate. It was a question  
so far that the senator (Morgan) who  
reported the Cuban resolutions said he  
would lay his sword before the senate and  
Spain was at liberty to take it up.

Mr. Hoar said he would, of course, yield  
for a correction.

Mr. Morgan pointed out that his state-  
ment as to laying down his sword was the  
conclusion of a previous statement that if  
it became necessary, if war came, then he  
would place his sword on the table of the  
committee, and if Spain wished to take it  
up she could do so.

Senator Hoar continued: "We have no  
findings of fact brought before the senate  
in any authentic way. We have a mes-  
sage of the president to the house of rep-  
resentatives containing the diplomatic cor-  
respondence and consular reports, but  
nothing else. Now the senator from Ohio  
for the first time brings before the senate  
what he says was before the committee."

Here Mr. Sherman interrupted to say  
that he had read pages and pages to the  
senate, and that Mr. Hoar had been absent  
for a week or two and did not know what  
had been going on. Mr. Hoar was unable  
to show that the document in question  
had never been printed for the senate and  
that his original contention was correct.

Senator Morgan inquired whether the  
senate must wait till it was sure it had all  
the facts before it could act.

Mr. Hoar answered with a counter ques-  
tion: "Would you have the senate take  
action without knowledge of facts?" Mr.  
Hoar went on to explain that he objected  
to the mixing up of things between the  
executive and the senate. Someone in-  
quired how that tallied with Hoar's posi-  
tion in favor of aid to Armenia.

Mr. Hoar said that the two matters  
were not at all parallel.

Mr. Chandler then read the full text of  
Mr. Hoar's message to the president  
pledging his support to the most vigorous  
measures the administration might take  
in the Armenian matter.

Mr. Hoar said that this was in the in-  
terest of humanity and patriotism, and he  
would willingly vote tomorrow for any  
measure for the protection of the lives of  
American citizens in Cuba, but that is a  
different thing from recognizing the bel-  
ligerency of an insurgent party on the  
island.

Mr. Sherman finally withdrew his ob-  
jection and Mr. Hoar's resolution went  
over until today, but not before Mr. Hoar  
had made a brief but telling speech  
against what he termed the meddling poli-  
cy of congress in foreign questions.

The latter part of the day was given to  
a continuance of Mr. Turpie's speech in  
opposition to the claim of Mr. Dupont.

The honest pharmacist may, without flattery, be called a benefactor of humanity.  
He spends a number of years in the thorough mastery of his profession and is a man of  
broad views, liberal education, and wide experience. The honest pharmacist,  
although in a sense he is a merchant, does not sink his profession below the level of a  
trade.

It is impracticable for everyone to have an intimate knowledge of **drugs** and  
**chemistry**, just as it is impossible for every person to be an expert electrician or  
astronomer—it is all a matter of education and experience.

The **honest** pharmacist is not "stuck up," he does not "own the earth",  
and he is wise enough to know it.

You will find **Leonard J. Pastor, Ph. C., at THE PHENIX  
PHARMACY**, 27 School street, Quincy. He is always courteous and obliging.  
You will have no cause to regret the time and trouble; it is more than likely that you  
will be pleased at making the acquaintance of the **model** pharmacist, Leonard J.  
Pastor, Ph. C.

It is needless to enumerate every article that is sold at **The Phenix  
Pharmacy**; it is enough to state that the stock of Drugs, Chemicals, Patent  
Medicines, and Herbs is the most complete in this vicinity, while the selling price may  
be judged from the few prices submitted herewith:

THE WAY in which several of the Boston dailies wrote up the Wilde case is not a credit to modern journalism. Column after column of sensational stuff, padded out with irresponsible and in many cases slanderous gossip, has been spread before a credulous public for the past two days. Reporters were sent out from Boston to write the case up and "make a good story out of it." Is it to be wondered that people refer to an improbable story as "a newspaper yarn?" Such papers and their fake stories do more to undermine the confidence of the public in the modern newspaper than any other three causes combined.  
The case is not so very complicated, neither does it require columns in which to tell it. If Mr. Wilde, a citizen, had gone to Boston and lost the money under similar circumstances very little would have been said about it, or, if Postmaster Wilde had passed through a like experience without losing any money, the world would probably never have heard of it. But the combination of Postmaster Wilde and the money created a sensation; first, because he was a government official; second, because it was supposed that the money belonged to the government; and that his bondsmen would have to make it good; third, because a great many people jumped at the conclusion that he was covering up a shortage in his accounts and was putting up a job on the government.  
But a careful analysis of the situation shows that the two latter suppositions are incorrect; first, because he has made good the shortage (\$592.44) out of his own funds without calling on his bondsmen; second, Post Office Inspector James Bulman, after a rigid examination of his accounts and vouchers has declared them to be correct; third, Mr. Wilde is today a wreck, both mentally and physically, a consultation of physicians (Doctors Gordon and Richards) having been called to take place on Thursday.  
To jump on a man when he is down is bad enough but to rub it in is confounding. What Mr. Wilde went through mentally on Saturday hundreds of people have passed through. From a number of questions which was put to him the past three days it was finally possible to get some idea where he was on that eventful afternoon.  
He went to Boston on the 1.20 P. M. train; he walked rapidly up Kneeland street to Washington street, and when opposite Benari's shoe store met Mr. Samuel King; he stopped and talked with Mr. King about a choir rehearsal; he continued on Washington to J. L. Hammett's school supply store, which he visited and bought some blocks for his little girl; while there he noticed that his head was not feeling right; he left the store and concluded to go out on the 3.15 train, but the pain increasing he started for Dr. George B. Rice's office on Boylston street, going up West street to Tremont to take a car; when near the corner of Tremont his head gave out completely; he became faint and sat down in a doorway; in a few minutes he revived enough to cross Tremont street and enter the Common; another fainting spell coming he sat down on a pile of lumber; after awhile a man came and sat down beside him; he has an indistinct recollection of the stranger going through his pockets but with nothing more than a feeble protest on his part, except that he sort of instinctively clutched his watch and held on to it; he half recovered from his stupor at about twilight; he got up and staggered towards the depot; a tipsy but kind hearted Irishman came along and offered to assist him to the depot, which he did and put him aboard the train.  
After three days assiduous work upon the part of the doctors and attendants this is the story which he has told by piece-meal. He has no idea why he should have gone to Boston that afternoon, or why he took the money with him. It was apparently the freak of an unbalanced mind.

**THE CAUCUSES.**  
Republican caucuses for the choice of State and Congressional delegates will be held next Wednesday. Wards One, Three and Five will be entitled to four delegates to each, and Wards Two, Four and Six to three each. In Ward One the Australian ballot will be used and the polls kept open from 4 to 9 P. M. Secretary Cleaves gives notice that nominations will be received until 7 P. M., March 13.  
**TODAY'S COURT.**  
James Malone was fined \$7 for drunkenness at Quincy.  
Michael Sheahan was fined \$5 for drunkenness at Milton.

**Large Shoe Factory.**  
Clarence Burgin presented the desires of a large shoe concern, who were prepared to lease a four story building 50x300 provided it should be erected; one that would give employment to from 500 to 700. Also of another manufacturing concern which employed girls. Referred to committee on new industries.  
**Quarry Railroad.**  
L. S. Anderson offered resolutions as to inestimable value of the proposed Quarry railroad and giving the unqualified approval of the Board of Trade, which were adopted.  
The committee on transportation was requested to appear at the hearing of the City Council in favor of petition.  
**Railroad Fares.**  
John R. Graham for the committee on transportation promised a comprehensive summary of suburban fares at an early date, and was given more time.  
The committee on highway improvements had no information before it when it met concerning proposed buildings on Hancock street. It had since been learned that a four story \$25,000 block was to be erected. The committee was requested to attend the Council hearing.  
**Mr. Keating's Improvements.**  
Albert Keating said he was present in response to the general invitation in the LEDGER to see if the Board of Trade would encourage citizens who contemplated improvement. He had commenced the erection of a building at the corner of Washington and Canal streets which would add taxable property to the city and greatly improve an unsightly corner.  
The chairman asked if there was not a question as to ownership.  
Mr. Keating said he had been in possession sixteen years and knew no claimant.  
If he had encroached it was innocently. The late John Q. Adams had told him that the town had no claim because a street abutted. He claimed property as an abutter. If city or anyone else owned it, he was ready to buy.  
No action was taken, and the meeting adjourned at 9.35.

**Quincy Yacht Club.**  
The executive committee of the Quincy yacht club organized on Tuesday evening with Charles F. Pettengill as chairman, and James S. Whiting as secretary. It was voted that Commodore Pettengill and Mr. H. M. Faxon be authorized to purchase a tender for the club; to adopt the rules presented by the House Committee; that Commodore Pettengill and Secretary Whiting be a committee of two to investigate and report upon an insignia for caps; that Mr. George G. Saville, Mr. Walter B. Holden and Mr. George Jones constitute the Membership Committee for the ensuing year; and that Commodore Pettengill and Secretary Whiting be a committee to procure estimates for the proposed new ladies' and reading rooms.  
The sum of \$25.15 was netted at the recent yacht club entertainment.

**Who Spoke First?**  
A large audience witnessed the presentation of "Who Spoke First" and "Dr. Baxter's Great Invention" in the vestry of the Wollaston Unitarian church on Tuesday evening. The different parts were strongly played. Those who participated were Mrs. Charles T. Baker, Mrs. George W. Bennett, Miss Fannie I. Lord, Hon. H. O. Fairbanks, Mr. Walter M. Hatch and Mr. Charles T. Baker. The excellent music was under the direction of Mr. and Mrs. S. P. Moorehouse.

**BOARD OF TRADE.**  
**Hearing to Manufacturers Who**  
**Want a Factory.**  
**A Large Shoe Concern Also Looking for a Location.**  
**New Quarry Railroad, Hancock**  
**Street Improvements, Etc.**

The regular monthly meeting of the Quincy Board of Trade was held Tuesday evening with about 25 in attendance. Mayor Adams presided and R. A. Sears, Esq., was secretary pro tem.  
At the suggestion of Walter T. Babcock, a hearing was given to a patentee and manufacturer of school desks who were seeking a new location. The patentee said he had been in business since October, 1893, and that his business amounted to over \$100,000 per year, and gave many minute details as to his business, which promised well. He personally wanted no assistance and did not care to take any stock in the company which should erect a factory and manufacture the desks. But he would give a long guarantee to take the product at a price to be agreed upon. He desired his friend to be manager of the factory, as he knew that his desks would be satisfactory. The manufacturer said a three-story manufactory of wood, 10'x40', would be ample and also gave estimates of capital, etc. Employment would be given to from 40 to 50 at wages from \$4 to \$18, and to more if the casting were made in Quincy.  
The whole matter was referred to the committee on ways and means.  
**Large Shoe Manufactory.**  
Clarence Burgin presented the desires of a large shoe concern, who were prepared to lease a four story building 50x300 provided it should be erected; one that would give employment to from 500 to 700. Also of another manufacturing concern which employed girls. Referred to committee on new industries.  
**Quarry Railroad.**  
L. S. Anderson offered resolutions as to inestimable value of the proposed Quarry railroad and giving the unqualified approval of the Board of Trade, which were adopted.  
The committee on transportation was requested to appear at the hearing of the City Council in favor of petition.  
**Railroad Fares.**  
John R. Graham for the committee on transportation promised a comprehensive summary of suburban fares at an early date, and was given more time.  
The committee on highway improvements had no information before it when it met concerning proposed buildings on Hancock street. It had since been learned that a four story \$25,000 block was to be erected. The committee was requested to attend the Council hearing.  
**Mr. Keating's Improvements.**  
Albert Keating said he was present in response to the general invitation in the LEDGER to see if the Board of Trade would encourage citizens who contemplated improvement. He had commenced the erection of a building at the corner of Washington and Canal streets which would add taxable property to the city and greatly improve an unsightly corner.  
The chairman asked if there was not a question as to ownership.  
Mr. Keating said he had been in possession sixteen years and knew no claimant.  
If he had encroached it was innocently. The late John Q. Adams had told him that the town had no claim because a street abutted. He claimed property as an abutter. If city or anyone else owned it, he was ready to buy.  
No action was taken, and the meeting adjourned at 9.35.

**5 Sores**  
In combination, proportion and process Hood's Sarsaparilla is peculiar to itself, and unequalled in true merit. No other medicine ever possessed so much curative power, or reached such enormous sales, or made such wonderful cures, as Hood's Sarsaparilla. It is undoubtedly the best medicine ever made to purify, vitalize and enrich the blood.  
That is the secret of its success.  
Read this statement:  
"When my son was 7 years of age, he had rheumatic fever and acute rheumatism, which settled in his left hip. He was so sick that no one thought there was any help for him. Five sores broke out on his thigh, which the doctor said were  
**Scrofula**  
sores. We had three different doctors. Pieces of bone came out of the sores. The last doctor said the leg would have to be cut open and the bone scraped, before he could get well. Howard became so low that he would eat nothing, and one doctor said there was no chance for him.  
"One day, a newspaper recommending Hood's Sarsaparilla was left at our door. We decided to try this medicine. Howard commenced taking it the last of February, after having been sick for a year and a  
**Cured**  
half. He hadn't taken it a week before I saw that his appetite began to improve, and then he gained rapidly. I gave him five bottles, when the sores were all healed and they never broke out again. The crutches he had used for four years were laid aside, as he had no further use for them. I give all the credit to Hood's Sarsaparilla." MRS. ADA L. MOODY, Fay Street, Lynn, Mass.  
This and many similar cures prove that  
**Hood's**  
**Sarsaparilla**  
Is the One True Blood Purifier. All druggists, \$1. Prepared only by C. I. Hood & Co., Lowell, Mass.  
cure Liver Ills; easy to take, easy to operate. 25c.

**Scrofula**

cure Liver Ills; easy to take, easy to operate. 25c.

**Who Spoke First?**  
A large audience witnessed the presentation of "Who Spoke First" and "Dr. Baxter's Great Invention" in the vestry of the Wollaston Unitarian church on Tuesday evening. The different parts were strongly played. Those who participated were Mrs. Charles T. Baker, Mrs. George W. Bennett, Miss Fannie I. Lord, Hon. H. O. Fairbanks, Mr. Walter M. Hatch and Mr. Charles T. Baker. The excellent music was under the direction of Mr. and Mrs. S. P. Moorehouse.

**QUINCY BREVITIES.**  
Notes from Quincy Point, Wollaston Atlantic, South and West Quincy.  
Watch this line grow:  
Wanted, in Quincy, a large hall.  
Merry Mount lodge A. O. U. W., initiated two candidates at its meeting Tuesday evening.  
Another of those enjoyable dances by the N. E. O. P. tomorrow evening.  
Officer James Beahn was on the sick list Tuesday night and Officer George McKay did duty at Wollaston.  
The I. O. O. G. T. of Wollaston admitted three persons to membership at their meeting on Tuesday evening.  
Auctioneer Crane sold the H. C. Weedon estate at Germantown at auction, Monday, to J. Mulweeney of Boston for \$12,000.  
After an inspection of the plant of the Quincy Beef Company, one will almost insist on having Hammond products. The stock is large, and first class and everything neat.  
The Ladies' Benevolent society of the Memorial Congregational church, Atlantic, hold their regular monthly supper and entertainment to take the form of an "Orange Supper" in the church this evening.  
The Massachusetts Bay Colony of Pilgrim Fathers hold their monthly dance in Music Hall on the coming Friday evening, and it promises to be a most enjoyable affair.  
The local history of Hancock street will be continued in the LEDGER on Thursdays instead of Fridays. It will relate tomorrow to the east side of the street going north from Elm street.  
Jesse P. Newcomb will be manager of the new Quincy Adams fish market to be opened tomorrow on Water street. It promises to be a well conducted market and there is a good opening for it.  
Representative Thompson kindly showed the representative of the DAILY LEDGER about the new State House Tuesday. New objects of interests are discovered on each tour of inspection through this grand structure.  
The society connected with the Memorial church, Atlantic, met for their annual meeting in the church last Tuesday evening but owing to the small numbers present it was decided to postpone meeting until Friday evening the 20th inst.  
The Quincy Teachers' Association met in the High School hall on Tuesday evening, March 10. Prof. Perrin of Boston University gave a most interesting address on the topic for the evening, "Education in Germany." A quartette composed of Misses Moxon, Briggs, Coe and Hall, sang two selections which were greatly enjoyed.  
The regular confirmation service at St. Chrysostom's church, Wollaston was held on Tuesday evening, two persons being confirmed. The Rt. Rev. William Lawrence, D. D., Bishop of Massachusetts and the Rev. Carlton P. Mills conducted the services. Every seat in the church was occupied. The music was by the regular choir.

**Scrofula**  
In combination, proportion and process Hood's Sarsaparilla is peculiar to itself, and unequalled in true merit. No other medicine ever possessed so much curative power, or reached such enormous sales, or made such wonderful cures, as Hood's Sarsaparilla. It is undoubtedly the best medicine ever made to purify, vitalize and enrich the blood.  
That is the secret of its success.  
Read this statement:  
"When my son was 7 years of age, he had rheumatic fever and acute rheumatism, which settled in his left hip. He was so sick that no one thought there was any help for him. Five sores broke out on his thigh, which the doctor said were  
**Scrofula**  
sores. We had three different doctors. Pieces of bone came out of the sores. The last doctor said the leg would have to be cut open and the bone scraped, before he could get well. Howard became so low that he would eat nothing, and one doctor said there was no chance for him.  
"One day, a newspaper recommending Hood's Sarsaparilla was left at our door. We decided to try this medicine. Howard commenced taking it the last of February, after having been sick for a year and a

NORFOLK, ss. PROBATE COURT.

To the Heirs-at-Law, Next-of-Kin, Creditors, and all other persons interested in the estate of

HUMPHREY JONES,

late of Quincy, in said county, deceased, in testate.

Whereas, a petition has been presented to said Court to grant a letter of administration on the estate of said deceased to Sarah E. Laing of said Quincy, or to some other suitable person

You are hereby cited to appear at a Probate Court to be held at Hyde Park in said County of Norfolk, on the fourth Wednesday of March, A. D. 1896, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in the QUINCY DAILY LEDGER, a newspaper published in said Quincy, the last publication to be one day, at least, before said Court.

Witness, George White, Esquire, Judge of said Court, this 24th day of March, in the year one thousand eight hundred and ninety-six.

MAR 11, 1896 JONATHAN COBB, Register.

**COUNTY ESTIMATES.**

**Opposition Developed at the State House Hearing.**

**Counsel for County Commissioners Presents Exhaustive Statement.**

**Claimed Estimates Were Too Small—Many 1895 Bills Paid This Year.**

The Committee on Counties of the Legislature had some difficulty Tuesday in securing a quorum at the hearing at the State House on the estimates for Norfolk County. Then the attendance of interested citizens of the county was so large that objection was made to the size of the room, that an effort was made to secure proper accommodations. An adjournment was finally made from the room formerly occupied by the Governor's secretary to Room 151.

Judge Grover appeared as counsel for the County Commissioners. He was anxious at the outset to learn whether there were any remonstrants, when City Solicitor Blackmur of Quincy, Judge French as counsel for Braintree, and the Selectmen of Franklin announced their appearance.

Judge Grover then proceeded to take up each item of the estimates, as already printed in the LEDGER, and explain the needs.

The item of \$7,300 for interest was less than the expenditure in 1895, and the \$10,000 for debt was the amount maturing.

To the expenditures for salaries of county officers should be added salaries due and unpaid amounting to \$49,500, and the total of \$12,411.41 compared favorably with the average for five years, \$12,134.51. The estimate was \$13,000.

The estimate for judges and clerks was \$6,000 and the average expenditure was \$5,722.72. Salaries amounting to \$416.04 were unpaid last year. The judges were allowed to purchase supplies by the statutes.

For support of prisoners and salaries and expenses of house of correction \$16,000 was wanted in excess of receipts. The average expenses, had been \$2006.16, and average expense above receipts \$12,633.51. Fuel, lights etc., had been transferred to this account requiring \$3,000 more.

A total of \$20,500 and receipts was wanted for criminal costs, including superior and district courts and trial justices. The average receipts had been \$2,727.14 and average of expenditure above receipts \$21,015.86. In 1895 they were \$21,255.85, plus \$3,142.46 of 1895 bills paid in 1896. Amount required largely a guess.

For civil expenses \$11,000 was asked and \$10,507.69 had been the average expense.

For medical examiners, inquests, etc., \$2,700 was asked. The expense of 1895 was \$2,559.45 plus unpaid bill of \$860.20, and the average for five years had been \$2,656.26.

The item for auditors was \$2,500 and was spent entirely by the courts. Average expense for five years \$2,061.81. The total for 1895 was \$2,358.66 plus \$1,021.25. From the care, fuel and light item the expense of \$3,000 for jails, etc., had been taken and the estimate was \$5,700 where the total average expense had been \$8,807.33.

For highways \$15,000 and receipts were wanted because decrees of 1895 amounting to \$15,321.80 must be paid. \$5,000 should have been added to this item.

For copying, indexing, stationery, etc., \$10,500 was asked. The average had been \$4,968.33.

For transient school \$3,000 was asked. The average expenses had been \$1,408.94; average receipts \$2,360.10. Expenses above receipts \$2,048.84. \$432 was required for plumbing and painting.

Only \$2,500 and receipts were asked for miscellaneous where the average expense had been \$3,052.57.

**Summarized.**

Summarizing the estimates Judge Grover said: "Leaving out the two items—highways and indexing—the estimates for 1896 are \$82,900; the average of total expenses for five years for the same items is \$80,131.10, an average difference of \$2,768.90. From this sum there is to be deducted \$409.95, salaries of County officers, \$416.04 due Justices and Clerks of Police and District Courts, \$3,142.46 criminal expenses in Superior Courts, \$843.77 support of prisoners, and \$860.20 paid medical examiners, all of which was incurred last year, but is to come out of this year's appropriation, together amounting to \$5,767.02, leaving a deficit of \$2,968.12, based on the average for the five preceding years. To this sum must be added the receipts which include interest on deposits, money received from the Clerk of Courts, and from District Court's sale of old materials, and all sources, not including, however, fines, etc., received from the sheriff, labor of prisoners, receipts from the transient schools, as these items are deducted from the estimates given in accordance with the suggestion of the Comptroller, the average of which for five years has been \$1,482.49, leaving a balance of \$1,484.37.

From this must be deducted \$300 for travelling expenses for Commissioners, \$500 for law library, making \$800, and the amount the County is now liable for above its estimates for 1895 upon its decrees for highways, \$321.80, making \$1,121.80,

which, taken from the balance of \$1,484.37, leaves \$362.57.

The foregoing statement will account for \$109,200 of the estimates, including highways, indexes, travel for Commissioners and law library. The total amount asked for is \$132,500, being \$23,300 more than above accounted for, to which is to be added the balance in the treasury January 1, 1896, \$8,255.04, and the balance of \$362.57, together amounting to \$31,917.61.

This sum is accounted for as follows: On page 5 of the Comptroller's Report, it will be seen that \$10,000 of the County debts due in 1896. The interest last year on permanent and temporary loans was \$7,973.67; the estimate of the Commissioners for 1896 is \$7,300.

The estimate \$6,000 for repairing County buildings has been exhausted. The bills paid since the year came in, but which belonged to last year's account, are as follows:

Keeler & Co.,	\$617.79
L. D. Willcutt & Co.,	12,689.25
W. Lamb,	2.50
R. Hollings & Co.,	1,363.24
Holtzer-Cabot Electric Co.,	830.43
	\$15,533.26

The account will stand as follows:

Balance,	\$31,917.61
Due on county debt,	10,000.00
Estimate for interest,	7,300.00
Paid on repairs, etc.,	15,533.26
	32,901.06
Leaving a deficit of	\$983.45

The smallest balance shown on the books of Norfolk County on the first day of January since 1867, was in 1890, \$8,108.81; the largest January 1, 1875, \$78,889.22; the next largest January 1, 1880, \$48,941.41.

January 1, 1885, there was a balance of \$37,369.30. In 1875, with a balance \$78,889.22, the Commissioners' estimate of expenses was \$67,500.00, providing for an expenditure of \$146,380.23, a sum over \$14,000 greater than the estimates of 1896. In that year the Commissioners built an extension to the jail, costing over \$62,000, paid entirely out of unexpended balance of previous over-estimates.

The average balance on the first of January for 20 years before 1891 is over \$28,000. The period before 1891 is taken because the rebuilding of the Court House was begun in 1892, and from that time, while the building was in progress, the balance would be expected to be more than before the building was commenced.

The average from 1891 to 1895 inclusive was \$37,552.95.

The estimates of the Commissioners upon the several items but little exceed the average for five years past. Some are less.

In those five years there have been particular years when the expenses under all the items, except highways and indexes, have been greater than the estimate called for in 1896. For instance, the average of criminal costs for five years past is \$20,387.95. In 1893, those costs were \$23,785.98 above receipts. The estimate for 1896 is \$20,500.

For the same year, 1893, the salaries for County officers and assistants were \$13,389.29; the estimate is \$13,000. In 1894, the salaries of judges, etc., of District and Police courts were \$6,073.63; the estimate is \$6,000.

In 1895, the expenses for medical examiners, etc., were \$2,559.45; the estimate is \$2,700. For 1891, the expenses for auditors etc., were \$3,364.62; the estimate is \$2,500. In the same year 1891, the expenses in the Supreme and Superior Courts were \$12,187.29; the estimate is \$11,000. In 1891, the salaries of jailers, etc., less expenses, were \$14,426.16; the estimate is \$13,000. In 1894, the expenses for care, fuel, etc., in County buildings were \$18,272.39; the estimate is \$8,700; and the average for five years back is \$8,897.33.

There has been but one year out of the five, 1891, when the miscellaneous expenses have been less than the estimate \$2,500, and only one year out of the five, 1894, when the expenses of the transient school have been less than the estimate, \$3,000.

If the needed repairs are made at the transient school, the County will have to expend upon the estimate given, above \$432, and if the average of the past five years is expended for highways, \$5,000 more will be wanted; and to meet these or any contingency that may arise, there is a deficit of \$983.45; and yet the County must pay its bills.

The estimates are too low; they should have been increased \$10,000 at least.

There has been a good deal said concerning the County Commissioners. It is a significant fact, however, that the commissioners with whom the chief fault is found are those of Norfolk and Middlesex, the two counties, outside of Suffolk, that are to provide the greater portion of the wealth and population of the proposed new Metropolitan County. The chairman of the Metropolitan Commission is said to have remarked at one of the hearings this year that the people must be educated to realize the importance of having the new county. The means of education seems to be flings and insinuations against the commissioners of those two counties, hence the editorial articles in a prominent paper and the charges published in a paper of less prominence.

The facts, however, show a different state of affairs. The estimates of the expenses of both of those counties are less than the average reckoned by population, and the debt of both, per capita, is much less than the average.

The average cost, per capita, is \$1.004, that of Norfolk County is .682, and that of Middlesex .993. The average debt is \$1.080; that of Norfolk County is .89 and that of Middlesex is .981, Berkshire is \$1.809, Bristol \$1.492, Dukes \$1.888, Hampshire is \$1.321, Hampshire \$1.50 and Plymouth \$1.084. On valuation, the estimate of Norfolk County is the lowest in the State, .73 on \$1,000, the average being \$1.25. Compare Norfolk with Hampden County, the nearest to it in population and exceeding it by about 18,000, and the result is:

Hamden,	185,000
Norfolk debt,	120,000
Hampden,	302,000

Norfolk estimates by population, 1.08  
Hampden, .73  
Norfolk estimates by valuation, 1.32  
Hampden, .89  
Norfolk debts by population, 1.50  
Hampden, .73

**Cross Questioned.**

The hearing was very informal and many questions were asked Judge Grover as he proceeded and in a report of reasonable length all could not be told. Judge French did not succeed in getting any satisfactory answer to his question why balances of 1895 could not be used for unpaid bills of 1896. It was elicited that large transfers were made from the highway account a month or two after the appropriation passed. That appropriations generally were above average expenditures, and that usually there was a large unexpended balance, except when a court house was being built. That about \$15,000 was expended on court house in January although the estimate for this year is but \$6,000. That the Registrar of Deeds was getting a salary of \$3,000 and in addition a sum for indexing and also fees. He denied however that the office was worth \$6,000 to him.

The Commissioners closed their side at one o'clock, and remonstrants will be heard March 16.

**Round-About Club.**

Mr. and Mrs. William H. Mears of Chelsea gave a reception and lunch to the members of the Round-about club Tuesday evening last, at their home in Fitts Terrace of twenty members being present. The event had been looked forward to with great interest by the members of the club and their anticipations were fully realized.

One of the principal features of the evening was the "Mystery Party" in which the ladies played the most prominent parts and cost their husbands considerable shoe leather. The prize a beautiful oak sideboard was finally won by Miss Chrisabelle Mears.

Mr. and Mrs. Mears are charming entertainers and a most enjoyable evening was passed. The novel and sumptuous lunch served surpassed all former efforts and was a most pleasing affair. It is unnecessary to state that the club was unanimous in booking the occasion as a truly "red letter night."

**Bowling at Wollaston.**

Team B of the Wollaston Bowling Club defeated team A on the Duck's Nest alleys on Tuesday evening, 2,359 to 2,276. McClintock was high on single and totals, 214 and 568. The result:

TEAM A.			
McClintock,	187	167	214-568
Briggs,	138	156	142-436
Freeman,	140	170	152-462
Battison,	154	164	157-475
Casey,	128	133	134-365
	747	790	799-2,336

TEAM B.			
E. S. Taylor,	169	170	187-476
Briggs,	141	168	149-458
J. F. Emery,	144	132	142-418

**Yale Benefits by It.**  
NEW HAVEN, March 11.—The general fund of Yale university will be increased by \$300,000, a sum that was set aside in the will of the late Thomas B. Sill of New York. Mr. Sill left his Battery property to his wife on condition that if she should marry again, the property would revert to Yale. The announcement of her engagement to Mr. Barclay, and that the wedding will occur in April, will deprive her of the use of the property.

**Two Weeks.**  
CHATHAM, Mass., March 11.—An unsuccessful attempt to ascertain the identity of the sunken four-master on Pollock rip was made yesterday. While search was going on, an unknown vessel was discovered adrift near the Pollock rip. It was bottom up and evidently of over 1000 tons burden, and its position made it a dangerous obstruction to navigation.

### Quincy & Boston ELECTRIC STREET RAILWAY.

[Subject to change without notice.]

On and after Wednesday, Nov. 15, 1895, cars will make trips on week days as follows:

**Quincy and Brockton.**  
Leave CITY HALL on the hour and half hour for Braintree, Holbrook, Brockton and Campello, without change.

Leave BROCKTON for Holbrook, Braintree and Quincy, without change, on the hour and half hour.

Leave BRAINTREE for Quincy 15 minutes before and 15 minutes past the hour.

**Quincy and Neponset.**

Leave CITY HALL (via Norfolk Downs when marked with \*)—6.00, 6.40, 7.05, 7.30, 8.00, 8.31, 9.00, 9.30, 10.00, 10.33, 11.00, 11.30 A. M.; 12.00, 12.30, 1.00, 1.35, 2.00, 2.30, 3.00, 3.30, 4.00, 4.30, 5.00, 5.35, 5.55, 6.30, 7.00, 7.30, 8.00, 8.30, 9.00, 9.30, 10.00, 10.30, 11.00 P. M.

Leave NEPONSET (via Norfolk Downs when marked with \*)—6.30, 7.00, 7.30, 8.00, 8.30, 9.00, 9.30, 10.00, 10.33, 11.00, 11.30 A. M.; 12.00, 1.00, 1.33, 2.05, 2.30, 3.00, 3.30, 4.00, 4.30, 5.00, 5.30, 5.55, 6.30, 7.00, 7.30, 8.00, 8.30, 9.00, 9.30, 10.00, 10.30, 11.00 P. M.

**Quincy and East Weymouth.**

Leave CITY HALL (10 minutes later from Quincy Point and 22 minutes later from North Weymouth)—6.00, 6.15 to North Weymouth depot 6.30, 7.00, 7.30, 8.00, 8.31, 9.00, 9.30, 10.00, 10.33, 11.00, 11.30 A. M.; 12.00, 1.00, 1.33, 2.00, 2.30, 3.00, 3.30, 4.00, 4.30, 5.00, 5.30, 5.55, 6.30, 7.00, 7.30, 8.00, 8.30, 9.00, 9.30, 10.00, 10.30, 11.00 P. M.

Leave EAST WEYMOUTH (20 minutes later from Quincy Point) 6.25 and 6.40 from North Weymouth depot 6.45, 7.15, 7.45, 8.15, 8.40, 9.15, 9.45, 10.15, 10.45, 11.15, 11.45 A. M.; 12.15, 12.45, 1.15, 1.45, 2.15, 2.45, 3.15, 3.45, 4.15, 4.45, 5.15, 5.45, 6.15, 6.45, 7.15, 7.45, 8.15, 8.40, 9.15, 9.45, 10.15, 11.25 P. M. Wed. and Sat. 12.00 from Thomas Corner only.

**Quincy and East Milton.**

Leave CITY HALL—6.00, 6.40, 7.05, 7.30, 8.00, 8.31, 9.00, 9.30, 10.00, 10.33, 11.00, 11.30 A. M.; 12.00, 12.30, 1.00, 1.33, 2.00, 2.30, 3.00, 3.30, 4.00, 4.30, 5.00, 5.30, 5.55, 6.30, 7.00, 7.30, 8.00, 8.30, 9.00, 9.30, 10.00, 10.30, 11.00 P. M.

**SUNDAYS AND HOLIDAYS.**

On Sundays on the Weymouth route cars will leave East Weymouth at quarter past and quarter of the hour.

Special trips can be arranged on application to the Superintendent.

At Quincy Centre close connection is made with Electric Cars on all the routes.

At Neponset close connection is made with West End Street Cars to and from Boston.

Cars are due at Beale street, Wollaston, ten minutes after leaving Quincy and seven minutes after leaving Quincy.

BENJ. J. WEEKS, Superintendent.

**New York, New Haven and Hartford R. R.**

**OLD COLONY SYSTEM.**

On and after Oct. 13, 1895, trains will run as follows: (See note of explanation at bottom.)

**The Raines Bill Passed.**

ALBANY, March 11.—The Raines liquor tax bill passed the senate last night, without amendment, by a vote of 31 to 18. The bill abolishes all local excise boards, and places the control of all licenses in a state board. License fees are increased in New York to \$800, in Brooklyn to \$650, and proportionately in other cities. Night licenses are prohibited, and no special license for the sale of beer is to be issued. The bill is expected to reduce the number of drinking places in the state from 25 to 40 per cent.

**Out of Sight.**

PRINCETON, N. J., March 11.—Professor C. A. Young of Princeton university states that Perine's comet is rapidly receding from the earth, having passed the plane of the earth's orbit Feb. 25. The comet describes a parabola, and will never be visible to the inhabitants of the earth again.

## SOLID FOR M'KINLEY.

Ohio Republicans Think He Should Be the Next President.

Kansas Men Evidently of the Same Opinion.

Rhode Island Convention Shows a Leaning in Reed's Direction.

COLUMBUS, O., March 11.—At yesterday's session of the Republican state convention Senator-elect Foraker made a speech, in which he warmly proclaimed his allegiance to McKinley. The mention of McKinley's name gave the convention a chance to show that enthusiasm for McKinley was not at all high pressure.

The Grand Opera House could not hold half of the people wanting admission to the convention, and the band entertained the crowd in front of the building until the convention was called to order at 4 p. m. That was all many of the visitors saw or heard of what is called the McKinley convention.

The first demonstration was when Chairman Reed, of the Ohio Republican party, called to the president of the convention, and from that time on, one demonstration followed another on the mention of McKinley's name or reference to him.

After prayer by Rev. J. C. Watt, Chairman Ickes reviewed the McKinley campaign in Ohio and the two campaigns succeeding his administration, and stated that at the state convention at Zanesville last year the party entered into a pledge as sacred as the trinity.

That pledge marked an important epoch in the history of Ohio Republicanism. It promised to make Bushnell governor, Foraker senator, and to use every honorable means to make McKinley president. Two parts of the trinity had been fulfilled, and the Republicans of Ohio now assembled to enter sincerely into the faithful execution of the third part—the unanimous and unqualified support of McKinley for the presidential nomination.

These remarks caused such a demonstration that it was some time before Mr. Ickes could introduce Senator-elect Foraker as the temporary chairman of the convention. And when Mr. Foraker was introduced there was another boisterous scene, which was repeated often as he proceeded. After thanking the central committee for the honor of temporarily presiding over the convention, he said:

"Everybody knows that no matter what questions may be discussed in the coming campaign, the one great, towering, supreme issue in the contest of '96 will be whether for the next four years this country shall be ruled by Democracy or by Republicanism, and everybody knows in advance what the verdict will be. For even our Democratic friends understand and can see the sweeping victories of last year are to be followed by still greater and greater triumphs this year."

"The Republican party was never so strong, never so powerful, never so popular, never so entrenched in the hearts and affections of the American people as it is today; and so far at least as Ohio is concerned, never so united or harmonious as at this very hour. We have no differences of opinion with respect to national questions or policies, and we have no factional dissensions to weaken our strength or divert our attention from the common enemy."

"Therefore, it is that while we are here for the purpose of nominating a ticket and declaring anew the faith that is in us, we come also to the discharge of another and more commanding duty. It has already been indicated by our chairman. The Zanesville convention declared that the Republicans of Ohio would this year unitedly and enthusiastically support the candidacy of Governor McKinley. The time has come to redeem that pledge, and we are here to redeem it."

"In every district and county convention so far held this year in this state, he has already been endorsed. We assemble now as the representatives of the Republicans of the whole state for the purpose of doing the same thing. We owe to ourselves as well as to him to do it with spirit, to do it with earnestness, to do it with unanimity, to do it in such a manner, in short, as will signify to the whole nation that he has now, and will have at the St. Louis convention, the united, hearty, cordial, enthusiastic, unqualified support of Ohio."

**Loyal to the Party.**

"It is due, however, to the Republicans of Ohio, and especially to Governor McKinley himself, that it should be here and now that our preference for him is not conceived in any spirit of antagonism and hostility to any other man whose name is mentioned in connection with that honor. The Republicans of Ohio do not lack appreciation for Thomas B. Reed, for Levi P. Morton, or for William B. Allison, or Matthew Stanley Quay, or any of the great leaders who have been mentioned in connection with the great honor. On the contrary, we admire and love them all, and if the St. Louis convention should disappoint us and gives its honor to one of them, we here and now pledge him our allegiance, the electoral vote of Ohio by the largest majority ever given in the history of the state. It is not that we 'love Caesar less, but Rome more.'"

"William McKinley is our own. He lives here in Ohio, and always has lived in our midst. He is our friend, our neighbor, our fellow citizen, our fellow Republican. Shoulder to shoulder with him we have been fighting the battles of Republicanism in this state for years. We know him and he knows us. We know his life, his character and his fitness for the place for which he has been named. He has been our soldier, our comrade, our representative in congress and our governor. By those tokens we here present him to the Republicans of the other states as our candidate."

"Under McKinley's administration there will be no more deficits, no more bond issues in times of peace, no more bond syndicates, no more trouble about the national credit or the national currency, no more higgling about pensions for the men who saved this Union, and no hesitation whatever, such as we now see in the White House, in demanding and securing for the United States her rightful place and consideration among the nations of the earth."

"Called to that office, he will fill it without obligation to any influence or power, except that which emanates from the people whom he will be called to serve, and in all that he does he will be governed by that belief upon which has been founded and run his whole career—that this government is of the people, by the people, and for the people. Other states are declaring for him. Ohio cannot lead the

## BACKACHE.

A Very Significant Indication of Organic Derangement.

The back, "the mainspring of woman's organism," quickly calls attention to trouble by aching. It tells with other symptoms, such as nervousness, head-ache, pains in loins, and weight in lower part of body, blues and "all gone" feeling, that nature requires assistance, and at once.

Lydia E. Pinkham's Vegetable Compound for twenty years has been the one and only effective remedy in such cases. It speedily removes the cause and effectually restores the organs to a healthy and normal condition. Mrs. Pinkham cheerfully answers all letters from ailing women who require advice, without charge. Thousands of cases like this are recorded.

"I have taken one-half dozen bottles of Lydia E. Pinkham's Vegetable Compound, and it has relieved me from all pain. I cannot tell you the agony I endured for years; pains in my back (Oh, the backache was dreadful!) and bearing-down pains in the abdomen extending down into my limbs; head-ache and nausea, and very painful menstruations. I had grown very thin, a mere shadow of my former self. Now I am without a single pain and am gaining in flesh rapidly."—MATTIE GLENN, 1561 Dudley St., Cincinnati.

column; it is already on the march. All we can do is to join the procession. We will not hesitate longer to take action in that respect.

"I want my speech here today to be short enough for everybody to read it and plain enough for everybody to understand it. I have sounded, gentlemen of the convention, the keynote of this occasion. I thank you."

While the keynote speech was very short, it took a half hour to deliver it because of the interruptions from applause and the demonstrations on reference to McKinley.

The usual committees were then appointed, and the convention adjourned until today.

**Kansas for McKinley.**

To Whom

It May Concern.

IN Ordering your '96 wheel you should not only choose a high grade wheel, but also consider from whom you are buying; that is, whether they have got the facilities for prompt and first-class repair work; and also whether they are in a position to supply the wants of riders.

The usual guarantee on wheels does not amount to much unless the parties behind them are honest, square-dealing and acquainted with the necessities of wheelmen, and to supply their wants at all times. Do not place your order for your '96 wheel until you have got our prices and terms on now and second-hand wheels, as they are as low as can be had anywhere. We are bound to satisfy you in anything pertaining to a bicycle.

HARVESTING OF VOTES

Begun by Friends of Republican Candidates For the Presidency.

Allison Boom Launched In the Hawkeye State.

Carter Says That If Conservatives Triumph McKinley Is Doomed.

DES MOINES, March 12.—The following are the resolutions, in part, of the Republican convention, adopted unanimously:

"We, the representatives of the Republican party of Iowa, voting the unanimous and enthusiastic purpose of Republicanism, hereby formally present to the Republicans Hon. William B. Allison, United States senator from Iowa, as a fitting candidate for the Republican nomination for President of the United States.

WILLIAM B. ALLISON.

"The Republicans of Iowa in their fealty to Republican principles and with a profound sense of their obligation to the people of the nation to do only what seems best to bring back the prostrated interests of the nation, the health-giving tonic of Republican policy, present Mr. Allison in a spirit far above any consideration of state pride.

"For many years there has been a universal feeling among the people of Iowa that Senator Allison is conspicuously fitted for the position of president of the nation, and this sentiment has spread widely over the nation. So that we present his name today, in no sense of personal compliment to him and no spirit of local pride, but in the profound conviction that we are fulfilling a duty to the party and a duty to the nation.

"We believe that Senator Allison represents as well as any man in the nation the competency of the Republican party to deal honestly, wisely and successfully with all the interests of the country. For a third of a century the Republican party has solved the greatest difficulties in government that it is possible for a party to encounter. Its rule was grandly beneficial, and the growth and prosperity of the nation under it were marvelous. Since the Democratic party displaced it in rule the record has been one of wretched mismanagement and dismal disaster. It is this contrast between Republican competency and Democratic incompetency that will carry the Republican party back to power. The strength of its cause will rest not upon issue, but upon its demonstrated ability to meet all issues firmly, wisely and successfully.

"Senator Allison has been a conspicuous figure in this beneficent work of the party throughout its whole existence. No other man in the nation more emphatically represents the constructive and successful capacity of the party to meet, in a practical and successful way, the difficult problems of administration. For 31 years he has had a molding hand in all the important laws upon the nation's statute books. Throughout this long period he has been a prominent and indefatigable laborer in all the difficult problems connected with the war and the means of sustaining it; reconstruction, and the harmonizing of the sections; the abolition of slavery; the franchise movement, education and upbuilding of the nation.

"Strong in every mental, moral and personal quality; strong in his industry and capacity to labor; strong in his firmness and conscientiousness of opinion; strong in his freedom from extremes and sectionalism; strong in a long record of unerring judgment as to public measures; strong in his universal reputation for conservatism and soundness and safety, the Republicans of Iowa present him to the party and the nation as the ideal candidate."

"The convention was, without doubt, the most enthusiastic ever held in this state. It was, from beginning to end, an Allison convention. It was manifest that he was the first and last choice of the Republicans of Iowa. During the entire day's proceedings no other name was suggested.

MCKINLEY'S NOMINATION.  
Carter Says Protection Is the Keynote Upon Which It Depends.

WASHINGTON, March 12.—Chairman Carter, the arch-silverite of the senate, has sometimes been set down as a Reed man. This is an error. He was asked yesterday his opinion of the McKinley candidacy, and, as chairman of the national committee, his views are of interest:

"Unless Mr. McKinley's friends can persuade him to withdraw, as did General Harrison," said he, "I am afraid those gentlemen who think they can nominate somebody else, if given a fair field, will have little mental repose.

"The effort to arrest the progress of McKinley's Down and \$1.00 per week for \$20.00 worth of Furniture at GUY'S COLISEUM.

Kinley's candidacy by charging his friends with paying his ordinary expenses will prove futile. Mr. Hanna has displayed marked weakness in dignifying these charges by any attempt at denial. The money is being raised for legitimate purposes, and, if a campaign is to be conducted at all, it is infinitely better to pay the expenses than to repudiate them.

"The only issue upon which McKinley's candidacy can be tried is that of extreme conservatism in protection. The raising up of favorite sons and the question of Mark Hanna's traveling expense are puerile, and the national convention will not condemn McKinley on that account.

"If the party feels disposed to commit itself to extreme protection, McKinley's nomination cannot be prevented, but if the conservative idea prevails on a square issue his nomination is impossible."

From now on the battle will wage warmly for no fewer than 182 votes in the division of the votes vote with McKinley. Wisconsin will hold the next two weeks. These will be 24 from Wisconsin, which will hold its convention on the 18th; 72 from New York, which will meet on the 24th; 30 from Texas and 18 from Minnesota, which will instruct its delegates on the 27th. Of these 182, Morton will certainly start off with the 72 from New York and Reed will follow with the 30 from Massachusetts and with the division of the votes vote with McKinley. Wisconsin may not instruct. Minnesota will split between Morton, Reed and McKinley, with a slight prediction for Reed.

So that, on the whole, it would seem as if, in the standard state, Morton, Reed and McKinley would emerge at the end of March with such a division of delegates as would indicate not merely a battle royal in other states, but a guarantee that the St. Louis convention would be a lengthy and exciting one. It will not be the field against McKinley, but every one for himself.

Kinney Forces Won.

COLUMBUS, O., March 12.—Delegates at large—Asa S. Bushnell, J. B. Foraker, Charles H. Grosvenor and Marcus E. L. Hanna. Alternates—J. E. Lowes, Charles Fleischmann, J. P. Green and J. N. Taylor.

Electors at large—L. F. Mack and Albert C. Douglass.

Secretary of state—Charles Kinney.

Supreme judge—Marshall J. Williams.

Food commissioner—Joseph E. Blackburn.

Member board public works—Frank A. Hoffman.

The Republican state convention which ended yesterday afternoon was more of a McKinley rally than the usual party business assembly. It was held two or three months earlier than usual, in order to proclaim to the country the sentiment of McKinley's state. Not since the endorsement of R. B. Hayes for the presidency has there been such a harmonious meeting of Republicans in Ohio.

While the slate was carried out for delegates-at-large and alternates to the St. Louis convention without a scratch or dissenting vote, it was broken on the state ticket. Sherman and Foraker will sit in the senate together, but for several years the Republicans of Ohio have had what became known as "the Sherman faction" and "the Foraker faction."

Kinney's only opponent for the nomination was E. W. Doty. It was claimed yesterday that old factional lines were being drawn in the contest between Kinney and Doty. Accordingly, a conference of leaders was held Tuesday night, at which it was decided to bring out General A. T. Workoff, who had a great record as a hard money and campaign manager. General Workoff, who was secretary of state when R. B. Hayes was governor, and was the manager of the Hayes interest at the Republican state convention in Cincinnati in 1876, when Hayes was nominated over Blaine, Conkling, Morton, Logan and others.

As Kinney and Doty had made the caucus it was the plan to give them both a good complimentary vote, and have enough votes go to Workoff to prevent a nomination on the first ballot, and then nominate Workoff on the second ballot. But Kinney went in against the field, and got one vote more than he needed, with all the old wheel horses working for what they called "a bigger man."

Kinney is a young man, and his friends appealed to the younger element to make a stand against the "daddies," as they called them.

Rhode Island Democrats' Choice.

PROVIDENCE, March 12.—The Democratic state convention was held in Music hall yesterday. Chairman Franklin P. Owen of the Democratic state central committee called the convention to order. Richard P. Constock was elected chairman of the convention.

Thomas H. Vance placed in nomination for governor the name of George L. Littlefield of Pawtucket, which nomination was unanimously ratified. The name of the ticket was nominated as follows: Lieutenant governor, Augustus S. Miller, Providence; secretary of state, George L. Church, Tiverton; attorney general, George T. Brown, Providence; general treasurer, John G. Perry, South Kings town.

The committee upon resolutions then presented the platform, in part as follows: The Democratic party congratulates the people of this state that, owing to our continued and incessant demand for a revision of the constitution, the party in power has been driven to see the imperative need of a change in our fundamental law. The Democratic party, however, demands a revision of the constitution by the representatives of the people, duly chosen for that purpose, and not by commissions appointed by the party in power. The scheme of the party now in power is only to retain power and more surely fasten upon the state corporation rule. We demand a revision of the inequitable tax laws of this state.

Defalcation of \$24,240.

BOSTON, March 12.—Receiver Johnson of the Brookfield Savings bank yesterday presented to Judge Lathrop his report of the condition of the bank's affairs, and asked that a dividend of 30 per cent be declared to the depositors. The most deplorable fact stated in the report is that of the defalcation of the treasurer of the bank, Hiram P. Gerald, who absconded after the appointment of Mr. Johnson as receiver. The report states that the defalcation amounts to \$24,240.

POLLOCK RIP WRECKS

Probably Resulted In the Loss of Many Sailors' Lives.

Two Sunken Vessels Are Not Yet Identified.

Narrow Escape of Shipwrecked Sailors Off Cape Cod.

CHATHAM, Mass., March 12.—The two wrecks reported in Vineyard Sound, off Pollock Rip, have as yet been unidentified. The mate of the Pollock Rip lightship, from a glimpse he got of the sunken four-master, thought she resembled the Jonathan Bourne of Harwich.

The Bourne, under command of Captain Rose, sailed from Portland, Me., March 2, for New York, with a cargo of about 150 tons of ice, and should have been just about where the disaster occurred on the 4th inst., the day the four-master was reported to have sunk. The fact that nothing has been heard of the Bourne since she left Portland strengthens the belief that she is the ill-fated craft. The Bourne carried a crew of 10 men all told. She was built at Camden, Me., in 1883, and is owned principally by H. M. Berry of Harwich. It is the general opinion of those most interested that the sunken vessel is the Bourne.

Whatever vessel it is, there is no hope that the crew escaped, as the fleet of vessels which were anchored on the shoals at the time of the disaster have all arrived and bring no tidings of the unfortunate men.

There is no clew to the identity of the other wreck, which was seen off Pollock Rip, bottom up, Tuesday. Captain Studley of the three-masted schooner Harry Messer, which arrived from Baltimore with a cargo of coal, reports at 5 o'clock Tuesday afternoon, about 1 1/2 miles to the southward of Pollock Rip lightship, passed within three-quarters of a mile of a large derelict lying east and west. Her decks appeared to be gone and the vessel's timbers projected out of water.

It had the appearance of being a recent disaster, as it had not been long in that condition. It appeared to be resting on the bottom, as the tide, which was on the last ebb and was setting to the eastward, did not apparently move her.

ON BEACON HILL.

Highway Commission Wants \$1,000,000—Opposition to Butler Statue.

BOSTON, March 12.—The committee on rules in the legislature reported that the house ought to admit a petition for a commission of seven, appointed by the supreme court, to investigate the expediency of state ownership of the Boston and Albany railroad, report to be made to the next legislature, and, if favorable, to be accompanied by a bill to purchase the railroad.

In the house, the resolutions in support of the president's Venezuelan message were taken up, and caused quite an interesting debate. Mr. Stevens started the ball-rolling by referring to the internal dissensions in the Democratic party.

This brought T. F. Keenan to his feet, and he proceeded to criticize Mr. Stevens for his "pro-British and A. P. A. principles."

At Mr. Keenan's reference to the A. P. A., Mr. Young of Springfield was heard from, but Mr. Keenan said he would take care of him at the proper time. Mr. Keenan then proceeded to defend the president and his position in the Venezuelan matter.

Mr. Young then secured the floor, and said that he was not on this occasion opposed to Mr. Keenan; he was a believer in the Monroe doctrine.

The time for debate having expired, the resolutions were tabled—116 to 40.

The amendment relating to the summer month liquor law was ordered to a third reading.

A numerously signed remonstrance against a statue of General Butler was received, signed by many prominent citizens.

Mr. Lowell introduced a resolve providing that the compensation of the lieutenant governor shall be equal to that allowed by law to the governor.

It was decided to have the public services in commemoration of Governor Greenhalge held in the Mechanics building on April 18. That will be the afternoon before Patriots' day, which comes this year on Sunday. A committee consisting of the president of the senate, the speaker of the house and one member of the council have been given full authority in the matter of arrangements for the service.

Among the hearings was a hearing before the committee on education upon the bill reflecting upon the agents of the state board of education, some of whom are charged with being financially interested in the publication of textbooks for the public schools.

The committee on harbors and lands listened to Captain Nathan Appleton, an expert on canals, who wants the commonwealth to appoint a commission to have charge of the building of a canal across Cape Cod.

The committee on roads and bridges heard Mr. Perkins of the highway commission give his reasons for asking for an appropriation of \$1,000,000, which Mr. May Boynton wanted raised to \$10,000,000.

**Shawmut Spring Water.**

How many people realize the importance of drinking only pure water in large quantities in order to keep in absolutely good health? When we consider that two-thirds of the human body is in the form of water, and that in order to supply the losses from excretion and evaporation it is necessary to drink from one-half to one gallon of water daily; it is of the utmost importance that it should be of the very best quality, perfectly free from the slightest trace of organic matter.  
The Shawmut Spring Water stands second to none as a pure drinking water. Hundreds of families are using it every day. It is an important factor in maintaining health, building up and restoring the organs of digestion to healthy action. Cures Rheumatic, Kidney and Bladder troubles, when drugs have proved useless.  
Send your order for a 5-gallon sample package. If you don't like it, it costs you nothing. Drink it and you will be satisfied of its purity.

DIVIDED UP among the appropriations, the receipts of Norfolk county do not receive much consideration when the appropriations are being made, and yet they are quite large. It is only since October 1, that the fees received by the registrar of deeds have been turned over to the county. In two months these amounted to \$1,646.02 and in the spring months they are much larger, and the total may amount to \$10,000 annually. Would it not be more satisfactory to the tax-payers if the receipts were not included in the different items, but a definite amount named for each, as in the city of Quincy. The county receipts of 1895, aside from cash on hand, loans and county tax, were \$29,321.07, and should be \$40,000 this year with the fees included.

BOSTON PAPERS should be requested by the Quincy Board of Trade not to make public the names of manufacturing concerns which are seeking locations in this city. It gives information to other boards of trades, and may result in a loss to Quincy. The LEDGER purposely avoided giving the names, yet the news was just as valuable.

BOSTON DAILIES are now willing to accept the LEDGER's story of the Wilde case. Many of them copied the statement of Wednesday.

ONLY THIRTEEN were at the Peabody meeting in Dorchester last evening and it may be an unlucky thirteen for his candidates.

**Patriotic Celebration.**  
The seventeenth of March is the anniversary of the evacuation of Boston by the British and the event is to be fittingly observed next Tuesday at hotel Vendome, Boston, by the Daughters of the Revolution, Daughters of the American Revolution, Sons of the American Revolution in the Commonwealth of Massachusetts.  
Baldwin's Cadet band is to play in the hall. Bugler Henry of the Loyal Legion is to announce the speakers. There will also be music by the Revolutionary Pipe and Drum men dressed as Revolutionary soldiers. Officers from Fort Warren, the Navy yard, the "Enterprise" and "Wabash" will be in uniform. Prominent men and women are among the speakers.

**South Quincy Aroused.**  
"Jack the Peeper" is getting in his work at South Quincy, in the vicinity of the Lincoln school. He made his first appearance some few weeks ago and made a nuisance of himself by peeping in at windows and chasing young girls who happen to be about. Several of the residents made up their minds to capture him and for several nights they were out gunning for him. The fellow, evidently knew what was going on, for he suspended operations. Tuesday night, however, he again appeared, and chased a woman who happened to be out alone. The citizens of that neighborhood have now become thoroughly aroused and if the fellow keeps at his tricks his capture is only a matter of time.

**Civil Trial List.**  
The following cases are in order for trial at the Civil session of the District court next Tuesday:  
4318—Zipp vs. Reinhalter.  
4462—Palidino vs. Lucianini.

A great series of patriotic tableaux begins next Sunday. The Globe next Sunday will make a new departure in respect to its popular art supplement, and will introduce something wholly original in every way. It will present to every reader a beautiful patriotic tableau stage and all the figures and scenes necessary to set up a stirring picture of our most famous New England battle, the battle of Bunker Hill.

**Dinner Sets,**  
Gold lined colors for \$7.50.  
**GUY'S COLISEUM.**  
Commonwealth of Massachusetts.

STATE HOUSE, BOSTON, March 10, 1896.  
THE Committee on RAILROADS will give a hearing to parties interested in the petition for an extension of the time for locating the Quincy Quarry Railroad, at Room No. 130, State House, on TUESDAY, March 17, at 10.30 o'clock a. m.  
ARTHUR H. WELLMAN,  
Chairman.  
CHARLES P. BOND,  
Clerk of the Committee.  
March 12. 3t

**TENTH DELEGATES.**  
An Effort to Consolidate the  
Reed Men.

Merrill and Jordan to be Requested to Withdraw.

Many of Their Followers Said to be Atwood Men Favorable to McKinley.

An interesting contest is going on among Republicans in some parts of this Congressional district, for the choice of delegates to the conventions, particularly to the Congressional convention. At a meeting in Ward 24, Boston, Wednesday evening, Mr. F. W. Peabody in addressing the voters said, there were now four tickets in the field, on each the name of 27 men, the number of delegates to which Ward 24 is entitled. Mr. Peabody read these lists with explanations of their composition. The first list, which is headed with the name of J. Frank Howland, he said, was wholly made up of Atwood men, and consequently for McKinley. The second list, which began with the name of I. W. Adams, he declared to be a straw ticket to divide the Reed men. Mr. Peabody said he had been personally to see many of the men whose names appeared here, and they assured him the use of such names was unauthorized. The third ticket is the one supporting Mr. J. P. Jordan. This Mr. Peabody claimed had so many Atwood men on it that there was danger that the man who went on it with Mr. Jordan would be an Atwood-McKinley man, although Mr. Jordan himself, he had no doubt, if elected, would vote for Reed. The last one, that of Mr. Pillsbury and Mr. Pierce, was the only one sure for Reed.

After the discussion, the following petition was read by Mr. Peabody, when a committee of five was requested to circulate it for signatures:

To the Hon. Jethiah P. Jordan and Hon. John F. Merrill:

"We, the undersigned, voters in the Tenth Congressional District, and Republicans, favoring the nomination of the Hon. Thomas B. Reed for the Presidency of the United States, respectfully request and urge you to withdraw as candidates for the National Convention. It is greatly to be feared that the Tenth Congressional District will send delegates to the National Convention pledged to some other gentleman than Mr. Reed, and your continuance as candidates, will, we fear, make such an event almost a certainty. We believe you will agree with us that Mr. Reed's supporters should be united, and to that end we ask you to withdraw and unite with us in sending Hon. Albert E. Pillsbury and Hon. Edward L. Pierce as delegates from the Tenth District to the National Convention. Such action on your part will make absolutely certain the election from the Tenth District of delegates favorable to Mr. Reed and will be gratefully remembered by us."

The LEDGER was unable to see ex-Senator Merrill this morning, but Messrs. Jordan and Merrill have issued a letter declaring themselves for Reed. They were, further, first in the field, and it is unlikely they will withdraw.

At the last Congressional election Mr. Peabody bolted the regular Republican nominee and run independent. But one-tenth of the party followed him, and it seems a little presumptuous that he should now attempt to control the delegates.

How many tickets there will be in Quincy will be unknown until Friday evening when the Ward One committee opens the nominations. It is probable that there will be more excitement at the caucuses next week than was anticipated.  
Speaking of the candidacy of Messrs. Jordan and Merrill the Boston Advertiser says: "These two gentlemen are unquestionably for Reed. But F. W. Peabody, who is remembered in connection with the recent case brought against him by Congressman Atwood not satisfied with the Reed tickets already in the field, has still further confused the situation by getting another ticket filed which bears his own name among others seeking to be chosen as delegates to the district convention. Mr. Peabody says that these delegates, if elected, would vote for Hon. A. E. Pillsbury and Hon. E. L. Pierce for delegates to St. Louis. It is, however, curious enough that the result toward which Mr. Peabody is contributing by thus engineering a movement which will split up the Reed vote in the caucus, will be to strengthen the chances of the McKinley ticket and thus to help out Mr. Atwood, whom he has been so persistent in seeking to circumvent and to rule out of the politics of the ward."

The Boston Herald has arranged for a special performance of trained animals in the opera house issued by that paper on Sunday, March 15. The menagerie of the Barnum & Bailey show will be the subject of The Boston Herald's supplement, and 50 performing animals and clowns will give the performance. A bear orchestra, a dog circus, performing elephants, trained lions, a monkey hippodrome and a monkey bicycle race will be particular features. This will be the best show of the present Boston Herald Opera House season, and will give more amusement to the people of the household than any supplement ever issued in New England.

**QUINCY BREVITIES.**  
Notes from Quincy Point, Wollaston Atlantic, South and West Quincy.  
Watch this line grow:  
WANTED, IN QUINCY, A LARGE HALL.  
Postmaster Wilde's condition this morning is much improved.  
J. H. Bishop & Co. are building another shed near the Quincy Adams depot.  
The fence along the railroad at South Quincy has been patched up so as to be presentable.  
Miss Catherine Tinker of South Quincy has returned from a visit to her parents at Concord, N. H.  
Wednesday's storm was the severest of the season. The wind at one time attained a maximum velocity of 60 miles an hour at Wollaston.  
Arguments on the electric light bill of the City of Quincy were heard by the Committee on Manufactures of the Legislature this morning.  
"Increase our standing order fifteen," was the word to the LEDGER today from J. F. Murphy, the news agent in the Old Colony depot, Boston.  
The Friday evening Lenten service will be omitted in Christ church this week. The rector, Rev. W. R. Breed, is ill, suffering from an attack of la grippe.  
If Ward One Republicans have any choice for delegates they should file a list of nominations within the next twenty-four hours. There should be more than one list.  
T. L. Williams announces that he will open his new jewelry store at 104 Hancock street on Saturday. He has made a contract for a year's advertising in the LEDGER.  
One of the old Elm trees on the Kendrick estate at South Quincy, recently cut down, measured five feet in diameter at the butt, and two lengths contained over a cord of wood.  
It is in evidence that March is still with us. The storm Wednesday afternoon was the roughest of the winter, and the snow drifted badly, but the fall was not as heavy as it gave promise of being.  
The secretary of the Quincy Chapter of the Daughters of the Revolution has about fifty tickets for the reception next Tuesday at the Vendome, Boston. They can be had by calling at this office.  
Christopher Keenan of Douglas street met with a peculiar accident at the Willard school last week. He, with others, was going up stairs from the basement when the foot of one of the boys in front of him struck him a savage blow in the face cutting his lip quite badly and bruising his jaw. A physician was called and dressed the wound but the boy is still in considerable pain, as he cannot talk, and food has to be given him through a tube.

**SENATE UNDER DEBATE.**  
A Decision That It Ought Not to be Abolished.

The Quincy High School debating society met as usual on Wednesday. Mr. Wilkins, president, opened the meeting. Miss-Joss, '97, presented the secretary's report. On motion of Mr. Walsh, '97, the report was accepted.

The debate of last week was concluded; Subject: "Resolved, That the Senate of the United States Ought to be Abolished."  
Miss Emery, for the negative, spoke in favor of retaining the senate. She maintained that this body is composed of better men than those who make up the house of representatives.

Miss Briggs, for the affirmative, said that many senators buy their places in the senate.  
Miss Dunham, negative, declared that the Senate represents the people. Wise legislation required both the senate and the house of representatives.

Miss Butler, affirmative, thought that the president and the house of representatives could govern the country. The senate is too much like the house of lords.  
Miss Edwards, negative, thought that the senate is much more apt to be right in its views than the house. She saw no great resemblance between the senate and the house of lords.

Miss Cummings, affirmative, objected to the wrangles of the senate. She did not like the methods of electing the senate.

Miss Cahill also spoke for the affirmative.  
Mr. Walsh, '97, spoke when the debate was opened to the society. Miss Emery also made some remarks.

Miss Thompson, '97, the critic, then offered her report, which was duly adopted. The entertainment followed:  
1. Piano solo,—Miss Winship, '98. Miss Winship plays with a firm, delicate touch. The instrumental selection was received with applause.  
2. Essay,—Miss Annie Healy, '96.  
3. Recitation,—Miss Duffield, '97.  
4. Essay,—Miss Sweeney, '96.  
The board of decision decided in favor of the negative.

**Quincy Debating Club.**  
The subject for debate in the rooms of the Association this evening at 7.45, is of a somewhat different character from any question debated thus far. Resolved,—That Trade Unions are beneficial to the workingman. It is an eminently practical subject, an extremely interesting one and one which Quincy with her large trade element should find instructive.

**BURGLARS ABOUT.**  
Night Officer Barry Foils Attempt to Enter Holden's.

Officer Barry prevented Wednesday evening what was doubtless an attempt to burglarize the jewelry store of John O. Holden.

It was just before 11 o'clock when the officer, who was standing in front of J. W. Nash's store, saw a man come out from between Miss Hubbard's and Holden's store and cross the street.

He thought at first that the man came from Miss Hubbard's but upon investigation he discovered by the tracks in the snow that the fellow had come from the corner of Holden's building.

Officer Barry then started to see who the man was. Upon his approach the fellow started on the run and the officer gave chase. It was rather a poor night for a sprinting match and the officer was unable to overtake his man. He, however, chased him through the public library grounds, through Spear street and into the Coddington school yard, where the fellow went down toward the outbuildings, thence over a fence to Saville avenue where officer Barry lost track of him.

Further investigation this morning showed that there were evidently two men in the affair and that the man whom Officer Barry chased was the one on whom while the other party was at work at the back door. The tracks in the snow showed that the fellow went through the cemetery, and then back of the buildings to the store. The door showed no marks as the parties were discovered before they had time to commence operations.

**IN MEMORIAM.**

**Mrs. Joshua Fisher Aged 85 Years.**

Amid the wild March storm yesterday, the descendants, relatives and friends of this aged lady gathered at the home of her son-in-law, Mr. George W. Prescott on Spear street, to pay the last tribute of love and respect. It was no empty feeling that drew neighbors from West Dedham, so long her home, to Quincy in such a driving storm.

Her serene face lay in a peace and beauty such as life can hardly give. The snowy muslin draped over her bosom, was just as she so daintily arranged it in life. The flowers she loved, pansies, white lilies and a sheaf of wheat were about her form. At her head there was a beautiful pillow of flowers bearing the word "SISTER." Rev. Mr. Butler in magnetic tones led her children and relatives to a home beyond where her active mind may find broader scope for its activities. Born in a family of good New England old-time stock, her strong mind carried her body way beyond the Psalmists allotted three score and ten years.

Her progressive spirit made her restless at the hurried old reaching of our imperfect life of today. It will be many years that this lady will hold a remembrance in the hearts of those present at these last rites paid in affection and respect.  
A. E. F.

—The Brookdale farm at Braintree has been purchased by the New England Kennel club and they will occupy it about May 1. There are 38 acres in the estate.

**Women**

Who are nervous, weak, worn out with local troubles find pure blood, nerve strength, and perfect health in Hood's Sarsaparilla.

We do not say the above to raise false hope. It has been the experience of many, very many women in those intensely trying periods which demand and consume so much

**Nervous**

force—those special physical trials we delicately indicate by merely using the words—Maid, Mother, Matron.  
Like a confidential friend we suggest the use of Hood's Sarsaparilla, a reliable blood purifier and tonic; it has helped many others and will help you.  
"I was in poor health five years, broken down in strength, and appetite all gone. Local troubles and other weaknesses intensified my misery. Nervous sick

**Headaches**

dizziness, heartburn and pains in my back made me think I should never be well again. A friend prevailed upon me to try Hood's Sarsaparilla. I soon began to improve and in six months it restored me to better health than for years. I have found Hood's Sarsaparilla a grand medicine for all troubles peculiar to

**My Sex**

I am now strong and healthy and can do a good day's work. I stand by Hood's Sarsaparilla, for it cured me after other medicines failed." Mrs. LUE DIER, Carlinville, Illinois.  
This and many similar cures prove that

**Which Bicycle Shall I Buy?**

THERE is lots of deception in bicycles—enamel covers a heap of sin. To some people all bicycles look alike, and inexperienced buyers are often influenced in selecting a wheel, by some simple or inexpensive attachment, instead of by the most important features, THE STERLING QUALITY, THE SKILLED CONSTRUCTION.

UNSCRUPULOUS Agents will tell you anything to sell a wheel, but wheels of repute speak for themselves. Such wheels as these, and these alone, can be found at this reliable agency. Beautiful 1896 models for Ladies or Gentlemen, ranging in price from \$20.00 to \$100.00. Wheels that are worthy the name. Wheels that bring endless comfort to the owner. Wheels that are sold by an agency which is in the business to stay, and which realizes the importance of selling for future prosperity, the very best wheels that American wisdom can manufacture. Information cheerfully given and inspection solicited. Reasonable allowance for old wheels. To us to suit.

# PILLSBURY'S

## BEST

makes more bread and better bread than any other flour sold.

Leads the World.

EVERY POUND GUARANTEED.

Park & Tilford,  
—AND—  
Acker, Merrill & Condit,  
Of New York, the largest retail grocers in America, have made this their leading flour for 25 years.

If you can buy it as low as other brands —

Pillsbury's Best is the brand to buy.  
NO OTHER FLOUR APPROACHES IT IN QUALITY AND ECONOMY.

"Gives Universal Satisfaction."

Boston, May 21, 1895.

Mr. Henry Russell, Boston, Mass.  
DEAR SIR—Our sales of "Pillsbury's Best" have steadily increased for the past ten years. We have never sold any flour that has given more universal satisfaction, and we are now as always pleased to recommend it.  
Yours very truly,  
COBB, BATES & YERXA.

SHAW, POLLOCK & CO., Belfast, Ireland, have had the agency of PILLSBURY'S BEST for the North of Ireland for twenty years. They are selling

### 300,000

(three hundred thousand) barrels per year, and have never had a complaint on the flour in all that time.

One Boston house alone is selling 150,000 barrels of Pillsbury's Best a year. The people would never buy it at that rate but for one thing—Quality.

Quality made and quality maintains the fame of PILLSBURY'S BEST.

All the leading grocers in New England sell it.

## AN HISTORIC STREET

An Interesting and Valuable Paper by Edward H. Dewson.

Hancock Street for Period Covering 257 Years.

Each Estate to be Taken up Separately and History Given.

Continued from March 10.

The large square house, standing on the corner of Elm street, facing on Hancock street has an interesting history.

Pattee says, "Previous to 1759, James Brackett had constructed a large and commodious house on this spot, for a public hotel. In looking over the old annals, before, during and after the revolutionary war, we find in the tables giving a list of the stage lines, 'to the principal towns on the continent from Boston, with the names of those who keep houses of entertainment' that Mr. Brackett's hotel is the only house mentioned in Braintree. From this we infer that other taverns were not of much importance, and that Mr. Brackett's was the fashionable resort of that day. The first house was taken down and in 1794-5 the present one was erected on the site of the noted old Brackett tavern. There is no doubt that on this site a hotel was kept for a longer time than at any other locality in town, it having been occupied as a tavern upwards of a century."

The hotel was discontinued about 1835. Mr. Francis Williams bought it in 1836 and remodeled it. He lived in it for forty years. It is now the property of Doctor J. F. Welch who has renovated and greatly improved it.

Next is the house of Joseph F. Berry, standing upon the site of Mr. Williams' currying shop. Before Mr. Williams built, there was a stable here, with hay scales in front, tended by Ben. Faxon.

The house of J. Henry Emery stands upon the site of Clift Rodgers' currying shop, which was close to Mr. Williams'.

The next dwelling-house now owned by Amos Churchill was built by Mr. Rodgers in 1854. The house and store adjoining were built by Samuel White in 1835. The store was his boot manufactory. He died in 1848. It is now owned by Thomas A. Whicher who also owns the building on the corner of Canal street called Hancock Hall. This was built in 1835 for the Orthodox society. They worshipped here until their new church was built in 1871. The Quincy Public Library was removed to it in 1874, and occupied it several years. Canal street was accepted by the town in 1829.

On the north corner of Canal street is the house of Wm. A. Hodges, next to it the house built by Mrs. John Brummet in 1844, who kept a millinery store in one portion of it. Mrs. John A. Green's is next, and beyond it a house built by Doctor Ebenezer Woodward on the library site, Washington street. John Q. A. Wild bought and moved it here.

Hancock street falls away from this point to the Town brook.

The slope before us is historic ground, having associations of the deepest interest.

About 1637, the first meeting-house of the First church was built here.

In the absence of positive evidence, there is a conflict of opinions on the subject of the first meeting-house. We accept the views of C. F. Adams and the Rev. D. M. Wilson.

It was here, when the survey was made for the highway in 1641.

At the meeting-house the road was divided passing by each end and uniting again beyond. It was here, standing in the middle of the road, when the first schoolhouse was built in 1679 on the town's land, one hundred and fifty feet north of Canal street near the site of the house of Mrs. John A. Green. Benj. Thompson, son of Wm. Thompson, the first pastor, was master of this school for nearly thirty years. It was here in 1716, when the schoolhouse was abandoned and sold. It was here, when Thomas Bass built the old house now standing at the foot of the hill occupied by Mr. Jones. It was abandoned in 1732 and taken down in 1748.

Very interesting accounts of this meeting-house are given in Rev. D. M. Wilson's "Chapel of Ease and Church of Statesman" and in C. F. Adams' Three Episodes of Massachusetts History, page 593.

The house built by Thomas Bass, just mentioned, deserves more than passing notice. It and the Ruggles house on Elm street, are the most interesting of

the few relics of the past, that are left for us. Probably built between 1650 and 1660, it was sold to Benjamin Thompson in 1679, and by him sold to Benjamin Webb in 1700. The angle at which it stands to the present street, indicates that it fronted on the division of the road that passed by the east end of the meeting-house.

Benjamin Webb built a tan yard in the bend of the brook just below and carried on the business there for many years. In 1816 the tannery was owned by Anthony Baxter. From 1823 to 1860 it was owned by Francis Williams, who sold it to Joseph Adams, who operated it a few years. It was afterwards sold to J. Q. A. Wild, who dismantled it.

The old hide mill hewn out of a block of granite, the inside polished by constant friction in its use, served for a time as a watering trough at the corner of Hancock and Washington streets, and has lately been placed at the corner of Quantum street.

[To be continued.]

## NEW FIRE APPARATUS.

A Description of the Combination Engine Which Arrived Yesterday.

The new combination engine, which is to take the place of Hose 1, arrived on Wednesday and is now at the Central station, although it will probably not go into commission until open weather.

The new piece of apparatus, which was built by Charles T. Holloway of Baltimore, has two thirty-five gallon chemical tanks and is designed to carry about 1500 feet of hose. The tanks are placed crossways of the wagon and are placed under the driver's seat with the agitators projecting through the panel on the left side. The seat is so arranged that it can be raised in sections, and the tanks can thus be operated by the driver without leaving his seat.

Connected with the tanks is about 200 feet of three-inch hose, which is coiled in a wire basket suspended over the hose wagon and so arranged that it can be carried in any direction.

A brass ball extends about the sides of the hose wagon part of the apparatus, and on the rear is a step for the men, two hand chemicals and a box in which are carried supplies for the chemical tanks.

There is also a box under the driver's seat for small tools.

Under the dasher is a large twelve inch gong, which gives a revolving blow.

The apparatus carries a crowbar, two axes, two plastering hooks and a twenty foot extension ladder.

The running part of the apparatus is painted vermilion with gold stripes and the body chocolate with vermilion panels.

The lettering on these panels reads as follows "Q. F. D. Combination No. 1," while on the chemical box in the rear are the words "Quincy Fire Department."

The new piece of apparatus differs somewhat from that at Atlantic as the load on the new apparatus is evenly divided while that at Atlantic is on the rear.

The combination wagon is very handsome and will prove a valuable addition to the fire department.

Taylor's Anti-Headache Powders are just as harmless as water. Yet, look how powerful water is in putting out fire. Our powders cure Headache and Neuralgia in the same manner exactly. It is safe to say that these powders will cure all cases, because they never failed yet. Why not buy Taylor's and be sure about it? Get them of Leonard J. Pastor, Ph. G., 27 School street.

The Lieutenant-Governor has cancelled all engagements of a public nature till Patriots' Day, when the public memorial service of the late Governor will be held. He has also announced his intention of accepting invitations far more sparingly than has been the custom. He believes that the public will readily acquiesce in this decision, which is made necessary by the great demands on the time and strength of the chief executive.

Hens are doing their best this month and the price of eggs has dropped wonderfully.

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. And unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; one case out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## Constipation

Causes fully half the sickness in the world. It retains the digested food too long in the bowels and produces biliousness, torpid liver, indigestion, bad taste, coated tongue, sick headache, insomnia, etc. Hood's Pills cure constipation and all its results, easily and thoroughly. 25c. All druggists. Prepared by C. I. Hood & Co., Lowell, Mass. The only Pills to take with Hood's Sarsaparilla.

## Hood's Pills

## Was There a Jonah?

In view of the undeniable remnant of the superstitions even in this decade and among the most enlightened of people, the pastor of the First Presbyterian church thinks that he will be justified in preaching upon that seemingly sensational query of the above headline on next Sunday evening.

For the lecture which was at last given last evening, when the worst snow storm of the winter was raging, had been postponed from Tuesday, March 31, when a valve of the stereopticon proved to have been broken in transit, to Tuesday, March 10, when the tanks of gas were not shipped from Boston, through neglect.

However, more than one hundred people braved the storm, and were delighted with the beautiful views and interesting comments. The more than double that number who were disappointed on Tuesday evening, were compensated by an instructive lecture by the pastor, who came to the rescue in the emergency.

## A Runaway.

Tuesday afternoon James Berry of West Quincy left his horse attached to an open wagon standing in front of F. H. Crane & Sons' grain store at South Quincy.

While thus left alone the horse became frightened at an approaching train and started to run. He ran across the depot platform overturning the wagon which he dragged bottom side up across the tracks. As he went across the tracks an outward express train was approaching which whizzed by within five feet of him. After clearing the train the wagon righted and the horse continued down the track to the depot, where he was captured. It was a narrow escape.

## MILTON

James Daly has accepted a position with the Quincy Beef Co. at Quincy.

Several from East Milton attended the masquerade ball of the Sons of Veterans at Quincy last week.

William Leavitt has returned from a three months' visit to New Hampshire.

X. M. Fowler of the Boston University will occupy the pulpit at the Congregational church on Sunday.

J. W. Alexander is organizing a lodge of the Independent Order of Good Templars in East Milton.

Mrs. August Anderson had the misfortune to lose a \$10 bill Monday while going from the postoffice in East Milton to her home on Adams street, a distance of less than one thousand feet.

The return party Friday evening at Ellsworth hall will be a brilliant affair.

An effort to reduce the appropriation of \$40,000 for expenses of Metropolitan Park Commission to \$37,000, was defeated in the Senate Wednesday 16 to 17. Senator Darling spoke in opposition.

The Committee on Counties of the Legislature has reported a bill that County Commissioners shall keep full and complete records of their meetings, and yea and nay votes, where there is a difference of opinion on matters before the Commissioners.

An act to permit summer resorts which license the sale of liquors to sell June 1st instead of July 1st has been ordered to a third reading in the house.

Danvers appropriated \$900 for edge-tones.

Impoverished Blood causes that tired feeling. Hood's Sarsaparilla purifies, enriches and vitalizes the blood, giving new life and increased vigor and vitality.

Hood's Pills are easy to take, easy to operate. Cure indigestion, biliousness, headache.

Cuban planters are in a most unfortunate situation. If they do not grind their sugar cane Gen. Weyler threatens them with summary punishment. If they do grind it the rebels hang them. They seem to be 'between the devil and the deep sea' and unable to swim.—Waltham Free Press.

Headache! Glasses relieve many. Consult Williams, practical optician, 120 Copeland street. Scientific test free.

## New England Briefs.

A serious fire in Pike's block at Providence caused a damage of \$4000.

A report that Harvard intends to strike out Greek in its curriculum is officially denied.

By the provisions of the will of the late George Bliss of New York city, Yale university will receive \$50,000.

Ernest M. Warden, 16 years old, was run over by a grain train at Rowley, Mass., and probably fatally injured.

A wooden building, known as the Curtis block, was burned at Brockton, Mass. The total loss is about \$30,000.

Thomas Edwards, treasurer of the Berlin Mills company of Portland, Me., died very suddenly at Maitland, Fla., yesterday.

At St. Johnsbury, Vt., Harold Brown, 13 years old, was shot by a playmate. He will recover. The boys belonged to a "cowboy" gang.

Before the Waburn (Mass.) Athletic club, Jack McDonough and Bartley Mullen fought 13 rounds of a 15 round match, in which McDonough won.

President Chamber of the Old Colony railroad says that the New York, New Haven and Hartford does not contemplate spending \$15,000,000 in improvement this year.

The Vermont Republican state committee decided to call the state convention, at which delegates to the St. Louis convention will be chosen, at Montpelier, April 22.

Michael Hughes of Natick, Mass., made a probably successful attempt to commit suicide with a jackknife at Dover, N. H. Heavy drugging is said to have led to the act.

The lumber firm of E. B. James & Co. of Boston have a signed to F. B. McQuesten and G. H. Jennings. The assets and liabilities cannot be ascertained at this time.

## Candle Pin Bowling.

Team B of the Wollaston Candle Pin club defeated Team A on the Duck's Nest alleys on Wednesday evening, 1168 to 1145. Starrett was high on total, 265, and Fairbanks on singles 93. The result:

**Left Foundered Ship.**  
HIGHLAND LIGHT, Mass., March 12.—The schooner L. S. Wyman of Boston, 84 tons, Captain John Olsen and crew of four men, from Gay Head for Boston, with molding sand, when three miles east of Point River life-saving station, yesterday morning, sprung a leak and sunk. The crew pushed off from the sinking craft just in time to prevent being drawn under by the suction of the sea, as the schooner pitched forward and went down. They rowed with all their strength for the shore, and landed at Point River station. The Wyman was built at Cambridge, N. B., in 1889, and there was an insurance on the vessel of \$18,000.

—The Somerville Journal thinks—"It is safe to say that after this the people of Massachusetts will not work their governor so hard."

**Quincy & Boston ELECTRIC STREET RAILWAY.**  
[Subject to change without notice.]

**A SCARCITY OF FACTS**  
Congressional Attitude Toward Cuba Based Upon Hearsay.

Another Notable Speech by Senator Hoar.

His Resolution For Postponement Finally Goes to the Calendar.

WASHINGTON, March 12.—The Cuban debate in the senate has advanced to the stage of one of the greatest debates of the American congress, and the speech yesterday of Mr. Hoar, the venerable senator from Massachusetts, was another feature of the discussion. The senators and the crowded galleries are kept at high tension by stirring themes—as war and patriotism and liberty.

The promise of a speech by Mr. Hoar, on his submitted resolutions served not only to fill the galleries, but to draw to the floor of the senate all of the house leaders who have participated in the discussion there.

Mr. Hoar's speech was notable in setting forth the conservative view of the subject and urging a postponement of action until April 6. This developed many sharp controversies with Mr. Sherman and other senators. In the main, the speech was a calm, dignified and judicial action.

Mr. Hoar said there was an old judge in Cambridge, Mass., near the Charlestown navy yard, that once gave a definition of circumstantial evidence applicable to this affair. A case was on trial in which the mysteries of circumstantial evidence played a considerable part in the discussion of the attorneys on both sides. Said the old judge:

"There is nothing extraordinary about circumstantial evidence. Then certain facts are known to exist, our human experience warrants us in supposing that certain other facts exist also. When you prove one you have circumstantial evidence of the other. For instance, if you should see great activity in the navy yard over there tomorrow, that would be circumstantial evidence, not that a war was near, but that an election was approaching."

In drawing the comparison, Mr. Hoar said: "Now when we see great activity among the grave, revered and serene members of our foreign affairs committee you may know that there is no great trouble in our foreign relations, but that a presidential election is approaching."

On commenting on the meaningless of the concurrent resolutions, Senator Hoar referred to them as Pickwickian, and signifying nothing but the opinion of some estimable gentlemen in a very excited frame of mind.

Senator Hoar is decidedly opposed to the wholesale meddling in foreign relations which has characterized this congress. In the Venezuelan affair, he believes the part of patriotism demanded the upholding of the president's acts as such, without reference to the reasons which lead up to them. The president bears the burden and the demands public support.

To Secretary Olney, Senator Hoar paid a high tribute, saying: "Mr. Olney has a very good head, in my opinion. Although I differ from him in politics, I think he is a good, honest, clear-headed, old-fashioned Massachusetts Yankee, and I am willing to trust him with the diplomacy of this government."

Continuing, Senator Hoar said that the question of belligerence was a question of fact, and it was reasonable that the usual precautions should be taken. The senate should have before it the finding of facts by the proper committee charged with its investigation.

This subject was discussed in the committee for several days, and was brought into the senate without any report, but accompanied by a speech from Senator Morgan, who laid his sword on the table, and asked Spain to take it up, and declared his belief in the power of congress, without the president, to grant belligerent rights. The other speech, that of Mr. Sherman, contained quotations from a work that was republished. Upon these statements, and without any presentation of facts, congress was asked to act.

Mr. Morgan interrupted Mr. Hoar to say that he was entitled to his own opinion as to the authority to grant belligerent rights, and would express them whenever he saw fit. As a matter of fact, Mr. Morgan said, the committee on the judiciary, of which Mr. Hoar was chairman, had before it the question determining the nature of a concurrent resolution, and involving the status of the Cuban resolutions themselves. There had been unusual delay there, and the committee on foreign relations waited patiently but in vain for the light from that committee.

Mr. Hoar accused the committee of basing its resolutions upon a statement contained in a letter from the agent of the Cuban junta.

**A Tilt With Sherman.**  
Mr. Sherman took exception to this statement, declaring that the letter came from the state department itself.

Mr. Hoar was complaining of the lack of information before the senate on the Cuban question, when Mr. Sherman called his attention to a printed document of 200 pages, containing a message from the president and all the correspondence conducted by the state department. "This document has been before the senate for more than two weeks, and was open to the senate all the time," said Mr. Sherman somewhat petulantly.

"I don't believe anybody ever read it," retorted Mr. Hoar.

"I quoted from that document in my speech liberally," said Mr. Morgan, "and that speech was in the nature of a report from the committee."

"Then," said Mr. Hoar with apparent glee, "you spoke for the committee when you laid the sword on the table and asked Spain to take it up. Is that not so, and did you not speak for the committee when you said there had been 4500 prisoners executed in Cuba?"

Mr. Morgan said he did not speak for the committee with regard to the execution of prisoners, and added that The Record had been deliberately misquoted. He gave that as a quotation from a printed work, and not as a statement of his own.

Mr. Hoar, quoting from one of the letters of Mr. Seward on the subject of belligerency to be read in the subject of belligerency by the United States minister during our Civil War, laid particular emphasis upon the word "deliberate," and, leaning towards Mr. Sherman, he said with a touch of sarcasm in his voice: "I'm afraid that word 'deliberate' is new to my honorable friend from Ohio and my hon-

### HILL ON HOAR'S SIDE.

Cannot Conscientiously Favor Cuban  
Belligerency Resolution.

Hoar Is Inconsistent, Accord-  
ing to Sherman.

Ohio Senator Has Something Further to Say  
Concerning the "Butcher."

WASHINGTON, March 13.—Senators Sherman and Hill were the conspicuous figures in the Cuban debate in the senate yesterday. The New York senator, formerly urging the belligerency resolution, was the pending resolutions, while Mr. Sherman upheld them with another graphic arraignment of Spain and General Weyler. It was the fourth day of the debate on the conference report, and yet there was no evidence of a near approach to a final vote, although Mr. Sherman announced that he would press for a vote at the earliest moment.

In opening the debate, Mr. Hill said he should vote to non-concur in the conference report because he objected to the terms of the third resolution, and his objection was based only upon that particular resolution.

He should vote against concurring because he wanted to place the resolutions in such parliamentary shape that the third resolution reading "The United States has not intervened in any of the struggles between any European government and their colonies on this continent," could be amended and be made more clear.

All depended upon what interpretation was put upon the word "intervened." He had recognized insurgents in the past, and that Mr. Hill contended, was intervention of a certain kind. The resolution was unnecessary. If we mean that we have not intervened with force of arms to assist anyone, that should be stated; but that, Mr. Hill said, was also unnecessary.

The threat that we would intervene to protect the rights of American citizens was unnecessary, and unnecessary resolutions were always unwise. The language used by the house was capable of double meaning, and might create trouble. It was unwise. It was sufficient to let the future take care of itself.

This proposition looking to "intervention," and the statement that we should be "prepared to protect American citizens," looked too much like buncombe. If it was meant to be serious, the proposition should be seriously made; if it meant that we should increase our army or our navy, that should be done by bills requiring the signature of the president, not by resolutions that meant nothing.

It was nonsense to say that we should be prepared to protect the legitimate interests of our citizens; no one presumes that we would seek to protect their illegitimate interests. Mr. Hill exclaimed, "This matter should, Mr. Hill asserted, be placed on a higher ground than that some of our people are losing a few dollars by this struggle."

Intercourse in the cause of liberty and seek to save human life and prevent suffering, but do not, Mr. Hill exclaimed, draw the United States into this matter because of some little property that may be imperiled.

Mr. Hill said he had received a number of telegrams, one of them from a man high in the commercial world, which he read. "And," exclaimed Mr. Hill, "I am asked to record my vote on a great question of international right or wrong on the ground that some of the Spanish merchants in Cuba were boycotting the trade of some of my constituents. With all due respect to these gentlemen, I may say that we should rest our action on more tenable grounds than this."

It had been said by some that the administration was being embarrassed by these resolutions. "If the administration thought these resolutions were embarrassing to it," said Mr. Hill, "some one would have knowledge of that fact. I cannot believe the administration would keep its own counsel so close that no one would know what it desired."

After a long parliamentary struggle the unfinished business which came up at 2 o'clock in the senate was taken temporarily aside to permit Senator Sherman to make a speech in response to Senator Hoar's speech of Wednesday. He expressed surprise at the attitude Mr. Hoar had taken on the conference resolutions, in view of the fact that Mr. Hoar had supported the Cameron resolution, which looked to the recognition of Cuban independence. As the Cameron resolution was so much stronger than the conference resolution, it was expected that Mr. Hoar would certainly accept the less aggressive measure without question.

Sherman vs. Hoar.

Yet Mr. Hoar had objected to the resolutions first reported by the foreign relations committee because they did not go far enough, and now objects to the conference report because it goes too far. There was no "politics" in the action of congress—it was merely a record of the sentiment generally entertained throughout the country.

Senator Turpie interrupted to inquire whether the conference resolutions had received the approval of the committee on foreign relations. He argued that the bulk of the conference resolutions was before the committee on foreign relations and asked there, and afterward was before the senate itself and rejected there, so that it cannot be said to have received the sanction of the foreign relations committee.

Mr. Sherman rehearsed the history of the resolutions, and said that everything

must recognize that the senate's conferees having consented to report the house resolutions, the senate now properly has this report before it. He then went on to say that the resolutions had been criticised because they were "concurrent" instead of "joint" in form. The "concurrent" form was adopted deliberately, because a "joint" resolution would necessarily have been sent to the president for his approval.

This was not desired; it was the purpose of congress merely to express its sentiment, and not to put the president in an embarrassing position, because all parties recognized in him a man of force of character, unquestionable courage and abundant patriotism, and felt safe in leaving the final steps in the matter to his discretion.

The senator referred to his characterization of General Weyler as "the butcher." The Spanish minister had, with justification, sought to explain that the book from which he (Sherman) had quoted did not contain Weyler's name. But it appeared with details in the paper from which the statement had been taken. Weyler himself did not deny or object to it. His explanation, sent from Habana, was that he had obeyed orders, being only a subordinate officer, and that the cruelties were necessary to subdue the uprising of 19 years ago.

Taking up the conditions of war existing, Mr. Sherman said they were flagrant. With much force the senator said: "If war does not exist in Cuba, where outside of hell does it exist?" He said in reply to senators who called for "facts" that Mr. Lodge, one of the members of the committee on foreign relations, had secured ample facts from Secretary Olney, but these could not, for obvious reasons, be made public.

Mr. Sherman said the paper from which he took the facts of Weyler's atrocities had expressly mentioned Weyler's name. If the name was erroneously used, the senator said, he would leave the controversy between the minister and the paper which had published the statement. It was idle for Spain to declare that war did not exist, when in fact warfare was going on, more atrocious than any in the history of the Dark Ages.

Cat Out of the Bag.

NEW YORK, March 13.—The true cause of Ballington Booth's resignation, according to a local paper, has just leaked out. The sale of the War Cry in this country was sanctioned by General Booth, who sent a paper containing the sales being set apart for a fund for disabled and superannuated soldiers. It was with this agreement and understanding that the paper was sold in this country. This fund now amounts to probably \$300 or \$400. Some time ago, it is claimed, General Booth sent for this money, which he intended using for army purposes in London and other places in England, thus diverting it from its original purposes. Ballington Booth refused to accede to this demand, and said the fund was for the American army superannuated soldiers, and not for the extension of the army in England. Immediately on top of this Ballington Booth's removal was ordered, which led to his resignation.

Rebbed His Partners.

CLEVELAND, March 13.—The big wholesale boot and shoe house of Childs, Groff & Co. were forced to the wall yesterday afternoon by the embezzlement of a large sum of money by William H. Huntington, son of the junior member and financial manager of the firm. The failure was precipitated when charged mortgages covering the entire stock, book accounts were executed by the firm, and individual mortgages were given by the senior member of the firm on all his property. It is believed that the amount of the embezzlement will reach \$100,000. Huntington, who is at home sick from the effects of the exposure, says that he has been taking money for 25 years, and that most of it has been used in the payment of his household expenses. He said he could not live on what he got from his business. He said he had given up his house and lot and did not know what else he could do.

Honduras Threatened.

TEGUCIGALPA, March 13.—The whole of the republic of Honduras is in a state of martial law, pending the settlement of the civil revolt in Nicaragua, in which the President of Honduras has espoused the cause of the Zelaya government against the rebels. The near approach of the contending forces in Nicaragua to the Honduras frontier, and the disposition of the President of Guatemala to interpose for the settlement of the war, are the considerations that made the step seem advisable of placing the country under martial law.

Duestrow Must Hang.

UNION, Mo., March 13.—Dr. Arthur Duestrow, the so-called millionaire murderer of St. Louis, who was convicted in the circuit court here a short time ago of killing his wife and baby in St. Louis, was brought before Judge Hirsch yesterday and sentenced to be hanged April 22. Duestrow will be sent back to the St. Louis jail for safe keeping.

Going After Derivishes.

CAIRO, March 13.—There is reason to believe that the Egyptian troops will advance up the Nile forthwith and will occupy Dongola. It has long been felt that such a demonstration is advisable in face of the activity of the derivishes. This view has been pressed upon the British government. The Italian disaster has precipitated matters.

World Please Russia.

LONDON, March 13.—A Moscow correspondent of the Daily News believes it to be true that the port has decided upon the expulsion of the British and American missionaries in Asia Minor. Such a measure would be quite consonant with the wishes of the Russian government, the correspondent adds.

Diebund Stands.

BERLIN, March 13.—The frequent interviews which Count Coluchowski has had with Chancellor von Hohenlohe and Baron Marschall, the secretary of state for foreign affairs, have led to complete unanimity on all political questions. The Vossische Zeitung declares that the diebund is as solid as ever.

Two Total Wrecks.

NEW YORK, March 13.—Wednesday's storm put the finishing touches to the back B. J. Libby and the schooner Nellie Woodbury. The Libby went to pieces, and as this left of New Woodbury is driven high up on the beach. Both vessels went ashore 10 days ago.

## LETTER MADE PUBLIC.

What Rev. Dr. Hill Said to the Gov-  
ernor of New Hampshire.

Had Been Hinted That Bribery  
Was Attempted.

Decision Rendered in the Manchester Police  
Commission Case.

MANCHESTER, N. H., March 13.—Rev. C. D. Hills, D. D., last night gave out the letter which he wrote to Governor Busiel while the charges against the Manchester police commissioners were pending, and which was referred to in the testimony as an attempt to bribe the governor by making a promise of support in his senatorial candidacy if he would decide against the commissioners.

In introducing the letter, which is dated Feb. 24, Dr. Hills said: "The following is the letter whose publication has been demanded, and which some who cannot appreciate what I have tried to do for the good of our beloved state, godly city and humanity during almost five years in Manchester, have hoped would blast my reputation and injure the cause of prohibition."

"His excellency, Governor Charles A. Busiel: Dear Sir—Permit me to lay aside formality, and talk with you as one personally interested in your future. I have quizzed all classes, and the verdict is that the police commissioners of Manchester are not doing their duty, and that the only consistent thing for Governor Busiel to do

Is to Remove Them.

"The feeling is that if the governor does not remove them, this General Bartlett movement will win, but if the governor takes a square stand the majority power throughout the state will be with him and a furor of enthusiasm will set in in his favor. If the commission, if found delinquent, will promise to close saloons, if so directed by you, or resign, we have no objection to those men remaining—no, not if they will enforce the law. It is not a matter of prosecution, but of fixing responsibility."

Governor Campbell of Kansas removed three license commissioners and substituted three men in hearty sympathy with prohibition in Wichita. They removed their chief of police, and, with the assistance of a good attorney, closed all the 100 saloons in the city. Police expenses largely decreased, as there was a great reduction in crime.

"In a few weeks with such a regime in Manchester, the people would wake up to the blessings of prohibition enforced. If you were my brother, I would say now is the time to immortalize your name."

The governor and council handed down a decision in the Manchester police commission case, as follows:

"After a careful review of the written evidence, and a full consideration of the questions under hearing, and having obtained the opinion of the attorney general upon the questions of law involved, the honorable board decides unanimously that the evidence submitted is not sufficient to warrant the removal of the police commissioners."

ON BEACON HILL.

Another Batch of Hearings—Tribute to Governor Greenhalge.

BOSTON, March 13.—The executive council of the late Governor Frederick T. Greenhalge adopted elegant resolutions, which included the following:

"All the people may well give expression to their grief at the untimely departure of a chief magistrate so entirely devoted to their service. This council will miss his genial presence, his wise leadership and his personal friendship. Every position he filled he adorned. He was a man of fixed opinions, and when conclusions were reached and believed by him to be founded on principles of justice and truth it was useless to try and change his course. He was conscientious and untiring in his discharge of public duty, and though sometimes criticised by those who watched for his halting, his praises now fall from their lips."

In the house the committee on labor reported a bill to prohibit women and minors from working in printing establishments between 10 p. m. and 6 a. m. A bill requiring a 12-inch space between posts and the limit covered by a traveling boom in all factories hereafter constructed. A bill making nine hours a day's work in contracts for state work. Leave to withdraw on a petition for an act providing that sub-contractors on public works shall pay the same wages as are paid by the city or town where the work is done.

The committee on insurance reported a bill relative to mutual fire insurance companies of other states, and providing that such companies in order to transact business in this state must have at least \$50,000 cash surplus, \$100,000 of invested assets and \$300,000 contingent assets.

The house judiciary committee continued its consideration of the bill for the suppression of vivisection, and further testimony was taken by the committee on education relative to the charges which have been preferred against some of the agents of the state board of education of being financially interested in the publication of textbooks used in the public schools. The committee on metropolitan affairs gave a hearing for the proposed separation of the correctional and charitable institutions in the city of Boston.

Eva Booth Gives the News.

NEW YORK, March 13.—Commissioner Eva Booth, at last night's meeting of Salvation Army auxiliaries, announced that she had received a cablegram from Bramwell Booth, announcing the appointment of Commander Booth-Tucker and his wife to take charge of the forces in the United States. The announcement was greeted with hisses and applause.

## Which Bicycle Shall I Buy?

THERE is lots of deception in bicycles—enamel covers a heap of sin. To some people all bicycles look alike, and inexperienced buyers are often inclined in selecting a wheel, by some simple or inexpensive attachment, instead of by the most important features, THE STERLING QUALITY, THE SKILLED CONSTRUCTION.

UNSCRUPULOUS Agents will tell you anything to sell a wheel, but wheels of repute speak for themselves. Such wheels as these, and these alone, can be found at this reliable agency. Beautiful 1896 models for Ladies or Gentlemen, ranging in price from \$50.00 to \$100.00. Wheels that are worthy the name, Wheels that bring endless comfort to the owner, Wheels that are sold by an agency which is in the business to stay, and which realizes the importance of selling for future prosperity, the very best wheels that American wisdom can manufacture. Information cheerfully given and inspection solicited. Reasonable allowance for old wheels. Terms to suit.

Henry L. Kincaide & Co.,  
Hancock Street, Quincy.

## It Will Pay You

To inspect our new styles of Shoes before buying. With the coming of Spring we are adding new lines from the samples of the most reliable manufacturers, and can show a stock of Shoes that will, for style and service, be as good as it is possible to buy.

GEO. W. JONES,  
ADAMS BUILDING, QUINCY.

## SWITHIN BROS., Real Estate

Having opened a Real Estate office in Durgin & Merrill's Block, we are prepared to show plans and give prices on some of the finest house lots offered for sale in this city in recent years. These lots are embraced in the following tracts of land:

### PRESIDENT'S HILL.

This land was formerly the country residence of C. F. Adams. It overlooks the ocean, and the view both seaward and inland is unsurpassed in this vicinity. The grounds are covered with rare and costly shade trees, a very desirable feature of a lot, and the farthest portion of the property is within four minutes' walk of both electric and steam cars. Persons wishing a fine lot in a first-class locality would do well to inspect this property before purchasing.

### GRANCE HILL,

Probably better known as Adams' Field, is situated in the heart of the city. The land is high and dry, and the streets through the property are wide and straight. The lots are good size, the prices moderate and terms very reasonable. No better lots for a man of moderate means have ever been offered in this city.

### WEST QUINCY.

Land formerly known as the Dell estate on Willard street, borders on Blue Hill reservation; is handy to works, and is less than five minutes' walk to electric cars, West Quincy depot and schools. This property comprises about 80 lots.

### HILLSIDE TERRACE.

On Grove street, near quarries and sheds; good lots, low prices; small amount down and small monthly payments. This property comprises about 70 lots.

Also a few lots off Bates avenue.

### WOLLASTON.

A few desirable lots in Wollaston, on Hancock street, opposite entrance to Merry Mount Park.

Will be on land at President's Hill every afternoon from 2 to 4. Parties desiring lots or any information on the above properties, please call at Room 12 Durgin & Merrill's Block.

Quincy, Dec. 31—tf

## WATER BUGS AND ROACHES.

A Weekly Established in 1878.

THE BURNING of the Pope Manufacturing plant in Boston yesterday was promptly announced by a LEDGER bulletin about 4 p. m.

A BILL has been reported in the Legislature prohibiting women and minors from working in printing offices between 10 p. m. and 6 a. m. With so many unemployed all work should be done if possible by daylight. The LEDGER office has had plenty to do of late but very seldom finds it necessary to work after 6 p. m., even when it has large contracts.

Granite Cutting.

In the Legislature Thursday the bill providing that the work of dressing stone used in state and municipal work shall be done in this commonwealth came up for a reading.

Mr. George of Haverhill opposed the bill. He contended that such a law would make goods cost more to the State and impose additional burdens on the taxpayers. It is not, he urged, a bill that the laboring man ask for.

Mr. Harwood of Newton said that such a law would mean that all the stone used in city and town buildings would cost more and be a heavy burden on the taxpayers.

Mr. Quirk of Boston said that there are almost 200 granite cutters in the State and that during the past two years at no time have more than 40 per cent. of that number been continuously employed. The great amount of stone used in recent years in public works in the State has come from other States, but had it been dressed here, a great many of the granite workers of the Commonwealth would have had employment. Mr. Quirk said the people do not expect the public buildings to be erected for the lowest possible price by cheap workmen, and called attention to the report of the commission on the unemployed on the subject, in which they recommended legislation of the character proposed. The house took no action before adjournment.

## THE DEBATING CLUB.

**Are Trade Unions Beneficial to Workingmen?**

**Shorter Hours and Increased Wages**  
**Speak for Affirmative.**

**Negative Said Strikes were Absurd and Disastrous.**

The Quincy Debating Club held a very interesting meeting Thursday evening, the question being:—"Resolved, That Trade Unions are beneficial to the working man." Mr. Bates in opening the debate gave a brief sketch of the history of trade unionism from the first trade union formed in England after the black death in 1348. He showed how the laborers were forced to unite to overcome the crushing strength of their masters and to shorten the terrible length of their hours, and how by so uniting wages had been increased and hours shortened. It is a fact that more work can be done in a day of ten hours than in a twelve hour day. Today the trade unions do not desire to fight but to arbitrate. They realize that strikes are ruinous to both sides. In some half dozen states there are regular law appointed boards of arbitration and these are being largely resorted to.

E. C. Sargent objected to this historical treatment of the question. We are here to discuss not what the unions have done; not what they will do but whether what they are at present doing is beneficial to the working man. And how absurd many of the strikes are. Strikes brought about for a difference of a few cents or for some other matter, trivial when compared with the consequences. Then too there are the sympathetic strikes where the causes are even more remote and the results often even more disastrous. Unions too are often against progress. They oppose in many cases the introduction of new machinery, and they prevent the good workman from getting as much pay as he might get, while forcing the employer to pay the poor workman more than he deserves.

In continuing the debate on the affirmative, Mr. Scamell said that unions do not fix an arbitrary wage but a maximum and minimum wage, so that sufficient latitude is given. It is constantly asserted that strikes are mainly failures but facts do not bear this out, for the 24,567 strikes recorded in the last 9 years, 17,000 have been successful; 1860 partly successful, and 5707 unsuccessful. Labor is a commodity but one which necessity will prevent the laborer from withholding if alone. The unions make him able to withhold his commodity, and so in a measure conform to the law of demand and supply. The unions are developing too, along insurance lines, a form evidently beneficial.

S. E. Wilson closed the debate of the principal disputants, saying that in Quincy, for example, the unions are at the bottom of strikes and lockouts. Business men find it necessary to put into contracts a strike clause, as they cannot tell when the erratic unions will issue strike orders. Many of the so-called workingmen's friends are on large salaries and directly interested. You can never figure up the loss of a strike, the amount of trade lost, never to return, and the bad influences. Better for men to deal direct with employers.

Theophilus King, Secretary McAdam of the Granite Cutters' Union, W. W. Parry and Alex Craig spoke interestingly from the floor, as all had had intimate experience with trade unions.

**Congestion of the Brain.**

Drs. Richards and Gordon's diagnosis of Postmaster Wilde's case shows that he has congestion at the base of the brain upon the left side. The trouble has been coming on gradually. It reached its climax on last Saturday. His speech and sight were nearly paralyzed. Up to Thursday it was impossible for him to talk coherently or write his name, or use his reasoning powers to any extent. On Thursday afternoon there was a marked improvement, his speech gradually returning, as well as his sight. There seems to be no reason why, from now on, his improvement should not be assured. The sensational Boston papers that have so brutally slandered Mr. Wilde should now acknowledge their error and apologize.

**Freight Derailed.**

A car on the inward Plymouth freight jumped the track just south of the Granite street bridge shortly after nine o'clock on Thursday night, all trains after that time being more or less delayed, as in order to pass the wreck the inward trains were run on the outward track between Dimmock street bridge and South Quincy. A wrecker was sent out from Boston but it was after midnight before the track was cleared.

**HOOD'S PILLS** cure Liver Ills, Biliousness, Indigestion, Headache. A pleasant laxative. All Druggists.

Headache! Glasses relieve many. Consult Williams, practical optician, 104 Hancock street. Scientific test free.

Taylor's Anti-Headache Powders are just as harmless as water. Yet, look how powerful water is in putting out fire. Our powders cure Headache and Neuralgia in the same manner exactly. It is safe to say that these powders will cure all cases, because they never failed yet. Why not try Taylor's and be sure about it? Get them of Leonard J. Pastor, Ph. G., 27 School street.

## FOUNDER'S DAY.

The Memory of Dr. Woodard Kept Green at the Institute.

Founder's Day was observed in an appropriate manner at the Woodward Institute Thursday, it being the 105th anniversary of the birth of Dr. Ebenezer Woodward, to whose generosity the Institute owes its existence.

No general invitation was extended to public to attend the exercises as it would have been impossible to have accommodated all who would have desired to do so, and as it was, the attendance, which for the most part, was composed of parents and immediate friends of the pupils, was fully as large as could be accommodated.

The exercises were held in the upper hall, the pupils having given up their desks to the guests, while they occupied the side rooms.

The decorations of this room were simple yet appropriate. On the south wall the large portrait of Dr. Woodward was enwined with ivy, while beneath this on the piano were large potted plants.

The wall back of the instructors desk was also very prettily decorated with evergreen.

The programme was an unusually interesting one and those present were loud in their praises of Miss Small and her pupils but withal the want of room was severely felt.

"Woodward Hymn" and "The Bird Carol," by the school.

Thoughts from Emerson, Georgiana Shea. Double Trio, "Sweet and Low," Misses Curley, Rinn, Wilson, Thomas, Wright and O'Neil.

Selections from the "Prologue to the Canterbury Tales," Chaucer, Mabel G. McKenne.

Swedish gymnastics, eight girls.

Violin solo, Clara L. Baxter.

"In Little Britain," Irving, May Sullivan.

Song, "Sur le pont d'Avignon," eight girls.

Recitation, "Sir Patrick Spens," Mabel Drew.

Vocal duet, "Ich wollt' meine Lieb," Misses Flood and Bates.

A bit of nature from Hawthorne, Mary J. Dunn.

Violin solo, Edith Olney.

Scene from Dornroschen, "The Sleeping Beauty," Dornroschen, Ethel Babcock; Konigssohn, Edna Miller; Die Alte Frau, Mabel Pierce.

Quartette, "A Spring Song," Misses Flood, Bates, Drew and Walsh.

Ovid, "Metamorphoses, X," translated and read by Ruth Randall.

Ovid, "Metamorphoses X," recited by Clara L. Baxter.

Delsarte exercises, eight girls.

"Dear Woodward," school.

The several members on the programme were given unannounced which was a pleasing innovation.

It would be hard to single out any particular selection and say that it was better than another, but there are certain numbers which should be mentioned; among which was the song "Sur le pont d'Avignon," by eight girls in costume, the recitation "Sir Patrick Spens" by Miss Drew, and "A bit of nature from Hawthorne" by Miss Dunn and the Ovid "Metamorphoses," X which was recited by Miss Baxter in costume.

The closing number on the programme "Dear Woodward" by the school was also very pleasing as it gave the vocal school cry of the Institute.

At the conclusion of the programme there were brief addresses by Rev. Ellery C. Butler, chairman of the board of managers, who spoke of the school, its aims and methods, and complimentary of the principal and her assistants; Rev. A. F. Roche, who paid a glowing tribute to Dr. Woodward, and of the many advantages of the Institute, and City Treasurer H. Walter Gray, who represented Mayor Adams, who was unable to be present.

**NO LONGER A COMMISSIONER.**

But Mr. Cavanagh is Superintendent instead of Acting Superintendent.

John T. Cavanagh, acting superintendent of the Water Department, has resigned as a member of the board of Water Commissioners, and has been elected superintendent.

Mr. Cavanagh was a member of the first board of Water Commissioners, being appointed by Mayor Fairbanks in 1892, having as his associates on the board, Herbert T. Whitman and James H. Stetson. He was the practical member of the original board, and his knowledge of construction was of great value when the city assumed the plant of the Quincy Water company.

The work of this board has been successful in carrying out the many duties of the department, and in no department has there been so many improvements made. When the city took the plant in 1892, there were about 33 miles of street mains, and since that time it has nearly doubled its pipe, as there is now 60 miles of mains.

The number of services has also grown, from 1450 in 1892 to 2650, and the income from \$28,000 to \$48,000 annually. In 1894 Mr. Cavanagh was reappointed for three years by Mayor Hodges, and at the annual meeting of the board in 1895 he was elected chairman. He succeeded Frank E. Hall that year as superintendent, resigning as chairman. So satisfactory have been his services in that capacity that the board has prevailed upon him to accept the office of superintendent for the year.

Mr. Cavanagh was the only remaining member of the original board of commissioners appointed in 1892 by Mayor Fairbanks.

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston Atlantic, South and West Quincy. Watch this line grow:

Wanted, in Quincy, a large hall.

The Christian Endeavor column appears today.

A large gang of shovellers were at work on the Germantown road, Thursday, breaking out.

The annual meeting of the Evangelical Congregational society will be held on Monday evening.

The LEDGER has begun the publication of the births of 1895. It would be pleased to print them the same week they are born, but does not always get the news.

Ex-Commissioner W. N. Eaton goes to New York today to identify the body of Hamilton Martin, who was employed by Eaton Bros. last summer and also to assist the authorities in locating his relatives.

The fourth quarterly conference for the current conference year will be held on Tuesday evening next in the vestry of the Wollaston Methodist Episcopal church. Rev. J. H. Mansfield, D. D., will preside.

The homestead of the late Charles C. Brackett to be sold next Thursday offers an exceptional opportunity to obtain a valuable estate. It is a very desirable location, upon our main street, and worth investigating.

John Adams Council, Royal Arcanum, has appointed a committee to prepare a series of entertainments for the benefit of the Council. The proceeds will be devoted to worthy objects. From what is known of the plans of the committee there can be no doubt that these entertainments will be among the best ever presented in this city. The Enterprise says: Mrs. Isaac Phillips of Quincy is the guest of her granddaughter, Mrs. C. F. Ransom of No. 1019 Warren avenue, Campello. Mrs. Phillips is an active old lady of 80 years and in full possession of all her faculties. She can remember perfectly when there were no steam cars, and has more than once walked from Quincy to Boston.

The regular monthly sociable of the Wollaston Congregational society was held on Thursday evening. An excellent supper was provided. Mrs. Albert H. Brock read a selection; Mrs. Amos T. Leavitt played a piano solo; and a quartet composed of Mr. William E. Howard, Mr. Robert B. Witham, Mr. Chas. A. Tanner and Mr. William P. Clark sang three selections.

The attendance at the "Orange supper" given by the Ladies' Benevolent society in Memorial church, Atlantic, on Wednesday, was greatly affected by the blizzard. There were quite a number there to supper, but owing to the fierce storm and the few members who stayed in the evening it was decided to give the entertainment at some future date.

[Continued on third page.]

## My

Nerves are weak, many people say, and yet they do not seem to know that they are literally starving their nerves. Weak, pale, thin blood cannot give proper sustenance—that is why you are nervous, tired, exhausted. The cure for this condition is to purify, vitalize and enrich your blood. Take Hood's Sarsaparilla fairly and faithfully, and the rich, red blood, which it makes, will soon feed the nerves the elements of true strength they require; they will cease their agitation and will resume their proper place—being under the control instead of controlling the brain and body. Read Miss Bartley's letter:

"I want to express my gratitude for what Hood's Sarsaparilla has done for me. My health has been very poor for three years, due to trouble with my

## Kidneys

I was nervous, had pains in my back. I cannot tell what I suffered. My eyesight became affected and I was so despondent I did not have any interest in life. I had two physicians, but my complaints became worse. I was told that I was affected with Bright's disease. A relative urged me to try Hood's Sarsaparilla. I did so and in a short time I began to notice a change in my condition. Things began to appear brighter, my eyes improved and

## My Back

did not trouble me so severely. My appetite returned and I gained strength every day. I am now able to do my own work, and feel perfectly well. I cannot find words to express my gratitude for what Hood's Sarsaparilla has done for me and I gladly recommend it." Miss ELLA BARTLEY, 213 1/2 S. Grant Ave., Columbus, Ohio.

## Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists. \$1. Prepared only by C. I. Hood & Co., Lowell, Mass.

## Economy In Housekeeping.

"It costs money to run a house," so the people say, and they are the ones who ought to know. Sustenance first, clothing next, then Furniture—pleasant next and charity usually last.

Few but admit that after all, there's no place like home, and that's all the more reason for making it doubly attractive, cheerful and comfortable. People are beginning to realize that there's a great difference in furniture, its wearing, durability and comfort-bringing qualities.

A visit to this store is fruitful and interesting—Furniture and Carpets, the kind you want, the kind we sell, and best of all, our wonderfully popular money-saving prices, bring good cheer to all who choose this store to trade in. Free delivery everywhere.

## JANUARY 1895 BIRTHS.

Nearly Two a Day Arrived During First Month of Last Year.

The LEDGER begins today to publish the births in the city during 1895. One month's budget will appear each day, and they will continue daily. In January there were 58, every day but two being represented, while on three different days there were four. There were no twins. Anyone noticing omissions or errors will please notify City Clerk Keith. The January list:

DATE	NAME	PARENTS' NAMES
Jan. 1.	Charles Nelson	Charles and Helen
2.	William Hunter Craig	Thomas H. and Annie
3.	Alice Lakin	William F. and Lizzie A.
4.	Bryant Donaher	William F. and Mary E.
5.	John Troup Mitchell	Robert and Margaret
6.	Allen Pratt Miller	Sylvester A. and Mary E.
7.	Alta Beatrice Grant	John F. and Lizzie
8.	William Fraser Urquhart Murray	John F. and Jane
9.	Bertha Maria Hunger	Joseph and Theresa
10.	James Henry Bonger	Gideon and Lizzie C.
11.	Annie Maria McNally	Thomas and Lizzie
12.	Ernest Enoch Lindberg	Olaf P. and Anna
13.	John Allen McLeod	Daniel and Mary
14.	Colley	John A. and Annie
15.	Murphy	Thomas and Vezzie
16.	Grace Louise Humphrey	George W. and Louise
17.	Edwin Williams Best	Edwin I. and Julia A.
18.	John W. Jellow	John H. and Rose
19.	King	Joseph and Sophie
20.	Evelyn Cronin	John and Hannah
21.	Paradise	Thomas and Sophie
22.	John Aradus Magee	Dennis and Elizabeth
23.	Maria Monti	Leo and Josephine
24.	Grimaldi	John A. and Maria S.
25.	Nellie Prothero	Walter and Nellie
26.	Helen Buckley	Edward and Hannah
27.	Archie Martelle	Jules and George
28.	Lilla Marguerite D. von	Albion I. and Jennie H.
29.	James Edward Fay	Thomas and Hannah
30.	Broughton	James H. and Louisa A.
31.	William Corbin	William R. and Nora
32.	Lawrence Gilroy Burke	John W. and Margaret
33.	Russell	John and Jennie

## NOT TO WITHDRAW.

Jordan and Merrill Still in the Field in Tenth District.

Col. J. P. Jordan and Hon. John F. Merrill have both been interviewed concerning the request of Mr. Peabody that they withdraw their names as candidates for delegates in the Tenth district, to the National Republican convention.

To Col. Jordan the whole now is this: "That there are quite a number of men, reputable, honorable, upright citizens, business men, who had voted for Atwood, not only as a candidate, but who had supported him in various ways. If it is the idea to ostracize the men who have previously voted for Atwood, to declare that they shall not hold any office, that they are not competent to be on any delegation, no matter how plainly they stated their position, that point should be known and understood by the voters. It is for those men to determine whether they propose to be ostracized politically on account of a prolific newspaper writer or not. I do not understand that they propose to retire to the shades of private life at the beck and call of any little knot of 16 men who assembled and passed the resolutions which appeared in the papers.

Ex-Senator Merrill says he is in to stay. "I went into the campaign in good faith. At that time there was practically no one in the field. I told my friends that I was a candidate, and they expressed themselves as glad to support me. I have had no reason to think they have since then changed their minds, nor do I see any reason why I should withdraw from the field. So far as my choice at the convention is concerned, I would say this: I am a native of Maine. I am very loyal to the State, and to the great man who represents the State of Maine before the country. I am for Reed just as long as his name is before the convention, and I have no second choice."

Voters of Ward 24, Boston, held a meeting Thursday at the American House and urged Messrs Jordan and Merrill to remain in the field and promised support.

## N. E. O. P. Social.

It was a very pretty party that gathered at Faxon hall Thursday evening, and the fifty or more couples present thoroughly enjoyed the four hours' dancing. It was the second of a series of assemblies held under the auspices of the local lodge of the New England Order of Protection.

The affair was presided over by the entertainment committee of the lodge, composed of Mrs. T. W. Cashman, Mrs. G. O. Whitman, Miss Nellie Renfield, Miss B. Porterfield, Thompson Crane, Leonard Hewson and Frank Suther, and to their efforts is due in a large measure the success of the affair. Bates' orchestra furnished music and ice cream and cake were served by Wales during intermission.

The growth of the New England Order of Protection in this city has been remarkable for in the short time it has been organized it has enrolled one hundred members. The objects of the order are similar to the Pilgrim Fathers and Knights and Ladies of Honor, furnishing insurance to its members and receiving ladies on an equal footing with men. It however differs somewhat from the other orders mentioned from the fact that it will receive, what is known as, social members, who have all the privileges of the order except the insurance. The charter list of the local lodge is not closed as yet but will be kept open until April 17.

## A Quincy Man.

The man who died on the White Star line wharf in New York on Wednesday, as he was about to take the steamer for Liverpool, and who is supposed to have been H. Martin of Boston, was undoubtedly Hamilton Martin who last summer drove an ice wagon for Eaton Bros. on the Quincy Point route.

Mr. Eaton when seen by a LEDGER reporter said that Tuesday Martin drew \$50 of the money due him and said he was going away, but would return about the first of May. Mr. Eaton says he still owes Martin \$10 and that he must have quite a bank account somewhere as he earned good wages and was a man who spent but little. Martin has an uncle somewhere in New Jersey and Mr. Eaton thinks if Martin's trunk was opened the address of this uncle could be found.

## A Bad Fall.

Joseph N. Page, Jr., met with quite an accident at Faxon hall, Thursday night. Some time ago he underwent an operation at the City Hospital for trouble with his knee. During the past few weeks this knee has been troubling him and Thursday night while leaning against the wall in the basement his leg suddenly gave out. He fell striking his hip on the floor inflicting a painful injury, but how serious is not yet known. Dr. Garey, who was present, made a hasty examination and then sent the young man home. The physician said the injury might be a serious one and it might not, it being impossible to determine at present.

## Biliousness

Is caused by torpid liver, which prevents digestion and permits food to ferment and putrify in the stomach. Then follow dizziness, headache, insomnia, nervousness, and if not relieved, bilious fever or blood poisoning. Hood's Pills stimulate the stomach, rouse the liver, cure headache, dizziness, constipation, etc. 25 cents. Sold by all druggists. The only Pills to take with Hood's Sarsaparilla.

## Hood's Pills

## LOCAL LAONICS.

[Continued from second page.]

Mr. Charles Hall of Walker street, is confined to his home with sickness.

Mr. and Mrs. George S. Burr are rejoicing over a little son, born Wednesday.

The blows struck on the fire alarm bells at 7.30 this morning were caused by a break in the circuit near box 49.

The Board of Health report a clean bill of health as far as diphtheria is concerned, but there a few cases of scarlet fever.

The Aluminum Company is very busy at its works on Granite street, and has recently increased its electrical power.

The instalment of Hancock street history appeared in yesterday's LEDGER and will be continued on Mondays and Thursdays.

The second of the series of games between the Quincy Club and Algonquin club of Brockton will be played at the rooms of the Quincy Club tonight.

## MINISTER POUNDED.

A Wollaston Pastor and Wife Entirely Disarmed.

The members of the Methodist Episcopal church and congregation at Wollaston planned a very pleasant surprise for their pastor, Rev. C. W. Wilder and his family, on Wednesday evening. It occurred at the house of Mr. and Mrs. R. L. Hastings, Central avenue. In order to disarm suspicion on their part Mr. Wilder and his family were invited to take tea with Mr. and Mrs. Hastings on the twelfth anniversary of their marriage. They were then informed that a few other friends had been invited to call in later in the evening.

Soon after eight o'clock, while the company were engaged in conversation in the parlor, the doors of the dining room were thrown open and Mr. W. C. Sanders presented Mr. and Mrs. Wilder, on behalf of their parishioners, an eight day cathedral clock, a beautiful parlor lamp and shade, and a barrel nearly filled with packages of groceries and other useful articles with which Mr. Wilder was assured his parishioners intended to pound him.

The pastor found difficulty in his sudden surprise, in responding fittingly to these expressions of kindness and appreciation on the part of his friends.

The violent storm was a great disappointment to a large number who had intended to be present.

## Young Men's Christian Association.

Men's meeting Sunday at 3.30 p. m. Mr. Charles Tucker sub-master of the High school will talk to the boys on Saturday morning at 9.45 o'clock. The talk will be illustrated with chemicals. Subject:—A photograph of a boy's heart. All boys will be welcome.

The students bible class will meet on Sunday afternoon directly after the men's meeting.

The association bible class which meets on Monday evenings has recently started on the prophetic books of the bible. All young men are invited to join this class.

The Women's auxiliary to the Y. M. C. A. will meet on Monday afternoon, at 3 o'clock, in the association parlor.

On Saturday evening, March 21, there will be a meeting of the city No License committee.

## Hayes in Quincy.

The late Francis B. Hayes, whose will is being contested at East Cambridge was for a short time a student in Quincy. Mrs. Hayes testified to the drunkenness of her wealthy husband; his gambling recklessness, unfaithfulness and indebtedness. Wednesday, W. R. Tyler testified that he had been a teacher in Adams Academy since 1874. Francis B. Hayes was a pupil there for six months in 1877, and witness thought he was either very indolent or very stupid. He was a very talkative boy.

## The Fair Programme.

The following programme was much enjoyed at the Washington street Congregational church on Thursday evening:

Piano duet, Misses Hayes and Briggs  
Reading, Miss Walker  
Piano solo, Miss Cook  
Reading, Miss Walker

## Republican Delegates.

Braintree Republicans elected these delegates at their caucus Thursday evening:

State,—Hon. Asa French, H. A. Monk, T. H. Dearing, J. F. Bates, H. N. Storms.  
Congressional,—B. H. Woodsum, A. J. Bates, W. W. Mayhew, Robert Brooks, William Stevens.

Pure Blood is the safeguard of health. Keep your blood pure, rich and full of vitality by taking Hood's Sarsaparilla, and you will not need to fear the attacks of disease.

Hood's Pills cure liver ills, constipation, jaundice, sick headache, biliousness. 25c.

Johnson's juvenile picture "The Elopement," in Trath tomorrow. All news-stands and trains.

## MARRIED.

MAY—MAY—In Milton, March 11, Mr. J. Russell May and Mrs. Alice Wentworth May.

## DIED.

SHEA—March 11, Mrs. Katherine Shea, widow of Dennis Shea, at her residence, funeral Sunday at 12 m. from the residence of her daughter, Mrs. John Wigmore, at 924 Worcester avenue, Boston. Relatives and friends invited.

**Two Railroad Men Killed.**

NEW MILFORD, Conn., March 13.—A rear-end collision between a freight train and a snowplow occurred yesterday on the New York, New Haven and Hartford railroad near Kent Furnace. Two men were killed and seven or eight others injured.

## Big Fire at Boston.

BOSTON, March 13.—The Pope Manufacturing company's magnificent building on Columbus avenue was completely gutted by fire yesterday afternoon, which resulted in a loss of between \$350,000 and \$400,000. The fire started in the boiler room, and spread so rapidly that four women and two men who were taking riding lessons on the fifth floor had barely time to escape. R. W. Hinckley and W. P. Preston were hemmed in by smoke and fire on the second floor, and made their escape by ladders. The building was 35 or 40 people, but they all got out without injury. The contents, which were completely ruined, consisted of 1700 new bicycles, 175 second hand ones and about 20,000 pieces of bicycle fittings, besides several thousand tires. The Youth's Companion building, which is separated from the burned building by a 15-foot alley and the Hoffman House, were thoroughly drenched. The loss to both buildings by water will aggregate \$10,000.

## President Claims No Fraud.

PROVIDENCE, March 13.—Inspectors of internal revenue yesterday seized the entire plant of the Vermont Manufacturing company, manufacturers of butterine. The plant is valued at \$90,000, without stock and fixtures. President Tillamghast stated that he had been notified that the books were to be seized for alleged failure to cancel as many stamps as the business called for, but that he would give \$1000 for proof of any fraud.

## Kickers in Congregation.

MADISON, Conn., March 13.—Charges of heresy have been preferred against Rev. W. T. Brown, pastor of the First Congregational church here, by Rev. S. L. Blake of New London, and a hearing is to be held. The causes of the charges are at present vague. It is stated that Rev. Mr. Brown has been preaching "up-to-date" sermons, and his ideas are not endorsed by his congregation.

## Queer Politics.

CAMBRIDGE, Mass., March 13.—Ex Representative A. R. Lynch was yesterday convicted on two counts of fraudulently making nomination papers. In this case the government sought to prove that several names on nomination papers were placed there by Lynch. The trial, as a political case, attracted much attention in this section. Sentence will be imposed later.

**Mills to Start Up.**

LAWRENCE, Mass., March 13.—The Washington Mills company yesterday posted a notice to the effect that on Monday morning next its mills—which have been idle since the recent freshet, which seriously damaged their machinery—will resume work in full, giving employment to 4500 operatives.

**New England Briefs.**

April 2 has been named as Fast Day, and May 2 as Arbor day in New Hampshire.

Aurel E. Hall, aged 3 years, was so badly scalded at Gloucester, Mass., that he died soon after.

Mrs. George Hills, proprietress of the noted Ocean View House at Salisbury Beach, Mass., is dead, aged 72 years.

The Maine Library association elected Professor E. W. Hall of Colby president, and Professor G. T. Little, Bowdoin, treasurer.

At New Haven Francesco Malfeucio was bound over to the superior court in \$1500 for murderous assault upon Dominic Deblasio.

The sudden death of Mrs. John O'Brien of Nashua, N. H., was investigated by the coroner, who decided that it was from natural causes.

Andrew J. Post died at Jersey City. Mr. Post was formerly of the firm of Post & McCord, bridge builders. He was born in Montpelier, Vt., Nov. 1, 1834.

The shore boat Mary E. Hogan of Portland, Me., arrived at Gloucester, Mass., badly damaged, heavy seas having cleared her decks of everything movable.

Louis H. Schneider of Brooklyn, who was arrested at Hartford Wednesday, in a civil suit, claims his arrest was an attempt to make him settle an unjust claim.

The 80th birthday of Chief Justice William Ellison Parmenter of the Boston municipal court was informally observed by his professional associates and friends.

Over 100 Republicans met at Bangor, Me., and planned the formation of the Republican club of that place. A committee were chosen to prepare by-laws and a constitution.

Steamer Monohansett, previously reported to have sunk at Wood's Holl, Mass., was pumped out and placed alongside the wharf, where steam pumps are keeping her free.

In the Hartford police court, James Laughlin, charged with being a fugitive from justice from Brooklyn, was discharged, the grand jury at Brooklyn having dismissed the complaint charging Laughlin with seducing Annie Callahan.

**Settled Districts First.**

LONDON, March 13.—The Daily News states that negotiations on the Gullana boundary dispute continue, but the question upon which both Lord Salisbury and Mr. Olney have made mutually acceptable proposals refers to the treatment of the settled districts. If any agreement is reached on this point, the boundary will be referred to a joint commission of Englishmen and Americans.

**Fair Warning.**

WASHINGTON, March 13.—The Canadian government has notified the government of the United States that licenses will be issued to American vessels as usual this coming season, with the additional proviso that any licensed vessel carrying any unlicensed vessel with on board, which can only be had by a licensed vessel shall forfeit her license.

**Back Again.**

WASHINGTON, March 13.—The president and his guests,

Highest of all in Evening Power.—Latest U.S. Gov't Report

# Royal Baking Powder

ABSOLUTELY PURE

**Properly Handled.**  
MANCHESTER, N. H., March 13.—At the session of the probate court yesterday an account was rendered by Dr. J. W. Fellows, acting as counsel for Dr. J. C. Moore, guardian in the Nina Brookhouse case, said account being a detailed and itemized history of Moore's dealings with the property of his ward. While the account itself is not made public in full, as submitted, it was nearly balanced, and should the percentage claimed as due Moore be allowed there would be a balance in his favor.

**Slabbed in a Drinking Bout.**  
NORTHFIELD, Vt., March 13.—Thomas Cochran, age 23, stabbed John Kelley three times in the breast, at Berlin. They were drinking, and, it is said, Cochran stabbed Kelley in self-defense. Deputy Sheriff Chase arrested him, and he was taken to Montpelier jail. Kelley's recovery is doubtful.

## Quincy & Boston ELECTRIC STREET RAILWAY.

[Subject to change without notice.]  
On and after Wednesday, Nov. 16, 1895, cars will make trips on week days as follows:

**Quincy and Brockton.**  
Leave CITY HALL on the hour and half hour for Braintree, Holbrook, Brockton and Campello, without change.

Leave BROCKTON for Holbrook, Braintree and Quincy, without change, on the hour and half hour.

Leave BRAINTREE for Quincy 15 minutes before and 15 minutes past the hour.  
**Quincy and Neponset.**  
Leave CITY HALL (via Norfolk Downs when marked with \*)—6:00, 6:40, 7:05, 7:30, 8:00, 8:31, 9:00, 9:30, 10:00, 10:31, 11:00, 11:30 A. M.; 12:00, 12:30, 1:00, 1:30, 2:00, 2:30, 3:00, 3:30, 4:00, 4:30, 5:00, 5:30, 5:55, 6:30, 7:00, 7:30, 8:00, 8:30, 9:00, 9:40, 10:00, 10:40 P. M.

Leave NEPONSET (via Norfolk Downs when marked with \*)—6:00, 6:40, 7:05, 7:30, 8:00, 8:30, 9:00, 9:30, 10:00, 10:31, 11:00, 11:30 A. M.; 12:00, 1:00, 1:30, 2:00, 2:30, 3:00, 3:30, 4:00, 4:30, 5:00, 5:30, 5:55, 6:30, 7:00, 7:30, 8:00, 8:30, 9:00, 9:30, 10:00, 10:31, 11:00 P. M.

**Quincy and East Weymouth.**  
Leave CITY HALL (10 minutes later from Quincy Point and 22 minutes later from North Weymouth)—6:00, 6:15 to North Weymouth depot 6:30, 7:00, 7:30, 8:00, 8:30, 9:00, 9:30, 10:00, 10:30, 11:00, 11:30 A. M.; 12:00, 12:30, 1:00, 1:30, 2:00, 2:30, 3:00, 3:40, 4:00, 4:30, 4:55, 5:30, 6:00, 6:30, 7:00, 7:30, 8:00, 8:30, 9:00, 9:40, 10:40 P. M.; Wed. and Sat. 11:30 to Thomas Corner only.

Leave EAST WEYMOUTH (20 minutes later from North Weymouth and 30 minutes later from Quincy Point) 6:25 and 6:40 from North Weymouth depot 6:45, 7:15, 7:45, 8:15, 8:45, 9:15, 9:45, 10:15, 10:45, 11:15, 11:45 A. M.; 12:15, 12:45, 1:15, 1:45, 2:15, 2:45, 3:15, 3:45, 4:15, 4:45, 5:15, 5:45, 6:15, 6:45, 7:15, 7:45, 8:15, 8:45, 9:15, 9:45, 10:15, 10:45, 11:15, 11:45 A. M.; Sat. 12:00 from Thomas Corner.

**Quincy and East Milton.**  
Leave CITY HALL—6:00, 6:40, 7:05, 7:30, 8:00, 8:31, 9:00, 9:30, 10:00, 10:31, 11:00, 11:30 A. M.; 12:00, 12:30, 1:00, 1:30, 2:00, 2:30, 3:00, 3:40, 4:00, 4:30, 4:55, 5:30, 6:00, 6:30, 7:00, 7:30, 8:00, 8:30, 9:00, 9:40, 10:40 P. M.

**SUNDAYS AND HOLIDAYS.**  
On Sundays on the Weymouth route cars will leave East Weymouth at quarter past and quarter of the hour.

Special trips can be arranged on application to the Superintendent.  
At Quincy Centre close connection is made with Electric Cars on all the routes.  
At Neponset close connection is made with West End Street Cars to and from Boston.

Cars are due at Beale street, Wollaston, ten minutes after leaving Neponset and seven minutes after leaving Quincy.  
BENJ. J. WEEKS, Superintendent.

## New York, New Haven and Hartford R. R. OLD COLONY SYSTEM.

On and after Oct. 13, 1895, trains will run as follows: (See note of explanation at bottom.)

# QUINCY DAILY LEDGER

VOL. 8. NO. 63.

QUINCY, MASS., SATURDAY, MARCH 14, 1896.

PRICE 2 CENTS.

## GROCERIES GIVEN AWAY.

**POINTS.** Among the goods quoted in this list we wish to call attention to the Marrowfat Peas; we have 1200 dozen of this brand, and it is of excellent quality. The Violet brand of Marrowfat Peas are the best you ever had in your life; just order one can; 5c. per can, \$1.00 per dozen.

Our Maryland Chief brand of early June Peas cannot be excelled; 11c. per can, \$1.25 per doz.; but we tell you frankly the Violet will suit you better.

Gallon cans of Bartlett Peas, 20c. per can, \$2.25 per dozen, good quality; you probably will never be able to buy them again for that price.

Weymouth Brand Tomatoes; northern goods, solid packed, red-ripe, extra large can, first-class in every particular; 8c. per can, 95c. per dozen.

The goods advertised at 3c. per pound are all of standard quality, and sold elsewhere from 3 to 10c. per pound.

The QUALITY of our "OLD GOLD" Flour is equal to any sold. The quality of flour, my friends, does not depend on its extensive advertising.

Don't fail to try our Tea and Coffee; they are in line with the rest, and can't fail to suit you.

**CEREALS.**

ALLSPICE, whole, per lb.	15c.

Always in stock, Olive Oil, White Winter Oil, Catsup, German Mustard, Sauces, and Olives by the gallon, keg or barrel.

**A FEW REMARKS.**

Since opening this store in June, 1887, we have always catered to the hotel, restaurant and boarding house trade in Boston and vicinity, and have not striven to increase our family trade until recently. The former buy their groceries, with few exceptions, of the wholesale grocers or of the large retailers (some 5 or 6) in the wholesale department. The reason is plain—they can buy cheaper. "Catalogue" prices are for the family trade. While our hotel and restaurant trade has increased from year to year, until we have one of the largest in the city, the family trade has not grown in proportion. Why? Because we have quoted the same prices to the family trade as our neighbors, and there was no particular reason why they should buy of us. We have decided for the present to sell to the family trade the same as we do to the other. Our place of business, 78 Beach street, is one of the nearest stores to the Albany, Old Colony and New England depots; thousands of people who come in and go out on these roads pass our door every day; and this price list was prepared especially to secure their trade. Realizing that a great many of them could not keep their purchases with them, we make a price as low as possible over net cost of goods; therefore we are unable to pay freight or express charges on goods going out of town. Another point: We want those people who take their purchases with them to be paid for their trouble; we cannot afford to sell goods quite as cheap if we have to deliver the goods out of town.

Our prices are in many instances from 10 to 20 per cent. cheaper than any "catalogue" list; our goods are of standard quality; every salesman in this store is instructed to never misrepresent goods; we want your orders, not only once, but for all time, and we propose to use you so well that you cannot afford to go elsewhere.

**GEORGE D. EMERSON & CO.,**  
Wholesale and Retail Grocers,

March 14.

**Have You Money to Waste?  
Are You Willing to Save It?**

The honest pharmacist may, without flattery, be called a benefactor of humanity. He spends a number of years in the thorough mastery of his profession and is a man of broad views, liberal education, and wide experience. The honest pharmacist, although in a sense he is a merchant, does not sink his profession below the level of a trade.

It is impracticable for everyone to have an intimate knowledge of drugs and chemistry, just as it is impossible for every person to be an expert electrician or astronomer—it is all a matter of education and experience.

The honest pharmacist is not "stuck up," he does not "own the earth," and he is wise enough to know it.

You will find **Leonard J. Pastor, Ph. C., at THE PHENIX PHARMACY**, 27 School street, Quincy. He is always courteous and obliging. You will have no cause to regret the time and trouble; it is more than likely that you will be pleased at making the acquaintance of the model pharmacist, Leonard J. Pastor, Ph. C.

It is needless to enumerate every article that is sold at **The Phenix Pharmacy**; it is enough to state that the stock of Drugs, Chemicals, Patent Medicines, and Herbs is the most complete in this vicinity, while the selling price may be judged from the few prices submitted herewith:

Ayer's Sarsaparilla.....	75c.	Cream Emulsion of Cod Liver Oil pre-	
Ayer's Pills.....	20c.	scribed and used by members of the	
Ayer's Cherry Pectoral.....	80c.	medical profession. Contains fully	
Beecham's Pills.....	20c.	50 per cent. of <b>Lofoten</b> Cod Liver

## HARVARD'S DEBATORS

Carried Off the Palm in the Oratorical  
Contest With Princeton.

Able Arguments Presented by  
Both Sides.

Complete Retirement of Legal Tenders the  
Subject Under Discussion.

CAMBRIDGE, Mass., March 14.—Princeton may be able to play football, but beat Harvard at debating she cannot. Harvard's champions in the debate last night had a walkover against their Princeton rivals. The three Harvard men stood up for the retention of legal tender, while Princeton's speakers wanted to have them all retired.

Princeton was unexpectedly weak where she should have been strong, doubtless because the speakers relied too strongly on its having the best side of the question. The Harvard speakers were uniformly the more logical and calm.

The judges had hardly retired when their chairman, Professor Hadley, returned and announced a unanimous verdict for Harvard. The announcement met with a perfect storm of cheers. It was the more acceptable since before the debate Harvard was not expected to win.

The best speeches were the opening speeches of Dohyns and McElroy, and the rebuttal of Warren and Dohyns. But as a matter of fact it was hard to choose between any of the three Harvard men. They showed an unexpected strength.

The question for debate was: "Resolved, That congress should take immediate steps toward the complete retirement of all legal tender notes." Princeton had the affirmative.

**Arguments of Both Sides.**

Ex-Governor W. E. Russell presided, and, after a bright and pungent opening speech, he introduced the first speaker, Herbert Ure, '96, of Princeton, who opened the debate for the affirmative.

He opened with a brief summary of the history of the legal tender notes, followed by an explanation of the present financial situation. He then proceeded to prove the government's inability to properly assume banking functions. An examination of these functions shows: First, that issue is such a function and is dependent on discount and deposit; second, to insure an adequate reserve fund, easily convertible and definitely calculable, assets are necessary; third, for banking functions to be successful, the credit issues must possess elasticity, as in the national bank system.

"From these three considerations," he continued, "the affirmative holds that legal tender notes are unfit for use as a means of credit issue, for in the first place the treasury has no deposit system; secondly, its assets are not convertible or definitely calculable, and hence do not constitute an adequate reserve fund; thirdly, its credit issue is inelastic, since the amount cannot be speedily adjusted to the country's needs, and congress is unfit to carry on such a business. Furthermore, historical evidence shows that the keeping of these notes in circulation is a violation of the government's original intention concerning them."

**"For Sound Money."**

W. S. Youngman of the Harvard law school made the opening speech in the negative. He said in substance: "We stand for sound money, but favor securing the most economical currency possible and yet retain perfect assurance of safety. Since the resumption of specie payments the United States notes have always been unquestionably at par with gold."

"From Jan. 1, 1879, to July, 1890, our \$340,000,000 legal tenders gave the treasury no more trouble than they would have done had they been all gold certificates, and during that time only \$28,000,000 of them were redeemed. During the same period, \$150,000,000 in gold was presented at the treasury to cover the withdrawal of legal tenders. We admit there are defects in our present financial system, and are emphatically for reform.

"We maintain, however, that such an indiscriminate remedy as the retirement of all the legal tenders would only plunge our country's finances into new and greater embarrassments. None of the present evils is inherent in the legal tenders themselves. The history of the recent troubles contains not a single fact which can weaken the fundamental economic principle that the government should supply the country's minimum of paper money."

The speaker then went into a minute analysis of the causes of recent financial troubles, and argued that the chief reason for them was that the silver purchasing act of 1890 would depreciate the silver standard. This resulted in a general unloading of American securities by foreign investors and the withdrawal of gold from the country.

**Money an Educator.**

Robert M. McElroy of Louisville, Princeton's second speaker, continued by proving that the existence of legal tender notes seriously injured our national credit by undermining confidence as to our ability to settle our obligations in gold. They necessitate a gold reserve and act as a means for its depletion, which operates to destroy confidence, leading to the withdrawal of capital by foreigners.

He continued by showing that the existence of legal tender notes creates and spreads serious financial heresies. Money is an educator, he said, "and legal tender has served to teach the people that a government cannot stamp and create a dollar or a hundred dollars, nor can it pay its debts, by merely issuing its promises." He pointed out the fallacies of the inflation bill of 1874, and the principles of the campaign of 1893.

**PRICES.** Lowest, Stock largest, Goods best quality at  
**GUY'S COLISEUM.**

tion bill of 1874, and the principles of the campaign of 1893.

**But Simple Change Necessary.**

Joseph P. Warren, in replying for Harvard, said in substance: "My colleague pointed out that we of the negative stand for the maintenance of a limited volume of government notes always convertible into gold, and he showed that we have the sanction of the highest authorities, and can point to the daily experience of three of the soundest financial systems in the world. He then showed that the gentlemen of the affirmative propose an indiscriminate treatment for our financial ills that do not square with the system."

"The facts that he quotes point unmistakably to the simple change that is necessary to render the retention of a limited quantity of convertible government notes not only safe but possibly advantageous. This plan is to establish an adequate gold reserve; to separate the revenue department from the issue department, and to withhold the redeemed legal tender from reissue except in exchange for gold. This reform will restore the convertible legal tender permanently to the conditions that they enjoyed by accident between 1879 and 1890. As soon as we grasp clearly the idea that convertible legal tenders are just like specie, we see that the negative stand is the one that is derived of their effects."

In closing, he asked his opponents to find some flaw in the workings of the proposed system, or to show some way in which the convertible legal tenders differ from specie, except that they are more convenient, and closed by saying that unless this is done it cannot be proved that all the legal tender notes should be retired.

**Public Confidence Undermined.**

Frederick William Loetscher, Princeton, '96, of Iowa, opened his remarks by pointing out that the negative has mistaken the nature of the question, as it was not the question of the amount of money the treasury has, but is fundamentally one of the kind of money. Our present credit currency has been excessively inflated without a corresponding change in the credit basis. Facts since 1890 point to a redundancy of money.

Gradual undermining of public confidence, he said, has inevitably followed the government's attempt to manage a credit paper without the indispensable functions of discount and deposit. If these notes were retired, the contraction would at most be slight and of no disastrous effect. The example of Russia, Italy, Austria, Egypt and France prove the wisdom of such a course. Moreover, our currency was virtually contracted to the extent of \$90,000,000 after the recent bond sale, and there was no monetary disturbance.

The affirmative proposes a gradual retirement of \$90,000,000 a year, to avoid sudden change. This vacuum would be adequately filled by inflating gold after the restoration of confidence, and our financial system would thus obtain stability. Moreover, the national banks would come to our aid and add elasticity to the currency.

**Advantages of Legal Tenders.**

Fletcher Dohyns, Harvard's third speaker, after briefly reviewing the points already advanced by his colleagues, proceeded to point out what he considered fatal objections to the substitutes for legal tenders, which have been proposed. The speaker argued that if the legal tenders are retired and the banks issue the entire volume of paper money as proposed, the system would be inadequate, since the volume of notes would always vary with the premium on government bonds rather than with the demands of business. But if it were satisfactory it must soon come to an end, as the bonds will mature in a short time and its retention would necessitate a permanent national debt, which in this country is impossible.

Mr. Dohyns also argued that the legal tender system possesses great positive advantages that demand its retention, and, finally, that the principal objection urged against it is without foundation. Among the advantages of the system, the speaker cited the fact that it constitutes a great saving to the people and serves to relieve the strain upon the world's gold supply, and said that to abandon the legal tenders would be nothing short of financial madness, as such a step would contract the basis of credit, alter existing contracts and prove disastrously injurious to the business interests of the country.

**Schooners in Collision.**

VINEYARD HAVEN, Mass., March 14.—Schooner Alfred Brabrook was in collision with schooner John Hanson, near Pasque island, yesterday, during a fresh westerly breeze. The Brabrook lost her sparker and mainsail, one boat and davits, broke her sparkerboom, damaged her stern, but remains tight. The Hanson lost her bowsprit and everything attached. She does not leak.

**For Twenty-Two Forgeries.**

BOSTON, March 14.—Harry M. Fowle, defaulting bookkeeper of the Shepard & Morse Lumber company, was yesterday sentenced to the state prison for not more than seven years nor less than four years. It was upon the indictment charging him with 22 forged indorsements of checks.

**Overdose of Medicine.**

PROVIDENCE, March 14.—E. L. Gannon, an attorney here, was found dead in bed last night at the house of a friend, having taken an overdose of medicine prescribed by a local physician. Mr. Gannon was for three years a member of the house of representatives.

**New England Briefs.**

A Discount of \$1 when paid in advance.

PENNSYLVANIA and western states have had the advantage of New England manufacturing concerns because of their natural resources. Gas and oil were at their door in abundance, but with gas at 35 cents New England will retain her supremacy for manufacturing. Not only for light but for heat and power, it will be a commodity which may occasion as much of a revolution as did electricity. In fact, it is said, gas must be used in place of steam to generate electricity if it is to compete with gas. The possibilities of gas were well set forth in the recent hearings before the committee of the Legislature, and the interviews with Quincy men published today are interesting. What a blessing 35 cent gas would be in the household during the heat of summer. How handy it would be for heating the office and the business houses, and what a convenient and low priced power for light manufacturing establishments, like a printing office for example.

Quincy may not want to build a municipal electric light plant after all, but a municipal gas plant, one that will light the streets of the city, and also light and heat its schoolhouses and public buildings. Those coal bins of 100 tons capacity may not be needed in the new school houses.

The vice president of the Philadelphia company, the largest natural gas company in the world, writes, the Whitney plan is perfectly feasible, and, moreover, the Philadelphia company is already making preparations with the intention of adopting similar methods in order to take the place of the natural gas, the supply of which is giving out. He showed further that the use of fuel gas has been eminently successful in Pittsburgh and its vicinity, and has resulted in a great saving to the people.

At present the Philadelphia company is supplying over 20,000 families with fuel gas, and its output in January was over 30,000,000 feet. The gas is carried in many cases through pipes over 100 miles, and it has been demonstrated beyond all question that gas can be pumped for long distances with great economy.

## THE WEEK PAST.

Nearly a generation has passed away since the death of Dr. Ebenezer Woodward. It will be 27 years on the 21st of next May, March 12, the day of his birth, will hereafter be observed as "Founder's day" at the Institute which his foresight so generously endowed. The Woodward is a success, and it was a pleasant gathering at the 105th anniversary on Thursday. From the start the great need of more room has been felt at the institute, which promises to be realized this year. Pattee says Dr. Woodward was "a worthy and respected practicing physician of the town." At first his efforts to establish himself here were not a success, possibly because he opened in Quincy on All Fools' Day. He sold out but returned in about a year, and must have been highly successful, for 43 years later he bequeathed the city \$30,000, and remembered his relatives at the same time. The peculiarities of his will, will soon be overlooked, for it is already apparent that restrictions were necessary to limit the number of pupils.

When it takes twelve LEDGERS to publish the births of a year there need be no alarm that there will not be enough Quincy born girls to supply the Woodward. And 600 births in a year is what is crowding our public schools and making new buildings a necessity. Friday's list for January, 1895, was nearly as large as for a whole year in Dr. Woodward's time, and now it is an exception for a day to go by without the arrival of a little one.

The main topic of the week has been the strange case of Postmaster Wilde of Wollaston. The LEDGER has kept its readers well informed without being unduly sensational, and citizens have commended the paper and its representatives for its attitude and good judgment. It was one of those cases where people were too eager to jump upon a man, where they should have extended charity. In Wollaston, where Mr. Wilde is best known, it was surprising to find how many gentlemen there were who were anxious to advance money if necessary, for their friend, Mr. Wilde.

As New England Republicans are for Reed of Maine for the Presidency, so Quincy Republicans are for Merrill of Quincy, a Maine man by birth, who of course is for Reed, for Maine pride and New England pride.

It should not be overlooked either that during the week past the editor has anticipated the flood of spring poetry and provided himself with a mammoth waste basket. It is of ample size to include anonymous communications and items of news.

\$1.00 Down and \$1.00 per week for \$20.00 worth of Furniture at  
GUY'S COLISEUM.

# QUINCY WANTS IT.

Cheap Gas for Light, Heat, and Power.

Mayor Adams and Other Prominent Men on Situation.

Great Advantage to Manufacturing Interests as Well as City.

The statements made by Mr. H. M. Whitney before the committee on manufactures of the legislature in support of the Utley bill have attracted a deal of attention in this city as will be seen by the following interview of the Boston Advertiser among a few of our prominent citizens. Quincy is interested in cheaper gas for lighting and other purposes. Perhaps the fact that her citizens are paying \$2 and more per thousand at the present time may explain that interest, which is of the sort aroused when the pocket-book is touched.

That Quincy people are alive to the necessity of better and cheaper light is shown by the fact that, through their representatives, they are before the present Legislature on Beacon Hill asking that they may be allowed to establish a municipal lighting plant. This it might do under the act of 1891, but this proviso that the city must buy the existing plant it is wished to avoid. This, of course, will provoke considerable opposition from those interested in the present plant.

But the appearance upon the horizon of an illuminant of the kind and at the price proposed by Mr. Whitney will certainly modify the situation materially. If the city can erect a holder and purchase gas at 25 cents or less per thousand, enrich it to a high candle power, and use it for street lighting, the results will be both an increase in efficiency and a decrease in price.

Accordingly, interest in Mr. Whitney's project is greater in Quincy by this municipal light element than in other suburban cities where the problem of public lighting has not been so seriously considered. There is, too, an unusual amount of eagerness for light on the chances of Mr. Whitney's charter being granted due to the welcome prospect of cheaper light for private use, cheaper heat in the home and cheaper power in the shops.

The story of the intense interest evident here is best told in the words of prominent citizens who willingly talked on the subject.

Mayor Adams

turned about in his chair at his city hall office and said: "Gas at 30 cents will work a revolution in heat, light and power."

"We have a large number of plants in Quincy that use power up to 25 or 30 horse-power. In these a power that costs only \$18 per year per horse-power would supercede steam in time, if not at once."

"Such a gas would be very widely used for fuel in Quincy. Gas stoves are very convenient, and are economical for cooking purposes even at present gas rates. Cheapened gas would mean increased consumption for this purpose. It would be of benefit to all classes to have fuel cheapened and made more convenient."

As for light, with high-power burners a 30 cent gas would give electricity a hard rub. The only way the electric companies could compete with it would be to use the gas to make power to run their dynamos.

"The introduction of such a gas in Quincy would have a great simplifying effect on our municipal lighting project which is before the legislature."

"If this charter is granted, I understand it will be with the proviso that the company sell gas at cost, or at all events at a very low price. At 30 cents per thousand I believe we can light our streets better and more cheaply than with electricity."

"If Mr. Whitney and Mr. Westinghouse can carry out their project, and if they live up to their word, I am not sure but it will be the greatest enterprise ever carried out in Massachusetts."

City Clerk Keith

was interested in the gas project before the committee on manufactures. He said:

"It will be a great thing for the city of Quincy to get gas at 35 cents or less where we are now paying \$2 and more. It would be largely used for light. It would supplant electricity, for it would be far cheaper and also more effective."

"It would find wide use for heat at 30 cents per thousand. Most people would burn it in some form of gas-stove."

"If gas-engines can utilize such a gas and turn it into power at the cost of only \$18 per year per horse-power, it will be cheaper than steam, though it may not supplant steam all at once. As I understand it the adoption of gas for power would necessitate the abandonment of the old steam-producing plants and the putting in of new gas-engine plants."

"The first cost of this would be considerable, and might deter some from making the change to the cheaper fuel. But ultimately it would drive steam out of the field as a power. I am assuming, of course, that all Mr. Whitney claims is capable of practical accomplishment."

Postmaster Burke,

who has represented Quincy in the legislature, said:—

"If Mr. Whitney secures his charter and carries out his project I think he will find his product taken eagerly by the people of Quincy, for we are paying one of the highest gas rates in the State. The people are looking for something new and something better."

"I see no reason why it cannot be accomplished. Mr. Whitney's argument before the committee was a good one."

"Light, heat and power are necessities, and the cheapening of the necessities of life is a good thing for the people."

"Gas at 30 cents will be used for light instead of electricity; for heat instead of coal; and for power instead of steam."

"Quincy's quarries are her main industry, and in them and the granite polishing works there are employed a goodly number of steam engines of rising 50-horse power. If Mr. Whitney and Mr. Westinghouse can give us gas and gas engines that will produce power at \$18 per horse power per year, they will get the business."

"For light, gas is better than electricity, and at 30 cents per thousand will be vastly cheaper. There is no reason why local holders and distribution plants should not be used. The advent of such a gas at such a price will vitally affect the municipal light scheme of the city."

"For heat some gas is now used for fuel, but the cost is so high as to preclude its use except in summer. With gas at 30 cents per thousand, however, it would not only be used for cooking, as at present, but it would supersede anthracite coal for primary heating to a large extent."

"There is no reason why a 30-cent gas should not find a wide field and many consumers in Quincy, as indeed it will in all the State. Mr. Whitney has carried out some big enterprises before, but I believe this is the biggest of them all."

E. B. Souther,

a Quincy merchant, was very busy when the writer called, but said:—

"If Mr. Whitney can do what he says he can and put a 30-cent gas on the market it will sweep the country. We are paying \$2 for local gas. We would be thankful if we could get 50 cent gas or even 51 gas."

## BRAINTREE.

Last Tuesday morning Superintendent of Schools, Irving W. Horne, on behalf of the school committee of Braintree, appeared before the educational committee of the legislature in regard to a bill now before the house which, if passed, would benefit Braintree about \$1000, yearly.

The Sunday School concert in the First church tomorrow night is expected to be a very interesting one.

Doctor H. L. Dearing while returning from Quincy yesterday morning, broke his sleigh and was obliged to walk home.

An otter was seen in Morrison's pond, Thursday morning. The animal seemed to be in good condition and enjoying life. He came up on the ice several times with a fish and ate his breakfast with a relish.

Mr. R. W. Kray has purchased the electric carpet beating machine, formerly run by Mr. Warren W. Adams in Quincy, and will move it to Braintree. It will be located near the plant of the Old Colony Manufacturing company, and power will be supplied by that establishment.

The six-year-old daughter of Mr. Charles Brown, while on her way to school Monday, took a pet dog in her arms. The animal struggled to free himself, and while doing so bit the child through one side of her nose. Doctor Brett was called to dress the wound. The dog is now no more.

## Republican Nominations.

The time for filing nominations in Ward One for delegates to the State and Congressional conventions to be elected at the Republican caucus next Wednesday evening expired last night, and were opened by the Ward One committee who met for that purpose at the residence of Edgar G. Cleaves. Two lists for each delegation were filed as follows:

### STATE CONVENTION.

Favorable to Reed,—Theophilus King, John O. Hall, Weston W. Osborne, James L. Edwards.

Charles A. Howland, John W. Nash, Isaac M. Holt, George W. Prescott.

### CONGRESSIONAL CONVENTION.

Favorable to Reed,—Russell A. Sears, Joseph C. Morse, Wilson Marsh, E. W. Henry Bass.

John W. Hall, Archibald F. McLeod, Albert G. Dolliver, Andrew Olson.

### A New Flag.

The coupon plan worked admirably at the Adams school on Friday, in securing funds for a new flag. When the school was dismissed at noon each pupil was presented with one and only one, five cent coupon, which he was requested to sell. Thus all did a little, and the idea was so popular, that when the pupils returned to school two hours later, they brought in \$14.75. Principal Nowland and his assistants were greatly surprised at the success of the plan, and a new flag in which a great many will have a financial interest will soon float over the Adams school building.

### Postmaster Wilde

The LEDGER understands upon excellent authority that Postmaster Wilde will not be removed nor asked to resign. He will continue to be postmaster at Wollaston, and when he recovers, it is understood that he will be re-appointed. The government is very favorably impressed with Mr. Wilde and has expressed a desire to do what is right. His re-appointment was practically decided upon, but on account of his sickness will be held in abeyance for a few weeks.

### Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.  
Solely by Druggists, 75c.

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston Atlantic, South and West Quincy. Watch this line grow:

Wanted, in Quincy, a large hall.

The installment of births is crowded out today but will appear Monday.

Harry E. Gifford of Wollaston is to have charge of the association headquarters at Onset this season.

The stock in the variety store of Victoria Bellevue on Union street will be sold at auction Monday.

W. G. Corthell of Wollaston has been appointed administrator of the late James L. Corthell of Whitman.

The Mayor will forward his annual budget in print to the City Council at its meeting next Monday evening.

Mr. Wendell G. Corthell of Wollaston, has been appointed administrator of the estate of the late James L. Corthell of Whitman.

Granite lodge, Sons of St. George, by invitation, will visit Earl of Shaftesbury lodge at Ryder's hall, Brockton, on Friday evening, March 27.

There is a rumor that the new union station in Boston may be on the east of Federal street between Kneeland street and the present New York and New England depot.

People in the portrait business who can publish testimonials as the Quincy Art School company are doing in the columns of this paper, must employ competent artists.

Rev. Geo. Benedict of Haverhill, formerly pastor of the Washington Street Congregational church, will fill the pulpit of the Point church on Sunday, preaching both morning and evening. The morning service will be at eleven o'clock. In the evening his discourse will be delivered to the young people especially, though all are urged to be present. His subject: "A few words about your grand-parents and grand-children." It is hoped that the church may be well filled at both services, giving Mr. Benedict an opportunity to meet a large number of his former parishioners.

2400

Disorders afflict the human race, the large majority arising from impure blood. Hence the wide range of cures by Hood's Sarsaparilla, the greatest blood purifier of the age.

"I feel it a duty to suffering humanity and to Hood's Sarsaparilla to tell what this medicine has done for me. I know it is an honest medicine. I had

Dyspep-

sia, and 3 years treatment by physicians did me no good. I could not eat half a cracker without distress. I fell off in weight from 180 to 149 pounds, and I suffered with rheumatism, and was pretty well used up. I heard about Hood's Sarsaparilla and began to take it. I soon noticed that it was helping me, and after taking several bottles found I could eat what I wanted without any distress. Later I had salt rheum or

Eczema

come on my ankles, and I again took Hood's Sarsaparilla. The swelling went down and the eruptions healed. Then I had the grip and it left me in bad shape, with catarrh and other troubles. The doctor said I was all worn out, but might be patched up and live a year or two. But I clung to my old friend Hood's Sarsaparilla and was soon in my better health. I am alive yet, more than three years having passed since the doctor's prediction, thanks to Hood's. I am 69 years old, weigh 170 pounds, am in good health and recommend Hood's Sarsaparilla to all my friends for dyspepsia, catarrh and rheumatism, and also for cleansing the blood." S. S. PHILLIPS, Wardsboro, Vermont.

Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists, \$1. Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

## THE SOUDAN CAMPAIGN

Viewed In Different Lights by Newspapers of London.

Times Thinks It In Interest of British Policy.

Chronicle and News Say the Government is Making a Mistake.

LONDON, March 14.—The Times says that it need hardly be said that the advance upon Dongola by the British troops, as announced by the foreign office, will greatly benefit the Italians, and the British government must have had this desirable object in view in assenting to the British advance.

The Times has an editorial discussing the Italian situation, and declares that the shock to European prestige, owing to the defeat at Adowa, cannot be neutralized by Italy concluding a peace with Menelik. And it is doubtful even then if Italy would be able or willing to hold Kassala, the editorial adds, and then proceeds as follows: The advance upon Dongola is urgent in the interests of the British policy. It will prepare the way for the advance on Omdurman when the time is ripe and the shattering of the Mahdist power at its base.

The Chronicle, Liberal, loudly protests against the proposed advance on Dongola, and tells the government plainly that the country will not stand another Soudan expedition.

The Daily News, also Liberal, in a milder tone, asks the government to well consider before embarking on another Soudan campaign.

Taken in connection with the evidence that Count Goluchowski has succeeded in his visit to Berlin in strengthening the ties of the existing friendship, Great Britain's diversion in Egypt in favor of a member of the dethroned ruler is regarded as extremely significant.

It must be borne in mind, however, that Great Britain has looked with a favorable eye upon the Italian campaign in Africa all along, though she has hitherto declined active assistance, as an Italian success would tend to add to the prestige of European arms in Africa, and consequently to the strengthening of British interests in the Soudan.

There have been often renewed reports that Great Britain had ceded to Italy the port of Zeyla, on the strait of Babel-Mandeb, which Italy much desired to obtain in order to facilitate her operations in Abyssinia. But the report was as often denied.

Baron De Courcel, the French ambassador in London, paid a long visit to the foreign office yesterday afternoon, to which importance is attached in the public mind. The visit is supposed to be connected with the proposed advance upon Dongola.

The Pall Mall Gazette publishes a dispatch from Mentone saying that it is reported there that Emperor Francis Joseph of Austria and Emperor William of Germany will meet King Humbert of Italy at Genoa within a few days, according to present arrangements.

**One Way to Create Peace.**

A dispatch from Rome states that the cabinet council, with a view to appeasing the populace, have decided to grant amnesty to the participants in the uprisings in Sicily and Massa Carrara in 1893 and 1894, except to such as were guilty of homicides. There are 120 persons who will benefit by such a decree, including several members of the chamber of deputies, who have been elected since they were imprisoned.

The Italia Militaire asserts that it has good authority for stating that Emperor Menelik's proposals of peace are honorable and advantageous to Italy.

The Tribuna fears that the proposals conceal a snare, and asserts that Menelik is simply seeking to gain time.

The Fanfulla, the Clerical organ, learns that the negotiations for peace are on the same basis as those which were originally started by ex-President Crispi.

The Riforma vehemently opposes peace. Most of the other papers, however, favor the conclusion of peace.

The alleged Italian reverse at Sadevat, which was aggravated by a news agency into another disaster, seems to have been merely the defeat of a local tribe friendly to the Italians. One hundred Italian troops, returning from El Dai, re-enforced the tribe, and afterward kept the route open to Kassala.

**Fixing Football Rules.**

NEW YORK, March 14.—Representatives of Yale, Harvard, Princeton, Cornell and University of Pennsylvania met at the University Athletic club yesterday and organized a football committee. The conference lasted several hours, and at its conclusion Chairman Camp announced that the subject of a general revision of the football rules had been informally discussed, after which an adjournment was taken for two weeks. It will be the object of this committee to formulate a set of rules designed to govern intercollegiate games. At the present time there is much confusion on this score, owing to the fact that a number of rules are conflicting.

**Safe in Port.**

VINEYARD HAVEN, Mass., March 14.—Steam tug Herald brought the barge Mary Whitridge here from Handkerchief shoal yesterday afternoon, and beached her on the soft bottom of this harbor. She lost both anchors during Thursday's gale, but was kept from shore by a kedge anchor made out of several fathoms of chain and four davits. This kedge held her through the blow, but the experience was a tough one, five feet of water being surges in the hold at one time. The other barges, Joseph Baker and Sumner R. Mead, lost an anchor while riding out the gale.

**Insurgents Not Idle.**

HABANA, March 14.—There are conflicting reports as to the personal whereabouts of Gomez and Maceo, but there is no doubt that a large force of the insurgents are moving rapidly westward again. Antonio Maceo has made a rapid march westward in the direction of Pinar del Rio. It is supposed here that the cause of his rapid march is to meet an expedition which is expected to land.

**First Week In September.**

ST. PAUL, March 14.—The original date of holding the 30th national encampment of the Grand Army was the first week in September, and that will be adhered to. The rumor of a change of date for the encampment was expressed by the opinion that a later date would better accommodate one or two departments.

**EVERY FAMILY SHOULD KNOW THAT**

**PERRY DAVIS' PAIN-EXTERMINATOR**

Is a very remarkable remedy, both for INTERNAL and EXTERNAL use, and wonderful in its quick action to relieve distress.

**Pain-Killer** is a sure cure for Sore Throat, Croup, Whooping Cough, Cholera, Diarrhea, Dysentery, Cramps, Stomachic, and all kinds of Complaints.

**Pain-Killer** is the BEST remedy known for Sea Sickness, Sick Headache, Pain in the Back or Side, Rheumatism and Neuralgia.

**Pain-Killer** is unquestionably the BEST remedy for all cases of Bruises, Cuts, Sprains, Burns, Scalds, etc.

**Pain-Killer** is the well tried and reliable friend of the Mechanic, Farmer, Planter, Sailor, and in fact all classes wanting a medicine always at hand, and one to be used internally or externally with certainty of relief.

**IS RECOMMENDED** By Physicians, by Ministers, by Mothers, by Mechanics, by Nurses in Hospitals.

**BY EVERYBODY.**

**Pain-Killer** is a Medicine Chest in a bottle, and a sure cure for all the ills that flesh is heir to. It is a family remedy, and it is a sure cure for all the ills that flesh is heir to. It is a family remedy, and it is a sure cure for all the ills that flesh is heir to.

## ON BALLINGTON'S STAFF.

The Salvation Army Loses Two More Earnest Workers.

NEW YORK, March 14.—The Salvation Army lost two more valuable helpers yesterday. Staff Captain Mantz, the oldest staff officer at headquarters, and superintendent of the printing department there for 11 years, and Fred Lindsey, the assistant trade manager, both resigned, and presented themselves to Ballington Booth for service.

Staff Captain Mantz will have the same sort of work in his new field as he has been doing in the Fourteenth-street building. Major Glen said that a printing plant had already been secured and that within a week Captain Mantz would be at work on Ballington Booth's new newspaper. Mr. Lindsey will be put in charge of the trade department of the new movement.

"GENERAL" W. BOOTH. BALLINGTON BOOTH. EVA BOOTH. MAUD BOOTH.

Captain Mantz was summoned to the presence of Commissioner Eva Booth, where she, with Commissioner Carleton and Colonel Nicol, labored with the resigning captain for an hour. In his letter to Commissioner Booth, Captain Mantz said:

"This decision is not arrived at in haste; on the contrary, it has been the deliberate resolve ever since I heard of the unjust and shameful treatment of my late beloved leaders, Commander and Mrs. Booth. No one could shake my confidence in them. During nine years I have been constantly transacting business with Commander Booth, and have always found him to be a man of strict Christian integrity, just and sympathetic. I cannot bring myself to believe that the things charged against him are true. For who knows Mr. and Mrs. Booth better than I do? I have learned to love and respect them better than the dearest blood relations.

"Can that love for them grow cold in a few days? Can I believe them to have become suddenly dishonest and insubordinate? Never! I am sorry to leave you in such haste, but I can no longer remain on the premises in West Fourteenth street to hear things said against my old beloved leaders, things which I know to be false."

Talked on Silver.

WASHINGTON, March 14.—The excitement of the Cuban debate gave way in the senate yesterday to Mr. Cockrell's speech—occupying four hours—on the financial question. Mr. Cockrell's speech was an elaborate presentation of the financial question from the silver standpoint, so much so that Mr. Hoar, in the course of an inquiry, stated that it was the silver speech he had ever listened to. Mr. Cockrell occasionally left his arguments for very sharp personal criticisms of Secretary Carlisle. By a coincidence, also, Sir Julian Pauncefote was in the gallery when Mr. Cockrell closed his speech with the statement that if we were to be subservient to the English money interests we should "haul down Old Glory, raise the gold standard, and cry aloud: 'Long live the Queen of Great Britain and the Empress of India!'"

## Patching Up Peace.

PRETORIA, March 14.—Mr. Chamberlain has suggested to President Kruger the possibility of abrogating the convention of London if the Transvaal redresses Uitlander grievances and grants the franchise to British subjects. He also suggests a treaty of ally, in which the English shall guarantee the independence of the Transvaal. President Kruger has indicated that he will reply to this at once. Preparations are afoot for President Kruger's journey to England.

## Needs Investigation.

BOSTON, March 14.—The house of correction at South Boston has furnished several incidents recently. Yesterday Benjamin Freely escaped, and Pascale Refucio seriously wounded himself a few days ago by plunging a carving knife into his neck and abdomen. It also became known yesterday that Louis Murphy, a notorious church poacher thief, who was serving his seventh term for the same offense, hanged himself in his cell on Feb. 17 last.

## Killed For Alleged Insult.

NEW YORK, March 14.—John Shanley, 33 years old, a saloon keeper, shot Edward Donigan, on Fourteenth street, last evening. Donigan was taken into a drug store, and Shanley was taken before him. He identified Shanley as being his assailant, then became unconscious and died before the arrival of an ambulance. Shanley claims that his wife was insulted by the murdered man, who created a disturbance in his saloon.

## Spaniards Disappointed.

MADRID, March 14.—Keen disappointment and displeasure are manifested here among politicians and financiers at the action of the United States senate. The press reiterates its advice to the government to suppress the rebellion at all costs. The government and its supporters persist in the belief that the storm will blow over, through the peaceful disposition of Cleveland.

## Direct Vote Favored.

WASHINGTON, March 14.—At a full meeting of the committee on elections and privileges yesterday, Senator Mitchell, chairman of the committee, was authorizing an amendment to the constitution of the United States providing for the election of United States senators by a direct vote of the people.

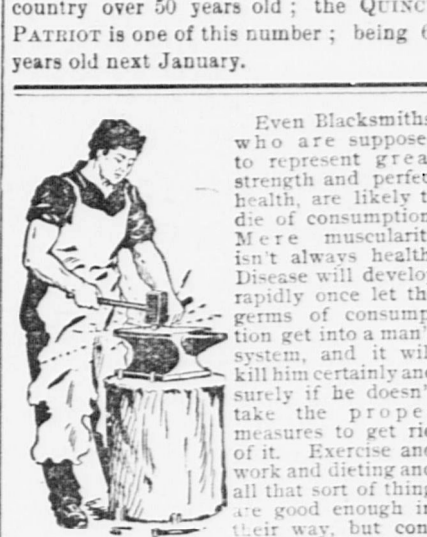

## In Receivers' Hands.

BUTTE, Mont., March 14.—Application was made yesterday at Missoula for a receiver for the Butte and Boston Mining company. Judge Knowles appointed John F. Forbis and Thomas Couch receivers. Forbis is the Butte attorney of the company and Couch is manager, as well as manager of the Boston and Montana.

## On Beacon Hill.

BOSTON, March 14.—The senate, by a vote of 16 to 7, adopted resolutions expressing belief in the Monroe doctrine, and approving the message and action of President Cleveland and of congress in supporting its principles. The committee on manufactures continued the hearing on the Whitney case bill, and the petitioners closed their case. The New England Peat Fuel company put in testimony in remonstrance. There was a continued hearing before the state house committee on the question of preserving the Bulfinch front. Among other matters heard in committee was the proposed abolition of the cattle commission, but the hearing really was upon petitions to take from the commissioners the right to muzzle dogs; the paying of all liquor license money into the state treasury; open spaces along the Charles river; protection of the rights of citizens who observe the seventh day of the week as the Sabbath; abolition of double taxation, etc. The bill to establish a police commission for Springfield was passed to be engrossed in the house. The bill creates a commission of five, the mayor to be a member ex-officio, and to appoint the other members.

—There are 700 newspapers in this country over 50 years old; the QUINCY PATRIOT is one of this number; being 60 years old next January.

Even Blacksmiths, who are supposed to represent great strength and perfect health, are likely to die of consumption. Mere muscularity isn't always health. Disease will develop rapidly once the germs of consumption get into a man's system, and it will kill him certainly and surely if he doesn't take the proper measures to get rid of it. Exercise and work and dieting and all that sort of thing are good enough in their way, but consumption is one of the things that they won't cure. The bacillus of consumption is a living organism. It is infinitesimal, but it is alive. The only way to get rid of it is to kill it. If it isn't killed, it will proliferate and multiply. Germs are wonderfully prolific. In the quickest imaginable time, one becomes a thousand, and a thousand a million. Dr. Pierce's Golden Medical Discovery is a germ hunter, and a germ killer. Wherever a disease germ lurks in the body, the "Discovery" will find it—it will render it harmless. It doesn't make any difference what you call your disease, or what kind of a germ it is. All germs circulate in the blood. The "Golden Medical Discovery" purifies the blood—purges it of germs—enriches it with life-giving properties. It not only kills disease, but it builds up health. It is a tonic, a nerve, or nerve-food, or invigorator and blood-purifier, all in one bottle.

If you want to know all of the facts about this wonderful remedy—if you want to know all about the human body, and human health, and sickness and how to get rid of it, send for Dr. Pierce's Common Sense Medical Adviser, a standard medical work of 1008 pages, profusely illustrated, which will be sent free on receipt of 21 one-cent stamps to cover cost of mailing only. This work is a complete family doctor book and should be read by both young and old. The profits on the sale of 65,000 copies at \$1.25 has rendered possible this free edition. Address, World's Dispensary Medical Association, Buffalo, N. Y.

## NOTES FROM A DIARY

Throw Light on Cuban Situation During Grant's Administration.

President Favored Recognition of Belligerency.

Wise Counsel of Secretary of State Fish Prevented a Rash Step.

ALBANY, March 16.—Senator Sherman has declared during the debate on the Cuban question in the United States senate that there was a conflict of opinion over Cuban affairs between President Grant and the then secretary of state, Hamilton Fish.

The speaker of the assembly, Hamilton Fish, son of the late secretary, is in possession of information on this subject, contained in the diary kept by his father, that is of great importance in the controversy. On the authority of these diaries it is shown that the president had at one time, under the circumstances of a pending negotiation at Madrid, been inclined to recognize the belligerency of Cuba; but on June 13, 1879, the opinion of the president and the cabinet was unanimous that there were no facts to justify the declaration of belligerency, and that the satisfaction of the president with the Cuban policy of his administration, and its effects upon the country and the Republican party, found expression a few weeks later in thanks to the secretary of state for whatever share in it may have been due to his wisdom and judgment.

During his eight years' service in the state department, Mr. Fish kept, chiefly as a reference record for his own eyes, a diary in his own handwriting containing a minute of important transactions, of his conversations with the president, members of the cabinet, senators and other leading public men, in regard to the more prominent of the foreign questions with which he had to deal. From May 31 to June 13, 1879, the date of President Grant's message to congress on Cuban belligerency, the entries in the diary are many and very full in regard to the origin, preparation, discussions in the cabinet and final completion of the special message. Some of these entries have a peculiar interest in the light of recent events, and were yesterday shown to your correspondent.

Under date of Feb. 19, 1879, there is a suggestion of a rift in the unity of the Republican party in defense of that policy, respecting foreign affairs, which policy the president had announced in his annual message of the previous December. The entry is as follows:

Some of the Quotations.  
Called this morning (by appointment) to see Senator John Sherman on subject of the unit of message. After conversing on that subject I referred to his resolution introduced in the senate and his speech in favor of recognizing the belligerency of Cuba, and asked if he had recently examined the treaty with Spain of 1763. He said he had not, and was not aware of the existence of such a treaty. I referred to its provisions and to the probable consequences of the exercise by Spain of the right of self-defense, and that our people would not submit to it, and that the consequences would soon develop in war; said that fighting was not belligerency; there is fighting, but no belligerency; the public debt and the government of the insurrectionary party, no political organization, etc.

He admitted that he had not examined the subject closely, but said that there was a good deal of excitement in the country on the subject. I advised him, in connection with the passing of his resolution of belligerency, to prepare bills for the increase of the public debt and meet the increased appropriation which will be necessary for the army, navy, etc.

An evident solicitude among Republicans lest the party, in the presence of the approaching autumn election, should be divided on the Cuban question, by reason of representations to the country in regard to the president's real attitude, is indicated by the secretary on June 10:

Judge Orth and General Butler called in the evening in regard to the sending of a message by the president on the question of Cuban belligerency. Orth says the vote will be close. Banks will make the closing speech, but there are some 20 or 30 members who may be decided by his speech, but would not go against the president's views.

On June 12 there is this entry:  
Stay at home and prepare a message on the Cuban belligerency question to be submitted for the president's consideration in case he agreed to send one. He has not yet returned from his fishing excursion.

The Cabinet's Views.  
Of the discussion in the cabinet on the 18th, the day on which the special message was sent to congress, the diary says: It was generally admitted that if war is to be resorted to, it should be by a direct declaration and not by embarrassing Spain by a declaration of belligerency; agrees unanimously that no condition of facts exists to justify belligerency. Finally, the president annuls his sentences by referring in general terms to seizures on the high seas, embargo, and of property and personal outrages. Robson adds the concluding sentences, claiming that the question of belligerency is distinct from those questions of wrong which are being pressed for redress, and if not satisfied, they will be made the subject of a future message. And thus it is agreed that the message shall be sent in.

Speaker Fish said that the original draft of the message, with its many assurances and interlunations, is all in Mr. Fish's own hand. The message sent to congress, and printed as executive document No. 99, is verbatim, as in that draft, down to the following paragraph, near the end:

There is no de facto government in the island of Cuba sufficient to execute law and maintain just relations with other nations. Spain has not been able to suppress the opposition to Spanish rule on the island, nor to award speedy justice to other nations, or citizens of other nations, when their rights have been invaded.

Those two sentences were written and inserted by the president; the next two

**SALESMEN** not allowed to misrepresent goods at GUY'S COLISEUM.

were written in cabinet session, on the president's suggestion, and by the secretary of state. The last, and concluding three were written and added in cabinet session by the secretary of the navy. Speaker Fish then showed extracts to demonstrate that the policy of the administration on this matter of Cuba appears to have been adopted by the Republican party in the decisive vote in the house of representatives on the pending resolution suggesting belligerent recognition, and the state department was free to pursue its Alabama negotiations.

Senator Cameron, in the recent minority report of the senate committee on foreign affairs, alluded to a rumor of a belligerency proclamation having been signed by President Grant. It is true that in the summer of 1899, and while the proffer of mediation suggested to the president by Paul S. Forbes, as coming from General Prim, was pending at Madrid, the state department had, on the request of the president, prepared a draft of a proclamation of belligerency. Some time after the president signed it, he went on a journey to the west, and on the way wrote the following letter:

KANSAS, Pa., Aug. 14, 1899.  
Hon. Hamilton Fish, Secretary of State:  
DEAR SIR—On reflection, I think it advisable to complete the neutrality proclamation which I signed when leaving Washington, and it is in it if General Seward has not received an entirely satisfactory reply to his proposition to mediate between Spain and Cuba; in fact, I am not clearly satisfied that we would be justified in intimating to Spain that we would look with some alarm upon her proposition to send 20,000 more troops to Cuba to put down, as Americans believe, the right of self-government on this continent.

Not that Spain has not a perfect right to prosecute as vigorous a war as she pleases upon her own soil, observing the rules of civilized warfare, but that the rights of our citizens have been so wantonly invaded by Spanish troops, or volunteers, that such a course would arouse the sympathy of our citizens in favor of the Cubans to such a degree as to require all our vigilance to prevent them from giving material aid. The question might well be asked whether Spain would not be weaker with 20,000 more troops in Cuba, and also by us whether we would be justified by our own people to let them do so without at least putting the Cubans upon the same footing with their adversaries?

Except the issuing of the proclamation, I do not give this as instruction, but as something to think of, whether it is to be issued. If deemed so, the policy of action upon it will be discussed afterwards. I will be in New York city on Thursday next, on my way to Newport; it will be at Mr. Corbin's a few hours before sailing. Yours truly,  
U. S. GRANT.

Gracious Acknowledgment.  
On July 10, 1879, in a conversation in which Mr. Fish had expressed to the president his desire to retire from the office which he had accepted with a full understanding that he was to hold it only till the president could perfect other plans in regard to it, Mr. Fish was strongly urged by the president to remain through his term, and assured him that his course was not only entirely satisfactory to him, but gave satisfaction and confidence to the country. These are the words of the diary upon the subject:

The president said, without referring to other instances, on two important occasions at least your wisdom and wisdom have kept me from mistakes in which I should have fallen. On one of these occasions you led me against my judgment at the time, you almost forced me in the matter of signing the Cuban message. I now see how right you were, and I desire, most sincerely, to thank you. The measure was right, and the whole country acquiesces in it.

He repeated that he wished to thank me especially for these two occasions. They were one preventing the issuing last August and September of the proclamation of Cuban belligerency which he had signed, and which he wrote me a note instructing me to sign (which I did), and to issue (which I did not), and, second, the Cuban message of June 14.

All For Love.

SENeca FALLS, N. Y., March 16.—Thomas Pelketon, a coachman, yesterday shot and instantly killed Miss Minnie Mansell, a domestic, both in the employ of Mrs. Mynderse. The crime was the result of rejected love. While Miss Mansell was preparing breakfast, Pelketon entered the kitchen and attempted to lay hands on her. Mrs. Mynderse, hearing the outcry, opened the kitchen door, whereupon Pelketon drew a revolver and shot Miss Mansell twice, both bullets entering her head. He then went to the barn and blew out his brains. Miss Mansell was 20 years old and Pelketon was 22 years old.

Couldn't Stand Exposure.  
KANSAS CITY, Kas., March 16.—To escape arrest for embezzlement of government funds, Frank Mapes, postmaster of this city, committed suicide yesterday in his own residence. On Thursday last two police inspectors arrived here and began an investigation of the office. As they pursued their investigations he became nervous and depressed in spirit. The inspectors finished their work Saturday night, and their investigation proved the postmaster to be an embezzler to the probable amount of \$250.

## THE WEATHER INDICATIONS.

ALMANAC FOR MONDAY, MARCH 16.  
SUN RISES..... 5:33. MOON SETS... 8:21 PM.  
SUN SETS..... 5:53. FULL SEA... 12:30 AM.  
LENGTH OF DAY... 12:00. 12:45 PM.  
Forecast for New England: Cloudy and threatening with snow; slowly rising temperature; easterly winds.

## NEWS IN A NUTSHELL.

The articles of agreement signed by Corbett were bogus.

Secretary Lamont opposes the promotion of General Miles.

Four New York county conventions endorsed Morton for the presidency.

Cuba's yield of sugar this year will be only one-eighth as large as last year's.

It is announced that China will refuse to cede Lappa or Quemoy to Germany.

Representative Linton of Michigan has been challenged by Captain Phelan to fight at duel.

A commission from the diocese of Buffalo have presented a generous offering to the pope from the Catholics of Buffalo.

Judge Seaman of Chicago has granted damages to James Whitcomb Riley against Chicago parties for infringement of copyright.

At a meeting of the Balmoeologie society in Berlin, Dr. Koch's tuberculin was fervently denounced by many eminent professors in attendance.

It is stated that the reorganization of the Baltimore and Ohio Railway company can be effected without any assessment upon the common stock.

## AN HONEST DOCTOR.

He Strongly Endorses Lydia E. Pinkham's Vegetable Compound.

The Best Medicine Ever Invented for Women—Advises His Patient to Use It.

The following letter from Mrs. E. R. Weber, of 1707 Jefferson St., Baltimore, Md., should dispel all doubt from the minds of the most skeptical people.

"I was a great sufferer of falling of the womb and kidney trouble. My dear old doctor said I would never be a well woman until I had undergone an operation, and even then, I would always have trouble; that the womb was too weak to go without a support. I had been six weeks in bed and they were getting ready to perform an operation, when I picked up a paper that had been laid on the bed, and glancing at it, saw your advertisement.

"I begged my husband to let me try a bottle. He at once got it and I began its use. My improvement was rapid, and soon I was able to bear down, feeling like a new woman. My doctor was surprised, and thought my recovery was due to his remedies. I showed him the Vegetable Compound and told him that my recovery was due to that alone. He looked at it and then said, 'Mrs. Weber, I do not believe in patent medicines, but I will say that Lydia E. Pinkham's Vegetable Compound is the best medicine that God ever invented for woman.' Continue to use it. I did so and am entirely cured of all my troubles, and am strong and well. It will prove to all suffering women the blessing it is to me, if they will try it."—MRS. E. R. WEBER, 1707 Jefferson St., Baltimore, Md.

use it. I did so and am entirely cured of all my troubles, and am strong and well. It will prove to all suffering women the blessing it is to me, if they will try it."—MRS. E. R. WEBER, 1707 Jefferson St., Baltimore, Md.

The Braintree Observer,  
A Weekly Established in 1878.

## A CLEVER SWINDLE.

Physicians in Quincy and Weymouth worked by a Bogus Student.

The facts of a clever swindle that was successfully worked on the physicians of Quincy and Weymouth have just come to light.

Some few weeks ago a young man made his appearance in this vicinity and called upon the several physicians. His left sleeve was tucked into his overcoat pocket and his left arm was hidden beneath his coat. He claimed that he was a medical student and that his left hand had been amputated owing to blood poisoning contracted while in the pursuit of his studies.

In some cases he would produce a paper containing the names of prominent men whom he had visited, and he asked for a little aid from the fraternity to enable him to complete his medical studies. In some cases he was successful in getting small sums of money while in others he was not.

At the last meeting of the Norfolk South District Medical society the matter was incidentally mentioned and notes compared when it was discovered that nearly all of them had been swindled, and that the names on his book were forgeries.

Several local physicians contributed small amounts to the fellow, but do not care to say much about the case.

## Quincy Quarry Railroad.

In view of the hearing this evening on the question of approving the location for the proposed railroad to the North Commons the following resolutions adopted at the last meeting of the Board of Trade, may be of general interest:

Whereas—The proposed railroad to the North Commons will be of inestimable value to the commercial and financial interests of the city of Quincy, by expediting and cheapening the movement and increasing the output of granite, as well as by greatly enlarging the territory to which the chief product of the city may penetrate, and

Whereas—The proposed enterprise will make a large annual saving of expense to our citizens, by greatly lessening if not entirely removing the terrific wear and tear of our streets now caused by heavily loaded stone teams which daily traverse the most important highways, and will likewise result in materially diminishing the cost of fuel used by the quarries, and by manufacturing establishments which may be located along the line, a most important factor in aiding our industries;

Resolved—That the Board of Trade of the City of Quincy in meeting assembled gives to the proposed enterprise its most unqualified approval, and hereby urges the City Council to approve the location asked for by the Quincy Quarry Co. speedily, in order that the work of construction may be entered upon with the least possible delay.

Resolved—That the committee on transportation be requested to appear before the City Council, and use their utmost endeavors to aid the proposed undertaking in every possible way.

## The Saturday Shoot.

At the Wollaston Trap Club's shoot on Saturday afternoon three more 60 per cent. badges were won.—Greely, A. A. Lincoln and D. B. Lincoln. Greely and D. B. Lincoln were tied on high, each breaking 20. The score:

## Adams Shore.

An important real estate sale is reported, the fine tract of 63 acres of shore land of the John Quincy Adams' farm on the Houghs Neck road having changed hands. L. Shannon Davis, the purchaser, transfers to Davis W. Murray, and the property will hereafter be known as "Adam's Shore" and developed by a syndicate consisting of James R. Murphy, Henry C. Towle, M. D., E. D. Peters, M. D., C. P. Andersen and others.

Surveys for streets have been made and streets will be cut through as soon as weather permits.

Do not forget the Brackett sale next Thursday.

Don't miss them! Hancock hall to night. Vivid War Views.

# LATEST!

## THE REMONSTRANTS.

Tell Why the County Estimates Should be Reduced.

A Spicy Hearing Today at the State House, Boston.

Quincy, Braintree, Franklin and Other Towns Object to Heavy Tax.

Last week the Norfolk County Commissioners presented an exhaustive statement to the committee of the Legislature to show why \$130,000 should be appropriated for county expenses this year. The remonstrants were out in force then, and from questions asked it was evident a storm was brewing.

Today the tornado struck, and some air castles were scattered to the four winds of heaven during the three hours while it blew.

Judge French conducted the case for the remonstrants. City Solicitor Blackmur summed up the situation briefly and then George W. Wiggins took the stand and his presentation and cross questions occupied the time up to the adjournment at 1 o'clock. His figures and arguments will appear in the LEDGER tomorrow. They were clear and convincing that the estimates could be materially increased.

## Revival Meetings.

Rev. M. W. Plummer, evangelist still continues his bible readings at Calvary Baptist church, Franklin street. Each afternoon at 3 o'clock will be particularly to Christians, but all are welcome.

During the week that has closed the Holy Spirit has moved the hearts of some. A number decided for Jesus, and five are waiting to follow their Lord in Baptism. We cordially invite all to these meetings.

## TODAY'S COURT.

Michael Lynch was arraigned for drunkenness at Quincy. Case continued one week.

John Shea was fined \$5 for drunkenness at Quincy.

Jeremiah Cullinan was fined \$5 for drunkenness at Quincy.

William Ferguson was fined \$5 for drunkenness.

## Keith's New Theatre, Boston.

Among the entertainers at Keith's this week are Billy Van, the clever monologue artist; John Lorenz, an artistic buck and wing dancer; Howitz and Bowers, refined comedy sketch; the Allison, two of the cleverest dancers in the varieties; the Marvelles sisters, handsome English women, graceful dancers and good vocalists; the Trio de Korke, Mr. Keith's latest European novelty, great acrobats, and Herbert and Caron, who give one of the funniest exhibitions of clown acrobaticism ever seen on any stage. Giacinta Della Rocca, the beautiful and talented Italian violinist, and Prof. Woodward's educated seals and sea lions will be seen for the last time. Vernona Jarbeau, the celebrated character vocalist, is to appear week of March 23.

—Here is an amazing will. It was made by a wealthy old eccentric who died lately in Austria: "I bequeath the whole of my property, movable and immovable," says he, "to my six nephews and six nieces, but under the sole condition that every one of my nephews marries a woman named Antonio, and that every one of my nieces marries a man named Anton." The 12 are further required to give the Christian name Antonio or Anton to each first-born child according as it turns out to be, girl or boy. The marriage of each nephew and niece is also to be celebrated on one of the St. Anthony's days, either Jan. 17, May 10 or June 13. Each is further required to be married before the end of July, 1896. Any nephew or niece remaining unmarried to an Antonio or an Anton after that date forfeits half of his or her share of the property.

—Newspaper gossip makes the extraordinary statement that the entire site of Babylon has been purchased by two Jews. If this is true, the purchase has been made for purposes of excavation; but we do not wholly credit it. But think of the children of the captives by the rivers of Babylon buying the whole of the ancient capital of the world.—The American.

The estate of the late Charles C. Brackett is to be sold at public auction next Thursday afternoon at four o'clock by auctioneer F. F. Crane. The estate is in one of the best locations in the city, is convenient to the centre, near the new High school and Merry Mount park.

—Two of the directors of the First National Bank of Huntington, Indiana, are women, and one of them, Mrs. Sarah F. Dick, is the bank's cashier.

## The South Quincy Literary Club.

At the meeting of this club on Friday evening, Mar. 13, Mr. L. J. Pastor, was the lecturer and for forty minutes interested the members present on the subject "The new and the old."

Before taking up the subject announced, Mr. Pastor read an essay on "Truth," in which he set in shining contrast the nobility and advantages of truth as against falsehood.

The essay proved a suitable preface to the subject to be discussed. "The new and the old," in as much as investigation had exploded many false beliefs and customs and made possible the changes which make the present as compared with the past so distinctly different.

The lecturer compared "the new and the old" in agriculture, medicine, chemistry, and in other things of equal importance, proving that no belief, custom, system or institution can be too sacred for investigation and eradication; for upon truth alone has been reared a structure of social and moral excellence incomparably more beautiful and munificent than anything of the past.

## The New Jewelry Store.

T. L. Williams, the jeweler, was busy last week moving his large stock of goods and fixtures from his store on Copeland street to his new store at 104 Hancock street which he opened to the public Saturday evening.

Besides the large line of goods which Mr. Williams carried at his West Quincy store, he has also put in a large stock of new goods including watches, clocks, jewelry and silverware to meet the demands of his more prominent location, so that now few stores of this kind carry a larger or better stock than does Mr. Williams.

The interior arrangements of the store are very nicely arranged. At the right of the entrance is an inclosure which he has fitted up for his optical department and here those who desire can have their eyes tested and be free from the eyes of the curious. On the left of the entrance is also another inclosure where watch repairing will be done. On either side and the rear end are large wall cases filled with clocks and silverware, while on the counters are long show cases filled with jewelry. In the rear of the store is a room where he will do his clock repairing. He also has two large show windows in front for the display of his goods to the passing public.

On the whole it is a very pretty store, and Mr. Williams being an enterprising business man will no doubt make a success of his new venture.

## Calvary Baptist Church.

Rev. Morton W. Plummer preached three times, at 10.30 A. M., 3 P. M. and 7 P. M. Subject in the morning: "The difference between the 'pres-' and 'ence' and power of the Holy Spirit in Christian lives." At 3 P. M., "Friend, how earnest thou in hither not having on a wedding garment? And he was speechless. At 7 P. M. Subject, "What must I do to be saved?"

At all of these services Mr. Plummer was very interesting and helpful making the gospel story of salvation and how to get it, so plain the youngest one present could not but understand his teaching.

## Dis-

stress in the stomach and other symptoms of dyspepsia demand careful attention to diet and a good medicine like Hood's Sarsaparilla to tone the stomach and other digestive organs, purify the blood and sustain the nerves.

Mr. J. W. Gerry, a well-known business man of Hopkinton, Mass., relates his experience.

"I was troubled with indigestion for many months. My food gave me great distress. Physicians prescribed for me, and although they gave me help for a time, they did not cure. I felt

## Nervous

and discouraged and could not sleep at night. My friends advised me to give up business, the doctors declaring that I needed a change. I read about Hood's Sarsaparilla and thought it might do me good. I am glad to say that I felt the benefit right away, after commencing to take the medicine. Three bottles of Hood's Sarsaparilla entirely cured me of indigestion. It also relieved me of constiveness and I have not had any trouble of this nature since. I have taken several bottles of the medicine in the

## Spring

of the year since my first treatment with Hood's Sarsaparilla and I have thus kept myself in perfect condition. My wife has also taken Hood's Sarsaparilla with equally good results. I am 60 years old and I feel as well as when I was 30 years of age. I cannot say too much in praise of Hood's Sarsaparilla." J. W. GERRY, Cor. Grove and Main Streets, Hopkinton, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other. Be sure to get

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston Atlantic, South and West Quincy.

Watch this line grow:

WANTED, IN QUINCY, A LARGE HALL.

It snows easy in March. The sleighing is good.

One new case of diphtheria is reported this morning.

Quincy has been extremely fortunate in regard to fires.

The snow ploughs were out bright and early this morning.

Postmaster Wilde's condition was much improved on Sunday.

Mr. William Bird of School street is at home sick with malaria.

Installation of the officers of Bay View lodge, L. O. L., tonight.

Judge Pratt was on the bench at the District court room today.

The Squantum Yacht club hold another of its social dances this week.

The no-school signal was sounded on the fire alarm circuit at 12.30 today.

L. J. Pastor the druggist has just put in a handsome new soda fountain.

Mr. Isaac G. Wilbur of Wollaston is recovering from a severe attack of sickness.

A small sloop yacht was noticed sailing about off Houghs Neck on Sunday. Early bird.

The Swedish Methodist society are arranging for a three days' fair at Faxon hall.

The west sidewalk on Edwards street was shoveled off Saturday for the first time this year.

Mr. James Lent of East Boston spent Sunday with Mr. and Mrs. William Coppin of Penn's Hill.

William Shawwhite of Quincy was severely injured about the head Sunday by the bursting of his gun while gunning off Sheep island.

A number of the delegates on the several tickets in the field at Ward 24 Boston announce themselves as being for Reed, Jordan and Merrill.

The sub-committee of the Board of Managers of Public Burial places hold a meeting tonight to revise the by-laws governing Mt. Wollaston cemetery.

The indoor meet of the Thayer Academy Athletic association on Saturday was a successful and interesting affair. Several school records were broken.

Will the school house debate be reopened in the City Council this evening. Debates are all right but when the discussion is over the majority should rule.

The Brackett estate to be sold by the administrator next Thursday contains about a quarter of an acre of land with eight-room dwelling and stable.

Mr. C. E. Finch, master of the Wollaston school, made a very interesting address before the Wollaston Baptist Sunday School on Sunday on the Bible.

Paul Revere post and all the G. A. P. posts of the county have been invited to a campfire of Timothy Ingraham post at Hyde Park on Thursday evening.

Dr. George L. Richards of Wollaston is soon to become a resident of Fall River. Dr. Richards has had quite an extensive practice in that city for some time.

It was pretty windy down at Hough's Neck last week. Mr. Stanley Mears says that one day he was carrying a pail of water from his house to the barn and the wind blew so hard that it blew the water all out of the pail.

Maurice T. Cantfill leaves this week for Cleveland, Ohio, where he has accepted the position as manager of the sales rooms of J. P. Sears. Mr. Brown will continue to carry on the business of the New England Monumental Design Co.

The meeting tonight of the City Council will probably be a busy one. The Mayor will present his annual budget; the school-house order comes up for its final passage; and there is a public hearing on the petition to establish the grade on Hancock street between Granite and School streets.

(Continued on third page.)

Out of Weakness comes strength when the blood has been purified, enriched and vitalized, the appetite restored and the system built up by Hood's Sarsaparilla.

Hood's Pills cure nausea, sick headache, indigestion, biliousness. All druggists, 25c.

—Dentistry is opening a new and wide field for women. This peculiarly nervous and delicate work seems to be especially adapted to them, and most of the women who have undertaken to practice in this profession have made a success of it. Chicago, alone, has fifteen women dentists, who are making a substantial living by it.

—Tonight! Those wonderfully brilliant Stereopticon Views, Hancock hall, 7.45.

—Taylor's Anti-Headache Powders are just as harmless as water. Yet, look how powerful water is in putting out fire. Our powders cure Headache and Neuralgia in the same manner exactly. It is safe to say that these powders will cure all cases, because they never failed yet. Why not buy Taylor's and be sure about it? Get them of Leonard J. Pastor, Ph. G., 27 School street.

## CITY BICYCLE AGENCY.

166 HANCOCK ST., QUINCY.

## 1896 Quincy Bicycles.

It's positive comfort to ride a Quincy Wheel. Public opinion says so. The 1896 construction embodies the most desirable features and improved ideas of all other wheels. It's a wheel you'll never have to apologize for. A wheel that don't find it necessary to be a repair shop to the guarantee, and the only wheel in the world that has courage enough to give a two years' guarantee. Beautifully finished and made just to your notion, the 1896 models are favor winners everywhere.

By special arrangement with the Quincy Cycle Co. we will handle their famous wheels exclusively in Quincy.

1896 PRICES, \$50.00, \$75.00, \$100.00.

Terms mighty easy for those who wish. Reasonable allowance for old wheels. If you want to drive care away this spring and summer, order your wheel at once. You'll never regret the purchase of a Sterling Quincy.

Henry L. Kincaide & Co.,  
Hancock St., Quincy.

## Have You Money to Waste?

Are You Willing to Save It?

The honest pharmacist may, without flattery, be called a benefactor of humanity. He spends a number of years in the thorough mastery of his profession and is a man of broad views, liberal education, and wide experience. The honest pharmacist, although in a sense he is a merchant, does not sink his profession below the level of a trade.

It is impracticable for everyone to have an intimate knowledge of drugs and chemistry, just as it is impossible for every person to be an expert electrician or astronomer—it is all a matter of education and experience.

The honest pharmacist is not "stuck up," he does not "own the earth," and he is wise enough to know it.

## IN HANDS OF TROOPS.

Extraordinary Precautions Taken to Protect Kentucky's State House.

Blackburn Men Intended to Take Possession.

Matters Have Reached a Climax in the Senatorial Squabble.

LEXINGTON, Ky., March 16.—Governor Bradley made the most sensational move of the senatorial contest last night, and troops are in possession of the capitol at Frankfort.

The order to the troops was received here at 10 o'clock last night. Messengers were at once dispatched to call the companies together, and a special train was made ready. It started shortly after midnight.

The announcement that the militia had been ordered out caused the most intense excitement here, and there is a general fear of the result.

W. O. BRADLEY.

The McCrory Guards, 52 strong, Captain Noel Gaines, are in possession of the state house, and martial law has been proclaimed. Until yesterday Governor Bradley had persistently refused to call out the militia, though urged to do so by citizens, irrespective of party.

The Blackburn leaders, he was informed, had been prepared all day to take forcible possession of the state house today. Threats were made that the senate would arrest the governor for usurpation of authority in giving the instructions he gave Saturday night to the sheriff of Franklin county to clear the corridors and cloakrooms.

All trains yesterday brought in reinforcements for the men bent on mischief today. It was only at the last moment, when the presence of these crowds presaged serious danger, that the governor yielded to repeated requests of orderly citizens of both parties, and called out the militia.

The sergeant-at-arms, Somers, had sworn Jack Chinn, Jim Williams, Eph Lillard and others as his deputies. It was also reported to the governor, by numerous affidavits, that armed men had been collecting in the capital for two or three days, with a view to take charge of the joint assembly today.

A company of the Lexington and the Louisville legion, 300 strong, arrived this morning. General Collier is in command. Guards surround the state house and permit no one but state officers, senators and representatives and others having a constitutional right to pass.

Senator Brownston came into the governor's office and asked why he was being barred from the state house, who was the peace officer of the state and why the militia had been ordered out? He then told the governor that he would see the affidavits would be filed in the senate. This evidently referred to an effort to impeach Governor Bradley by the senate, which has been threatened.

The excitement in the city is great, and the streets are full of people. No little apprehension is felt. Six hundred armed soldiers are here, and it is hoped they will be able to preserve peace.

### The Governor's Attitude.

Governor Bradley, in an interview at midnight, said in explanation of his action that the presiding officers of both houses had called on him for protection, and that he had called on the mayor to give it. He learned afterward from the sheriff that the mayor's police had been insufficient and had done nothing to remove the disturbing element.

On Saturday the presiding officers of the two houses, along with others, had made affidavit that armed desperadoes had intimidated members of the legislature, and some of them had assaulted a senator and refused to let him leave the chamber; that a portion of them, claiming to be deputies of the sergeant-at-arms of the joint assembly, forcibly prevented, on March 14, the doorkeeper of the house of representatives from doing his duty.

They interfered with the proceedings of the joint assembly, and permitted outsiders to continue their intimidation, and also permitted numerous other persons, who were armed, to occupy the senate chamber and cloakrooms of the two houses during the joint session of the aforesaid, and that said authorities were powerless, overawed or unwilling to act.

"Unless I interfere to protect the general assembly," said Governor Bradley, "legislative action will be prevented and riot and bloodshed would follow, and the security of the lives of citizens of the commonwealth required action on my part. Under these circumstances I felt that I could not allow such a state of things to continue and called out the State Guard," said the governor in conclusion.

### Obstreperous Miners.

AMHERST, N. S., March 16.—Matters at the Joggins mines are assuming a serious state of affairs. Since a riot last Thursday, about 150 of the strikers have been barricaded in a hall, where they are supplied with eatables and liquors. They also, it is said, have a good supply of brickbats, clubs and firearms, and the authorities are so far unable to execute over 20 warrants for their arrests. It is said the municipal authorities will apply for the militia to assist in dislodging the strikers.

### Worst on Record.

MELBOURNE, March 16.—A terrible hail storm occurred here, and hailstones were the largest on record. Windows were smashed and buildings unroofed and wrecked by the storm. Shipping also was damaged and sunk, and trees were uprooted. One woman is reported killed.

For durability and for cheapness this preparation is truly unrivalled.

## "SPLENDID ISOLATION"

Has Become a Matter of Deep Concern to British Statesmen.

France Opposes Proposed Sudan Campaign.

England May Stick to Dried and Lose Friendship of France and Russia.

LONDON, March 16.—Dispatches from Berlin state that the proposed Sudan expedition of the British government excites a vast deal of attention and comment in political circles and in the press there.

The German newspapers, in commenting upon the proposed Egyptian advance to Dongola, still show an intense hatred for England. The National Zeitung, for instance, scorns the idea that she will do anything to help Italy in the straits into which that unfortunate power has come in Africa, and hints that England will acquire Kassala as a result of the campaign.

Most of the newspapers here regard the Dongola movement as a clever move on England's part to silence clamor on the Egyptian question and to offer an answer to the European powers. That the disclosure, by recent events, of Great Britain's complete and friendless isolation in the community of nations has given a shock and a feeling of uneasiness to the responsible statesmanship of Great Britain has been frankly admitted by British statesmen themselves; that England's diplomacy has been busy with efforts to make some inroads into the universal hostile array of nations has been generally understood.

When the terms of the settlement of the dispute over the boundaries between the possessions on the Mekong in Indo-China of Great Britain and France were made known, the world expressed its wonder at the substantial concessions made by Great Britain, and the opinion was generally held that Great Britain sought to secure an entente with France as a consideration for these concessions.

Many commentators professed to see confirmation of this opinion in the suggestion offered by the sultan a little later to Lord Salisbury, that England should regularize the situation in Egypt. It was suggested that the sultan's suggestion was inspired by Great Britain itself in order to open up a course for the evacuation of Egypt, thus removing the principal cause of irritation between Great Britain and France.

The announcement of the new Sudan campaign is clear and convincing evidence that there is to be no rapprochement between Great Britain and France. If further evidence were needed of this, it was seen in the prolonged visit on Friday to the foreign office of Baron de Courcel, the French ambassador in London, and his subsequent departure in person for Paris to impart the result of his interview to the French cabinet.

Corroboration of France's opposition to the proposed Sudan campaign is found in a dispatch from Cairo, naming as the explicit grounds of her opposition that no movement in the Sudan exists warranting such a campaign, and that the Khedive Abdullah, the successor of the late mahdi, Mohammed Ahmed, and military chief under him in the former war, has lost all his authority and has withdrawn his loyal adherents from the Kassala district.

The advance upon Dongola was decided upon by the British government with a view to the favorable effect it would have upon the Italian situation in Abyssinia—as was stated by The Times, the organ of the British cabinet, in connection with its announcement of the Sudan campaign. Almost simultaneously with this announcement came the news of the visit of Count Goluchowski, the Austro-Hungarian prime minister, to Berlin, and the statement that as a result the dreadnought is to remain intact and that the German government's irritable attitude toward Great Britain, as manifested over the Transvaal episode, has been modified through the exertions of Count Goluchowski.

The question of the hour in European politics is whether Great Britain has thrown in her fortunes with the dreadnought against France and Russia.

The statement which has been promised in the house of commons for the purpose of the proposed advance up the Nile by Mr. Curzon, parliamentary secretary of the foreign office, is looked for with keen interest, in the hope that it may disclose something of the shifting of international relations now being adjusted in Europe.

### In Vessels' Path.

CITY ISLAND, N. Y., March 16.—Captain Camp of the steamer Eleanor E. Peck of the New Haven line reports a vessel's mast sticking out of the water off Southport, Long Island Sound. The mast, which appears to be attached to a submerged wreck, projects about eight feet above the water, and is directly in the track of steamers running up the sound.

**Bullington Booth's New Army.**  
NEW YORK, March 16.—Bullington Booth has named his new religious organization God's American Volunteers. The volunteers will be governed by a military constitution, with Mr. and Mrs. Booth as joint presidents. The local branches will be called posts, and the various grades of officers will have rank and titles like those of the American army.

**As Usual.**  
VIENNA, March 16.—Several scuffles occurred in this city yesterday, owing to the demonstration made by thousands of socialists returning from the cemetery, where they went to place wreaths upon the graves of the victims of the revolution of 1848.

The coming Artist who knows enough to paint a popular subject.

## MUST BE SHUT OUT.

Certain Classes of Immigrants En-  
danger Quality of Citizenship.

## Illiteracy the Chief Grounds For Exclusion.

Would Deeply Affect Poles, Hungarians, Ital-  
ians and Asiatics

WASHINGTON, March 17.—In the senate,  
yesterday, Mr. Lodge delivered his speech  
on the proposed amendment to the immi-  
gration law. In part, he said: By this  
bill it is proposed to make a new class of  
excluded immigrants and add to those  
which have just been named the totally  
ignorant.

The bill is of the simplest kind. The  
first section excludes from the country all  
immigrants who cannot read and write  
their own or some other language. The  
second section merely provides a simple  
test for determining whether the immi-  
grant can read or write, and is added to  
the bill so as to define the duties of the  
immigrant inspectors and to assure to all  
immigrants alike perfect justice and a fair  
test of their knowledge.

There can be no doubt that there is a  
very earnest desire on the part of the  
American people to restrict, further and  
more extensively than has yet been  
done, foreign immigration to the United  
States. The question before the commit-  
tee was how this could best be done; that  
is, by what method the largest number of  
undesirable immigrants and the smallest  
possible number of desirable immigrants  
could be shut out.

Three methods of obtaining this further  
restriction have been widely discussed of  
late years and in various forms have been  
brought to the attention of congress.

The first was the imposition of a capita-  
tion tax on all immigration. But al-  
though exclusion by a tax would be  
thorough, it would be undiscriminating,  
and your committee did not feel that the  
time had yet come for its application.

The second scheme was to restrict im-  
migration by requiring consular certifi-  
cation of immigrants, but the committee  
was satisfied that consular certification  
was impractical; that the necessary ma-  
chinery could not be provided; that it  
would lead to many serious questions with  
foreign governments, and that it could  
not be properly and justly enforced.

The third method was to exclude all  
immigrants who could neither read nor  
write, and this is

The Plan Which Was Adopted  
by the committee and which is embodied  
in this bill. In their report the commit-  
tee have shown by statistics, which have  
been collected and tabulated with great  
care, the immigrants who would be affected  
by this illiteracy test.

It is not necessary for me here to di-  
minish the results of the committee's  
investigation, which have been set forth  
fully in their report. It is found, in the  
first place, that the illiteracy test will  
bear more heavily upon the Ital-  
ians, Russians, Poles, Hungarians, Greeks,  
and Asiatics.

Now come to the aspect of this ques-  
tion which is graver and more serious  
than any other. The injury of unre-  
stricted immigration to American wages  
and American standards of living is suf-  
ficiently plain and is beyond dispute, but  
the danger which this immigration threatens  
to the quality of our citizenship is far  
worse.

When we speak of a race we do not  
mean its expressions in art or in lan-  
guage, or its achievements in knowledge.  
We mean the moral and intellectual char-  
acters, which in their association make  
the soul of a race, and which represent  
the product of all its past, the inheritance  
of all its ancestors and the motives of all  
its conduct.

The men of each race possess an inde-  
structible stock of ideas, traditions, senti-  
ments, modes of thought, an unconscious  
inheritance from their ancestors, upon  
which argument has no effect. What  
makes a race are their mental and their  
moral characteristics, the slow growth  
and accumulation of centuries of toil and  
conflict.

These are the qualities which deter-  
mine their social efficiency as a people,  
which make them a race and another fall,  
which we draw out of a dim past through  
many generations of ancestors, about  
which we cannot argue, but which guide us  
blindly believe, and which guide us in our  
short-lived generation as they have guided  
the race itself across the centuries.

Cuba Again.

The senate had an hour of spirited Cu-  
ban debate late yesterday after the early  
part of the day had been given to set  
speeches by Mr. Lodge on immigration  
and Mr. Pugh on silver.

The Cuban discussion was mainly im-  
portant in bringing out the full reading of  
a statement of the Spanish side of the case  
by Minister de Lome. This had been re-  
ferred to some days ago, but could not be  
made public. Yesterday, however, Mr.  
Morgan read a letter from Secretary Ol-  
ney saying the Spanish minister gave his  
permission for the public use of the state-  
ment.

It claimed to detail the insurgents' re-  
solutions of guerrilla warfare, the burning  
of cane fields and the disorganized charac-  
ter of the insurgent bands. Mr. Morgan  
commented severely on the minister's  
statement. The senator had several sharp  
controversies with Mr. Hale over various  
phases of the Cuban question.

During the day Mr. Elkins offered a  
resolution directing the committee on for-  
eign affairs to report as to the status of  
the war in Cuba, before a vote was taken  
in the senate.

In the House,  
It was suspension day in the house, and  
several bills were passed. The most im-  
portant was the Oklahoma homestead  
bill, which relieves homesteaders in Okla-

homa of the payment of the purchase  
price of their homesteads. According to  
the report of Secretary Smith, this bill  
will relieve the settlers of the payment of  
about \$10,000,000.

The concessions of these lands from the  
Indians cost the government \$18,000,000.  
As the supreme court yesterday decided  
that the territory known as Greer county,  
Texas, was public domain, and therefore  
part of Oklahoma territory, an amend-  
ment was added to the bill suspending  
the public land laws over this territory,  
pending legislative action.

## ROUGH EXPERIENCE.

Crew of Disabled Schooner Worked Twelve  
Days at the Pumps.

BOSTON, March 17.—The Furness line  
steamship Georgian, from London, towed  
into this port yesterday the three-masted  
schooner Van Name and King of New  
Haven, Captain Brown, which she picked  
up in a crippled condition, leaking, with  
decks swept and otherwise damaged.

Captain Brown said last night: "We  
left Baltimore on Feb. 25, bound for New  
York, with a cargo of 1154 tons of coal,  
consigned to the Consolidated Gas com-  
pany of that city, but anchored in Hamp-  
ton roads through stress of weather. We  
got under way on March 1, and had fair  
weather until reaching Fenwick's island,  
where a north-northeast gale broke and  
continued for four days, heavy waves con-  
tinually sweeping the decks until every-  
thing movable was gone and forecastle,  
galley and cabin houses flooded.

"The vessel began to make water, and  
for 12 days the crew of eight men worked  
incessantly at the pumps. The schooner  
drifted to the vicinity of Sable island,  
where, last Saturday, she was picked up  
by the Georgian. In attempting to launch  
the boat the Georgian's second officer fell  
overboard, but was quickly rescued."

## Dorchesters Are Champions.

MELROSE, Mass., March 17.—The Massa-  
chusetts Amateur Bowling league tourna-  
ment came to an end last night by the  
Dorchester Central's defeating the Mel-  
rose Highland club in the final cham-  
pionship series. The championship was un-  
decided previous to this game, as the three  
winners of the three divisions were  
obliged to play off the champions' p-  
series. Dorchester Central are the cham-  
pions, Melrose Highland second, and Les  
Miserables third.

## Death of "Kid" Madden.

PORTLAND, Me., March 17.—Michael J.  
Madden, a few years ago one of the famous  
baseball pitchers of the country, died at  
his home in this city last night, aged 28  
years. After playing with Portland in  
1885-86, he was secured by the Boston Na-  
tional League club, where he played for  
nearly five seasons, being with the Broth-  
erhood in 1890 and the American Associa-  
tion in 1891. Afterward he was with In-  
dianapolis, Providence, Haverhill and  
Portland. Madden leaves a wife and two  
children.

## Looking Forward.

BOSTON, March 17.—The board of alder-  
men yesterday, acting upon the report of  
a special committee of investigation,  
passed resolutions favoring free transfers  
on the West End Street railway, school  
children's tickets at reduced rates and  
working people's tickets at reduced rates  
for certain hours of the day. The law offi-  
cers of the city are authorized to appear  
before the legislature in behalf of legisla-  
tion to this end. The aldermen voted in  
favor of five-year terms for subway fran-  
chises.

## A Thoughtful Executive.

SALFORD, Mass., March 17.—Mayor Turner  
gave the school board a surprise last night  
in a communication demanding that an  
investigation be made into the conduct of  
the schools and charges of favoritism, and  
to what he called "a system of nagging  
and unkind fault-finding by some teach-  
ers." The mayor claims that this over-  
bearing conduct affects the nervous sys-  
tem of the young pupils, with many seri-  
ous results.

## New England Briefs.

James H. Bunnion has signed a Boston  
baseball club contract.

Miss Louise Putnam, for 20 years a  
teacher at Boston, is dead.

The sunken schooner Winslow Morse  
was raised at Winterville, Me., and will  
be taken to Bucksport for repairs.

Rev. F. E. Clark, D.D., president of the  
Christian Endeavor society, has become an  
auxiliary member of the Salvation Army.

Cambridge, Mass., recognized the 50th  
anniversary of its incorporation as a city  
by the ringing of bells and display of flags.

At Portsmouth, N. H., United States  
Marshal Campbell libeled the barge Knos  
Sole of Baltimore for \$40,000 in favor of  
New York towboats.

O. B. Clason was inaugurated as mayor  
of Gardiner, Me., and the city officials  
elected, nearly all of the incumbents being  
re-elected in office.

No license was voted at Groveland, Mass.,  
—185 to 152. The Citizens' ticket, oppos-  
ing Republicans, and consisting mostly of  
anti-A. P. candidates, was elected.

Granville T. Rogers, arrested in Halifax,  
in court at Somerville, Mass., pleaded  
guilty to the charge of stealing a diamond  
valued at \$400. His case was continued.

Owing to a northeasterly snowstorm  
yesterday the scheduled sailings of Boston  
steamers were abandoned, and the vessels  
remained tied up at their respective wharves.

Dr. Winthrop Sargent, a widely known  
resident of Roxbury (Boston), is dead,  
aged 70 years. Dr. Sargent was one of the  
best known army surgeons during the  
Civil War.

The Republicans swept Watertown,  
Mass., in the annual election, their entire  
ticket, excepting one constable, being  
elected. The no-license majority of 43 last  
year was increased to 38.

Frank L. Noble was inaugurated as  
mayor of Lewiston, Me., for the third  
time. His inaugural showed a satisfac-  
tory financial condition. The Republicans  
elected their full ticket of municipal offi-  
cers.

Charles H. Gates, widely known years  
ago as a banker, died at Boston, aged 80  
years. He was born in Montreal. Mr.  
Gates was a Harvard man, and became  
professor of modern languages at Brown  
university. For the past 12 years he had  
been writing and teaching.

**HOOD'S PILLS** cure Liver Ills,  
Biliousness, Indigestion, Headache,  
A pleasant laxative. All Druggists.

All goods delivered FREE at residences in Quincy.

## Spring Carpets

Two points in which we excel:—

Private Patterns.  
High-Grade Goods at Moderate  
Prices.

Think over what this means.  
It means that you need not cover your floors with  
carpets of hackneyed patterns; that, on the contrary,  
exclusive and fresh designs are at your disposal.  
It means that you need pay no more money for the  
best, than poorer grades cost elsewhere.  
We solicit your orders on this basis.

**JOHN H. PRAY, SONS & CO.,**  
CARPETS AND UPHOLSTERY,  
658 Washington St. (Opposite Boylston St.), Boston.

Established 1817.

Represented in Quincy by Mr. O. A. Hayward.

## It Will Pay You

To inspect our new styles of **Shoes** before  
buying. With the coming of Spring we are ad-  
ding new lines from the samples of the most re-  
liable manufacturers, and can show a stock of Shoes  
that will, for style and service, be as good as it  
is possible to buy.

**GEO. W. JONES,**  
ADAMS BUILDING, QUINCY.

## GOOD POTATOES

ARE HARD TO FIND.

## We Have Them!

Fresh Pork, 10c. lb.

Fresh Killed Fowl, 14c. lb.

### Midnight Fire.

The alarm from Box 42 at 12.45 A. M.  
followed a few moments later by a second  
round from the same box was for a fire in  
the paint shop of M. W. Frolund at Brew-  
er's corner.

The alarm did not work just right owing  
to the storm and the first round of the first  
alarm came in 52 at the central station  
while on other bells it came in 42.

Hose 1 took the box as 52 and started for  
Wollaston. The Hook & Ladder and  
Steamer got the second round correct and  
started for Box 42. The Hook & Ladder  
got away from the house all right but the  
Steamer met with an accident and did not  
go.

It seems that four horses were hitched to  
the steamer and it was the first time they  
had ever worked together they became  
unmanageable and in going out of the house  
the pole was broken.

Hose 3 from West Quincy arrived all  
right and put two streams of water on the  
fire which was confined to the corner where  
it started. The loss will not exceed \$75.  
The cause was probably spontaneous combus-  
tion.

### School Attendance.

Report of the Quincy schools for the  
month ending Feb. 21. H. W. Lull,  
Principal.

Date	Whole Number at School	Average Daily At- tendance	Teachers	Dismissals	Cases of Truancy
High	292	273.4	92.8	7.26	0
Adams	379	363.9	94.4	55.21	0
Coddington	345	313.4	92.4	5.11	0
John Hancock	350	325.1	95.2	5.27	0
Lincoln	410	390.6	99.9	30.21	2
Quincy	249	237.1	90.7	2.54	1
Washington	247	233.2	91.4	18.29	0
Willard	709	714.1	94.0	13.55	1
Wollaston	394	364.8	91.6	8.89	0
Feb. 1896	3375	3215.6	92.8	143.39	4
Feb. 1895	3355	3031.9	92.1	139.22	2
Jan. 1896	3647	3359.6	94.5	165.31	1
Jan. 1895	3470	3211.5	95.8	186.22	1

\*A great deal of sickness and severe weather.  
\*The loss is mostly in lowest grades.

### BRAINTREE.

The "second edition" of town meeting  
took place Monday. The appropriation  
committee fought every attempt to in-  
crease appropriations with all the eloquence  
they possessed. Every question brought  
out a full discussion.

The school appropriation is less than  
last year and it was on this question that  
much time was spent.

The discussion over the question of in-  
creasing the water debt also brought out a  
warm debate. It was finally voted to issue  
bonds to the amount of \$20,000 for this  
purpose. The flow of oratory continued  
till 5 o'clock, when the meeting adjourned  
to March 24, at 7.30 P. M.

### Advertised Letters.

At Wollaston post office, Monday, March  
16:  
Mr. George Alexander, Miss Lillie E.  
Bates (2), Mr. A. C. Beal (3), George A.  
Bent, Mr. Robert Boyd, Mrs. Abby Chap-  
man, Mrs. M. H. Graham, Miss Nettie  
Holbrook, C. A. Johnson, Miss Johanna  
Nilson, Mrs. Walter Parker.

### Deafness Cannot be Cured

By local applications, as they cannot reach the  
diseased portion of the ear. There is only one  
way to cure Deafness, and that is by constitu-  
tional remedies. Deafness is caused by an in-  
flamed condition of the mucous lining of the  
Eustachian Tube. When this tube gets inflamed  
you have a rumbling sound or imperfect hear-  
ing, and when it is entirely closed Deafness is  
the result, and unless the inflammation can be  
taken out and this tube restored to its normal  
condition, hearing will be destroyed forever;  
nine cases out of ten are caused by catarrh,  
which is nothing but an inflamed condition of  
the mucous surfaces.  
We will give One Hundred Dollars for any  
case of Deafness (caused by catarrh) that can  
not be cured by Hall's Catarrh Cure. Send for  
circulars, free.  
F. J. CHENEY & CO., Toledo, O.  
Sold by Druggists, 75c.

Headache! Glasses relieve many.  
Consult Williams, practical optician, 104  
Hancock street. Scientific test free.

### DIED.

FROLUND-In Quincy, Joel W. son of  
Mr. Andrew P. and Mrs. Annie Frolund,  
aged 1 year, 1 month and 22 days.  
WALSH-In Quincy, March 16, Herbert  
R. son of Mr. Wesley and Mrs. Mary J.  
Walsh, aged 2 years, 5 months and 16  
days.

### BICYCLES.

28-in., compare with \$100 wheels,  
going for \$47.25.

GUY'S COLISEUM.

## SIX IN OPPOSITION.

Prevent Passage of Schoolhouse  
Order by City Council.

Fourteen Recorded in Favor and  
Sixteen are Necessary.

Budget Submitted---Hearings on  
Quarry R. R. and Hancock Street.

It was a very busy meeting of the City  
Council Monday evening as will be seen by  
the report which follows.

The absent members were Councilmen  
Sidelinger and Rinn.

Councilman Anderson at the request of  
Mayor Adams drew the name of Arthur E.  
Baxter as a grand juror.

### Communications.

A communication was received from  
Chairman Porter of the School Board,  
correcting some statement he had made  
in the hearing at the last meeting of the  
City Council. Placed on file.

The Mayor in a communication called  
attention of the Council to the expiration  
of the contract with the Electric Light and  
Power company. To Committee on Lights.

The Mayor forwarded his estimates of the  
annual appropriations which were referred  
to the Committee on Finance.

The estimates with appropriations of last  
year are printed in this issue.

### Petitions.

Petitions for State aid were received from  
James M. Cleverly and John Faircloth.  
To Committee on State Aid.

### Report of Committees.

The Committee on Water Supply re-  
ported recommending that the report of  
the Water Commissioners be printed in the  
annual city report. Adopted.

The Committee on State Aid reported in  
favor of granting \$6 per month to Bernard  
O'Reilly. Adopted.

The Committee on Finance on order for  
\$75,000 for two schoolhouses reported an  
amendment to the order in relation to the  
payment of notes. Amendment adopted.

Councilman Claffin moved to suspend  
the rules to put the order on its final  
passage. Much time he said had been  
taken up and it now becomes the duty of  
the Council to forward the order as fast as  
possible, and as the majority of the Council  
were in favor of the Moxon plans the  
Council could not do better than pass the  
order, as he believed the best interest of  
the city required such action.

The rules were suspended and the motion  
was then on passing to be ordained.

Councilman Phillips offered an amend-  
ment that one building be built by the  
Moxon plans and one by the Bacon &  
Wright plans.

Councilman Parker was glad to see that  
the chairman of the Finance Committee  
took the stand he did and the work could  
be forwarded in no better way than by pass-  
ing the order.

Councilman Sprague said it was plain  
that it was impossible to get approval of  
any plans but those of Mr. Moxon, and if  
the Supreme Architect of the Universe  
should present plans he doubted if they  
would be accepted. He would move to  
amend by substituting \$70,000 and the  
name of Bacon & Wright in place of  
Moxon, as he believed by the latter set of  
plans a first class building could be erected,  
and by the other plans a building would be  
erected.

Councilman Parker said that in conver-  
sation with the Commissioner of Public  
Works the latter had considered them  
equal and better in some cases than the  
Wheelright plans by which the City of  
Boston was now building. If Bacon &  
Wright built its buildings Mr. Wright  
would be there every other day while Mr.  
Moxon would be there every day.

Councilman Sprague did not think that  
the executive would exercise any less care  
in one case than he would in another.

Councilman Field said it is not known  
who will erect these buildings. The  
Council were considering plans and not  
men. He did not intend to say a word  
against Mr. Moxon, he was simply speak-  
ing of his plans. The Bacon & Wright  
plans are what the city should build by.  
He hoped the amendment would prevail.  
He considered the Moxon plans what was  
known as a double header.

### Quarry Railroad Hearing.

The school house debate was interrupted  
at 8 o'clock by a hearing on the petition  
of the Quarry Railroad company, for ap-  
proval of location of proposed extension to  
the North Common.

H. T. Whitman, the engineer, said the  
length of line was one and three-tenths  
miles and that spurs would increase it to  
two and 63-100. He understood it was  
only the street crossing with which the  
Council had to deal. At Granite street  
near Swithin Bros. office an overhead  
bridge was proposed with no change of  
grade of street. Next a private way was to  
be crossed at grade, then a cart way by a  
bridge, and then Quarry street at grade  
near Hitchcock's quarry. The cost of the  
enterprise would be about \$77,000. As  
early as 1826 a quarry railroad was agitated.  
It will add to the taxable property of the  
city, as was shown by the West Quincy  
branch, and it would ease the highways.

Councilman Badger questioned if bridge  
on Granite street should not be over forty  
feet wide.

Councilman Nickerson asked if it was  
not possible to abolish grade crossings on  
Quarry street to which Mr. Whitman re-  
plied that it was not feasible.

Councilman Rice asked if location of  
Quarry street could not be changed.

There was also some further talk of a  
fifty foot bridge at Granite street.

Thomas H. McDonnell, president of the  
Quarry Railroad Co. hoped the Council  
would approve the location asked for. The  
bridge over Granite street would be high  
enough so that the grade could be raised at  
any time. It would be a very great benefit  
to the city of Quincy as it would save its  
streets from much heavy teaming. Then it  
would give employment to more men.

Representative Thompson spoke of the  
many benefits to be derived by the granite  
manufacturers. There was so much com-  
petition now that these firms should be  
given all the facilities possible.

John R. Graham appeared for the Board  
of Trade. He said the railroad was op-  
posed to spur tracks on its main line and  
the proposed spur would open up a large  
manufacturing district and furnish location  
for many branches of business which were  
seeking to locate in Quincy.

Lewis Bass appeared as a remonstrant  
to the bridge over Granite street. It would  
be a public disfigurement and a great un-  
fairness to travel over the street. It would  
injure and depreciate property. There  
would be no objection to putting the rail-  
road under the street.

Upon being asked by Councilman Nick-  
erson how much property he represented,  
Mr. Bass replied \$10,000 of his own and  
\$10,000 of Mrs. Bass.

The hearing closed at 8.50 and the mat-  
ter was referred to the Committee on  
Streets.

### Hancock Street Hearing.

The hearing on changing grade of Han-  
cock street postponed from 8.15 was then  
opened.

John F. Merrill for the petitioners said  
there now was a hollow near Cottage  
street of 10 feet fall. It was proposed to  
erect a large new building near here but it  
was so low that it would not permit of a  
cellar. The greatest fall would be two feet.

Councilman Nickerson inquired as to  
cost and was referred to Commissioner  
Knowlton and John Cavanagh, who were  
present.

Councilman Badger asked if abutters  
benefitted should not pay much of the cost,  
to which Mr. Merrill replied, "They  
might."

Herbert T. Whitman appeared as a citi-  
zen and represented the Board of Trade.  
The change was about 800 feet and would  
cost considerable. The street should also  
be widened, but that was beyond the scope  
of the petition. He estimated the cost of  
construction from \$3,500 to \$4,000.

In answer to a question by Councilman  
Nickerson, Mr. Whitman said \$4,000 was  
ample to pay for filling street, but did not  
include construction of sidewalk except to  
bring it to grade.

In response to a question by Councilman  
Field, Mr. Merrill said the amount of  
damage was about \$5,000 which was offset  
by the benefit.

John R. Graham also appeared in favor  
of petition. The syndicate he represented  
had plans for one large building and might  
build two or three more. Property was  
now taxed for \$20,000 which could be in-  
creased four times. This ought to be the  
boulevard. The Real Estate Trust com-  
pany would give the land for widening.

John Cavanagh said upon request he  
had made an estimate of cost of raising  
the buildings. His estimate was as follows:

Williams' jewelry store,	\$300
Tirrell & Sons,	900
John Hall's office,	300
Jones house and shop,	600
Old engine house,	100
Wilde's harness shop,	200
Wilde's blacksmith and wheel-	
wright shop,	700
The old brick building,	500
Clapp's store,	300

Ex-Mayor Hodges said he did not appear  
as a remonstrant to a public improvement.  
He represented the Wilson property which  
would not be improved, but the change of  
grade would damage \$2,000. If the front  
building was raised all back should also be  
raised.

James Edwards also appeared as a re-  
monstrant. He objected as a taxpayer to  
spend \$10,000 or \$15,000, to give the Trust  
Co. a cellar for their building. He would  
claim damages for his land in the rear.

The hearing closed at 9.30 and the order  
was recommended to the Committee on  
Streets.

### Schoolhouses.

Councilman Anderson moved to lay the  
matter of schoolhouses on the table. The  
motion was lost.

The amendment of Councilman Phillips  
that one schoolhouse be built by the Moxon  
plans and one by the Bacon & Wright was  
then put and lost.

Councilman Sprague withdrew his mo-  
tion to amend by substituting \$70,000 for  
\$75,000 and Bacon & Wright for S. O.  
Moxon and the motion was in passing the  
order to be ordained, which failed to re-  
ceive the necessary two-thirds vote.

The vote was as follows:

YEAS—Anderson, Badger, Barker,  
Claffin, Geary, Lamb, Little, Murray,  
Nickerson, Parker, Pinkham, Rice,  
Rideout, Russell—14.

NAYS—Cleaves, Field, Hayden, Holt,  
Phillips, Sprague—6.

Absent,—Rinn and Sidelinger.  
Not voting,—President Bryant.

Councilman Pinkham moved to recon-  
sider. Voted.

Councilman Lamb moved to lay the  
order on the table. Voted.

Upon motion of Councilman Anderson  
it was voted when the council adjourn it  
be until next Monday.

Councilman Sprague offered an order  
that the Mayor be instructed to build two  
school buildings according to such plans as

he may see fit, and that \$75,000 be appro-  
priated for that purpose.

The chair ruled the order out of order.

Councilman Sprague appealed from the  
chair. The Council however sustained the  
chair by a vote of 14 to 6.  
Councilman Anderson offered an order  
that the petition of the Quincy Quarry  
Company be allowed. To committee on  
streets.  
Adjourned at 9.45.

### QUINCY BREVITIES.

Notes from Quincy Point, Wollastop  
Atlantic, South and West Quincy.  
Watch this line grow:

Wanted, in Quincy, a large hall.

One round of Box 42 will be pulled this  
afternoon at 4.45 for test.

James Hayes, one of the conductors on  
the West Quincy line of electric, is at  
home sick with the mumps.

Auctioneer Crane will sell the homestead  
of the late C. C. Brackett, on Hancock  
street, on Thursday, at 4 P. M.

The annual meeting of the Memorial  
church society, Atlantic, is to be held at  
the church on next Friday evening.

John W. McAnaney is one of the speak-  
ers at the banquet of the Irish National  
society at the Parker house tonight.

The Quincy club go to Brockton tonight  
to play the third in the pool and whist  
tournament. They will go in a special  
electric car.

The attendance at Memorial Congrega-  
tional church, Atlantic, last Sunday was  
very large. In the evening the pastor  
gave his fourth, of a series of sermons on  
the Lord's Prayer, taking as his text "Thy  
will be done on earth as it is in heaven".  
Mrs. W. F. Cummings sang a solo at the  
evening service.

Over 600 entries have been made for the  
freddy stake to be trotted and paced at  
Readville next summer. The following  
are by John R. Graham of this city: Fly-  
away (Viking), Constantine; Kate Russell  
(Mambrine Russell), Constantine; Queen  
of Trumps (King Wilkes), Constantine;  
Elna Sontag (Electioneer), Constantine.

### TODAY'S COURT.

Frances Dimmock was arraigned for  
drunkenness at Quincy. Case continued  
until Saturday when she will pay a fine of  
\$7.

Adam Cola was arraigned for disturbing  
the peace at Quincy. Case continued until  
March 20.

Peter J. Cody was fined \$1 for violation  
of the rules of the board of health at  
Quincy.

## Hood's

Sarsaparilla as a blood purifier and build-  
ing up medicine leads everything ever  
produced. It is positively the best. Others  
may make the same claim. But there's  
this difference: We prove it. Not by an-  
tiquity, but by Merit. Not by what  
we say, but by what

Hood's  
Sarsaparilla  
does. It has  
a rec-  
ord of  
Cures unequalled in medical history.

It positively, perfectly and permanently  
cures when all other medicines fail.  
That the keen discrimination of  
the people recognizes its merit and  
the cures by Hood's Sarsaparilla, is  
shown by the fact  
that they  
buy Hood's  
Sarsapa-  
rilla in pre-  
ference and to the ex-  
clusion of  
all others.

Hood's Sarsaparilla has a larger sale than  
all other blood purifiers. It wins con-  
fidence everywhere because the state-  
ments in its advertising and testimonials  
are verified by all who take it. No other  
medicine has ever received such praise, or  
so many voluntary testimonials of won-  
derful cures. No other medicine possesses

## parilla

the peculiar combination, proportion and  
process used in preparing Hood's Sarsapa-  
rilla, and which give it merit peculiar to  
itself. This is the secret of its wonderful  
power, of its wonderful sales, of its won-  
derful hold upon the confidence of the  
people. This is why it cures Scrofula,  
Salt Rheum, Catarrh, Rheumatism, all  
Humors, Kidney and Liver troubles, Dys-  
pepsia, That Tired Feeling, builds up the  
nerves, creates an appetite and strengthens  
the whole system. Its merit, its sales, its

## THE MCKINLEY FIGURES

Not Accepted as Accurate by Every-body in Washington.

Probable Anti-McKinley Settlement of Contests

Will Throw Many Southern Votes in the Direction of Reed or Allison.

WASHINGTON, March 17.—The New York World's prediction that McKinley will have 504 of the 909 votes at St. Louis is taken here with a grain of salt. It is predicted that more than 100 votes will go into convention contested, and that the organization will have to determine between McKinley and anti-McKinley delegations.

Before this vote can be counted, it is highly probable that McKinley will control the convention, and so a good part of the contested delegations will scatter to the various candidates. Any attempt to ferret out the justice of the several claimants in this contested case, it is believed, would be a hopeless task.

The coming of the World's summary of Illinois, as ultimately for McKinley, is not justified by the facts, since Reed and Allison will divide evenly with him the vote of that state when Cullom gets off the track. Indiana's vote is also placed in the McKinley column, but will never go to him in full.

Allison will have to the last the old Harrison strength. Louisiana has been practically carried for Reed. The World's table bases its calculations on the notion that when all western favorites drop out, McKinley will be the legatee of their fortunes; this is unwarranted. Reed and Allison are respectively the second choices of more of these delegations than McKinley.

That the fight at the start will be between McKinley and the field now seems probable, and the first contest will be over the southern states, which will practically all go to double delegates. Reed and Allison are respectively the second choices of more of these delegations than McKinley.

More than any other candidate, McKinley will enter the contest with about his maximum strength. To Reed or Allison it is likely that the anti-McKinley sentiment will go with a rush and with unanimity long before the Ohio man reaches the 504 votes necessary to nominate.

Between now and June the business interests of the country will get to work in favor of a sound-money man who can be trusted. Every day the prospects of Reed's nomination brighten, despite the tremendous clamor which the McKinleyites are making.

So far, Reed has 38 uncontested votes to McKinley's 63 contested, although the latter claims a first mortgage on the 28 contested delegates already chosen, and by counting this, as stated, that General Grosvener is able to issue his bulletins asserting that McKinley is carrying a majority with him.

**Straddle Won't Go.**  
It is the conviction of every well-informed man here that the McKinley managers in Ohio have shown a fatuous misconception of the temper of both sides on the money question throughout the land. Sound-money men insist upon regarding the platform laid down in the state convention which put him in formal nomination for the presidency last week as more than a mere concession to the silver element—as a declaration in favor even of flat money.

Silver men see in it an open bid for their votes in the approaching convention, but it is not with concessions that they propose to be trapped this time. There is no doubt they are prepared to insist upon a straight-out declaration for 16 to 1 coinage without reservation or qualification—or nothing.

The annoyance and aggressiveness of the silver men have made the sound-money men equally determined, and they are quite as little disposed to consent to a compromise.

The situation is one that makes a straddle a new offense, and so McKinley's declaration of principles is as likely to handicap his canvass in the white metal states of the west and north-west as in the gold centers of the east.

**Carlisle Out For Presidency.**  
Secretary Carlisle is a candidate for the presidential nomination at Chicago, and a public announcement to that effect will soon be made by one of the secretary's close friends. In the meantime, this announcement, however, will not be made until President Cleveland has formally stated his purpose not to permit his name to be used in the convention in connection with a third term. It is learned on excellent authority that the president has fully decided upon this course, and it is expected that he will make known his determination within a short time.

Although Secretary Olney's name has been considered with favor by Democratic leaders, it is known that he does not desire the nomination. It is undoubtedly true that Mr. Carlisle's candidacy will have the support of Mr. Cleveland and the members of the cabinet. He will go before the convention as the representative of "sound-money" views of the administration.

**In Morton's Field.**  
NEW YORK, March 17.—Republican primaries, to elect delegates to assembly district conventions, which elect delegates to the state convention and congressional district conventions where delegates to the St. Louis convention will be chosen, were held in each of the 132 election districts of this city last night. The Platt men claimed to have held their own in all the districts which they now control.

**Shipping In Danger.**  
LONDON, March 17.—Terrible gales occurred yesterday in the west of England and in Ireland. The piers at Liverpool were washed over and flooded. Several derelicts and disabled vessels have been towed into the Mersey. The ship canal was made un navigable by the storm. The flying squadron had to make for Queenstown for a harbor in some distress, the vessels of the squadron having shipped large quantities of water.

**Case Dismissed.**  
RICHMOND, S. I., March 17.—Judge Smith has dismissed the indictment for manslaughter against Captain William H. Huse and Pilot James Allen of the steamer Perseus. On the evening of Aug. 26 last, the Perseus ran down the yacht Adelaide, resulting in the drowning of Robert W. Luman, Jr., the owner of the yacht.

## IN BEHALF OF ITALY.

England's Chief Object In the Projected Soudan Campaign.

Labouchere and Others Oppose the Movement.

Secretary Curzon Formally Announces the Plan of Campaign.

LONDON, March 17.—The proposed expedition up the Nile valley is the leading topic of discussion in all circles in England, and the London newspapers this morning give almost their whole space to the subject.

The political aspects of the movement have first place in the public mind, though the papers have many suggestions, also, from military authorities on the campaign. But it is noticeable that military plans that have for their object the derelict disturbances in the Soudan, without due attention to the effects upon Italy's situation in Abyssinia, are brushed aside as impracticable. In fact, it is taken for granted that practically the sole purpose of the campaign is for the relief of Italy as a friendly power, and the resulting increase of cordiality of relations with the triple alliance.

General Aylie is one of those who writes to The Times, and points out the military difficulties of the proposed operations. He suggests that it would be wise to wait for the cool season in the autumn before entering upon the campaign, advancing then by way of Suakin and Berber. But the objection is promptly urged against this argument that it would not assist Italy, which, it is pointed out, "is one of the chief aims of the government."

Mr. Curzon, parliamentary secretary of the foreign office, made a statement in the house yesterday which sets at rest all doubts, if any there were, as to the attitude of Great Britain toward the derelict, the government coming out squarely in favor of aid in sympathy with Italy in the latter's campaign in Abyssinia and justifying the course adopted by Lord Salisbury in sending an expedition against Dongola.

Mr. Curzon said that for some time past the government had heard rumors that a large and formidable advance of the derelict forces was contemplated which threatened three widely separate objective points. News had reached Cairo, he said, that large bodies of re-enforcing derelicts were being pushed forward to Dongola. The immediate objective point of the derelicts, he said, was perhaps Kassala, but there was ultimate danger, the result of which could not fail to react upon Egypt. The information which had reached the government had caused considerable anxiety, he said, the more so as the Italian forces in Abyssinia were known to be in difficulties. Then, he said, the disaster to the Italian army at Adowah, which had been heard of throughout the United Kingdom with much sympathy and regret. [Cries from the Irish benches of "No! No!" and a remark from T. M. Healy: "It served them right!"]

Mr. Curzon, resuming his remarks after the interruption, said: "Yes, sympathy which was not broken by a few dissentient voices. The Italians are not only engaged in battle with the Abyssinians, but Kassala itself is threatened by a force of derelicts, estimated to be 30,000 strong. Obviously there are at present influences at work and forces unaligned in Central Africa which, if flushed with victory, mean serious danger, not only to Egypt and British occupation thereof, but to the peace of Europe and the cause of civilization."

"The government has been in constant communication with the government of Egypt, and the opinion of the military authorities both here and in Cairo is that an advance up the Nile is necessary. Consequently an advance of British troops has been ordered to a town one-third of the distance between Wady Halfa and Dongola, and it may ultimately be made to Dongola."

Mr. Curzon said that the future actions of the government must be regulated by considerations not merely of military importance, but of political and financial moment, as well. The government was convinced that the steps which it had decided upon would act as a diversion for the relief of Kassala, and also save Egypt from a menace which, if left alone, would grow to formidable dimensions.

After the Soudan expedition reached the point mentioned between Wady Halfa and Dongola, and possibly advanced to Dongola, Mr. Curzon said it would have for its further objective point N. March Wells, between Korosko and Abu Hamel, and next Tokar, between Berber and Suakin, and

**Would Also Occupy Kassala.**  
Mr. Labouchere moved to adjourn, in order to consider the serious situation which had been revealed by the statement made by Mr. Curzon. Mr. Labouchere contended that the expedition into the Soudan was worse than needless. He complained of the hypocrisy of the British policy, and declared that financiers were at the root of the whole business.

Continuing, Mr. Labouchere quoted from a blue book the conversation which Mr. Gladstone had with the French ambassador, in which the English statesman declared that Great Britain would never attempt to occupy Dongola. The result of the present policy of the government would be that the great powers would unite and insist upon Great Britain fulfilling her pledges.

Sir Charles Dilke supported the motion of adjournment, and in so doing said that the British policy would strain Great Britain's relations with the powers for years. Dongola, he pointed out, was not in the direction of Kassala, but in the direction of Khartoum.

The motion was eventually rejected by a vote of 208 to 126.

Sir William Harcourt warned the government that any attempt to reoccupy the Soudan would be strenuously resisted. The opposition, however, went on to say, accepted Mr. Curzon's assurance that such occupation was not meditated. Arthur Balfour, the government leader, declined to commit the government beyond Akasheh. It was useless to discuss the matter further, he said. The government, however, did not dream of occupying Dongola. The advance upon Dongola, he pointed out, was the best method of producing a diversion in favor of the Italians, and involved no risk to England. The Egyptian government, he maintained, was not launching a policy of adventure.

## Baseball Grievances.

WASHINGTON, March 17.—Representatives of the minor league players are in session today to discuss matters in which they are interested, particularly with reference to the classification of players adopted by the National League at its last meeting. The sentiment is expressed that the National board is taking upon itself a burden of minor league business that could be adjusted to the satisfaction of all concerned by a board of minor league officials to work in conjunction and in concord with the National League.

**Suspected of Murder.**

LANCASTER, Pa., March 17.—William Miller, aged 28 years, has been arrested for the murder of his father, 70 years old, on Jan. 24. Charles Tinker was arrested as an accomplice.

In a young girl's life there comes a time when the careless innocence of childhood changes to the modest, blushing maidenly self-consciousness of approaching maturity. The eye is brighter; the form is rounder; there is a touch of shy coquetry in the glance—the girl has become a woman. She has entered that critical period so full of happy possibilities, yet so hedged about with the physical sufferings and dangers peculiar to her sex. It has been said that to be a woman is to suffer. Too often this is true. A woman's whole nature is so bound up in the special functions of her womanhood that any disturbance of this sensitive organism throws the whole system out of harmony. "Female weakness" causes nine-tenths of all the wretchedness which women endure. It can never be permanently relieved by "local treatments." That is generally an expensive, embarrassing, useless, make-shift. What is needed is the most powerful source of the trouble and restore health and strength directly to the internal organs. This stops the weakening drains which sap life's foundation, heals all ulcerated conditions, gives the ligaments elastic power of themselves to correct misplacement of internal organs and imparts tone, vigor and vitality to the entire feminine organism. In a word, the "Favorite Prescription" makes healthy, happy women. Dr. Pierce is the Chief Consulting Physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. He has made a life-study of women's peculiar ailments. Over ninety pages of his great work, "The People's Common Sense Medical Adviser," are devoted to the consideration of diseases peculiar to women. Successful means of home-treatment are therein suggested, making it unnecessary to employ a physician, or to submit to his "examinations" and the stereotyped, but generally useless, "local treatment." Twenty-one (21) uncut stamps, to cover cost of mailing *encl.* will bring a copy of this useful book. Address, World's Dispensary Medical Association, Buffalo, N. Y.

## Muscle Oil

### Testimony

**THE PITCHER OF THE SALEM BASE BALL CLUB SPEAKS:**  
DANVERS, July 3, 1894.  
Muscle Oil Co.:—I used your Muscle Oil for a severe sprain of the tendon caused by a hitch kick. It not only relieved the pain, stiffness and soreness, but strengthened and hardened the muscles. ### Quincy Bicycles.

It's positive comfort to ride a Quincy Wheel. Public opinion says so. The 1896 construction embodies the most desirable features and improved ideas of all other wheels. It's a wheel you'll never have to apologize for. A wheel that don't find it necessary to tie a repair shop to the guarantee, and the only wheel in the world that has courage enough to give a two years' guarantee. Beautifully finished and made just to your notion, the 1896 models are favor winners everywhere.

By special arrangement with the Quincy Cycle Co. we will handle their famous wheels exclusively in Quincy.

## HARVARD'S RED PAINT

Once More Brought Into Use In an  
Attempt to Be Funny.

"Norton's Pride" Daubed on  
Fogg Art Museum.

Live Rats In a Class Room Added to a Day's  
"Entertainment."

CAMBRIDGE, Mass., March 18.—The college yard at Harvard has again been the scene of a midnight visitation of practical jokers. Students yesterday morning discovered on the rear of the Fogg Art museum, daubed on the sandstone wall with red paint, the words: "Norton's Pride." The red paint has been readily soaked up by the soft stone, and the oil, and even the color, have sunk in so deep that a cutting of the stone will be necessary. Professor Norton's outspoken criticism of the building was the reason for the words "Norton's Pride."

The college authorities have no more of a clem in the present case than formerly, when the Louisa cross was torn down, old Massachusetts fired with red light and bombs exploded in the class room and dormitory. The present attempt at a joke is more purposeless than any which preceded, and, if the guilty ones are discovered, they will find the quality of mercy strained.

Not since the time when the much-revered statue of John Harvard was daubed with crimson to celebrate the baseball victory of 1891 has the student community been guilty of such an act as the present disfiguring of the museum. On the former occasion, too, the excess of spirits manifested itself in the frank, if not commendable, sentiment, "To him with Yale," which was carefully spelled out on the steps of Memorial hall.

In the present instance, however, the sentiment strikes no such responsive chord in the student breast as did that previous inscription, and the work is done at a time when no great victory serves to palliate the act.

The Fogg Art museum has never been a popular favorite since its unsightly proportions first jarred upon the artistic sense of Professor Norton and his class in free arts. The low semi-circular rear section has been ridiculed in the college periodicals, and the building was dubbed the "College Gas Factory."

In the very oration of last June. It is on this circular wall that the inscription was painted.

Professor Norton has been particularly outspoken in his criticism of the building, and this is the reason for the words "Norton's Pride." The students are a unit in condemning the act, and this gives ground for the belief that the perpetrators may be discovered.

The theory that this is another adventure of the old "Med Fac society" revived is strengthened by the fact that this—after several previous efforts—was achieved on Monday night, the evening when the medical faculty in early times used to hold its meeting and when the original Med Fac society used to hold its midnight orgies.

Rats! The disfiguring of the exterior of the museum was accompanied by a demonstration in recitation in fine arts yesterday morning.

A bag containing live rats was placed in one of the seats and was opened by one of the students when the recitation began. Another rat was discovered in the magic lantern used in illustrating the lectures.

The recitation developed into a farce until the innocent cause of the trouble had been captured and quiet thus restored.

ON BEACON HILL  
Testimony Against Whitney Gas Scheme—Interesting Liquor Report.

BOSTON, March 18.—The hearing on the Whitney gas bill was resumed before the committee on manufactures, and Mr. Kittredge, for the Brookline Gas company, declared the Whitney charter to be worthless for business purposes, but as being worth a good deal as a means for levying blackmail, and the coal which Mr. Whitney desires to use was given a character distinctly bad. One expert said, among other things, that the coke made from the Dominion coal—upon which so much stress has been laid—is worthless.

A large number of committee reports were received in the senate and house. Perhaps the most startling one in the lot was a bill from the committee on liquor law, requiring all liquor license fees to be paid into the state treasury. The bill is mainly directed against the city of Boston, where the revenue for licenses amounts to \$1,000,000.

The senate refused to suspend the rule to admit the resolve relative to the promotion of General Miles to the rank of lieutenant general.

The house amendments to the Springfield police bill were non-concurred in. Adverse reports were received from the committee on public health, which reported against the petition for legislation to regulate the sale of patent medicines, and to determine the matter of labor legislation by the national congress.

Ought not to pass was reported on a bill authorizing towns and cities to contract for the disposal of offal and garbage. Leave to withdraw, on a petition for an act to prohibit the feeding of garbage to food animals.

**The Braintree Observer,**  
A Weekly Established in 1878.

THE IMPORTANCE of the result of the  
caucuses and convention in this district for  
the choice of delegates to the St. Louis  
Convention is not apparent upon the face of  
it. Suppose this district should by  
chance send a McKinley delegate to the  
Convention,—it would materially increase  
the McKinley forces not so much in num-  
bers as it would in argument. With great  
force could the Major's friends urge upon  
the country that even New England, the  
home of Reed, had shown opposition to  
him and had preferred another. We feel  
that our district is about the only one in  
all New England that it is in danger of  
sending a McKinley delegate so we little  
wonder that the eyes of the State are upon  
us.

In our own city, not contrary to rule  
obtained of late peculiarity of condition  
exists. We hear that an opposition has  
developed in several parts of the city which  
in view of the condition of things ought  
never have risen. We believe the voters  
of the city have but small preference con-  
cerning the individuals who are selected  
delegates to our district convention, but we  
fancy that they have a most decided pre-  
ference that their delegates shall favor  
Speaker Reed,—Thomas B. Reed of New  
England.

SENATOR DARLING objects to spending  
thirty per cent. of the appropriation for  
Massachusetts highways for clerical work.  
It is not surprising that he should, for it is  
roads that we want.

## LATEST! HOTTER AND HOTTER.

The Third Hearing Today on  
the County Estimates.

## The Remonstrants Continue to Fight Appropriations.

More Talk About an Investigation  
by the Legislature.

The third day of the hearing by the Com-  
mittee on Counties of the Legislature on  
the estimates for Norfolk County was  
given today, and the remonstrants were  
much in evidence.

Erastus Worthington, the clerk of  
courts, was first called. At request of  
Judge French he had made an examination  
of the road decrees included in estimates  
for 1896. There were eight in all,—aggre-  
gating \$13,313.80. He itemized the same,  
showing that in some cases the work need  
not be completed until 1897, while some  
decrees expired in 1895. In some, no work  
was being done. \$15,000 was asked and  
\$5,000 to \$10,000 would be ample.

Judge French had a surprise at this  
point and asked that the committee report  
to the Legislature that an investigation  
seemed expedient.

Representative Mitchell asked if it would  
not come in better taste from citizens  
of the county, to which Mr. French re-  
plied that it seemed the proper thing for  
the committee in view of the evidence.  
Considered it their duty. Understood the  
Commissioners wanted it and that all were  
therefore agreed.

The remonstrants had much more evi-  
dence, but if there was to be an investi-  
gation it did not seem necessary to present it  
now. The county as a county could not  
act. We have shown irregularities of the  
commissioners and certainly they had nul-  
lified the law of 1895.

Judge French contended that there was  
no redress for citizens through the courts.  
He briefly reviewed the building of the  
court house.

City Solicitor Blackmur interrupted with  
the suggestion that the time had expired  
when citizens could petition this Legisla-  
ture. Relative to the highway decrees, he  
said the money for the very same streets  
was raised in 1895.

Judge French presented a statement  
from the clerk of courts showing contracts  
on file on account of court house of \$279,  
338.20, while \$358,023.84 was paid. \$78,000  
was simply upon vouchers of the architect.

In 1895 the Commissioners deceived the  
Legislative committee, and obtained \$30,000  
more for ordinary expenses than was nec-  
essary. The records show it.

He read contract with architect for addi-  
tion made when Mr. Wiggins was on the  
board.

Mr. Wiggins was asked if addition was  
made as per contract. He replied that it  
was.

Commissioner Blanchard made his first  
appearance at this point. He denied that  
addition was made by contract. Mr.  
Wiggins knew it. Judge French was here  
sailing under false colors. A ticket of  
leave man.

Mr. Wiggins explained. The work was  
done by contract. When alterations of old  
part were made it had to be adapted to  
change. There never was but one set of  
plans and specifications and he signed  
those.

Judge French reminded the committee  
that Chairman Morrill was not present as  
requested, and closed for the remonstrants.  
Judge Grover

Said the Commissioners did not object to  
an investigation, but the trouble was that  
Judge French did not know much about  
architects or public buildings.

The same methods were employed as on  
the State House and elsewhere. There  
were itemized bills for all expenditures.  
One-fourth of the original contract of \$70,  
000 was for repairs.

Former boards of Commissioners had en-  
larged the jail without special appropri-  
ation and nothing was said.

The additions to contracts had been pro-  
rata. The money had been well spent,  
and economically, and the court house  
could not be duplicated at same price.

Was surprised Judge French did not  
know how to get redress from court.

In closing he endeavored to show why  
the highway amount was necessary.

He claimed the county had passed judg-  
ment in 1894 by reelecting Mr. Morrill.  
That in 1895 there was no Democratic  
opposition.

There would be no hue and cry raised  
but for disappointed politicians. Quincy  
doesn't want it.

He agreed to no reduction of estimates.  
Chairman Dallinger asked Judge Grover  
if he had any objections to an investigation,  
and he replied no.

The hearing closed at 12:55, and there  
will be an executive meeting of the com-  
mittee Thursday.

The "Story of the Rebellion,"  
which was to be given at Hancock Hall,  
Monday evening, will be given next  
Thursday evening, March 19, at 7:45. Ad-  
mission, adults 25 cents; children, 15 cents.  
See the flyers.

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston  
Atlantic, South and West Quincy.  
Watch this line grow:

Wanted, in Quincy, a large hall.

There are several membership vacancies  
in the Wollaston Golf Club.

Another warm and pleasant day and the  
snow will be about disappeared.

Mrs. Waterhouse of Newbury avenue is  
reported as very sick with pneumonia.

Republican caucuses this evening. In  
Ward One the polls were opened at 4 P. M.

A parish sociable will be held at the  
First church, Wednesday evening. Supper  
at 6:30.

Miss Chapman of West Newton has  
been the guest this week of Mrs. John H.  
Wales.

Mr. I. Howland Jones of Wollaston,  
who has been in Europe the past two years,  
is at home.

George Gavin of South Quincy has ac-  
cepted a position on the night desk of the  
Boston Globe.

Tomorrow the C. C. Brackett estate on  
Hancock street is sold at auction by order  
of the administrator. How much for a  
valuable estate?

Miss Howard of Wollaston is visiting  
friends in New York. She will be absent  
about three weeks.

Miss Mamie F. Delano of Portland,  
Maine, is spending the week in Atlantic  
as the guest of Mrs. George W. Hill.

Sherman Gould, who has been connected  
with the store of E. H. Doble & Co. for a  
number of years, has severed his con-  
nection with that firm to enter another  
business.

The Committee on Railroads of the  
Legislature reported Tuesday a bill ex-  
tending for six months from March 28th,  
1896, the time in which the Quincy Quarry  
Railroad may locate its proposed exten-  
sion to the North Common.

Considerable interest is manifested in  
the Republican caucuses to be held tonight.  
Wards One, Two, Four and possibly  
Three are claimed by those opposed to  
Jordan and Merrill while the latter claim  
Wards One, Three, Five and Six.

Mrs. Thomas, who resides on Granite  
street, showed us yesterday some tiny but  
beautiful English snowdrops; which had  
come up and blossomed near her residence.  
The large quantity of snow on the ground  
did not prevent them from making their  
annual appearance early in the spring.

Harry Talbot was arrested Tuesday by  
Officer Fernald upon a warrant charging  
him with forging the name of John  
Fallon & Son to an order for \$20 dated  
May 10, 1895 and payable May 17, 1895.  
It is alleged that Talbot gave this note to  
W. W. Jenness in payment of a bill. A  
hearing will be held Tuesday, March 24.  
He is out on \$100 bail.

The hearing at the State House on the  
appropriation for the construction of the  
Winthrop boulevard adjourned on account  
of the death of Gov. Greenhalge, before he  
held Thursday, March 19, at 10:30, before the  
Committee on Metropolitan Affairs.  
As this is a matter of interest to Quincy in  
regard to the new boulevard, the business  
men of Quincy are urged to be present at  
this hearing.

Rev. Morton W. Plummer, Evangelist,  
gave a bible reading at the Calvary Baptist  
church Monday, at 3 P. M. It was especially  
helpful to Christian's desirous of knowing  
more of the deep truths of God's word.  
In the evening he preached to quite a  
gathering notwithstanding the storm. At  
the close of the meeting one soul deeply  
convicted of sin, accepted Jesus as his  
only one to take away sin and went away  
rejoicing in the "New Joy of Salvation."  
All are welcome to these meetings as  
they continue afternoon and evening.

Many cats and dogs in Atlantic have  
been reported as either poisoned or miss-  
ing, including a valuable dog the property  
of Mr. John T. Hunt of Squantum street,  
which was poisoned but by prompt work  
and medicine Mr. Hunt hopes to save his  
dog. The same trouble has been expe-  
rienced in Wollaston of late, so it looks  
very much as if someone in our vicinity  
had an intense interest in that kind of  
work. If the parties who are doing that  
in Atlantic are found out, they may be  
assured of a good warm reception, and  
several people are now trying to ferret  
out the rascals.

**Death of Walter J. Davis.**  
Mr. Walter J. Davis a brother of Mrs.  
Lester M. Pratt, died at the latter's re-  
sidence this morning after a lingering illness  
of consumption, aged 37 years.

Mr. Davis formerly resided in Quincy  
but of late years has resided in Roxbury.  
He came to Quincy again last December  
and has since resided with his sister, Mrs.  
Pratt. He leaves a widow and one child.

**Read Men United.**

The Peabody men have withdrawn  
Messrs. Pillsbury and Pierce as candidates  
for delegates to the convention of the  
Tenth district, and Messrs. Jordan and  
Merrill have publicly acknowledged their  
appreciation of the act which they term to  
be most magnanimous.

Headache! Glasses relieve many.  
Consult Williams, practical optician, 54  
Hancock street. Scientific test free.

## GRAND ENTERTAINMENT.

Division 5, A. O. H., Holds its  
Thirteenth Annual.

Hancock hall was filled to overflowing  
Tuesday evening on the occasion of the  
thirteenth annual entertainment under the  
auspices of Divisions 5, A. O. H., the  
entertainment being given by the Van  
Dono's Vaudeville, headed by Eddie Van  
Dono, the comical clown juggler.

The programme consisted of an act full  
of startling and funny novelties including  
the original blind folded juggling by Eddie  
Van Dono, which perfectly captivated the  
house and called for spontaneous outbursts  
of applause; Dan Haley, negro comedian;  
William A. Short, baritone; Dick and  
Kittie Hanlon the child musical prodigies;  
Frank T. Bassick the musical Dutchman;  
John J. Daley tenor soloist; Messrs. Dono-  
van, Anderson and McConnell, tumblers;  
Master Joseph Murphy the boy xylophone  
soloist; Patrick Barry the Irish fenian  
woman; D. J. Ring, comic elocutionist;  
Con Duggan original parodist and William  
Wilson, piano soloist.

The entertainment closed with a side-  
splitting afterpiece, entitled "The Siamese  
Twins" the cast being as follows:  
Dr. Graham, Mr. Ed. Donovan.  
Agent for the twins, J. W. Walsh.  
Pat Malone, R. J. Gray.  
Jim Crow, The Twins, John S. Ross.

**Do Not Despair** because you have tried  
many medicines and have failed to receive  
benefit. Remember that Hood's Sarsaparilla  
cures when all others fail to do any good  
whatever.

Hood's Pills are the best family cathar-  
tic and liver medicine. Harmless, reliable,  
sure.

## A Good Suggestion.

Why not call the proposed new Union  
Station by the good old name of "Old  
Colony?" Many have felt aggrieved at  
the disappearance in great measure of the  
old name, and it seems that this would be  
a fitting, historical name; also distinctive,  
not liable to lead to confusion as the two  
stations of the Old Colony System now  
do.—Journal.

## Hood's

Sarsaparilla as a blood purifier and build-  
ing up medicine does everything ever  
produced. It is positively the best. Others  
may make the same claim. But there's  
this difference: We prove it. Not by an-  
tiquity, but by Merit. Not by what  
we say, but by what Hood's  
Sarsaparilla does. It has a re-  
cord of  
Cures unequalled in medical history.

It positively, perfectly and permanently  
cures when all other medicines fail.  
That the keen discrimination of  
the people recognizes its merit and  
the cures by Hood's Sarsaparilla, as  
shown by the fact  
that they buy Hood's  
Sarsaparilla in rilainpref-  
erence and to the ex-  
clusion of all others.  
Hood's Sarsaparilla has a larger sale than  
all other blood purifiers. It wins con-  
fidence everywhere because the state-  
ments in its advertising and testimonials  
are verified by all who take it. No other  
medicine has ever received such praise, or  
so many voluntary testimonials of won-  
derful cures. No other medicine possesses

## Sar-sa-parilla

the peculiar combination, proportion and  
process used in preparing Hood's Sarsapa-  
rilla, and which give it merit peculiar to  
itself. This is the secret of its wonderful  
power, of its wonderful sales, of its won-  
derful hold upon the confidence of the  
people. This is why it cures Scrofula,  
Salt Rheum, Catarrh, Rheumatism, all  
Humors, Kidney and Liver troubles, Dys-  
pepsia, That Tired Feeling, builds up the  
nerves, creates an appetite and strengthens  
the whole system. Its merit, its sales, its

## MARCH 1895 BIRTHS.

The grand total of births for March last year was 56. Five arrived the first day  
and four on several days, but there were three successive days—the 20th to 22nd in-  
clusive—when no home was gladdened.

Any one noticing omissions or errors will please notify City Clerk Keith. The  
April births will appear in the next issue.

## WHIST AND POOL.

Quincy defeats Brockton at Pool but  
Loses at Whist.

About forty of the Quincy club went to Brockton Tuesday night to witness the third meet in the whist and pool tournament between the Quincy and Brockton clubs. The Quincy club came off victorious in the pool contest by 14 points but lost at whist by one point. The summary:

## AT WHIST.

## Team A.

Wadsworth and Porter, vs. Packard and Littlefield, won by Brockton by 8 points.

## Team B.

Dyer and Sears vs. Freeman and Hinkley, won by Quincy by 7 points.

The fourth and last of the series will be played Monday evening at the rooms of the Quincy club.

## The Pool Matches.

## Team A.

Graham of Quincy vs. Packard of Brockton.

Graham runs 6, 5, 12, 10, 5, 8, 9, 5, 1-69.

Packard runs, 9, 10, 3, 5, 10, 7, 6, 7, 10, 8-75.

## Team B.

Porter of Quincy vs. Brown of Brockton. Porter runs, 6, 9, 5, 8, 11, 11, 13, 5, 7-75.

Brown runs, 9, 6, 10, 7, 4, 4, 2, 10, 3-55.

The Quincy and Brockton clubs have now met on three occasions, and the grand totals show Brockton to lead at whist by 7 points, and Quincy at pool by 44 points.

**HOOD'S PILLS** cure Liver Ills, Biliousness, Indigestion, Headache. A pleasant laxative. All Druggists.

Agent for Eastman's Kodak Co.

Practical  
Upholsterers.

NO better place on earth to have your upholstery work done than at this store. No better workmen at your command. No upholsterers worthy of the name were ever content with prices so small, and there's no better time to have the work done than now before the spring hustle is on. Furniture of all kinds repaired and reupholstered, window shades made to order, carpets taken up, cleaned and relaid, mattresses to order or made over. Work done as it should be done, prompt service and quick delivery. Estimates cheerfully given.

HENRY L. KINCAIDE & CO.,

Hancock Street, Quincy.

Cars pass the door.

Telephone Connection.

## A Great Success.

The Charitable Irish Society banquet in Boston last night was a complete success. The large dining hall of the Parker house, where the meeting took place, was tastefully decorated with the national colors, as well as Ireland's emerald hue, and the dates, 1787-1896, denoted the 109 years which have elapsed since the society was formed.

There were about 100 present, the newly elected president, Hon. John F. Cronan, presiding, and Judge Timothy F. McDonough was toastmaster.

At the head table were Hon. Joseph H. O'Neill, Hon. Edward J. Flynn, Rev. Stopford Brooke, Col. W. M. Doherty, Rev. Mortimer E. Twomey, John W. McAnarney, Esq.; A. D. Cairns, representing the British charitable society; Louis M. Ross of the Scots charitable society, E. M. Polterin of the St. Jean Baptiste society and Hon. Philip J. Doherty.

Among the many eloquent and patriotic addresses, one was by our distinguished townsman, John W. McAnarney, Esq., who responded to the toast of "Ireland," and pray for the day when she may be freed from present wrongs.

## Duck's Nest Alleys.

Team C defeated team D of the Wollaston Bowling Club 2,339 to 2,162, on the Duck's Nest alleys, Tuesday evening. Lyman was high bowler on singles and totals, -202 and 498. The result:

TEAM C.			
Lyman,	138	202	158-498
Parker,	141	165	112-418
Dewson,	161	155	172-488
Bryant,	174	131	163-468
V. J. Emery,	168	150	154-467
Total,	777	803	759-2339
TEAM D.			
Reed,	154	144	163-461
Owen,	131	142	120-333
Coe,	141	117	164-422
Fratus,	162	147	173-482
Whall,	129	133	142-404
Total,	717	683	702-2162

## Leap Year Party.

A leap year party which without a doubt will be the leading society event of the season is to be given by the ladies in Music Hall, Atlantic, on Friday evening, the 27th inst. It is to be strictly private, and of a very refined character. The ladies who have it in charge intend to leave no stone unturned in the way of arrangements.

Ladies of a jealous nature will have to keep their eyes on their husbands, as they are being quickly captured by single ladies and other men's wives.

## Eighty-fifth Birthday.

Patrick Donahoe, the veteran publisher and founder of the Boston Pilot was eighty four years old yesterday. About fifty years ago he was a compositor in the QUINCY PATRIOT office and won the love and respect of his associates.

Yesterday he remained at his home, 350 Shawmut avenue, and received many tokens of loving remembrance in the shape of gifts and beautiful flowers.

## DIED.

DAVIS-In Quincy, March 18, Mr. Walter J. Davis aged 37 years and 8 months.

HARRIS-In Quincy, March 18, Russell R. son of Mr. Edwin E. and Mrs. M. Esther Harris, aged 2 years and 4 months.

CLIFFORD-In Quincy, March 17, Mrs. Cora J. M., widow of Mr. Joseph F. L. Clifford, aged 32 years and 9 months.

WHITNEY-In Milton, March 16, Mr. Joseph H. Whitney, of Central avenue, aged 73 years and 6 months.

## MR. FAXON'S BILL.

Reported Favorably by Committee of  
Legislature.

The Committee on Liquor Laws of the Legislature has reported Tuesday a bill calling for the payment into the state treasury of all liquor license fees of the commonwealth. Although the bill, as reported, is but a step, they consider it a long step in the right direction, and are hoping that it may become a law.

One clause of the bill provides that the license money shall be paid into the state treasury, and another that the state tax now levied on all cities and towns be abolished.

Mr. Faxon advocated this bill because he believes that if such a law is enacted it will benefit temperance local option in obtaining the votes of those who, although favoring temperance, are frequently led into voting for license by the consideration of the effect the license fees will have on the revenues of the city or town, as the case may be.

He claims that if the state tax is abated and the license fees paid into the treasury matters will be very nearly equalized; for, although he does not hope to get Boston and some of the other large places on the no-license idea, he does think it will effect the situation in some of the smaller places. He thinks such a law would be a brace to some of the weak spinal columns of voters who believe in no-license, but still continue to vote against it out of consideration for the license fees.

Norfolk county would gain over \$100,000.

## MILTON.

The house of John Graham at East Milton was damaged \$100 by fire at 5:40 this morning. The family were aroused by a cracking in the attic and upon investigation found a lively blaze in progress. The department responded promptly and earned the thanks of Mr. Graham for their prompt response and efficient work. The origin of the fire is a mystery.

Taylor's Anti-Headache Powders are just as harmless as water. Yet, look how powerful water is in putting out fire. Our powders cure Headache and Neuralgia in the same manner exactly. It is safe to say that these powders will cure all cases, because they never failed yet. Why not buy Taylor's and be sure about it? Get them of Leonard J. Pastor, Ph. G., 27 School street.

## SHOWED NO FEAR.

Cherokee Bill, All Round Bad Man, Hanged in Arkansas.

FORT SMITH, Ark., March 18.—Crawford Goldsby, alias Cherokee Bill, was hanged yesterday afternoon in the United States jail yard. He was baptized by a Catholic priest yesterday morning. He made a will, giving his mother his farm and worldly goods. He was cool and apparently cheerful when he met his fate. Bill got his wonderful nerve from his mother. She stood by him on the gallows without flinching or shedding a tear.

CHEROKEE BILL.

Cherokee Bill was but 30 years of age. He was born at Fort Concho, Tex., and his father was a white-skinned negro and his mother a half-breed Indian. Many murders and robberies were charged against him. The particular crime for which he was hanged was the murder of Ernest Melton, a white man, at Lenapaha, Cherokee Nation, on Nov. 8, 1894.

## LEGISLATURE ADJOURNS.

Sixty Days' Session of Kentucky Solons Was a  
Huge Farce.

FRANKFORT, Ky., March 18.—The legislature adjourned last night after a 60 days' session. The senate failed to accomplish the two important acts it had before it—the election of a United States senator and the enactment of legislation to save the state's financial reputation.

The house promptly passed the two bills that would have relieved the state government from financial distress. The senate refused even to consider these bills, from partisan reasons, preferring for the sake of political revenge to sacrifice the welfare of the state.

Governor Bradley had refused to order a special session, and the state is in a bad way. The senate special committee backed down yesterday, and offered a report that was mild when the threats to unseat the governor are considered.

In the house a resolution was passed denouncing the lawlessness and endorsing Governor Bradley to the end.

The troops had dress parade last night and left today. A mass meeting of policy holders in the Massachusetts Benefit Life Insurance association was held in Haverhill Tuesday evening. Increasing the assessments by the association was vigorously denounced. A committee was chosen to investigate the affairs and to see if the company could not be wound up.

The city of London supports only three humorous papers.

Dresses of spun glass were shown in Paris in 1868.

## Evacuation Day.

Hotel Vendome, Boston, was besieged Tuesday afternoon by a thousand or more patriotic descendants of the soldiers of the Revolutionary War, who gathered to celebrate the 120th anniversary of the evacuation of Boston by the British troops.

Nearly the whole of the lower floor was given over to them. Flags and bunting were everywhere, and nearly every one wore patriotic colors. In the hall near the main entrance was stationed Baldwin's orchestra which played all the patriotic airs. An old colonial fife and drummer in the buff and blue revolutionary uniform marched through the rooms, playing "Yankee Doodle."

The committee in charge of the celebration was Mrs. Nelson V. Titus, Mrs. Leslie C. Wead, Mrs. George F. Daniels, Mmes. Karl von Rydingsvard, Miss Julia G. Davis, Mrs. J. A. Remick, Edwin S. Barrett, Nathan Appleton, Abigail Thompson, F. H. Brown, G. E. Bowman and W. A. Watkins.

The reception began at half past two and a stream of people were greeted by the committee for over an hour. The committee was composed of Mrs. G. F. Daniels in black, trimmed with pink and jet, Mmes. Rydingsvard in gray, Mrs. L. C. Wead in blue, Mrs. Titus in buff and blue and Mr. Edwin S. Barrett.

The speakers were announced by trumpeter Thomas Henry of the Loyal Legion, and Mr. Barrett was the first speaker.

Mrs. N. V. Titus, regent of the new Quincy Chapter, in behalf of the Daughters of the Revolution and in the absence of Mrs. William Lee, the state regent, extended a welcome and read a letter of regret and greeting from Mrs. Lee.

Mme. von Rydingsvard spoke for the Daughters of the American Revolution. Mr. Luther H. Angier of Concord, an enthusiastic old man of eighty-seven spoke with much fervor and sang "Star Spangled Banner."

Mayor Quincy was expected to speak but arrived too late.

Refreshments were served in the banquet hall which was beautifully decorated with the stars and stripes. In one room the buff and the blue, the colors of the D. R.'s, predominated and in the other the blue, the colors of D. A. R.'s.

All went away from the meeting with pulses quickened and the fire of patriotism burning within them.

The following attended from Quincy:

Mr. and Mrs. N. V. Titus, Capt. and Mrs. B. R. Redman, Judge and Mrs. E. G. Pratt, Mr. and Mrs. F. F. Prescott, Mrs. Walter T. Babcock, Mrs. C. Theodore Hardwick, Mrs. W. C. Couchier, Mrs. Wm. F. Cummings, Mrs. Mary E. Chamberlin, Mrs. A. G. Durgin, Mrs. Morrison, Mrs. Henry M. Faxon, Mrs. A. H. Gilson, Mrs. Mary F. Lawton, Mrs. W. E. Simmons, Mrs. E. Fred Carr, Mrs. Thomas H. Fenno, Miss Prescott, Miss Annie L. Prescott, Miss Alice K. Prescott, Miss Emily C. Wild, Miss Mabel E. Adams, Miss Ellen M. Hersey, Miss L. F. Emery, Miss Mary E. Nightingale, Miss Belle Nightingale, Miss Melvina Phillips, Miss Hattie A. Pierce, the Misses Simmons, Miss Mary Perkins, Mr. Horace E. Spear, Miss Lottie Spear, Miss Frances Torrey.

## The Emergency Hospital.

Editors of the Daily Ledger:

The emphatic refusal of the Massachusetts legislature, by a vote of 100 to 38, to appropriate \$50,000 of the public funds to the Boston Emergency Hospital indicates neither a want of interest in humanity nor a lack of gratitude towards a manifestly deserving and very beneficial charitable institution, on the part of the law-makers of this Commonwealth. It is simply a highly gratifying indication that in order to warrant an appropriation of public funds, an institution must either be owned or controlled by the public and in no sense of the word a private institution; but be like our constitution, "of the people, by the people and for the people."

This is one of the fundamental principles of the Republican form of government and applies as well to the management of public funds, as to the adoption of a code of laws, and should be strictly enforced in all cases where an appropriation is asked, whether the institution to be benefited be charitable, educational, lay or ecclesiastical.

The Emergency Hospital is a wholly private institution, in both ownership and control and though pre-eminently worthy of donations from private sources, is not a proper object for State aid.

Very Respectfully,  
AMERICAN.

## TODAY'S COURT.

The liquors seized from Sassare Tartarini, Tomaso Soliti and Joseph Casna of Quincy were forfeited to the Commonwealth.

Alouzo Jones was fined \$5 for drunkenness at Quincy.

Michael Ahearn was fined \$5 for drunkenness at Quincy.

Sick stomach means sick man (or woman). Why not be well?

Sick stomach comes from poor food, poor nourishment, means poor health, poor comfort. Shaker Digestive Cordial means health and a well stomach.

If we could examine our stomach we would understand why it is that so little will put it out of order.

But, unless we are doctors, we never see our stomach. We only feel it. We would feel it less if we took Shaker Digestive Cordial.

Shaker Digestive Cordial makes your stomach digest all the nourishing food you eat, relieves all the symptoms of indigestion, acts as a tonic and soon makes you well and strong again.

The more you take, the less you will feel of your stomach.

At druggists. Trial bottle 10 cents.

## Liver Ills

Like biliousness, dyspepsia, headache, constipation, sour stomach, indigestion are promptly cured by Hood's Pills. They do their work easily and thoroughly.

Hood's  
Pills

Best after dinner pills. 25 cents. All druggists.

## PARTY LEADERS ANGRY

At Republicans' Outspoken Criticisms of McKinley's Boom.

Harrison Again Mentioned as  
a Possibility.

Manley Says McKinley Won't Win on First, Second or Third Ballot.

WASHINGTON, March 18.—The Chandler-Grosvenor debate is becoming acrimonious. The New Hampshire senator began by assailing the methods adopted to secure delegates for McKinley, and this utterance was immediately followed by some snappy remarks from the Ohio congressman.

Conservative party leaders are imploring both men to desist from further hostilities because of the material which their utterance is putting into the hands of the Democratic campaign managers, but neither Chandler nor Grosvenor is easily quieted.

Chandler made reply to Grosvenor yesterday by reiterating and emphasizing his former charge, saying: "I was very cautious in speaking about McKinley, but it certainly seems to me he is in the hands of unscrupulous managers. They say that this year the Republicans can elect a yellow dog if we nominate him."

"At the same time look at the situation. If we nominate McKinley we shall have to meet the charge that we tried the fat out of the manufacturers in the last campaign; that we tried to get out of them again by the nomination; that he is continuing to fry the fat to buy his election, and that as a result he will pay his political debts with a high tariff bill framed solely in the interests of the manufacturers. With such charges as these to meet on the stump the Republican campaign will be defensive instead of offensive."

Senator Thurston and Representative Aldrich of Chicago also have entered the test. The former says McKinley is sliding to the nomination on a toboggan, and that the people who are getting left are just throwing snowballs at him. Aldrich says it is wonderful, the confidence in McKinley's nomination which the Democratic press of the country is now manifesting, and adds, reflectively, "I wonder why it is?"

But the mass of congressmen on either side deplore this heated controversy, and vow that party interests are larger than those of any candidate, and that considerations of political expediency should silence Chandler and all who are inclined to speak out. The charges which Chandler makes are not to any extent denied; they are rather discouraged.

So sanguine are the McKinleyites that one New York newspaper stated that Sherman would probably be McKinley's secretary of the treasury. On reading this announcement a Massachusetts representative sarcastically remarked, "And I suppose Mark Hanna will be postmaster general, and Harrison Atwood sub-treasurer at Boston."

Darius McKimley Men.

An interesting story comes from Indiana of a move now on foot to restore general Harrison's name to the list of presidential possibilities.

This is not to be done by open instructions there or elsewhere for the ex-president, but by open canvases of the situation everywhere, showing how strong he is and how events seem shaping themselves for the necessity of naming such a man at St. Louis.

The McKinley men raise their eyebrows at this. The move, they believe, is aimed specifically at their candidate. It is but an effort, they say, to enroll the ex-president among the favorite sons and use him to help reduce the McKinley vote on the first ballot. Their favorite, they say, profited much by the withdrawal of Harrison, and this being manifest, the desire of his opponents is to try and deprive him of that gain.

But they do not believe that the scheme will work. The country, they declare, has taken Harrison at his word, as he intended that it should, and has ceased to consider him as a presidential availability. Moreover, they express themselves as confident that McKinley will win at St. Louis not later than the third ballot.

What Reed's Manager Says.

Joseph H. Manley is in town, and the Reed managers are in close conference. The probable outcome will be that from this time a very aggressive fight will be put up. Mr. Manley, with deliberation and with distinct emphasis, said yesterday:

"McKinley will not be nominated on the first ballot, nor on the second, nor on the third; and we do not think he will be nominated at all. We are not claiming everything, but are, nevertheless, saying what we shall be heard from at St. Louis."

## BURIED IN A CELLAR.

Skeleton of Murdered Man Found at  
Hartland, Conn.

Was Killed Ten Years Ago  
For His Money.

Detective on the Trail of the Slayer of  
William Davis.

WINSTED, Conn., March 19.—The search for the skeleton of William Davis, the pack peddler who was murdered for his money in Hartland 10 years ago, has been rewarded, and it is expected that the murderer will soon be arrested.

Nothing was ever heard regarding Davis from the time he so mysteriously dropped out of sight 10 years ago until a few months ago, when Detective Simmons of this town learned enough from a friend of the supposed murderer to convince him that Davis was murdered, and his body buried in the cellar of the murderer's house.

Detective Simmons and his assistants are keeping the name of the suspected murderer a secret, but they say he is under surveillance.

Ex-Deputy Sheriff Middlebrooks and two Italians drove to Hartland last Monday night to ascertain, if possible, the spot.

Where Davis' body was hidden.

They went, as instructed by Detective Simmons, to the old Kelly farm, where an old man is passing his last days in an old rooming house.

While the old man was sleeping, the sheriff and the Italians crept into the cellar through a hatchway, and began a search for Davis' bones. After digging for some time they found the skeleton behind the foundation walls.

The skeleton was packed in a box and brought here. Detective Simmons will get instructions from State Attorney Eggleston of Hartford. It is expected that the suspected murderer will be arrested within a few days.

Cephas Roberts of Winsted, who drove a stage coach through that section of the county years ago, recalls the strange disappearance of Davis, and may prove to have valuable evidence regarding various crimes committed in Hartland, Barkhamstead and Tolland, Mass., the mysteries of which have never been unraveled.

## ON BEACON HILL

Governor Greenhalge's Salary—Curious Testimony at Hearing of Wheelman.

BOSTON, March 19.—The house of representatives passed the senate resolve for an equestrian statue of General Joseph Hooker.

The labor committee reported a bill to limit the hours of labor of women and minors in mercantile establishments to 60 hours a week, under penalty of from \$25 to \$50 for each offense.

A resolve was presented authorizing the payment of \$657.14 to the widow of Governor Greenhalge, being the balance of salary which he would have received had he lived.

A monster petition has been filed asking for legislation providing that on petition of a majority of persons residing or doing business within 250 yards of a place where alcoholic liquors are sold, such place may be ordered closed.

The bill requiring three-eighths of the money received from liquor license fees to be paid into the state treasury, was laid on the table, pending disposition of the bill requiring all such fees to be turned in to the state treasury.

The senate refused to repeal the Boston registration law of last year prohibiting the use of old records to prove naturalization. The committee on banks and banking reported reference to the next general court on the petition for the incorporation of the Bay State Savings bank of Attleboro.

A hearing of interest yesterday was the Southern Union station question. Mayor Quincy of Boston submitted a new bill to the committee on railroads, and explained at length its various provisions.

Another hearing of extensive interest was in regard to the compulsory carrying of lanterns at night by bicyclists. Some very curious testimony was submitted, it appearing to be the opinion of wheelmen generally that the more that is done to prevent accidents the greater the danger of accidents occurring. Said one witness: "If the pedestrian knows I am coming, his mind begins to act and mine begins to act, and there is confusion and a collision." Another said: "The more warning a pedestrian is given, the more danger there is of a collision."

Among other hearings worthy of special mention were those relative to street railway matters and the amelioration of the condition of the motorman, and a retirement fund for schoolteachers.

The committee on election laws—two Democrats and one Republican dissenting—reported in the house a bill giving to women the right to vote on the question of granting liquor licenses.

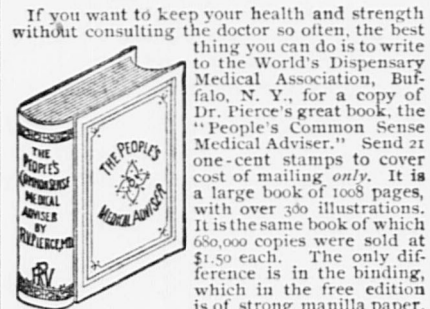

Augustine Thompson presented a petition which asks nothing less startling than the impeachment of all the justices of the supreme bench.

## Sheriff Steps In.

LOWELL, Mass., March 19.—Brother George of the Xavier society has brought suit for \$20,000 against the society. Brother George has for many years been a brother superior in the St. Patrick's parochial school here. Some time ago he desired to become a priest, and a disagreement ensued between him and his fellows. Deputy Sheriff Stiles yesterday served a writ in the suit, and attached the St. John normal school at Danvers as security for the ad damnum.

Men are often wiser than they act. They know how to be happy but sometimes they are miserable. They know there is no happiness worth the name without health; yet they neglect health. They allow dyspepsia and biliousness and constipation to get a hold on them and make life wretched. Those three complaints usually come together. Constipation affects the stomach and liver. That brings on bilious attacks and indigestion, headaches, nausea, dizziness, queer sensations of weakness and palpitation. Your nerves are unstrung, your system is sluggish. You lose ambition. The fact is your whole constitution is being slowly undermined. What you need is Dr. Pierce's Pleasant Pellets.

If you want to keep your health and strength without consulting the doctor so often, the best thing you can do is to write to the World's Dispensary Medical Association, Buffalo, N. Y., for a copy of Dr. Pierce's great book, "The People's Common Sense Medical Adviser." Send 21 one-cent stamps to cover cost of mailing only. It is a large book of 108 pages, with over 300 illustrations. It is the same book of which 80,000 copies were sold at 10c each. The only difference is in the binding, which in the free edition is of strong manilla paper.

There is no other such complete family doctor book before all are given away. They are going off rapidly, so send your order today. The above generous offer is limited to 50,000 copies.

THE QUINCY ART SCHOOL CO.

## ORATORICAL FIRE

Vigorously Launched Upon the Heads of Cleveland and Bayard.

WASHINGTON March 18.—The senate was disturbed yesterday by an unexpected storm of sarcasm and invective from Senator Vest (Mo.), directed against the president and members of the cabinet.

A comparatively minor measure was under consideration, relating to the failure of the secretary of the interior to execute the law for the opening of an Indian reservation in Utah.

This led to some sharp criticism, and finally brought Mr. Vest to his feet for a speech bristling with caustic personal reference to the president. The senator spoke of Mr. Cleveland's recent speech in New York, where, said Mr. Vest, "he stood, with the ghastly light of the bell holes and the rumblers of New York blazing upon him, and canting some home missions must be used to civilize and Christianize the west."

At another point the senator declared that if our president would pause in hunting ducks in South Carolina and silver Democrats long enough to go west, he would find a God-fearing, self-reliant people. Mr. Vest's remarks came with such fiery enthusiasm, such picturesque language and such unctuous humor that senators and spectators joined in frequent and long-continued bursts of laughter.

The Cuban question did not come up during the day, owing to the sickness of Mr. Mills, who has the floor on the subject.

The house entered upon the consideration of the resolutions concerning Mr. Bayard for speeches delivered at Boston, England and Edinburgh.

With the exception of the speech of Mr. Cousins (La.), however, the oratory of the occasion was disappointing. Mr. Hitt, chairman of the foreign affairs committee, and Mr. McCreary, who was chairman of the committee in the last congress, opened, respectively, for and against the resolutions. Mr. Draper (Rep., Mass.) announced his inability to bring himself to vote for the resolutions of censure. If the utterances were inappropriate, the punishment was too harsh.

Mr. Cousins' speech in support of the resolutions was the feature of the proceedings. He won for himself high distinction as an orator. His bursts of eloquence, set off by a keen and penetrating wit, aroused the house and the galleries to unbounded enthusiasm.

## BLOWN TO ATOMS.

Five Men Become Victims of a Powder Mill Explosion.

KINGSTON, N. Y., March 19.—A terrible explosion occurred at the Ladd-Rand powder mill at Rifton yesterday. Rifton is about six miles from this city, and yet the force of the explosion, which was closely followed by a second explosion, was plainly felt here. Five men were blown to pieces, and it was with difficulty that the identification of the missing could be arrived at.

About 50 men were employed at the mill, and many of them were hurt. It was about 11 o'clock when the calamity occurred. The glazer and dryhouse went up, shattered to atoms, with the terrible force of the explosion. Only five men were engaged at work in that department, and those were the five who were killed. What caused the explosion will never be known. Almost immediately an adjoining building took fire, and it, too, was blown to pieces.

The terrified workmen tried to reach places of safety, but many of them were struck by flying embers. The entire surrounding village was shaken to its foundation—all the windows for miles around were broken, and the buildings close to the powder mills tottered as though they, too, would fall.

In all, 30,000 pounds of powder were destroyed, and the loss to the company is placed at \$100,000. Four of the men killed were married. Their bodies were frightfully mutilated, portions of them being scattered among debris far from the scene of the explosion.

## Bogus Count Indicted.

NEW YORK, March 19.—The grand jury yesterday indicted for grand larceny M. Amante Reviere, alias "the Count," on complaint of Leode Rogge, who occupied a stateroom with the "Count" on the steamship Friesland, from Antwerp, to this port. He was arrested in Richmond, and is wanted for a supposed knowledge of the Burden diamond robbery.

## Ammunition Pentiful.

PRETORIA, March 19.—At the trial of the members of the Johannesburg reform committee yesterday, an employee of the "Simmer Jack" mine testified to seeing arms and maxims guns unloaded from tanks. He estimated that 300 cases of rifles and 24 maxims were received.

QUINCY is an honorable name and one  
which Boston has often honored; thrice  
electing a gentleman of that distinguished  
name to the Mayorship, and in other ways,  
notable the naming of the large market,  
Quincy Market. But Quincy depot, in  
honor of Major Quincy, as suggested by  
the Herald as the name for the proposed  
southern union station, will not be  
seriously considered, however appropriate.  
It would lead to no end of confusion with  
our own municipality. Two depots of the  
same name on one railroad, within eight  
miles of each other, is out of the question.  
The most appropriate name yet suggested  
is "Old Colony Depot," and we hope to  
see it adopted.

THE DESIRE of the residents of Granite  
street, to have the new Quarry railroad  
run under the street rather than over it,  
should be thoughtfully considered by the  
City Council. An overhead bridge is un-  
sightly and so will be the railroad elevated  
on the South Quincy side. No excavations  
would be necessary on this side of the  
street for the road bed, and spur tracks  
could be run from it to develop the land  
for manufacturing purpose. Whether it  
would be as easy to sink the track on the  
other side of Granite street is not so plain.

## A LONG PETITION.

Half a Thousand Milton People Want  
Street Railway Extended.

Milton people want a street railway, and  
want it bad, a fact that is very evident by  
a monster petition containing 475 names  
which has been presented to the Quincy &  
Boston street railway, asking them to ex-  
tend their line from the present terminus  
in East Milton to Mattapan, there to con-  
nect with the Norfolk & Suburban street  
railway for Dedham.

The 475 names on the petition, for the  
most part, include all the property holders  
along the line of the proposed extension,  
as well as many of the prominent citizens  
of the town and also own property in other  
sections which they realize would be bene-  
fitted by the advent of a street railway such  
as that proposed.

President Graham of the Quincy and  
Boston street railway, when seen in rela-  
tion to the petition, said, "Our company  
is ready and willing to build the road just  
as soon as a location is granted. It is well  
known that Milton is unfortunately situ-  
ated as regards transportation facilities,  
as its villages are so isolated from each  
other that ready communication between  
them is next to impossible, and because of  
this impossibility the citizens are often put  
to a great inconvenience, which would be  
entirely done away with by the building of  
the line asked for. Milton has in the past  
been rather adverse to street railways, but  
with these progressive times it is evident  
that it is only a question of time when  
electricity must supplement the use of  
horses as a means of transportation be-  
tween the several villages."

A special town meeting will shortly be  
called by the selectmen to take action on  
approving the location laid out by them for  
this extension.

## WAS A MARKED MAN.

Ex-Senator Merrill Fails to  
Carry his own City.

All the Delegates However are  
Probably for Reed.

The Republican Caucuses Last Night  
—Some Surprises.

Republican caucuses to elect delegates  
to the state and congressional conventions  
were held in all wards of the city Wednes-  
day evening, and in most cases were largely  
attended. There seemed to be no general  
feeling in regard to the delegates to the  
state convention the contest being on  
those for the congressional convention.  
In this respect it was the fight of the last  
municipal caucuses renewed, and like in  
those the Hammond adherents came off  
victorious in Wards One, Two, Three and  
Four.

In these wards the Hammond men pre-  
dominated and it was seen early that those  
who favored Mr. Merrill would be defeated,  
for that was what the fight was over.

It will be remembered that Mr. Merrill  
was not a Hammond man at the last  
municipal election and that very few, if  
any, of the Hammond men were among  
those who received invitations to be present  
at the first meeting called to organize a  
Republican club, and the caucuses Wed-  
nesday evening showed conclusively that  
they had not forgotten these facts.

There were rumors Wednesday that  
those opposed to Mr. Merrill were  
favorable to McKinley and this rumor was  
used as a handle to elect Merrill delegates  
at the caucuses, but it did not work.

Several of the anti-Merrill delegates  
elected Wednesday evening, when asked as  
to who they favored, were unanimous in  
saying that they were for Reed, and the  
only fight they had was to defeat Mr.  
Merrill.

In some of the wards attempts were  
made to pledge the delegates for Reed but  
in this they were unsuccessful, except in  
Wards Five and Six, the two wards which  
brought the regular Republican nomination  
last December.

To sum the matter up, Mr. Merrill only  
secured seven out of the twenty-one dele-  
gates elected, four from Ward Five and  
three from Ward Six, while Wards One,  
Two, Three and Four having fourteen dele-  
gates are for anyone but Mr. Merrill.

The doings in the several wards are re-  
ported below:

### Ward One.

The polls in Ward One were opened from  
4 to 9 P. M. Isaac M. Holt was chairman  
and Edgar G. Cleaves secretary. The vote  
resulted as follows, the anti-Merrill dele-  
gates being elected:

STATE DELEGATES.  
\*Charles A. Howland, 116  
\*John W. Nash, 105  
\*Isaac M. Holt, 99  
\*George W. Prescott, 94  
\*Theophilus King, Jr., 52  
John O. Hall, 51  
Western W. Osborne, 45  
James L. Edwards, 45

### CONGRESSIONAL DELEGATES.

\*John W. Hall, 114  
\*Archibald F. McLeod, 106  
\*Albert G. Dilliver, 99  
\*Andrew O'Sen, 97  
Russell A. Sears, 53  
Joseph C. Morse, 50  
Wilson Marsh, 55  
E. W. Henry Bass, 53

### Ward Two.

The Quincy Point caucus was well at-  
tended, the Hammond men being out in  
force and having everything their own way,  
notwithstanding the feeble efforts of the  
Merrill supporters to carry the ward.

Representative T. H. Newcomb called  
the caucus to order, read the call and was  
elected chairman, with John S. Gay as  
secretary.

John Shaw moved that candidates be  
nominated from the floor and the mark-  
ing list used; Voted.

A motion was made that as candidates  
were nominated from the floor, they state  
whether they favored Reed or not.  
This motion was lost but the vote was  
doubted and upon a show of hands the  
vote was: No, 23; Yes, 21.

Nominations were then made from  
the floor and marking commenced, the re-  
sult being as follows, those marked with an  
asterisk being elected:

STATE CONVENTION.  
\*Wilnot L. Spooner, 33  
\*Charles F. Colby, 36  
\*Maurice I. Gatscomb, 36  
Edwin W. Newcomb, 17  
George Crane, 14  
John Shaw, 10  
James P. Clare, 2

### CONGRESSIONAL CONVENTION.

\*John S. Gay, 48  
\*Frank E. Burrell, 45  
\*Benjamin Johnson, Jr., 44  
John R. Graham, 14  
Edwin W. Newcomb, 12  
John Shaw, 1

### Ward Three.

In this ward Frederick L. Jones was  
chairman and H. L. Kincaide secretary.  
Nominations were made from the floor  
and the voting list used, the result being  
the election of the following delegates who  
were unpledged although the Congressional  
delegates are said to be anti-Merrill.  
State.—John P. Bigelow, James Thomp-  
son, Peter W. Dakers and Price Morris.  
Congressional.—W. F. McClellan, Wil-  
liam S. Williams, Andrew Stewart and  
Joseph P. Prout.

### Ward Four.

In Ward Four the caucus was of short  
duration and while the delegates elected  
are unpledged it is a well known fact that  
they are opposed to Mr. Merrill although  
favoring Reed.

Tobias Burke was chairman and Nathan  
Ames secretary.  
The delegates were nominated from the  
floor and were elected as follows:  
State.—Jonas Shackley, Nathan Ames  
and Edward J. Sandberg.  
Congressional.—Charles L. Hammond,  
Thomas F. Burke and Andrew Erickson.

### Ward Five.

The Wollaston caucus was a tame affair,  
just such a one as a person would naturally  
expect to attend in a strong Democratic  
ward. There were but 17 voters present,  
10 of them being Reed men and the 17th a  
McKinley man. The McKinley man (Capt.  
Benj. King) had to vote for a solid  
Reed delegation or else not vote at all.  
He voted.

For the state delegation of four there  
was a tie between Mr. W. J. Wellington  
and Mr. Walter S. Pinkham. As one of  
the three who were elected was absent it  
was impossible to fill the vacancy, it being  
provided that in case of a tie the vote  
candidates who were elected should break  
the tie and fill the vacancy. As Mr.  
Wellington wished to withdraw in favor of  
Mr. Pinkham it is safe to assume that the  
latter will be elected.

Mr. Walter S. Pinkham was chairman  
of the caucus and Mr. Harry E. Gifford,  
secretary.

The result:—  
State Convention.—George F. Pinkham,  
Charles R. Sherman and H. O. Fairbanks.  
Congressional.—Charles M. Bryant,  
Richard R. Freeman, Hon. H. O. Fair-  
banks and Walter J. Wellington.

### Ward Six.

The Atlantic caucus was presided over  
by Councilman Badger as chairman, and  
Henry Von Emden as secretary.

It was voted to make all nominations  
from the floor, and vote by acclamation.  
The following gentlemen were selected  
to represent the ward in the conventions.  
State convention.—H. S. Barker, Stephen  
O. Moxon, Benj. K. Redman.

Congressional District convention.—  
Roger H. Wilde, Harry W. Reed, William  
F. Cummings.

A motion was made by Mr. Moxon that  
it be the unanimous expression of the caucus  
that the delegates be instructed to cast  
their votes for T. B. Reed delegates to the  
national convention at St. Louis. The  
motion was passed without any opposition  
whatever. So Atlantic will put herself on  
record as throwing her strength to aid the  
Reed boom.

### MILTON.

The Sunday School of the Baptist church  
went on a sleigh ride Tuesday afternoon.  
George Clements driver of Hose 2, who  
was injured some two weeks ago by being  
thrown from his horse, has reported for  
duty once more.

The Granite club are arranging for a  
social and entertainment at Rugby hall,  
March 31.

Joseph Pearce is on the sick list.  
A petition with 540 names is to be pre-  
sented to the Quincy & Boston street rail-  
way asking them to extend its line to Mat-  
tapan.

### Cattle Run Down.

The car of the Brintree, Randolph and  
Holbrook line, due in Quincy at 9 o'clock,  
ran into a drove of cattle on Independence  
avenue, near the residence of John Q. A.  
Field, Wednesday night, killing two of the  
cows and injuring several others. The car  
did not leave the rails however and the  
passengers were uninjured, except for a  
shaking up. Another car on the same line  
also ran into a swill team near the same  
place but no damage was done. The spot  
where both accidents occurred are very  
dark.

### Candle Pin Match.

Team B of the Wollaston Candle Pin  
club defeated Team C at the Duck's Nest  
alleys on Wednesday evening 1180 to 1144.  
The score:

TEAM B.	TEAM C.
Starrett	80 73 87-240
White	73 76 72-221
Brames	78 72 83-233
Simmons	76 67 75-218
Fairbanks	98 89 91-278
Totals,	405 377 408-1190

TEAM C.	TEAM B.
Hunt	66 87 72-225
Burns	80 79 83-242
Witham	75 75 75-225
Jennings	59 65 67-191
Peverley	83 88 90-261
Totals,	363 394 387-1144

### Civil Trial List.

The following case is marked for trial  
at the civil session of the District court  
next Tuesday: 4402—Palladini vs. Lu-  
cianini.

**HOOD'S PILLS** cure Liver Ills,  
Biliousness, Indigestion, Headache,  
A pleasant laxative. All Druggists.

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston  
Atlantic, South and West Quincy.  
Watch this line grow:

WANTED, IN QUINCY, A LARGE  
HALL.

Kane, the West Quincy caterer, has  
moved into the store recently occupied by  
T. L. Williams, the jeweler.

A meeting of the Hospital Aid Assoc-  
iation will be held Thursday, March 26  
from 2:30 P. M. to 4:30 P. M., in rooms of  
the Granite City club, Durgin & Merrill's  
block, Hancock street.

A very enjoyable church social was held  
at the First church Wednesday evening  
which was largely attended. Supper was  
served at 6:30 and the balance of the even-  
ing was spent in social intercourse.

The Hancock House has changed man-  
agement, Landlord Parker having sold his  
interest to Elbridge S. Mowry of Boston,  
who comes well recommended, and will  
conduct a first class house. He has  
assumed charge.

The membership committee of the  
Quincy Yacht club has organized with  
Commodore Pettengill as chairman, and  
Mr. Walter B. Holden as secretary. Four  
new members were admitted at the first  
meeting of the committee.

Arrangements have been completed by  
the many friends of Ex-Councilman Wm.  
H. Owen for the grand testimonial concert  
to be tendered him at Music hall one night  
the coming week. Many people from  
Boston will attend and the programme  
as arranged will be very interesting and  
refined.

Mr. and Mrs. George Spooner of Canal  
street entertained about twenty-five friends  
at whist Wednesday evening. First  
honors went to Mr. Spooner and Mrs.  
Cashman, and the consolation prizes to  
Mr. W. R. Drake and Mrs. Sprague. Ices  
and salads were served, and a very enjoy-  
able evening passed.

The number 23 was struck on the First  
church bell at 7:35 Wednesday evening and  
thinking there must be a fire the crowd  
rushed to that box only to find that it had  
not been opened. Investigation showed  
that the First church bell was the only one  
to strike and how that happened is a  
mystery yet unsolved.

Mrs. B. E. Boyden entertained a num-  
ber of her lady friends at her pretty home  
on Botolph street, last Tuesday afternoon.  
Whist was enjoyed and Mrs. Safford, Mrs.  
Nichols and Mrs. Whitaker were the  
fortunate ones and carried away the  
souvenirs. A dainty collation of ices and  
cake was served by the hostess.

Among the recent important real estate  
transfers is that of Peter B. Turner to  
Henry H. Faxon, of his estate on Faxon  
avenue, comprising buildings and 7700  
square feet of land. Mr. Faxon has sold to  
the Quincy & Boston Street Railway com-  
pany a lot in the rear of the car house  
including a portion of the Turner lot and  
comprising 4070 feet.

[Continued on third page.]

## 5 Sores

In combination, proportion and  
process Hood's Sarsaparilla is peculiar  
to itself, and unequalled in merit.  
No other medicine ever possessed so  
much curative power, or reached such  
enormous sales, or made such won-  
derful cures, as Hood's Sarsaparilla.  
It is undoubtedly the best medicine  
ever made to purify, vitalize and en-  
rich the blood.

That is the secret of its success.

Read this statement:  
"When my son was 7 years of age, he  
had rheumatic fever and acute rheuma-  
tism, which settled in his left hip. He  
was so sick that no one thought there was  
any help for him. Five sores broke out  
on his thigh, which the doctor said were

## Scrofula

sores. We had three different doctors.  
Pieces of bone came out of the sores. The  
last doctor said the leg would have to be  
cut open and the bone scraped, before he  
could get well. Howard became so low  
that he would eat nothing, and one doctor  
said there was no chance for him.

"One day, a newspaper recommending  
Hood's Sarsaparilla was left at our door.  
We decided to try this medicine. Howard  
commenced taking it the last of February,  
after having been sick for a year and a

## Cured

half. He hadn't taken it a week before I  
saw that his appetite began to improve,  
and then he gained rapidly. I gave him  
five bottles, when the sores were all healed  
and they never broke out again. The  
crutches he had used for four years were  
laid aside, as he had no further use for  
them. I give all the credit to Hood's Sar-  
saparilla." Mrs. ADA L. MOODY, Fay  
Street, Lynn, Mass.

This and many similar cures prove that

## Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists, \$1.  
Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills cure Liver Ills; easy to  
take, easy to operate. 25c.

## NO LONGER DOUBTED.

Positive Understanding Between Eng-  
land and the Dreibund.

France Realizes That the  
Situation Is Serious.

Precipitated into a Position of Hostility of  
Gravest Character.

LONDON, March 19.—The campaign in  
Egypt and the vast incidental results  
which follow from it continue to exclude  
all other topics of discussion from the  
London papers. The rapprochement be-  
tween Great Britain and the dreibund is  
an accepted fact, and surmises are in-  
dulged in of an effective alliance between  
these four powers.

The Times says: A rumor was current  
in London last evening that the Italians  
had evacuated Kassala on Saturday. We  
believe the report is correct. The Times  
says, in an editorial: The evacuation of  
Kassala will entirely alter the whole situ-  
ation for Italy, and it is only too likely to  
react seriously upon the position in Egypt.  
The article also points out that England,  
with the support of the dreibund, com-  
mands a majority of the Egyptian debt  
commissioners, and, therefore, France's  
refusal to consent to the expense of the  
Nile campaign being charged to the Egypt-  
ian budget will not avail.

If the Kassala news be true, The Times  
goes on to say, the enemy will probably  
carry the war into the territory still held  
by the Italians. Under those circum-  
stances, any help rendered to Italy will  
undoubtedly be welcome to Germany  
and Austria. Whether Osman Digna  
moves in the direction of Suakin or  
Khartoum, he is assured to give the  
Egyptian troops plenty of work.

A dispatch from Cairo to The Times  
says it is reported at Port Said that Gen-  
eral Barthelet passed through there in-  
cognito two days ago. The Italian govern-  
ment has forbidden the boarding of any  
transports homeward bound.

The Cairo correspondent of The Times  
supposes that the passing ill-humor ex-  
pressed there is due to the Dongola expe-  
dition having been decided upon in Lon-  
don before consulting the khedive. "But  
the palace organ, El Moad," the corre-  
spondent continues, "which has been  
most bitter in attacking England, has  
published an address exhorting the troops  
going to the front to do their duty loyally  
and gloriously."

A Berlin dispatch to The Standard  
quotes a Brussels dispatch to The Vos-  
sische Zeitung, which says that King Leo-  
pold of Belgium is going to London in  
April to negotiate with England with  
reference to the advance of the Congo  
State troops toward the Nile.

### The Feeling In France.

A dispatch from Paris states that the  
French government gave evidence last  
night that the announcement made by  
M. Berthelot of the remonstrance he  
had offered against the Egyptian cam-  
paign up the Nile, in a conversation with  
the Marquis of Dufferin, has been taken  
much more seriously than they were pre-  
pared for.

The outbreak of approval from the  
French press and people and the popular  
clamor for even more decisive measures of  
protest seem to have alarmed the govern-  
ment and awakened an apprehension that  
they are being precipitated into a position  
of hostility to the plan of Great Britain,  
backed by the approval of the dreibund,  
which might entail the gravest conse-  
quences. The enthusiasm awakened in  
France seems to enter more into the ap-  
prehensions of the French ministers than  
the irritation abroad.

As a consequence, steps have been taken  
to dull a little the seemingly sharp edge  
of the communication made to the British  
ambassador by M. Berthelot, the minister  
of foreign affairs. The following explana-  
tion, with its distinct tone of deprecation,  
was made semi-officially last night:  
"Yesterday's note was merely a short and  
rapidly drafted summary of the objections  
which France found it necessary to formu-  
late in view of the unexpected and sudden  
decision of Great Britain.  
"France also intended to unequivocally  
intimate that she did not intend to ignore  
the matter. But this in now implies a  
hostile attitude. On the contrary, they  
think that in view of the mutual friendly  
relations, frank and outspoken language  
will contribute to the removal of misun-  
derstandings."

The interview between M. Berthelot  
and the Marquis of Dufferin was of the  
most friendly character. It was pointed  
out that it was incumbent upon the  
guardians of the Egyptian fund to ascer-  
tain the necessity for an action entailing  
large outlays, and that it was preferable  
that the attitude to be taken should be  
defined at the outset, instead of being left  
in doubt."

The serious impression produced by M.  
Berthelot's note on the Sudan situation  
continues, and has been brought home to  
the government that the words of the  
minister for foreign affairs were of un-  
usual import.

The minister for foreign affairs, in his  
semi-official statement, said: "The pro-  
posed advance up the Nile is a great sur-  
prise to the government, and will serve to  
embitter the anti-English feeling in  
France at a time when a better entente  
was promised."

M. Berthelot, in his interview with the  
British ambassador, the Marquis of Duf-  
ferin, also referred to the "gravity of the  
consequences."  
The note and the interview furnished to  
the cabinet council have brought forth  
a statement from official quarters, which  
explains that the words "gravity of the  
consequences" were only intended to ap-  
ply to the use of the Egyptian reserve  
fund, and it is added, M. Berthelot will  
later make a statement to that effect.  
Should this be the case, it would seem the  
dreibund has practically triumphed, and  
that there will be no serious opposition  
upon the part of France to the British ad-  
vance up the Nile.

The Marquis of Dufferin had another  
interview today with M. Berthelot at  
which he gave a hearing to parties interest-  
ed in body regards M. Berthelot's note as throw-  
ing down the gauntlet to England. Some  
politicians view it in the light of a practical  
ultimatum. Denunciation of England is  
heard on all sides. Nobody behind the  
scenes believes that the foreign office is-  
sued the note. It was probably drawn up  
at a cabinet council.  
The fact must be patent to all that the  
government has not played its cards very  
cleverly, because, at the moment when  
England was isolated, a false move on the  
part of France has served to bring Eng-  
land and the dreibund again into har-  
mony.

All goods delivered FREE at residences in Quincy.

## Spring Carpets

Two points in which we excel:—

Private Patterns.  
High-Grade Goods at Moderate  
Prices.

Think over what this means.

It means that you need not cover your floors with  
carpets of hackneyed patterns; that, on the contrary,  
exclusive and fresh designs are at your disposal.

It means that you need pay no more money for the  
best, than poorer grades cost elsewhere.  
We solicit your orders on this basis.

## Petition Promptly Answered.

NEW YORK, March 19.—The following has been received from the International relief committee at Constantinople: "All our available funds exhausted, 13 distributing centers calling for help, people perishing, what shall we answer?" and in response the national Armenian relief committee forwarded yesterday by cable \$10,000.

## Chicago Strike Spreading.

CHICAGO, March 19.—Nearly 2000 tailors, hitherto unaffected by the strike, quit work yesterday. About 60 shops are affected. It was reported at the strikers' headquarters that all employed on special order work for custom tailors had gone out. The strike is in sympathy with that of the cutters.

## A Kentucky Joke.

DANVILLE, Ky., March 19.—Governor Bradley was hanged in effigy here. The perpetrators of the deed are unknown, and it is impossible to identify them. The figure was very skillfully made up and topped by the famous white hat which the governor always wears. Across the breast on a card were written the words: "Riot-Alarm Bradley." It was hung up on a telephone wire which crossed Main street from the Boyle bank to a barber shop.

## "IRELAND."--A TOAST.

An After-Dinner Speech by John W. McAnarney, Esq., of Quincy.

The 159th anniversary celebration of the Charitable Irish society of Boston occurred at the Parker House on Tuesday, March 17, 1896, and John W. McAnarney, Esq., of this city was among the prominent speakers, responding to the toast, "Ireland," and the sentiment: "Erin's cry for centuries has been a protest against the supreme act of injustice by which she was deprived of her existence as an independent nation." In the words of "Bud Brier" of the Globe, "John W. McAnarney of Quincy, one of the youngest members of the Norfolk bar, roused the members of the Charitable Irish society to a high pitch of enthusiasm. His response to the toast—Ireland—was a gem of the occasion. Gifted by nature with a splendid voice and fine bearing, he held the closest attention of his auditors, and the applause bestowed was generous and well-merited. Mr. McAnarney is well-known in Knights of Columbus circles, and is the past grand knight of Quincy council.

Mr. President, Mr. Toastmaster and Gentlemen:—

Every nation has its mission from the God of infinite wisdom. Upon each is stamped a character which finds expression in the life of its people, and for unswerving fidelity to lofty ideals of religion and patriotism, pre-eminent among all stands the Queenly Isle of the Sea, whose name we greet and honor tonight.

And as the toast calls only for a response to the undying spirit of Irish Nationalism, I shall with much regret forbear to speak at length of the magnificent fidelity of Ireland to religion which is the keystone in the arch of any nation's permanence or greatness.

I shall not detain you by even an epitome of the devotion and heroism exhibited by her many martyrs, or by her ruined shrines, cathedrals and cloisters.

I shall not delay you by the slightest attempt to narrate the Godlike charity, the Christlike love for humanity manifest to the remotest parts of the world by her thousands of noble priests and bishops, those

apostles of true liberty whose lives are the radiance of that divine light of Faith which "illuminates every man that cometh into the world" and which gives to all who receive it a right "peace which the world cannot give," that peace "which surpasseth the understanding" of the votaries of Mammon.

Neither is it my privilege tonight to dwell with most reverent homage upon the angelic sweetness, the heroic beauty of the life which the sacred virgins consecrated to God have ever devoted to the sanctification of our race. 'Twould be superfluous, absolutely unnecessary to remind any man here of the debt of gratitude due from the whole world for the inestimable treasure of their labors and sacrifices in schools, in asylums, in hospitals and upon the battle field. The Sisters of Charity, of Mercy and of Notre Dame require no eulogy from mortal lips. All men, all nations recognize them as God's angels upon earth. So, to come without delay to the subject of Ireland's nationality, let us consider that it is a fact, undeniably proven, that Erin has been a nation nearly three thousand years.

A thousand years before the incarnation of Our Lord, a race of men inhabited Ireland and formed a nation skilled in all that makes a people prosperous and happy. Ireland had a government, king and parliament three hundred years before Romulus, the founder of Rome, was suckled by the she-wolf in the marshes adjacent to the Tiber.

She was centuries old before Plato was born, Pericles, Aristotle, Alexander the Great, the long list of Roman Kings, and Emperors, are of but yesterday when compared with the antiquity of Irish Nationality, and co-equal with their magnificent devotion to religion is their sublime determination to "bear all things, to hope all things, to suffer all things" rather than to yield in the slightest degree one iota of their love for freedom and independence.

What wonder, then, that self-government for 2,300 years was hardly a fitting preparation for a supine submission of Erin's fair limbs to the manacles of slavery?

Against the fierce and warlike Danes and Norwegians did she wage incessant war, during 300 years. We, who have but recently emerged from the agony of civil war, which endured scarcely one hundredth part of Ireland's struggle for life, can but faintly realize, what prodigious vitality, what sublime heroism must have been Erin's, before she cast the enslavers back into the sea.

Then dawned the darkest day in Ireland's history. Scarcely was she free from Danish oppression than bitter gloom of English invasion settled upon Ireland and for 700 years, in the language of a recent writer, her people have been "robbed of the right to make their own laws, despoiled of their lands upon every frivolous pretext or upon none at all, transformed from a simple military and farming people, whose island had been the University of Europe when learning languished in the continent, transformed into a nation of stubborn, wretched and intrepid rebels, whose career for 700 years has been an alternation of secret conspiracy and open insurrection, trampled under the cavalry of penal laws, the iniquity of which the genius of Burke confessed itself unable adequately to characterize and prostrated by a long succession of raids, of famines, of subsidies, of confiscation. Its virtues punished as crimes, its weaknesses, follies and crimes rewarded as virtues—its brave spirit strangled a thousand times. Its vitality reduced by hunger, and wasted by compulsory immigration. Its churches forfeited to a foreign crown, its schools abolished and exterminated, its leaders banished or sent to the scaffold, buried in poverty and illiteracy under a pyramid of statutes. Why should a people thus pursued know anything of its past except its horrors, or cherish anything so much as a bitter and imperishable resentment?

The sentiment of this toast is "Erin's cry for centuries has been a protest against that supreme act of injustice by which she was deprived of her existence as an independent nation."

A protest? In the name of God, why not? Enjoying for more than 2000 years, the blessing of self-government, endowed by Almighty God with numerous and magnificent sea-ports, her territory washed

by a multitude of beautiful and copious rivers, with agricultural opportunities unexcelled, with immense mines of coal and the finest iron in the world, her mines of gold and silver, her vast treasures of lead and copper, her splendid quarries of slate, granite and marble, with every natural gift for the production, manufacture, use and exportation of all materials necessary for a nation of enormous wealth, why should she not protest when crushed and ruined by accursed foreign oppression.

Why should she not protest? Her bravest and brightest sons torn from her loving embrace and scattered broadcast throughout a cold and heartless world. A world permeated and impregnated with all the malevolence that British hatred and British gold could induce.

Bereft of her manhood, Erin beholds her children supreme in the armies of both hemispheres, sublime in their courage and compelling by the grandeur of their heroism the amazement and admiration of the universe—manifesting in other countries and under other laws all the military, moral and intellectual virtues requisite to make their motherland a magnificent nation.

The Queen of the Western Ocean beholds in the coronet of the stranger, the priceless gems which ought to gleam resplendent in her own diadem.

And proud as I am of my birth in the grand old Commonwealth of Massachusetts, still do I envy those who can repeat in very truth these lines of the immortal Davis:

"She is a rich and rare land  
O, she's a fresh and fair land,  
She is a dear and rare land,  
This native land of mine.

"No men than hers are braver,  
Her women's heart ne'er waver,  
I'd freely die to save her,  
And think my lot divine.

"Could beauty ever guard her  
And virtue still reward her,  
No foe would cross her border  
No friend within it pine.

"O, she's a fresh and fair land  
O, she's a true and rare land  
Yes, she's a rare and fair land,  
This native land of mine."

Erin is yet in bondage, notwithstanding her prodigious wealth of native resources, despite the valor of her noblest warriors, despite the military genius and mighty valor of Hugh and Owen Roe O'Neill; of Hugh Roe O'Donnell, or of Ireland's greatest soldier, the ever admirable Patrick Sarsfield.

All in vain the immortal genius of Wolfe Tone, Robert Emmet, Grattan, Curran, Daniel O'Connell and Charles Stewart Parnell, each in his time endeavored, like Moses of God's chosen people, to lead the Irish race out from the yoke of the modern Pharaoh and out of the house of bondage. But the mighty Joshua, the great captain chosen to crown their work and to establish the Republic of Ireland has not yet appeared upon the horizon to herald the radiant sunburst of Freedom's day.

Her exiled sons have enlisted in her behalf the aid and sympathy of all true lovers of liberty and justice. Inhaling with every breath the glorious air of Freedom's own land—with every thought permeated by the spirit of the American Constitution, with lives growing grander and broader by contact and association with Columbia's noble sons, endowed with the majesty of American citizenship, we cry out for Liberty for Erin. We demand justice. We ask undaunted for her laws worthy of manhood, worthy of this century, worthy of the best sentiment in the civilized world, worthy of a Christian nation.

True, indeed, it is that the sympathy of the world is a blessed thing.

Its influence has been marvellous and has effected much amelioration of Ireland's countless woes. But from the limited scope of my poor knowledge of the past, I am convinced that Ireland can never obtain her independence until England changes her present form of government and erects the glorious structure of liberty for her own subjects and for Ireland, upon the ruins of the House of Lords. This aggregation of infamy mentally and financially incapable of justice to the masses, will contemptuously spurn and defeat Erin's aspirations for freedom just so long as the vile organism has strength to strike with its deadly fangs. Would to God that it may be Ireland's privilege, to be the means of crushing the head of this serpent beneath her heel clad with the armor and vengeance of liberty, so long denied. Would to God that Erin may be granted the eternal glory of annihilating the monster of iniquity that has all too long sucked the life blood from the manhood of England and Ireland.

Between these two nations no conflict need exist. England should no longer consider Ireland a dreaded competitor for the world's trade or a rival to be destroyed. America, Germany and France might better excite her fears. If every stream and brook-let in Ireland were to murmur with delight in the gladness of turning the wheel of a hundred mills or factories. If every splendid harbor contained a hundred steamships and white winged sailing vessels laden with the richest productions of which Erin's fertile bosom is capable, protected and ennobled by the flag of the Irish Republic waving in loving joy and triumph. If the millions of English capital now greedily for hazardous Egyptian, Turkish or African schemes could be directed and applied to the development of the magnificent agricultural, mineral and commercial resources of Ireland, what a superb era of prosperity would dawn for both countries. May God speed that day.

And it must dawn: Moore's prophecy must soon be fulfilled.

"The nations have fallen and thou art still young,  
Thy sun is just rising when others are set,  
And though slavery's cloud o'er thy morning hath hung  
The full noon of freedom shall beam round thee yet."

And in no more fitting words can I close than in the language of our own King of Irish Poets, the ever loved and venerated John Boyle O'Reilly:—

"Ah! We call thee Mother Erin, Mother thou in right of years,  
Mother in the large fruition, mother in the joys and tears,  
All thy life has been a symbol, we can only read a part  
God will flood thee yet with sunshine for the woes that drench thy heart.

All thy life has been symbolic of a human mother's life  
Youth's sweet hopes and dreams have vanished and the travail and the strife  
Are upon thee in the present, but thy work until today  
Still has been for truth and manhood, and it shall never pass away.

"Justice lives though judgment lingers, Angels' feet are heavy shod,  
But a planet's years are moments in the eternal day of God."

## Celery and Kola Compound.

THE current medical papers are full of the wonderful strength giving properties of the Kola nut. Scarcely one of them nowadays but what has from one to a half dozen articles on the subject. The Kola nut has proved itself a positive addition to the Materia Medica. In

## Hearn's Celery and Kola

I HAVE combined the nerve qualities of the Celery with the strength producing qualities of the Kola and offer it to the public as a specific for all cases of Nervous Debility, Sleeplessness, Nervous Dyspepsia, Exhaustion, Loss of Appetite, and that anguished, weary feeling so peculiar to all at this time of the year. I solicit of the public a trial of this preparation to prove its genuine worth. Made and sold only by

## PILLSBURY'S

### BEST

makes more bread and better bread than any other flour sold.

Leads the World.

EVERY POUND GUARANTEED.

Park & Tilford,

Acker, Merrill & Condit,

Of New York, the largest retail grocers in America, have made this their leading flour for 25 years.

If you can buy it as low as other brands — Pillsbury's Best is the brand to buy.

NO OTHER FLOUR APPROACHES IT IN QUALITY AND ECONOMY.

"Gives Universal Satisfaction."

Boston, May 21, 1895.

Mr. Henry Russell, Boston, Mass.

DEAR SIR—Our sales of "Pillsbury's Best" have steadily increased for the past ten years. We have never sold any flour that has given more universal satisfaction, and we are now as always pleased to recommend it. Yours very truly,

COBB, BATES & YERXA.

SHAW, POLLOCK & CO., Belfast, Ireland, have had the agency of PILLSBURY'S BEST for the North of Ireland for twenty years. They are selling

### 300,000

(three hundred thousand) barrels per year, and have never had a complaint on the flour in all that time.

One Boston house alone is selling 150,000 barrels of Pillsbury's Best a year. The people would never buy it at that rate but for one thing—Quality.

Quality made and quality maintains the fame of PILLSBURY'S BEST.

All the leading grocers in New England sell it.

### A REAL TUG OF WAR

Will Come After the First Ballot at St. Louis Convention.

Silverites and Protectionists Endeavoring to Unite.

Looked Upon as a Business Men's Boom For the Ohioan.

WASHINGTON, March 20.—A dispatch from New York says that The Commercial Advertiser claims that a thorough canvass by its reporters among the representative Republican leaders from every part of the country reveals pronounced unpopularity of sentiment in the belief that no nomination will be made on the first ballot in the Republican convention at St. Louis.

Only the McKinley boomers disagree. Some of them profess to believe that it is all over but the shouting. However, no forecast by cool-headed politicians unswayed by the clamor of shouting partisans concedes to McKinley anywhere near enough votes to win on the first ballot. McKinley's lieutenants claim that their champion will make big gains as soon as "favorite sons" begin to drop by the wayside, but this is vigorously disputed by the campaign managers of the rival candidates, who insist that McKinley's strength will diminish rather than increase with each succeeding ballot.

Certain it is that the McKinley hurrah methods have made a race of McKinley against the field, and it is the general belief that the Ohioan will have harder work than any other man to win over any of the delegates from the leaders in the race.

And all the McKinley noise has not lessened the ardor of the other candidates. Work on their behalf is being as vigorously pushed as ever. It is a very pretty fight as it stands.

Briefly stated, the views of leaders, as put forth in The Commercial Advertiser, are as follows:

Joseph H. Manley—McKinley will not be nominated at all. The claims of the McKinley boom are wild.

Joseph H. Choate—McKinley is the coming man.

Senator Carter—I don't know who will be ahead on the first ballot.

Senator Burrows—The tide seems running strongly toward McKinley.

Senator Allen—There will be no nomination on the first ballot.

Senator Perkins—The indications are that Allison will win the day.

Rep. Morrill—It is too soon for any candidate to claim the victory.

Rep. Northway (O.)—Allison will be nominated on the first ballot.

Rep. Walker (Mass.)—I think that Reed will be nominated.

Rep. Stone (Pa.)—The McKinley boom is the biggest at first.

Rep. Paine (N. Y.)—Morton will make a good showing and will win.

Rep. Hopkins (Ills.)—I think Morton will stand well.

Rep. Broderick (Kan.)—It looks as if Reed will be finally nominated.

Rep. Fugh (Ky.)—The fight is among Reed, Morton and McKinley.

Rep. Gamble (S. D.)—Allison is more likely to get in than any one.

Rep. Tucker (Va.)—McKinley's strength is his weakness.

Rep. Grout (Vt.)—McKinley will not have over 300 votes on first ballot.

Lieut. Gov. Storton—I expect to see Morton nominated.

Senator Page (N. Y.)—A concentration will be made on Morton.

Rep. Loxow—New York will stick to Morton until he says quit.

Ex-Senator Platt—The McKinley claims are too absurd to talk about.

Chairman Hackett—After the first ballot Morton will gain.

Defined by Carter.

At Syracuse, on Feb. 16 last, the Republican county committee adopted a rule providing that no Republican should be allowed to enroll or vote at primaries who had voted the ticket of any opposition party since the last gubernatorial election. This rule would disfranchise several thousand Republicans who were for the Independent Municipal Reform candidate for mayor at the last election. The editor of the Syracuse Post wrote Chairman Carter of the Republican national committee, asking whether or not this rule did not conflict with the call of the national committee, which invited Republicans to join in selecting delegates to St. Louis without regard to previous party affiliations. In reply, Chairman Carter writes as follows:

We are in receipt of your esteemed favor of recent date, announcing that those in charge of the regular party organization have within the last few days adopted a rule prescribing tests for enrollment at the coming Republican primaries called to limit the election of delegates to the national convention at St. Louis; that under the tests prescribed all persons unable to clearly show that they supported the entire Republican ticket at the last election will be deprived of the privilege of voting at the primaries. Your letter concluded with the following request: "Will you kindly advise me as to whether or not, in your judgment, the rule suggested does not conflict with the call of the Republican national committee."

In reply we beg leave to say that the test in question or any similar test is clearly in conflict with the call for the national convention, which reads in that behalf as follows: "The Republican electors in the several states and territories, and voters without regard to past political affiliations, who believe in Republican principles and endorse the Republican policy, are cordially invited to unite under this call in the formation of a national ticket."

This clause has been inserted in every invitation issued to the electors of the country by the national Republican committee from the organization of the party down to the present time. Every voter, without reference to past party affiliations, who now believes in Republican principles and endorses the Re-

publican policy, has been cordially invited to unite under the call in the formation of a national ticket. The only legitimate test, therefore, which can properly be applied to any voter offering his vote at a Republican primary would be embodied in the question: "Do you believe in Republican principles and endorse the Republican policy?"

It is the manifest purpose and interest of the party to extend, rather than contract, its membership. Rules in conflict with the broad, cordial invitation extended to all voters who honestly believe in Republican principles and endorse the Republican policy should be, in the party interest, discontinued and amended.

**Silver and Protection.**  
A committee of 10 persons, said to represent 225 manufacturers and \$800,000,000 of investment, and having for some of their more important members Thomas Dolan, James Dobson and Hamilton Diston of Philadelphia, are in Washington to consult with the silver Republicans of the senate with reference to a program of combined action for revolutionizing the Republican party by uniting the issues of free coinage and protection.

The manufacturers claim that their business is as seriously affected by the maintenance of the gold standard in this country as by the lack of adequate protection. They claim that the countries now most dreaded in competition with American industries are those which have the silver standard, and that our only hope of successful rivalry with them lies in purchasing raw material and paying labor on the same basis with them.

The movement represented by the visiting committee is said to be spreading throughout the manufacturing industries everywhere in this country which demand high protection. It is understood to be hinged upon the McKinley boom for the presidency, the McKinley managers understanding that they are not to allow any of the local conventions to make decisive utterances on the silver question, so as to have all the business of the national convention in hand when the time comes for effecting the final combination, if it is deemed prudent to make it.

The engineers of the new movement calculate that in view of the tariff heresies which have opened their way into the Democratic party, a great many Democrats can be bought by the free silver idea, even at the expense of swallowing the protection coupled with it. An effort is now making to take a census of the probable losses of Republican support and the probable gain of Democratic and agrarian support, and to cast up the balance between them.

The first conference was held yesterday with the Republican silver senators. The conference was preliminary to others which probably will be held, and while it resulted in no joint declaration those present expressed themselves as satisfied that an important step had been taken in bringing them nearer together. Senators Teller (Colo.), Dubois (Ida.), Carter and Mantle (Mon.), Cannon (Utah) and Jones (Nev.) were present at yesterday's meeting, as were Representatives Hartman (Mon.), Allen (Utah) and Wilson (Ida.).

**Political Sub.**

M. A. Hanna, leader of the McKinley forces, says: "The assertions made by Senator Chandler, in his recent interview, that the McKinley canvass had been one of boodle from the start to finish and that it has levied contributions from the industrial interests of the east are absolutely and unqualifiedly false."

In a letter Chairman Carter of the National Prohibition party, ex-Governor John P. St. John of Kansas writes that while he is out of the contest for the presidential nomination he will be in Pittsburgh to make a strong fight for a broad gauge platform.

Returns from the Oklahoma Republican primaries to elect delegates to the territorial convention indicate that the convention will send delegates to St. Louis instructed for McKinley.

At the Republican convention of the Sixteenth New York congressional district delegates said to be for McKinley were elected. They were not instructed. At the Republican convention of the Eleventh Michigan congressional district two delegates to St. Louis, both for McKinley, were chosen.

**Seven For McKinley.**

INDIANAPOLIS, March 20.—Republican district convention, held at the Wabash hotel yesterday, and advised received last night from eight conventions whose seven elected McKinley delegates, and one, the Second, held at Vincennes, divided its preference between McKinley and Allison.

**Shol Wife and Sister-In-Law.**

TIFFIN, O., March 20.—John Moss of New Riegel, a wealthy brick manufacturer, last night shot and fatally wounded his divorced wife and her sister, Miss Kate Smith. Mrs. Moss secured a divorce from her husband last Tuesday, and he went to her house last night and demanded her to come back and live with him. This she refused to do, and thereupon Moss began shooting. The women will die. Moss desires the village marshal to arrest him.

**Gideon's Warning.**

PHILADELPHIA, March 20.—Chairman Gideon, in this week's L. A. W. Bulletin, warns amateurs that as soon as they accept assistance from bicycle manufacturers or dealers they will be transferred to the professional class. This notice says that amateurism is the nursery of racing, and that the amateur so develops as to command the assistance of the trade, he belongs in professional ranks, and there he will be transferred by the board.

**Result Not Known.**

HABANA, March 20.—A detachment of troops, near Cardenas, have captured an expedition bringing arms and ammunition to the insurgents. These were carried to a barracks protected by the gunboat Caridad. Numerous bands of insurgents thereupon attacked the barracks. An appeal was sent to Cardenas for aid, and a column has been sent to the relief of the barracks. The result of the affair is not known definitely.

**Denies Implication.**

CHICAGO, March 20.—W. H. McNutt was arrested yesterday on suspicion of being implicated in the wire-tapping scheme last week whereby the pool rooms in this city were defrauded out of \$23,000 on a false dispatch from the New Orleans race track that the Royal Nettle had won the last race of the day. McNutt denies that he had anything to do with the New Orleans coup. He says that he knows how it was done, however.

## ROBBED MANY HOUSES.

A Cultured Thief Falls Into the Hands of Boston Police.

Refined Appearance Helped Him In His Work.

Stole Over \$2500 Worth of Valuables During the Past Two Months.

BOSTON, March 20.—A large amount of stolen property has been turned over to the police by Charles S. Lecky, who was arrested Wednesday night and confessed to being the flat thief who has been operating in Boston for some time past. He says that he has been a thief only for the last two months, but he admits that in that time he has probably broken into 25 flats and houses. The property which was recovered at his rooms is valued at \$2500, while there is much property in pawnshops yet to be recovered.

The young man is a Pole, and his real name is Stozekel, but since he has been in Boston he has been known as Charles S. Lecky. Lecky was seen leaving a pawnshop, and his appearance tallied with that of the young man seen about several of the houses where thefts had been committed. He was arrested and searched, and when several stolen articles were found upon him he confessed that he was the man wanted.

Lecky is rather a singular character as a thief, for he is of refined appearance and gentlemanly manner. He wears glasses, and looks more like a student than a successful sneak thief. He has been in Boston for about a year, but it was only some two months ago that he departed.

**From the Paths of Honesty.**

When he came to Boston he soon secured employment at the office of The Commonwealth. His work was principally that of office work, but he showed such a literary instinct that he was given opportunities to display his talent. He was allowed to write book notices, etc., and it was apparent that he had a future ahead of him in the literary line.

But he tired of that kind of work after a while, and secured the employment in the office of the Brookline Gas Light company as a clerk. While connected with The Commonwealth he had made the acquaintance of Rev. Edward Everett Hale, and when he went to work for the gas company Dr. Hale willingly went security for the young man's honesty and integrity.

As a result of Dr. Hale's endorsement, Lecky easily obtained the desired job, and while he was connected with the company showed himself to be an able and competent young man. Like a good many young men who meet with success,

**He Lost His Head.**

and it was while he was connected with the gaslight company that he first conceived the idea, so he says, of becoming a thief.

While he was connected with the company he went to the houses of several people, and by satisfying the occupants that he was an employee of the company, was allowed to enter their houses and look at the meters, on the pretense that there was something the matter with them. His refined appearance was greatly in his favor, and his honesty was never doubted.

While he made these visits he never stole anything, but instead got the lay of the premises, which aided him in committing the robberies later.

He always secured entrance to the places either by means of false keys or by prying open the doors by means of a chisel. Most of the property that he secured he could usually take away in his pockets.

The property as spread out at headquarters made a big showing, and reminded one somewhat of the Barrett exhibition.

**New England Briefs.**

The strike at the Waltham (Mass.) watch works is over.

The mayor of Lawrence, Mass., removed License Commissioner Donoghue.

Kervin N. Starbird, an expert telegrapher, died at Portland, Me., aged 36 years.

Some of the members of the Boston Athletic association threaten to secede and form a rival organization.

A. P. Rich, formerly trainer of the New York cycling team, has been engaged to take charge of the Harvard cycling team.

Judge James E. Lincoln died at Liberty, Mo., aged 59 years. Judge Lincoln's grandfather was a brother of Abraham Lincoln.

The Metropolitan Construction company offer to build the fourth subway section for Boston for \$396,613, which is the lowest of six bids.

A public memorial service to the late Governor Greenhalge is being arranged at Lowell, Mass., and Judge Lawton has been asked to deliver the eulogy.

The National India Rubber works at Bristol, R. I., have closed for an indefinite period. No reason is given for this action. About 1000 operatives are affected.

The carpenters and shoemakers in Providence connected with the American Federation of Labor will, on May 1, demand a working day of eight hours.

Rev. Robert McDonald of the Warren Avenue church, Boston, was unanimously called to the First Baptist pastorate in Fall River at a salary of \$4000 and parsonage.

Elinahtin Corrington Gavitt died in Toledo at the age of 88 years. He was a noted pioneer of Methodism in Ohio, and the author of "Crumbs from My Saddle Bag."

Fourteen new variable stars have been discovered at the Harvard observatory by the use of the Draper Memorial photographs of stellar spectra taken by Mrs. Fleming.

Mrs. Rowena Shelley of Keene, N. H., yesterday observed the 100th anniversary of her birth. She was born at Wethersfield, Vt. Her husband, with whom she lived 70 years, died in 1889.

**Carpet Lounges,**

### 1896 Quincy Bicycles.

It's positive comfort to ride a **Quincy Wheel**. Public opinion says so. The 1896 construction embodies the most desirable features and improved ideas of all other wheels. It's a wheel you'll never have to apologize for. A wheel that don't find it necessary to tie a repair shop to the guarantee, and the only wheel in the world that has courage enough to give a two years' guarantee. Beautifully finished and made just to your notion, the 1896 models are favor winners everywhere.

By special arrangement with the Quincy Cycle Co. we will handle their famous wheels exclusively in Quincy.

1896 PRICES, \$50.00, \$75.00, \$100.00.

Terms mighty easy for those who wish. Reasonable allowance for old wheels. If you want to drive cares away this spring and summer, order your wheel at once. You'll never regret the purchase of a Sterling Quincy.

**Anti-Tobacco Rally.**

The members of the Christian Endeavor  
Temperance Committee of the Evangelical  
Congregational church, believe that the  
use of tobacco and other narcotics is one  
of the greatest curses of the present time,  
and, in order to set people thinking about  
this, they have arranged to hold, in the  
auditorium of the church, on Sunday even-  
ing an "Anti-Tobacco Rally." In this  
effort, the Christian Endeavor Society of  
the church will be supported by the Y. M.  
C. A., the Quincy C. E. Union, and the  
W. C. T. U. workers of the city. Mrs. M.  
E. A. Gleason, who has charge of the  
department of narcotics of the W. C. T. U.  
is to be the speaker of the evening. Miss  
Smith, a talented soloist and a pupil of  
Sig. Augusto Rotoli of the N. E. Conserva-  
tory of Music, will lend an additional  
attraction to the service by her singing.  
The proceeds of the regular evening offer-  
ing of the church, will on this occasion, be  
devoted to advancing temperance work in  
Quincy. The public is cordially invited.

**DR. RALPH M. FOGG,**  
DENTIST.

Teeth extracted absolutely without pain by  
the use of the

**"Boston Vegetable Vapor."**

It is claimed that, while it has the re-  
quired properties of ether, chloroform,  
nitrous oxide gas, it lacks the disagreeable  
and dangerous qualities of these drugs. It  
is certainly a boon to suffering humanity to be  
relieved of the nausea too often following  
the administering of sedatives of the old  
school.—Boston Transcript.

Feb. 26. 1m

**MAY BE HAMMOND.**  
He is Now Talked as a Dele-  
gate to St. Louis.

**Merrill & Jordan May be Downed by**  
**Hammond & Sweat.**

Looking into the Future, it May be  
Postmaster Hammond.

The result of the Republican caucuses  
Wednesday night showed conclusively that  
the friends of Mr. Hammond had not  
forgotten the manner in which certain  
Republicans had bolted the ticket last  
year, and that they will leave no stone  
unturned to return the compliment.

It is possible, now, that the anti-Merrill  
delegates in Quincy may have the balance  
of power in the Tenth district convention,  
in which case it is said Mr. Hammond may  
be a candidate. The election of Mr.  
Hammond in place of ex-Senator Merrill  
seems not improbable.

The tenth district is entitled to 103 dele-  
gates, and with a full convention 52 will be  
necessary for a choice. It will be made up  
as follows:

Boston.	
Ward 13	4
Ward 14	2
Ward 15	7
Ward 19	4
Ward 20	14
Ward 22	9
Ward 24	27
Quincy	21
Milton	5

The position of the 5 Milton delegates is  
much the same as in Quincy. They are  
for Reed but are said not to be favorable  
to the candidacy of Col. J. P. Jordan and  
Mr. Merrill.

Col. Jordan's own ward is conceded to  
be against him, and if against him it is  
also unfavorable to his running mate, Mr.  
Merrill.

In Ward 24, Boston, there is a split,  
although Jordan and Merrill secured nearly  
all.  
Mr. Hammond's strength lies in a com-  
bination with the friends of Mr. Augustus  
T. Sweat, who captured Ward 20, Boston,  
with its 14 delegates.

Mr. Sweat has issued a circular declaring  
that he shall be for Reed as long as his  
name is before the convention. He has  
told the writer emphatically that he was  
for Reed first, last and all the time, and he  
also made the same statements to a  
Journal reporter at the caucus on Wednes-  
day night. The delegates chosen were  
William H. Lott, George W. Curtis, Al-  
fred A. Burnham, Jr., Joseph M. Wade,  
Elmer E. Clark, Frank H. Haynes, John  
Stalker, Nathan Adams, George F. Ingalls,  
Albert W. Lyon, Oscar L. Strout, George  
L. Smith, Warren H. Doolittle, Arthur P.  
Russell.

Each of these gentlemen, except Mr.  
Strout, were seen by a Journal reporter  
Thursday night and declared himself  
decidedly for Reed. Mr. Strout's fellow  
delegates said he also was for Reed. In  
conversation with a Journal man Mr.  
Burnham, one of the delegates, said: My  
choice is Thomas B. Reed, first, last and  
every time as long as he is a candidate. I  
want to say right here that the people are  
being led astray by the wild stories that are  
being circulated to the effect that Mr.  
Sweat and others on this delegation elected  
Wednesday night were for McKinley. This  
is a false statement, and I will vouch  
for every man on that delegation as being  
for Thomas B. Reed. There is not one of  
them who would vote in any convention  
for any man other than he. It is a Reed  
delegation, and we will go to the conven-  
tion solid for him. There will not be a  
break, and I feel sure that he will receive  
the nomination."

Mr. Hammond and his delegates in  
Quincy deny to the LEDGER that they are  
for McKinley. To a LEDGER reporter Mr.  
Hammond said he had not entered the  
field as a delegate but he may be induced to.

To sum the whole matter up locally the  
deal is said to be: First, that Merrill and  
Jordan will be defeated, second that Ham-  
mond and Sweat will be elected and third  
and last that Charles L. Hammond will be  
the next postmaster of Quincy, and that  
the gentleman who has had his eye on the  
office since he was disposed by President  
Cleveland is the next man to be punished  
for his attitude in the last municipal elec-  
tion. This will be number two, who will  
be number three.

**TODAY'S COURT.**

Manuel Johnson, Andrew Erickson and  
Mat Lagie were fined \$5 each for distur-  
bing the peace at Quincy.

The continued case of Adam Cola for  
disturbing the peace at Quincy was called.  
He was found guilty and fined \$5 from  
which he appealed.

**Impoverished Blood** causes that tired  
feeling. Hood's Sarsaparilla purifies, en-  
riches and vitalizes the blood, giving new  
life and increased vigor and vitality.

**Hood's Pills** are easy to take, easy to  
operate. Cure indigestion, biliousness, head-  
ache.

**SALESMEN** not allowed to  
misrepresent  
goods at GUY'S COLISEUM.

**Yacht Club Hop.**  
The Squantum yacht club held another  
of its social dances, Thursday night at  
Knights of Honor hall, Wollaston, which  
was quite largely attended, despite the  
stormy weather and bad walking. The  
yachtmen were out in full force, and  
with them on this voyage of pleasure were  
many of their friends and ladies. That a  
good time was enjoyed goes without say-  
ing, for anything that the Squantum boys  
manage could not be otherwise.  
Mr. Benjamin Sargent had charge of the  
floor and was assisted by Mr. Hamilton  
Flood and Mr. C. D. Sargent, the commit-  
tee of arrangements, Dr. F. A. Locke, Mr.  
Benjamin Sargent and Mr. Hamilton  
Flood, while the reception committee con-  
sisted of Commodore Burkhardt, Vice  
Commodore Flood, Secretary Campbell  
and Mesurier Crocker.  
Music was furnished by the Astrella or-  
chestra.

Among those present: Mr. Austin  
Southernland, Miss Ella York, Miss Lizzie  
Beal, Miss Grace McAlevy, Mr. M. E.  
Forrest, Mr. Geo. Ela, Miss Minnie  
Anderson, Mr. Edward Prince, Mr. Walter  
Anderson, Mrs. P. R. Glass, Mr. E. S.  
Reiley, Miss Ella Chubbuck, Mrs. F. L.  
Merrill, Miss Blanche Taylor, Mr. Eddie  
Ray, Mr. Arthur Metcalf, Mr. Fred  
Kapples, Miss Kate Black, Miss E. A.  
Wheeler, Mr. W. D. Ross, Miss E. E. Ross,  
Mrs. F. L. Wright, Mr. Percy Hull, Miss  
Fowler, Mr. M. L. Drew, Mr. Geo. Wales,  
Miss Bonnie Merrill, Miss Lizzie Sparrow,  
Miss George Miner, Miss Ida Hoyt, Mr.  
Arthur Tirrell, Mr. Frank Nellis, Miss  
Carrie Emerson, G. P. Hewitson, Mr. and  
Mrs. W. B. Grant, Mr. H. G. Stiles, Mr. S.  
Hurtle, Miss Myra Grant, Miss Kate  
Wilson.

Mr. and Mrs. G. D. Emerson, Mr. and  
Mrs. Fred Haines, Mr. and Mrs.  
W. C. Coombs, Mr. and Mrs. Gilbert Hal-  
lowell, Mr. and Mrs. Thomas Atkins, Mr. and  
Mrs. S. A. Fowler, Dr. and Mrs. Locke,  
Mr. and Mrs. Sparrow, Mr. and Mrs. A. H.  
Hall, Mr. A. E. Stephenson, Mr. Thomas A.  
Mitchell, Mr. Howard Haskins, Misses  
Lou and Gertrude Osborne, Mr. Fred Bent,  
Mr. George Haskins, Miss Edna Courtney,  
Mr. C. E. Anderson, Miss Sadie McDonald,  
Mr. Andrew Rancho, Mr. Thomas Rancho,  
Miss Lena Cleaves, Mr. Fred Coombs, Mr.  
Chester Cleaves.

**Quarterly Conference.**

Rev. Dr. J. H. Mansfield, presiding elder  
of the Boston South District of the Metho-  
dist Episcopal church, made his fourth  
quarterly visit of the present conference  
year, to the Wollaston church on Tues-  
day evening, when the quarterly conference  
met in the vestry of the church. The  
following named persons were elected  
trustees for the ensuing year: A. M.  
Bjorkman, W. R. Campbell, F. Charlton,  
A. J. Colgan, J. N. Emerson, J. L. Nesbitt,  
W. F. Nichols, W. C. Sanders, Israel  
Waterhouse. The stewards elected were as  
follows: F. Charlton, J. N. Emerson,  
Mrs. J. N. Emerson, F. F. Grant, Miss A.  
M. Merrill, J. L. Nesbitt, W. I. Powell, J.  
M. Ranson, W. C. Sanders, Mrs. W. C.  
Sanders, Mrs. R. C. Sprague, D. A. Stiles,  
W. J. Thompson.

**Women**

Who are nervous, weak, worn out  
with local troubles find pure blood,  
nerve strength, and perfect health in  
Hood's Sarsaparilla.

We do not say the above to raise  
false hope. It has been the experi-  
ence of many, very many women in  
those intensely trying periods which  
demand and consume so much

**Nervous**

force—those special physical trials we  
delicately indicate by merely using the  
words—Maid, Mother, Matron.

Like a confidential friend we suggest  
the use of Hood's Sarsaparilla, a re-  
liable blood purifier and tonic; it has  
helped many others and will help you.

"I was in poor health five years, broken  
down in strength, and appetite all gone.  
Local troubles and other weaknesses in-  
tensified my misery. Nervous sick

**Headaches**

dizziness, heartburn and pains in my  
back made me think I should never be  
well again. A friend prevailed upon me  
to try Hood's Sarsaparilla. I soon began  
to improve and in six months it restored  
me to better health than for years. I  
have found Hood's Sarsaparilla a grand  
medicine for all troubles peculiar to

**My Sex**

I am now strong and healthy and can do  
a good day's work. I stand by Hood's  
Sarsaparilla, for it cured me after other  
medicines failed." MRS. LUE DIER,  
Carlinville, Illinois.

This and many similar cures prove that

**Hood's**  
**Sarsaparilla**

Is the One True Blood Purifier. All druggists, \$1.  
Prepared only by C. I. Hood & Co., Lowell, Mass.

**Hood's Pills** are purely vegetable, care-  
fully prepared, 25 cents.

**FRANK F. CRANE**  
Auctioneer and Appraiser

Office, 4 Chestnut St., Quincy, Mass.  
Oct. 2. 1y

**QUINCY BREVITIES.**

Notes from Quincy Point, Wollaston  
Atlantic, South and West Quincy.

Watch this line grow:

Wanted, in Quincy, a large hall.

The instalment of 1895 births is crowded  
out of this issue.

Spring is only one day late. It was a  
glorious morning.

The heavy rains caused the brooks to  
overflow again last night.  
The Christian Endeavor column appears  
on the fourth page today.

Mrs. Marshall P. Nye, Coddington street,  
has been quite sick for several days.

In its summary of the week on Saturday  
the LEDGER will review the Mayor's  
budget.

The heavy rain Thursday carried off  
nearly all the snow and it is hoped there  
will be no more this year.

The public schools close this afternoon  
for the spring vacation of two weeks. The  
new term will open April 6.

An invitation has been extended to the  
Committee on Streets to take a ride over  
the Quarry railroad Saturday afternoon.

Rev. George W. Coon of Weston, a for-  
mer pastor of the Point church, will fill the  
pulpit on Sunday. Morning service at 11  
o'clock.

Manet encampment, I. O. O. F., will  
celebrate its anniversary next Wednes-  
day evening with an entertainment, dance  
and card party.

Mr. Geo. L. Burrell of Boston is giving  
free lectures each afternoon and evening  
at Faxon hall. Subject—"Before and  
Behind the Scenes."

Rev. George Benedict of Haverhill who  
preached at the Washington Street Con-  
gregational church last Sunday was greeted  
by large congregations both morning and  
evening.

Councilman Russell has the sympathy  
of his many friends in the loss of his wife,  
Jeanie B., who died this morning at his  
residence on Endicott street of con-  
sumption.

President Litchfield of the Massachu-  
setts Benefit Life Association has issued a  
public notice explaining the action of the  
association in requiring somewhat larger  
payments, and expressing a readiness to  
meet policy holders and further explain.

A pleasant sociable was held on Wednes-  
day evening March 13, by the Epworth  
League at the Wollaston Methodist Epis-  
copal church. The entertainment con-  
sisted of music, games and a spelling  
match. Ice cream and cake were served.

Mr. Albert G. Fogg, general secretary  
of the Hyde Park Y. M. C. A. will speak  
at the men's meeting in the Quincy As-  
socation rooms on Sunday at 3:30 p. m. Sub-  
ject: "The A B C of the Gospel." Solo  
singing by Mr. T. B. Emery. All men in-  
vited.

At the Calvary Baptist church today, at  
3 p. m., and 7:30 o'clock, Rev. Benjamin  
Ward, American's greatest Bible student,  
will speak on the marvelous truths of  
God's Word. Any desirous of knowing  
more of the gospel in its purity are invited  
to be present at these meetings.

The Ladies' society of the Wollaston  
Methodist church will hold a sale and en-  
tertainment on Wednesday evening next  
at the home of Mrs. W. C. Sanders, the  
president of the society on Beale street at  
7 o'clock. Aprons and other fancy articles  
will be on sale, also home made confection-  
ery, ice cream and cake. No charge for  
admission.

A meeting of the stockholders of the  
Quincy & Boston street railway will be  
held Saturday afternoon at which several  
matters of importance will come up, among  
which are to take action on increasing the  
capital stock to \$165,000; extension of its  
lines to Hingham; double tracking Han-  
cock street and rebuilding the Quincy  
Point line.

The Charles C. Brackett estate on Han-  
cock street was sold at auction on Thursday  
at the assessed value. The first bid  
Auctioneer Crane received was \$2,500, and  
with one bound it jumped to \$3,000. It  
then went by bids of \$100 and \$50 to  
\$3,000 at which price it was knocked off to  
Mr. Horace B. Spear. The estate is on the  
main street of the city, contains over  
11,000 feet of land, and includes an eight-  
room dwelling and stable.

A quiet wedding took place Monday,  
March 9, the contracting parties being Miss  
Eva Miller and Mr. James Frazer both of  
Glencoe place. The ceremony was per-  
formed by the Rev. W. R. Breed. The  
happy couple are spending their honey-  
moon at Wollaboro and Philadelphia, Pa.,  
the bride's old home. They will return by  
the way of New York. May their life be  
one of happiness is the sincere wish of  
their many friends and acquaintances.

Taylor's Anti-Headache Powders  
are just as harmless as water. Yet, look  
how powerful water is in putting out fire.  
Our powders cure Headache and Neuralgia  
in the same manner exactly. It is safe to  
say that these powders will cure all cases,  
because they never failed yet. Why  
not buy Taylor's and be sure about it?  
Get them of Leonard J. Pastor, P. O. 27  
School street.

**Joseph T. French,**  
AUCTIONEER.

OFFICE—At Stable near Depot.  
Quincy, Aug. 16. 1f

**STOP**

And think what you are missing, for owing  
to the scarcity of money we are compelled  
to close out our Fire and Water Goods still  
cheaper. Pants, 50c.; Shirts, 18c.; Boys'  
Suits, \$1.50; Socks, 5c., and other bargains  
too numerous to mention. We know you  
don't believe it, but just come and see.

ABSOLUTELY PURE

A telegram received at the Harvard observatory announces the safe arrival at the Arequipa (Peru) observatory of the immense Bruce telescope, which was shipped several months ago.

Bates college students have received word from President Thorne of the New England Intercollegiate Debating League that Tufts has decided to forfeit to Bates in the debate scheduled for April 16.

The Columbian university of Washington and Massachusetts Institute of Technology have sent entries for Pennsylvania's race meeting of April 25. This will be the first appearance of the "Teds" in Philadelphia.

Barge Enns Soule, coal laden, labelled for \$40,000 in behalf of towboat companies, was released at Portsmouth, N. H., as her owners bonded her. The amount claimed is for salvage in twice hauling her off when she went ashore.

## Adjournment Only.

WINNIPEG, March 20.—The Manitoba legislature was adjourned yesterday till April 16. In making the motion for adjournment, Premier Greenway said that the Dominion government had intimated to the government of Manitoba that they desire a conference with them on the school question, to be held at Winnipeg, and it was on this account that government asked that the house instead of prorogue.

## ON BEACON HILL

Another Roasting For Dominion Coal—Springfield Police Commission.

BOSTON, March 20.—A bill offered by Representative Keenan of Boston for the licensing of houses of ill-fame in Boston furnished the subject for a hot debate before the legislative judiciary committee, and the opposition was so pronounced that the committee promptly reported adversely on it.

To the senate, Attorney General Knowlton rendered an opinion that an act passed last year under which a town is allowed to appropriate money for tuition of children at an academy outside of the town would probably be declared unconstitutional if brought to an issue. The opinion is based on a constitutional amendment relating to money raised by taxation for school purposes. A repeal of the act will probably follow.

A defeat was recorded on a proposed legislation to allow a liquor license to become the property of the heirs at law of a licensee on his death.

Leave to withdraw. Was reported on the petition for legislative day relative to the laying out of streets in New Bedford; same commission; the question came upon re-opening and concerning the petition of the city of Northampton for authority to increase its water supply.

The house discussed at length the bill to establish a police commission for the city of Springfield. The senate rejected an amendment providing that the board shall be engaged directly or indirectly in the liquor business; the question came upon re-opening and concerning the senate. The house voted—56 to 46—to re-open and concur.

Ought not to pass was reported on a bill requiring persons intending to ship milk into the state from other states to first obtain permission from the cattle commissioners.

A new bill on penalties for carrying concealed weapons was reported, \$500 with 90 days' imprisonment being fixed. A bill was reported giving women equal rights with men in being registered for voting.

The petition of Augustine Thompson for the appointment of a committee to examine into the conduct of the justices of the supreme judicial court, and certain members of the Suffolk bar, was, under the rules, referred to the next general court.

The committee on railroads continued its hearing upon the proposed union station at Boston, and the remonstrants were given an opportunity to state their objections. These were mainly of a personal nature. The street railway committee had the 3-cent fare question before it.

The Whitney gas bill was again in hearing before the committee on manufactures, and the remonstrants presented some expert testimony. The general purport of the evidence was that the Dominion coal was of little value either as a gas or coke producer, but that the charter asked for by Mr. Whitney would be exceedingly valuable in the control it would give its holders over the existing gas companies.

At the meeting of the executive council Lieutenant Governor Wolcott sent in his first batch of nominations as follows: Dr. Henry P. Walcott to be chairman of the state board of health; Edgar S. Taft to be justice of the peace court in Gloucester; Milton Reed of Fall River to be trustee of the Taunton lunatic hospital. Cornelius J. Driscoll was reappointed clerk of the police court of Chicopee.

## Masonic Building Burned.

PROVIDENCE, March 20.—This city was visited by a disastrous conflagration yesterday morning, fire breaking out in the Masonic building on Pine street and rapidly destroying that edifice, besides causing considerable damage to adjacent buildings in the rear of the structure. The high wall of the Masonic Temple fell yesterday afternoon. In its descent it badly damaged the Providence opera house. Royal Arch chapter, No. 1, of Rhode Island, which occupied the temple, held a meeting last night, and decided to begin at once the erection of a larger and more valuable building than the one destroyed. By the fire, some Masonic relics of incalculable value were destroyed. Among them were the regalia and a portrait of Thomas Smith Webb, the founder of Arch Masonry in America. The portrait was painted by Gilbert Stuart. Among other relics lost was a coffin, buried by the Masons of Providence in honor of George Washington at the time of his death. The loss is estimated at \$500,000.

## Ethelred's Second Experience.

BOSTON, March 20.—The British steamer Ethelred, Captain Hopkins, which arrived from Jamaica yesterday, reports that she was chased for an hour and a half by a Spanish cruiser on Wednesday, March 11, but the Ethelred was too fast for the cruiser, which could apparently make only about nine knots an hour to the steamer's 13 knots. The incident occurred on the outward passage of the Ethelred from this port to Jamaica. The same steamer achieved notoriety last summer through having been fired upon by a Spanish cruiser.

## Week in a Box.

MIDDLETOWN, Conn., March 20.—An experiment to ascertain the value of food to the human system in its development is being made by Professors Wood and Rose of the physical laboratory of Wesleyan university, which could apparently make only about nine knots an hour to the steamer's 13 knots. The incident occurred on the outward passage of the Ethelred from this port to Jamaica. The same steamer achieved notoriety last summer through having been fired upon by a Spanish cruiser.

## Mrs. Valois' Trial Begun.

PROVIDENCE, March 20.—The trial of Mrs. Clara Valois, who is under indictment charging her with having caused the death of her father, John W. Roessler, of Scituate, Nov. 7, began in the eighth district court today. She has secured S. W. Ashton as her counsel.

## Of Interest to Dairymen.

WASHINGTON, March 20.—The hearings given by the dairy and food committee to the dairy interests which desire regulation of the "filled cheese" traffic resulted in the preparation of a bill by Mr. Tawney (Minn.), under the direction of a committee, even more stringent than the oleomargarine law. An export duty is placed on the article.

LONDON, March 20.—The Standard understands that the government does not propose to take any steps in the direction of an international bimetallic conference, but that it is willing to consider the reopening of the Indian mint to the free coinage of silver if the countries of the Latin Union are disposed to reopen their mints in the same way.

## CHRISTIAN ENDEAVOR.

Topic For the Week Beginning March 22.

Comment by Rev. S. H. Doyle.

Topic.—Diligent in business.—Prov. vi, 6-11; Joshua xxi, 8.

Many people have false ideas as to the attitude of the Bible toward business and religion. They think the Bible has little to say about business and religion, and, in fact, that there is little real connection between business and religion and religion and business. These ideas are utterly false and absurd. The Bible teaches emphatically two principles in reference to the mutual relations of business and religion—first, that we should have business in our religion, and, secondly, that we should have religion in our business. These ideas are brought out in our topical references.

1. Diligence in business. Prov. vi, 6-11. In these words the wise man uses the industry of the ant to urge the slothful to diligence in business. The Bible is a practical book. It deals not only with the unseen future life, but also with the present life. It recognizes the necessity of daily toil, of being diligent and zealous in some vocation in life, and it constantly urges upon us the importance and value of this necessity. We are enjoined not to be slothful in business, but to be fervent in spirit, serving the Lord. This brings our religion down to the practical walks of life, and makes a man serve God by being industrious and diligent in some useful calling. God has no use for the slothful and the sluggards. He put us all in this world for a purpose and He wants us to fulfill that purpose. We do this to some extent by being engaged in some useful life business.

2. Diligent in religion. Joshua xxi, 8. "Take diligent heed to do the commandment of the law, which Moses, the servant of the Lord, charged you, to love the Lord, your God, and to walk in all His ways, and to keep His commandments, and to cleave unto Him, and to serve Him with all your heart and with all your soul." Thus Joshua commanded the children of Israel to be diligent in religion. The same command is applicable to us. We are not only to be diligent in serving ourselves, but diligent in serving God. Religion is doing God's business for Him, and surely we should not be less faithful, less regular, less punctual, less diligent, when engaged in business for God than when engaged in business for ourselves. Let us look upon our religion as a business, and let us apply the same principles to it that business men apply to their business. Let us be diligent to observe and do all the will of God.

Bible Readings.—Deut. vi, 4, 5; xii, 22, 23; I Sam. xxi, 8; Prov. vii, 1-3; x, 4, 5; xiii, 4; xx, 4; xxiv, 33, 34; xxii, 29; Rom. xii, 11; Luke ii, 49; I Cor. x, 31; Eph. iv, 28; Col. iii, 17; I Thess. iv, 9-12; II Thess. iii, 10, 12.

## Functions of the United Society.

The trustees of the United society desire to call especial attention to the following portion of the president's report, to which they give the heartiest indorsement: "The glory of the movement is that it has been God's movement. As a board of trustees and as officers of the United society we have resolutely refused to exercise any authority to legislate for any society or to decide any local questions of administration. All these matters belong exclusively to the pastors and churches. This idea, so difficult for the general public to understand, enters into all our conventions and molds the character of our brotherhood everywhere. Our conventions are mass meetings, without one legislative function, without the possibility of interfering with or directing the affairs of any society."

"We believe that a clear understanding and development of this idea will make plain our way in the many perplexing paths of the future. It has a bearing upon the character and purpose of all our conventions. It refers every difficult question relating to societies back to the only court of arbitration—the church to which the society belongs. It prescribes the character of our fellowship, which on this basis only may be as broad as the universal church of Christ itself. It limits, as they ought to be limited, the functions of the United society, making it simply a bureau of information and statistics."

## Sing With the Spirit.

The Christian Endeavor pledge never intended to slight the service of song. Rather did it enjoin upon every member the duty of music, by framing the phrase referring to singing. A song is the first sound that bursts from the heart of the soul as it is led into the light. And a song, "a new song," is to accompany all our deeds in the eternal day of our home. A song welcomed the Saviour to earth; a song welcomes every newborn soul into heaven. Surely an agency so divinely sanctioned is not to be disregarded. Christian Endeavor services, as all gatherings of believers, ought to sing with the spirit and the understanding also.—Golden Rule.

## Christian Endeavor Notes.

The Lone Star State now boasts a Christian Endeavor society in its state prison at Huntsville.

When knees grow weary of bending, hands must grow weary of serving. Indians of the west are organized into the Dakota Christian Endeavor union.

The endeavor that is not born of consecration is no child of Christian Endeavor.

If we would look often to Jesus for faith, we would be keener to see opportunities for endeavor.

Norway is the latest country to admit Christian Endeavor. There is now a society at Christiania.

Christian Endeavor is "also to the Greek." There are Greek societies in Boston, Lowell and Woburn, Mass.

Committees that "don't know what to do" would better saturate themselves with Christian Endeavor literature.

## CHURCH IS DESERTED.

Swedes of Waltham Have Flocked to the Salvation Army.

Pastor Lindquist Tenders His Resignation.

Congregation Took His Advice in a Manner Not Intended.

WALTHAM, Mass., March 21.—Darkness reigned supreme in the pretty little Swedish Congregational church on Central street last evening, many of the congregation attending the meeting of the Salvation Army, and fears are entertained by leading members of the church society that many more weeks will elapse before services will again be held in the edifice.

The cause of this state of affairs is the abrupt withdrawal from the pastorate of Rev. David Lindquist on the ground that the majority of his congregation have interested themselves in the Salvation Army and refuse to longer listen to his teachings.

His friends claim that it is owing to his untiring energy that the edifice was erected and paid for, and that the congregation are solely to blame for the existing condition of affairs.

It seems that some four months ago, when the Salvation Army first came to Waltham, the church society numbered 61 persons and was in a very flourishing condition. On the Sunday that the army opened their barracks, Rev. Mr. Lindquist, who has always been in sympathy with the work, addressed his congregation on the army movement, and insisted that his listeners add the cause as much as possible. The congregation took the matter to heart and obeyed orders so well that in the evening Mr. Lindquist had to postpone his sermon for want of an audience, and visiting the army barracks he found many of his congregation shouting the regulation "Hallelujahs" and brimful of salvation enthusiasm. He left the meeting in disgust and since then the

Church has been closed.

Mr. Lindquist, in conversation last evening, said: "I hardly think it proper of me to say anything on this subject. I have been misquoted in the accounts published in the newspapers and am heartily sick of the whole affair. When the army first came here, I appreciated the work which they had accomplished elsewhere, and advised my congregation to support them in every way possible, but I did not think it would come to this. I sent in my resignation today, to take effect immediately."

Captain Griffiths of the Salvation Army, in the course of his conversation with a reporter, said: "We do not wish the citizens of Waltham to gain the idea that we are bringing any influence to bear on this church to induce its members to join. If they come to our meetings we cannot turn them away, and, in fact, I should not be doing my duty if I tried to keep them away."

"All the Swedes we have in our army are those who have met salvation right here at our penitential form. Yes, we know that Mr. Lindquist is vexed at the interest his congregation are taking in army work, but surely if his people insist we cannot be blamed. There is plenty of work in this city for us to do, and we feel that the majority of the people are with us and appreciate the work we are doing."

## New England Briefs.

A steam sawmill near Concord Station, Mass., was burned. Loss about \$500.

George H. Coffin of Andover, Mass., has been engaged as principal of the Hudson high school, vice Principal Reed, resigned.

William E. Tanner, Fall River, Mass., dealer in sporting goods, has gone into insolvency, with liabilities estimated at \$30,000.

At Hartford, Abraham Altman was found guilty of an and sentenced to 10 years in state prison, the maximum penalty.

Schooner Caroline, from Boston for Millbridge, Me., in ballast, parted both chains and went ashore at Gloucester, Mass.

Michael J. Sexton of Whitman, Mass., fell from an Old Colony train, fracturing his skull and crushing his shoulder. He will die.

The three-masted schooner Anna Barker, loaded with phosphate, dragged her anchor and went ashore at Belfast, Me., during a high wind.

Augustus J. Hart, foreman for a Hartford builder, left home at his usual hour last Thursday, but instead of going to work drew \$100 from the bank and has not been seen since.

John A. Wright of Keene, N. H., was found dead in his bed, probably having suffered a shock. He was one of the town's most progressive citizens.

General Neal Dow yesterday celebrated the 92d anniversary of his birth. General Dow still retains his vigor and is in complete possession of all his faculties.

Beginning today, the Sargent & Co. hardware factory in New Haven will be operated five days a week. Two thousand people are employed by the concern.

The schooner Lulu of Millbridge, Me., broke from her mooring at Eastport, Me., and drifted 15 miles up the river. The cook, Harry Waycott, cannot be found.

The lamp and rolling mill departments of the Holmes, Booth & Hayden Manufacturing company at Waterbury, Conn., shut down for lack of orders. Three hundred operatives are thrown out of employment.

The once famous featherweight, Ike Weir, boxed four rounds with Jack Lawler at Worcester, Mass. Weir fairly bewitched Lawler by his quickness. Though the decision was a draw, the Spider had the better of it.

## ON BEACON HILL.

A Point in Favor of Municipal Suffrage—County Comm. See Cut Figures.

BOSTON, March 21.—Two bills on taxation of vessels were the subjects of hearings at the state house. One, like a recent law in Maine, provides that all sailing vessels registered or enrolled under the laws of the United States or foreign governments, owned wholly or in part by inhabitants of this state, shall be taxed on an appraised value of \$30 a ton gross tonnage for new vessels completed on or before April 1 in each year. The bill provides a decrease in taxation in ratio to the vessel's age.

A second bill exempts from taxation ships and vessels engaged in the foreign carrying trade and sailing vessels engaged in the coasting trade, provided such vessels are not engaged in fishing, whose net income only is to be taxed.

The committee on counties voted to report a resolve granting a county tax for Norfolk county for \$120,000, instead of \$132,500 as estimated by the county commissioners. The committee knocked off \$10,000 from the roads and bridges item and \$2500 on the item relating to furnishings in the courthouse.

A majority of the committee on election laws reported in the house in favor of extending to women the right to vote upon all municipal questions. Senator Blood is the only Republican dissenter. The other dissenters are Senator Corbett and Representative Moriarty.

The house, 100 to 51, voted to reconsider its vote of Thursday, by which it rejected from its floor action in adopting an amendment to the city of Springfield police commission bill, providing that the commission shall be non-partisan, and no members to be engaged in the liquor business.

The committee on mercantile affairs reported to the senate a bill to bring under the operation of the law which calls for the annual returns from corporations those corporations organized before 1839 which are now exempted from making such returns.

An adverse report was received on the petition of the United Electric Light company for legislation to authorize it to carry on its business in the towns and cities adjoining Springfield.

Leave to withdraw was reported on the petition of Walter L. Sears for the enrollment of voters by the election commission.

An adverse report was received on the petition that additional powers may be granted to the New England Commercial Travelers' association.

## Civil Service.

BOSTON, March 21.—Civil service—its superiority and its advantages over the ancient patronage system, its growth and advances since 1883, its present condition, its scope and limitations, its dangers and its policy in the future—was set forth to the Massachusetts Reform club in Young's last night. John R. Proctor, president of the United States civil service commission, and Commissioners William G. Rice and J. B. Harlow were the speakers. Mr. Proctor brought out figures and tables of statistics tending to prove that by the civil service system official business had been expedited, the number of employees had been made less and that expenses had been vastly reduced. Mr. Rice pointed out some of the dangers, one of which, he said, was the "veterans' preference." Mr. Harlow confined himself to the advantage which veterans receive under the system without any criticism, except in the form of a suggestion that soldiers who had seen long service should have the preference.

## Gray Will Admit Guilt.

CONCORD, N. H., March 21.—As a result of a conference between counsel for the defense and Attorney General Eastman, the special jury in the case of Milo Gray, charged with wife murder, have been dismissed. It is understood that Gray will plead guilty to murder in the second degree. Gray and his wife lived 10 miles from Woodville. Mrs. Gray mysteriously disappeared in June, 1891. A man named Brill moved into the Gray house in October, 1895, and while searching the cellar found the remains of a woman. Gray was searched for and finally arrested in northern Vermont, and indicted for murder, in November.

## Off For Athens.

BOSTON, March 21.—Nearly 500 admirers of Boston's representative athletes, selected for the American team sent to the Olympic games, Athens, bid them bon voyage with luscious cheers at the Providence station yesterday afternoon. The men leaving were Eilery H. Clark, Harvard; Thomas E. Burke, Boston university; W. W. Hoyt, Harvard's pole vaulter; T. P. Curtis, Arthur Blake and John Graham. At midnight there also left J. B. Connolly, holder of the hop, step and jump record, and J. E. Barry, the quarter mile runner.

## Ansonia Will Accept.

ANSONIA, Conn., March 21.—At a largely attended meeting of citizens last night it was voted to accept the Anson G. Phelps Memorial library, which was erected some time ago by Capt. Anson G. Phelps of New York, and offered to the city of Ansonia, of which Anson G. Phelps was the founder. The city, however, refused to accept it with the conditions offered. Mayor Webster and Secretary Hine of the state board of education have been active in inducing both parties to reach an agreement.

## Had No Time to Lose.

GLOUCESTER, Mass., March 21.—Schooner Boyd and Leeds, from the Georges Banks, reports that while at anchor at midnight March 12, schooner Mollo of St. John, N. B., bore down upon her, and to escape being sunk the crew cut the cable, and 265 fathoms of it were lost. A gale was blowing at the time, but the crew's quick work saved them from a watery grave.

## Hoar's Position Endorsed.

BOSTON, March 21.—A letter signed by a score or more of the most prominent men in Boston, headed by President Eliot of Harvard college, was forwarded to Senator Hoar, expressing approval of the citizenment of New England and the conservative sentiment of New England on the stand taken by him on the proposition to recognize the belligerence of Cuba.

## GROCERIES GIVEN AWAY.

ALMOST

POINTS: Among the goods quoted in this list we wish to call attention to the Mohawk Valley Corn; we have 1200 dozen of this brand, and it is of excellent quality; The Violet brand of Marrowfat Peas are the best you ever had in your life; just order one can; 9c per can, \$1.00 per dozen.

Our Maryland Chief brand of early one Peas cannot be excelled; 11c per can, \$1.25 per doz.; but we tell you frankly the Violet will suit you better.

Gilson cans of Bartlett Peas, 20c per can, \$2.25 per dozen, good quality; you probably will never be able to buy them again for that price.

Weymouth brand Tomatoes; northern goods, solid packed, red-ripe, extra large can, first-class in every particular; 8c per can, 50c per dozen.

The goods advertised at 3 1/2c per pound are all of standard quality, and sold elsewhere from 5 to 10c per pound.

The QUALITY of our "OLD GOLD" Flour is equal to any sold. The quality of flour, my friends, does not depend on its extensive advertising.

Don't fail to try our Tea and Coffee; they are in line with the rest, and can't fail to suit you.

## Commonwealth of Massachusetts.

## BOARD OF RAILROAD COMMISSIONERS.

BOSTON, March 18, 1896.

ON the petition of the Quincy Quarry Company, a corporation duly established by the laws of this Commonwealth, having been authorized by chapter 189 of the Acts of 1895 to locate, construct and maintain a railroad in the City of Quincy for the transportation of granite and other commodities, and being duly authorized to construct said railroad across Quarry street, Delford street, and other travelled places, as shown on the plan herewith submitted, at a level therewith, and praying the Board to give its consent to said several crossings, the Board will give a hearing to the parties in interest at their office, No. 20 Beacon street, Boston, on FRIDAY, the 27th day of March, instant, at eleven o'clock in the forenoon.

And the petitioner is required to give notice of said hearing by publication hereof two times prior to said date in the QUINCY DAILY LEDGER, a newspaper printed in said Quincy.

Per order, WM. A. CRAFTS, Clerk.

March 21.

## HALL FOR SALE.

THE Swedish Baptist church, containing a large room suitable for a hall, will be sold with seats, fixtures, etc., and about 6,000 feet of land. Situated on corner of Station and Wilson streets, West Quincy, Building 25x40. Parties looking for a hall will here have a chance to secure one cheap. Apply to the committee, Messrs. J. Johnson, 64 Centre street; G. O. Froland, 5 Wilson street, or Ole Nelson, 29 Albertina street.

March 21.

## Bring in Your Tickets.

We can handle your orders at present, but our tickets are in demand in all parts of the New England States. We have a list of over 300—names of people in this city—who we refer to.

Hours, 8 to 11 A. M. 2 to 5 P. M. Saturday evenings, 7.30 to 10.

## The Quincy Art School Co.

Durgin &amp; Merrill's Block, Quincy.

## BICYCLES.

28-in., compare with \$10 wheels, going for \$47.25.

## GUY'S COLISEUM.

## Gentlemen:

Samples having been returned by our Salesmen, are now at our factory and anybody wearing Size 7, any width, can find GREAT BARGAINS in Russet and Black Shoes at the

## Quincy Shoe Company, Sumner Street.

We also make to order, all styles. mar21-2m eod

## CAPE COD FISH MARKET.

All kinds of FISH in their season. Halibut, Cod, Haddock, Salmon, Shad, Lake Trout, Herling, Smelts, etc.

## OYSTERS

At all times in the shell. Orders delivered promptly. My motto: "Best of everything."

## OLD STAND.

## J. L. GIBBS,

Temple Street, Quincy.

March 13 1m

## DR. RALPH M. FOGG, DENTIST.

Teeth extracted absolutely without pain by the use of the

## "Boston Vegetable Vapor."

It is claimed that, while it has the required properties of ether, chloroform, nitrous oxide gas, it lacks the disagreeable and dangerous qualities of these drugs. It is certainly a boon to suffering humanity to be relieved of the nausea so often following the administering of sedatives of the old school.—Boston Transcript.

Teeth made and repaired on Gold or Rubber base. Teeth Filling a specialty. Office in French's Building, five doors south of Post Office, Quincy, Wednesdays. Hours, 9 A. M. to 9 P. M. 1718-19 north-190

## The Braintree Observer,

A Weekly Established in 1873.

## THE WEEK PAST.

THE MAYOR'S budget for 1896 was submitted this week, and while one notices no decided increases in the estimates, a comparison of totals will show quite a gain. Further research will show that the total is dangerously close, if not in excess of, the \$12 limit for current expenses. Mayor Adams told us in his inaugural that the limit by the valuation of 1895 was \$207,864, and upon the average valuation for three years, \$203,124. Last year the limit was \$200,308, but it was necessary to raise only \$175,000. The item of interest was not included in the \$175,000 but had it been, the total would still have been within the limit of \$200,308, for the amount required for interest was \$21,114.46.

How is it this year? The estimates of the Mayor and Treasurer for current expenses (not including interest) amount to \$143,097.00, to which is to be added the school estimates of \$34,835, and the total is \$227,932, which is over \$16,000 in excess of 1895. The total of \$227,932 may be reduced by receipts to less than \$207,864, the limit, but is not the interest a current expense? The law may possibly be construed to exclude the interest on the debt, but it can hardly be stretched to cover the interest on temporary loans for which \$7,500 is asked.

The law of 1895, Section 1, reads: "The taxes assessed on property in any city, except the city of Boston, exclusive of state tax, county tax and sums required by law to be raised on account of city debt, shall not exceed in any year \$12 on every \$1,000 of the average of the assessors' valuations of the taxable property therein," etc. This has been amended to allow the valuation of the preceding year to be taken instead of the average. Should the City Solicitor rule that the interest or any part of it, was current expenses it would be necessary to reduce the appropriations.

Should not the appropriations be reduced even if legal? To jump the city levy from \$25,000 to \$30,000 means an increase in itself of about \$1.50 in the tax rate. Otherwise than this the rate will not be affected much, for while the amount required for debt and interest is nearly \$3,000 smaller, the State tax with park assessment may be that much larger. Unless the appropriations are reduced the tax rate will be about \$18 per \$1,000 this year.

The fire department profits the most by the increases, in pay, horses, horseshoeing, etc. The miscellaneous city expenses require quite a little more, and there is \$1000 additional for bridges, culverts and drains. More is asked for salaries of city officials and also for clerical services, for street lights and street sprinkling, for the poor and special police, and there is a new item of \$200 for foundations in cemeteries. Over \$2,000 additional is wanted for school salaries, and increases are asked in school department for fuel, janitors and evening schools.

So much space is given above to city appropriations that other events of the week must be reviewed briefly. Two days have been given by the Committee on Counties of the Legislature to Norfolk county finances, and if the request for a Legislative investigation is granted some may hear more of county methods than they desire. The counsel for the County Commissioners predicted that others beside that board would be "smirched," an admission which is almost criminal in itself. Another singular thing was the absence of the commissioners from the hearings, and the fact that they were represented by counsel. Quincy people would be surprised if City Solicitor Blackmur appeared before the City Council to defend and advocate the estimates of Mayor Adams.

The proposed law relative to license fees should not be considered from a standpoint of how much a city will gain or lose by the abatement of the State tax, but from a moral standpoint and justice to neighboring localities. Boston, Hull and other places now license liquor selling just for the immense revenue received, and cities like Quincy, which recognize the evils of drink, are still forced to maintain a police force and pay criminal costs because Boston rum men with Boston rum inside, come here and cause disturbances and crime. It is right that Boston should pay damages to Quincy, and the act should pass.

New schoolhouses are now assured when Councilman Rinn is able to attend a meeting of the City Council, for his vote with that of President Bryant will make the necessary sixteen. Because Mr. Moxon in his plans endeavored to keep the cost of the buildings within a limit, is no reason why the more elaborate plans of a rival should be selected. Quincy should build well, but it should build economically.

Perhaps the Young Men's Christian Association will give the city a grand hall in the proposed building. That "want" in the LEDGER daily is stirring people up, and we now have many strings to the bow of promise,—the new building in "the hollow," the new Savings Bank building, the new Hospital building, the new Odd Fellows' building, and the Y. M. C. A. building.

## Yacht Racing Association.

The first annual meeting of the Yacht Racing Association of Massachusetts, of which the Quincy Yacht club is a member, was held Thursday evening at Young's hotel, Boston, some twenty-five clubs being represented.

The by-laws and racing rules were gone over and amended somewhat, the most important of the amendments being, that the measurer must certify to the amount and kind of ballast in a boat when measured, and that all boats launched after Dec. 31, 1895, shall receive no time allowance when sailing in their proper classes.

A new rule defining the right of way of boats maneuvering around the starting line was adopted. This rule is intended to cover cases like the collision between the Defender and Valkyrie.

The association refused to restrict the sails that a boat should carry and to subdivide the second class by putting the jib and mainsail and open boats by themselves. The limit of the first class boats was extended from 29 feet to 30 feet.

The association refused to recognize the 15 foot racing length a half-race class.

Henry M. Faxon of the Quincy Yacht club was elected a member of the executive committee. The dates assigned the Quincy Yacht club for the season were: July 18, 29, 30 and 31.

## Wollaston Win at Bowling.

The Wollaston Bowling Club put up a great game on the Duck's Nest alleys on Friday evening, being with the Norfolk Cycle Club of East Weymouth. The home team bowled the cycle boys out of sight, defeating them hands down 2,432 to 2,154, a leeway of 278 pins. Lyman was high bowler on singles, 198, and V. J. Emery on totals, 537. This is the third time out of four matches the Wollaston club has defeated the Cycle club.

The result is—

WOLLASTON.			
Freeman,	162	164	164
Lyman,	198	159	156
Bryant,	141	109	120

## Old Colony or Southern.

A writer of a Boston paper proposes "Southern" as the name of the new union station in Boston, the present one to be known as the "Northern." In opposition to the name of Quincy, he says: "We have a Quincy Market, a Quincy House, a Quincy Street, a Quincy School, a Quincy Hall, and a Quincy statue. Later on it may, perhaps, be in order to duplicate any or all of these things, and others equally appropriate, in honor of His Honor, our present Mayor, that due and fitting recognition of his public services might be made. But do not let us name a railroad station, which is to have so many wheels in its head-house, after him. Quincy, it is to be presumed, will be entitled to a more fitting distinction than that. Meanwhile the name, as an honored and cherished Boston tradition, is in no danger of being forgotten."

## Keating's Encroachment.

Benjamin F. Curtis, who has made a study in the interests of the city of the alleged encroachments of Albert Keating upon Canal street, says Mr. Keating is upon Canal street more than a few inches. That, in fact, it is from two feet to five feet. The line was defined only a few years ago, in 1888, and should have been well known. The corner itself is rounding and not square, and Canal street first curves to it. It is probable also that it will be claimed that the entire new structure is an encroachment, and possibly a part of the store now occupied by Mr. Hall.

## BORN.

KELLEY—In Braintree, March 16, twins to Mr. John and Mrs. Maria Kelley—a son and a daughter.

## MARRIED.

NEWHALL—MILDRAM—In Braintree, March 18, by Rev. A. A. Ellsworth, Mr. Charles Stanton Newhall of Haverhill to Miss Mabel Mildred Mildram of Braintree.

## DIED.

PRATT—In Weymouth, March 20, Mr. Edwin Pratt, aged 78 years, and 10 months.

KELLEY—In Braintree, March 17, infant son of Mr. Joshua and Mrs. Maria Kelley, aged 1 day.

## THE SPRING TRADE.

## Activity in the Granite Industry—Shed and Quarry Notes.

John Thompson & Sons have recently put on ten new cutters.

Richards & Trowbridge report a batch of orders for designs.

F. Hardwick & Son are at present giving employment to double the force employed at any period during the past two years.

The newly elected officers of the Merry Mount Granite Co. are: President, Michael B. Geary; clerk, John Sullivan; treasurer, John C. Kapples; agent, Peter W. Driscoll; directors, the above with Enos S. Costa. The company is erecting a new fifty-ton derrick.

Badger Bros. have the contract for a soldiers' monument to be erected at Halloway, Penn., at a cost of \$11,000.

C. H. Hardwick & Co. have recently shipped a polished granite ball three feet in diameter to a customer in Denver, Col. They are at present engaged in cutting rough stock for the addition to the Boston University building.

Fuller, Foley & Co. have received several orders for fair sized memorials.

Burke Bros. are cutting a large sarcophagus monument for New Jersey parties. Anglo Malnati is giving employment to twenty-five cutters.

William T. Spargo has increased his force of cutters.

H. W. Adrian is cutting a large boulder monument for U. S. Senator J. C. Burrows of Michigan, which when completed will weigh about twenty tons. He is also equipping his plant with a 25 horse power boiler and a five-horse power air compressor.

The Granite Railway Co., have orders for several large monuments to be cut from their dark Quincy stock.

The granite shipments for the month of February were:—Quincy Adams, 2,179,788 pounds; West Quincy, 7,947,988 pounds; and over the Quarry railroad 15,746,915 pounds.

The newly elected officers of the Quincy branch of the Granite Cutters' Union are: James Copland, president; Wm. Souden, vice-president; James McAdam, corresponding secretary; John Johnson, financial secretary; Alexander Chalmers, treasurer; Charles Miller, Henry Rendle, figuring committee; Alexander Souther, Alexander Mundie, John Russell, standing committee.

Joseph Walker is now employing thirteen cutters.

The sarcophagus style of monuments are more in demand than the former style. George H. Hitchcock & Co., are sending out handsome specimens of their stock in the shape of a granite polished ball watch charm.

The Craig & Richards Granite Co., has moved into the new office.

Cook & Watkins have put in a new ten-horse power air compressor in place of their five-horse power engine.

Long & Saunders are cutting a large sarcophagus monument for Connecticut parties.

Fred Barnicot is enlarging his studio to accommodate his rapidly increasing business.

A representative of William Wolstenholme, Sons & Co., manufacturers of pneumatic tools, is visiting Quincy and other important granite centers.

## My

Nerves are weak, many people say, and yet they do not seem to know that they are literally starving their nerves. Weak, pale, thin blood cannot give proper sustenance—that is why you are nervous, tired, exhausted. The cure for this condition is to purify, vitalize and enrich your blood. Take Hood's Sarsaparilla fairly and faithfully, and the rich, red blood, which it makes, will soon feed the nerves the elements of true strength they require; they will cease their agitation and will resume their proper place—being under the control instead of controlling the brain and body. Read Miss Bartley's letter:

"I want to express my gratitude for what Hood's Sarsaparilla has done for me. My health has been very poor for three years, due to trouble with my

## Kidneys

I was nervous, had pains in my back. I cannot tell what I suffered. My eyesight became affected and I was so despondent I did not have any interest in life. I had two physicians, but my complaints became worse. I was told that I was affected with Bright's disease. A relative urged me to try Hood's Sarsaparilla. I did so and in a short time I began to notice a change in my condition. Things began to appear brighter, my eyes improved and

## My Back

did not trouble me so severely. My appetite returned and I gained strength every day. I am now able to do my own work, and feel perfectly well. I cannot find words to express my gratitude for what Hood's Sarsaparilla has done for me and I gladly recommend it." Miss ELA BARTLEY, 233 S. Grant Ave., Columbus, Ohio.

## Hood's Sarsaparilla

Is the True Blood Purifier. All druggists. Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills cure Liver Ills; easy to take, easy to operate. 25c.

## THE COUNTY TAX.

The Estimates Reduced \$12,500—Total Reduction 25 Per Cent.

The county tax on Norfolk county towns this year will be 25 per cent. smaller than in 1895. The County Commissioners voluntarily reduced it from \$180,000 to \$132,500, but upon hearing the Committee on Counties of the Legislature decided yesterday that they must get along with \$120,000. They reduced the estimate of \$15,000 for highways to \$5,000 and dropped \$2,500 from the item of \$6,000 for repairs and furnishings of county buildings.

The county tax last year upon Quincy was \$16,105.30, and 25 per cent. less will make it \$12,078.98 this year, a reduction of \$4,026.32, which means about 25 cents on the tax rate.

Relative to an investigation asked by Judge French the committee considered it at length in executive session on Friday. It was finally tabled for a few days to see what luck Judge French has with a petition which it is understood he will cause to be circulated.

Within a few days an influential petition will probably be presented, and the matter will then be taken from the table.

Senator Dallinger's bill to extend the civil service act to county employes will be reported adversely.

## QUINCY BREVITIES.

## Notes from Quincy Point, Wollaston

## Atlantic, South and West Quincy.

Watch this line grow:

WANTED, IN QUINCY, A LARGE HALL.

Good weather today.

Court officer Burns is having his badge photographed.

The Swedish church on Station street can be purchased for a hall.

A convention of the King's Daughters is being held at East Milton today.

Second day of spring and a beautiful day it is. May we have many more of them.

Two new cases of diphtheria were reported to the board of health this morning.

Wesley Walsh is confined to his home by sickness; members of his family are convalescent.

The hearing of the Railroad Commissioners on the Quarry Railroad location is advertised today for next Friday.

The city of Quincy has been granted leave to withdraw an petition for authority to establish a municipal electric light plant.

The Sharer's Ten, King's Daughters of Wollaston, will give a musicale and reception at the Baptist church on Tuesday evening. The proceeds will go towards caring for the worthy poor of the city.

Some one remarks that it was rather queer that two of the gentlemen from Ward Two who were so much interested in the formation of the new Republican club were conspicuous at the recent caucus by their absence.

Converted Actor George L. Burrell of Boston gave a talk last night on "Before and Behind the Scenes," telling of his life on the stage and conversion to Christ. The talk was very interesting and something new. He will be at Faxon hall tonight at 8 P. M., Sunday at 2 P. M. at Hancock hall. Collection only.

The many friends and acquaintances of Master Robert E. McAuliffe, will be pained to hear of his death from Bright's disease this morning at the residence of his mother on Bennington street. The young lad was the son of the late Mr. Robert McAuliffe and Mrs. Mary McAuliffe. He was aged 17 years, 1 month and 3 days, and had been sick for some time.

Quincy lodge, 261, N. E. O. P., held a rousing meeting in Wilson's hall on Friday evening, two candidates were initiated, and other applications received. The lodge proposes to hold their meetings weekly for the next month. Having obtained an extension of time for closing their charter, it is hoped that when it does close that it will contain the highest number of names of any lodge in the city.

It is considered to be the cheapest and one of the most reliable fraternal insurance organization in existence, and it is of strictly New England jurisdiction.

Pure Blood is the safeguard of health. Keep your blood pure, rich and full of vitality by taking Hood's Sarsaparilla, and you will not need to fear the attacks of disease.

Hood's Pills cure liver ills, constipation, jaundice, sick headache, biliousness. 25c.

Headache Glasses relieve many. Consult Williams, practical optician, 104 Hancock street. Scientific test free.

## M. R. SPARROW,

## ICE CREAM.

28 PROSPECT AVENUE.

## ANYBODY'S FIGHT YET.

McKinley by No Means Sure of the Nomination at St. Louis.

Bradley May Cut Into Vote of Southern Delegates.

The A. P. A. Intends to Inaugurate a Campaign of Education.

NEW YORK, March 23.—The hotel corridors presented an unusually animated appearance yesterday. Politicians of all stripes discussed the approaching state convention, the possibilities of the several presidential candidates and the proposed McKinley mass meeting here tonight. The convention will meet tomorrow. It is the intention now to turn the last session of the convention into a mass meeting in honor of Governor Morton's presidential candidacy. It is announced that the delegates-at-large will probably be Thomas C. Platt, Chauncey M. Depew, Warner Miller and Edward Lauterbach.

The Herald, in discussing the national political situation, says McKinley supporters have begun to claim the nomination of their favorite without doubt. They are adopting the tactics of Blaine and Grant when they had the field pitted against them. They are claiming everything.

The number of delegates elected up to yesterday was 294, a little less than one-third of the convention. The delegates elected the last week numbered 91, as follows: New York, 41; Wisconsin, 14; Kansas, 2; Indiana, 2; Pennsylvania, 2; Ohio, 2.

The states which have elected delegates so far are as follows: Alabama, 2; Arkansas, 16; Florida, 8; Georgia, 10; Illinois, 12; Indiana, 25; Iowa, 20; Kansas, 16; Louisiana, 16; Missouri, 2; Mississippi, 14; New York, 54; Pennsylvania, 20; Ohio, 23; South Carolina, 2; Texas, 20; Wisconsin, 18; District of Columbia, 2. Total, 294.

Discussing the McKinley claims as extravagant, and the declarations of the anti-McKinley men as biased, a careful examination of the situation shows that McKinley has the hardest sort of fighting ahead of him to win. The McKinley men are claiming every delegate not following for some other candidate. But McKinley has no more right to claim these unattached votes than any other candidate.

A distribution of the delegates so far elected, taking into consideration instructions, controlling influences at home and personal preferences, shows the following result: McKinley, 110; Morton, 50; Allison, 32; Reed, 28; Quay, 19; Culison, 10. Total, 249.

Where Bradley Comes In.

This leaves 45 delegates who are anybody's "game." Some of them will go to McKinley, unquestionably, but some of them will be scattered among Morton, Allison and Reed. Then, again, some of the southern delegates in this district category will be drawn to the support of the candidacy of Bradley of Kentucky, whose candidacy within 48 hours has become a new and threatening danger to McKinley.

The great danger to McKinley lies in the fact that there are to be no less than 100 contests in the convention. There are already 56 seats contested. Of these contests, two are by Reed and Morton delegates from Alabama, six from Florida, four contestants left from Missouri, one Reed and one Allison; two anti-McKinley delegates from Georgia will contest, and from Louisiana there are six contestants. The 14 delegates elected in Mississippi—all claimed by McKinley, and not one instructed for him—are contested. There are two contests by anti-Quay delegates from Pennsylvania, and 16 contests from Texas.

There are also 10 contests from New York. These last mentioned disputes are encouraged by the McKinley men, who hope thus to get 20 votes away from Platt. There will be a flood of other contests from the south as soon as the conventions are held in Alabama, South Carolina, Virginia, North Carolina and Tennessee. The McKinley men are preparing to dispute Bradley's claim in Kentucky to be a favorite son, and if they cannot elect the delegates will contest every district. This it will be seen that it is anybody's fight yet, and the combine that controls the national committee when the roll is made up will have a tremendous advantage.

A. P. A. Will Be Heard.

The American Protective association—better known as the A. P. A.—who have been a factor in the state and municipal politics of several states for a number of years, have announced their intention to enter upon the field of national politics in the coming presidential campaign.

Their first move toward this crusade will be taken at a meeting of the supreme advisory board of the organization, called to meet in Washington tomorrow. This meeting is preliminary to the sessions of the supreme council, which are to be held in May. Prominent members of the order from every congressional district in the country will take part in the deliberations of the supreme council and will determine the part which the organization will take in the campaign.

It is part of the program to insist on the re-enactment in platform this year of the plank of the Republican and Democratic platforms of 1876, in which both parties declared against sectarian appropriations and amendments from public moneys or property. In that year Mr. Blaine proposed in congress an amendment to the constitution, which follows:

Article XVI—Neither congress nor any state shall pass any law respecting an establishment of religion, or prohibiting the free exercise thereof, or use the property or credit of the United States, or of any state, or any money raised by taxation, or authorize either to be used for the founding, maintaining, or aid

by appropriation, payment for services, expenses, or otherwise, any church, religious denomination, or religious society, or any institution, society, or undertaking, which is wholly or in part under sectarian or ecclesiastical control.

During this congress Mr. Linton (Mich.) introduced the same amendment, and the A. P. A. will endeavor to have the amendment made a part of the constitution.

Another feature of the program, with which the advisory board will deal, is what the political leaders of the A. P. A. call a campaign of education. They declare that their literature shall reach every postoffice in the country and every voter before election day.

Senators and representatives have heard from the A. P. A. organizations of their states during the past month. The following is a copy of a letter which has been sent to nearly all of them:

At a recent meeting of the state council of the American Protective association, a resolution was unanimously adopted that we require senators and representatives in congress to work and vote for the following bills, which are now pending:

A bill to secure a just distribution of federal offices, known in the last congress as house bill 884. A bill to establish a national university, known in the last session as house bill 804. A bill to restrict immigration and regulate naturalization, known as Linton's bill, house bill 874. Linton's joint resolution, 11, amending the constitution, prohibiting for all time sectarian appropriations. A bill to prohibit the use of the national emblem as an advertising device.

We hope that this expression of the representatives of many of your constituents will meet your endorsement, being in the interests of our country and in line with the ideas of the founders of our government.

THE FATHER MARQUETTE STATUE.

We also desire to respectfully call your attention to the fact that it is the design to place in Statuary hall a statue of Pere Marquette. We regard this as a dangerous innovation. The Jesuits have been banished from almost every Catholic country, and yet here in Protestant America they are not only allowed to remain and plot against the liberties of our people, but it is even now proposed to further violate the principle of separation of church and state by the introduction of a statue of one of these traitors to all government among the statues of those patriots who have given their lives that government by the people should be preserved, and we appeal to you to use your endeavors so that this idea shall not be carried out.

Still Alive.

PITTSBURG, March 23.—The announcement was published yesterday that the Pittsburgh lobbyist, George Bunker, had died at Nice, France, of typhoid fever. Arthur L. Bunker last night received the following cablegram from F. C. Harron, Paris: "Rumor unfounded; George slightly better."

On the Michigan End.

SAGINAW, Mich., March 23.—Henry Humphrey has been appointed as receiver to take charge of all assets in Michigan of the Granite State association, an investment corporation at Concord, N. H. The association have quite a large membership in Michigan.

President Is Mum.

ST. ALBANS, Vt., March 23.—The report that receivers will be appointed for the Central Vermont railroad is not confirmed here. President E. C. Smith declines to make a statement, and he positively declines to say that the rumor was unfounded.

THE WEATHER INDICATIONS.

ALMANAC FOR MONDAY, MARCH 23.  
SUN RISES 6:41. MOON SETS 2:27 AM.  
SUN SETS 6:01. FULL SEA 5:30 AM.  
LENGTH OF DAY 12:20.  
Forecast for Monday, England: Fair and cooler, with a moderate cold wave; north-westerly winds.

NEWS IN A NUTSHELL.

The Ailsa won the race from Cannes to Nice.

Dr. Theodore Heyl, U. S. N., retired, is dead.

Ex-Governor Holliday of Virginia was stricken by paralysis.

The yacht Defender may be raced in England next summer.

Fire in the Atlantic refinery at Pittsburg caused a loss of \$100,000.

A loss of \$1,000,000 was caused by fire in the salt works at Natrona, Pa.

Three men were injured in a collision on a New York elevated railroad.

A dynamite explosion in Elliott City, Md., resulted in the death of two men.

The Yurian incident has been separated from the Venezuelan boundary dispute.

William Q. Judge, president of the American Theosophists' association, is dead.

Major John C. Winder, ex-president of the Seaboard Air line, was stricken with paralysis and died at Raleigh.

Alexander McDonald and a boy named Willie Davis were killed in a fire-damp explosion in a mine near West Newton, Pa.

The new offices of the Postal Telegraph Cable company at Pittsburg were thrown open to the public and occupied by the working force yesterday.

Exports of specie from the port of New York last week amounted to \$150,000 in gold and \$174,424 in silver. The imports were: Gold, \$149,663; silver, \$72,363.

Chili has just purchased one of the ironclads built by the Armstrongs of Newcastle for the Japanese government. The price paid is said to have been \$1,000,000.

## A PREACHER MOBBED.

Evangelist Ellis Gets a Hot Reception From Haverhill Folks.

His Discourses Were of a Sensational Character.

Not the First Time He Has Been in Trouble In the Shoe City.

HAVERHILL, Mass., March 23.—W. T. Ellis, a Methodist evangelist from Oregon, was the center of an excited mob on Washington square yesterday afternoon. His career here for the past two months has been a tumultuous one, disagreements in two Methodist churches causing him to leave both, but in spite of the opposition he has continued his services in various halls, being notoriously sensational in his manner and words.

Two weeks ago he was locked out of Independence hall by the owner, and since then his service has been held in the open air. Yesterday afternoon he appeared on Washington square, and started to speak from a dry-goods box, but he had no sooner begun than a crowd of boys pushed his stand half way across the square.

The evangelist grew excited, and his torrent of abuse got older men in the crowd interested. Missiles of all sorts were thrown, and somebody set fire to a bundle of cartons which the evangelist held in his hand and intended to exhibit.

During the excitement a young boy was hit over the head by a club—he claims in the hands of Ellis—and another claims that the evangelist struck him on the back.

Officer Kimball was called, and ordered Ellis to stop his harangue, but he declined to do so, and though later two officers cleared a way through the crowd, he refused to depart, and was

Left to the Mercy of the Crowd.

He wasn't injured, however, other than the loss of his hat and the soiling of a suit of clothes, and, finally, went to the police station, followed by over 300 men, women and boys, to obtain a warrant against some of the disturbers, and also to file a complaint against the police, who, he claimed, failed to protect him. One of the boys assaulted also asked for a warrant against Ellis.

Ellis appeared here about two months ago. On his first Sunday here the Grace M. E. church called on him to supply its pulpit, the pastor being sick, and his intended supply being suddenly called away. Ellis not only preached that Sunday, but continued revival services for a week or more, causing a decided sensation and a difference of opinion among the board of control of the church.

Then he suddenly went to the First Methodist Episcopal church, and there continued his sensational work, attacking from the pulpit, among others, one of the trustees of the church. As a result his labors were soon ended there.

He next hired Brittain hall for three days and nights, but before the third night his meetings were disturbed, and the gas turned out while he occupied the platform, by order of one of the lessees. A renewal of this lease could not be secured, and his next quarters were at Independence hall, where he contracted for a month's occupancy, but at the end of a week the doors were locked against him, and he has since been without a meeting place.

Haverhill has styled a modern Sodom, and his favorite theme has been the wickedness of public men, many of whom he has cartooned during his services.

Obstreperous Salvationists.

MAIDEN, Mass., March 23.—Maiden's Salvation Army corps felt the strong hand of the law on two distinct occasions yesterday, and as a result the captain and 19 members are under bonds to appear in the district court, and answer to charges of violating the city ordinances. Saturday night the army paraded the streets and used a bass drum, and the members were informed by the police that if they continued to beat the drum they would be arrested. This order did not seem to trouble them, as they left the barracks yesterday afternoon and marched about beating the bass drum with more vigor than ever, and the arrests followed.

Canonical Law Violated.

BOSTON, March 23.—A special ecclesiastical court of the Episcopal church of this district will be held here to try Rev. S. R. Fuller, rector of St. Paul's church, Malden, on a charge of violation of canonical law. Last summer Mr. Fuller was married to a Miss Derby of Boston. He had been divorced from a former wife on the ground of desertion. The separation was not secured on canonical grounds, and therefore Mr. Fuller's second marriage was in violation of the laws of the church, although all right under the statutes of the state.

Probably Not Guilty.

PROVIDENCE, March 23.—The preliminary hearing in the case of Mrs. Valola of Scituate, charged with shooting her father, John W. Roessler, on Nov. 7, was closed Saturday evening. Judge Johnson, in rendering his decision, said the officers of the town had not been guilty of persecution in making the arrest or bringing the defendant to trial, but that after a complete examination of the case he believed there was not sufficient evidence to hold, and that the defendant was probably not guilty. He ordered the defendant discharged.

For Quakers to Worship In.

LAWRENCE, Mass., March 23.—A new Quaker meeting house on Avon street was dedicated yesterday by Dr. Trueblood of Boston, secretary of the American Peace association. At the services the several denominations were represented by the pastors, and the Salvation Army by Captain Whitfield, and after an historical address by Dr. Trueblood, remarks were made by the invited clergymen.

Cars Off the Track.

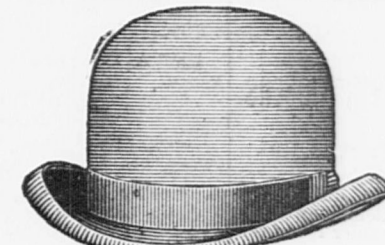

BURLINGTON, Vt., March 23.—A New York and Montreal express was thrown from the track in the cut at Shelburne, seven miles south of here, yesterday. The engine and six coaches and two sleepers left the track. The accident was caused by ice on the track. The cars all remained upright, and no one was seriously injured.

**The Braintree Observer,**  
A Weekly Established in 1878.

GOD SPEED the new Y. M. C. A. building.

THERE SEEMS to be no doubt but interest is a current expense. Many know it to their sorrow. The debt and interest of the city of Quincy is now responsible for very nearly one half of the annual tax levy.

MANY WILL be surprised to learn that there is before this Legislature a bill providing for sewage disposal for Quincy. It is in the hands of the Committee on Metropolitan Affairs, and it is only through a metropolitan system that Quincy can hope to obtain this crying necessity. We realize every day the need of a sewer system and the progress of the city is being retarded.

THE INDEPENDENTS have yet to see much independence on the part of Mayor Adams in his appointments, but he has one more opportunity and they are watching him closely. Never until this year has the Water Board been composed entirely from one party, and those three all active politicians. But Mr. Cavanaugh has resigned to accept an appointment as superintendent, and it now remains to be seen whether the city is to have a non-partisan board as under Mayors Porter, Fairbanks and Hodges.

WHY ALL these efforts to elect Republican delegates from Tenth district before the convention is held. The local delegates were chosen to perform this duty and no one should have the authority or permission to make trades. In Ward 20, Boston, there was a clear cut issue at the caucuses between Messrs. Sweat and Jordan and the latter routed, but now there is an effort for a combination whereby these two men of that ward may be elected. Nine-tenths of the Republicans in the district voted at the last election for Mr. Atwood, the regular Republican nominee for Congress, yet some think that these 90 per cent. should stand aside because they stood by the party and let the ten per cent. who booted the party then, run it now. Atwood is not an issue in this election and he has been given too much prominence.

THE DEMOCRATS of Quincy are again in arms and swearing vengeance upon the heads and hopes of some of the past leaders. They have in this instance been aroused from their lethargic state by a certain letter written by Dr. Everett to Postmaster General Wilson relative to the Wollaston postoffice matter. The genial doctor, who has always prided himself upon his repugnance to the policy and practices of office seekers, has in this instance outdone the most zealous politicians in the city. The Democratic book of grievances contains, it is said, many black marks, and if one-sixteenth of the plans now being concocted are carried into effect, it will mean the utter disruption of the party this fall. The feeling against the sage of Elm street is particularly strong, as it is deemed that he and his advisers have gone considerably out of their way to injure the candidate for the postmastership of Wollaston.

THE PROPOSED legislation on liquor license fees, making the same payable to the State, and in turn abolishing the State tax upon cities and towns, is stirring up the liquor people, who were caught napping, and it is amusing to see them squirm. They admit that some cities and towns now vote for license because of the revenue derived therefrom. This on the other hand will be a gain for temperance. They say Boston may vote against license if the city is not to receive the fees. Temperance people hope it will. The police are under State control and should wage war on "free run."

They say 90 per cent. of the inmates of our jails, houses of correction and almshouses have become public charges as a result of the excessive use of intoxicating liquors. Then why should not Boston, which receives the revenue, help support these institutions in Quincy and in Norfolk county. Not necessarily directly, but by abolishing the State tax as proposed.

Fifteen of the 32 cities voted against licenses and about nine-tenths of the towns. Such votes doubtless increase the sales in Boston and the revenue of the city, yet much of that liquor gets to Quincy and other no-license towns, increasing the costs of our police force, our courts and our poor department.

The representatives of no-license cities and towns and the temperance members of the Legislature have it in their power this year to strike a blow for temperance and they should blow it.

## A BIG CORPORATION.

### The Q. & B. Making Rapid Strides in Improvements and Extensions.

The directors of the Quincy & Boston street railway have had a number of improvements under way for some time and these were laid before the stockholders of the road at a meeting held Saturday afternoon.

It was voted to increase the capital stock to \$165,000, to enlarge the car house and power station, to rebuild the line on Hancock and Washington streets and to extend the line from the present terminus in East Weymouth to the Hingham line to connect with the Hingham street railway.

Work on these new improvements, especially the rebuilding of the tracks on Hancock and Washington streets will commence soon, as the rails for this purpose have arrived. There seems however to be a desire on the part of the citizens that the line on Hancock street should be moved from the side to the center of the street, and a petition to that effect will probably be presented to the City Council at its meeting tonight.

### Norfolk County Investigation.

Many papers have commented on the Norfolk county hearings, but is noticeable that the Dredman Transcript which printed in full the lengthy argument of the county commissioners on the opening day, did not have a line in its last issue of the Monday and Wednesday hearings of last week, when the remonstrants were heard.

Hyde Park is the home of Chairman Morrill of the County Commissioners, and the Gazette says:

"We are pleased that the county officials are disposed to place no obstacles in the way of an investigation into their official acts, and as the charges made affect one of our own citizens, Commissioner Morrill, chairman of the board, for his own sake and for the good name of the town, which has often honored him in places of trust he should demand the fullest investigation and set at rest the charges and insinuations made. In common with all other citizens we believe he can meet these allegations upon the integrity and conduct of himself and associates satisfactorily, and the quicker it is done the better for all concerned. Commissioner Morrill and his associates have given to Norfolk County a beautiful and substantial court house, and it is well worth the money it has cost, if divorced from official misconduct.

The Times of same town thinks it is a personal matter. It says editorially:

"The Norfolk County Commissioners have by far the greater number of taxpayers in their jurisdiction, on their side as regards the building of the well-constructed court house at Dedham. The hue and cry of opposition emanates from the persons whose names have appeared prominently among the tickers. There is certainly a strong savor of trying to even up personal grievances, rather than in the interest of the county. See!"

The Boston Herald says editorially: "The evidence given in the hearing on the estimates of the commissioners of Norfolk county is of a kind which clearly justifies a thorough investigation of the manner in which the financial affairs of that county have been carried on during the last few years. Such an investigation may demonstrate that there has been no criminal action, but only official indifference and carelessness. We trust that the county will prove to be the case, and that the rumors which from time to time have been in existence concerning jobs and deals have been wholly fictions of the imagination."

But the fact is that the financial affairs of the county have been carried on in a manner so far in violation of proper methods of public administration as to give rise to a suspicion that all has not been as it should be. The county commissioners all over the state have, until recently, been the most irresponsible officials within the borders of the Commonwealth. But there were, even so far as they have been concerned, certain general rules of conduct which required observance, and in the case of the commissioners of Norfolk county these regulations concerning the giving out and paying for public work do not appear to have been steadily observed.

"It has been notorious throughout the length and breadth of Norfolk county that the court house at Dedham has been built in an extravagant manner, and in a way that would not have been authorized had the extent of the outgo been fairly stated when the plan of improvement was first proposed. It may be that this has indicated nothing more than indiscretion and want of judgment—offenses which should not be passed over without comment, but which would not call for unequalled censure. "On the other hand, it may turn out that the middle in which the county accounts appear to be has had other and less excusable causes for its existence. This can only be determined by an investigation, and as this has been asked for by those who represent the county, as those who represent the county commissioners have said that they would not throw obstacles in the way, and as, under the circumstances, it is necessary on the ground of the public good to have some explanation given and evidence afforded of good faith and honest intentions, we trust there will be no delay shown by the Legislature in giving authorization for this suggested inquiry."

### Death of an Odd Fellow.

William F. Gragg, one of West Quincy's well known and respected citizens died at his home on Crescent street, Sunday morning, after an illness of ten weeks' duration of heart trouble. Mr. Gragg was formerly employed as a stone cutter but of late years has been driving one of the city teams and Horse wagon No. 3. He was a member of Mt. Wollaston lodge and Manet encampment, I. O. O. F. He was 55 years of age and leaves a widow and five children, two sons and three daughters. Funeral services will be held from his late residence Tuesday afternoon.

### TODAY'S COURT.

Dennis F. Whalan of Randolph was fined \$5 for drunkenness.  
John F. Buckley of Weymouth was arraigned for non-support of his family. Case continued until Saturday.  
Several continued cases were called and continued again.

## The South Quincy Literary Club.

"Superstition and Illusions" was the subject presented by Mr. Grassick for debate on the evening of Friday, the 20th.

Mr. Grassick without dogmatizing on the existence of a supreme intelligence controlling the universe, assumed that man is essentially a religious being, guided and influenced by instincts that presuppose a supernatural power, which manifests itself in various ways to man. History and tradition, he said, abounds with evidences of this, and the experience and education of ancient and modern times have failed absolutely to wipe it out.

The belief in witchcraft, and in the various apparitions that our forefathers postulated on, may have undergone a very radical change, nevertheless there is evidence of an under-stratum in man's mental make up that presumes the existence of something more than natural. This is evidenced for instance in his love of illusions, no matter how worthless and denounced the appearances may be, they attract and interest man in a very agreeable manner. Mr. Grassick inclined to believe that the superstitions in man will last through time.

A sharp and varied criticism followed the lecture most of the members differing very widely from the lecturer. In the course of the comments several explanations were offered as to the origin of man's religious faith and preternatural beliefs. Dreams, and appearances on earth and in air, helplessness of the human mind to grasp realities, ignorance, etc., were instanced as true causes. A confidence in science and education to dispel all delusions and fancies was evident from the remarks of the majority of the members.

The subject for Friday evening, March 27, "Morality" by Mr. A. M. Craig.

## 2400

Disorders afflict the human race, the large majority arising from impure blood. Hence the wide range of cures by Hood's Sarsaparilla, the greatest blood purifier of the age.

"I feel it a duty to suffering humanity and to Hood's Sarsaparilla to tell what this medicine has done for me. I know it is an honest medicine. I had

## Dyspep-

sia, and 3 years treatment by physicians did me no good. I could not eat half a cracker without distress. I fell off in weight from 180 to 140 pounds. I also suffered with rheumatism, and was pretty well used up. I heard about Hood's Sarsaparilla and began to take it. I soon noticed that it was helping me, and after taking several bottles found I could eat what I wanted without any distress. Later I had salt rheum or

## Eczema

come on my ankles, and I again took Hood's Sarsaparilla. The swelling went down and the eruptions healed. Then I had the grip and it left me in bad shape, with catarrh and other troubles. The doctor said I was all worn out, but might be patched up and live a year or two. But I clung to my old friend Hood's Sarsaparilla and was soon in my better health. I am alive yet, more than three years having passed since the doctor's prediction, thanks to Hood's. I am 69 years old, weigh 170 pounds, am in good health and recommend Hood's Sarsaparilla to all my friends for dyspepsia, catarrh and rheumatism, and also for cleansing the blood."

## Hood's Sarsaparilla

Is the One True Blood Purifier. All Druggists. Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

## DR. RALPH M. FOGG, DENTIST.

Teeth extracted absolutely without pain by the use of the

## "Boston Vegetable Vapor."

It is claimed that, while it has the required properties of ether, chloroform, nitrous oxide gas, it lacks the disagreeable and dangerous qualities of these drugs. It is certainly a boon to suffering humanity to be relieved of the nausea too often following the administering of sedatives of the old school—Boston Transcript.

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston Atlantic, South and West Quincy. Watch this line grow:

Wanted, in Quincy, a large hall.

City Council this evening.

A snow squall this morning.

Vacation season in the public schools.

It will soon be time to get out your spring overcoats.

The pleasant weather Sunday brought out a large number of wheelmen.

Will the order for two new schoolhouses receive votes enough tonight to pass it?

Mrs. Waldo Coolidge of Summer street is much improved after her recent sickness.

Work on the new bowling alleys in the centre is progressing rapidly.

Councilman Charles M. Bryant has entered three of his polo ponies in the Boston horse show.

The Republican State election for the choice of four delegates will be held in Boston, Friday, March 27, at 10 A. M.

The borders used by H. L. Kincaide & Co. on their advertisements are their own property and show good judgment in selection.

It is very doubtful if the Congressional convention to be held in Boston tonight finishes its business in time for the Quincy men to take the last train home.

Engineer's lines upon the floor of Albert Keating's new building at the corner of Washington and Canal streets, clearly show the street line, and Mr. Keating is busy "moving in."

Mr. A. L. Baker of Wollaston is in Maine attending the funeral of his father, who died last week, his death being caused primarily by a broken hip. He was nearly 90 years of age.

An Easter supper and entertainment will be given at the Universalist vestry on Wednesday evening. Sixteen young ladies will give in a pleasing and attractive manner an Easter drill.

Mr. A. G. Olney, Mr. A. A. Lincoln and Mr. H. T. Whitman of Wollaston start on Saturday for the Bristol Branting Club's grounds on Monomoy Island, Cape Cod, for geese and other water fowl.

The alarm from box 57 at 10 45 Saturday evening was for a slight fire in a house on Hancock street, Wollaston, recently occupied by Mr. James J. Lord and owned by the Quincy estate. Damage, \$250; insured; cause incendiary.

The combination wagon of Atlantic left its house eighteen minutes after the alarm from Wollaston sounded Saturday evening. Horses and several members of the company were in the building at the time. Enough said.—The chief of department should investigate, before anything of this kind is repeated.

The entertainment and reception to be given by the King's Daughters' promises to be one of the musical treats of the season. Miss Thomas, the violinist, is a pupil of C. N. Allen and is a young lady of exceptional ability. The other soloists are very well known and are highly recommended.

## 50 Years Ago.

It was fifty years ago last Thursday since Mr. Joseph T. French and Miss Augusta Spear were married. The ceremony took place in the parlor of the bride's sister, Mrs. Benjamin Curtis of School street.

What a change has taken place since. Mr. Gilbert's stage coach could then take all our citizens who wished to visit Boston. The city or town hall had been finished but a few months and the land on which it stands was purchased of Mr. French's father, who kept the Hancock House just north of the hall.

The groom was a smart, active youth about as attractive as any country lad you could find, but time has of late told somewhat on his electricity, and rheumatism has troubled him sometime, still he takes good care of the old Hancock House stable and his many friends find him daily attending to his arduous business.

## Robert E. McLaughlin.

The funeral of Robert E. McLaughlin was held from St. John's church this morning at 9 o'clock, Rev. John P. Cuffe being the celebrant of the requiem mass. The body lay in a white casket and was borne by the following young men, friends of the deceased in life: Michael Toomey, Thomas Little, William McCarthy, Thomas Toomey, James Walsh and Eugene McCarthy. The casket was almost buried from sight by the mass of flowers, remembrances from the young lad's friends. The interment was at St. Mary's cemetery, West Quincy.

Drive Out the impurities from your blood and build up your system by creating an appetite and toning the stomach with Hood's Sarsaparilla, if you would keep yourself well.

Hood's Pills are the best after-dinner pill; assist digestion, cure headache. 25c.

Taylor's Anti-Headache Powders are just as harmless as water. Yet, look how powerful water is in putting out fire. Our powders cure Headache and Neuralgia in the same manner exactly. It is safe to say that these powders will cure all cases, because they never failed yet. Why not buy Taylor's and be sure about it? Get them of Leonard J. Pastor, Ph. G., 27 School street.

## Talking Furniture Prices.

DID you ever hear of furniture prices talking? Probably not, but at this store the prices speak right up for themselves. Prices that are low to begin with and economical to end with—prices that are unmatched for genuine lowness by any furniture store prices in the State, prices that appeal to all classes of buyers, and prices that are not low because we say so, but because buyer after buyer returns to this store and says, "We have tried elsewhere but return, after wasting our time. No better place on earth to buy Furniture or Carpets. Goods that are just to your liking, selected with untiring efforts for the benefit of the patrons of this—the people's store."

## Henry L. Kincaide & Co.,

Reliable, Low-Price Furniture Furnishers.

Hancock Street, Quincy.

Cars pass the door. Open every evening.

## STOP

And think what you are missing, for owing to the scarcity of money we are compelled to close out our Fire and Water Goods still cheaper. Pants, 50c.; Shirts, 18c.; Boys' Suits, \$1.50; Socks, 5c., and other bargains too numerous to mention. We know you don't believe it, but just come and see.

## F. J. PIERSON, - Brewer's Corner.

## Have You Money to Waste? Are You Willing to Save It?

The honest pharmacist may, without flattery, be called a benefactor of humanity. He spends a number of years in the thorough mastery of his profession and is a man of broad views, liberal education, and wide experience. The honest pharmacist, although in a sense he is a merchant, does not sink his profession below the level of a trade.

It is impracticable for everyone to have an intimate knowledge of drugs and chemistry, just as it is impossible for every person to be an expert electrician or astronomer—it is all a matter of education and experience.

The honest pharmacist is not "stuck up," he does not "own the earth," and he is wise enough to know it.

You will find **Leonard J. Pastor, Ph. C., at THE PHENIX PHARMACY**, 27 School street, Quincy. He is always courteous and obliging. You will have no cause to regret the time and trouble; it is more than likely that you will be pleased at making the acquaintance of the model pharmacist, Leonard J. Pastor, Ph. G.

It is needless to enumerate every article that is sold at **The Phenix Pharmacy**; it is enough to state that the stock of Drugs, Chemicals, Patent Medicines, and Herbs is the most complete in this vicinity, while the selling price may be judged from the few prices submitted herewith:

Ayer's Sarsaparilla.....	.75	Cream Emulsion of Cod Liver Oil pre-
Ayer's Pills.....	.20	scribed and used by members of the
Ayer's Cherry Pectoral.....	.80	medical profession. Contains fully
Beecham's Pills.....	.20	50 per cent. of <b>Lofoten</b> Cod Liver
Carter's Pills.....	.20	Oil. Per pint.....
Cuticura Resolvent.....	.80	Johnson's Anodyne Liniment.....
Greene's Nervura.....	.80	Full Weight Seditz Powders. Per
Boschee's German Syrup.....	.62	dozen in tin box.....
		Lowney's Chocolates, per pound.....

## If Mothers Only Knew—

How many disorders of children were really caused by worms and how quickly and surely they can be cured, if only mothers knew. **TRUE'S Pin Worm EXELIX** is the great vegetable specific, has been curing children for 42 years. It is the safest, quickest, and most effective medicine ever prepared for all stomach disorders of children or adults. See at all druggists or by mail, a valuable book about children sent free to mothers. **DR. J. F. TRUE & CO., ALBURN, ME.**

## Commonwealth of Massachusetts.

NORFOLK, ss. PROBATE COURT.

TO the heirs-at-law, and all other persons

interested in the estate of

SALLY R. SUMNER,

late of Hyde Park, in said County, deceased.

Whereas, Samuel Crane, executor of the will of

said deceased, has presented to said Court his petition

for license to sell at private sale, in accordance

with the order named in said petition, or by

public auction, the said Court, on the twenty-fifth day of March, A. D. 1896,

at ten o'clock in the forenoon, to show cause, if

any, why the same should not be granted.

And said petitioner is ordered to serve

this citation by delivering a copy thereof to

each person interested in the estate fourteen

days at least before said Court, or by publishing

the same once in each week, for three successive

weeks, in the Quincy Daily Ledger, a newspaper

published in said County, the last publication to

be on the fourth Wednesday of March, A. D. 1896,

at ten o'clock in the forenoon, to show cause, if

any, why the same should not be granted.

And said petitioner is hereby directed to give

public notice thereof, by publishing this citation

once in each week, for three successive weeks,

in the Quincy Daily Ledger, a newspaper

published in said County, the last publication to

be on the fourth Wednesday of March, A. D. 1896,

at ten o'clock in the forenoon, to show cause, if

any, why the same should not be granted.

Witness, George White, Esquire, Judge of

said Court, this fourth day of March, in the

year one thousand eight hundred and ninety-

six.

JONATHAN COBB, Register.

Mar 11, 1896

## First Presbyterian Church.

The following item concerning the work of this church is taken from the "Religious Intelligence" column of the New York Observer:

The First church of Quincy, Mass., on Jan. 5 and Feb. 16 received forty-seven people into membership, all but three on confession of faith. This makes a total accession of one hundred and eleven members, ninety-nine upon confession, since the installation of Rev. Robert Westly Peach, fourteen months ago. At cottage prayer-meetings for several months the deepening of the spiritual life of the church and the conversion of souls was the one theme and subject of prayer; then, without the aid of a special evangelist and with but few extra services, the ingathering began, just before the Week of Prayer. The midweek prayer-meeting and the Sunday night service for several weeks were made occasions for evangelistic sermons and appeals by the pastor, with the above visible results. One year ago a similar blessing followed the work of an evangelist.

## Wanted—A Dark Horse.

The situation in the 10th district is pretty much muddled, and at present writing it looks as if it would take the convention this evening to settle the question of the two delegates to be chosen to the national convention.

It appears to be pretty certain that one of these will be A. T. Sweet of Ward 20, and it would not be surprising if the other man should be a dark horse, since neither Col. Jordan nor ex-Senator Merrill of Quincy nor Charles Hammond of that city have yet succeeded in making a combination. They are all, however, still in the fight.—Boston Advertiser.

Why not unite on Representative James Thompson of Quincy?

## Extra Bars Added.

At the Wollaston Trap club's shoot on Saturday afternoon Fodernberg killed 25 birds straight and won a gold badge. Morse and D. B. Lincoln came in the eighty per cent. class and therefore had extra bars added to their badges.

The score is—	
Whitmarsh,	0111110011011011111111—29
Tucker,	1111110011100000001010—14

## Attempt to Enter.

An attempt was made sometime between Saturday night and this morning to enter the factory of the Bay State Aluminum Co., on Granite street by forcing one of the rear doors and a window with a chisel, the marks being plainly visible. The party, or parties were apparently unsuccessful, for a window on the side toward the railroad was opened by smashing the glass and turning the catch. As far as can be learned the burglars got nothing for their trouble. It is thought they were frightened away.

## Advertised Letters.

At Quincy post office, Monday, Mar. 23: C. C. Boylston, Albion Cypher, Eddie Drizzle, Capt. J. L. Mower, James Mulane, Thomas Mitchell, James Phelan, Quincy Cycle club, John B. Rossi, Jerome A. Smith, Henry Savoy, Samuel Sellers. Mrs. Louis Dombek, Mrs. W. N. Davis, Miss Nellie Hurley, Mrs. R. Ingraham, Miss Francis Smith.

## DIED.

GRAGG—In Wat Quincy, March 21, Mr. William F. Gragg, aged 55 years and 6 months. Funeral from late residence 7 Crescent street, Tuesday, March 24, at 2:30 P. M.

WARE—In Braintree, March 22, Mrs. Mary A. Ware, widow of Vernon P. Ware, aged 62 years and 1 month.

DOANE—In Braintree, March 22, Mr. Herman F. Doane, aged 48 years and 4 months.

## No Gripe

When you take Hood's Pills. The big, old-fashioned, sugar-coated pills, which tear you all to pieces, are not in it with Hood's. Easy to take

and easy to operate, is true of Hood's Pills, which are up to date in every respect. Safe, certain and sure. All druggists. 25c. C. I. Hood & Co., Lowell, Mass. The only Pills to take with Hood's Sarsaparilla

WM. PARSONS, CUSTOM TAILOR. Cleansing and Repairing. First-Class Workmanship Guaranteed. 114 Hancock St., Quincy. Oct. 22.

## Sunday Church News.

Rev. Preston Gurney of the Wollaston Baptist society exchanged with Rev. Edward Norton, of the Atlantic Memorial church on Sunday morning. Mr. Norton's text was found in Cor. 12:2. "A man in Christ."

The Rev. E. N. Hardy of Quincy preached before a large congregation at the Wollaston Congregational church on Sunday in exchange with the Rev. Edward A. Robinson.

The services at the Wollaston Unitarian church on Sunday forenoon had to be shortened owing to the sudden illness of the pastor, Rev. James E. Bagley. Mr. Bagley is much better today and will probably be convalescent in a short time. The vesper services were conducted by the Rev. Mr. Stebbins of Milton.

The attendance at the Memorial Congregational church, Atlantic, Sunday was very large. Rev. Mr. Gurney of Wollaston, occupied the pulpit. The evening service of the Y. P. S. C. E. was under the direction of Miss Alice G. Coe and the pastor, Rev. Edward Norton, gave the fifth of his series of Sunday evening talks on the Lord's Prayer, this time his text being "Give us this day our daily bread." Misses Moxon, Briggs and Coe favored with several trios.

## INDIANA'S BIG UNIVERSITY.

## Several Institutions of Learning Join Forces For Broader Results.

The University of Indianapolis has organized the other day by representatives of Butler (Literary) college, the Medical college of Indiana, the Indiana Dental college and the Indiana Law school.

These were federated into a university plan, in furtherance of which legislative action authorizing closer union will be asked. Other departments are to be added, and all branches of learning are contemplated.

A great school on a broad nonsectarian ground is proposed. Each department will operate under a dean, and each is for the present to preserve its autonomy. United they have already 1,000 students.

## WHO'LL BE THE PRESIDENT?

## Make Your Bet, Gentlemen—This Concern Will Take Your Money.

A number of well known sporting men and politicians have received from Chicago the prospectus of a political gambling concern, which offers odds on the presidential nominations of the two great parties.

One of the lists was being studied with interest at Tammany hall the other day.

The Chicago idea as to the standing of the various possibilities and favorite sons is to make Whitney and Olney the favorites on the Democratic side at 3 to 1, and McKinley the good thing in the Republican column as a 2½ to 1 shot. And so on down the list on both sides.

## When Congress Will Adjourn.

It is now considered pretty well settled this congress will do nothing but pass the appropriation bills and go home. There is no reason why it should not conclude its labors by the middle of May and give every one a chance to go to the national conventions and all the statesmen an opportunity to spend the entire summer at home looking after their political fences. Speaker Reed is confident congress will quit before June 1.—Walter Wellman in Chicago Times-Herald.

## Healing, Board and Papers Free.

Dr. William Whitehead, the divine healer who has been attracting a great deal of attention in Aurora, Ill., because of his cures by means of prayer, has made himself a fixture in that city by leasing a small hotel known as the Orchard House for a faith home. He proposes to keep it filled with the lame and the blind, give them free treatment and throw in their board and newspapers.

## Keating's New Building.

A civil engineer engaged to determine how much Mr. Keating's new building encroaches upon the highway, finds that it was three and one-half inches on Washington street and thirteen inches on Canal street at the rear end and Mr. Keating has moved his building back to the line.

—Rev. F. A. Wardfield of the Porter Congregational church, Brockton, resigned his pastorate Sunday.

Headache! Glasses relieve many. Consult Williams, practical optician, 104 Hancock street. Scientific test free.

The heirs of an estate in Los Angeles county, Cal., valued at \$20,000, went to law about it some time ago, and the executor now announces that he has just forty cents of the estate left. They have queer kind of lawyers out there, says the Beverly Citizen, to let that forty cents escape them.

## Bishop Hoban.

SCRANTON, Pa., March 23.—Cardinal

Sullivan and a distinguished party of other

Catholic ecclesiastics participated in the

conservation of Rev. Dr. Michael J. Hoban

as coadjutor bishop of the Scranton

diocese. The cathedral of St. Peter's

was crowded to the doors, while a crowd

numbering about 8000 were on the outside.

A purse of \$7500 contributed by the

priests of the diocese, was given to Bishop

Hoban.

## Month Without Fresh Water.

LONDON, March 23.—Barkentine Bee-

wing, at Queenstown, reports that on

March 12 off Flores Island of the Azores,

she supplied food and water to the Span-

ish barkentine Joven Beatriz, Captain

Bonet, 51 days for New York. The Span-

nard had been disabled by a storm. Those

on board had not had a drop of fresh water

for 30 days, and had been living on rice

and boiled seawater.

## Chicagoans Won Easily.

CHICAGO, March 23.—Louis Keegan and

William Carney of this city won the hand-

saw championship of America and a purse

of \$500 yesterday by easily defeating Phil

Casey and James Dunne, the Brooklyn

experts, in four straight games. The

series consisted of 13 games, six of which

were played in Brooklyn and the remain-

der here.

## New England Briefs.

Chief Engineer Allen of the Maine Central railroad was killed at Lewiston, Me. F. J. Hollock's carriage factory at Mt. Carmel, Conn., was burned. Loss, \$500.

As the result of the recent seizure of the plant of the Vermont Manufacturing company at Providence, 65 writs were served on Treasurer Tillinghast of the company.

Ground was broken today for the new \$100,000 mill to be erected at Centerville, R. I.

Edward A. Jarvis, an East Cambridge (Mass.) youth, confessed to setting several fires in Boston.

A hose wagon was wrecked and one fireman fatally and four others badly injured at Lynn, Mass.

Rev. P. James Lyons, the Roxbury (Boston) pastor who left his church and family, is in Exagan, S. D.

An unknown workman, evidently about 60 years old, was instantly killed by a train at Dodgeville, Mass.

At Augusta, Me., a son, Walker Blaine, was born to Mrs. Truxton Beale, daughter of the late Hon. James G. Blaine.

George H. Watson, who disappeared from his home in Cambridge, Me., last fall, has been heard from in Lowell, Mass.

Mrs. Lucy L. Dickery died at Bangor, Me., aged 89 years. She was a grandniece of General Israel Putnam of Revolutionary fame.

The three-masted schooner Anna Barker has not yet been hauled off the beach at Belfast, Me. She is badly wrecked, and is taking water fast.

Rev. Frank A. Warfield, pastor of the Porter Congregational church, one of the most prosperous in Brockton, Mass., read his resignation yesterday.

S. T. Barnes, aged 41, of Lowell, Mass., shot and killed himself while suffering from acute pain in the head, to which he had been subject for some time.

Charles Smith of Bath, Me., for the third time unsuccessfully tried to commit suicide by cutting his throat with a jack-knife, while temporarily insane.

The Worcester (Mass.) police raided the Quong Hong Lung company's tea store and arrested 19 Chinamen. One was smoking opium and the others were gambling.

A saloon in Waterbury, Conn., was raided by the police yesterday, and eight young men arrested under the new statute, which makes it an offense to be found in a saloon on Sunday.

Joshua Chapman, aged 75, of North Waterford, Conn., disappeared from home Sept. 25 last. Saturday his skeleton was found in the woods near Montville. It is believed he died from exposure.

The town of Stow, Mass., is to erect a memorial tablet over the tomb of Jonathan Newell, who was minister of that town for upward of half a century, and during the revolutionary period.

The schooner Helen G. Wells has returned to Gloucester, Mass., from a half-bait trip to the Grand Banks. She had been away 10 weeks, having refitted once at St. Pierre, and brought 25,000 pounds.

A barn owned by Joseph H. Boardman, and two icehouses were destroyed by fire at Hartford. Fourteen horses and other live stock were burned. Total loss estimated at \$10,000.

Joshua B. Wiggin, a prominent citizen of Stratham, N. H., died at the age of 85. He was a direct descendant of Thomas Wiggin, first governor of the provincial colony of New Hampshire. He had been a prominent Republican politician for 30 years.

## Outsiders Suffered.

INDIANAPOLIS, March 23.—A riot broke out Saturday night between the non-union men employed in the iron works of Chandler & Taylor and a number of strikers and their sympathizers. Three men were shot, one fatally, and a number of stones and bricks. The trouble originated over the fact that a number of non-union men are employed in the works, taking the places of the members of the union.

The non-union men opened fire first, after they had been pelted with bricks and stones. The fire was returned by the strikers. The men shot were all bystanders, and had nothing whatever to do with the trouble. A number of arrests were made.

## Bicycle Wisdom.

THE best article for the least money is what the people want today, and the object of this store is to see that our patrons get it. There never was a medicine compounded that could begin to build you up so quickly; nothing on earth so invigorating as "Exercise," the doctors say. "It is what you need, and Quincy Bicycles with perfect running gears, furnish the most delightful, healthful and enjoyable exercise in creation. Everyone should ride. Old, Middle Aged and Young. A Quincy is the wheel for you.

1896 PRICES, \$50.00, \$75.00, or \$100.00.

BUILT and enameled just to your notion, two years' guarantee, easy terms for those who wish, and a reasonable allowance for old wheels. Order your wheel at once. A small deposit secures for you a wheel that will be the pride of your life.

Henry L. Kincaide & Co.,

Exclusive agents for the Famous Quincy Steeds.

You are cordially invited to call and inspect our stock.

## QUINCY BEEF COMPANY.

The G. H. Hammond Co.'s products exclusively.

March 19-1st

## SWITHIN BROS., Real Estate

Having opened a Real Estate office in Durgin & Merrill's Block, we are prepared to show plans and give prices on some of the finest house lots offered for sale in this city in recent years. These lots are embraced in the following tracts of land:

### PRESIDENT'S HILL.

This land was formerly the country residence of C. F. Adams. It overlooks the ocean, and the view both seaward and inland is unsurpassed in this vicinity. The grounds are covered with rare and costly shade trees, a very desirable feature of a lot, and the farthest portion of the property is within four minutes' walk of both electric and steam cars. Persons wishing a fine lot in a first-class locality would do well to inspect this property before purchasing.

### CRANCE HILL,

Probably better known as Adams' Field, is situated in the heart of the city. The land is high and dry, and the streets through the property are wide and straight. The lots are good size, the prices moderate and terms very reasonable. No better lots for a man of moderate means have ever been offered in this city.

### WEST QUINCY.

Land formerly known as the Dell estate on Willard street, borders on Blue Hills reservation; is handy to works, and is less than five minutes' walk to electric cars, West Quincy depot and schools. This property comprises about 80 lots.

### HILLSIDE TERRACE.

On Grove street, near quarries and sheds; good lots, low prices; small amount down and small monthly payments. This property comprises about 70 lots.

Also a few lots off Bates avenue.

### WOLLASTON.

A few desirable lots in Wollaston, on Hancock street, opposite entrance to Merry Mount Park.

Will be on land at President's Hill every afternoon from 2 to 4. Parties desiring lots or any information on the above properties, please call at Room 12 Durgin & Merrill's Block.

Quincy, Dec. 31-1st

## THE RALLY FOR REED

Will Be on the Issue of a Gold Standard vs. a Straddle.

Anti-Platt Men Come Out in McKinley's Favor.

The Morton Boom Looking a Little Shaky in New York.

WASHINGTON, March 24.—The Reed program promises to be from this time forth even more than before a clearly drawn issue on the financial question. Thus far Morton has been the candidate most pronounced for the gold standard. It is now asserted by some of Mr. Reed's most earnest friends that the Maine man will stand on the gold standard platform, with no more in view than can be met with a party with gold, and no free coinage of silver, except by international agreement.

They propose to present the issue of the gold standard vs. straddle. The opinion is expressed that the sentiment against a straddle is overwhelmingly strong in the Republican party, and that the sound-money people will promptly rally to the support of a candidate who is ready to meet the issue squarely.

As far as protection is concerned, it is argued the whole party stands on the same platform. It is an article of party faith and victory, with any one of the candidates, would be followed by an ample protection tariff, and the real issue presented is, whether the party shall stand squarely for "sound money" or shall avoid that question and leave the result in doubt after the election is over. The Massachusetts convention will declare without reserve for sound money.

This will be the keynote of the campaign, and the other conventions in New England will follow, placing Mr. Reed before the public as the sound-money candidate. The Ohio convention already having adopted a straddle, it is thought that this will make the issue squarely between Reed and McKinley, and the hope is expressed that the business interests of the country will rally around Reed.

## AGAINST BOSSISM.

Reason Given by New York Republicans For Favoring McKinley.

NEW YORK, March 24.—The McKinley mass meeting last night drew a great crowd of citizens to Cooper Union. Lovell H. Jerome called the meeting to order. He said it was useless for the machine politicians to disregard the returns that were coming in from all parts of the country favoring the nomination of William McKinley. The latter was the enemy of the bosses and not their tool.

Major Jerome introduced as the chairman of the meeting General Wager Swaine. The meeting, said the general, had been called to make plain to the people of this state and throughout the country, and to the delegates to the convention about to be held, that the second choice for President of the United States was William McKinley. Governor Morton, he said, had rendered valuable service to the state. It had been hoped that the name of Governor Morton would go before the convention without opposition, but it appeared that the sentiment of the country was for McKinley.

A combination of machine properties had become a threatening aspect in the situation. But the Republican party did not propose to tolerate the rule of any boss or combination of bosses. Referring to Mr. Platt, General Swaine said that he did not propose to have in the cabinet of the next President of the United States anyone who was known as the proprietor of the Republican machine. The next President of the United States would have to enter the White House without any chattel mortgage.

General Swaine introduced as the next speaker Senator Frank D. Pavy. Senator Pavy said that he was known as the proprietor of the Republican machine. The machine had broken up meetings that were in favor of McKinley; that the rolls had been tampered with, and that Tammany leaders had been brought in to vote at the Republican primaries. Anything to beat McKinley was the cry of the machine, because McKinley cannot be used by the machine.

The following resolutions were offered and adopted:

Whereas it is apparent that William McKinley is not only a logical candidate of the Republican party for president, but also the choice of probably a large majority of Republicans, and

Whereas the chief obstacle in the way of his nomination in the convention is the presence of persons who claim and who try to maintain a proprietary in the party organization, and control its action through the state, will represent the vote of the delegates from this state as henceforward a perquisite to be disposed of at pleasure in bargaining for political consideration in future, and

Whereas there have been intimations, apparently emanating from the New York machine, that should Mr. McKinley be nominated against his wishes, he would be compelled to look elsewhere for support in his canvass than to the so-called party organization in this state. Therefore, be it

Resolved, That we, representatives of the city and state of New York, in mass meeting assembled, organize ourselves into a political body, to be known as "The McKinley League of the State of New York," and

Resolved, That the league's activity shall be to procure for all honorable and lawful means

the nomination of Mr. McKinley at St. Louis and his election at the polls in November.

In the rank and file of the delegates who are gathered in the city preparatory for the Republican convention, there is not so much harmony as had been prevalent yesterday afternoon. Adherents of the McKinley boom circulated among the country members all the early part of the evening, and many of the delegates went down to the mass meeting held in the Ohio governor's honor. McKinley buttons were given away at the door of the state committee rooms, and the audacity of this proceeding seemed to gain a little sentiment on that side of the presidential issue.

The fact that Governor Morton had not only signed the Raines liquor tax bill, but had also endorsed it in a long brief, made some of the city members rather willing to be approached by the agents of the Ohio candidate, and many expressions of discontent were heard. Added to this was the fact that the Republican paper that has heretofore supported Mr. Morton's candidacy came out last night in a scathing political double-headed editorial against Governor Morton's boom.

It has been decided by the leaders that there shall be no mention in the platform of anything connected with state affairs excepting the endorsing of the administration of Governor Morton. The platform, which is in Senator Lexow's keeping, is quite brief. It favors a sound currency on a gold basis; reaffirms the tariff policy of protection, but asks that it be guarded as not to prove monopolistic in any sense, while still protecting American industries. This, in brief, beside the endorsement, is all that is to be said in the resolutions.

## Much Depends Upon Coney.

AUSTIN, March 24.—The Republican state convention meets here this afternoon. The fight is to be lively and bitter. It will be McKinley and anti-McKinley. All anti-McKinley factions will combine to defeat McKinley. Coney, the Allison leader, has announced himself as a candidate for temporary chairman. The Reed men at once rallied to his support. The McKinley men are claiming that they will ward off three of the four delegates to St. Louis. Coney is a power among the negroes, however, and he has practically promised the Morton men that the delegation shall go unopposed.

## Where is Cui om?

DECATUR, Ills., March 24.—The Republican convention of Macon county, one of the counties in Senator Cullom's home district, was held here yesterday. The convention adopted a resolution instructing state and congressional delegates "to use all honorable means to have McKinley nominated."

## Instructed For Reed.

BOSTON, March 24.—At the Tenth congressional district Republican convention in Wesleyan hall last night, Messrs. Augustus T. Sweet and Charles Hammond were elected delegates to St. Louis. Resolutions were adopted endorsing Mr. Reed's candidacy.

## Davis and McKinley.

ST. PAUL, March 24.—Republicans in the Second, Third and Seventh districts yesterday elected delegates to St. Louis in favor of McKinley. The Fourth and Sixth districts declared for Senator Davis as first choice for president, with McKinley second choice.

## THE WEATHER INDICATIONS.

ALMANAC FOR TUESDAY, MARCH 24.  
SUN RISES..... 6:30 MOON SETS..... 3:45 AM

The 16th game between Showalter and Komeny for the chess championship of America resulted in a draw. The score: Showalter, 5 wins; Komeny, 3; drawn, 2.

The United States government is to establish a branch custom house at Halifax for the purpose of examining the baggage of persons passing through that port to the United States.

Judge Goff signed an order at Baltimore authorizing the receivers of the Baltimore and Ohio Railroad company to renew all the outstanding notes, acceptances and endorsements of the company.

## HUSBAND SUSPECTED

Of the Murder of Mrs. Florence J. Robinson at Boston.

Family Quarrels Were of Frequent Occurrence.

Two Witnesses Who Are Expected to Reveal Damaging Evidence.

BOSTON, March 24.—Cambridge street has a murder which rivals in mystery the famous Charlestown murder a few months ago. Hiram H. Morrison is under arrest on suspicion of having murdered his wife, Florence J., by strangling her in a fit of drunken jealousy. But he coolly and calmly denies his guilt.

The Morrisons lived at 116 Cambridge street. Morrison went out early yesterday afternoon, he claims at 2:30, and returned to find his wife dead. Captain Westcott detailed Officers Gilmore and Thompson to go back with the husband and investigate the case. Later on they were joined by Inspector Abbott.

As they entered the house they smelled smoke, and asked Morrison what was burning. The latter replied that he could not smell any smoke. In a dark room, lying down on a broken bed, they found the woman dead. In the bed was a smoldering fire, which was soon extinguished. Then began an examination of the body.

They found a pronounced bruise on the right side of the throat. Even the skin had been torn and her throat was raw and bruised. On the left side three distinct prints of fingers were discernibly visible. The upper part of the head was crushed down on the lower part of the body. Her head had fallen out of the bed, and lay on the floor, her feet against the wall.

Dr. Thompson made a hasty examination of the body. He immediately concluded that the woman had been murdered, and stated so to the officers.

In the meantime Morrison had been taken back to station 3, where he was examined. Morrison claimed that his wife, another woman and a male friend had been on a drinking bout the whole afternoon. He intimated that the people who had been drinking with her might have had something to do with the murder, if murder it was.

He accounted for the fire by saying that it was the work of their 24-year-old child, who was probably playing about the room at the time. Captain Westcott was not fully satisfied with his story, and he was immediately arrested and

## Held For Further Examination.

The captain and Inspector Abbott and Officer Gilmore started to find the couple who were with Mrs. Morrison in the afternoon. Soon after 11 p.m. they succeeded in locating them, and at once took them to the station.

They were Richard Nolan and Elizabeth Lippner, both lodgers in the house. They told a story that may practically decide Morrison's fate. According to them Morrison was with his wife all afternoon and was with her when they left them at 4:50.

"They had," said Nolan, "frequent quarrels all the afternoon, and he more than once threatened to choke her. In fact, one time he grabbed her by the throat and knocked her down because he said, of undue familiarity with me. This was his favorite way of beating her. I have often seen him grab her in this way, and often had to interfere to save her life. His threats to take her life were of daily occurrence."

This evidence of Morrison's violent temper is corroborated by the officers of station 3. Time and time again have the officers on their beats been called in to quell rows between this couple. The woman would show marks on her throat where her husband had attempted to choke her.

When the officers entered the room last evening they found many evidences of a fierce row. A broken plate lay upon the floor, which Mrs. Morrison is thought to have thrown at her husband.

## New England Briefs.

An earthquake shock was felt at Machias, Me.

The mayor of Gloucester, Mass., has asked the license commissioners to resign.

Edward A. Jarvis, the young Cambridge (Mass.) firebug, was sent to the Lyman school for boys.

The mill and quarry of the West Rutland (Vt.) White Marble company have been purchased by a New York syndicate.

The British ship Treasurer, at Boston from Manila, reports the death of Captain Ira Millet Vroom Nov. 20. He was buried at sea.

The noted Newton (N. H.) alleged forged bond case came to an end by the Johnson suit against the town being settled, both sides paying their own costs.

The suit of Mrs. Mary C. Foster against the Boston and Maine road was compromised at \$1000. The plaintiff was run into at a crossing in Windham, N. H.

Eben T. Hartwell (Dem.) was elected mayor of Oldtown, Me., by 3 majority. The Democrats elect aldermen in three wards and the Republicans in two wards.

Sydney McIntyre of Rutland, Vt., who was pronounced insane, escaped from Officer Beattie, who had him in charge, while en route for the Brattleboro insane asylum.

The Lawrence (Mass.) board of aldermen adopted an order for the enforcement of the city ordinance which prevents night lunch carts from occupying space on the streets.

Schooner Jacob M. Haskell, at Boston, from Brunswick, Ga., reports that from March 1 to 20 terrible gales were encountered, and on March 8 she sprung aboard, and the deckload of 90,000 feet of lumber was jettisoned to ease the vessel.

## Afraid of Canadian Cattle.

LONDON, March 24.—Following upon the decision in the house of commons yesterday of the bill to make permanent the regulations on the importation of Canadian cattle, papers to that effect were issued by the government last night.

Baby Carriages, \$3.50 to \$25. and \$1.00 per week pays for one at GUY'S COLISEUM.

All goods delivered FREE at residences in Quincy.

## Spring Carpets

Two points in which we excel:—

Private Patterns.  
High-Grade Goods at Moderate Prices.

Think over what this means.

It means that you need not cover your floors with carpets of hackneyed patterns; that, on the contrary, exclusive and fresh designs are at your disposal.

It means that you need pay no more money for the best, than poorer grades cost elsewhere. We solicit your orders on this basis.

JOHN H. PRAY, SONS & CO.,

CARPETS AND UPHOLSTERY,

To Whom  
It May Concern.

IN Ordering your '96 wheel you should not only choose a high grade wheel, but also consider from whom you are buying; that is, whether they have got the facilities for prompt and first-class repair work; and also whether they are in a position to supply the wants of riders.

The usual guarantee on wheels does not amount to much unless the parties behind them are honest, square-dealing and acquainted with the necessities of wheelmen, and to supply their wants at all times. Do not place your order for your '96 wheel until you have got our prices and terms on new and second-hand wheels, as they are as low as can be had anywhere. We are bound to satisfy you in anything pertaining to a bicycle.

ALSO PUBLISHERS OF  
The Quincy Patriot,  
A Weekly Established in 1887, which has  
the Largest Circulation in Norfolk  
County, and

The Brintree Observer,  
A Weekly Established in 1878.

BEFORE KILLING off the Metropolitan  
sewer bill it had been well to  
enquire what was being done locally to  
give the city a sewer system.

YES, we can play whist in Quincy. The  
Quincy club has done well with the Algon-  
quins of Brockton. Would it stand a ghost  
of a show with the veterans of the Granite  
City club.

THE TOTAL appropriations of the town  
of Hyde Park, including debt and interest  
is but \$125,711. Quincy is not twice as  
large as Hyde Park, but appropriates over  
twice as much.

THE BOSTON papers who were inquiring  
"Who is Hammond?" have probably found  
out. We might expect the Journal who  
pictures him today with moustache and  
handsome "siders."

IT WAS a bit amusing to see the Coun-  
cilman-at-large from Wollaston anxious to  
hurry along the school house order. But  
for him and a small minority of the Council  
the order would have passed weeks ago.

AT THIS stage it may be difficult to ob-  
tain leeway within the \$12 limit to increase  
the city appropriation for the Quincy hospi-  
tal from \$1,000 to \$3,000. The total is  
very near now, if not in excess of the  
limit.

## WE CAN PLAY WHIST.

And That is the Game Nowadays—  
Brockton May have Pool Honors.

The final games in the whist and pool  
tournament between teams from the Algon-  
quin club of Brockton, and the Quincy  
club of Quincy, were played at Quincy on  
Monday evening.

The prizes offered the victors in the  
tournament are two pictures valued at \$10  
each. Both clubs desired to possess these  
pictures, and the contest was therefore a  
spirited one.

Up to this meet Quincy led Brockton 46  
points at pool, and Brockton led Quincy 7  
points at whist.

It therefore looked as though Quincy  
would be victorious at pool and with a good  
chance of also winning at whist. The re-  
sult however upset this view; Quincy won  
at whist by 5 points, while Brockton won  
at pool by 7 points.

The result of the meets previous to  
Monday night was as follows:  
First meet.—Brockton won at whist by  
10 points, and Quincy won at pool by 9  
points.

Second meet.—Quincy won at whist by  
4 points reducing Brockton's lead to 6  
points; and Quincy won at pool by 23  
points, increasing its lead to 32 points.

Third meet.—Brockton won at whist by  
1 point increasing its lead to 7 points; and  
Quincy won at pool by 14 points, increas-  
ing its lead to 46 points.

Fourth meet.—Quincy won at whist by  
12 points, which gave the Granite City a  
lead of 5 points; and Brockton won at pool  
by 53 points which gave the Shoe City a  
lead of 7 points.

The scores at Monday night's games  
were as follows:

At Whist.

TEAM A.  
Porter & Wadsworth, of Quincy,—38.

Freeman & Hinkley, of Brockton,—39.

TEAM B.  
Dyer & Federhen, of Quincy,—33.

Littlefield & Packard, of Brockton,—29.

At Pool.

TEAM A.  
Porter, of Quincy,—44.

Brown, of Brockton,—75.

Porter's runs—2, 8, 4, 4, 7, 7, 6, 6—44.

Brown's runs—13, 7, 11, 11, 8, 8, 9, 8—75.

TEAM B.  
Edwards, of Quincy,—53.

Packard, of Brockton,—75.

Edwards' runs—9, 7, 10, 6, 3, 5, 7, 3, 3,

—53.

Packard's runs,—6, 8, 5, 9, 12, 10, 8, 12,

—75.

About twenty-five of the admirers of the  
Brockton team came down to furnish  
enthusiasm for their players, while the  
members of the Quincy club were out in  
full force to shout for the Quincy players,  
and both did their full duty in this respect.

At the conclusion of the play Prof.  
Wrigley gave several piano solos, the only  
Galen sang several of his familiar airs, and  
Dan Haley—Weymouth's well known  
artist—added much to the pleasure of the  
evening. A collation was served and when  
the Brockton boys started for home there  
were cheers loud and long for both sides.

HON. CHARLES L. HAMMOND.

ELECTED A DELEGATE IN TENTH DISTRICT TO THE NATIONAL REPUBLICAN  
CONVENTION AT ST. LOUIS.

## SWEAT AND HAMMOND

### Several Ballots Necessary at District Convention.

### Ex-Senator Merrill's Name Withdrawn Before the Meeting.

### Mr. Sweat Wins on Second and Mr. Hammond on the Fifth.

Again the Hammond Republicans played  
a winning hand on Monday evening at the  
Tenth District convention held in Wesleyan  
hall, Boston, and within an hour the  
result was bulletined by the LEDGER to  
greet the "night owls" and the "early  
birds."

There was no contest over the organiza-  
tion, but the convention grew more inter-  
esting and exciting as it progressed, and  
the Quincy men took a prominent part.

Ex-Alderman C. B. Woolley of Boston  
called the convention to order and was  
elected temporary and permanent chair-  
man, with William C. Morey of Ward 20  
as secretary.

W. J. Wellington of Quincy was on the  
committee on credentials and Tobias F.  
Burke on the committee on ballots. A full  
convention of 103 delegates was present.

Resolutions were passed instructing  
delegates to vote and work for Thomas  
B. Reed before the balloting begun.

The balloting began at 8.50 and is  
summarized below, and the doings between  
the ballots follow.

	Informal	First	Second	Third	Fourth
Votes cast,	103	103	103	103	102
Majority,	52	52	52	52	52
C. L. Hammond,	40	39	36	38	51*
A. T. Sweat,	49	55*	—	—	—
J. P. Jordan,	44	47	43	43	46
S. M. Marshall,	44	47	22	19	—
A. E. Pillsbury,	12	11	1	3	0
E. L. Pierce,	3	1	1	0	2
C. H. Porter,	1	0	0	0	0
E. Torrey,	1	1	0	0	0
G. F. Lowell,	0	1	0	0	0
H. F. Adams,	0	1	0	0	0
Blanks,	12	—	—	—	—

\* Elected.

When the first ballot disclosed 12 blanks  
it was voted that no ballot hereafter be  
counted unless it contain two names.

On the first formal ballot Mr. Sweat  
gained 9 and was declared elected. A  
motion to make it unanimous was not  
successful. Hammond lost 1 on this bal-  
lot and Messrs. Jordan and Marshall each  
gained 3, and each led the Quincy man 8  
votes.

Before proceeding to the second formal  
ballot there were rumors that Mr. Marshall  
had withdrawn, but the gentleman himself  
denied it. Mr. Hammond's friends also  
denied that he was out of the race. But  
one name appeared on this ballot, and the  
result showed Mr. Jordan first, but elated  
the Hammond followers who scented  
victory ahead.

Rumors that Ward 24 had swung to  
Hammond were exploded. A. C. Perkins  
championed the cause of Col. Jordan and  
said Ward 24 was for him. W. L. Chase  
of that ward denied it however, and amid  
cheers for Hammond another ballot was  
taken. Mr. Hammond was the only one  
to gain.

T. H. Burke espoused the cause of  
Candidate Hammond before proceeding to  
the fourth ballot, stating that the young  
man was well qualified for the position,  
and entitled to the honor. There were  
loud cheers for Hammond, followed by a  
feeble effort for Jordan, and just as the  
ballot was about to proceed Mr. Marshall  
announced his withdrawal, leaving his  
friends free to vote for whom they pleased.

The ballot showed a stampede to Mr.  
Hammond of Quincy, who gained 16 and  
was triumphantly elected.

Mr. George F. Lowell of Ward 24, and  
Stephen M. Marshall were chosen alter-  
nates by acclamation.

The preferences of the candidates were  
sought but the gentlemen were not present.  
Resolutions in favor of sound money  
were adopted, and at 10.45 the convention  
adjourned.

### Split Tickets.

The "plunkers" on the informal ballot  
were from Ward 14, Mr. Marshall's ward.

The Boston Advertiser says, "though  
the contending factions manifested earnest-  
ness in the contest, there was no bitter-  
ness shown, and the progress of the ballot-  
ing appeared to settle the vexed problem  
amicably."

It is said to have been Mr. Sweat's first  
victory. It was a very quiet affair after  
all the confusion which has existed since  
the delegates were chosen in the caucuses,  
and those who were looking for excite-  
ment must have been disappointed.—  
Globe.

### COMPLIMENTARY CONCERT.

### Artist Friends of Ex-Councilman W. H. Owen Give Fine Entertainment.

A complimentary concert was tendered  
to William H. Owen by his many friends  
in Music hall, Atlantic, Monday evening.  
Owing to the inclemency of the weather  
the attendance was not as large as was  
expected, although the hall was fairly well  
filled. Mr. Owen received a great ovation  
when he appeared to sing.

The programme rendered was of a most  
excellent order and was greatly appreciated  
by all who attended. The following artists  
assisted, Miss Jennie Mae Spencer, con-  
tralto; Miss Elith W. Hatch, soprano;  
Miss Belle Temple, reader; Mr. Frank  
Kennedy, violinist; Mr. Sidney, tenor;  
and Prof. John Alden, pianist.

All the numbers on the programme  
were greatly applauded, especially the  
readings by Miss Temple and the songs,  
by Miss Spencer and Mr. Owen.

### Mr. Plummer, the Evangelist.

At the Calvary Baptist church on Sun-  
day, Rev. Morton W. Plummer, the Evan-  
gelist, preached at all services. At 10.30  
A. M., 3 P. M. and 7 P. M. Morning and  
afternoon he spoke on Christ's coming,  
from John 14:3. In the evening he talked  
on the subject of "Feeling in connection  
with Salvation." Three steps in the way  
of salvation.

- I. Fact a reality or a truth.
  - II. Faith the attitude toward a fact.
  - III. Feeling the mode of sensibility.
- This subject was handled and simplified  
in a most wonderful manner. Mr. Plum-  
mer is a young man of rare ability as a  
bible student, as a preacher will hold large  
audiences enraptured with the wonder-  
ful truths of God's word. He will continue  
his service every night this week, "Sat-  
urday excepted."

### Another School for Girls.

Horace G. Willard, LL. D., principal of  
the Howard Seminary for girls at West  
Bridgewater, has purchased the Quincy  
mansion at Wollaston Park, in this city.  
He intends to enlarge and improve the  
same, and open it as a school for higher  
education for girls.

It is delightfully situated on the line of  
the street cars, only a few minutes' walk  
from two railroad stations, where the fare  
is but a few cents to Boston; and still so  
far removed from noise and business pur-  
suits, as to make it very attractive for a  
school. Certainly Quincy is well blessed  
with good schools—academies, seminaries  
and public schools.

### Runaway Horse Killed.

A valuable horse was killed in a peculiar  
accident in the quarries Monday afternoon.  
The animal was hitched to a team loaded  
with stone, when he became frightened and  
ran away. When near Carlson's quarry  
the horse fell and one of the blocks of  
granite on the wagon fell onto him, crush-  
ing him so badly that he had to be killed.

### Quincy Debating Club.

At the meeting of the debating club to be  
held at 7.45 on Thursday evening in  
the Y. M. C. A. rooms the question will  
be: Resolved, That the United States  
should have a double monetary standard.  
The question, perhaps a little deep, is of  
great historic as well as present interest.  
Mr. Everett Littlefield will act as critic.

HOOD'S PILLS cure Liver Ills,  
Biliousness, Indigestion, Headache.  
A pleasant laxative. All Druggists.

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston  
Atlantic, South and West Quincy.  
Watch this line grow:

WANTED, IN QUINCY, A LARGE  
HALL.

Sherman Gould has gone to Portland,  
Me., to read law.

Everybody should go and see Benj. Bay-  
lins celebrated cat.

Miss Lucy Eaton of East Milton has ac-  
cepted a position with A. H. Doble & Co.,  
as bookkeeper.

W. R. Lofgren commenced work Mon-  
day on a new house on Quincy street for  
William Pratt.

The sidewalk on the west side of Wil-  
liard street is receiving a coat of granite  
chips and gravel.

There will be an Easter supper and en-  
tertainment at the Universalist vestry to-  
morrow evening.

The young ladies of the West Quincy  
Epworth League will give an entertain-  
ment and social April 1.

Mr. Geo. A. Loring and family of Wol-  
laston are spending a few days at the  
"Savoy," in New York city.

The case of Fabian Miller against the  
Quincy & Boston street railway has been  
settled by agreement for \$29.50.

The building occupied by Nightingale  
the barber, on Granite street, has been  
moved to a point about 100 feet west.

F. A. Perkins has been awarded the  
contract to build the new \$25,000 brick  
block on Hancock street "in the hollow."

Mr. Wollaston lodge of Old Fellows and  
Manet encampment attended the funeral  
of Mr. William Gragg this afternoon at  
West Quincy.

The interior of Music hall has been re-  
novated by having the walls and ceiling  
painted. The stage has a very pleasing  
effect now being finished in blue, making a  
very pretty contrast.

The office of Bigness, Le Clair & Co.,  
was entered by burglars sometime between  
Saturday and Monday morning. The  
only thing missed was a few thumb tacks,  
a rule and a pair of dividers.

The Bay State Aluminum Company finds  
it necessary to work four nights a week  
until nine o'clock. Forty-five men are now  
employed. An enlargement of the factory  
will begin as soon as weather will permit.

A petition is being circulated among the  
clerks and employees of the stores in Quincy  
to be presented to the Quincy Grocers  
Association, asking them to close their  
stores one-half day each week during the  
months of June, July and August. This  
closing is already in force in many places,  
including Atlantic.

Mrs. William C. Seelye of Wollaston  
passed away this morning after a lingering  
illness. Mrs. Seelye was much beloved by  
those who knew her. She was a member  
of the Wollaston Baptist society. Mrs.  
Seelye is survived by her husband and a  
daughter, Mrs. William P. Gould. She was  
also a sister to Tax Collector Brasse.

## Dis-

stress in the stomach and other symp-  
toms of dyspepsia demand careful  
attention to diet and a good medicine  
like Hood's Sarsaparilla to tone the  
stomach and other digestive organs,  
purify the blood and sustain the nerves.  
Mr. J. W. Gerry, a well-known busi-  
ness man of Hopkinton, Mass., relates his  
experience.

"I was troubled with indigestion for  
many months. My food gave me great  
distress. Physicians prescribed for me,  
and although they gave me help for a  
time, they did not cure. I felt

## Nervous

and discouraged and could not sleep at  
night. My friends advised me to give up  
business, the doctors declaring that I  
needed a change. I read about Hood's  
Sarsaparilla and thought it might do me  
good. I am glad to say that I felt the  
benefit right away, after commencing to  
take the medicine. Three bottles of  
Hood's Sarsaparilla entirely cured me of  
indigestion. It also relieved me of cos-  
tiveness and I have not had any trouble  
of this nature since. I have taken several  
bottles of the medicine in the

## Spring

of the year since my first treatment with  
Hood's Sarsaparilla and I have thus kept  
myself in perfect condition. My wife has  
also taken Hood's Sarsaparilla with equal-  
ly good results. I am 60 years old and I  
feel as well as when I was 30 years of age.  
I cannot say too much in praise of Hood's  
Sarsaparilla." J. W. GERRY, Cor. Grove  
and Main Streets, Hopkinton, Mass.

N. B. If you decide to take Hood's Sar-  
saparilla do not be induced to buy any  
other. Be sure to get

## Hood's Sarsaparilla

The One True Blood Purifier. All druggists. \$1.  
Prepared only by C. L. Hood & Co., Lowell, Mass.

Hood's Pills cure liver ill, easy to  
take, easy to operate, 25c.

## Beef is Low.

We want your trade and your money. We will give you a low  
price on Sirloin Steak and Roasts for a few days only. Sirloin  
Steak, 20c. to 25c. lb. Sirloin Roast, 20c. to 25c. lb. CALL AND  
SEE THE GOODS.

## STILL ON THE TABLE.

Schoolhouse Order Fails to  
Come Up in City Council.The City Hospital Petitions for  
Three Times as Much Money.Quincy Objects to Being Included  
in Metropolitan Sewer System.

It was a short meeting that the City Council held Monday evening, no important matters coming up for debate. An attempt to take the order for school-houses from the table was defeated, and the Committee on Finance was not ready to report on the annual appropriations.

Councilmen Rinn and Russell were the only absent members.

The Mayor forwarded a communication from William B. Rice for the trustees of the City Hospital, asking that the city's appropriation toward the Hospital be \$3,000. To Committee on Finance.

A communication was received from the Mayor calling attention to an early hearing of the Committee on Metropolitan Affairs of the Legislature in relation to the Neponset river valley branch of the Metropolitan sewer which included Quincy. His Honor asked to be authorized to appear before the committee and have Quincy stricken out.

This communication was laid on the table until later in the evening when Councilman Rice offered the necessary order.

Councilman Clislin thought some information should be given on the order.

Mayor Adams said the Council should take some action tonight. If none is taken Quincy will be in that bill. We do not want to enter that bill. If Quincy is stricken out now we can get in at any time. If we let Quincy remain it will be impossible to get out and it may involve some expense.

Councilman Rice said the proposition is to take in the name of Hyde Park, Milton, Neponset and Quincy and connect with the Boston sewer. Quincy now has permission to use this outlet and all the facilities it needs and if the proposed bill passes it would involve expense.

The Mayor was instructed to have Quincy stricken out of the bill.

Report of Committees.

The Committee on State Aid recommended the granting to John Fircloth \$6 per month, and to Henry Talbot \$8 per month. Adopted.

The Committee on Streets, on petition of the Quincy Quarry Co., reported an order approving the location asked for, imposing certain restrictions, among which were: That they shall build an overhead iron bridge across Granite street at least 14 feet above travelled part of street, to be approved by Commissioners of Public Works; they shall at their own expense guard and protect rails by planks, or otherwise at grade crossing, that they shall agree to comply with all regulations in regard to the rate of speed to be run, the time and manner of using the railroad over and upon said ways and travelled places as in the judgment of the Mayor and City Council public safety and convenience require, and further, if at any time Granite street or other travelled places shall be widened or changed the company shall without expense to the city reconstruct its bridge or railroad so as to conform to side widening. Also that they shall accept this order and agree to comply with its conditions in writing within twenty days from its passage.

The order was passed to be ordained, and was immediately approved by Mayor Adams.

The Committee on Streets, on petition for repairs of Liberty street, recommended the matter be referred to the executive department. Adopted.

The Committee on Streets on lights for Wollaston avenue and Fennel street, reported favorably, and the reports were adopted.

The Committee on Streets reported an order for one incandescent light on Elm street, between Baxter and South Walnut streets. Adopted.

The Committee on Fire Department reported favorably on petition for fire alarm box at the junction of Coppel and Crescent streets. Adopted.

The Committee on Streets reported an order for a public hearing, April 20, on the petition of the Quincy & Boston street railway for location on Washington street to connect its Quincy Point and Houghs Neck lines. Adopted.

Petitions.

Councilman Lamb presented a petition of the Quincy & Boston street railway for a relocation on Hancock street in the centre of street. To Committee on Streets.

Councilman Sprague presented petitions of the Quincy Electric Light and Power Co. for location for one pole on Pearl street, and one on Woodbine street. To Committee on Streets.

Schoolhouses.

Councilman Sprague moved that school-house order be taken from the table.

Councilman Pinkham hoped motion would not prevail. He hoped matter would remain on the table until there was a full meeting.

Councilman Sprague inquired how long we should wait on this matter?

The motion was lost by a vote of 10 to 10.  
Adjourned at 8 o'clock.

## TODAY'S COURT.

Maurice Bowers was fined \$10 for collecting junk without a license at Quincy.

## Advertised Letters.

Mortgagee's Sale of Real Estate  
in Quincy, Mass.

By Virtue of, pursuant to, and in execution of the power of sale contained in a certain mortgage deed given by Bridget Hevahan and James Hevahan to Joseph W. Deeds, said mortgage being dated July 27, 1875, and recorded with Norfolk Deeds, libro 593, folio 85, and for breach of the condition of said mortgage and for the purpose of enforcing the same, will be sold at public auction on the premises hereinafter described, on WEDNESDAY, the 15th day of April, 1896, at 4 o'clock P. M. The premises to be sold are bounded and described as follows, viz: About one quarter of an acre of land with all the buildings thereon, situated in said Quincy, bounded northeasterly by land formerly of Jesse Benton, southeasterly by land formerly of Joseph Ferrin, southwesterly on Willard street, and northwesterly on Robertson street. Also a lot adjoining, containing about fourteen (14) square rods and bounded as follows, viz: Southwesterly on land now or formerly of John Andrews, seven (7) rods; northwesterly on Robertson street, two (2) rods; northeasterly on land of Joseph W. Robertson, seven (7) rods, and southeasterly on land of heirs of Joseph Ferrin, as now stated, of two (2) rods. The grantors (grantee) and her assigns to forever maintain at her or their cost a legal fence against land of said Robertson. Being the same premises conveyed to James Hevahan by deed of Josiah M. Butman, dated September 17, 1869, and recorded with Norfolk Deeds in libro 385, folio 78. And also the same premises described in two deeds dated November 15, 1875, and to be found recorded with Norfolk Deeds in libro 473, folio 269 and 270, to all of which deeds reference is hereby specially made.

Said premises will be sold subject to all unpaid taxes or other assessments thereon. Terms: Two Hundred Dollars Cash at time and place of sale.

## GOLDEN WEDDING.

Mr. and Mrs. Joseph T. French Celebrate—Sketch of Groom.

There are few couples better known in Quincy than Mr. and Mrs. Joseph T. French, whose fiftieth marriage anniversary was noted in Monday's LEDGER, although perhaps "Capt. Joe" is the better known of the two. He was born in Quincy, May 30, 1824, in the old Hancock House, and was the son of Daniel French, the proprietor. His wife was Miss Augusta Spear, whom he married March 19, 1840. She also was born in Quincy. The marriage ceremony was by Rev. William Lunt at the residence of the bride's sister, Mrs. Benjamin Curtis.

Capt. Joe was one of the forty-niners to California, sailing before the mast in the Lamerteen under Capt. Chas. B. E. Underwood, and a rough passage they had. While in California he turned his attention for a while to steamboating and afterward opened a public house, calling it the Hancock House, after the famous hostelry in Quincy. In 1851 he made the maiden trip on the old Columbus from San Francisco to Panama and back, two months being consumed on the passage.

He returned to Quincy in 1853 and continued steamboating in Boston harbor, being made master in 1859 of the old Massasoit which plied between Quincy and Boston, which position he held up to August 24, 1862, when he enlisted in Co. D, 3rd regiment.

He was mustered out April 4, 1865, and again went on the Massasoit as captain.

In 1874 he gave up steamboating and opened a livery stable near the Quincy depot which he still carries on.

In politics he is a Democrat. He was first elected constable in 1865 and was re-elected every year until the adoption of a city form of government, and he has been appointed to that office by each successive Mayor since.

Of late years Capt. Joe has taken up auctioneering and has been successful in this as well as in his other enterprises.

The old Hancock House was in its day the most popular road house between Boston and Plymouth, and Daniel Webster always stopped there en-route for Boston, and he was attended by Capt. Joe who received a tip of a two shilling piece, and on Christmas the tip was a guinea.

Up to a few years ago he looked after the property of the late John Quincy Adams and few were more intimate with him than he.

Mr. and Mrs. French have three daughters, Mrs. Winslow Burrell, Mrs. Henry Alden and Mrs. Warren Gray.

The wedding celebration was confined to the family although Mr. and Mrs. French received many congratulations and well wishes from their neighbors and friends.

Deafness Cannot be Cured  
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube gets inflamed, it has a rambling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for an analysis of Deafness caused by catarrh, if it is not cured by Hall's Catarrh Cure. Send circulars, free.

Special trips can be arranged on application to the Superintendent.

At Quincy Centre close connection is made with Electric Cars on all the routes.

At Neponset close connection is made with West End Street Cars to and from Boston.

Cars are due at Beale street, Wollaston, ten minutes after leaving Neponset and seven minutes after leaving Quincy.

BENJ. J. WEEKS, Superintendent.

## ON BEACON HILL.

Vote on Biennials Nov. 3—Qualified and Legal Voters—Agricultural Reports.

BOSTON, March 24.—In the senate the committee on election laws reported "reference to the next general court" on a bill defining the words "qualified voter" and "legal voter."

The committee on constitutional amendments reported the resolve providing for the submission to the people of the amendments agreed to by the general court for biennial elections of state officers and members of the legislature. The date set down in the resolve for voting on the amendments is Tuesday, Nov. 3 next.

The committee on agriculture reported a bill incorporating the Manufacturers' Agricultural society of North Attleboro, capital not to exceed \$30,000; also a resolve providing the payment of a bounty for 1895 of \$600 to the society, the amount it would have been entitled to in that year had it been incorporated by act of the legislature.

Leave to withdraw was reported on the petition of Charles D. Jennings and another for incorporation to build a canal between Bourne and Sandwich on Cape Cod.

On motion of Senator Bradford the report of "leave to withdraw" on the petition of the United Electric Light company for legislation to authorize it to carry on its business in the towns and cities adjoining was postponed for one week.

In the house the committee on ways and means reported on the bill providing for the raising and changing the location of the Providence division of the New York, New Haven and Hartford railroad in Boston. There was a belief expressed that the bill was a money measure, and, therefore, should originate in the house. It was referred to ways and means, and this committee yesterday in its report recommended that it be referred back to railroad.

The house, after a lengthy debate, adopted the report adverse to woman's suffrage on the liquor question. The adverse report on prohibiting the sale of cigars and cigarette tobacco was also adopted.

A resolve was reported appropriating \$3000 to purchase a gift for the battleship Massachusetts, to be in recognition of the compliment extended the commonwealth in the naming of the ship.

Reference to the next general court was the report on a petition for a law amending the law relative to the location of a bridge between New Bedford and Fairhaven.

The committee on manufactures continued its hearing upon the Whitney gas bill. The other hearings were upon matters connected with the Cape Cod canal, divers municipal matters, the protection of electric car motormen, etc.

## Not Easily Squelched.

MALDEN, Mass., March 24.—The war between the police of this city and the local corps of the Salvation Army was renewed last night, when 15 soldiers were locked up in the station house charged with passing the streets without a permit. The army members, who were out on bail, started from their barracks about 7:30 headed by Mrs. Captain Faulkner. Captain Faulkner and "Joe the Turk" remained behind. The army had proceeded but a short distance when a squad of police carried the offenders to the station house. The men were placed in cells where they promptly started a praise service. Chief Spaulding threatened them with solitary confinement if they did not keep still. They kept still. The women were not locked up. Later in the evening all the prisoners were bailed out and returned to their barracks, where a largely attended indignation meeting was held. Many citizens expressed sympathy for the army, and arranged to pay the members' court expenses.

## A Lively Scrimmage.

BOSTON, March 24.—Wolf Glickman was arrested late last night by Officer Shaw at his home, 44 Lowell street, for alleged violation of the liquor law, but as soon as the officer appeared at the door with the prisoner, he was attacked by a crowd of Glickman's friends. His revolver had been snatched from him by Barnet Fellman, who grappled with the officer. Finally the officer was thrown down, and was being severely beaten by the crowd, when Fellman, who was attempting to strike the officer with the revolver, shot himself, the bullet passing through his kidneys. At this time several officers arrived and saved Officer Shaw from further injury. Fellman will die from his wounds. Mrs. Glickman, who was foremost in the fight, received one of the random bullets in the chin.

## Milo Gray's Story.

WOODSVILLE, N. H., March 24.—Milo Gray, who murdered his wife, yesterday pleaded guilty in the second degree. He told a pathetic tale of how he accomplished the death of his wife, saying that he pushed her from the wagon during a trip from East Haverhill to Bath, N. H. When he picked her up she was dead. He then decided to bury her in the cellar of the house, which he did, and soon after went to live with another woman.

## McGinnigle at Large.

PROVIDENCE, March 24.—James McGinnigle, the young man who was sent to the insane asylum on account of his mania for burning churches, has escaped and is still at large. He made a dummy, placed it in his bed and sawed off the bars of the window. He is considered dangerously insane, and this is his second escape.

## Spanish Emigrants on Guard.

NEW HAVEN, March 24.—An evening paper says that Pinkerton detectives have been employed by the Spanish government to watch the shipments of arms to Cuba from this city. The paper adds that the Shore line is under constant surveillance, and all movements of the Cuban sympathizers are promptly reported.

## New Freighter's First Trip.

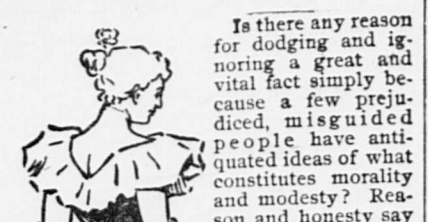

BOSTON, March 24.—The new ocean freighter Cestrian, of the Leyland line, arrived yesterday on her maiden trip. She is commanded by Captain W. H. Trant, the commodore of the Leyland line. The new steamer registers 5729 tons gross and 5714 tons net, and is a sister ship to the Victorian and the Armenian.

## In Receivers' Hands.

BOSTON, March 24.—The announcement of the Central Vermont receivership was made at the Stock Exchange yesterday. The Grand Trunk has apparently forced this receivership to obtain its claim for \$415,712 traffic balance.

## Another Army.

BOSTON, March 24.—The American Salvation Army, a body independent of the Salvation Army, was formed in this city last night, and articles of faith adopted.

## Is there any reason for dodging and ignoring a great and vital fact simply because a few prejudiced and misguided people have antiquated ideas of what constitutes morality and modesty? Reason and honesty say—certainly not. Men and women are attracted to each other because they are men and women and because it is right and necessary that they should be so attracted. The things that make a man attractive are the characteristics caused by his inherent manliness—by the strength which makes him a perfect man. There is strong attractiveness in perfect health, there is less, or too busy, physicians frequently treat the symptoms of this kind of disorder as separate and distinct ailments. The symptoms are many and varied, so much so that when a woman is sick in any way, the first thought should be given to the organs distinctly feminine. About a time in the case of the trouble will be for cure. There is nothing wrong there, it may result in all manner of ill effects for the body. If anything is wrong there, it may result in all manner of ill effects for the body. If anything is wrong there, it may result in all manner of ill effects for the body.

## A PATHETIC FAREWELL

Armenians See the Extinction of Their Race Close at Hand.

## Mohammedan Power Overcomes Christian Loyalty.

Words Addressed to Moslems, European Powers and Christians of America.

BOSTON, March 24.—Under the title, "Armenia's Farewell," a highly educated, prominent and influential Armenian in Turkey has written a document setting forth the sentiment that the extinction of his race is not far distant. He has forwarded a translated copy to this city. Following are abstracts from it:

We are evidently a doomed people. A hundred thousand of us have been butchered and more than 500,000 of us are in extreme suffering from hunger and cold and nakedness. Multitudes beyond the reach of foreign aid must inevitably perish before spring. As to the rest of us, our supplies of food and money are rapidly diminishing. We can prosecute no business; we are not at liberty to earn our daily bread, and for even the most fortunate the future has only the prospect of starvation a little later than our poor brethren.

We hear the announcement that order and peace are being restored, but to us these are empty words. The terrible and wholesale massacre at Omda and Birdik occurred long subsequent to the most solemn and emphatic assurances that nothing more of the kind was to be apprehended; long after the commission sent out from Constantinople to carry the message of peace and reform to Armenia had reached its field of labor.

Massacres are not now as frequent as they were a few months ago, but the attitude of relentless hostility on the part of the government toward us, the ferocious aspect of our Moslem neighbors has not a whit improved. They seem to be eagerly watching for an opportune moment in which to finish their bloody work and rid themselves forever of this troublesome demand for reform. May we not then rightfully offer our farewell message to our fellowmen?

First, to our Moslem fellow countrymen: We desire to express our deepest gratitude to those of you who have sympathized with and helped us in these days of calamity and bloodshed. To those who have robbed and massacred us and plundered and burned our houses we have chiefly feelings of compassion. You have perhaps done these terrible things in what has seemed to you the service of your religion and government.

Second, to our sultan, a most dread and potent sovereign: Apparently you have been persuaded that we are a rebellious people, deserving only utter and speedy extermination. For such as you this work of destruction is no doubt an easy one, the more so as we have had neither the means nor the disposition to resist it. In this work you will no doubt soon and easily win from your admirers the proud title of "Faith," the Victorians. For ourselves we can only make our last and solemn protest that we

Are Not and Never Have Been Rebels.

For your majesty we feel the glory of your triumph will not be a little tarnished when it is known, as it surely will be, that your victory has not been in breaking the power of your enemies, but in crushing out the life of your loyal and inoffensive subjects, who, when they see the widespread and indescribable ruin and horror which your imperial anger has caused, can scarcely persuade themselves that such fury and wrath would be poured upon the heads of so feeble a people, even had they been in armed rebellion.

Third, to the European powers: We have not been an inopportune nor a turbulent people. We did not incite the Crimean war nor any of the subsequent wars which have shaken this empire. It is not of our will that we were begotten to a new political life by the treaty of 1860. Our complaints and appeals have been based solely on the sentiment of humanity and the common rights of man.

It was you who arranged the "scheme of reforms" and urged it upon our sultan till he was irritated to the extent that he seems to have adopted the plan of ridding himself finally of this annoyance by exterminating us as a people, and now while he is relentlessly carrying out this plan you are standing by as spectators and witnesses of this bloody work.

We wonder if sympathy and the brotherhood of man and civility are wholly things of the past, or are the material and political interests dividing you so great that the massacre of a whole people is a secondary thing? In either case, "we who are about to die salute you."

Fourth, to the Christians of America: Although we have cherished strong prejudices against your mission work among us, recent events have proved that our Protestant brethren are one with us, and have shared fully our anxieties and our perils. You have labored through them to promote among us the peace and prosperity of the Gospel. It is not your fault that one result of their teaching and example has been to excite our masters against us. You, at least, know the situation too well to believe for a moment that we are being punished for political sins.

So far as we have been the occasion of the bloody massacres which have come upon us, our crime in the eyes of the Turk has been that we have so fully accepted and so far adopted the Christian civilization of the West. The Turkish government dreads and dislikes nothing so much as the ideas of progress which you have set us.

A short year ago and nobody could have believed that at the end of this 19th century a Christian people could on account of their loyalty be exterminated by a Mohammedan power. Yet, just this fearful tragedy is being consummated today. We see no sign of relenting on the part of our destroyers, and no hand is reached out to rescue us.

We have only to say farewell to any who have loved and cared for us, and prepare ourselves for the butcher's knife, honored in closing and sealing our national history of 40 centuries with our blood.

## Many Families Made Desolate.

DUBOIS, Pa., March 24.—Thirteen men were killed in an explosion at the Herwynd White shaft yesterday. The bodies have all been removed from the mine. All of the men were married with the exception of one, who was a son of one of the killed. The mining industry has been in a depressed condition for some time past. All of the families are left in very poor circumstances.

## MORTON THE MAN

For Whom New York Delegates Will Vote.

## MCKINLEY IN MINNESOTA

With Strong Backing In Texas  
and South Dakota.

Connecticut Will Send at Least One Delegate  
For Ohio Man.

New York, March 25.—The audacity of McKinley men overlapped itself in yesterday's Republican state convention, held in the Grand Central Palace. The agents of McKinley went directly on the floor of the convention soliciting votes from Morton men, and at a critical stage in the proceedings hung out a huge banner from the galleries, bearing the legend, "McKinley, Prosperity's Advance Agent." Morton got the votes, all the same.

The delegates-at-large will be Thomas C. Platt of Iowa, Warner Miller of Herkimer, Chauncey M. Depew of New York and Edward Lauterbach of New York.

The alternates will be Hamilton Fish of New York, Frank S. Witherbee of Port Henry, C. H. Bates of Rochester and Daniel McMillan of Buffalo.

The electors-at-large will be General Benjamin F. Tracy of New York and Edward H. Butler of Buffalo.

Rev. Dr. David J. Burrill opened the day's proceedings with prayer.

Cornelius R. Parsons of Rochester was made temporary chairman, and, on taking the chair, made a speech. He said the Democratic party is an aggregation of sectional groups at war with each other, each contending for narrow local, even individual, advantages, irreconcilable with the welfare of the republic. It has brought upon the country a succession of business disasters, for which it seeks to make guilty the sun, moon and the weather, as if they came "by divine thrusting on."

The Republican party, he said, stands for something definite. Its treatment of public credit and finance has invariably been conservative and efficient. The business world knows from experience that it has not only a well-defined policy, but has the character and strength to never to cause its policy to be exemplified in laws. The certainty of its early restoration, he added, has already begun to inspire popular confidence, so that the present industrial depression will soon cease.

The Republican party, he asserted, is committed to a currency that will command the world's confidence, without which lucrative domestic production and progressive foreign commerce are impossible.

A committee on resolutions were then appointed and the convention took a recess until 7:30 p. m.

The Evening Session.

The scene at the evening session was different from that of the morning. Every available inch of room was taken and the galleries were filled with brilliantly dressed women. It was 7:30 before Temporary Chairman Parsons began his gavel.

Senator Brackett, chairman of the committee on contested seats, detailed the number of contests as given in the report of the proceedings, and when he read that the sitting delegates in all but one district had been allowed to retain their seats, there were cheers and applause, and there were but a few dissenting votes when the question of adoption of the report was put.

Frederick S. Gibbs, of the committee on permanent organization, reported the name of Congressman Southwick of Albany for permanent chairman and the list of vice presidents and secretaries detailed in the afternoon session. While the secretary was reading, Thomas C. Platt entered the hall, and the delegates arose and cheered him. Chairman Lauterbach of the county committee also came in for a share of the applause, and it was 10 minutes before order could be restored.

The chair appointed Senators White and Maibey to escort Permanent Chairman Southwick to the platform, and the Albany band played "We Won't Go Home Until Morning," while the convention cheered Mr. Platt and Mr. Southwick repeatedly. When quiet was restored, Congressman Southwick began his address.

Chairman Southwick said in part: "I am to assume the role of a political prophet, I would predict that in November next the American people will vote into power at Washington that party which declares for the American system of protection to home labor and industry, and the maintenance of a system of sound and honest money."

"Historically, the Republican party has stood steadfastly for the principle of protection. That principle was incorporated as an article of political faith in the national platform of the party in 1855, and it has been co-existent with the history of the United States and the Republican party. No Republican possesses a patent of the issue of protection, nor a monopoly in any other form. The only monopoly of the issue at the present time is enjoyed by the Republican party, and each Republican owes an equal share of the honor with every other Republican. No sturdier protectionist will be presented to the favor of the St. Louis convention than Levi P. Morton."

"That crowning infamy of Democratic

tariff policy, the Wilson-Gorman act, has been a tariff for deficiency. Scarcely a month has elapsed since it was placed upon the statute books in which the government's receipts have equalled the expenditures.

"To the Republican party the people have ever turned since its organization, when financial problems were presented for solution, and to it they are turning again. And I deem it an omen of sure Republican victory next November that the probability of Democratic endorsement of silverism, and the possibility even of fusion with Populism attracts little attention, while Republican conventions in every state are jealously watched by the people of the United States in confident anticipation of pronounced declarations in favor of sound and honest money."

"Today the eyes of the American people of the civilized nations of the world are strained in the direction of the city of New York, and from this convention I believe will go forth expressions in favor of sound and honest money which will be received with favor wherever national honor and good faith with the nation's creditors have an abiding place."

Mr. Southwick closed with the following reference to Governor Morton: "The imposing character of this demonstration in favor of Levi P. Morton's presidential candidacy cannot be doubted. It auspiciously inaugurates the fight which will be waged for success, and to the end, at St. Louis. Here are centered the vast business interests of the country. Here is the largest city, the greatest industrial center, the leading seaport and the most important money market of the Western hemisphere."

"The business men of the city of New York know Levi P. Morton, and honor and respect his character and attainments. His judgment is assuredly positive to them that the greatest business establishment in the land—the government of the United States—would be run by a business man, on business methods, and regard to the importance of maintaining friendly relations and commerce with the nations of the world in these troublous times, were Levi P. Morton in the White House."

McKinley Men Heard From.

After considerable skirmishing the following document was read by Mr. Fitchie of Brooklyn:

To the Republican Convention of the State of New York: The members of the committee on nominations respectfully disagree with the majority report in the choice of delegates-at-large to the Republican convention at St. Louis.

Mr. C. M. Depew and Warner Miller, it is understood, are willing to cast their votes in accordance with the sentiment of their state. It is therefore desirable that their associates be of a kindred spirit, and that the minority of the committee on nominations respectfully present as the other two delegates at large, Baber B. Jewett of Buffalo and General Samuel Thomas of New York, with the recommendation that if it appears that after the first ballot Hon. Levi P. Morton can be elected, the convention should elect the delegates-at-large from this state will use all honorable means to promote the cause of William McKinley.

Then pandemonium reigned, one half of the audience rising and shouting for McKinley as the name was read. The chairman's gavel was raised again and again, but without effect. The house was in an uproar.

The vote on the minority amendment proceeded amid great excitement, and at its conclusion the chair announced the vote as 631 against and 169 votes for the amendment, and there was wild cheering.

The full report of the committee was then adopted by a six-vote vote. Senator Lexow then announced the fact that the platform was ready, and stepping to the front, he read the platform as follows:

Sound Money and Protection.

The Republicans of New York in convention assembled again declare their firm and unyielding adherence to the doctrine of protection to American industries, protection to the products of the American farm and protection to American labor. We are in favor of a tariff which, while providing an income sufficient to meet the expenses of government, honestly and economically administered, at the same time secures home labor and home capital from unequal foreign competition. We believe in a reciprocity with other governments which shall give our manufacturers and producers an opportunity to dispose of their surplus products and to obtain articles we need from those countries on the most advantageous terms.

The agitation of the free coinage of silver at the rate of 16 to 1, seriously endangers all industrial interests and calls for a clear statement of the Republican party's attitude on this question, to the end that the land of the country at home and abroad may again be placed upon a sound and stable foundation.

The vote on the minority amendment proceeded amid great excitement, and at its conclusion the chair announced the vote as 631 against and 169 votes for the amendment, and there was wild cheering.

The full report of the committee was then adopted by a six-vote vote. Senator Lexow then announced the fact that the platform was ready, and stepping to the front, he read the platform as follows:

Sound Money and Protection.

The Republicans of New York in convention assembled again declare their firm and unyielding adherence to the doctrine of protection to American industries, protection to the products of the American farm and protection to American labor. We are in favor of a tariff which, while providing an income sufficient to meet the expenses of government, honestly and economically administered, at the same time secures home labor and home capital from unequal foreign competition. We believe in a reciprocity with other governments which shall give our manufacturers and producers an opportunity to dispose of their surplus products and to obtain articles we need from those countries on the most advantageous terms.

We recognize in the movement for free coinage of silver an attempt to degrade the long established standard of our monetary system and hence a blow to public and private credit at once costly to the national government and harmful to our domestic and foreign commerce.

Until there is a prospect of international agreement as to silver coinage, and while gold remains the standard of the United States and of the civilized world, the Republican party of New York declares itself in favor of the firm and honorable maintenance of that standard.

We believe in a business administration of the government by business principles for the benefit of the suffering business interests of this great people. For nearly four years the material progress of the nation has been blocked, so all branches of trade have suffered and the workmen have been deprived of reasonable and living wages by the utter lack of business common sense among our Democratic rulers. It is the duty and privilege of the Republican party to promptly meet this unhappy state of affairs by nominating and electing a business man for the presidency and we ask the aid of thoughtful Republicans everywhere in this great meritorious work.

On this platform we present Governor Levi P. Morton as New York's Republican candidate for president. He is every way fit for the high office, and he is especially the man of the hour. He has been a business man with business men. He would prove a business president for the good of all interests of the people. He has been representative in congress, minister to France, vice president of the United States and governor of New York, and each of these positions he has filled with an ability which has never been surpassed, with lasting credit to himself and great benefit to his state and to his country.

His grasp of public affairs was never so clear and comprehensive as it is today, and his ability to labor earnestly for the welfare of the nation was never so distinctly marked as now. Governor Morton's long and varied public career offers proof positive that he is a sincere and earnest Republican, and that fidelity to the principles of his party is with him a second nature. He stands for honesty in public office. There is no doubt as to the esteem in which he is held at his home. Two years since he polled over 150,000 more votes than the most popular Democrat in the state, receiving by far the greatest majority ever given a Republican candidate for governor.

Governor Morton's long and honorable public service, his spotless character, his great executive ability, his devotion to his party and its principles, eminently fit him for the presidency and entitle him to our hearty and enthusiastic support. Therefore, we instruct our delegates to the St. Louis convention to present him as our candidate for president, and urge upon them to use every honorable means to secure his nomination.

When the reading of the platform was finished, Senator Lexow moved the adoption of it, and it was adopted without debate.

MCKINLEY AND SOUND MONEY

Minnesota Opposed to Free Coinage Under the Present Conditions.

MINNEAPOLIS, March 25.—The Republican state convention was called to order in Exposition hall. Ex-Governor A. E. Rice was temporary chairman. The following resolutions were adopted by a rising vote:

Resolved, That the well-considered and pronounced preference of the Republicans of Minnesota for presidential standard bearer in 1896 is William McKinley, the emphatic growing choice of the republican vote throughout the land, and this convention hereby elects him to the office of president of the United States.

Resolved, That we favor the use of both gold and silver to the extent to which they can be maintained in circulation at a parity in purchasing and debt paying power; that we are earnestly opposed, under the present conditions, to the free and unlimited coinage of silver, for the manifest reason that it would destroy such parity, enormously contract the volume of currency for foreign gold out of the circulation and immediately place us on a silver basis.

Believing, also, that it is a self-evident fact that the effect of the international demonization of silver can be overcome only by the international demonization of that metal, the Republican party of Minneapolis most heartily favors an international conference for that purpose.

The four delegates-at-large are P. J. Evans, George Thompson, C. E. Hendrix and L. P. Hunt. They were elected by acclamation. Each of these delegates made speeches pledging himself to McKinley.

The alternates elected were I. C. Richardson, A. H. Reed, B. T. Thurston and James Diment.

Cune Forces Won.

AUSTIN, March 25.—After waiting all day yesterday for the executive committee to pass on credentials looking to the sealing of contesting delegations for temporary organization, the state Republican convention was called to order at 9:15 last night, and a row was immediately precipitated over the matter of electing a temporary chairman. The matter was finally settled by the election of Cune, the Allison negro leader, over Rosenthal, his McKinley opponent. The fight was made strictly on the color line. Cune pleading with his race for support. His talk was successful beyond all expectations. It is said the McKinley men will make an arrangement with Cune for a divided uninstructed delegation. Nothing was done at last night's convention outside of electing temporary organization, after which an adjournment was taken until today.

Nutmeggers For McKinley.

HARTFORD, March 25.—The Republican town and city convention resulted in a victory for the faction headed by ex-Governor Morgan G. Bulkeley and the McKinley enthusiasts. The Republicans in this state had the first opportunity last night to declare their preference for presidential candidates, and the party in Hartford has pronounced in favor of Major McKinley. The Bulkeley ticket to the state convention had a large majority, and its election means the choice of ex-Governor Bulkeley as a delegate to St. Louis.

Wrangling Over Pettigrew.

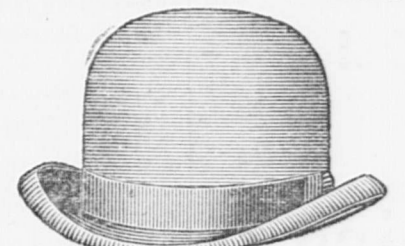

HURON, S. D., March 25.—The situation here is so mixed that it is impossible to foreshadow the result of the Republican convention. Four hundred and fifty delegates are for McKinley and 150 for Allison. The principal contest is over Senator Pettigrew's candidacy for delegate to St. Louis. The proposition now is to allow Pettigrew to be one of the eight delegates to St. Louis, but to instruct the delegates for McKinley.

A Weekly Established in 1837, which has  
the Largest Circulation in Norfolk  
County, and

**The Braintree Observer,**  
A Weekly Established in 1873.

**Worcester County May Profit.**

In reporting a bill Tuesday appropriat-  
ing \$375,000 for the addition to the Wor-  
cester county court house, the committee  
with Norfolk county's experience in mind  
have incorporated provisions to prevent  
extravagance.

The total amount to be expended shall  
not exceed \$375,000, and no contract is to  
be made until the plans, together  
with detailed estimates of cost from  
reliable parties, have been submitted to  
a board consisting of the judge of  
probate, the clerk of courts and the county  
treasurer.

**Was Mayor of "the Hollow."**

Mr. Patrick Gallagher, well known to  
Old Quincy residents, died at his residence  
on Cottage avenue this morning, after an  
illness of about a week's duration, the  
result of a shock of paralysis. Mr.  
Gallagher was a blacksmith by trade and  
was employed as such by Tirrell & Sons  
for many years. For the last fifteen or  
twenty years he has done no business,  
having accumulated enough during his  
younger years to live without labor. He  
was about 70 years of age and leaves two  
sons, his wife having died many years ago.

**The Conventions.**

The Republican State convention for  
choice of four delegates to St. Louis will be  
held in Boston Friday morning. The  
Democratic convention does not occur  
until April 20. The Republican National  
convention will take place June 16, and  
the Democratic July 7.

**Quincy Debating Club.**

F. W. Crane and D. King will take part  
on the affirmative of the debate tomorrow  
night and J. C. Clarke and T. B. Pollard  
on the negative. The meeting will be  
held in the United States. Mr. Everett  
Litchfield will act as critic. In the Review  
of Reviews for February there is a very able  
double article considering both sides of the  
question.

**TODAY'S COURT.**

The continued case of Michael A'Hearn  
for drunkenness at Quincy was called and  
he was defaulted.  
Maurice Cummings was fined \$5 for  
drunkenness at Quincy.

—Editor D.ley of the Cohasset Cottager  
is receiving congratulations upon the  
arrival Tuesday of a little daughter.

—The d-pot of the N. Y., N. H. & H.  
R. R., at Cohasset was entered by burglars  
last night and \$25 stolen.

—The last census showed that there  
were 39,606 union veterans of the civil war  
now in Massachusetts.

setts Benefit Up in Arms.**

**A Receiver Asked for President  
Litchfield's Corporation.**

**A Committee of Policy Holders to  
Make an Investigation.**

A climax seems to have been reached in  
the affairs of the Massachusetts Benefit  
Life association which is managed largely  
by Wollaston gentlemen. It has been  
noted that the policy holders have become  
aroused, and that a committee of prominent  
business men has been appointed by them  
to make an investigation. And now  
William F. Simpson of Dedham has filed  
in the supreme judicial court a bill in  
equity against the association and the  
following persons: George A. Litchfield,  
Everett S. Litchfield, Wendell G. Cortelli,  
Henry B. Pierce, Salmon P. Hibbard,  
John C. Rand and Charles H. Bacall.

The bill alleges that George L. Simmons,  
George L. Dix, Albert C. Pond, Willard  
Marcy, James R. Burdett and the de-  
fendants above mentioned, filed with the  
secretary of state, Feb. 8, 1878, a certificate  
in the usual form for the organization of  
a corporation under the laws of the com-  
monwealth, to be known as the Massachu-  
setts Benefit Association. The alleged  
object of this organization was to assist  
widows, orphans and other dependents of  
deceased members, by the payment to the  
association of a fixed sum by each member  
until his death, to be held by the associa-  
tion, and at his death to be paid to the  
persons entitled thereto.

The bill of complaint further alleges that  
the organization was a fraudulent scheme  
to do a pretended life insurance business  
upon the assessment plan, for their own  
personal profit, and to keep control of the  
moneys and assets of the corporation.

The bill further says that the pretended  
corporation was organized by the said  
parties electing themselves officers and  
passing laws providing that members shall  
consist of two classes, one to consist of  
themselves and their successors, with the  
sole power of electing officers, trustees, etc.,  
and the other class to be known as  
benefit members and to consist of such as  
should take out insurance on their lives  
by paying to the treasurer of the organiza-  
tion such assessments as might be levied  
upon them.

The bill further states that the organiza-  
tion has flooded the state with adver-  
tisements to further its ends; that it has  
no legal existence; that by its fraudulent  
representations it has secured more than  
50,000 members, who have taken out  
policies in the organization; that its  
affairs are managed in the interest of and  
for the fraudulent gain of its officers and  
active members, and at great expense to its  
policy holders.

It is then recited in the bill that the  
plaintiff, William F. Simpson, took out a  
policy for \$5000 in the company for a con-  
sideration of \$15 and \$6 a year thereafter  
for expenses, and that other payments  
should go toward the payment of death  
loss assessments at the rate of \$4 20 each,  
and that the total should not exceed \$35.  
The plaintiff states that he has paid \$600  
in assessments levied on him, and that  
subsequently the defendant began to in-  
clude in their monthly assessments  
against him, regardless of the terms of  
his policy, an amount for expenses, with a  
notice threatening a forfeiture of the  
policy if the assessments were not paid  
when alleged to be due; that an amount  
of \$14 28 has now been levied on plaintiff;  
that the defendants, Hibbard, Rand, Ba-  
call, Cortelli, Pierce, G. A. and E. S.  
Litchfield, as he believes, are the present  
active members and officers of the con-  
cern; that as such they have been, and  
are now, circulating fraudulent statements  
and that they are levying upon plaintiff  
and others, excessive and illegal assess-  
ments and enforcing the collection of them  
by threats of a forfeiture of the policies  
held by plaintiff and others, and that they  
are wrongfully converting to their own  
uses large sums of money under the head  
of pretended commissions and fees.

The plaintiff charges in his bill that the  
officers are managing the affairs of the  
association in a reckless manner to the ex-  
pense of \$584,000 per annum, on a total  
income of \$2,700,000 a year; that they are  
advertising that they have a reserve fund  
of \$1,200,000, when, in fact, they have no  
reserve fund, and that they are acting in  
many other ways contrary to law; that  
plaintiff and others are threatened with  
the lapse of their policies and the loss of  
their accumulated funds to the amount of  
\$1,200,000, and plaintiff believes that said  
heavy assessments are made for the pur-  
pose of causing such lapses.

Mr. Simpson asks for an injunction, re-  
straining the company and its officers  
from continuing to carry on the business  
of the association, and from receiving any  
assessments from any of its members, and  
from paying over any funds or in any way  
disposing of or meddling with the assets of  
the association. He also asks that a re-  
ceiver be appointed to take and hold the  
assets of said corporation; to make such  
assessments, if any, that the court shall  
deem best and equitable, and to hold and  
distribute the assets according to the order  
of the court.

In his bill Mr. Simpson further asks  
the court to declare the business carried on  
by the association to be void and un-  
authorized by the laws of the common-  
wealth, and for such further relief as to  
the court may seem right and just.

**The Committee at Work.**

Already nearly 1000 protests have been  
received by the committee of the policy  
holders of the Massachusetts Benefit Life  
Association against the course of the  
corporation and the number is hourly in-  
creasing. Many go to the headquarters  
personally and others write. Secretary  
Eldridge gives out that the intention of  
this committee is not, as has been stated,  
to break up the Massachusetts Benefit Life  
Association, but simply obtain for the  
policy holders their rights. For a long  
time the members have been protesting  
against the doings of the association. No  
plan of action has yet been laid out by the  
committee, and there will probably be none  
until after the April assessments have been  
paid.

The committee yesterday afternoon sent  
a letter to President Litchfield, asking for  
the privilege of inspecting the books of the  
company, in order to ascertain its stand-  
ing. A reply is expected at a meeting of  
the committee to be held Wednesday  
afternoon.

**Musicales.**

The Sharer's Ten, King's Daughters of  
Wollaston, scored a striking success at their  
musical and reception at the First Baptist  
church on Tuesday evening. The  
church was crowded with people. After  
the excellent entertainment a reception  
was held in the church vestry and a light  
lunch was served. The programme:

Organ, Mrs. A. M. Pance Smith.  
Symphony, Kinder Symphonie. In C.  
Haydn.

Song, Dost Thou Love Me? Cowen.  
Miss Blanche B. Starratt.

Reading, Miss Lillie A. McKenney.  
Violin Solo, Mazurka de Concert, Musin.  
Miss Adelaide Taylor Thomas.

Songs, a Bye Baby Bye, Clayton Johns.  
b "Every Night" (A Song for Little  
Boys) Ethelbert Nevin, Miss Starratt.

Reading, Miss McKenney.  
Symphony, Eine heitere Schiltenpartie,  
Chwatal. (By Special Request.)

Organ, Selected, Mrs. Smith.

**Braintree Town Meeting.**

A second adjourned meeting of the town  
of Braintree was held last evening, but  
another will be necessary March 31 to com-  
plete the business. Hon. F. A. Hobart  
was moderator. Salaries caused the main  
debate of the evening and the Selectmen  
were finally voted \$650 each. The ap-  
propriations included Thayer Library, \$800;  
electric lights in Public Library, \$200;  
incidentals for Fire Department, \$500;  
removal of snow, \$600; Junior of Town  
Hall and Library, \$600; distribution of  
books, \$100; abatement and collection of  
taxes, \$1,500; purchase of new one, \$8-  
400; insurance on public buildings, \$900;  
salaries, town officers, Selectmen, Assessors  
and highway surveyors, \$1,500; appropri-  
ation for payment of remaining town  
officers, \$900; interest on town debt,  
\$5,000.

—The Pawtucket Gazette says, "If the  
X rays come into general use frame houses  
will lose cast. Edison finds no difficulty  
in photographing through planks."

## Hood's

Sarsaparilla as a blood purifier and build-  
ing up medicine leads everything ever  
produced. It is positively the best. Others  
may make the same claim. But there's  
this difference: We prove it. Not by an-  
tiquity, but by Merit. Not by what  
we say, but by what Hood's Sarsapa-  
rilla does. It has a record of  
Cures unequalled in medical history.

It positively, perfectly and permanently  
cures when all other medicines fail.  
That the keen discrimination of the  
people recognizes its merit and the  
cures by Hood's Sarsaparilla, is shown  
by the fact that they buy Hood's Sarsapa-  
rilla in preference to the ex-  
clusion of all others.  
Hood's Sarsaparilla has a large sale than  
all other blood purifiers. It wins con-  
fidence everywhere because the state-  
ments in its advertising and testimonials  
are verified by all who take it. No other  
medicine has ever received such praise, or  
so many voluntary testimonials of won-  
derful cures. No other medicine possesses

## parilla

the peculiar combination, proportion and  
process used in preparing Hood's Sarsapa-  
rilla, and which give it merit peculiar to  
itself. This is the secret of its wonderful  
power, of its wonderful sales, of its won-  
derful hold upon the confidence of the  
people. This is why it cures Scrofula,  
Salt Rheum, Catarrh, Rheumatism, all  
Humors, Kidney and Liver troubles, Dys-  
pepsia, That Tired Feeling, builds up the  
nerves, creates an appetite and strengthens  
the whole system. Its merit, its sales, its

## Cures

Make Hood's Sarsaparilla the One True  
Blood Purifier. Sold by all druggists, \$1.

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston  
Atlantic, South and West Quincy.

Watch this line grow:

*Wanted, in Quincy, a large  
hall.*

An Easter Drill, by 16 young ladies, this  
evening, at the Universalist vestry.

Mr. Edward Price of Old Colony street  
is soon to move his family to Neponset.

Work is to be immediately commenced  
on the new brick block on Hancock street.

William T. Spargo is putting up a large  
new derrick at his works on Liberty street.

Millinery openings next week. Miss  
Collins announces one for April 2, 3 and 4.

H. C. Somes, who carried on a variety  
store under Grand Army hall, has moved  
to Hyde Park.

Postmaster Wilde is convalescing quite  
rapidly. On Tuesday he was able to go  
out of doors.

The building on Hancock street occupied  
by Mrs. Shaw as a variety store is being  
newly shingled.

Prout Bros. Granite Co. show a large  
number of finished monuments in yards on  
Quincy street.

The resolve authorizing a tax of \$120,000  
for Norfolk county was reported in the  
House on Tuesday.

The rails to be used in the reconstruction  
of the tracks on Hancock street have  
arrived at Wollaston.

Francis L. Souther camp, S. of V., will  
hold a special meeting next Tuesday eve-  
ning for drum corps practice.

The alleys for Costello's new bowling  
alleys have arrived and will be placed in  
position as soon as possible.

The Atlantic band have begun their re-  
hearsals for the coming season and hold  
them regularly every Tuesday evening.

Mr. H. H. Miles of Botolph street is  
building a house adjoining his property, to  
be occupied when completed by Mr. E. W.  
Crocker.

The whist and pool tournament between  
the Algonquin and Quincy clubs will doubt-  
less open up a series of games next winter  
between the two clubs.

A meeting of the Hospital Aid Associa-  
tion will be held Thursday, March 26,  
from 2.30 p. m. to 4.30 p. m., in rooms of  
the Granite City club, Durgin and Merrill's  
block.

First assistant engineer Herbert W.  
Spear, a Quincy boy, has been transferred  
from the revenue cutter Dexter stationed  
at New Bedford, to the revenue cutter  
Fessenden stationed at Detroit.

A South Quincy gentleman has written a  
lengthy communication complaining be-  
cause the ticket agent is not at his post for  
the first inward train. As it is somewhat  
personal, it is not given in full.

Mrs. Samuel F. Howard of Wollaston is  
at Hanson, where her father and mother,  
the Rev. Mr. and Mrs. Fifeild are  
dangerously sick. But slight hopes are  
entertained of their recovery.

A delightful musicale was given on Tues-  
day evening at the residence of Mrs. H. T.  
Whitman, Wollaston, under the auspices of  
the Gleaner's Ten, King's Daughters. The  
music was under the direction of Mr. S. P.  
Moorehouse.

There was a narrow escape from a  
serious fire at Norfolk Downs, Tuesday,  
when Mr. Richard Barry extinguished a  
blaze in the cellar of the house owned by  
James W. Woodward and occupied by Mr.  
McKay and family.

All of our readers who have good  
apple trees that are troubled by canker  
worms should use for the next four weeks  
a little of Morrill's tree ink. It costs but  
little and does good work. A few cents'  
worth put around the trunks of the trees  
will save them. For sale in cans at the  
PATRIOT office.

The funeral of Mr. William F. Gragg  
was held Tuesday afternoon from his late  
residence on Crescent street, and was  
largely attended by many of his friends  
and neighbors, as well as members of  
Mt. Wollaston lodge of Odd Fellows,  
and Granite Commandery, U. O. G. C.  
Rev. E. N. Hardy officiated and the interment  
was at the Hall cemetery, where the  
Old Fellows burial service was read.

**Round-about Club.**

Another triumph has been added to the  
Round-about's records of social events this  
season at a reception tendered them by  
Mr. and Mrs. G. Henry Wait at their re-  
sidence 315 W. Fourth street, South Boston,  
on Tuesday evening.

Their spacious parlors were beautifully  
decorated and dancing was one of the  
many features of the evening.  
Covers were laid for twenty five, the  
largest number of members together at one  
time this season, and which certainly dem-  
onstrates Mr. and Mrs. Wait's popularity.  
That the affair was a social success was  
manifested by the pleasant manner in  
which the guests were entertained.

The table resembled a bit of fairy land,  
and with numerous sweet scented Camer-  
berts, the occasion places Mrs. Wait at the  
foremost in the art of table decorations  
and a connoisseur of tempting delicacies  
worthy of much praise.

Headache! Glasses relieve many.  
Consult Williams, practical optician, 104  
Hancock street. Scientific test free.

## Celery and Kola Compound.

THE current medical papers are full of the won-  
derful strength giving properties of the Kola  
nut. Sea celery one of them nowadays but what has  
from one to a half dozen articles on the subject. The  
Kola nut has proved itself a positive addition to the  
Materia Medica. In

## Hearn's Celery and Kola

I HAVE combined the nerve qualities of the  
Celery with the strength producing qualities of the  
Kola and offer it to the public as a specific for all  
cases of Nervous Debility, Sleeplessness, Nervous  
Dyspepsia, Exhaustion, Loss of Appetite, and that  
anguid, weary feeling so peculiar to all at this time  
of the year. I solicit of the public a trial of this  
preparation to prove its genuine worth. Made and  
sold only by

## AN HISTORIC STREET.

## An Interesting and Valuable

Paper by Edward H. Dewson.

Hancock Street for Period Covering  
257 Years.

Each Estate to be Taken up Separately and History Given.

Continued from March 20.

The meeting-house was completed in 1732. Pattee gives a full description of it. He states that the question was put in the committee whether at the raising they should purchase bread, cheese, sugar, rum "sides" and beer at the cost of the precinct, and it passed in the affirmative. In 1790, Lydia Baxter, widow of the second Samuel, sells to the precinct, one-half an acre and four rods, lying to the south of the meeting-house, a deed is taken and recorded and the parish is again in possession of the original training field.

June 7th of this year, Lydia Baxter sells to George Mears one-half an acre. He obtains permission from the town, to frame his house upon the Training Field, and it is in due time erected. As we stand at the corner of Chestnut street, it is the house at our right hand, belonging to the heirs of the late Doctor Charles S. French. In 1792 the town of Quincy is incorporated. In this year Lydia Baxter sells to Peter Hardwick, two and one-half acres of land, and he sells to the new town a piece of land for a pound. It is thirty-one feet square situated in the angle formed by the addition in the rear of the Baxter (Nightingale) house, which places it on the corner, later made by the building of Washington and Temple streets.

Three buildings of recent date, used for stores, stand next south of Doctor French's house, and next to them is the house built by Peter Hardwick one hundred years ago, precise date unknown. We will note the changes in this locality, as nearly in chronological order as possible. In 1795 a schoolhouse is built on the extreme northern point of the Training Field, so near to Seth Burrell's line, that disputes arise between him and the town.

Pattee p. 329, gives an interesting description of this house. It was twenty by twenty-eight feet, a plain two story building. A drawing of the front elevation may be seen on the town records. The upper story was used as a town hall, and in the winter a ciphering school was kept in the same room. The grammar school was kept in the room below. The first town meeting held in this hall was Dec. 8, 1796. The cost of the building was ninety pounds. The late Mrs. Mann and Mrs. Jilison now living, sister of Horace B. Spear attended school here. Their recollections assisted us in locating the building.

In 1797 the Baxter (Nightingale) house with barn and one-third of an acre of land is sold to Abel Hayden. In 1802 the town voted to adorn the green on which the First church stands with trees. In 1805 Henry Hardwick becomes the owner of two and one-half acres of land, the site of the present Adams block.

In 1806 as already stated, the partition of the Brackett (Burrell) estate was made. Not long after this, precise date unknown, a house is built by Samuel Nightingale on the site now occupied by Henry H. Faxon.

In 1810 The Hingham Turnpike, (now Washington street) was built, the Quincy end resting on the Training Field at the town pound. Travel over this road, crossed the Training Field, passing south of the school house, which stood in the direct line. In 1815 the schoolhouse was burned. In 1817 the cellar was filled up. Joshua Torrey who inherited from his Aunt Joanna Burrell, had a house about this time that stood to the eastward of the present Association building. He and Nightingale had moved forward to the line that travel took from the turnpike across the Training Field thus encroaching upon it.

Between the Torrey house and the Burrell house, there was a wheelwright shop. East of the Nightingale house (now Faxon's) a blacksmith shop stood where Coddington street is, on the corner of Coddington street is a grain store. Next to it is the one story building owned by The Quincy Mutual Fire Insurance Co. Beyond it is a building owned by the Trustees of the City Hospital. It was built by Gideon Thayer. It was occupied in the fifties by Mr. Hayden, whose wife kept a drug store there. It is now a hotel.

(To be continued.)

## The Latest the Best.

Editors of the Ledger:

It seems to me that the plan published in the Boston Herald of Tuesday presents the first plan to the local traveling public which is entirely satisfactory in its solution of the passenger traffic problem of the south side of the city. It would leave little to be desired in the way of train accommodation if during the hours mentioned, from 7 A. M. to 9 A. M. and 4 P. M. to 6 P. M., you were able to take a train from Quincy, which would land you either at the Kneeland street station or at Park Square, from which place you can reach the Northern depot in 7 or 8 minutes when the Boston subway is completed.

The project of a great station on Summer street is not particularly desirable for the average traveler on the Old Colony road. Kneeland street is very convenient to the business portion of the city which is evident, as Acra says in the Herald, by the fact that the Rapid Transit Commission of 1892 reported in favor of a union station on Kneeland street. Surely Kneeland street is more convenient to the theatres and the quality of the buildings and neighborhood would be greatly improved by the necessary widening of Eliot and Kneeland streets. Then again the Kneeland street station is fully as convenient to the hotels and for people who wished to go from any point on the Old Colony division to the Back Bay district this new plan would be immensely convenient.

ALMIRA.

Quincy, Mar. 24, 1896.

## Work for Board of Trade.

To the Editors of the Ledger:

For several years the stores in Quincy have been in the habit of closing two evenings every week. With sorrow we notice some of them are inclined to break over that rule. It seems too bad that all we clerks should be obliged to work evenings. Can not the Board of Trade take hold of the matter, and thus avert the impending evil, for it will be an evil to lose even one evening during the summer, much better if we could have three evenings, as they do in other large cities, and surely our employers would make as much money.

SALESMAN.

## Seventy-fourth Birthday.

A family party was held at the residence of Mr. Rufus W. Poole, Prospect ave., Wollaston, March 22, to celebrate the 74th birthday of Mr. L. B. Nash of North Abington, father of L. W. Nash, real estate agent of Wollaston. The event also celebrated the birthday of the hostess, Mrs. Poole and of Leon E. Nash, grandson of Mr. Nash. A luncheon was served. All pronounced it an enjoyable time.

Taylor's Anti-Headache Powders are just as harmless as water. Yet, look how powerful water is in putting out fire. Our powders cure Headache and Neuralgia in the same manner exactly. It is safe to say that these powders will cure all cases, because they never failed yet. Why not buy Taylor's and be sure about it? Get them of Leonard J. Pastor, P. O. 27 School street.

The new Methodist Episcopal church at Mattapan was dedicated Tuesday. It is a handsome edifice of wood.

## BORN.

## Carpenters First.

INDIANAPOLIS, March 25.—At today's session of the executive council of the American Federation of Labor the subject of the eight-hour day problem was submitted to it. It recommends that May 1 be set as the day to inaugurate the eight-hour plan through the country, and that the carpenters be selected as the union to make the test. The committee recommends a strike of all carpenters' unions that are forced to work overtime, beginning on the day that the eight-hour plan goes into effect. It is expected that the council will unanimously endorse the action of their committee.

## Quincy & Boston ELECTRIC STREET RAILWAY.

[Subject to change without notice.]

On and after Wednesday, Nov. 13, 1885, cars will make trips on week days as follows:

## Buildings Kruger.

LONDON, March 25.—The Times has an editorial this morning which warns President Kruger that it is impossible to discuss with him the essentials of the London convention which fixes the suzerainty of Great Britain over the Transvaal. "In any case," The Times continues, "he must decide without delay whether to accept the invitation to come to England. The invitation cannot remain open indefinitely, and if it is declined we must take measures to support the just claims of the Uitlanders."

## Big Shortage Discovered.

LEXINGTON, Ky., March 25.—The Midway Deposit bank, one of the best business institutions in central Kentucky, is in trouble, and W. M. Shipp, cashier, and C. W. Stone, bookkeeper, have been discharged, pending investigation. It developed that there is an alleged shortage, which it is believed will foot up \$40,000.

## SYMPATHY OF PUBLIC

Appears to Be With Salvationists in Their Fight With Malden.

## Indignation Tuned Up to the Riot Pitch.

Excited Crowd Urged Army to Parade but Wiser Counsel Prevailed.

MALDEN, Mass., March 25.—By the kindly action of a number of prominent citizens and the entreaties of Chief of Police Spaulding with Captain Faulkner and "Joe the Turk," the city of Malden was saved last night from bloodshed and riot. The war between the army and police, which has been going on here for several days, reached a crisis last night, and people commenced pouring into the city from surrounding towns, and gathering at the army barracks, called to the army to come out and parade and they would protect them. This the army decided to do, but wiser counsel prevailed and the parade idea was abandoned. The excitement is intense, and the end is not yet.

The crowd completely filled Pleasant street, from Central square half a mile toward the Boston and Maine depot, many of them carrying canes and sticks. Encouraged by the calls of the crowd before the barracks, the army at last decided to parade, and about 35 soldiers, many of them women, appeared to form the procession.

An this point, amid great excitement, a number of prominent citizens appeared and begged Captain Faulkner and "Joe the Turk" not to parade, declaring that there surely would be bloodshed, which would forever disgrace Malden and the Salvation Army.

Chief of Police Spaulding also urged the army not to parade, as the city was on the eve of a riot, but if they insisted on parading, every member would be arrested if the militia had to be called out to do it.

After a lengthy argument with the citizens and officials, the Salvationists concluded not to parade. Later in the evening Captain Faulkner, with the license commissioner, held a conference at city hall, and the latter offered to give permission for future parades if they would not carry the bass drum.

Captain Faulkner refused to accept the condition, and the matter will be further discussed. The excitement is intense, and as the people have taken the side of the army, and the officials insist on enforcing the city ordinance, further trouble is anticipated.

## MORRISON CONFESSES.

Wife's Bad Behavior Led Him to Strangle Her While in a Passion.

BOSTON, March 25.—The murder mystery of Cambridge street is solved, and last night in the presence of Captain Westcott, Inspector Abbott and Officers Gilmore, Houghton and Danforth and a reporter, Hiram H. Morrison confessed to the murder of his wife by strangulation. He said that he was wild with jealousy and rage and had his wife by the throat and death had come before he really knew. Neighbors and friends of the woman and her husband told many stories of their frequent quarrels. Many times in the presence of witnesses would they fight, and every time, when mad with rage, they saw his hands would instinctively seize her throat. There is a story of a young wife fond of society not always the best and an older husband insanely jealous. Both have led lives of dissipation. Both had been better days. Both were quick to anger.

Morrison will be formally charged with murder. This charge may be changed, and probably will be to murder in the second or third degree, as the facts in the case may warrant. He will plead guilty to the charge, and his only defense will be insanity, produced by anger and drink.

## On Beacon Hill.

BOSTON, March 25.—The senate and house didn't overlook themselves yesterday, and of the house in particular it may be said that there were scarcely a quorum present. The committee on education reported a bill authorizing the expenditure of \$375,000 for the building of a court house for Worcester county. The house rejected the bill to change the location of the Campello station in Brockton on the New York, New Haven and Hartford railroad. A bill was reported in the senate outlining a scheme of public school supervision recommended by the board of education of the state. The committee on education reported a resolve appropriating over \$200,000 to the different normal schools of the state. The committee on manufactures listened to further arguments against the Whitney gas bill. The committee on street railways had before them the petition for an amendment of the Boynton Bicycle railway charter, the principal address at the hearing being by General O. O. Howard. Among other things were those relative to the proposed grade and terminal on ranges of the New England railroad, and the supervision of telephone companies.

## At New Haven, In June.

NEW HAVEN, March 25.—The Congregational College and Educational Society of New Haven will celebrate its 80th anniversary in this city June 2 to 4, in connection with the 70th anniversary of the Congregational Home Missionary society. The object of the society is the aiding of deserving candidates for the ministry to secure needed education. In addition to a general appeal for funds from those interested in its work, the society makes a special plea for the maintenance of its educational mission work among the Mormons in Utah and the Mexicans in New Mexico. It estimates its needs as \$150,000 the present year.

## Chairman Was Thrown Out.

CONCORD, N. H., March 25.—George S. Dennett, who was removed from the chair while undertaking to act as presiding officer of the board of assessors at its meeting last January, has brought a civil suit for trespass against Special Officer Dixon claiming \$1000 damages. At that time the board was having considerable of an argument over who was actual chairman, and Mr. Dixon was called in, and after a tussle got Mr. Dennett from the platform. The latter claims that the officer committed an assault upon him by using more force than was necessary.

## Wife and Neighbor Missing.

ROWLEY, Mass., March 25.—Mrs. Lilla Kent left her home suddenly Saturday, William Smith, aged 30, also left town Saturday. William Kent, the husband, believes the missing pair are to

## AN OPEN LETTER.

What Mrs. I. E. Bressie Says to American Women.

Speaks of Her Melancholy Condition After the Birth of Her Child.

"I feel as if I was doing an injustice to my suffering sisters if I did not tell what Lydia E. Pinkham's Vegetable Compound has done for me, and its worth to the world."

"From the birth of my child until he was four years old, I was in poor health, but feeling convinced that half of the ailments of women were imagined or else cultivated, I fought against my bad feelings, until I was obliged to give up. My disease baffled the best doctors."

"I was nervous, hysterical, my head ached with such a terrible burning sensation on the top, and felt as if a band was drawn tightly above my brow; inflammation of the stomach, no appetite, nausea at the sight of food, indigestion, constipation, bladder and kidney troubles, palpitation of the heart, attacks of melancholia would occur without any provocation whatever, numbness of the limbs, threatening paralysis, and loss of memory to such an extent that I feared aberration of the mind."

"A friend advised Lydia E. Pinkham's Vegetable Compound, and spoke in glowing terms of what it had done for her."

"I began its use and gained rapidly. Now I am a living advertisement of its merits. I had not used it a year when I was the envy of the whole town, for my rosy, dimpled, girlish looks and perfect health."

"I recommend it to all women. I find a great advantage in being able to say, it is by a woman's hands this great boon is given to women. All honor to the name of Lydia E. Pinkham; wide success to the Vegetable Compound."

"Yours in Health, Mrs. I. E. BRESSIE, Herculaneum, Jefferson Co., Mo."

gether. He will commence divorce proceedings. Mrs. Kent went away with Smith about a year ago, and remained about a month. Kent has been married about four years.

## Gray Goes to Prison.

WOODSVILLE, N. H., March 25.—Milo Gray, for murder of his wife, was yesterday sentenced to 18 years at hard labor in state prison, and to pay the cost of prosecution. He was taken to Concord to serve his sentence. The sentence meets with public approval. If Gray lives to serve out his full term he will be 63 years old.

## A New Y. M. C. A.

CONCORD, N. H., March 25.—The railroad Y. M. C. A. of New Hampshire was inaugurated last night with interesting exercises, including an address by President Lucius Tuttle of the Boston and Maine road. The road has contributed largely to the movement, and finely furnished headquarters have been opened for the use of railroad men. R. E. Burleigh is general secretary.

Harry Hanson, recently chosen keeper of the State (Me.) jail, has resigned.

The trial of Rev. William T. Brown for heresy was begun at Madison, Conn.

The Waterford Baptist church at Black stone, Mass., has accepted the resignation of its pastor, Rev. B. M. Briggs.

Councilman Edward F. Marsh of Nashua, N. H., dropped dead at his home. He was a prominent business man.

The Lowell (Mass.) city government voted to borrow \$100,000 to purchase land and erect buildings at the city farm.

The Keene (N. H.) union school district voted to build a four-room school building on Greenlaw street, and appropriated \$1200.

Charles Marston, an aged tramp, who was sentenced from the Biddeford (Me.) municipal court under the vagrancy act, died at the county jail at Alfred.

The liquor licenses of William Hayes John Fitzpatrick and Edwin Hunt at Pawtucket, R. I., were revoked. All three were raided a short time ago.

Mrs. Annie Hogan fell down stairs at Salem, Mass., while holding a lighted lamp. The lamp exploded, and she was severely burned. It is feared she will die from the shock.

Prompted by jealousy, Walter Porego, aged 22 of Alexandria, Va., attempted to kill his sweetheart, Annie M. Hay, aged 16, and fired two bullets into his own head and fell dead.

General O. O. Howard gave an address at Boston on reminiscences of General Sherman. Resolutions were adopted asking congress to confer upon the general the rank of lieutenant general.

Clarendon (N. H.) high school won the debate from Keene, the question being: "Resolved, that the United States should abolish the tariff and institute free trade." Clarendon had the affirmative.

## A Philadelphia Tragedy.

PHILADELPHIA, March 25.—The findings of the body of a young and pretty woman at 2325 Grand avenue, after she had been dead for 24 hours, was followed by the arrest of Samuel P. Langdon, president of the

## M'KINLEY AWAY AHEAD

Figures Thus Far Show Him to be the Prime Favorite.

Pettigrew Forced Into Line in South Dakota.

Boston Markmen Boom Reed For Presidency and Wolcott For Governor.

WASHINGTON, May 26.—A canvass of the strength of presidential candidates has been made, showing the strength of each aspirant by states that have elected delegates. It demonstrates beyond a doubt that the swelling tide surges toward McKinley.

The result of this latest polling shows that 43 states and territories will vote on the first ballot at St. Louis as follows:

McKinley, 24; Reed, 4; Morton, 1; Cameron, 2; Allison, 2; uncertain, 8; divided, 3. To this must be added to McKinley six votes from Alabama and five from Washington. It is believed that many of the states, after giving a complimentary vote to a favorite son, will swing over to McKinley.

Senator Davis' withdrawal from the presidential race is the theme of conversation at the Capitol. It makes the McKinley men excessively jubilant, and the friends of all other candidates cannot conceal their vexation.

Davis' withdrawal—if such it can be termed, because his candidacy was never for one moment regarded seriously—gives McKinley an additional vote. Had Davis kept out of the race and not posed as Minnesota's favorite son, the chances were the delegation would have been evenly divided between McKinley and Reed.

Every loyal son of New England wants to see Mr. Reed nominated and elected. If a Republican is to be the next president, but that feeling of loyalty does not blind some to the facts as they exist. It is unquestionably true that today McKinley has a long lead, and it is a lead formidable enough to make the other candidates feel decidedly nervous.

It does not follow because McKinley is at present well to the front that he cannot be overhauled before the close of the race, but it is true that the other candidates must do considerably better than they expect to do to have a chance.

The anti-McKinley managers want to do something to stem the anti-McKinley tide, but they do not know exactly what. They would be willing to combine on a candidate, if they thought such a move would result successfully, but the trouble is no candidate can be selected to whom the strength of any other candidate can be transferred.

It is known that the Reed and Allison people are very friendly; either man, failing to secure the nomination himself, being willing to help the other at the expense of McKinley. But a trade of this kind cannot be made. The moment Allison drops out of the race, Iowa will be practically solid for McKinley, and even with Allison in the race, there are weak spots in the delegation.

If Reed should attempt to transfer his New England strength to Allison, a considerable portion of it would be absorbed by McKinley before the transfer was made. It is the same thing in New York and Pennsylvania. Platt has all he can do to head the state line for Morton, while Quay has to fight hard for his own state.

There has been some talk about bringing out Harrison as the compromise candidate, but with his own state already disposed of in the McKinley column, with Platt, Quay, Reed and other big leaders against him, it is evident that Harrison cannot be used to kill off McKinley.

The opposition's great hope is that McKinley cannot be nominated on the first or second ballot, and if that is so, then goodby to McKinley's chances.

It is admitted by the McKinleyites that this is true, and the opposition will strain every nerve to prevent an early nomination. What with contests and other things, it may be possible to keep the McKinley vote down to somewhere around 400, and if the opposition can hold together McKinley may be defeated, and then will come a pretty interesting fight, to administer on the succession. If McKinley goes down, the politicians here believe that he will be able to dictate the nominee.

It is proper to add that Mr. Reed's active managers, Senator Lodge—Mr. Manley and Senator Aldrich—express themselves as feeling easy, and believe that while McKinley is the leading candidate just now, he will not have such a long lead when the convention meets, and he will fall far short of receiving the nomination by acclamation, as some of his enthusiastic supporters profess to believe.

Pettigrew Forced to Yield.  
HURON, S. D., March 26.—The Republican state convention declared for McKinley for president, and reaffirmed the financial plank of the Minneapolis platform of '92.

The resolutions adopted declared for a protective tariff; reaffirmed the Minneapolis financial plank until St. Louis adopts a later statement, and instructed the delegates to St. Louis to use every legitimate and honorable means to secure the nomination of William McKinley. The election of delegates by judicial districts resulted as follows: L. B. French, R. F. Pettigrew, C. G. Sherwood, D. A. Mizner, Dave Williams, H. G. Meacham, W. V. Lucas and W. E. Smead.

Previous to choosing delegates, a resolution was adopted requiring all nominees to go upon the floor and declare for McKinley and sound money, and not only to vote but to work to accomplish this end. This was to force an expression from Senator Pettigrew.

The senator stood in the center of the convention hall when called upon to state his position, and declared that he would bow to the will of the majority; that while

he had followed a course which the future seemed to justify, he was willing now to go to St. Louis and comply with the wishes of the state convention by voting for McKinley and sound money.

Directly after the adjournment of the convention, seven of the delegates held a caucus, at which they resolved that they would not permit Senator Pettigrew to go as chairman, neither would they permit him to be upon any committee at the national convention.

All For Reed.

BOSTON, March 26.—More than 200 members attended the annual banquet of the Boston Marksmen's Republican club last night. The motto of the evening was: "Reed our next president, and Wolcott our next governor," and eloquent speeches and a telegram from Speaker Reed were loudly cheered. The invited guests were presented by President Mead, and included Mayor Noble of Lewiston, Me.; Rev. A. A. Berle and Curtis Guild, Jr., of Boston; Judge Bruce of Malden and Samuel G. Elder.

Mr. Guild was the first speaker. Reed, he said, was worthy to sit in the chair of the great Abraham Lincoln himself. Where through the country were two nobler souls? Either of these men has put party before himself and his country before party.

Mr. Noble, in the midst of an earnest speech, said: "What we want is a Great of Grants, a king of kings, and Thomas B. Reed fills the bill—a man with the integrity of Lincoln, the fearlessness of Grant and the wisdom of Blaine."

President Mead read a telegram from Speaker Reed as follows: "Tell the Marksmen's club to be of good cheer. The hard times are not of our making. Day cometh with the Republican morning soon to dawn."

Protection vs. Free Trade.

BOSTON, March 26.—Colonel Albert Clarke, secretary of the Home Market club, and one of the most pronounced advocates of a protective tariff in this country, was the guest of honor at the dinner of the New England Free Trade league last night, and delivered an eloquent address in favor of protection for home industries.

The invitation to Colonel Clarke to be present and give the protectionists' side of the tariff issue was an innovation in the history of the league, and proved a very successful one. His address was listened to with close and courteous attention, and he stated his views frankly and fearlessly. Harvey N. Shepard, chairman of the executive committee of the league, replied to Mr. Clarke in the same manner, and altogether the joint debate was very entertaining as well as instructive. John E. Russell also spoke on the free-trade side of the question.

Colonel Clarke reviewed the tariff laws of the country, and in conclusion said: "Until our manufacturers supply our market it is folly to open the market to more foreign goods, hoping that foreign markets will do likewise. Weakening ourselves at home does not strengthen ourselves abroad. By preserving protection until our bargaining power by which reciprocity in non-competing articles can stand to advantage."

Harvey N. Shepard said, in part: "We believe that whatever makes for the good of the world at large, makes for the good of the United States. We believe that the greatest good will come from the free exchange of what we can make here with those goods which other countries can make. We believe that there is a difference between a protective tariff and a tariff for revenue."

## Praise for MuscleOil

WM. STRINGER OF PEABODY CURED OF RHEUMATISM IN LEG.

PEABODY, Mass., Sept. 7, 1894. Muscle Oil Co.—Gentlemen:—Last spring I was greatly troubled with rheumatism in my leg and was not able to do any work for four months. After using several other so-called cures, I tried Muscle Oil, and after using five bottles I was able to work every day and now feel as well as ever.

Yours truly,  
WILLIAM STRINGER, Kerry St.

These cold, raw days mean exposure to sudden changes. Fortify yourself against rheumatism by keeping Muscle Oil on hand.

## MOB GOT AFTER HIM.

Boston Police Had a Hard Time in Protecting William Ford.

Charged With Assaulting Five-Year-Old Child.

Stones, Bricks and Other Missiles Hurling by the Infuriated Crowd.

BOSTON, March 26.—William Ford was arrested yesterday for an alleged attempt to commit criminal assault upon Louisa Pierce, 5 years of age. She lived in the rear of 126 Marginal street with her parents. While she was playing yesterday afternoon with a crowd of children in the yard in front of her parents' door, a stranger appeared and at once proceeded to make himself familiar with the children. As alleged, he got Louisa into the cellar and was in that place with her when he was accidentally discovered, and he had to get out quickly in order to escape arrest.

Afterward, when he was walking up the street toward Jeffries Point, the little girl again saw him, and, urged on by her parents, Officer Ahern made the arrest. As soon as he was arrested a scene of confusion began. A large crowd collected. A report had been circulated that the child was dead, and when this rumor became known to the mob their anger and attempts at violence increased.

Finally the crowd began to surge in upon the prisoner. Then the officers feared that he might escape them, and they immediately resolved to take all possible means to get the man in safety to the station house.

By this time the crowd had become a mob of yelling men and women, trying to get hold of Ford, and their many rushes were only repelled after severe struggles. They started to walk him along the street, but the crowd still followed, throwing stones, bricks or anything that would come to hand.

Was Hit Many Times.

The officers then saw a grocery wagon, and in a second the prisoner was seated in this vehicle and was rattling toward station 7. The missiles from the mob fell short, but they still followed.

A strong guard of officers were placed around the wagon, and in this way the prisoner was sent to the station. Only by this means was Ford prevented from falling into the hands of a mob. When they reached the station, the mob jeered and howled derisively at Ford as he was taken into the station.

The child is a small blue-eyed, bright little girl, who seems to remember everything that happened while Ford was with her. Yesterday afternoon, when confronted with the man, she easily knew him.

Mrs. Pierce, the child's mother, said that all she knew of the case was that the man had been hanging around the house for some time. "I never saw him and do not want to," she said.

Just then Mr. Pierce came into the house. He was much agitated. He had only a short time before heard of the indignity done his child.

He clashed a large, crooked knife in his hand as he talked. He said that he would be avenged, and added: "I'll meet him yet, and then look out."

It is not claimed that any bodily harm was done to little Louisa.

On Beacon Hill.

BOSTON, March 26.—There were some sensational developments in the Whitney gas bill hearing yesterday. Mr. Chandler announcing that a contract had been made between Mr. Whitney and the Bay State Gas company whereby the former was to furnish the company with gas at a rate which would enable it to supply to customers at a much cheaper rate than at present, and that he was authorized by Thomas W. Lawson to withdraw his bill wherein he offered to pay the state \$1,000,000 for the privileges like those asked for by Mr. Whitney. There were some speeches before the committee on ways and means by remonstrants to the proposed Butler statute, and a hearing on the Municipal league's single tax bill.

In the senate, resolutions upon the late Governor (Greenhalge) were reported. The committee on parishes and religious societies reported a bill to allow persons attending the First Congregational church of Lowell, over 21 years of age, to become members of the society under certain conditions, as petitioned for. This action is the outcome of parish and church troubles.

Victory For Salvationists.

MALDEN, Mass., March 26.—The war between the Salvation Army and the police came to a close last night. Mayor Walker and the license committee held a conference with the Salvation Army committee headed by Brigadier Brewer. Brewer scored the city officials. The result of the conference was that the city granted them permits to parade Pleasant and Main streets. They also allowed them to use snare drums, tambourines and cornets, but refused permission to play the bass drum. The city also guaranteed police protection. Brigadier Brewer stated that the army had made up its mind to parade whether a license was granted or not.

Lowell in a Hole.

LOWELL, Mass., March 26.—City Solicitor Qua has informed the sinking fund commissioners that they must pay over the \$32,400 demanded by the city council, and which is held in excess of the city debt. He also says that the withdrawal of the amount from the sinking funds will put the city \$75,000 beyond its debt limit.

Pastor Brown Acquitted.

MADISON, Conn., March 26.—The finding of the court in the case of Rev. William T. Brown, charged with heresy, was to the effect that the first, second, third and fourth specifications of the charge had not been proven. The fifth is withdrawn. The council is to adopt a series of resolutions bearing on the case.

SWING CHAIRS, something new, nothing to get out of order. Call and see them at

# Fair! Fair!

**FAXON HALL,**  
Thursday, Friday and Saturday  
EVENINGS,  
March 26, 27 and 28.

"Where there's a will, there's a way."

Actuated by this principle the Young Ladies' Society, "WILLINGNESS," connected with St. Paul's Swedish M. E. Church of Quincy, will, at the above time and place, hold a GRAND FAIR, the proceeds to be used for the frescoing and renovating of the interior of the church, and everybody who is willing to encourage the young ladies and assist them in their laudable undertaking is cordially invited.

The Fair will open Thursday evening, March 26, at 7.30 o'clock with music and singing and a speech by the Mayor of Quincy, the Hon. C. F. ADAMS, 2d.

There will be music and singing every evening, and young ladies in Swedish National Costumes will help to make the Fair lively and interesting. There will be contests, guessing, fishing and many other attractions. Among other things to be voted away may be mentioned a Lady's Gold Watch with a chain, a splendid Rocking Horse for a nice little girl, a Beautiful Doll for a nice little girl, also plenty of chances to get something beautiful or useful for a dime or a nickel by guessing. There will be several booths, beautifully decorated, and among other novelties, a Forest of Living Green in which refreshments will be cheaply served.

The Fair opens every evening at 7.30 o'clock. On Saturday afternoon from 2 to 5 will be children's day.

Tickets, if not secured before, can be obtained at the entrance to the hall. Season tickets, 25 cents; single, 10 cents; children under 12 years, 5 cents.

Let everybody come!

# Easter Opening!

**The Quincy Patriot,**  
A Weekly Established in 1837, which has  
the Largest Circulation in Norfolk  
County, and

**The Braintree Observer,**  
A Weekly Established in 1878.

THE WATER Commissioners have had a gang of men at work on Third Hill, Wollaston, the past few days sounding the soil to see if it is suitable on which to erect a standpipe. It is not contemplated to build the standpipe immediately but when it is done the designing of the structure will be supervised by the Park Commissioners. We are assured the structure will not be one of those hideous, grim looking affairs which so plentifully disfigure the landscape, but a structure which will be artistic in design and color as well as useful. It is a pity that the Penn's hill pipe cannot be improved in appearance, even a change in color from its present sombre hue to a gray would harmonize much better with the landscape.

It is probable that our handsome granite drinking fountain, on Hancock street, in this city will be duplicated in the city of Everett. A committee including the Mayor, an alderman and a G. A. R. man, has been appointed to procure plans and get estimates of the probable cost of such a design, which is intended for a memorial to soldiers and sailors of the late war. It will be as practical as it is ornamental.

# NORFOLK PETITION.

**Mayor Adams and Others Ask  
for an Investigation.**

**Requests Based on Disclosures at  
County Hearings.**

The Petition in Full and Some of the  
Signers Thereof.

It is now pretty certain that there will be an investigation by the Legislature of the building of the Norfolk county court house. The Committee on Counties have practically said they would so report if a petition was presented from representative gentlemen of the county. Such a petition has been presented as will be seen below:

The petition reads:  
"It is reported that facts have appeared before your committee in hearings upon Norfolk county estimates showing that large sums of money have been authorized by the county commissioners to be paid out of the county treasury for the enlargement, repairs and furnishing of the court house at Dedham in excess of any written contracts calling for the same and without the bills or accounts rendered for the same being accompanied by vouchers in which are stated in detail the items of such bills or accounts—contrary to the provisions of law.

"It is reported that other facts have appeared before said committee tending to show that large sums of money have been expended by said commissioners upon said enlargement, repairs and furnishing in excess of amounts authorized by the legislature to be raised and expended for such purposes; and

"It is reported that other facts have appeared tending to show that transfers have been made by said commissioners of appropriations from certain items of county expenses to other items without giving the reasons therefore as required by statute; and

"It is reported that said commissioners have committed other unlawful acts connected with the enlargement, repairs and furnishing of said court house; and

"Certain citizens and taxpayers of said county have appeared before your honorable committee and requested that the matters above named may be investigated and inquired into, and said county commissioners have signified their willingness that the same should be done.

"The undersigned citizens and taxpayers of Norfolk county respectfully pray that your committee will report to the general court a recommendation that the matters herein stated be referred to your committee for investigation, with power to send for persons and papers."

Some representative citizens of the county have signed the petition as will be seen by the names which follow:

C. F. Adams, 24, Quincy; S. M. Weld, Moorfield Storey, Felix Rackeman, George Wigglesworth, E. C. Bumpus, Quincy; J. Q. A. Field, Quincy; Clarence Burgin, Quincy; R. F. Cladin, Quincy; J. L. Whiton, Quincy; G. H. Hitchcock, Quincy; Edwin W. Marsh, Quincy; C. A. Howland, Quincy; E. F. Hayden, Quincy; John Curtis, Quincy; S. W. Nickerson, Franklin; J. G. Ray, Franklin; G. H. Cochrane, Franklin; B. M. Rockwood, Franklin; N. C. Nye, Franklin; A. H. White, Braintree; C. B. Cummings, Braintree; W. L. Gage, Braintree; Russell Lane, Braintree; A. T. Shaw, Braintree; E. E. Abercrombie, Braintree; W. W. Mayhew, Braintree; P. D. Morrison, Braintree; C. A. Pitkin, Braintree; J. F. Hobart, Braintree; G. W. Stevens, Braintree.

# MILTON.

Thomas Healey of Squantum street, aged about 15 years, was seriously if not fatally injured by a runaway team Monday afternoon at Milton hill. Mrs. Leigh of Wollaston was driving toward Quincy with a pair of horses which became unmanageable and resisted all efforts of the occupants to stop them. As they dashed along, the Healey boy who was passing with a hand will cart was knocked down and run over. He received a deep gash on the head about two inches from the temple, but whether the cut was made from being struck with the pole or the horses hoof is not known. After running over the boy the animals kept on to East Milton where they were quieted. The boy meanwhile had been taken up unconscious and carried to his home where he lies in a very serious condition not having regained consciousness on Wednesday.

Samuel Curtis has returned from an extended visit to Arnold, Me.

Maguire & O'Heron are building an addition to their stone cutting sheds.

The Granite club will hold a minstrel entertainment at Rugby hall next Tuesday evening.

The old Briggs house, so called which was erected over one hundred years ago, is being torn down, and thus another ancient landmark is removed.

Six or seven houses will be erected immediately on the Dustin estate.

H. E. Sheldon has returned from his southern trip.

A lodge of Independent Order of Good Templars will be organized at Milton.

**HOOD'S PILLS** cure Liver Ills, Biliousness, Indigestion, Headache. A pleasant laxative. All Druggists.

# QUINCY BREVITIES.

Notes from Quincy Point, Wollaston Atlantic, South and West Quincy.

Watch this line grow:

WANTED, IN QUINCY, A LARGE HALL.

The weather today is "something like it."

J. W. Alexander is organizing a lodge of Good Templars at East Braintree.

The County Commissioners were in town today going over the route of the proposed extension of Quarry railroad.

The Quincy Debating club meets tonight and one of the best debates of the winter may be expected on bi-metalism.

Preaching at the Calvary Baptist church tonight by Rev. M. W. Plummer. Evangelist Rev. Benjamin Ward will speak to-morrow night.

The grand fair of St. Paul's Swedish Methodist church tonight and continues all the week. The attractions will be many, and the young ladies will appear in Swedish National costume.

The Rev. John Fife of Hanson, father of Mrs. Samuel F. Howard, of Wollaston, died on Wednesday of pneumonia. Mr. Fife was 86 years of age.

Representative Newcomb spoke in the House Wednesday against the bill to allow Ward 25 of Boston to control the granting of liquor licenses. The bill was rejected 99 to 58.

There was a large party of ladies and gentlemen at the rooms of the Granite City club last evening. In the whist contest the prizes were taken by Miss A. M. Nightingale and Mr. W. W. Ewell.

Charles L. Hammond was a guest at the ninth annual dinner of the Marketmen's Republican club in Boston, Wednesday evening. Reed and Wolcott was the rallying cry. C. H. Porter of this city was also in attendance.

The stock of the Quincy Beef Company is not confined to beef, but grocers and provision dealers may secure all kinds of provisions. The teams of the new company are already busy delivering orders.

Mrs. Lewis Bass, Miss Emily C. Wild, Miss Mabel E. Adams and Mrs. Caroline L. P. Coucher of Quincy and Miss Mary J. Pratt of Braintree have been admitted this week to the general society of The Daughters of the Revolution.

Many choice and rare articles of furniture bric-a-brac will be sold by auctioneer Kincaide at Milton on Saturday, being the entire personal property of the late Evelyn Tileston, one of Milton's oldest residents. The sale will begin at 10 in the morning, and will continue throughout the day.

A. M. Merrill, a returned missionary from the Congo river, Africa, will address the citizens of East Milton, in the Congregational church, on Saturday evening, March 29, at 7.45 o'clock. He will speak on self-support in Africa, native ways, African traders and religion.

All of our readers who have good apple trees that are troubled by canker worms should use for the next four weeks a little of Morrill's tree ink. It costs but little and does good work. A few cents' worth put around the trunks of the trees will save them. For sale in cans at the PATRIOT office.

# Easter Drill.

The entertainment at the Universalist vestry last evening was very much enjoyed. The programme opened with an excellent piano solo by Mr. Craig, followed by reading by Miss Prentice and a vocal duet by Misses Baker and Barlow. Mr. Craig then gave another piano solo which was followed by readings and singing.

Next in order was the Easter drill, which attracted the eager attention of the audience. Sixteen young ladies, who had been carefully drilled by Miss Grace Cain, performed admirably, and received hearty encore. They marched, counter marched and wheeled very finely; and great credit is due Miss Cain for the excellent manner in which the drill was performed. The ladies were all dressed in white, with bare arm to the shoulders, and carried instead of muskets, large Easter lilies. At the close of the march there were two beautiful tableaux, with colored light, which were very beautiful. Harry Field deserves special notice for his excellent services.

# The Series Completed.

At the Duck's Nest alleys on Wednesday evening Team C of the Wollaston Candle Pin club defeated Team A, 1139 to 1134. This finishes the series of eight games which each of the three teams has bowled and makes Team C victorious. The totals of the three teams are as follows: A, 8899; B, 9058; and C, 9092.

The score:

	Team A.		
Briggs,	84	74	96 = 254
Thompson,	68	64	78 = 210
Gillespie,	82	68	79 = 229
Bates,	70	74	72 = 219
Williams,	57	78	90 = 225
Totals,	361	358	415 1134
	Team C.		
Hunt,	88	76	79 = 243
Burns,	80	82	77 = 239
Witham,	75	75	75 = 225
Jennings,	54	47	75 = 176
Peverly,	85	83	88 = 256
Totals,	382	363	394 1139

# EDUCATIONAL.

The Y. M. C. A. Closes a Successful Year's Work.

The second year of the Association's educational work closes this week. Last year the work was inaugurated in a small way as an experiment. The classes included free hand drawing, clay modeling, and monumental designing. It took but a few weeks to demonstrate that there was a magnificent field for industrial educational work in Quincy. As it was the first attempt at this kind of work in Massachusetts by the associations, it was watched with much interest all over the State.

In order to test the grade of work done by the students an exhibit was taken to the International convention, where on the recommendation of some of the most competent judges in the country, the Quincy Association was given the highest award in North America for free hand drawing and clay modeling, and honorable mention for the monumental designing, which could not be classified.

This year the same studies were continued, and a course in Swedish English, vocal music and German were added. A new line of work was also taken up, that of industrial educational work for boys. This included two classes in Sloyd (Swedish system of wood work) at Wollaston, where through the generosity of Mr. Cortell, an outfit of twelve benches, was set up each furnished with regular carpenter tools. There were two classes of twelve each. Later two classes in clay modeling were started for the Quincy boys.

The Sloyd school closed last week. The tool work done by boys from eleven to sixteen years of age was marvelous. One of the last pieces finished were hatchet handles, and several would have done credit to an adult expert. The outfit will be moved this week to the Association rooms, where a spring term will be opened the first Saturday in April for any boys in the city. Mr. J. M. Nowland will continue as teacher.

The work done by the three industrial classes this year is an improvement over that of last year. At the beginning of the second year it was decided to try the experiment of not requiring a deposit of one dollar as a guarantee of regular attendance. If anything the attendance has been better than last year.

Tuesday evening the monumental designing class held its last session. While some had finished their work previously, there were fourteen present, more than half of the total number who began in October. The closing exercises will be held April 14 when there will be a reception, awarding of certificates and an address.

Taylor's Anti-Headache Powders are just as harmless as water. Yet, look how powerful water is in putting out fire. Our powders cure Headache and Neuralgia in the same manner exactly. It is safe to say that these powders will cure all cases, because they never failed yet. Why not buy Taylor's and be sure about it? Get them of Leonard J. Pastor, Ph. G., 27 School street.

Headache! Glasses relieve many. Consult Williams, practical optician, 104 Hancock street. Scientific test free.

# DIED.

HANNA—In Holbrook, Mar. 24, Mrs. Emily Hanna, aged 84 years.

# 5 Sores

In combination, proportion and process Hood's Sarsaparilla is peculiar to itself, and unequalled in true merit. No other medicine ever possessed so much curative power, or reached such enormous sales, as Hood's Sarsaparilla. It is undoubtedly the best medicine ever made to purify, vitalize and enrich the blood.

That is the secret of its success.

Read this statement:

"When my son was 7 years of age, he had rheumatic fever and acute rheumatism, which settled in his left hip. He was so sick that no one thought there was any help for him. Five sores broke out on his thigh, which the doctor said were

# Scrofula

sores. We had three different doctors. Pieces of bone came out of the sores. The last doctor said the leg would have to be cut open and the bone scraped, before he could get well. Howard became so low that he would eat nothing, and one doctor said there was no chance for him.

"One day, a newspaper recommending Hood's Sarsaparilla was left at our door. We decided to try this medicine. Howard commenced taking it the last of February, after having been sick for a year and a

# Cured

half. He hadn't taken it a week before I saw that his appetite began to improve, and then he gained rapidly. I gave him five bottles, when the sores were all healed and they never broke out again. The crutches he had used for four years were laid aside, as he had no further use for them. I give all the credit to Hood's Sarsaparilla." Mrs. ADA L. MOODY, Fay Street, Lynn, Mass.

This and many similar cures prove that

# Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists, \$1. Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills cure Liver Ills; easy to take, easy to operate. 25c.

**Salt Pork, Hams and Smoked Shoulders, Lard and Lard Compound**

In tierces, barrels, half-barrels, buckets, tubs and pails, all weights. Also TRIPE, pickled and fresh, plain and honeycomb; PIG'S FEET, BACON and, in fact, all kinds of Provisions. The above includes

**THE G. H. HAMMOND COMPANY'S COIN SPECIAL BRANDS,**  
And there are none better on the market. We can quote the LOWEST prices on these articles, and would be pleased to have you call and inspect our stock.

**QUINCY BEEF COMPANY.**  
Dimmock Street, Quincy, Mass.

## Talking Furniture Prices.

DID you ever hear of furniture prices talking? Probably not, but at this store the prices speak right up for themselves. Prices that are low to begin with and economical to end with—prices that are unmatched for genuine lowness by any furniture store prices in the State, prices that appeal to all classes of buyers, and prices that are not low because we say so, but because buyer after buyer return to this store and say, "We have tried elsewhere but return, after wasting our time. No better place on earth to buy Furniture or Carpets. Goods that are just to your liking, selected with untiring efforts for the benefit of the patrons of this—the people's store."

# Highest of all in Leavening Power.—Latest U. S. Gov't Report Royal Baking Powder ABSOLUTELY PURE

**Hot-Headed "Patriots."**  
 BARCELONA, March 26.—After the municipal band had played a patriotic march yesterday a few students marched in the direction of the United States consulate, after burning a small American flag. The "patriots," however, were dispersed by the police. The United States consul was standing on the balcony, and witnessed the gathering of the groups without being molested. The public, however, expressed indignation at the attitude of the consul, declaring it to be "booming and provoking."

**Do Not Despair** because you have tried many medicines and have failed to receive benefit. Remember that Hood's Sarsaparilla cures when all others fail to do any good whatever.

**Hood's Pills** are the best family cathartic and liver medicine. Harmless, reliable, sure.

## Quincy and Boston ELECTRIC STREET RAILWAY.

[Subject to change without notice.]

On and after Wednesday, Nov. 16, 1895, cars will make trips on week days as follows:

**Quincy and Brockton.**

Leave CITY HALL on the hour and half hour for Braintree, Holbrook, Brockton and Campello, without change.

Leave BROCKTON for Holbrook, Braintree and Quincy, without change, on the hour and half hour.

Leave BRAINTREE for Quincy 15 minutes before and 15 minutes past the hour.

**Quincy and Neponset.**

Leave CITY HALL (via Norfolk Downs when marked with \*)—6:30, 7:00, 7:30, 8:00, 8:30, 9:00, 9:30, 10:00, 10:30, 11:00, 11:30 A. M.; 12:00, 12:30, 1:00, 1:30, 2:00, 2:30, 3:00, 3:30, 4:00, 4:30, 5:00, 5:30, 5:55, 6:30, 7:00, 7:30, 8:00, 8:30, 9:00, 9:30, 10:00, 10:30 P. M.

Leave NEPONSET (via Norfolk Downs when marked with \*)—6:30, 7:00, 7:30, 8:00, 8:30, 9:00, 9:30, 10:00, 10:30, 11:00, 11:30 A. M.; 12:00, 12:30, 1:00, 1:30, 2:00, 2:30, 3:00, 3:30, 4:00, 4:30, 5:00, 5:30, 5:55, 6:30, 7:00, 7:30, 8:00, 8:30, 9:00, 9:30, 10:00, 10:30 P. M.

**Quincy and East Weymouth.**

Leave CITY HALL (10 minutes later from Quincy Point and 22 minutes later from North Weymouth)—6:00, 6:15 to North Weymouth depot; 6:30, 7:00, 7:30, 8:00, 8:30, 9:00, 9:30, 10:00, 10:30, 11:00, 11:30 A. M.; 12:00, 12:30, 1:00, 1:30, 2:00, 2:30, 3:00, 3:30, 4:00, 4:30, 5:00, 5:30, 5:55, 6:30, 7:00, 7:30, 8:00, 8:30, 9:00, 9:30, 10:00, 10:30 P. M.

Leave EAST WEYMOUTH (20 minutes later from North Weymouth and 30 minutes later from Quincy Point) 6:25 and 6:40 from North Weymouth depot; 6:45, 7:15, 7:45, 8:15, 8:45, 9:15, 9:45, 10:15, 10:45, 11:15, 11:45 A. M.; 12:15, 12:45, 1:15, 1:45, 2:15, 2:45, 3:15, 3:45, 4:15, 4:45, 5:15, 5:45, 6:15, 6:45, 7:15, 7:45, 8:15, 8:45, 9:15, 9:45, 10:15, 10:45 P. M. Wed. and Sat. 12:00 from Thomas Corner.

**Quincy and East Milton.**

Leave CITY HALL—6:00, 6:40, 7:05, 7:30, 8:00, 8:31, 9:00, 9:30, 10:00, 10:33, 11:00, 11:30, A. M.; 12:00, 12:30, 1:00, 1:33, 2:00, 2:30, 3:00, 3:40, 4:00, 4:30, 5:00, 5:33, 6:00, 6:30, 7:00, 7:30, 8:00, 8:30, 9:00, 9:30, 10:00, 10:33 P. M.

Leave EAST MILTON—6:20, 7:05, 7:30, 8:00, 8:31, 9:00, 9:30, 10:00, 10:33, 11:00, 11:30, A. M.; 12:00, 12:30, 1:00, 1:33, 2:00, 2:30, 3:00, 3:40, 4:00, 4:30, 5:00, 5:33, 6:00, 6:30, 7:00, 7:30, 8:00, 8:30, 9:00, 9:30, 10:00, 10:33 P. M.

**SUNDAYS AND HOLIDAYS.**

On Sundays on the Weymouth route cars will leave East Weymouth at quarter past and quarter of the hour.

Special trips can be arranged on application to the Superintendent.

At Quincy Centre close connection is made with Electric Cars on all the routes.

At Neponset close connection is made with West End Street Cars to and from Boston.

Cars are due at Beale street, Woburn, ten minutes after leaving Neponset and seven minutes after leaving Quincy.

BENJ. J. WEEKS, Superintendent.

## A Pair of Scoundrels.

MACON, March 26.—Warren Criswell yesterday made a voluntary confession to having removed the rail that caused the wrecking of the two trains on the Southern railroad on the night of Feb. 23. Three people were killed and 15 seriously and some permanently injured in the wreck. Criswell says he removed the spikes from the rail under the direction of Tom Shaw, who held him covered with a shotgun. Shaw has been arrested, but denies the charges made by Criswell. The wives of both men were on the train and both were injured. Detectives say they have positive proof that the men entered into the plot to get rid of their wives, and at the same time collect damages from the railroad company.

## Commissioners Step Out.

GLOUCESTER, Mass., March 26.—License Commissioners Emerson, MacCurdy and Adams last night acceded to the demand of Mayor Robinson and tendered their resignations, to take effect April 1. The commission and the mayor were at variance as to the enforcement of the license law.

## Big Real Estate Deal.

BOSTON, March 26.—The future of Park square in this city, now that the abolition of the depot of the New York, New Haven and Hartford railroad has been decided upon, was outlined yesterday, when James Stevenson sold nearly 50,000 feet of land on Park square to trustees of the Eben D. Jordan estate. The consideration is said to be nearly \$3,000,000, and indications are that the property will pass into the hands of a syndicate which will develop a mammoth mercantile building on the site.

## Held For Grand Jury.

BOSTON, March 26.—Hiram Morrison, who killed his wife by strangling her, was arraigned yesterday on the charge of murder, and, waiving examination, he was committed to jail to await the action of the grand jury.

## New England Briefs.

The body of John Toomey was washed ashore at Boston. Toomey was 54 years old, and had been missing from his home in South Boston since last December.

The Maine Central Railroad company has offered a reward of \$250 for the recovery of the body of Chief Engineer Allen, who was drowned at Lewiston.

Tom Carey of Boston and Dan McDonald of Long Island appeared at New York in a bout limited to six rounds. McDonald was knocked out in the second round.

Notices were posted in every department of the American Watch company's works at Waltham, Mass., that the schedule will be 50 hours a week, continuing until further notice.

At a Republican caucus at Manchester, N. H., a resolution was passed endorsing Thomas B. Reed's candidacy, and condemning Senator Chandler's attack upon Governor McKinley.

A petition was filed by Bank Examiner F. E. Timberlake in the Maine supreme court for the appointment of a receiver for the Maine funds of the Granite State Provident association.

The Bangor Republican club, intended to be a permanent organization, and to include in their membership Republicans in any part of eastern Maine, was formed at Bangor. There are 150 charter members.

At Holyoke, Mass., Martin Flaherty, the Lowell featherweight, defeated Al Beliveau of Worcester, the alleged champion lightweight of New England, with ridiculous ease, in five rounds. It was advertised as a 12-round go.

S. E. Ryerson, a fellow in the mathematical department of Clark university, Worcester, Mass., died of pneumonia. He graduated last year from the Queen's university in Kingston, Can., with the highest honors in his class.

The Johnson residence at North Adams, Mass., occupied only in the summer, was visited by thieves, and completely ransacked. Silver plate valued at \$1500 and a quantity of other valuables stolen were afterward found in a hut nearby.

The trustees of Wesleyan university have granted a year's leave of absence to President Raymond, who will sail for Europe immediately after commencement. He will spend the year in studying the methods of the universities of the Old World.

Examination of the peach buds in some of the large orchards of Massachusetts prove that the thawing and sudden cold weather have blighted many of them, and that the prospects are discouraging for a crop of peaches this year in the localities where last year there was a large one.

## Italy Intends to Fight.

ROME, March 26.—The senate, by a vote of 109 to 6, has adopted the credit asked for by the government for contemplated operations in Africa, consequent upon the defeat of the Italian army at Adowah. The amount of the credit is 140,000,000 lire. The speakers during the debate pointed out that the attitude of Great Britain showed that the Anglo-Italian alliance was an accomplished fact, and rested upon a more solid basis than mere treaties and protocols.

## Borrowing Trouble.

MADRID, March 26.—A majority of the newspapers here print pessimistic comment upon the Cuban question, upon the defeat of the Italian army at Adowah. The amount of the credit is 140,000,000 lire. The speakers during the debate pointed out that the attitude of Great Britain showed that the Anglo-Italian alliance was an accomplished fact, and rested upon a more solid basis than mere treaties and protocols.

## Brown's Lame Story.

SAN FRANCISCO, March 26.—Mrs. Davidson has been acquitted on the charge of extorting \$500 from Rev. C. O. Brown. Mr. Brown was the only witness. Brown testified that he paid the money, not out of fear of exposure, but to cover up evidence against Mrs. Davidson. The court then instructed the jury to acquit Mrs. Davidson.

## Adrift on Ice.

BAY CITY, Mich., March 26.—Twenty-four fishermen, who were carried out on the ice in Saginaw bay, Tuesday, reached shore yesterday afternoon at Big Creek, 13 miles east of this city. They report having had a thrilling experience during the night, the wind blowing a gale from the southwest.

## Blackmailers Sentenced.

PARIS, March 26.—Ulrich de Givry and Count Lionel Werther de Costi, two of the men who have been on trial on the charge of blackmailing the late Max Lebaudy, were sentenced to 18 months' imprisonment and to fines of 500 francs (\$100) each. The other defendant, Armand Rosenthal, was acquitted.

## Situation Is Serious.

PRETORIA, March 26.—President Kruger will not go to England. Mr. Chamberlain has requested an immediate reply to his former note of invitation, and President Kruger has asked for an extension of time for an answer. Bitter feeling is running high against the reform leaders, whose position will be critical in the event of further friction.

## Killed His Brother.

TORONTO, March 26.—While returning from a parade, two brothers, Frank and John Findley, members of the governor's bodyguard, quarreled, and John struck Frank with his saber, injuring him so such an extent as to cause his death. John has been arrested for murder.

Disease is like a railroad train. It has a regular way of coming and going and keeps on steadily along a certain track. You can almost always tell how a disease starts, and where it will probably end. It won't come and go of its way to oblige you any more than a locomotive will. Disease usually begins when the appetite gives out—that's the first warning whistle. Then the stomach and nutritive organs fail to supply good blood. The circulation grows poor, thin and tainted. Instead of carrying nourishment to the different parts of the body it carries away the tissues. According to where it settles it is called liver or kidney or skin disease—scrofula, erysipelas, eczema, or consumption if it settles on the lungs. It is all one trouble: tainted blood; clear out this taint and build up the tissues with rich blood and the disease is stopped; side-tracked; it can't go any further. No matter what the name of a disease is if it's a blood disease, Dr. Peal's Golden Medical Discovery will cure it by driving the poison out of the circulation and creating a new supply of healthy, red, life-giving blood to replace and nourish the wasted tissues with rich blood. Consumption is a blood-disease. Don't believe it can't be cured! It is cured every day by Dr. Peal's Golden Medical Discovery.

Dear Sir:—I cannot say enough for your "Golden Medical Discovery." For two years my little boy suffered from a traveling circus, second intermittent fever; third, lung trouble. For two years he coughed. The physician said he began to mend and could not die. I was told to try Dr. Peal's Golden Medical Discovery. I did, and before he had taken one bottle he began to mend and could not die. When he had taken four bottles he was well and now is as stout as before. Respectfully yours,

## MAN FROM MAINE

Named For President by Bay State Republicans.

## ISSUES OF THE DAY

Unequivocally Treated In Declaration of Principles.

The Texas Convention Winds Up With An Round Slugging Match.

Boston, March 27.—The Republican state convention, which met in Music hall today, declared in the most unequivocal language for a single gold standard money.

Chairman George H. Lyman of the Republican state committee called the convention to order.

Bishop William Lawrence opened the convention with prayer, and Mr. Lyman made a short address, which started the enthusiasm of the convention. His speech follows:

We are assembled in convention, empowered by the suffrages of the Republican voters of Massachusetts, to outline and determine the policy of this commonwealth, when she shall meet the representatives from her sister states, at perhaps the most important national convention in the history of the American party.

We meet, after a lapse of four years, to select good men and true, who are to speak for the commonwealth at that convention, and also to agree upon and formulate such rules of government as shall best tend to represent and interpret the principles of the party we honor—the foundation of our best citizenship. Let the national convention stand true to the best interests of the Republican party, an honest dollar and the institutions of our country, and that party's defeat is an impossibility. Gentlemen, our position is a very responsible one. In thought, and name, and being, we are one with that New England sisterhood of states whose proudest record has ever been her royal support of those institutions. She must have that same respect for us which we have love for her. Why has no New England state yet met in convention? Is it not because they demand first to hear the voice of Massachusetts?

Toward the decline of the 18th century, with sword and pen, in council and in the field, New England, with united purpose, was the foremost in establishing this great government under which we live; and foremost of them all in freedom's cause, with brain and arm fought Massachusetts. Then we given birth to that great bulwark of the American people—the New England man.

Today, though blessed with peace, we have issues no less vital that must be decided by us. They involve the very foundation of our civil structure of those institutions, of our credit, of our national honor. Massachusetts owes it to herself, she owes it to those who have honored her in earlier and darker days, to take her place and maintain her birthright in the councils of the states. Of all the states within this wide territory—God's gift to an infant republic—in religion, in enterprise, in culture, in refinement, in its schools, and in its fervid and intense spirit of patriotic Americanism, by tradition and by example, stands first and foremost the old Bay State.

Then let your vote send such men to St. Louis as shall best represent Massachusetts, that at this last convention of the 19th century she and all New England may stand on either, but a mighty unit, and with such resolutions as shall receive the endorsement of all Americans who own a country, and demanding such a leader as truly American as the principles he is called upon to defend. New England cannot be said to be less worthy of leadership today than in the old days of the 13 united colonies, when she presented as her chosen chief, the name of Thomas Brackett Reed.

Mr. Lyman then presented Congressman Samuel W. McCall of Winchester as the permanent chairman of the state convention.

Mr. McCall made one of his best speeches.

**Declaration of Principles.** Henry Cabot Lodge presented the resolutions, which were agreed upon by the committee on resolutions last night. They were as follows:

Massachusetts has always given an unwavering support to the national candidates of the Republican party. We now pledge her electoral vote to the candidates to be chosen by the convention at St. Louis. That convention will declare the principles and policy upon which the Republican party will go to the country. As the representatives of the Republicans of Massachusetts, we desire not only to promise to the national administration should be taken away from those who have failed, and returned to those who have been successful and efficient.

We believe that the government should have an ample revenue with a sufficient surplus over ordinary expenditures to provide for coast defenses, for the steady building of the navy and for the constant reduction of the public debt.

We believe that the present tariff, with its lowered rates and its destructive and dishonest system of undervaluation, should be replaced by one framed on protective principles and arranged to give an ample protection to American wages and American industries, and to restore the reciprocity policy of James G. Blaine.

We have always given protection to our shipbuilders. In late years we have neglected to protect our shipbuilders. We believe the time has come to return to the policy of Washington and Hamilton, which, by discriminating duties in favor of American bottoms, secured 90 per cent of our carrying trade to American ships, and which, if now restored,

would again revive our shipping, and cause American freights to be paid to Americans.

We regard the silver agitation as hurtful to business and destructive of confidence, and, as has recently been shown, hostile to all tariff legislation designed to give protection to our industries and revenue to our treasury.

We are entirely opposed to the free and unlimited coinage of silver, and to any change in the existing gold standard, except by international agreement. Each dollar must be kept as good as every other dollar. The credit of the United States must be maintained at the highest point, so that it cannot be questioned anywhere, either at home or abroad. Every promise must be rigidly kept and every obligation redeemable in coin must be paid in gold.

We are opposed to the unsound and dangerous system of state banks. We support the national banking system, and believe that it should be so amended as to give it room for expansion and opportunity to meet the demands of the growing business and population of the country.

The civil service laws, which remove the public service from the control of favoritism, patronage and politics, should be honestly and thoroughly enforced, and the classified service extended wherever it is possible.

Immigration should be restricted, and the Republican party should pledge itself to pass laws to exclude at least the totally ignorant and illiterate.

The United States should adhere rigidly to the American principle of the entire separation of church and state, and no appropriation of public money for sectarian schools, whether for Indians or for others, should be permitted. We believe in a foreign policy which shall be at all times, and with all nations, firm, vigorous and dignified. Our interests in the American continent must be carefully guarded, and for the protection of those interests we should maintain our influence in the highway and lands, and build and control the isthmian canal. We have never interfered, and shall not now interfere, with the long-established possessions of any European power in the Americas. But these possessions must not be extended. The Monroe doctrine, as declared in 1823, and enforced in 1895 and 1896, must always be upheld.

We sympathize with the Cubans in their struggle for independence. As friends of freedom everywhere, we wish them success, and believe that the United States should use its influence and good offices in the interest of humanity to bring to an end the useless and bloody war now devastating Cuba, and to give to the people of that island peace and self-government.

Massachusetts Republicans have never undertaken to pledge or bind their delegates to a national convention. We do not intend to do so now, but we think it fitting to declare our decided preference among the candidates for the Republican nomination for the presidency.

We present to the national convention for nomination as president, and we urge all our delegates to give their earnest, united and active support to a fearless leader, tried in many hard conflicts, a man of national reputation, of unblemished character, unswerving Republicanism and great abilities—Hon. Thomas B. Reed of Maine.

**The Delegates.**

Next comes the election of delegates-at-large to the Republican national convention at St. Louis. There are four of these delegates to be elected, and there are but four candidates, so that there will be absolute unanimity regarding their selection. The candidates are: Henry Cabot Lodge, W. Murray Crane, Eben S. Draper and Curtis H. Smith, Jr.

In the nominations for alternates-at-large, E. B. Haskell presents to the convention the name of Representative Jerry McCarthy, Colonel Henry Thomas presents the name of Roland Boutwell, District Attorney Robert O. Harris of the southeastern Massachusetts district performed a similar service for Senator Louis Southard, and the same duty fell to Senator E. S. Bradford in regard to the name of R. S. Hawkins of Springfield and Senator Galloupe of Beverly presents the name of his townsman, Dudley Pickman. Jerry McCarthy seems to have the poll among the alternates.

## RIVALRY IN TEXAS

Results in the State Convention Ending in a General Row.

AUSTIN, March 27.—The Republican convention, which has been in session in this city since Tuesday, adjourned sine die yesterday afternoon, after having narrowly avoided a fatality and having a split.

The situation looked threatening from the very start yesterday morning. The McKinley men worked all night among the negroes and succeeded in bringing over quite a number of them, so that when the hour for convening arrived it found the McKinley men with an organized force occupying the center of the hall with a very determined look. Coney, the chairman of the convention, mounted the rostrum at 10 o'clock and immediately sent out for his forces. In the meanwhile nothing was done, the statement being made that the committee on credentials were not ready to report.

About 1 o'clock the committee on credentials putting in an appearance, the convention was called to order. The first work of the convention was the reception and adoption of credentials committee report. Its introduction immediately precipitated a row. Coney organized the convention, with the Reed-Allison men in exclusive charge.

The convention adopted a platform along the regular lines, the currency plank of which reads as follows:

We reaffirm the historic adherence of the Republican party to sound finance. We demand an honest dollar of greatest purchasing power for every class alike; the largest issue of gold, silver and paper compatible with security and the requirements of trade, all of equal value, interchangeable, one for the other, every dollar resting on gold as money of final redemption.

The Republicans of Texas declare this to be in their deliberate judgment the only basis for a large and liberal circulation of money and for the maintenance of universal confidence.

The convention then elected the following delegates to the St. Louis convention: S. W. Coney, Allison man; W. R. Mackensen, Reed man; E. H. Terrell, Allison man; C. H. Ferguson, Reed man.

Alternates—W. F. Gross, D. G. Kolp, John C. Cay and R. B. Smith. Electors—George C. Clifford and Eugene Marshall.

Hardly had the vote on the selection of electors been announced than the long anticipated row was in force. As the chair declared the men elected, a burly negro came plowing through the jam, pushing men in front of him as if they were so much chaff, and in his wake came about 20 followers, greatly excited. They gave every evidence that they intended to capture the speaker's platform.

The spectators and the crowd on the stand made frantic efforts to get out of their way, but all to no purpose. They clambered upon the stand in an instant, and there they were confronted by Coney and his followers. The first negro to reach the stand made a lunge at Coney's head with his fist. As he struck he found himself confronted by a big revolver in the hands of another negro.

In an instant the platform was a scene of chaos. Excited negroes swayed to and fro for 30 minutes before an armed force of policemen could quell the riot. It was then discovered that no one was dangerously hurt, although one or two of the white delegates, as well as a negro or two, were bruised considerably. As soon as order could be obtained, the convention, after disposing of a few minor matters, adjourned sine die without issuing any instructions to the St. Louis delegates.

Immediately after the regular convention, the McKinley faction took charge of the hall, and organizing their convention in due form elected the following delegates to St. Louis:

Delegates—John Grant, Frank Hamilton, S. L. Smith and W. E. Davis.

Alternates—E. D. Anderson, W. H. Love, R. G. Collins and Richard Allen.

The electors named were E. P. Hunt and A. H. Caldwell.

This convention did not consider a platform, but adopted resolutions endorsing McKinley for president, and instructing the delegation sent from here to vote for him as long as his name was before the convention.

## NEWS IN A NUTSHELL

Cuban rebels tried to seize the arsenal at Santa Clara, but failed.

# Fair! Fair!

—AT—  
**FAXON HALL,**  
Thursday, Friday and Saturday  
EVENINGS,  
March 26, 27 and 28.

"Where there's a will, there's a way."

Actuated by this principle the Young Ladies' Society, "WILLINGNESS," connected with St. Paul's Swedish M. E. Church of Quincy, will, at the above time and place, hold a **GRAND FAIR**, the proceeds to be used for the frescoing and renovating of the interior of the church, and everybody who is willing to encourage the young ladies and assist them in their laudable undertaking is cordially invited.

The Fair will open Thursday evening, March 26, at 7:30 o'clock with music and singing and a speech by the Mayor of Quincy, the HON. C. F. ADAMS, 20.

There will be music and singing every evening, and young ladies in Swedish National Costumes will help to make the Fair lively and interesting. There will be voting contests, guessing, fishing and many other attractions. Among other things to be voted away may be mentioned a **Lady's Gold Watch with Chain**, a **Splendid Rocking Horse** for a good little boy, a **Beautiful Doll** for a nice little girl, also plenty of chances to get something beautiful or useful for a dime or a nickel by guessing. There will be several booths, beautifully decorated, and among other novelties, a **Forest of Living Green** in which refreshments will be cheaply served.

The Fair opens every evening at 7:30 o'clock. On Saturday afternoon from 2 to 5 will be children's day.

Tickets, if not secured before, can be obtained at the entrance to the hall. Season tickets, 25 cents; single, 10 cents; children under 12 years, 5 cents.

Let everybody come!

Zip Vs. Reinhalter.

The suit of Jake Zip against John B. Reinhalter for \$1000 for injuries received at the quarry of Alphonse Reinhalter Feb. 15, 1895, was heard this morning before Judge Humphrey. On the day in question Zip was at work in the quarry of Alphonse Reinhalter, adjoining which is the quarry of John B. Reinhalter. A large rock was started in the quarry of John B. Reinhalter and was rolling down into the quarry of Alphonse Reinhalter toward Zip, who to save himself jumped on to a pile of rough rocks receiving injuries which incapacitated him from duty for some time. Had he remained where he stood the rock would have struck him and probably killed him. Decision reserved.

"Harsh and Questionable."

Walter S. Pinkham, Esq., of Wollaston appeared Thursday at the hearing of the Committee on Insurance of the Legislature relative to that part of the Governor's address referring to complaints made in regard to harsh and questionable methods of so-called mutual benefit insurance companies. He represented Long & Hemenway who have been retained by the Assessment Association and the Massachusetts Benefit Life Association in particular. At the request of W. H. Coolidge, who appeared for the committee of the policy holders of the above association, the hearing was postponed indefinitely.

## THE DEBATING CLUB.

The Members at Home on a Solid Subject—Bimetallism.

The members of the Quincy debating club were in nowise daunted by the intricacy of the question—"Resolved, That the U. S. should adopt a double monetary standard. In fact several mentioned their pleasure in having this question to debate on Thursday evening.

F. W. Crane in opening the debate gave a careful review of the monetary history of the U. S. showing that bi-metalism has never had a true test here. He believed that if there could be a true test of metalism its utility would be made apparent. The monetary standard should be of a fixed and unvariable value, and this can be better attained by using gold and silver than by gold alone. With a variable standard the unfairness in the case of deferred payments is at once apparent.

T. B. Pollard, in opening the negative, explained the nature of money. He showed that there are three kinds of value: (1)—Intrinsic. (2)—Representative and (3)—Supposititious. The best money is that which is a universal purchasing agent and gold has not only come to be considered by the greatest nations of the world as this universal purchasing agent, but it has in a greater degree than any other substance those qualities which are needed in a standard of value. A gold standard but with fractional silver currency was what he advocated. Bi-metalism is like the farmer who should say to his neighbor "I will exchange a bushel of wheat for a bushel of potatoes or vice versa at any time." But in the general market one bushel of wheat will buy a bushel and a quarter of potatoes, so the neighbor exchanges with the farmer his bushel of potatoes for a bushel of wheat with which he gets in the general market a bushel and a quarter of potatoes. And so the process continues till the farmer finds that he has only potatoes left. This practically has been the process whenever bi-metalism has been tried.

We who are in the East said D. King associate sound money with gold and all sorts of wild cat banking schemes with silver and the free silver men, but if we look at this question from an unprejudiced scholarly yet practical standpoint do we not find that the West has a valid basis for their demands. Prices have fallen markedly of late years and this is due we believe not to progress in invention and transportation, but to the appreciation of gold to the fact that our monetary basis is too restricted. If this is not the true fact how do we explain: (1)—The general rise in prices after the California and Australia gold discoveries, a period when invention was most active. (2)—That this is not a time of prosperity. (3)—That the fall of prices has been greatest in the gold standard countries, and (4)—That the fall in prices has been equally great in those products which invention and improved transportation can not have benefited.

Mr. J. C. Clarke said the impression he had received from the debate so far was that all the world over they had tried to establish a double standard, and they had failed. He believed that we were not blinded by prejudice as we were not in the gold or silver producing business. The West has silver directly in front of their eyes and they cannot see beyond. Continuing he showed how impossible the double standard would be for the United States.

Mr. Crane and Mr. Pollard then had five minutes in rebuttal each and Mr. Pollard illustrated his views by carefully drawn diagrams.

The debate was then thrown open to the house and Mr. Faxon, Mr. Craig, Mr. Sargent and Mr. Pollard spoke. Mr. E. S. Littlefield then criticised the principal disputants in a very fair and unprejudiced way, and yet with a criticism that criticised.

Y. P. S. C. E. Concert.

The entertainment Wednesday evening in the Washington Street Congregational church was the last of the course given during the winter under the management of the Y. P. S. C. E. Endeavor. Though somewhat disappointed in the original programme the committee was fortunate in securing the following named artists who gave an excellent entertainment: Miss Goss, soprano soloist; Miss Catherine Tinker, reader from the Emerson school of Oratory, Boston; Mr. Herbert A. Hayden, organist and accompanist; the boy soprano, Master Warren Mitchell of Quincy; Mr. Hayden has most kindly acted as organist for the course and has aided much in making the whole a success.

Civil Trial List.

The following cases are marked for trial at the civil session of the District court next Tuesday:  
4293—New England Grocer Publishing Co., vs. Double et al.  
4475—Hesseltin vs. Ward tr.  
4483—Emond vs. Rose.  
4486—Parker vs. Carr.

Echo from Wollaston heard at the Point—"Mamma; ladies are Miss before they are married and Mrs. afterwards, ain't they?"

"Yes my son."  
"Well why don't they call men Mr. first, and when they are married call them misteries (mysteris)."

"They should my boy but the title is not changed."

Johnson's "Easter Morning," in Truth tomorrow. All trains and news-stands.

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston Atlantic, South and West Quincy. Watch this line grow:

WANTED, IN QUINCY, A LARGE HALL.

Six pages tomorrow.

Capt. Charles N. Hunt has been granted a pension.

A decided change in the weather from Thursday.

The Christian Endeavor column will appear tomorrow.

You should have an "Ad" in the six-page Saturday LEDGER.

Mr. Trowbridge is to retire from the firm of Richards & Trowbridge.

There can be no doubt about Miss Hubbard's bargains as advertised today.

Mr. and Mrs. J. Stuart Clarke have moved from the Point to Quincy Centre.

The Woodward Institute closed today for two weeks, and reports were given out.

The LEDGER will publish a description of the new Swedish Baptist church on Saturday.

Presbyterian cottage prayer-meeting at Mr. Wm. B. Donald's, Buckley street, this evening at 7:30 o'clock.

Work has commenced tearing down the old buildings in "the hollow" to make room for the new block.

Miss Bliss the Chestnut street milliner advertises her Easter opening of stylish millinery on April 2, 3, and 4.

Nearly all the variety stores in the centre are supplied with the Regena music boxes. Anything to catch the pennies.

Advertisers of the LEDGER are now alert and readers of the paper should not pass them over lightly. A dozen new ones appear daily.

Friendship lodge, K. & L. of H., hope to reduce the lead of Mabel lodge at whilst upon their visitation to Quincy next Wednesday.

A successful sale was held by the ladies of the Methodist church, Wollaston, at the house of Mrs. W. C. Sanders on Wednesday evening.

The Grecian Art Tableaux Co., of which Miss Alberta Turner of West Quincy is a member, will give an entertainment at Hancock hall in April.

Commissioner Knowlton is doing a good job in rebuilding the sidewalk on Willard street between the junction of Crescent street and the Milton line.

The Epworth League will hold its monthly business meeting on Thursday evening, April 2, with Mr. and Mrs. W. R. Campbell Atlantic avenue.

A union meeting of the three evangelical churches of Wollaston will be held Tuesday evening, March 31, at 7:45 o'clock, at the Methodist Episcopal church.

An adjourned meeting of the Quarterly Conference will be held in the vestry of the Wollaston Methodist church at the close of the prayer meeting Friday evening, April 3.

Mr. John Feilerhen has purchased what was known as the Capt. John Shaw property, from Mrs. Arthur Mitchell and Mr. John Shaw. We understand that improvements are contemplated.

A flock of geese was seen wending their way northward yesterday. Somebody said they saw a robin and George W. Morton is painting his house, but alas! what a cold blowy day we are having today, after all those positive signs of spring.

All of our readers who have good apple trees that are troubled by canker worms should use for the next four weeks a little of Morrill's tree ink. It costs but little and does good work. A few cents' worth put around the trunks of the trees will save them. For sale in cans at the PATRIOT office.

Mr. John A. Chisholm, a prominent business man of Ayer, and a brother of Mr. Duncan Chisholm of Marsh street, and Mr. P. J. Chisholm of Boston, died suddenly Wednesday of apoplexy. Mr. Chisholm was a large real estate owner in Waverley. The funeral took place from his late residence today at 2 o'clock.

It is a pleasure to see Mr. A. G. Durgin again actively engaged in business. He always did recognize advertising as a road to success, and now that he is himself again and feeling tip top, he has contracted for a large space in the LEDGER. There is no better place in Quincy to buy confectionery, and tomorrow will be a bargain day.

The funeral services over the remains of the late Mrs. William C. Seelye, which were held from her late home on Marion street, Wollaston, on Thursday, were simple. There was a large number of friends and relatives present. The floral tributes were beautiful. The Rev. Preston Gurney, pastor of the First Baptist society, conducted the services. The interment was at Mt. Auburn.

The call for the special meeting of the City Council on Monday evening also includes action upon the report of the Committee on Streets upon the petition of the Quincy & Boston street railway for a relocation of tracks on Hancock street. Although there are but four articles in the call there are enough for a whole evening's discussion if our Councilmen are disposed to talk.

## THE SWEDE FAIR.

Opening Exercises—Address by Mayor Adams—The Attractions.

The three days' fair of the Swedish young ladies of St. Paul's church opened in Faxon hall, Thursday night, with a large attendance. The hall was very prettily decorated with bunting and the American, Norway and Sweden national flags, while on either side of the hall were pretty booths gaily trimmed in the national colors, blue, yellow, red and white, and these were presided over by young ladies attired in the picturesque Swedish costume.

At the right of the entrance was the booth for the sale of fancy articles, at which were Miss Josie Swenson, Miss Ida Peterson and Miss Annie Anderson.

Next was the confectionery booth at which were Miss Alma Carlson and Miss Alida Nelson.

At the left was the fish pond in charge of Carl Edgen and Lars Dalberg.

The apron table was in charge of Miss May Witting, Miss Tilda Peterson, Miss Augusta Peterson, and Miss Hannah Erickson.

The flower table in charge of Miss Rosa Gustafson, Miss Emma Witting and Miss Selma Witting.

Post office in charge of Victor Siberg.

On the platform the voting contests were held. There was a silk hat for the most popular young man, a gold watch for the most popular young lady, a rocker for the married lady, a doll for the dearest little girl, and a rocking-horse for the smartest little boy. These were in charge of August Seiberg and William Gelotte.

Back of the stage was a lifting machine in charge of Alfred Olsen.

Down stairs mid a forest of pine trees refreshments were served by Mrs. Lamberg, Mrs. Gustafson, Mrs. Carlson, Miss Hannah Johnson and Miss Hannah Anderson.

The entertainment consisted of the singing of a Swedish national hymn by Swede by a chorus of thirty-two voices, and an American hymn in English by sixteen little girls, brief remarks Rev. V. Witting and Mayor Adams and the singing of "America" by the audience.

Mayor Adams in his remarks said it was a pleasure these days to find yourself among those who are doing something for others and to help uphold ourselves, and nothing can be more worthy than doing everything for the church. We all want to honor and applaud those who work for the church, because the church stands for charity and kindness of heart, and these qualities we want to encourage. We are far too much inclined to applaud those men who achieve success without questioning their method of gaining it, but it is far better to applaud a man with a kind heart. Our country is large enough to welcome those from other lands, and when we extend the hand to you we know you believe in us. We have not forgotten the kind aid you gave us when our country was in trouble. We recognize you as a people akin to us in the way people ought to be governed, you may not have adopted our method but you have adopted our principles of liberty, and we are here as one people, Americans.

Mayor Adams' remarks were greeted with loud applause and approval. At the conclusion of the opening exercises Mr. Henry H. Faxon not only gave those who sang in the chorus ice cream but nearly all the young ladies in the hall as well.

The fair will close Saturday night.

## Women

Who are nervous, weak, worn out with local troubles find pure blood, nerve strength, and perfect health in Hood's Sarsaparilla.

We do not say the above to raise false hope. It has been the experience of many, very many women in those intensely trying periods which demand and consume so much

## Nervous

force—those special physical trials we delicately indicate by merely using the words—Maid, Mother, Matron.

Like a confidential friend we suggest the use of Hood's Sarsaparilla, a reliable blood purifier and tonic; it has helped many others and will help you.

"I was in poor health five years, broken down in strength, and appetite all gone. Local troubles and other weaknesses intensified my misery. Nervous sick

## Headaches

dizziness, heartburn and pains in my back made me think I should never be well again. A friend prevailed upon me to try Hood's Sarsaparilla. I soon began to improve and in six months it restored me to better health than for years. I have found Hood's Sarsaparilla a grand medicine for all troubles peculiar to

## My Sex

I am now strong and healthy and can do a good day's work. I stand by Hood's Sarsaparilla, for it cured me after other medicines failed." MRS. LUE DIER, Carlinville, Illinois.

This and many similar cures prove that

## Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists. \$1. Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills are purely vegetable, carefully prepared. 25 cents.

## Talking Furniture Prices.

DID you ever hear of furniture prices talking? Probably not, but at this store the prices speak right up for themselves. Prices that are low to begin with and economical to end with—prices that are unmatched for genuine lowness by any furniture store prices in the State, prices that appeal to all classes of buyers, and prices that are not low because we say so, but because buyer after buyer return to this store and say, "We have tried elsewhere but return, after wasting our time. No better place on earth to buy Furniture or Carpets. Goods that are just to your liking, selected with untiring efforts for the benefit of the patrons of this—the people's store."

**Henry L. Kincaide & Co.,**

## SICK MAN OF EGYPT

Offended at the Passage of American Resolutions by Congress.

Mavroyeni Bey Presents Letters of Recall.

Senate Cuban Resolutions Go Through Conference Committee to House.

WASHINGTON, March 27.—The Turkish minister, Mavroyeni Bey, called upon the secretary of state yesterday and presented his letters of recall. With this action diplomatic relations between the United States and Turkey are severed, and the Turkish legation in this city will be closed.

Our minister to Turkey, Alexander W. Terrell, is now on the ocean, coming home, it being announced some time ago that he would take a vacation. It is now understood why Mr. Terrell's departure was accelerated.

The severance of diplomatic relations between Turkey and the United States is due to the passage of the Armenian resolutions by congress some time ago. Although it cannot be learned here officially that the president has taken any action on these resolutions, it is known that the sultan has considered them as highly offensive, and, notwithstanding the course pursued by congress in adopting concurrent resolutions, and noticing that the president had not vetoed them, has considered the action sufficient to break off diplomatic relations. The fact that the Turkish government has recalled not only the minister, but also the secretary of legation, shows that the sultan intends completely to sever intercourse between the two countries.

The Cuban Resolutions. After a very brief but interesting session with the senate conference committee on the Cuban question, yesterday, the house conferees agreed to accept the senate resolutions. The conference yesterday was merely formal in character, as this conclusion was practically reached at Wednesday's meeting. This action will have the effect of taking the question out of the senate, and of transferring all further discussion on the Cuban question to the house. The senate resolutions are as follows:

Resolved, By the senate (the house of representatives concurring therein) that in the opinion of congress, the action of public war exists between the government of Spain and the government proclaimed and for some time maintained by force of arms by the people of Cuba, and that the United States of America should maintain a strict neutrality between the contending powers, according to each of the rights of belligerents in the ports and territory of the United States.

Resolved, further, That the friendly offices of the United States should be offered by the president to the Spanish government for the recognition of the independence of Cuba.

The action of the five conferees was unanimous—Senator Lodge of Massachusetts, the sixth member of the committee, being absent. Mr. Hitt, the chairman of the house foreign affairs committee, will at the first opportunity call up the conference report in the house and ask its consideration. It will probably be followed by some debate, but it is not doubted that it will be adopted.

A Dull Day. The naval appropriation bill was passed yesterday by the house without substantial amendment. An effort was made by the advocates of a larger increase of the navy than was authorized by the bill to increase the number of battleships from four to six. The house, by a large majority, stood by the recommendation of the committee, the proposition for six battleships mustering out 56 votes against 131.

The bill as passed carries \$81,000,000, and authorizes the construction of four battleships and 15 torpedo boats, the total cost of which will be in the neighborhood of \$35,000,000. The sundry civil appropriation bill, which was reported yesterday, will be taken up at once.

The senate yesterday passed the day on the legislative appropriation bill, but did not complete it.

Received Her Lover. PHILADELPHIA, March 27.—The young man to whom Anna McGrath was engaged is Howard Fitzsimmons, a jeweler of Westchester. He was in this city on business yesterday, and said he met Miss McGrath at Atlantic City during last summer. Langdon was with her at the time and passed as her uncle. He admitted giving her the diamond ring found on Langdon after her arrest, and on which was engraved "H. F. to A. M." The date for their marriage was set for June 23 of this year. He expressed himself as being surprised at the girl's fate, and had no idea of the dual life she was leading.

Had but Few Equals. WASHINGTON, March 27.—Dennis F. Murphy, who has been one of the reporters of the United States senate since 1843 and the chief of the official reportorial corps since 1873, died last night, aged 72. He was one of the best known stenographic reporters in the world. In 1876, at the unanimous request of the electoral commission, he reported without any assistance the sittings of that body. For the last three years Mr. Murphy has been an invalid.

Five Constitutional Amendments. TRENTON, March 27.—The senate passed the proposed amendments to the constitution, as follows: Providing for biennial sessions of the legislature; granting women the right to vote at school elections; prohibiting race track and all other kinds of gambling; providing for the division of the state into assembly districts and the amendment providing for a reorganization of the judiciary of the state. The legislature last night adjourned sine die.

Old Glory Neglected. CHAMPAIGN, Ills., March 27.—Governor Altgeld and the entire board of trustees of the University of Illinois were indicted by the Champaign county grand jury yesterday for alleged neglect or refusal to comply with the law requiring that the American flag be displayed over the state university buildings. The flag has been displayed from the flagpole in front of the military hall, but not from the separate buildings.

Big Slice For England. LONDON, March 27.—The Chronicle publishes a report that Great Britain has purchased Delagoa bay, East Africa, from the Portuguese for £5,000,000. The purchase includes the whole country between the South African republic and the South Indian ocean, from Amstongaland to the Limpopo river as far as the territory of the British South African company.

## Two Evenings Enough to Trade.

Editors of the Ledger:

We notice in last evening's LEDGER an item in regard to closing the stores evenings, signed by "Salesman." We heartily agree with sentiments therein expressed. Years of experience have proved to us, conclusively, that men and women both, work much better, if they have their evenings for recreation and rest. We see no reason why they are not entitled to them. Any argument in favor of keeping open evenings is not feasible, although, some dealers claim that people working in factories, etc., need the stores open evenings in order to buy goods, but it is not true, as two evenings a week are ample enough to buy all the goods they need. Others say: They need to keep open, as some people cannot keep money over the evening on which they are paid. In the Guy stores at Worcester, Brockton, Springfield and Meriden, they only open two evenings a week, and find it perfectly satisfactory, although most of the people get their pay weekly. Therefore, we surely think to open three evenings a week is plenty for Quincy. As our store is the largest in town what is best for us, should be best for the others.

C. W. GUY &amp; W. G. SHAW.

Quincy, Mar. 26, 1896.

## Night Closing.

The action of some of the firms in the Centre in keeping open every evening in the week cannot be too strongly condemned. We hear nothing but condemnation from all sides at this direct breach of confidence with the fellow storekeepers, and also the breaking of the unwritten law of closing two nights in the week.

It is quite generally conceded by most of our business men that we should close three evenings instead of two, which appears to us to be an up-to-date move and in the right direction.

We should even welcome the closing of an afternoon a week during the summer months.

Our money can be made in "business" hours without trying to overwork our clerks and ourselves by keeping open (as a few would like) days, nights and Sundays. If the Board of Trade can secure a few extra leisure hours for the summer months we should be glad to hear from them. In the mean time we trust those few who are inclined to open every evening in the week will discover the error of their ways and continue to shut up shop.

EMPLOYERS.

## MILTON.

A lodge of the Independent order of Good Templars was instituted at East Milton, Thursday evening. The election of officers was postponed until the next meeting.

Taylor's Anti-Headache Powders are just as harmless as water. Yet, look how powerful water is in putting out fire. Our powders cure Headache and Neuralgia in the same manner exactly. It is safe to say that these powders will cure all cases, because they never failed yet. Why not buy Taylor's and be sure about it? Get them of Leonard J. Pastor, Ph. G., 27 School street.

## Booths Were Dismissed.

PITTSBURGH, March 27.—Mrs. Ballington Booth lectured last night at Sewickley to a large audience. After the lecture Mrs. Booth practically admitted that herself and her husband had become too much Americanized to suit the ideas of the powers in London. Her husband and his father differed radically in their ideas of how to conduct the army in America, and Ballington wrote to international headquarters at London stating his views, and announcing that if his ideas were not agreed to he would resign his commission. The plan was promptly refused, and the powers were sent to America. "This, not proving effective in changing us," she said, "we were dismissed from the army. Our new organization is in no way antagonistic to the old."

## Arrests Were Needless.

LONDON, March 27.—Joseph and Emma Reinström of New York city, who were remanded on March 11 after having been arrested on an extradition warrant charging them with larceny in Canada, were discharged yesterday. It appears that their arrest was the result of a case of mistaken identity, and the prosecutor declared he had never seen them.

## Big Bill For Flowers.

MONTREAL, March 27.—A strange case coming out of the state funeral of the late Sir John Thompson is up in the exchequer court. It is the case of W. B. Davidson vs. the queen for flowers supplied on that occasion. Davidson claims \$1000, and the legislative council offers \$500 in full settlement. Davidson says he will fight to the bitter end.

## THE WEATHER INDICATIONS.

ALMANAC FOR FRIDAY, MARCH 27.  
SUN RISES..... 5:34 AM MOON SETS... 4:37 AM  
SUN SETS..... 6:05 PM FULL SEA... 9:30 AM  
LENGTH OF DAY, 12 HOURS 31 MINUTES  
Forecast for New England: Fair and decidedly colder; high northwesterly winds; westerly gales on the coast.

## Constipation

Causes half the sickness in the world. It retains the digested food too long in the bowels and produces biliousness, torpid liver, indigestion, bad taste, coated tongue, sick headache, insomnia, etc. Hood's Pills cure constipation and all its results, easily and thoroughly. See all druggists. Prepared by C. I. Hood & Co., Lowell, Mass. The only pills to take with Hood's Sarsaparilla.

Baby Carriages, \$3.50 to \$25.  
and \$1.00 per week pays for one at  
GUY'S COLISEUM.

## King's Daughters' Convention.

A very full convention of the King's daughters of Norfolk county was held in Ellsworth hall, East Milton, Saturday, March 21, 1896, from 10 A. M. to 5 P. M. The convention opened with devotional exercises, led by Miss Mary E. Lunn, superintendent of the Deaconess home, Massachusetts avenue, Boston. The programme included: Address of welcome, Miss Marion L. Pierce, leader of the East Milton circle; response, Mrs. Bridgman, Hyde Park; remarks by Mrs. E. Trask Hill, State secretary, Massachusetts; song, "The Resurrection Morn," Miss Edna Joslyn, East Milton; address by county secretary, Mrs. M. M. Sawelle, Readville; basket lunch, 12.30 to 1.30.

In the afternoon: Devotional exercises conducted by a member of Deaconess Home. Roll call of circles. Two minute reports of circles. Parliamentary Drill conducted by Mrs. E. Trask Hill.

Organization of County. Address, Rev. Roderick Stebbins, Milton.

Question Box conducted by Mrs. Hill. Address, Work among our Railway Men, Mrs. Allen, W. C. T. U.

Address, Miss Cutler, from the Meonah Home, Boston.

Address, Mrs. Stoddard, Cambridgeport.

Address, Mrs. E. Trask Hill.

Admission of new members and consecration of old.

## Young Men's Christian Association.

The conversion of a man of business in his place of business, will be the subject of an address to men at 3.30 Sunday by Rev. A. L. Wadsworth, of Rockland.

Mr. James C. Clarke, of Springfield will talk to the boys Saturday morning at 9.45. Subject "My boyhood days in Bulgaria."

Mr. Clarke's parents were missionaries in Bulgaria.

The Intermediate Bible class has made a good start. There were nine present last Sunday. It meets at 5.15.

## Deafness Cannot be Cured!

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by local remedies. Deafness is caused by a diseased condition of the mucous lining of the Eustachian tube. When this tube gets inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can be cured by Hall's Catarrh Cure. Send circulars, free.

Sold by Druggists.

Headache! Glasses relieve many. Consult Williams, practical optician, 104 Hancock street. Scientific test free.

## TODAY'S COURT.

John Hanley of Weymouth was brought in on a default warrant for assault on Rose Hanley, and sentenced to three months in the House of Correction.

Patrick Barry of Weymouth, a witness in a liquor case was brought in on a capias and held in \$100 until Saturday morning.

## BOUTELLE HELD OUT.

But the Bill Favoring Ex-Confederates Passed the House.

Cuban Affairs Once More In the Foreground.

Mills Argues For the Seizure of Cuba if Spain Shows Stubbornness.

WASHINGTON, March 25.—Senator Hill's bill to remove the restrictions against the appointment as officers of the army and navy of persons who held commissions in the regular army or navy before the rebellion, and who subsequently took part in the war on the side of the Confederacy, which passed the senate during the height of the excitement over the Venezuelan boundary question, passed the house yesterday, after two hours' debate, with but one dissenting vote—that of Mr. Boutelle (Me.).

The Democrats, except Mr. Cummings (N. Y.), who spoke, as he said, "as one of the hundred thousand northern Democrats who fought in the army," and Mr. Wilson (S. C.), who was drawn into the debate by Mr. Boutelle, refrained entirely from participation. Mr. Hull (Ia.), chairman of the military committee, who had charge of the bill, admitted that it would subvert no practical purpose, and was largely sentimental.

Mr. Boutelle, who led the opposition single-handed, though it would furnish a bad object lesson for naval and military cadets who were about entering on careers in the service of their country, and when he got warmed up to his subject called attention to the fact that many southern men in congress in the past had obstructed legislation in the interest of Union soldiers, dwelling particularly on the opposition to the retirement of General Grant. Mr. Grosvenor (O.) and Mr. Grow (Pa.), however, supported the bill ardently as a graceful and gracious tribute to the vanquished, and when the vote was taken Mr. Boutelle alone voted against it.

The conferees on the Cuban resolutions met yesterday, and adjourned at 3.15 without reaching an agreement, and will meet again today at 2 o'clock.

## More About Cuba.

Although the main Cuban resolutions have been committed to conference, the subject came up incidentally yesterday on Mr. Mills' resolution for the forcible occupation of the island of Cuba by the United States, in case the Spanish government shall refuse to grant local self-government to Cubans.

Mr. Mills spoke for two hours in support of the resolution. He was unopposed in his arraignment of General Weyler as an "atrocious scoundrel and villain," and in his recital of Spain's bloody record in the Old and New Worlds.

He would have voted, he said, for all the resolutions offered on the subject of Cuba, because they were steps—although short steps—in the line of march which it was the duty of the people of the United States to take.

The island of Cuba did not, Mr. Mills declared, stand in the same relation to the people of the United States as Hungary, Poland, Ireland or Armenia did. If it did, then the statesmanship of the United States had been at fault for 100 years. The fathers had, for a century, asserted and maintained that the people of the United States had rights in Cuba—had rights to every foot of soil in the Western hemisphere.

The United States had never asserted that it had any rights in Ireland, Hungary, Poland or elsewhere in Europe; but it had asserted its rights in every solitary acre of land on the Western hemisphere. It had there the right to the right of self-preservation. The Monroe doctrine, he declared, was as old as humanity, and God Almighty was its author, for when he made man he placed in him the right to preserve his life and liberty.

Mr. Mills reviewed, on this point, the declaration of President Jefferson in relation to the Louisiana purchase, when the American minister to France was instructed to notify Napoleon that if he would not sell that territory to the United States, the United States would ally itself to Great Britain and sweep the French fleet off the ocean in order to invade the right of the United States to the mouth of the Mississippi river—notwithstanding that France had a perfect title to it.

The speech of Senator Mills on his Cuban resolution closed at about 8 o'clock, and the unfinished business was formally laid before the senate, but Mr. Berry requested unanimous consent that it be laid aside temporarily, so as to allow Mr. Morgan to speak on the Cuban question.

Mr. Hale was inclined to object, but desisted on consideration that as soon as Mr. Morgan had finished his speech, the debate on conference resolutions should be regarded as closed, and the senate's decision to recommit should be put into operation.

Mr. Morgan then went on to discuss the reason why Spain recognized the southern Confederacy at the time she did. He said that Spain thought that the Confederacy would be able to separate itself from the Union, and would then be a valuable ally for herself in her attempt to subdue Cuba.

The policy of Spain, he said, was always to force back under her control by war any colony which had once got away from her. She had tried this, notably with Mexico and San Domingo. She is, therefore, anxious to make alliances wherever she can, which may be of use to her in such efforts.

Mr. Mills' resolutions went to the calendar after the speeches.

## Crete Outrages Renewed.

ATHENS, March 25.—Renewals of the murders of Christians in the island of Crete and the existence of a panic there are reported, owing to the belief prevailing among the Crete deputies that the Turkish troops are waiting for the Christians to retaliate for outrages, when they will seize the occasion to begin a general massacre of the Christians, under the leadership of the military governor. On this account the deputies have invoked the protection of Greece.

## Reprimand and Transfer.

SAN FRANCISCO, March 25.—It is reported here that the findings of the court martial which tried Captain Healy of the revenue cutter Bear have been approved by Washington. It is said that Captain Healy has been reprimanded and will be transferred to the command of another vessel on the Atlantic coast.

**A FEW REMARKS.** Since opening this store in June, 1887, we have always catered to the hotel, restaurant and boarding house trade in Boston and vicinity, and have not striven to increase our family trade until recently. The former by their groceries, with few exceptions, of the wholesale grocers or of the large retailers (some 5 or 6) in the wholesale department. The reason is plain—they can buy cheaper. "Catalogue" prices are for the family trade. While our hotel and restaurant trade has increased from year to year, until we have one of the largest in the city, the family trade has not grown in proportion. Why? Because we have quoted the same prices to the family trade as our neighbors, and there was no particular reason why they should buy of us. We have decided for the present to sell to the family trade the same as we do to the other. Our place of business, 78 Beach street, is one of the nearest stores to the Albany, Old Colony and New England depots; thousands of people who come in and go out on these roads pass our door every day; and this price list was prepared especially to secure their trade. Realizing that a great many of them could take their purchases with them, we make a price as low as possible over net cost of goods, therefore we are unable to pay freight or express charges on goods going out of town. Another point: We want those people who take their purchases with them to be paid for their trouble; we cannot afford to sell goods quite as cheap if we have to deliver the goods out of town.

Our prices are in many instances from 10 to 20 per cent. cheaper than any "catalogue" list; our goods are of standard quality; every salesman in this store is instructed to never misrepresent goods; we want your orders, not only once, but for all time, and we propose to use you so well that you cannot afford to go elsewhere.

## MYSTERY EXPLAINED.

Series of Fires in Somerville Due to Three Youngsters.

Set Six Buildings Ablaze Within a Week.

One of the Trio Saved All His Pennies to Buy Kerosene.

SOMERVILLE, Mass., March 28.—Three boys passed last night in cells at the Somerville police station. Their confessions were instrumental in placing them in the fire and cleared up six very mysterious fires that have taken place in Somerville during the past week. All of the fires were of an incendiary origin. By fortunate circumstances none of the fires gained sufficient headway to destroy any considerable amount of property.  
The arrest of the boys prevented two fires last night, as by their statements it was their intention to start two fires in dangerous localities. The boys say that they intended to save their pennies for the purpose of buying kerosene oil to set fires with.  
The boys under arrest are Frank Whorf, aged 16 years; Joseph Beattie, aged 11 years, and John Stenerck, aged 10 years.  
Last Tuesday night, shortly after 10 o'clock, a Mr. Davis was passing through Dana street. As he arrived opposite a barn on the street, owned and occupied by Edward A. Foster, one of them stopped him by saying:  
"Say, mister, don't you think that there is fire in that barn?"  
Mr. Davis carefully scrutinized the structure, but failed to see any evidence of a blaze.  
"Don't you see smoke coming out of the cupola?" asked one of the boys.  
Mr. Davis, upon looking at that point, did observe a thin wreath of smoke moving upward. He directed one of the boys to run to the house, which was but a short distance away, and notify the company that a fire was in progress. The boy did as he was directed, and Captain Daly of the hose company took him on the wagon as a guide to the place. The fire was extinguished with a trifling loss.  
On Thursday Captain Daly gave the details of the fire to Chief Hopkins. Chief Hopkins communicated with Deputy Fire Marshal Rice, and the latter visited the Edgerly school yesterday. He thought Beattie answered the description of one of the boys. Beattie admitted that he was at the fire in company with Whorf, but he first denied that he knew its origin, but finally confessed that he set the fire.  
Gradually Beattie implicated Whorf and Stenerck in attempts to start six fires. Deputy Rice confronted them with the evidence in his possession, and they  
Made a Partial Confession.  
They were taken to the office of Fire Marshal Whitcomb.  
Beattie, in his confession to Mr. Rice, detailed the manner in which the fires had been set. On Tuesday evening Whorf lighted the match and Beattie threw it through a broken window.  
On Wednesday evening Whorf and Stenerck attempted to fire a barn at 25 Otis street. Whorf carried a lighted match between the eaves into a bundle of hay.  
On Thursday evening Whorf, Stenerck and Beattie attempted to fire the building occupied by the Kimball toy manufactory on Otis street. A doll stuffed with hay and excelsior was the material used.  
On the same evening the three boys attempted to fire a carpenter shop on Melvin street. On the same evening they attempted also to burn a barn at 11 Vezio street.  
Still another attempt was made on the same evening to fire the unfinished house of Jeremiah Halloran on Bonair street. In many of the cases the boys were extinguished by neighbors, and in one by a mother of one of the arrested boys.  
At the conclusion of the confessions the three boys were placed under arrest. Whorf and Stenerck do not attend school. The former has been a resident of Somerville for but three months.  
The Beattie boy confessed that he was saving his money with which to purchase oil, as they had planned to set other fires.

## ON BEACON HILL.

Practically New State House Recommended. Action on the Calendar.

BOSTON, March 28.—There was little going on at the state house yesterday. The principal event of the day was the reception of reports on the reconstruction of the Bulfinch front. The committee reported in the senate ought not to pass on the Fay bill providing for the security and preservation of the structure at an expense not to exceed \$350,000, and favorably on the Tuttle bill to tear down and rebuild at a cost limited to \$1,500,000. There has been a long fight by the opponents of the Tuttle bill to preserve the historical and handsome front.  
The house passed to be engrossed the bill to repeal so much of the act of 1894 as authorizes the employment of women and minors in manufacturing establishments over-time, in order to make up for time lost by the stopping of machinery.  
The bill to provide a new qualification for membership in the First Congregational church of Lowell was ordered to a third reading.  
An order limit speeches to 10 minutes on and after April 3 was laid over to Monday.  
The senate bill to incorporate the town of Baldwinville was passed to be engrossed. The bill providing that in cases where it is deemed wise, parents or guardians of children indentured by state commissions, may have knowledge of their whereabouts, was passed to be engrossed.  
The adverse committee report was accepted on the petition for the incorporation of the United States Coast Canal company; also the adverse committee report on the petition for the removal of pounds from the waters of the commonwealth.  
House bill no 982, which is an act to prohibit boxing matches of any kind, came up for a second reading. After a strong debate the bill was ordered to a third reading without a division.

## Perhaps Buried Alive.

MAY'S LANDING, N. J., March 28.—What appears to have been a brutal murder was brought to light yesterday by the finding of a woman's body buried in a strip of woods near Estelville. The body was clad only in a nightdress and wrapped in two old sacks. A handkerchief was wrapped tightly about the neck, and she had every appearance of having been strangled to death. An investigation showed that the dead woman was Mrs. John Roche, the wife of a man who had formerly lived in a little cottage about 200 feet from where the body was buried. Suspicion pointed to her husband. The body was found by a search made for him, but it was ascertained that he left on Thursday for Philadelphia in company with his little girl. It is the belief of Justice Izard and Sheriff Johnson that the woman was buried while she was yet alive. She was last seen alive on Sunday.

## A Mysterious Suicide.

NEW YORK, March 28.—Within a few feet of an entrance to Central park a handsome woman committed suicide last night. Her clothing was exceptionally rich quality, and the ungloved hand, which held the revolver with which the woman fired a shot into her brain, showed that the woman's position in society was above the commonplace. The woman appeared to be 35 years old, and her features were strongly French. Beyond the initial "E" on a handkerchief, there was no mark on the person of the dead woman that could in any way lead to her identity.

## Chronicle Sticks to It.

LONDON, March 28.—Mr. Chamberlain announced to the house yesterday that there was not an atom of foundation for the reports of the purchase by Great Britain of Delagoa bay and an adjoining strip of territory. The Chronicle says this morning that it still hears that negotiations for the purchase of Delagoa bay by Great Britain are afoot, and that King Humbert of Italy will arbitrate the price to be paid, in spite of the denials made on behalf of the government in parliament.

## DIPLOMATS ARE MUM.

Not Inclined to Discuss Reported Recall of Turkish Minister.

Senate Passed Legislative Appropriation Bill.

Sundry Civil Appropriation Bill Held Back in the House.

WASHINGTON, March 28.—The "Washington end" of the reported recall of the Turkish minister is singularly devoid of authentic information.  
At the state department it is asserted that nothing whatever is known of such a move, and consequently no inferences of its possible significance can, with propriety, be made. The Turkish minister, another interested party, likewise professes ignorance of the affair.  
But this negative testimony by no means controverts the possibility that such a step has been taken. The fact that the Armenian agitation in congress took place in December would not prevent three months' delay before action was taken. The Turkish government would have waited for mail transmission of the official documents concerning the doings of congress; these would have been translated and judiciously interpreted; all of which takes time, so that any expression of resentment would naturally come now. That such resentment exists there is no doubt.

Minister Terrell has repeatedly stated that the debates in congress were given an undue weight in Turkey, and that his efforts were seriously disturbed thereby. Moreover, a decided change is seen at the state department in the bearing of Turkey since the reported entente with Russia was announced.  
So early part of the administration the Turk was very humble, and Terrell had an easier task in getting what he wanted than any of his predecessors. All this has gradually changed, which strengthens the notion that in some way the strong arm of Russia is back of the Turk.

As for the denial by the minister himself of the report, that is said to mean absolutely nothing, since to deny everything is the first recognized principle of Turkish diplomacy.

It may be more than a coincidence that Minister Terrell is now on his way home from Turkey, and that the permission to do so was granted to him on March 7. State department officials assert that nothing should be inferred from that, since for eight months Terrell had been trying to get away, but has been detained in Turkey by the atrocities in Armenia.

## Congressional Doings.

The senate indulged in an acrimonious political debate yesterday, which developed much personal and party feeling and brought on two sharp personal exchanges between Mr. Hill and Mr. Elkins, and between Mr. Elkins and Mr. McKim.

The controversy arose over Mr. Hill's motion to strike from the pending appropriation bill the proposed change of date of assembling the New Mexico legislature from December to May. Mr. Hill bitterly denounced the change as a "political trick," which had been "sneaked into" this appropriation bill in order, as he claimed, to postpone the meeting of the Democratic legislature in the hope that a Republican president would be elected and the political control of the territory changed.

Mr. Elkins protested against the use of the words "sneaked into." The exchange between the senators was very animated, but Mr. Hill persisted in the use of his adjectives. Later Mr. Elkins sought to question Mr. Elkins, when the latter brought up an offensive personal dispatch which had been sent to Mr. Elkins from New Mexico.

The debate took a wide range—Senators Gorman, Faulkner, Cockrell and other Democrats attacking the provision as political, while Senators Elkins, Carter, Cullum and other Republican senators defended it.

Mr. Cullum sought to table Mr. Hill's motion, but a motion to this effect failed 21 to 29—whereupon Mr. Cullum yielded to the Hill motion, and the New Mexico provision was struck out.

At the close of the day the senate passed the legislative appropriation bill, carrying \$21,500,000. Aside from providing the usual appropriations, the bill is important in effecting a reform of the system of compensation for United States district attorneys and marshals, salaries being substituted for fees. The senate adjourned until Monday.

## Obstructive Methods.

The appropriations committee attempted to take up the sundry civil appropriation bill in the house yesterday, but the members who were interested in bills on the private calendar defeated them by a vote of 142 to 77.

The members of the appropriations committee do not view their defeat as the result of opposition to the appropriation bill. Members from the north who are interested in pension legislation, and those from the south who are interested in war claims, have been chafing for some time over the inability to proceed with the work on the private calendar.

Yesterday, by a sort of a combination, the appropriations committee were defeated. The victory, however, was completely barren, so far as the southern men were concerned, as after the house went into committee, the Republicans forced a motion to pass over all claims on the calendar. The southern men retaliated by filibustering against the pension bills, so that the net result was less than half a dozen bills passed.

The house voted to adjourn until Monday.

## In Old Ocean's Arms.

WASHINGTON, March 28.—A large crowd witnessed the launching of the battleship Iowa at the Cramps' shipyard today. The party from Washington included Vice President Stevenson, Secretary Herbert, Secretary Morton, Attorney General Harman, the naval committees from both houses of congress, the Iowa and Alabama congressional delegations, Major General Miles and staff, the chiefs of the naval bureaus and other army and navy officers. Miss May L. Drake, daughter of the governor of Iowa, christened the battleship.

SIX PAGES.

THE WEEK PAST.

The City Council has got down to weekly meetings, but does not seem to make much headway on the schoolhouse order. The necessary two-thirds are in favor, however, if they can only all be present. All this criticism of plans seems out of place. If a citizen employed an architect he would place the responsibility upon him for the strength of the structure, and the City Council should do the same. The plans upon which the building will be erected under the order, are the only ones which have been unanimously approved by the School Committee, and about the only thing for the Council to decide is the material and whether it can afford to spend the amount needed.

With so many demands for city money and the difficulty to keep within the limit fixed by law, not a few believe that the appropriation for the Hospital should not be increased as petitioned. The generous public will continue to support the Hospital as in the past, but they will not contribute for general repairs of highways. The payment of the hospital appropriation the first of the year means also so much and interest, as the money has to be borrowed in anticipation of taxes.

The fury this week of the affairs of the Massachusetts Benefit Life association was a surprise, and it promises to be a fizzle, which is surprise No. 2.

A close observer fails to find any politics in the efforts to reduce the Norfolk county expenditures. The officials are Republicans and so are most of the active remonstrants. Neither does it appear to be a personal matter or a movement on the part of disgruntled politicians. It is surprising though to see such prominent gentlemen taking so much interest in public affairs, especially as they receive much abuse.

The Quincy Debating club appears to be a success this season, and some interesting and profitable meetings are being enjoyed by the members.

The double tracking of Hancock street means much for the city. It will give us cars to the north wards and to Boston every fifteen minutes and perhaps oftener, and then will come a demand for more trips on the other routes.

Assessment insurance companies succeed and flourish for a while, but one by one they have dropped by the wayside. Quincy people have not classed the Massachusetts Benefit among these, but an unpopular association cannot long prosper, and the Massachusetts Benefit is certainly unpopular just now.

Our Swedish citizens appear to be up to date in conducting a church fair, and quite a sum will probably be netted. It was a happy address which Mayor Adams made them on the opening night, and it took well with his hearers.

Six pages today show that the DAILY LEDGER is up and stirring. It was necessary to accommodate the advertising, and gives an opportunity for considerable extra interesting reading.

it's a death  
tap at your

NO INTEREST Charges on goods sold at GUY'S COLISEUM.

## SUIT WITHDRAWN.

Mr. Simpson Don't Want a Receiver  
Now for Massachusetts Benefit.

W. F. Simpson of Dedham who petitioned for a receiver for the Massachusetts Benefit Association has withdrawn the same, and has made public his reasons as follows:

Boston, March 27, 1896.  
To whom this may concern.—I have this day authorized my attorneys to withdraw my petition for a receiver for the Massachusetts Benefit Life Association, believing this to be for the best interests of all concerned, after careful investigation of its affairs. I have been insured 12 years in the association, and believe that the best interests of a vast number of policy holders will be conserved by this withdrawal and discontinuance of all proceedings looking toward a receivership; and the managers in making this call for more money to meet death claims were simply doing their duty, they having been advised so to do by the insurance commissioners of the several states.

WILLIAM F. SIMPSON.  
Mr. William H. Coolidge for the policy holders, had a long conference yesterday with President Litchfield of the association and the details of the proposed examination were considered.

Mr. Litchfield says that he is satisfied that they will find nothing wrong, not merely from the fact that the experts of the insurance departments of five states, who made a patient and exhaustive examination of the company, occupying several weeks, did not, but because the business of the company has been conducted honestly and in accordance with the laws. Mr. Litchfield says further that he has no objections to a plan of having the policy holders of any considerable centre selecting a committee to keep in touch with the association by seeking information by examinations and otherwise.

Although Mr. Litchfield did not say so, he will doubtless be opposed to allowing the policy holders to elect representatives to the board of directors of the association.

But this is what the policy holders want who are engaged in the movement, which started with so much vehemence and has so suddenly cooled down to the conference point. This is likely to be the real issue in the controversy, and may be the real question to go before the insurance committee at its adjourned hearing, unless it is shown to be impracticable to ask the Legislature to enact it into law.

## Evangelist Plummer Going.

Rev. Morton W. Plummer, evangelist, will finish his series of meetings in the Calvary Baptist church on Sunday evening. In the morning he will continue the subject of Christ's second coming. In the afternoon and evening evangelist teaching.

The ordinance of baptism will follow the evening services. Mr. Plummer has labored earnestly for the salvation of sinners during his stay of three weeks among this people, a goodly number have been saved and among them members of the Sunday School.

To Christians he has been wonderfully helpful in showing them some of the blessed truths from the word of God, his knowledge of the Bible is really marvelous, he courts not the applause of men but rather the approval of God, whom he serves, Mr. Plummer's manner in presenting the gospel is so simple and child-like. We all wish him God-speed in this noble work and may many be raised up to call him blessed.

## A Bicyclist Heard From.

To the Editors of the Ledger:  
In the articles on closing the stores two evenings a week the writers do not seem to be satisfied with two, but want three evenings. There is such a thing, Mr. Editor, as asking too much. All the stores that thus far have broken the rule of closing two evenings a week are the bicycle stores. It seems to me it is useful for them to open every evening for the hundreds of riders are liable to need repairs for their wheels at anytime, which they cannot get if the bicycle stores are closed, as the owners might be out of town. The argument that two evenings a week are enough for Brockton and other cities, does not apply to Quincy, as we are an old-fashioned people and cannot adapt ourselves to new ways. I do not know if we care whether grocery, market, dry goods or even furniture store clerks are obliged to work every evening or not. We think the whole matter is "bosh." We intend to mind our own business and let other folks look out for themselves.

BICYCLIST.

## Keith's New Theatre.

The march of fun goes merrily on at Keith's, and the astute manager keeps week after week adding to his attractions higher class material than any other vaudeville theatre in the country finds it profitable to engage. The coming week that price of Irish story tellers, the man whom husbands tell there wives about as having heard at the club dinner, will head the list of laugh-makers, and the ladies can avail themselves of the opportunity of hearing him also. He is J. W. Kelly, and is the highest priced monologue entertainer in the variety business. Miss Jessie Conthou, the talented elocutionist, and George H. Wilder, flute soloist, as well as the beautiful and gifted Italian violinist, Dalia Rocca, will be continued.

UNITARIAN CHURCH.—Rev. Ellery C. Butler, pastor. Preaching at 10.30 by the pastor. Vesper service postponed until next Sunday.

## QUINCY BREVITIES.

Notes from Quincy Point, Wollaston Atlantic, South and West Quincy. Watch this line grow:

WANTED, IN QUINCY, A  
LARGE HALL.

Six pages today.  
Showers and warmer on Sunday.

There was a brisk fire in Job's woods last night which made a brilliant illumination.

George W. Foss has been notified of a renewal of pension.

Has the idea of forming a Republican club been abandoned?

It was dusty enough this morning to have the services of the watering cart.

The monthly meeting of the School Committee for March will be held next Tuesday evening.

The stores in the centre have begun to put out their awnings, a sure sign that spring is here.

The New England Order of Protection holds another of its social dances next Thursday evening.

The Quincy Cycle company are rushing business, giving employment to 100 hands, half of which are working days and half nights.

On the extra pages today will be found the Sunday services, a piece of music, story, Christian Endeavor column, gems in verse and illustrated humor.

Elections in Old Fellows' lodges will hereafter be held but once a year, and the first spring election of Mt. Wollaston lodge will take place next Tuesday evening.

The combination sales by F. F. Crane, the auctioneer, held last spring, were a grand success, and another one is advertised today for Saturday, April 4. Note the horses and carriages offered.

It has been necessary of late to omit the Old Colony timetable occasionally to accommodate the rush of advertising with which the LEDGER is favored. Some of our readers say that they miss it greatly, because it is so handy.

Parents of little ones about to enter school April 1 are reminded that school children must be vaccinated. They may save time and bother if this is attended to at once, and the children will be in better condition to begin work.

All of our readers who have good apple trees that are troubled by canker worms should use for the next four weeks a little of Morrill's tree ink. It costs but little and does good work. A few cents' worth put around the trunks of the trees will save them. For sale in cans at the PATRIOT office.

The annual corporation meeting of the First Presbyterian church will be held next Tuesday evening, March 31, at 7.30 o'clock. A great deal of interest is being taken in the proposed improvements and repairs of the property, and a large attendance is looked for. Trustees for the ensuing year will be elected. All members of the church and corporation are entitled to vote.

## TODAY'S COURT.

Charles Stickney of Randolph was fined \$2 for assault on William G. Dore.

Lawrence R. Shaw was arraigned for drunkenness at Weymouth and placed on probation until May 1.

The complaint against Michael Brady of Randolph for assault was placed on file.

The continued cases of John Cuniff and George Cuniff of Weymouth for the illegal sale of intoxicating liquor to Patrick Barry was called. The were fined \$50 each. Appealed.

The case against Charles Christine and Mary Willine for adultery was dismissed.

## St. Paul's Fair.

The attendance at the second night of the fair of the young ladies of St. Paul's Swedish church at Faxon hall, although not quite as large as on the opening night, was quite large Friday night, and many articles were sold.

The entertainment consisted of selections by an orchestra, composed of Miss Emma Witting, piano; Carl Okersten, cello; Otto Gilotte, violin, and Gustaf Pettersson, viola; also solos, duets and quartets by Miss Selma Witting, Miss Mary Witting, Mr. Gustaf Livendall and Mr. Carl Okersten.

Among the visitors were Rev. Mr. Hansen of Boston, formerly pastor of this church, and Mrs. Hanson, and Rev. Mr. Valline of Brockton.

The fair will close at ten o'clock tonight.

Impoverished Blood causes that tired feeling. Hood's Sarsaparilla purifies, enriches and vitalizes the blood, giving new life and increased vigor and vitality.

Hood's Pills are easy to take, easy to operate. Cure indigestion, biliousness, headache.

## DIED.

WHITE.—In Braintree, March 24, Miss Susan White, aged 68 years, 9 months and 26 days.

MCDOWELL.—In Braintree, March 24, Mr. William McDowell, aged 51 years and 10 months.

HOLBROOK.—In Braintree, March 25, Mrs. Annie May, wife of Lewis F. Holbrook, aged 24 years, 9 months and 22 days.

SPEAR.—In Braintree, March 18, Mrs. Lucy, wife of Mr. Edwin H. Spear, aged 66 years and 11 months.

## NEW SWEDE CHURCH

The Baptists Soon to Dedicate Fine Edifice at Brewer's Corner.

Quincy is fast becoming a city of churches, the latest addition being the Swedish Baptist church which is nearly completed and will be dedicated to the worship of God the latter part of April.

The new church is located on Granite street near its junction with Water and Copeland streets. The edifice which is to cost \$5000 is of wood, 60x70 feet, and faces east and west with the main entrance on Granite street. This is reached by a short flight of easy steps and opens directly into a small vestibule from which large doors lead into the main auditorium and Sunday School and prayer meeting rooms, both of which are connected by large folding doors so that when necessary they can be thrown into one large room, the combined seating capacity being about 300.

At the rear, or west end of the main auditorium, is the platform, back of which is the baptistry, with two entrances to it from the rooms back of the pulpit. On the wall back of the baptistry is an oil painting, representing a running river, whose waters apparently flow into the font, while on the bank of the river in the distance is a church and schoolhouse. The painting is from the brush of Oscar Olson.

In the rear of the platform are two rooms connected by folding doors, which will be used by the ladies as a sewing room and for young people's meetings. In the rear of the Sunday School room is the library, from which a stairway leads to the basement, which is also reached from the outside by a door leading from the north side of the building.

In the basement are two small finished rooms 15x21 and 15x15, to be used as a kitchen, etc., from which an elevator runs to the ladies' sewing room above. The remainder of the basement will some day be finished as a vestry. The interior of the edifice is finished in cypress, and will be lighted by day by large cathedral windows, and at night by electricity.

The building committee is Jules Johnson, Gustaf Frolund, Ole Nelson, Albert Nelson, Oscar Nelson and Andrew Lundin.

That the Swede people love their church is shown by the fact that the carpenter work was done entirely by members of the church who gave their labor free, while the cathedral windows were the gift of August Weeden.

As stated above the edifice will cost \$5,000, and of this amount it was only necessary to raise \$2,000 by mortgage, which the society, with the aid of its pastor Rev. P. A. Englund, soon hope to lift.

Headache! Glasses relieve many. Consult Williams, practical optician, 104 Hancock street. Scientific test free.

—Rosa Bonheur has celebrated her seventy-fifth birthday, and attributes much of her robust health to her habit of wearing male attire. There is indeed food for dress reformers in the fact that Rosa Bonheur as well as Dr. Mary Walker are women of remarkable vitality for their age. —Home Journal.

—The New York legislature has passed a bill which will prevent the erection of any more unsightly monstrosities in the shape of monuments and memorials.

## My

Nerves are weak, many people say, and yet they do not seem to know that they are literally starving their nerves. Weak, pale, thin blood cannot give proper sustenance—that is why you are nervous, tired, exhausted. The cure for this condition is to purify, vitalize and enrich your blood. Take Hood's Sarsaparilla fairly and faithfully, and the rich, red blood, which it makes, will soon feed the nerves the elements of true strength they require; they will cease their agitation and will resume their proper place—being under the control instead of controlling the brain and body. Read Miss Bartley's letter:

"I want to express my gratitude for what Hood's Sarsaparilla has done for me. My health has been very poor for three years, due to trouble with my

## Kidneys

I was nervous, had pains in my back. I cannot tell what I suffered. My eyesight became affected and I was so despondent I did not have any interest in life. I had two physicians, but my complaints became worse. I was told that I was affected with Bright's disease. A relative urged me to try Hood's Sarsaparilla. I did so and in a short time I began to notice a change in my condition. Things began to appear brighter, my eyes improved and

## My Back

did not trouble me so severely. My appetite returned and I gained strength every day. I am now able to do my own work, and feel perfectly well. I cannot find words to express my gratitude for what Hood's Sarsaparilla has done for me and I gladly recommend it." MISS ELLA BARTLEY, 213 1/2 S. Grant Ave., Columbus, Ohio.

## Hood's Sarsaparilla

## BARGAINS!

"Oh, the old home ain't what it used to be."

This is the sentiment of hundreds in this city. And they don't know why. They sit down after a hard day's work and try to read a paper or a favorite book in their cosy homes. But they read but a few minutes when they feel sleepy, their eyes smart, or they grow irritable and feel in their hearts that nothing seems as it used to.

Hundreds have so expressed themselves to us. We have fitted them with glasses, and life is no longer a burden; home is really home once more, and they are happy. It will cost you nothing for consultation and getting your eyes tested by a competent optician.

T. L. WILLIAMS,

Member of the New England Association of Opticians.

104 Hancock St., Quincy.

## The Social Realm.

Sweet Lenten lilies light the long-hung days, Stately and sacred as the holy time: Gold-dusted catkins drop upon the ways And pink sheaths are falling from the time.

Then since the fields a solemn gladness wear, Since drifted blossoms show the way He went, We too, would in the royal worship share, And innocent in heart would keep our Lent.

—Emily H. Taylor.

The ladies of the Mass. Bay Colony Pilgrim Fathers held a grand leap year party in Music hall, Atlantic, last evening. The affair was without doubt the smartest society effort of the season, and the entire party were in full evening dress. The toilets of the ladies were very striking.

The early part of the evening was devoted to a reception, followed by dancing until 2 A. M. Hon. Chas. F. Adams 2d Mayor of Quincy, with Ex-Councilmen Stephen O. Moxon and Roger H. Wilde officiated as patrons. During intermission a sumptuous collation was served by caterer Hendries. Sprague's orchestra furnished music.

Miss Tobey, of Chicago, a student at Smith's college is spending the spring recess of the college, with her aunt, Mrs. E. C. Follett, of Alleyn terrace. Mrs. Follett gives a card party this evening to introduce her to the young people of Quincy.

The Quincy Chapter of the Daughters of the Revolution are not to hold their usual monthly social meeting on the first Monday in April but are to hold a business meeting instead, to arrange for a lecture on Abigail Adams, which is to be delivered in a few weeks by Miss Gould, of Roxbury.

Mrs. Henry M. Faxon sang a solo at the First church reception at Braintree on Wednesday evening.

Mrs. Frank F. Prescott and Master Carl of Bigelow street are visiting relatives in New Hampshire.

Miss Fannie Ellsworth of Braintree, is at home from Wellesley for the Easter holidays.

Laces are more varied and elegant than ever with no end of applique designs on net and chiffon. More fascinating than all are the batiste embroideries with Persian-colored silk and gold threads wrought in lovely patterns on the ecru linen. Added to these are new and exquisite patterns of cream and white embroidery on the same linen.

Miss Marcia and Miss Helen Keith from Mount Holyoke are spending a few days with their parents Mr. and Mrs. Arza Keith of Braintree.

Mrs. Fannie Dunbar is visiting Mrs. M. J. Torrey of North Weymouth.

The Pine Tree club of Braintree, gave a social dance in Pythian hall Wednesday evening, and though it was pleasant, there were not so many present as was hoped. But the "Maine" object was gained, they had a good time.

Mr. and Mrs. George W. Morton, with their nieces Mrs. J. L. Whiton, Jr., and Miss Woodbury, are guests of the Hon. Charles Levi Woodbury at the Parker House today.

Mr. and Mrs. Cushing, who have been spending the winter in Boston, returned to their home on Hollis avenue, Braintree, this week.

Among the guests from this city at the banquet given last evening by Mayor Quincy of Boston to the Committee on Rivers and Harbors of Congress were Mayor Adams and ex-Congressman Everett.

The Clover whist club met Wednesday evening with Dr. and Mrs. H. C. Halliwell.

Hoopskirts are coming back into fashion. Two of the Parisian fashion journals received in New York last week contained pictures of the rejuvenated hoop with long descriptions of it. The new hoopskirt does not differ to any great extent from those worn during the days of the Republic.

To Let—From May 1, 1896, for a term of years, to respectable and responsible parties only, houses Nos. 3 and 7 Alleyn Terrace, corner of Bridge and Hancock streets. These houses are in thorough repair; drainage perfect. Contains all modern improvements, except electricity; open fires, beautiful views; locality the best; liberal lot of land with each house. Apply on the premises or to E. STODDARD, 28 Bromfield street, Boston, from 1 to 2 P. M. May 11—pfr 1 15 Wed tf

## WEAK MEN

CURED AS IF BY MAGIC. Victims of Lost Manhood should read at once for a book that explains how full manly vigor is easily, quickly and permanently restored. No man suffering from weakness can afford to ignore this timely advice. Full strength, development and tone are imparted to every portion of the body. Sent with positive proofs (sealed) free to any man on application. ERIE MEDICAL CO., BUFFALO, N.Y.

The Ladies' Friday club met with Mrs. George W. Morton, yesterday. The afternoon was in charge of Mrs. N. S. Hunting and Miss Randall and was given to education and music in Norway and Sweden.

Mrs. Hunting read an original paper, followed by one by Mrs. Theodore Hardwick. Mrs. Welch read upon the Ling gymnastic system. Miss Flint upon the Sloyd method for manual training. Mrs. Howard Barnes had a sketch of Christine Nilson. Mrs. Saville gave short sketches of musical authors of the countries. Mrs. Hardwick next gave a sketch of the life of Jenny Lind, the Swedish nightingale. Mrs. Hunting sang cradle songs of the countries, followed by the national hymns. Miss Hilda Nelson sang songs in Swedish very sweetly. Mrs. Ocho Hayward played a prayer by Grieg and the Norwegian wedding march. Mrs. Page sang two songs by Grieg. Two quartettes followed "The Little bird in the Linden Tree," and "Swedish Wedding march," sung by Mrs. Morton, Mrs. Page, Mrs. Hunting and Miss Randall. A tea was served at which two Swedish maids waited, dressed in full holiday national costumes. The Misses Witting, daughters of Rev. Mr. Witting, sang folk songs and a variety of Swedish music, during the tea. Special features of Swedish bread, bon bons in papers of national colors for souvenirs, concluded a most delightful afternoon for this club and few invited guests. Mrs. Sproule told the story of Ole Bull the violinist, partly in her own language, reading effectively the beautiful description of his climbing the pyramids in Egypt and playing there, redeeming a promise made to his king.

Mrs. Lombard of Braintree has engaged a teacher to give two lessons on the dip waltz at Pythian hall, Braintree. Several young people of Quincy are to attend the lessons and perfect themselves in the latest fad in dancing.

Mrs. Samuel French who has been visiting her niece Mrs. Bates, at Wollaston, has returned to her home at North Weymouth.

Prof. J. B. Sewall of Thayer Academy was a guest at the dinner of the Pine Tree State club of Boston, given at Hotel Brunswick last evening in honor of Bowdoin college.

Fancy waists are again to be fashionable for spring and summer wear, and although they are no longer the very latest fad, their usefulness and comfort have been so thoroughly well established that every complete spring outfit includes three or four of them.

All our young people are home from the colleges and boarding schools and are enjoying to the utmost their spring vacation.

One of the novelties of the season is ecru batiste, embroidered with white, and applied on black net to form insertions of varying widths. The effect is decidedly pleasing.

The Misses Osborne of Bigelow street have had as guests this week their cousins from Chelsea, Misses Katie and Berrie Greenleaf and Miss Dyer.

The Goodyear Shoe Machinery company of Boylston street, Boston, have issued invitations to an "at home" to the women of the press, for Tuesday, March 31, from half-past four to six, to be followed by a supper at Hotel Thorndike.

Miss Floretta Vining has given up her apartments at the Parker house, Boston, and returned to Hull for the summer.

Mr. and Mrs. Cushing, who have been spending the winter in Boston, returned to their home on Hollis avenue, Braintree, this week.

Among the guests from this city at the banquet given last evening by Mayor Quincy of Boston to the Committee on Rivers and Harbors of Congress were Mayor Adams and ex-Congressman Everett.

The Clover whist club met Wednesday evening with Dr. and Mrs. H. C. Halliwell.

Edward C. Hewston of Quincy read a paper at the sixth annual convention of the junior department of the Y. M. C. A. at Watertown yesterday, on "Facilities that Aid in Interesting and Attracting the Boys."

Tuesday evening Rev. Edwin N. Hardy addressed a conference of men in Peabody.

The Neighborhood whist club of Wollaston met at the house of Mr. J. W. Frederick on Wednesday evening. The winner of the lady's prize was Mrs. Edwin W. Bowker, and Mr. E. F. De Normandie won the gentleman's prize.

Hon. John D. Long and family move from Boston next week to their summer home in Hingham.

Mr. C. A. Belcher of Braintree, is now able to be out again and his friends are rejoicing with him that he has so nearly returned to his old time health and strength.

Mrs. William A. Drake gave a very pretty "at home" last week at her home in North Weymouth, in honor of her guests Mrs. Charles Caverly and Mrs. Walker.

The regular weekly gathering of the Crystal whist club was held Wednesday evening with Mr. and Mrs. Osborne Rogers at their home on Hancock street. A very pleasant evening was enjoyed, refreshments of an appetizing nature being served at the conclusion of play.

Mr. and Mrs. McKinley entertained the Union whist club of the Park and Downs at their residence Taylor street Monday evening. Six tables played until ten-thirty, when prizes were distributed to the successful ones. First lady's to Mrs. Locke, second to Mrs. Fowler, first gentleman's to Mr. A. Slaw, second to Mr. F. Wright, while the boobies were cheerfully received by Miss Thompson and Mr. R. F. Shaw. The usual delicious and bountiful lunch was enjoyed. Mr. A. Threl favored the company with several songs which were very much appreciated.

The Literary club of Braintree met Monday evening with Mrs. O. W. Allen. Sixteen members present. The programme was as follows: Quotations from Ben Franklin. "Araon Burr,"—Mrs. Abercrombie; "Jonathan Edwards" (Special Request)—Rev. A. A. Ellsworth. Second Hour.—Class on Home affairs. In the absence of the chairman, Mr. C. A. Belcher, Mr. E. E. Abercrombie was elected acting chairman. "Why did Casey dance with the Strawberry Blonde?"—Mr. Hilliard. Remarks by E. E. Abercrombie on the proposed new Union station in Boston, followed by a general discussion. The next meeting will be with Mr. and Mrs. E. E. Abercrombie, Monday, April 6th. The quotations will be from Wadsworth.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Granite Firm Attached.

A dispatch from Rochester, N. Y., reports W. W. Watters & Co., wholesale sale dealers in granite statuary and marble, to have been attached Friday in favor of Charles H. Beckett, a New York attorney, for \$19,077. It is said that other claims, aggregating \$100,000 are in the hands of local attorneys. The firm has branch offices at Barre, Vt., and Quincy, Mass.

The happiness of married life depends on the wife's health. Few women are better than any other one consideration. An ailing woman is a source of discontent to herself and a burden and drag upon her husband. Women by taking more interest in their own physical condition would lay the best foundation for married happiness and every other happiness.

More than half the suffering which saps the energies and sours the disposition of women is directly traceable to some disorder of the organs directly feminine. There is no real need of such troubles; they are invariably cured by Dr. Pierce's Favorite Prescription, which reaches and strengthens the internal generative organs as no other treatment can possibly do. By restoring health and strength to this most important part of the feminine constitution, the "Favorite Prescription" gives new tone and energy to all the rest of the body.

One of the most deeply interesting and truly educative books ever written is the "People's Common Sense Medical Adviser," by Dr. R. V. Pierce, Chief Consulting Physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. This splendid volume of 1008 pages, includes ninety pages on the subject of diseases peculiar to women, with directions for home treatment, rendering unnecessary the embarrassing "examinations," and generally useless "local treatment," so dreaded by modest women. The book contains the most comprehensive explanation of human physiology and the rational principles of hygiene ever published. Illustrated with over 300 engravings—a complete medical library in one volume. No other medical book in the English language ever had such an enormous sale. 680,000 copies were sold at \$1.50 each. Dr. Pierce is now distributing a new free edition of half a million copies. A copy will be sent absolutely free to anyone who will send to the World's Dispensary Medical Association, Buffalo, N. Y., 21 cent stamps to pay cost of mailing only. The present edition is in all respects the same as that sold at \$1.50 except only that it is bound in strong manila paper covers instead of cloth.

John Lyman Faxon, formerly of Quincy, has presented plans to the Woman's Club House corporation of Boston for a club building.

A whist party under the auspices of the Guild of the Good Shepherd of the Wollaston Unitarian church was given at the residence of Hon. Henry O. Fairbanks on Wednesday evening.

## BRAINTREE.

Mr. Richard Walsh has accepted a position in Quincy. It is reported that the railroad company will take down the round house near Meadow road crossing, and rebuild a new one between the Plymouth track and main line.

Mr. Charles Waterman will be present at the regular service of the Baptist society on Sunday afternoon, and will sing a bass solo accompanied with the Auto-harp. All are welcome.

On Sunday at 3 P. M. there will be service with sermon in Trinity chapel, Mayflower Park, South Braintree. As the day will be Palm Sunday Rev. William Hyde will preach on "The Triumphal Entry of Christ into Jerusalem."

The South Braintree Hook and Ladder No. 2, held their annual supper and smoke talk Monday evening, at the Engine house. Among those of the company present were Capt. Cottrell, Chief Whitmarsh, Roy W. Thayer, C. S. Hannaford, William Stoddard, A. Battles.

The Universalist parish meeting will take place in Pythian hall next Tuesday night.

The Ladies' Aid society connected with the Universalist society will hold a cob web party in Pythian hall April 7.

Miss E. F. Tibbets was in town calling on friends Wednesday. She has resigned her position at Quincy and intends to visit her sister, Mrs. Lewis, in Portland, Maine.

Mr. Stephen Ellis was suddenly taken ill on Tuesday evening with a severe attack of indigestion, which caused him to faint and he fell on the floor at his home, and not down stairs as has been reported. He is much improved and is gaining rapidly.

The selectmen in company with civil engineers were looking over Hillside road Thursday, with a view to laying out streets.

Col. William Bancroft of Cambridge will inspect Company K in the Army, Friday evening, April 3. This will not be a public affair yet those who are interested will be admitted. A public drill will take place in the Army April 20. The presentation of marksmen's badges for 1895 will take place at this time.

Highest of all in Lowening Power.—Latest U.S. Gov't Report

**Real Baking Powder**  
ABSOLUTELY PURE

—Morton's signing of the Raines bill seems to have upset Wall street considerably. Some sort of an underhand alliance and sympathy between the broker and the saloon, has existed at least in the minds of the people, for sometime; but it was rather surprising to see the market go off just because the saloon got a very black eye at the hands of the governor.—Boston Record.

**Quincy & Boston ELECTRIC STREET RAILWAY.**

[Subject to change without notice.]

On and after Wednesday, Nov. 16, 1895, cars will make trips on week days as follows:

**Quincy and Brockton.**

## Cars Stop Here!

And you can easily step in and examine our line of

## BOYS' SUITS.

PRICE \$2.00 and Upward.

ALSO A COMPLETE LINE OF

Gents' and Boys' Furnishings.

## S. F. NUTTING.

6 Copeland St. Brewer's Corner.

\$65, \$75, \$85, \$90, \$100.

\$10 and \$20 Down, and \$10 a Month.

STERLING AND RELAY.  
Call and Examine Them.

Also a second-hand Lovell Diamond, '95 model, in fine order at \$60 and a Tourist at \$20

**CITY BICYCLE AGENCY.**  
166 HANCOCK ST., QUINCY.

## Talking Furniture Prices.

DID you ever hear of furniture prices talking? Probably not, but at this store the prices speak right up for themselves. Prices that are low to begin with and economical to end with—prices that are unmatched for genuine lowness by any furniture store prices in the State, prices that appeal to all classes of buyers, and prices that are not low because we say so, but because buyer after buyer return to this store and say, "We have tried elsewhere but return, after wasting our time. No better place on earth to buy Furniture or Carpets. Goods that are just to your liking, selected with untiring efforts for the benefit of the patrons of this—the people's store."

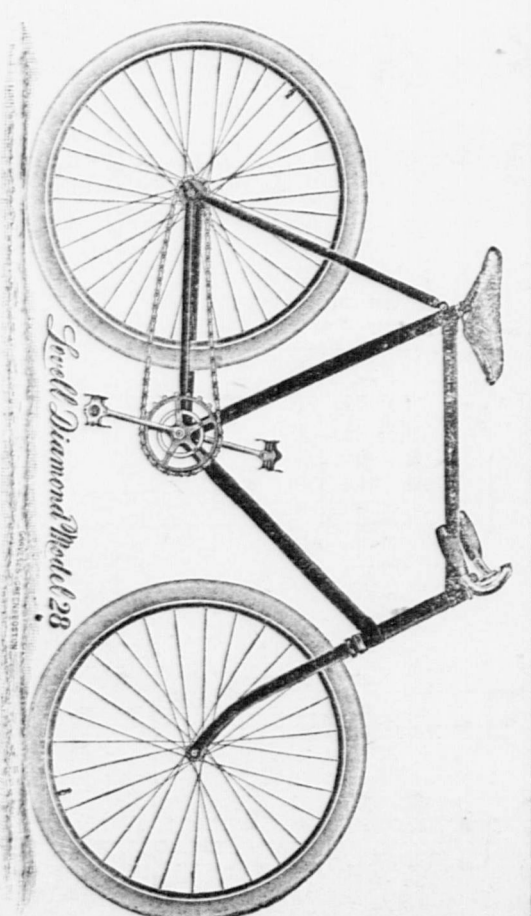

**Henry L. Kincaide & Co.,**  
Reliable Low-Priced House Furnishers.  
Hancock Street, Quincy.  
Cars pass the door. Open every evening.

Repairing of all kinds promptly done. Sundries on hand.

**JOHN H. GILLIS,**  
70 Hancock St., Quincy.  
Residence, 27 Trafford St.

### THE DAUGHTER.

There's one I miss—a little questioning maid  
That held my finger, trotting by my side,  
And smiled out of her pleased eyes open wide,  
Wondering and wiser at each word I said.  
And I must help her frolic if she played,  
And I must feel her trouble if she cried;  
My lap was hers just right to be denied;  
She did my bidding, but more obeyed.

Dearest she is today, dearer and more;  
Closer to me, since sister womanhood meet.  
Yet, like poor mothers, some long while bereft,  
I dwell on toward ways, quaint memories left,  
I miss the approaching sound of pitapat feet,  
The eager baby voice outside my door.

—Augusta Webster.

### NO ONE KNEW HIM.

"I am very sorry, George, but this was really what she said."  
These were the words of Florence Larkin to her brother, George, who had entrusted her with that difficult commission—to find out why Gertrude was off and on with him—why she was sometimes so cordial and sweet and sometimes so distant. And poor Florence had to explain to George that Gertrude had virtually said that he was too common-place. She could not marry a man that nobody knew and nobody talked about. He was good, he was successful, he was kind, he was everything that Miss Edgeworth would require in one of her novels, but he did not attract people's attention. Nobody ever heard of George Larkin.

After Florence had explained this in the minutest way possible twice, George seemed to understand what she was talking about.

"Does she want to see my name in the newspapers?"

"I should not say that," said Florence.

"Does she want me to ride down Broadway in plate armor and mail on the doors of Trinity a notice that she is the prettiest girl in the world?"

"She did not say so," said Florence.

"Does she want to see me more?"

"I should think you would do better if you went there less," said Florence.

"If all she wants is to have me talked about, she shall have her way!" and George Larkin sneezed out of the room.

Ten days after, when Gertrude Clark came down, rather late, to her breakfast, the servant brought in a pile of letters on the salver. Gertrude's little sister counted them; there were 23. "What in the world has happened?" said she.

The little sister cut them open, and Gertrude read:

DEAR MISS CLARK—I think you know Mr. George Larkin. Will you have the kindness to put his address on the note inclosed?

DEAR MISS CLARK—Do you know your friend Mr. Larkin well enough to ask him to come round to our reception? It is very informal, but we shall be so pleased to see him.

DEAR MISS CLARK—I am so annoyed that I forget Mr. Larkin's first name. I want to send him a card for our party. May I trouble you for his address?

Twenty-three notes that contained such references to George!

Yet for these ten days past George had not sent her a note, not a card, not a line.

He did send her a note to excuse himself from driving with her in the park. He was not even at her aunt's regular family party, where he had begged her to have him invited. George had wholly dropped out of her life, and Gertrude had begun to wish that he had not dropped out.

The reader shall know what had happened. The reader shall know how a nice girl may be suddenly waked up to find that her lover is not the unimportant person which in his humility he had made her believe. The reader shall know how one young man got himself named from one end of a continent to the other.

All this happened in a very large city of 2,000,000 people, which is the capital of a very large country, which country is next to the republic of Altruria.

This country was governed partly by the principles of the nation of Altruria, partly by the principles of the devil and partly by a sort of happy-go-lucky system which had worked very well for 100 years.

In the course of the happy-go-lucky arrangements it found itself in a scrape for the sort of ready money that it wanted. It had some ready money, which the people did not much like, and it wanted some ready money made of beaten gold. And so the chief magistrate of this happy-go-lucky country had issued his proposals for what was called a "popular loan."

Nobody knew very well how the popular loan was to be taken up, but everybody was quite sure that his next door neighbor had better subscribe to it. People went so far as to say how much Mr. Jones ought to subscribe and how much the Widow Smith ought to subscribe.

But, up till the moment when Gertrude sent that unkind message to George by Florence, nobody knew very well how the thing was going to turn out. It might be taken up by a set of sharpers, or it might be that it would not be taken at all. It might be that it would be a very unpopular loan. And everybody was very curious to see.

There was once an occasion when all the nations of the world agreed that every person in the world should scream as loud as he could at a particular instant of time. When the instant came, there was a horrible stillness over the mundane creation. For everybody, instead of screaming himself, had listened to hear somebody else scream, and no one screamed but a dumb man in China and a deaf woman in the Sandwich Islands.

It was something like this about the popular loan. But at last the great day came when, at Washington, they opened the bids.

Now, the credit of this nation was pretty good and pretty bad. In very bright, gilt edged times it could borrow money at less than 3 per cent. In those times when there was trouble about the sort of money that it would give and take, it generally had to pay 4 per cent—that is to say, its 4 per cents were placed at 104. The different sharpers and the different old ladies, the men and women who had been coaxed up to subscribing in different ways, were in gen-

eral sending in their bids at 105 and 106 and 107.

But when at Washington the bids were opened, the weary clerks hearing "107 7-9," "104 11-12," till they went almost to sleep as they wrote down the scarcely varying numbers, all of a sudden a bolt fell like lightning from Jupiter. The reading clerk, almost as sleepy as the rest, cried out: "One hundred and twenty-five! Mr. George Larkin of New Bedford offers 125 for 10 bonds of the new issue!"

Every sleepy clerk in the room started up in amazement. "Who is Mr. George Larkin?" And his bid was entered as by far the highest bid in the calendar.

The next evening every journal in that great empire, which extended from ocean to ocean, had a biography of Mr. George Larkin. These biographies were made up generally from the information given in the directory of New Bedford. One of them therefore described Mr. George Larkin as the leading man at the Varieties. Another said that Mr. George Larkin was engaged in a profitable thread and needle business in the lower wards of New Bedford. Another said that Mr. George Larkin had won his distinction as a reporter for the press. But all persons agreed that Mr. George Larkin was a person of great importance in the financial community, and that he was a patriot of the first water. It was generally agreed also that his foresight with regard to national affairs was well nigh perfect, and that no person knew so well as he did when stocks would rise and when they would fall.

"Our readers will remember how on a previous occasion the whole turn of the stock market was changed by the sudden purchase of P. F. and L. This purchase is now attributed to the foresight of Mr. Larkin."

Gertrude, on that particular evening, did not happen to open her newspaper. If she had, she would have known that her lover was that day the man most talked about in the whole world. After this, she was so overwhelmed by her correspondence from different people who wanted her to introduce them to Mr. George Larkin that she had no time to open the newspapers for six months. She never knew, therefore, why Mr. George Larkin suddenly attained the prominence in all social walks, in walks of finance and indeed in the esteem of his fellow countrymen, which she had gained. She did know that, two or three days afterward, he came in to see her looking like a new man. He stood erect where his head had hung low, he had a cheerful smile on his face where he had looked dejected when she snubbed him. In fact, she did not dare to snub him. She knew that he was a person of much more importance in the estimate of the world than she was. And when George Larkin, for the first time in his life, gained the courage to ask Gertrude if she would marry him and make him happy for the rest of his life, Gertrude had no thought of saying anything but yes. So much is even a good girl governed unconsciously by the tone of the people who are around her.

It is an important thing to add, but this great empire rose from its depression on the strength of Mr. George Larkin's offers to the treasury. Everybody saw that he was right, and nobody else was right. Four per cents rose to a higher line than had ever been known in history. The reputation of Mr. Larkin as a financier was established. Rothschilds and Belmonts and other bankers of the world begged for his advice, and offered him places in their firms. These he was not so foolish as to accept. But he lived a happy life with the woman he had loved, and he had the glad consciousness that, by the way, he had saved his country.

—Edward Everett Hale in Chicago Inter Ocean.

### Yule Fires.

Do not the "kitchen middens" of which geologists tell us—those singular remains of gigantic fires and roasted bones which science has discovered on many a northern shore—mark the site where the Yule logs of the king's fires were first kindled? Quantities of fossilized bones are embedded in the old world ash heaps—bones which careful investigation assures us have been roasted.

Huge cooking places they must once have been. The bones strewn the ground after a carouse seem to have been a special feature of a Danish feast. We have only to recall the death of Elphage, the patriot archbishop of Canterbury, in the days of Ethelred, who, although a prisoner in the Danish camp, steadily refused to deliver himself by ransom, saying it would be treason in him to pay the enemies of England. "Gold, bishop, gold!" shouted the Danish troops, thirsting more for gain than blood, until, irritated by his constancy, they ran to a heap of bones and horns of oxen—the relics of their repasts—and showered them from all sides upon the aged Saxon. Elphage soon fell half dead, and was dispatched with an ax by one of the pirates.

We may gather some idea of these gigantic Yule fires from the ancient edicts and the allusions in the sagas to the all important duty of kindling the beacon fires at the approach of an enemy. Wherever the Norsemen settled these beacon fires were established and their wardens appointed. Olaus Magnus and Snorro both prove that large trees were cut down in the nearest forest and piled upon the beacon hill until the blazing pine wood must have resembled a burning mountain. Yet the king's fire at the feast of Thor exceeded the beacons on the Norway headlands, as it burned for weeks, for the feast of Thor was also the appointed time for regulating all home affairs.—Notes and Queries.

### One or the Other.

"It's hard to give satisfaction," said the new congressman wearily.

"It's very difficult to tell what people are going to say about you," assented his wife.

"Yes. But it's pretty sure to be one of two things—they'll either say you're extremely ordinary or else that you're a freak."—Washington Star.

### On "Change."

Bragley—Hello, old fellow! I've struck it rich. I never had such luck. Everything I handle rises ten points—everything I touch turns to gold.

Nagly—I say, Bragley, touch me, will you?—Truth.

### His Terrible Predicament.

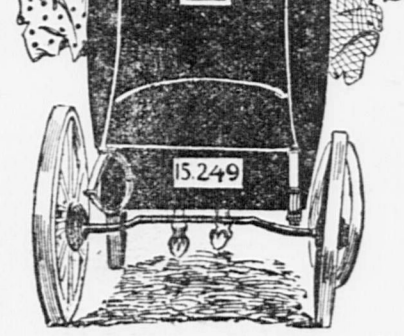

"She's to let me know at the end of a week if she accepts me."

"It must be a terrible suspense."

"Rather! I don't know whether to break off my other engagements or not."

—Life.

### The Year of Big Sleeve.

### The Closing Scene.

Within the sober realm of leafless trees  
The sunset year inhaled the dreary air,  
Like some tired reaper in his hour of ease,  
When all the fields are lying brown and bare.

The gray barns looking from their hazy hills  
O'er the dun waters widening in the vales  
Sent down the air a greeting to the mills  
On the dull thunder of alternate falls.

All sights were mellowed and all sounds subdued,  
The hills seemed farther, and the stream sang low,  
As in a dream the distant woodman heaved  
His winter log with many a muffled blow.

The embattled forests, crowlike armed with gold,  
Their banners bright with every martial hue,  
Now stood, like some sad, beaten host of old,  
Withdrawn afar in time's remotest blue.

On somber wings the vulture tried his flight,  
The dove scarce heard his sighing mate's complaint,  
And, like a star slow drowning in the light,  
The village church spire seemed to pale and faint.

The sentinel cock upon the hillside crew—  
Crew thrice—and all was stiller than before,  
Silent till some replying warden blew  
His alien horn and then was heard no more.

Where rest the jay, within the elm's tall crest,  
Made careless trouble round her unlighted young,  
Where the oriole swung her swaying nest,  
By every light wind like a censer swung;

Where sang the noisy martins of the eaves,  
The busy swallows circling ever near,  
Forboding, as the rustic mind believes,  
An early harvest and plentiful year!

Where every bird that waked the vernal feast,  
Shook the sweet slumber from its wings at morn,  
To warn the reaper of the rosy east,  
All now as sunless, empty and forlorn—

Alone, from out the stubble, piped the quail,  
And croaked the crow through all the dreary gloom;  
Alone the pheasant, drumming in the vale,  
Made echo in the distance to the cottage loom.

There was no bud, no bloom, upon the bowers;  
The spiders moved their thin shrouds night by night;  
The thistle down, the only ghost of flowers,  
Sailed slowly by, passed noiselessly out of sight.

Amid all this, in this most dreary air  
And where the woodbine sheds upon the porch  
Its crimson leaves, as if the year stood there,  
Firing the floor with its inverted torch—

Amid all this, the center of the scene,  
The white haired matron, with monstrous tread,  
Plied the swift wheel, and with her joyous mien  
Sat like fate and watched the flying thread.

She had known sorrow—he had walked with her,  
Off supped and broke with her the ashens crust—  
And in the dead leaves still heard the stir  
Of his thick mantle trailing in the dust.

While yet her cheek was bright with summer bloom  
Her country summoned, and she gave her all,  
And twice war bowed to her his sable plume,  
Regave the sword to rust upon the wall—

Regave the sword, but not the hand that drew  
And struck for liberty the dying blow,  
Nor him who, to his sire and country true,  
Fell mid the ranks of the invading foe.

Long, but not loud, the droning wheel went on,  
Like the low murmur of a hive at noon;  
Long, but not loud, the memory of the gone  
Breathed through her lips a sad and tremulous tune.

At last the thread was snapped; her head was bowed;  
Life dropped the distaff through her hands  
And loving neighbors soothed her careful shroud  
While death and love closed the autumn scene.

—Thomas Buchanan Peck.

### CHRISTIAN ENDEAVOR.

Topic For the Week Beginning March 29.  
Comment by Rev. S. H. Doyle.  
Topic—Things that keep us from God.—Prov. vi, 16-19; vii, 12-17.

In the first topical reference we have a catalogue of things which God hates. These things are all sins, for God hates sin, and He hates nothing but sin. It also follows that since these things are sins they will keep us from God, for sin always keeps us from Him, and it is the only thing that will. Until sin entered into the world, God and man enjoyed the most intimate friendship and association, but no sooner did sin enter than man was driven from paradise and from God.

There are seven things mentioned in these verses that will keep us from God, because God hates them:

1. Pride. God hates a proud heart, and it will keep us from Him. He hates pride not only because it is wrong in itself, but also because it leads to many other sins. A proud heart, a haughty spirit, are an abomination unto the Lord. Humbleness of mind, contriteness of spirit, He delights in.

2. Falsehood. A lying tongue God also hates. Falsehood, deceit, fraud, are all hateful in the sight of God. God loves truth and truthfulness. He abhors the opposite, and it can find no favor in His sight.

3. Cruelty. "Hands that shed innocent blood" describes the third thing that is hateful to God. Bloodthirstiness or a spirit of hatred that would shed blood if it dared will keep any one from God.

4. Inward sinfulness. "A heart that deviseth wicked imaginations." "Blessed are the pure in heart, for they shall see God," but the wicked and sinful and impure in heart shall never see Him.

5. Outward sinfulness. "Feet that be swift in running to mischief." Inward sinfulness leads to outward acts of sin. Impurity of heart will lead to impurity of life, and not only the one, but also the other, is abominable in the sight of God.

6. False witness bearing. This is also lying, so that we can see that God doubly hates this sin. Bearing false witness is a most contemptible evil, both in the sight of God and of man.

7. Mischief making. This is the last sin mentioned which God hates. It is last, but by no means least. Tale bearers and slanderers who blow the coals of strife and contention are but lighting a flame that shall consume themselves. God hates all these things, but He loves those who love Him. If we love God, we will hate sin and will not be separated from God, but united to Him in bonds that shall never be broken.

Bible Readings.—Gen. vi, 5-7; Job xiii, 15, 16; Prov. vi, 14, 15; xi, 1, 2; xvi, 5; xix, 5; Ps. v, 6; xviii, 27; ci, 5; cxx, 2, 3; Isa. lix, 1, 2; Jer. vii, 5-7; Hos. vii, 10; Math. xv, 7-9; Luke xi, 37-44; xlviii, 9-14; Rom. viii, 35-39; Phil. iii, 8-12; II Tim. iii, 1-5.

### Denominational Fellowship.

The increasing fellowship and cooperation between the denominational authorities and the Christian Endeavor societies under their care are a matter of great rejoicing. In Victoria, Australia, the Baptist Union, the Congregational Union, Primitive Methodists, Bible Christians, United Free Methodists, Church of Christ and Wesleyan Methodists all have responsible committees or officers to present annual reports upon the efficiency of their Christian Endeavor societies, and to help generally in their formation and maintenance.—Golden Rule.

### A German Endeavor.

Pastor Friedrich Blecher, who has been so active in introducing Christian Endeavor in Germany, writes that he has been successful in having the list of prayer meeting topics and daily Bible readings translated into Hungarian, Danish, Dutch, Polish, Italian and Russian. In addition to this they had previously been translated into French for the Swiss societies. Inquiries have also been made in regard to them in Sweden, Norway, Austria, Conrland, Spain and Greece.—Golden Rule.

### All the Good We Can.

When we put all the good we can into the year, we shall get all the good we may out of the year. Each moment of time may thus bring to us a glow and throb of eternal existence, make us inwardly younger as we grow older, until we enter that perfect state of which it is written that "time shall be no longer."—Unitarian.

### Visible and Tangible.

Paradise is here, visible and tangible by mortal eyes and hands, whenever self is lost in loving, whenever the narrow limits of personality are beaten down by the inrush of the Divine spirit.—Mrs. Humphry Ward.

### Christian Endeavor Crumbs.

Nashville is actively campaigning for the Christian Endeavor convention of 1896.

One Florida Christian Endeavor walks ten miles every week to attend the meetings of his society—a society of only four active members.

London's 15 or 16 local unions of Christian Endeavor have been federated into a London Council of Christian Endeavor, with Rev. F. B. Meyer as president.

A dance was advertised recently in the town of Union, S. C. To counteract its influence the Christian Endeavor society held a bright social that attracted many of the young people.

All of the most prominent citizens and business men of Longwood, Fla., are members of the Christian Endeavor society. Such is the hold that the organization has gained upon the town.

During a county convention at Dover, O. T., 30 persons expressed their purpose to lead Christian lives. A revival service followed the convention, and 87 other persons were converted.

## CAPE COD FISH MARKET.

allowed the wills of S. D. Hitchcock of  
Sharon, Julia Cline of Stoughton, Harriet  
Louis of Brookline, William Baker of  
Norwood, and Ann Brigham of Hyde Park.

Administrations were granted on the  
estates of Thaddeus Cushman of Ran-  
dolph, Humphrey Jones of Quincy, O. B.  
Smith of Stoughton, George Haigh of  
Hyde Park, Mary Welsh of Dedham, Hugh  
Smith of Avon, Ada Lord of Hyde Park,  
Michael Welch of Hyde Park, Charlotte  
Holmes of Stoughton, Phebe Stockwell of  
Medfield.

Several inventories were filed, accounts  
allowed, guardians appointed and widows'  
allowances granted.

# **Half a Million**

Left by will to The Mutual  
Life Insurance Co. of New  
York. William F. Foster of  
New York, the well known  
glove manufacturer, died in  
December last, leaving over  
\$1,000,000, which, with the  
exception of \$10,000, was to  
be invested in the purchase  
of Annuities for the benefit  
of his wife and various rela-  
tives. One-half of these An-  
nuities he requested should be  
purchased of The Mutual Life  
Insurance Co. of New York.

If you would like to know  
more about Annuities, please  
apply to

1 Durgin & Merrill's Block, Quincy.  
March 6.

## **Folding Rockers,**

Carpet seats and backs, the \$3.00  
kind for 85 cents at

**GUY'S COLISEUM.**

# **SWITHIN BROS.,** **Real Estate**

Having opened a Real Estate office in Durgin & Merrill's Block, we are  
prepared to show plans and give prices on some of the finest house lots offered  
for sale in this city in recent years. These lots are embraced in the following  
tracts of land:

## **PRESIDENT'S HILL.**

This land was formerly the country residence of C. F. Adams. It overlooks  
the ocean, and the view both seaward and inland is unsurpassed in this vicinity.  
The grounds are covered with rare and costly shade trees, a very desirable  
feature of a lot, and the farthest portion of the property is within four minutes'  
walk of both electric and steam cars. Persons wishing a fine lot in a first-class  
locality would do well to inspect this property before purchasing.

## **GRANCE HILL,**

Probably better known as Adams' Field, is situated in the heart of the city.  
The land is high and dry, and the streets through the property are wide and  
straight. The lots are good size, the prices moderate and terms very reason-  
able. No better lots for a man of moderate means have ever been offered in  
this city.

## **WEST QUINCY.**

Land formerly known as the Dell estate on Willard street, borders on Blue  
Hills reservation; is handy to works, and is less than five minutes' walk to  
electric cars, West Quincy depot and schools. This property comprises about  
80 lots.

## **HILLSIDE TERRACE.**

On Grove street, near quarries and sheds; good lots, low prices; small  
amount down and small monthly payments. This property comprises about  
70 lots.

Also a few lots off Ba'es avenue.

## **WOLLASTON.**

A few desirable lots in Wollaston, on Hancock street, opposite entrance to  
Merry Mount Park.

Will be on land at President's Hill every afternoon from 2 to 4. Parties  
desiring lots or any information on the above properties, please call at Room 12  
Durgin & Merrill's Block.

Quincy, Dec. 31—tf

Presence Required to Prevent an  
Outbreak Against a Pastor.

Exciting Scenes in a Boston  
Colored Folks' Church.

Congregation Divided as to the Choice of a  
Pastor.

BOSTON, March 30.—Captain Wescott and a detail of police from station 3 attended service at St. Paul's Baptist (colored) church yesterday afternoon. They were present at the request of the pastor, who feared trouble.

The trouble which was expected grew out of a turbulent meeting held last Tuesday evening, when considerable opposition to the pastor was evinced, one man saying "there will be a funeral if Rev. Dr. Franklin attempted to occupy the pulpit on Sunday." Another said "he would go behind the bars the rest of his life if Rev. Dr. Franklin should persist in any such action." Dr. Franklin preached, and there was but little trouble.

The service was advertised to begin at 8 o'clock. Just previous to the hour of service the seats in the church were rapidly filled, and until the services began there was a noticeable feeling of uneasiness throughout the body.

Even Pastor Franklin was just a trifle nervous. His hands moved convulsively, and, undoubtedly, he expected trouble.

The organist played a subdued prelude until the pastor arose to open the services, when Mrs. Henry Taylor, who was considered one of the opposition, shouted: "Don't let that man rule here today!" The congregation arose, and it was thought the outbreak had come. Dr. Franklin stepped to the front of the platform and said: "I am not here today to create a row. I am here by vote of this church to preach the gospel. I am here to serve the Lord."

Uncomplimentary Remarks.  
Voices from the audience: "Here to serve the devil!" "He's a false hood!" Dr. Franklin then offered a fervent prayer. During the prayer there was a continued murmur running through the church, and when he arose to give out the first hymn, "Holy Spirit, With Joy Divine," the disturbance became more pronounced.

Dr. Franklin had read one stanza when he stopped and said: "I hope I may be allowed to read this hymn." For a few minutes there was quiet, but as he finished, Mrs. Taylor began to talk loudly again.

When Dr. Franklin arose to read the scripture she began another trade, when he remarked: "I cannot be disturbed longer."

Captain Wescott asked Sergeant Lowery to remove Mrs. Taylor, but before he could get to where she was sitting her husband had assisted her out. She turned after the close of the sermon, and was a passive listener during the closing exercises.

Before the benediction was pronounced by Elder Smith, Dr. Franklin said: "I would not change my position with President Cleveland. I am glad to be able to expound the gospel of Christ, and I expect to go to heaven right from the pulpit."

Everything was quiet at the church last evening. Dr. Franklin occupied the pulpit and preached an earnest sermon on the salvation of the soul. Captain Wescott and his squad were in attendance. The church was crowded to the doors.

At the conclusion of the sermon Mr. Franklin asked all who were present who were friends of his to stand up, whereupon the majority—in fact, almost all in the church—arose in their seats. A few remarks were made, but those who were disposed to create any trouble were awed by the presence of the blue-coated guardians of the peace who were scattered about the church.

A collection was taken up for the new pastor, and also for Rev. Peter Smith, but the major portion of those present deposited their contributions in front of Rev. Mr. Franklin. A few who were loyal to Mr. Smith gave their mite to him.

The day force at station 3 were kept on duty until after the services were over last night as a precautionary measure, as there were rumors and reports of trouble floating around yesterday.

Russell Boom Maturing.

BOSTON, March 30.—There are indications that at the coming Democratic state convention to nominate delegates to the Chicago convention the name of ex-Governor Russell will be considered as a candidate for the presidency, for among the nomination papers filed according to the caucus law are those of a number of delegations pledged to support Mr. Russell. But these delegations have first to win in the primaries to bring about the use of Mr. Russell's name in the convention.

Took Sister-in-Law's Part.

PROVIDENCE, March 30.—When Frank Maroni returned to his home in Eyna street Saturday afternoon he learned that Michael Delino, a rejected lover of his wife's sister, had called at the house a short time before and assaulted her. Maroni immediately started to find Delino. The men met in Eagle park, and it is alleged that as Delino drew a razor, Maroni fired three shots from his revolver, all taking effect. Delino is in a critical condition. Maroni surrendered himself.

To Leave the Methodists.

NORTHAMPTON, Mass., March 30.—Rev. W. F. Cook, pastor of the Elm-street Methodist church in this city, announced last night his intention of resigning from the Methodist ministry and taking orders in the Episcopal church. He said he did not believe in the policy of management of the Methodist denomination, particularly regarding the relation of the superior officers to the ministers and churches.

## Robber Had a Snap.

BOSTON, March 30.—A daring and successful diamond burglary was made at the house of William Harris on St. Botolph street last night. The house was entered by cutting the plate glass of the front door and turning the lock. The burglar secured 15 pieces of jewelry, valued at more than \$300. Nothing else was disturbed in the house.

## Season Late and Supply Small.

BELLOWS FALLS, Vt., March 30.—The prospect for Vermont's maple sugar crop this year is small, owing to the unfavorable weather. The season is two weeks later than the average. March has been colder than the average for many years. A few sugar orchards were tapped last week in anticipation of warmer weather, but there has been no flow as yet. Practically no sugar has been made this season. Of 50,000,000 pounds shown by the census as the annual production in the United States, over one-third is made in Vermont. Last year the yield was 14,123,921 pounds of sugar and 963,685 gallons of syrup. Owing to the lateness of the season, the warm weather will probably come suddenly, and the sugar season will be short. Good judges estimate that there will be not over two-thirds of a crop this spring, and perhaps not over one-half.

## Despondency Caused Death.

BILLERICA, Mass., March 30.—The body of Mrs. D. R. Bigelow was taken out of the Concord river, here, yesterday, by a searching party. She arose during Saturday night, dressed herself and went out. Her absence yesterday morning caused a search to be made. Despondency was the cause.

## With Knife and Pistol.

SOMERSET, N. H., March 30.—George Barnes cut his throat and shot himself with a revolver on Cemetery road yesterday. He will die. He was a book peddler, and was despondent over dull business.

## New England Briefs.

Leo Duca attempted suicide by jumping into the Charles river. Five horses and 15 head of cattle perished in a fire at East Milton, Mass.

The farm buildings and stock of Fred Fletcher of Stark, Me., were burned. Loss estimated at \$800.

Howard Watts of New London, Conn., was found dead in his bed. He had just passed his 21st birthday.

Rev. Abram Conklin of Bath, Me., has accepted a call to the First Universalist church of Fitchburg, Mass.

As the result of a raid made on the Broderick place at North Adams, Mass., 1800 gallons of hard cider were confiscated.

Thomas Roach committed suicide at Woburn, Mass., by cutting his throat with a razor. He cut almost to the spine, separating the windpipe.

Burglars entered Alfred W. Chickster & Co.'s grocery store at South Norwalk, Conn. An attempt to blow open the safe proved only partially successful.

Rev. Walter J. Bates, 93 years old, died suddenly at Hyde Park, Mass. He formerly held long pastorates in the Congregational churches at Attleboro and Lynn.

The Bolton bleachery in East Greenwich, R. I., was sold to Peter H. Carr of Taunton, Mass. The property will be held in trust till the formation of a corporation.

## SKULLS BATTERED IN.

Aged Couple Beaten to Death by a  
Midnight Marauder.

Daughter and Man Servant  
Terribly Abused.

Murderer Was Masked and Made His Escape  
In the Darkness.

CLEVELAND, March 30.—At 1 o'clock Sunday morning a crime of almost unparalleled atrocity was perpetrated near Tallmadge village, five miles north of Akron.

Alvin Stone, aged 69, and his wife, aged 62, while asleep at their home, were murdered by a fiend, who beat their heads to pieces, after which numerous knife thrusts were made into the bodies of the dead. Two daughters, Hattie, aged 24, and Emma, aged 27, and the family man servant, A. F. Stillson, were also attacked, and all three fatally injured. They had been beaten about the head with a blunt instrument, which must have been of great size and weight.

Alvin Stone was among the most wealthy and prominent of Summit county farmers, and his wife was a member of one of the wealthiest and most prominent families in northeastern Ohio.

The murderer entered the house by means of a ladder, which he raised to an upstairs window. He first passed through the room in which Hattie and Flora Stone were sleeping, without awakening them. Going quietly down stairs to the room in which Mr. and Mrs. Stone slept, he attacked them with a blunt weapon of some sort, hitting both upon the head.

They were probably rendered unconscious and possibly killed by the blow, but the fiend, not satisfied with this, proceeded to mutilate their bodies with a knife. He cut off one of Stone's ears, slashed him across the face and stabbed him in the back. Then he laid Mrs. Stone's cheek open with the knife.

After satisfying his fiendish desires downstairs, he proceeded to the room of Stillson upstairs. The hired man heard the intruder, apparently, for he had arisen. He dealt a stunning blow on the head.

Next, the murderer turned his attention to Emma Stone, who slept in a room by herself. When he entered her room she screamed. That awakened the two other girls, who slept across the hall.

Seeking Aid.  
Hattie Stone arose to go to her sister's rescue, but as she entered the latter's room, she was felled, too, by a blow on the head, but fortunately was not rendered unconscious. Regaining her feet, she ran to her own room and locked the door.

Throwing a bedquilt about her, she leaped from the window and ran through the rain and mud to the nearest neighbors, a quarter of a mile away.

After he had struck Hattie down, the murderer returned to Emma's room and struck her on the head, leaving her unconscious. Then he tried the door to the room in which Hattie had left her younger sister Flora when she jumped from the window. Finding the door locked, he battered it down. Finding only Flora in the room, he asked where the other girl was. When told that she had gone for help, he hastily left the house and made his escape.

Hattie, with the blood streaming from the wound in her head, managed to reach a neighbor's house, told her story and then fainted. After she had been put to bed, the neighbor, calling for help, went to the Stone residence. There the evidences of the butchery were discovered. The only person in the house who was able to speak was Flora Stone, aged 16, and she was so badly frightened that she could tell nothing about the murderer, except that the man who committed the murders wore a mask over his face.

The crime is a mystery. There is no possible motive for the murder, so far as can be learned. Certainly the murderer was not bent on robbery, for in a lower bureau drawer in Mr. Stone's room were two gold watches and some money, and nothing had been taken, apparently.

The sheriff of Summit county was called to the scene of the murder yesterday, and with a posse of men he has been searching for clues to the murderer. Nothing has been discovered. One man has been found who says he saw a buggy pass his house late Saturday night, going in the direction of the Stone house, and the same horse is believed to have been found yesterday in the streets of Kent, a few miles east of Tallmadge.

Stillson, the hired man, and Emma and Hattie Stone have not yet recovered consciousness, and it is feared that Stillson, at least, will die, while the chances for the recovery of the two girls are very small.

Suit For \$150,000.

NEW YORK, March 30.—Papers were filed today in a suit in which the plaintiff is Kitty F. Griggs, wife of Clark R. Griggs, a wealthy contractor of this city. Mrs. Griggs sues for \$150,000 damages against John F. Campton, Mason B. Carpenter and Charles Cavender, all of Colorado. Campton is interested in some of the biggest gold mines in Colorado. Cavender and Carpenter are Denver lawyers. They are charged with conspiring to obtain from the plaintiff a three-eighths interest in a mining property said to be worth \$400,000.

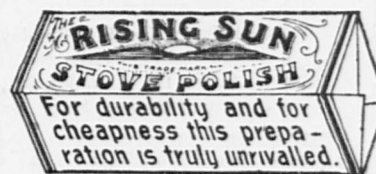

Invited to England.

NEW YORK, March 30.—Bishop Potter has been invited by the authorities of Cambridge university, Eng., to be select preacher to the university during the month of May, 1897. This appointment has never before been conferred upon a bishop or priest of the American church. Bishop Potter holds the degree of doctor of laws from Cambridge, and is one of the three American clergymen who hold the degree of doctor of divinity from Oxford.

A Shaky Diet.

VALPARAISO, March 30.—Reports received here of violent earthquakes throughout different portions of Chili have caused many of the inhabitants to leave the cities and towns and encamp out in the country districts.

HOOD'S PILLS cure Liver Ills, Biliousness, Indigestion, Headache. A pleasant laxative. All Druggists.

o City of Quincy, Mass., by

GEORGE W. PRESCOTT & SON.  
Successors to Green & Prescott.

Subscription Price, \$6.00 per Year.  
A Discount of \$1 when paid in advance.

ALSO PUBLISHERS OF

The Quincy Patriot,  
A Weekly Established in 1837, which has the Largest Circulation in Norfolk County, and

The Braintree Observer,  
A Weekly Established in 1878.

COUNCILMAN SPRAGUE takes nearly two columns today to explain his stand, but the question has been fully discussed in the small minority acquiesced to the wish of the majority and not compell a sick member to jeopardize his life to come out to vote in order to secure the necessary two-thirds. When 14 are recorded in favor and 6 against, the half-dozen by their tactics become merely obstructionists.

It is evident from what H. L. Kincaide & Co., say today that they use their employees better than a majority of firms. It is questionable whether they should close when other bicycle stores are open, especially as most of the bicycle business is in the evening. If Boston clerks cannot trade in Quincy evenings they will buy in Boston.

# GOLDEN WEDDING.

Mr. and Mrs. George Reynolds Celebrate—Substantially Remembered.

The golden wedding anniversary of Mr. and Mrs. George Reynolds, which was celebrated at their residence on Gloucester place, Saturday evening, was an event of unusual interest.

Fifty years ago in the village of Durris, Kincardineshire, Scotland, the couple were married, and their descendants representing three generations, together with friends and neighbors, making a company numbering between eighty and ninety, gathered to mark the occasion in such a manner as would show the respect and esteem in which the old folks are held.

The age of Mr. Reynolds is 78 years, while that of his partner is 67. Both enjoy fairly good health, particularly the old lady who is smarter than many twenty years her junior, and their prospects of becoming centenarians are decidedly good.

Dancing to the inspiring strains of violins and piano, formed an attractive source of entertainment, while songs were very acceptably rendered by the following:—Miss G. Duthie, Messrs. Andrew A. Pirie, Samuel Tutton, James Milne, Basil Lawson, Richard Murray and Samuel Kane.

Supper was served during the evening, also a bountiful supply of refreshments, including ice cream, fruit and confectionery.

The principal feature of the occasion was the presentation to Mr. and Mrs. Reynolds of a purse of one hundred dollars in gold, from members of the family; also a handsome reclining chair from friends and neighbors.

Mr. William Reynolds of the Gloucester Granite Company, who made the presentation, said in part:—"The present is a grand occasion, and one which will be remembered by us for many years. Our respected and venerable parents have reached a period in their wedded life, which it is the lot of but very few to attain, and with thankful hearts we have met this evening to celebrate their golden wedding. We believe the sense of the privilege which we enjoy, of having our parents with us for these many years, ought to be marked by some tangible token of our esteem and love, and we ask you to accept this purse of gold on behalf of the family. We also ask you to accept this handsome chair which has been presented you by friends and neighbors, with their kindest wishes. It only remains now to say that you have our sincere congratulations upon this golden anniversary, and we all hope you will be with us still for many years to come."

Amid much enthusiasm, Mr. and Mrs. Reynolds both replied briefly; heartily thanking all for the splendid gifts they had received.

Three rousing cheers were then given for the recipients of the presents, with one additional for the gentleman who made the presentation.

Upon the whole, the affair was a complete success, and when the gathering parted, it was with the wish that another such might be held when time brings round the anniversary of the diamond wedding, which will mark three quarters of a century of married life for Mr. and Mrs. George Reynolds.

# TODAY'S COURT.

Guiseppa Castalonì was arraigned for keeping a liquor nuisance at Quincy. Case continued until Friday.

# MR. SPRAGUE WRITES

He Reviews the Fight for the New Schoolhouses.

And His Attitude in Favor of the Bacon & Wright Plans.

Believes No Favoritism Should be Shown to Stephen O. Moxon.

Editors Daily Ledger:

GENTLEMEN: As there has been a great deal said and written of late about School Houses and the attitude of myself and other members of the Council in relation to the same, I ask you to print a few facts as they appear to me; though in what I say I may criticize the attitude of the LEDGER—for you know it is our friends who tell us of our faults.

The public are very well advised as to what the Council of '95 did or tried to do in the school house matter, and while I was then criticized for my shifting policy, I am satisfied, as your paper credited me with an honest purpose; and that you and the public will do so this year I am tempted to write this letter.

Last year after the introduction of many orders, and much debate as to the merits and cost of brick and wood, and when it was so late every one knew that we would not build at all in 1895, Mr. Geary of Ward Four made a motion that we ask Randlett & Howe to present to us completed plans of their school building, without cost to the city. I then said "We ask Randlett & Howe to do too much when we know we shall not build this year." Others thought differently and the present President of this Council then said, "If they comply with our request they will then have the first mortgage on the plans in the Council of 1896. Randlett & Howe did this work and notified the Committee on Public Buildings that they were ready to present them."

When I was appointed chairman of the Public Building Committee this year all the architects who presented plans last year came or wrote to me, and I told them we should be ready for their plans very early in the year, and that the School Board and my committee might work together and thus obtain what we all desired—good schoolhouses at the earliest possible moment.—I went to the chairman of the School Board and arranged with him a joint meeting of the School Board and my committee, at which we were to receive the plans of the different architects. I at once wrote Mr. Moxon, Randlett & Howe, Mr. Kingston and Bacon & Wright that different hours of that evening we would receive their plans and if they wished they might come and explain theirs and answer our questions.

They all came and presented their plans, which they all had had a year to think over, a result of much thought; their ideal of a nine-room building for the city of Quincy, having in mind of course that the cost must be moderate. These plans were what they staked their reputation on as architects; these were what should have been their best effort.

Mr. Moxon came and explained his plans though his plans were and had been posted on the walls of the office of the Superintendent of Schools some weeks before, this fact does not amount to much but there was no room to do the same by the other plans had any one desired to do so. Surely we should extend to the stranger invited to our house all the courtesies we would to our neighbors. If we can not do this we should not invite the stranger to our house.

At this joint meeting after all had presented their plans, my committee left the School Board as they had other business to attend to, and it was then after 10 o'clock P. M. If the School Board had time I presume they would have approved plans that night, but as they did not they met a few days later for that purpose, and very much to my surprise Mr. Moxon appeared at that meeting with an entirely new set of plans, and that set was approved and no others. I said in the Council I did not consider this an honest thing to do, and I have not since changed my mind; and it seems very strange to me that the LEDGER and others cannot see that Randlett & Howe, who are and were then in Concord, N. H., that Mr. Kingston of Worcester and Mr. Bacon of Winthrop, did not know about this meeting and if they had, it would have been a rather unusual thing for them to presume to further take up the valuable time of the School Board. They expected and had a right to expect that the question would be settled on the merits of the plans that were presented to the joint committee.

I ask, why did Mr. Moxon present a new set of plans? Why does he put the city to the expense of building a corridor 13½ feet wide when he said 8 feet (as he had them in his first plan) was wide enough? Why put in extra granite that he said would cost \$1000, when he thinks, or did think, the building better without it? Why change his 12 inch walls to 10 inches when he said 12 inches was thick enough? But these changes are made and the new plan is looked over and studied, and the specifications are read over and changed till I was told by one of the authorities that they were "Iron Clad" and yet in the next 24 hours these iron clad specifications received

thirteen (an unlucky number) changes and should receive as many more to guarantee the building of a first class, honest building.

I shall not try to here criticize the specifications of Mr. Moxon to any extent, but it does seem strange to me, that with all the care and attention of the three gentlemen who made these changes, so that the thing was "iron clad," can not see that a coat of Portland cement on the cellar floor as called for in Mr. Moxon's specifications may be put on with a brush, or it may be ½ inch, 1 inch or 1 foot thick. It is apparent to me that Mr. Bacon, who earns a living as an architect, does not know what he is doing when he calls for 3x14 inch floor timbers on his first floor, or else Mr. Moxon is wrong when he calls for 2x10.

But let us grant for the sake of argument that in all these points I am wrong; that it was perfectly right for Mr. Moxon to put in his new set of plans, without allowing the others to do the same, all plans must be approved by the State Board of Police and this new, changed, improved, "iron clad" plans and specifications are taken to them and they say you have a very good plan but "You must make more changes." "We will not allow you to build this building till such and such things are changed."

On the other hand I have read a letter to the Council from the State Board of Police in which they say that the plans of Bacon & Wright are in line with the best work now being done in the state, and if faithfully carried out we will obtain most excellent results.

This is said of the plan which 3 out of 5 of the committee on Public Buildings say are better and should be used. This is said of a plan that has not had a single change and does not really need one. I know the School Board ask for some 12 changes.

Mr. Porter said before the Council that the wardrobes were only three feet wide and should be four and one-half feet. As a matter of fact these wardrobes are four feet and they are just as they were when first presented, so the School Board require the building 6 inches wider and not 18 inches. This is the only change asked for in the building.

Of course a bulletin board, curtains tinting walls, picture mouldings and large coal bins are changes, but do not in the least change the idea of the architects.

Mr. Editor, you say that two-thirds of the Council are in favor of the Moxon plans, if they could be gotten there. By what right do you claim that Mr. Rinn is in favor of the Moxon plans when he has never seen them or those of Bacon & Wright? Why do you say two-thirds are in favor when two gentlemen who voted for them said in open Council and elsewhere, "we still believe Bacon & Wright's are better and vote for the Moxon plans because we do not want to delay the buildings." And one of these same gentlemen has since said in the presence of several Councilmen "What we really want is the Bacon & Wright plans and specifications with S. O. Moxon's name on them."

Sir, for the reputation of ourselves and the good name of our city, I say it is time to call a halt! It is time for us to say: "This above all to thine own self be true, and it must follow as the night the day thou canst not then be false to any man."

This, sir, is the case as I see it, and if it is right to go on and pass the order now before us, I have not been correctly taught in regard to right and wrong. "If this is doing unto others as we would have others do unto us, then it is right to attain the thing we desire without consideration of the rights or feelings of others. If these proceedings are honest, then the "survival of the fittest is a farce, and in this case the fittest must obtain his reward, not from our treasury but in Heaven."

Yours etc.,

EUGENE H. SPRAGUE,  
Chairman Public Buildings Committee,  
Quincy City Council.  
Wollaston, March 30, 1896.

Young Men's Christian Association.

The following members of the Intermediate department attended the boy's conference at Watertown Friday and Saturday. Geo. Hardwick, Walter Pitts, Joseph Morse, James Moorhead, Robert McConnell, Edward Marnock, Edward Hewitson and Nathaniel Thayer. Secretary Colton and Physical Director Merritt also attended a portion of the conference.

There were 249 delegates present. The presiding officers were boys from twelve to fifteen years of age, and many of the papers were prepared and read by the boys. The whole conference would have done credit to a gathering of adults. Quincy had one of the largest delegations.

Trap Score.

D. B. Lincoln was high man at the Wollaston Trap club's shoot on Saturday afternoon, his score being 22. Morse and Elcock score with a close second 21 each.

# QUINCY BREVITIES.

Notes from Quincy Point, Wollaston Atlantic, South and West Quincy. Watch this line grow:

WANTED, IN QUINCY, A LARGE HALL.

City Council tonight.  
School Committee tomorrow evening.

The regular monthly meeting of the Y. P. S. C. E., Atlantic, is to be held on Tuesday evening.

The heavy rain yesterday and today has done much good. The grass already begins to show its effects.

Mr. Harding's family of Madison street are now having experience with diphtheria, several of the members of the family have been afflicted.

Miss Katie C. Bryant, a valuable teacher at the Adams school since 1894, has resigned to accept a position in Malden at an advanced salary.

The funeral of Mr. Edward White of Mt. Pleasant, was held from St. Johns church this morning at nine o'clock. Division 5, A. O. H., of which he was a past president, attended the funeral in a body.

Mr. George W. Hill was called to Portland, Me., on Saturday, by the sudden death of his brother, who was well known in business there as a dealer and manufacturer of picture frames.

Mr. Theodore W. Fowle died early this morning at the City Hospital. He was a brother of Mrs. Sarah A. Burrell, who within three weeks has been called to mourn the loss of three near relatives.

The fire at East Milton last Saturday night was very plainly seen from Atlantic, and looked so very near that many people were seen hurrying in that direction. The boys had the combination wagon horses all ready hitched awaiting an alarm from Quincy.

All of our readers who have good apple trees that are troubled by canker worms should use for the next four weeks a little of Morrill's tree ink. It costs but little and does good work. A few cents' worth put on the trunks of the trees will save them. For sale in cans at the PATRIOT office.

The alarm from Box 73 at 3.40 Saturday afternoon was rung in for a fire in the woods at Quincy Neck, at the right of Quincy avenue. The fire which had been burning ever since the day before was working toward some piggeries, owned by Mr. Mitchell and the assistance of the Fire Department was required to prevent their taking fire.

Rev. Edward Norton preached at the Memorial Congregational church, Atlantic, to a well filled church. The singing which included a solo by Mr. Wm. H. Owen and a duet by Misses Moxon and Coe was very fine. In the evening Rev. Mr. Peach of South Quincy occupied the pulpit, but owing to the stormy weather the attendance was small. Mr. W. F. Cummings sang a tenor solo which was greatly appreciated.

Disorders afflict the human race, the large majority arising from impure blood. Hence the wide range of cures by Hood's Sarsaparilla, the greatest blood purifier of the age.

"I feel it a duty to suffering humanity and to Hood's Sarsaparilla to tell what this medicine has done for me. I know it is an honest medicine. I had

# Dyspepsia

and 3 years treatment by physicians did me no good. I could not eat half a cracker without distress. I fell off in weight from 180 to 149 pounds. I also suffered with rheumatism, and was pretty well used up. I heard about Hood's Sarsaparilla and began to take it. I soon noticed that it was helping me, and after taking several bottles found I could eat what I wanted without any distress. Later I had salt rheum or

# Eczema

come on my ankles, and I again took Hood's Sarsaparilla. The swelling went down and the eruptions healed. Then I had the grip and it left me in bad shape, with catarrh and other troubles. The doctor said I was all worn out, but might be patched up and live a year or two. But I clung to my old friend Hood's Sarsaparilla and was soon in my better health. I am alive yet, more than three years having passed since the doctor's prediction, thanks to Hood's. I am 69 years old, weigh 170 pounds, am in good health and recommend Hood's Sarsaparilla to all my friends for dyspepsia, catarrh and rheumatism, and also for cleansing the blood."

S. S. PHILLIPS, Wardsboro, Vermont.

Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists, \$1. Prepared only by C. L. Hood & Co., Lowell, Mass.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

## Cooking Made Easy.

In ranges, as in everything else, you find some one kind that is better than all the others.

Nearly four years ago we commenced the selling of ranges, and after a year's experience in handling the so-called leading makes, we became fully convinced that **Glenwoods** were unequalled.

By special contract with the makers we became their exclusive representatives for Quincy, and we have never regretted our action, for every **Glenwood** that leaves this store sends nothing but kindest and most praiseworthy words.

**Henry L. Kincaide & Co.,**  
Reliable, Low-Priced House Furnishers.  
Tirrell's Block, Hancock St., Quincy.  
Open evenings. Cars pass the door.

# \$6,000 Fire at Milton.

The large stock barn of J. P. Fenno situated on Squantum street, East Milton, near the Quincy line, was destroyed by fire at 9 o'clock Saturday evening. In the stable at the time were five horses and fifteen head of cattle which perished, also several tons of hay, a carriage and several sets of harnesses. The loss was about \$6,000 which is covered by insurance.

The cause of the fire is a mystery. Just before the fire was discovered the patrolman in that vicinity passed it and called up the police station from a box near by. As he turned from the box after reporting and was about to walk away he was surprised to see flames burst out from the building. The fire department quickly responded but were unable to save any of the contents as when they arrived the interior was a roaring mass of flames. It is thought that the fire must have been smoldering for some time and that the horses and cattle were suffocated before the flames burst through the outside of the building.

# Work of the Hospital Ten.

The "Hospital Ten, Kings' Daughters," of which Mrs. J. H. Emery is president consists of Misses Grace Burke, Annie Chamberlin, Edith Eaton, Florence Emery, Jennie Field, Mabel Fairbanks, Fay Hitchcock, Zylma King, Ethel Keith, Alice Prescott, Jennie Richardson, Marion Sherman, Helen Sibley, Mary Souther, Sadie Wheeler.

At an expense of \$143, they have presented the hospital with an operating table, irrigating stand, and ward dressing table for all of which the trustees desire to make this public acknowledgment.

Taylor's Anti-Headache Powders are just as harmless as water. Yet, look how powerful water is in putting out fire. Our powders cure Headache and Neuralgia in the same manner exactly. It is safe to say that these powders will cure all cases, because they never failed yet. Why not buy Taylor's and be sure about it? Get them of Leonard J. Pastor, Ph. G., 27 School street.

**Joseph T. French, AUCTIONEER.**

AT REASONABLE RATES.

Near the Wollaston Depot.

Wollaston, March 26. 1m

"Oh, the old home ain't what it used to be."

This is the sentiment of hundreds in this city. And they don't know why. They sit down after a hard day's work and try to read a paper or a favorite book in their cosy homes. But they read but a few minutes when they feel sleepy, their eyes smart, or they grow irritable and feel in their hearts that nothing seems as it used to.

Hundreds have so expressed themselves to us. We have fitted them with glasses, and life is no longer a burden; home is really home once more, and they are happy. It will

ABSOLUTELY PURE

**Manslaughter Charged.**  
FALL RIVER, Mass., March 30.—James Shepard, 60 years old, a tramp weaver, was brought here last night from Waukegan, Conn., charged with manslaughter. It is believed he caused the death of his sister's small daughter, by an overdose of medicine, three years ago.

## Quincy & Boston ELECTRIC STREET RAILWAY.

[Subject to change without notice.]  
On and after Wednesday, Nov. 15, 1895, cars will make trips on week days as follows:

### Quincy and Brockton.

Leave CITY HALL on the hour and half hour for Braintree, Holbrook, Brockton and Campello, without change.  
Leave BROCKTON for Holbrook, Braintree and Quincy, without change, on the hour and half hour.  
Leave BRAINTREE for Quincy 15 minutes before and 15 minutes past the hour.

**Quincy and Neponset.**  
Leave CITY HALL (via Norfolk Downs when marked with \*)—6.00, 7.00, 7.30, 8.00, 8.30, 9.00, 9.30, 10.00, 10.30, 11.00, 11.30 A. M.; \*12.00, 12.30, \*1.00, 1.30, 2.00, \*2.30, 3.00, 3.30, 4.00, 4.30, 5.00, 5.30, 5.55, 6.30, 7.00, 7.30, 8.00, 8.30, 9.00, 9.30, 10.00, 10.30, 11.00 P. M.

Leave NEPONSET (via Norfolk Downs when marked with \*)—6.30, 7.00, 7.30, 8.05, 8.30, 9.00, 9.30, 10.00, 10.30, 11.00, 11.30 A. M.; \*12.00, 1.00, \*1.30, 2.00, 2.30, 3.00, 3.30, 4.00, 4.30, 5.00, 5.30, 5.55, 6.30, 7.00, 7.30, 8.00, 8.30, 9.00, 9.30, 10.00, 10.30, 11.00 P. M.

### Quincy and East Weymouth.

Leave CITY HALL (10 minutes later from Quincy Point and 22 minutes later from North Weymouth)—6.00, 6.15 to North Weymouth depot 6.30, 7.00, 7.30, 8.00, 8.30, 9.00, 9.30, 10.00, 10.30, 11.00, 11.30 A. M.; 12.00, 1.00, 1.30, 2.00, 2.30, 3.00, 3.30, 4.00, 4.30, 5.00, 5.30, 6.00, 6.30, 7.00, 7.30, 8.00, 8.30, 9.00, 9.40, 10.40 P. M.; Wed. and Sat. 11.30 to Thomas Corner only.  
Leave EAST WEYMOUTH (20 minutes later from North Weymouth and 30 minutes later from Quincy Point) 6.25 and 6.40 from North Weymouth depot 6.45, 7.10, 7.45, 8.15, 8.40, 9.15, 9.45, 10.15, 10.45, 11.15, 11.45 A. M.; 12.15, 12.45, 1.15, 1.45, 2.15, 2.45, 3.15, 3.45, 4.15, 4.45, 5.15, 5.45, 6.15, 6.45, 7.15, 7.45, 8.15, 8.40, 9.15, 9.45, 10.25, 11.25 P. M. Wed. and Sat. 12.00 from Thomas Corner.

### Quincy and East Milton.

Leave CITY HALL—6.00, 6.40, 7.05, 7.30, 8.00, 8.31, 9.00, 9.30, 10.00, 10.33, 11.00, 11.30 A. M.; 12.00, 12.30, 1.00, 1.33, 2.00, 2.30, 3.00, 3.40, 4.00, 4.30, 4.55, 5.30, 6.00, 6.30, 7.00, 7.30, 8.00, 8.30, 9.00, 9.40, 10.40.

### Leave EAST MILTON—6.20, 7.05, 7.30, 8.00, 8.31, 9.00, 9.30, 10.00, 10.33, 11.00, 11.30 A. M.; 12.00, 1.00, 1.33, 2.00, 2.30, 3.00, 3.40, 4.00, 4.30, 4.55, 5.30, 6.00, 6.30, 7.00, 7.30, 8.00, 8.30, 9.00, 9.40, 10.40, 11.00.

### SUNDAYS AND HOLIDAYS.

On Sundays on the Weymouth route cars will leave East Weymouth at quarter past and quarter of the hour.  
Special trips can be arranged on application to the Superintendent.  
At Quincy Centre close connection is made with Electric Cars on all the routes.  
At Neponset close connection is made with West End Street Cars to and from Boston.  
Cars are due at Beale street, Wollaston, ten minutes after leaving Neponset and seven minutes after leaving Quincy.

## CREST OF WAVE

Has Been Reached by the McKinley Strength.

REED MEN'S FIGURES

Show Ohio Man Behind Combined Opposition.

Senator Chandler's Opening Address at New Hampshire Convention.

WASHINGTON, March 31.—Three hundred and seventy-six delegates to the St. Louis convention—about two-thirds of the full membership—have now been chosen, as shown in the following table:

Alabama.....	4	New York.....	62
Arkansas.....	16	Ohio.....	35
California.....	16	Pennsylvania.....	22
Florida.....	8	South Carolina.....	4
Georgia.....	18	South Dakota.....	4
Illinois.....	14	Texas.....	35
Indiana.....	28	West Virginia.....	2
Iowa.....	28	Wisconsin.....	24
Kansas.....	16	Minnesota.....	6
Louisiana.....	16	District of Columbia	2
Massachusetts.....	16	Mississippi.....	16
Michigan.....	16	Missouri.....	16
Minnesota.....	16	Total.....	376

The largest estimate of Mr. McKinley's managers distribute these as follows: (omitting eight doubtfuls, two from Pennsylvania and six from New Mexico): For McKinley.....204 For Allison.....36 For Morton.....60 For Quay.....18 For Reed.....40 For Callahan.....10

The efforts of the managers of the other candidates are now directed solely to keeping the McKinley column down, so as to preclude the possibility of his nomination on the first ballot. With that event averted the situation in the convention will be very similar to that in the convention which nominated Governor Hayes of Ohio 20 years ago, when Blaine was the leading candidate, just as McKinley is today.

In pursuance of this purpose the friends of these various candidates are decrying McKinley, saying that McKinley managers are following the old Blaine tactics of claiming everything in sight, and that all untrusted delegates are put down in the McKinley column, with or without warrant.

From a Reed Standpoint. When the above estimate was shown to Representative Aldrich of Chicago, who is a strong friend of Speaker Reed, he said: "A correct summary of the situation would give of the delegates elected to date 184 for McKinley and 177 against him, with 86 whose right to seats has yet to be passed upon. The claims of the McKinley managers include all of these 86, who could just as legitimately be counted in the Reed column as in that of the Ohio man."

"McKinley's managers claim all of the delegates from Indiana, although it is a notorious fact that among these there are both Reed and Allison men, the bulk of the delegation being held in reserve for the benefit of ex-President Harrison, whose name, without doubt, will be presented at the St. Louis convention."

"The fact is that Reed has already 63 votes, with 72 more from New England yet to be heard from. That will give the speaker at once 135 votes, to say nothing of probable accretions from the southern and western states."

"The McKinley strength is about at the crest of the wave. By careful arrangement of the McKinley managers his conventions have been held ahead of those of the other candidates, and yet he is still behind the combined opposition. Most of New England is yet to be heard from."

**NEW HAMPSHIRE'S VOICE.**  
Delegates Will Go Uninstructed In Favor of Reed—Senator Chandler's Address. CONCORD, N. H., March 31.—There is a large number of delegates and prominent Republicans here in attendance at the state and second congressional district conventions, Senators Chandler and Gallinger, Governor Busiel, G. A. Ramsdell of Nashua, who aspires to the nomination for governor, and many other notables being present.

In discussing the presidential candidates, the predominant sentiment favored Reed. The McKinley men are heard from frequently, however, and the strength disclosed for the Ohioan was a genuine surprise to many of the party leaders. Manchester delegates are especially enthusiastic for him. The name of Allison is also received with much favor.

to a growth of 40 years. Up to the summer of 1850 there had been no Republican party organization in New Hampshire. The Democracy of the state had been broken down in 1850 by the American party, aided by the Whigs and Freeholders. In the spring of 1850 the party which had lifted to prominence the American party had somewhat receded, but by diminished majorities the state was carried by the same combination. The national convention at Philadelphia, on June 18, 1850, nominated John C. Fremont, and on June 19 the first organization of the Republican party in New Hampshire began at Depot hall in Concord, when Fremont club No. 1 was organized. Of the officers then chosen all are dead except those Freehold veterans, Hon. Moses Humphrey and his honor Sylvester Dana, and myself.

The club voted to hold a grand ratification meeting on July 4. It was also voted "that all friends of liberty in this state be invited to form Fremont clubs in the several towns and to correspond with this club, and that all are invited to attend the meeting here on July 4." An adjourned meeting of the club was held on June 21, and the articles of association were adopted. A copy of these articles and the proceedings of the meeting are published in the New Hampshire Statesman of July 4, 1850, certified by me as secretary. Circulars were sent out from Fremont club No. 1 of Concord embodying copies of the constitution, and the work of forming Fremont clubs throughout the state went forward with great rapidity.

From these beginnings the Republican party organization of the state quickly took shape. All other party names were soon dropped and the party began its career of glory and honor. Fortunately we are that we have been permitted to see the great and glorious work which the Republican party has accomplished. Fortunately, also, are the young Republicans of today to whom we now commit the continuation of the great work we have begun. Consider for a moment this record of the Republican party. It was formed to prevent the extension by violence and fraud of the institution of slavery into the free territory of Kansas and the other territories of the Union. Its mission was successful. Kansas was saved to freedom. Democracy was overthrown and Abraham Lincoln made president. Then came the southern rebellion, and the Republican party became the party of the Union. Six thousand millions of dollars and 300,000 lives were expended.

When the contest was over, the Union was saved, slavery was abolished, the whole race of slaves given the freedom of the land, the ballot, and the victorious flag of the Union armies floated over a country everywhere and forever free. A long period of national power was given to the Republican party. It had made Lincoln its leader and the emancipator of the slaves, and it made Grant and Garfield its soldiers and its presidents. Twenty-five years rolled around, and from the very lap of time came reaction and reverses.

In 1856 Cleveland was elected. He began an attack upon the protective tariff system under which the country had grown rich and prosperous. At once there came reaction the other way, and under the banner of protectionism Cleveland was defeated. A new tariff bill was enacted which restored prosperity, yet, strangely enough, when the weight of the country was greater and the wages of the wage-earners higher than had ever been the case before in this country or in any nation on the globe, a second reaction against the Republican party came to pass. Cleveland was again chosen president. What followed his election and inauguration? Let his own words, uttered on June 30, 1893, tell the story:

"The distrust and apprehension concerning the financial situation pervade all business circles have already caused great loss and damage to our people, and threaten to cripple our merchants, stop the wheels of manufacturing industry, and put our farmers, and withhold from our workmen the wage of labor."

Nevertheless his administration madly pressed forward to make the conditions worse. The Wilson tariff bill of 1894 was passed. What is now the situation? Agriculture is prostrated; it is not profitable for the farmer to raise wheat, yet the wooden mills are worked because the markets are glutted by the outpourings from English woolen factories. President Harrison, his cabinet and his party, the national debt \$236,327,639; President Cleveland's

When two Chinamen meet, their way of saying "How do you do?" is "How are your bowels?" It amounts to this to the same thing. If the bowels are in good condition the rest of the system is pretty sure to be all right. But when they are constipated, it has a half-paralyzing effect on the rest of the body—and the mind too. Headaches, dyspepsia, biliousness, nervousness, poor sleep, weakness, heart palpitation and gloomy spirits, all come from constipation. And that isn't the worst of it: It lays your system open to all sorts of serious and dangerous illnesses. It isn't safe to neglect constipation and it isn't safe to use dangerous wrenching cathartics, to overcome it, either. They leave you worse off than before. What is needed is a mild natural laxative like Dr. J. C. F. Pilett's Pleasant Pellets. They act surely but without any violence. They regulate and strengthen the intestines to do their own work. When the "Pleasant Pellets" cure you, you are cured. You don't become a slave to their use. Take care the druggist doesn't give you something else he calls "just as good."

It may be for him, but how about you? You might learn a thousand valuable lessons about preserving your health by reading Dr. Pierce's Common Sense Medical Adviser. It is a grand book and the present edition is absolutely free to all who send at once one cent to cover cost of mailing only. It contains 1008 pages and over 100 engravings. 650,000 cloth-bound copies have been sold at \$1.50 each. This free edition is in strong manilla paper covers, otherwise it is just the same. Address: World's Dispensary Medical Association, Buffalo, N. Y.

three years has increased the interest bearing bonded debt \$32,002,345.

**The Second Reaction.**

Therefore, the second reaction has set in against the men and the party that have done these things. In 1894 there was a Republican uprising which gave greater majorities against the Democracy than ever had been known since the organization of the Republican party, and today there is a settled determination in the minds of the American people to restore in November of this year, the Republican party to more complete power in state and nation than it ever yet possessed; all this we hope and trust to be accomplished under the banner of our energetic, strong, positive and magnificent New England leader—Thomas B. Reed.

Looking now no longer to the past, but only before us to the future, to see what that is in store for us, we ask, what is our victory, when we accomplish it, to signify? First and foremost, I place proper recognition of the Union soldiers. It shall be made, so far as the Republican party can make it, the softest crown of renown for any man to wear—any sign of his service in the Union army against the slaveholders' rebellion.

Next, our victory will mean the re-establishment of protective duties. America is to be made by the Republican party again in power, a country of high wages, comfortable and happy homes, peaceful, intelligent and contented men, women and children—the bone and sinew of our beloved country. There is to be discrimination against foreign products and no discrimination among home products. Our victory will also mean the settlement of the currency question. Precisely in what way it will be settled, I have no right positively to assert. This convention may utter its views; the national convention will lay down its platform; the president and congress to be elected will carry out the national principles.

For my own part I may be permitted to say that I am against the gold monometallism of President Cleveland, Secretary Carlisle and their faction of the Democratic party. I am also opposed to the other extreme, namely, the unlimited coinage at this time by the United States alone, of silver bullion, which would send gold to a premium and destroy that parity between the two metals to which the Republican party and the congress are solemnly pledged. I am in favor of that bi-metallic system to which all parties have been hitherto pledged, and to which the Republican party is especially pledged, and which means that silver shall be restored to the proper ratio, to be the equal of gold for all purposes, to be with gold, upon the well-known system of bimetalism, the measure of the world's values.

Besides restoring prosperity at home, the coming Republican victory will give to the government a new foreign policy, based upon sound principles and upon sound facts, tending to the interest and honor of the nation. Under President Cleveland there has been a reaction from one extreme to another extreme very remote. Led by Blount of Georgia, the president determined and endeavored to restore the dusky queen of Hawaii to her lost throne in order that she might seize her subjects—Americans who had gone to her island to make her people intelligent and prosperous—and put them to death by beheading. On the other hand, under the lead of Olney of Massachusetts, the president nobly championed the cause of little Venezuela, defending her indisputable right to control the mouth of the great Orinoco river. Back again from this spasm of true Americanism he stands today as the obstacle to Cuban independence.

That kind of a foreign policy will come to an end March 4, 1897. Our next president and his congress will devote themselves, in all fitting ways and on all proper occasions, to aiding to maintain the safety and the happiness of the independent nations of the Western hemisphere outside our own borders.

Two present duties are before us in this relation. Venezuela is in a contest with England in which we are bound to befriend the republic. This is a question whether or not, with no decent color of right, the mouth of the great Orinoco river—the key to all the commerce of Venezuela—shall be seized and controlled by the all-grasping, English-speaking nation of the Eastern hemisphere. Here is an opportunity which may not come again in half a century.

By a regard for the Monroe doctrine, which is a traditional principle of the American government, by a consideration, not so very remote, of what is due to our own safety and peace and above all, by our just and reasonable duty to Venezuela herself, we are bound to espouse the proper cause of the little republic against the overgrown nation which threatens her, and to bind that republic, and all the other South American republics, to ourselves by ties of indissoluble obligation and gratitude.

Again, as to Cuba, what is our duty? We have waited 40 years for our opportunity properly and safely to aid in establishing Cuban independence. There lies the great island almost within sight of our coast, in the hands of a European power, a perpetual menace to the United States. It has been for three-quarters of a century almost universal American sentiment that whenever the right time came, we should see Cuba released from the cruel dominion of Spain. In 1895 Cuban independence would have been recognized had it not been for the pendency of our Alabama claims against England, which made General Grant and Secretary Fish act with conservatism.

Eighteen years more of misrule and oppression have brought on another insurrection. The whole island is in revolt, almost as one man; and Spain is resorting to atrocities forbidden by civilized warfare. We are not asked to do what I would gladly see done—to recognize and maintain the independence of Cuba; we are only asked to recognize Cuban belligerency, which, after a year of flagrant war, we are more entitled to do than Spain was to recognize the southern Confederacy early in 1861.

Upon that recognition by the United States all the other independent republics of Central and South America will also recognize belligerency, and the freedom of Cuba will be assured beyond the possibility of suppression. Now is the time and now the hour for action. The opportunity long waited for may not soon come again.

But it will be said to me and to others who feel like myself on this subject, that we are not acting coolly and with the restraint required by enlightened self-interest; that we are governed by sentiment merely, and a sentiment to which we ought not to give way. Yet I admit that in the case of Cuba we are not acting from a regard for self-interest only, but in accordance with the impulses of strong sentiment. Thank God, we are a nation of sentiment!

What is all we see about us of riches and grandeur in this country, worth to us or to our children if we are to live as a nation wholly according to the principles of selfishness, and are to turn a deaf ear to the Macedonian cry, "come over and help us," from the little republic of Venezuela, and pay no heed to the moans and groans of dying Cuban patriots?

What are the memories worth of the New Hampshire men of the Revolution and of the brave spirits that went out from us and gave their lives on the battlefield in the great proslavery rebellion if they do not live as a nation that we are the wealthiest and one of the most powerful nations on the globe, to be guided in our conduct at home and in our policies abroad not merely by self-interest, but as well by the highest and the holiest sentiments of which the human heart is capable, sympathy for the weak and the down-trodden and affection for the slaves and victims of oppression and wrong everywhere on the face of the globe, but especially when they cry to us from the near islands of our own sea and from the feeble republics of the western world.

All goods delivered FREE at residences in Quincy.

## Spring Carpets

Two points in which we excel:—

Private Patterns.  
High-Grade Goods at Moderate Prices.

Think over what this means. It means that you need not cover your floors with carpets of hackneyed patterns; that, on the contrary, exclusive and fresh designs are at your disposal. It means that you need pay no more money for the best, than poorer grades cost elsewhere. We solicit your orders on this basis.

## PROPOSALS

FOR TWO

**Brick School Buildings.**

CITY

QUINCY.

SEALED Proposals will be received at the office of the Mayor of the City of Quincy, in the City Hall, for building one 8-room brick School Building in Ward Four, and one 8-room brick School Building in Ward Five, of the City of Quincy. Plans and specifications can be seen at the office of the Commissioner of Public Works, City Hall.

Bidders must bid on each building separately and also on both together.

All proposals must be filed in the office of the Mayor before 4 o'clock P. M., April 11, 1896, when they will be opened in the presence of the bidders.

The right is reserved to reject any or all proposals or to accept the proposals deemed best for the City.

C. F. ADAMS, 2nd, Mayor.

C. F. KNOWLTON, Commissioner of Public Works.

Quincy, March 31. 9t 4-1w

When you

Are ill

You consult

a Physician,

But of what use can the doctor possibly be to you, if any "Tom," "Dick," or "Harry" is allowed to compound the prescription.

There are druggists—and druggists, just as there are Physicians and so-called ones or Quacks.

A good thing to remember is that the man having the largest amount of capital invested in the business is not necessarily the best Pharmacist or Chemist. It is a question more of "BRAIN" than of "LUCK."

The undersigned is not a doctor, and what is more, he does not claim to be in a position to give "pointers" to the qualified physician, but he attends to his own special business; and in prescription compounding he recognizes no superior.

If you want your prescription compounded accurately and conscientiously, if you want lowest prices for goods of first quality, call on

A Weekly Established in 1878.

Telephone 213-3 Quincy.

At LAST! At last! the great want for more school accommodations is to be supplied. The order making an appropriation for two new nine-room brick buildings finally passed the City Council by a decisive vote, only four being recorded in opposition, and Mayor Adams has made short work of it. Not only has he signed the order, but in this issue he and the Commissioner of Public Works advertise for bids, which must be filed within eleven days. Work will therefore be begun in April on two grand buildings, of which Norfolk Downs, The Hall, and the city itself may be proud. Withal the appropriation of \$75,000 for these buildings is a generous one, but if two good buildings are secured, both furnished complete, and the lots well graded and possibly curbed and sidewalks built, the people will be well satisfied. Quincy is liberal with its schools and no city of 20,000 population can show a finer collection of buildings when taken. Six of the eleven will be of brick collectively and none of less than six rooms.

**Sewerage Hearing.**

A hearing was given before the committee of the Legislature Monday on the bill to provide for a system of sewerage for the Charles River Valley, the Neponset River Valley and the city of Quincy. The bill provides for the taking of Boston's Moon Island sewerage system and authorizes the State Board to construct and maintain various sewerage systems, the amount to be paid to Boston for the system taken is to be determined by a jury.

At present the State pays Boston for the use of the Moon Island system but Chairman Kingman believes that it would be much better for the State to take hold and operate the Moon Island system.

The apparent meaning of this is that the State board desires to assume control of all the sewerage systems in the vicinity of Boston, in which event Quincy may be assessed for a system or may have to pay more for entering the Moon Island outlet than it would if the system was controlled as at present by the city of Boston.

City Solicitor Bailey of Boston opposed the bill. He had not had time to examine it closely, but from a cursory glance it seemed as though the State board wanted authority to construct sewers whenever they pleased without approval of the State Board of Health, by whom all sewers are at present approved.

**Rev. E. C. Butler at Brockton.**

Rev. Mr. Butler of the First church, Quincy, addressed the Unitarian club at Brockton Friday evening. The Times said on Saturday: "The speaker was greeted in the most cordial manner. His fame had preceded him, and although the expectations of his hearers were great, they were satisfied more fully than they even anticipated. Rev. Mr. Butler is an eloquent speaker, and while he sifted the chaff from the grain, from a theological standpoint in a most thorough and comprehensive manner, and discussed theological ideas with a profundity which marked him as a clever student of the subject, he was brimful of humor. His address was interlarded with clever conceits in the line of anecdotes which kept the audience happy throughout the evening. Each story illustrated a strong theological point in favor of Unitarianism."

The Enterprise said: "Rev. Mr. Butler is a vigorous fun-loving and fun-making clergyman of not over 50 years of age, and was a schoolmate, at the divinity college, of Rev. Dr. Shippin. The speaker chose, in place of the usual form of address, to relate numerous humorous stories and suggest points along the line of liberal religion, and especially the Unitarian conception of Christianity. His address might be said to consist of a succession of stories, which were always selected just right to convey forcibly and amusingly the idea intended to emphasize. He said that the Unitarian church started as an intellectual movement and has always been borne by intellectual force. It differs from the evangelical churches which have a limited, written creed. The Unitarian church is like a tree. It is growing and developing continually."

Guy & Shaw have a new batch of advertisements today—a dozen little fellows which tell of bargains.

Taylor's Anti-Headache Powders are just as harmless as water. Yet, look how powerful water is in putting out fire. Our powders cure Headache and Neuralgia in the same manner exactly. It is safe to say that these powders will cure all cases, because they never failed yet. Why not buy Taylor's and be sure about it? Get them of Leonard J. Pastor, Ph. C., 27 School street.

## NEW SCHOOLHOUSES.

Notes from Quincy Point, Wollaston Atlantic, South and West Quincy.

Watch this line grow:

Wanted, in Quincy, a large hall

Look out for April fool jokes tomorrow.

Pleasant today and a warm wave is coming.

Another six-page LEDGER on Saturday, April 4.

The Meadow Brook Ice Co. is building a 30x40 wagon shed adjoining their ice houses.

The young ladies of the West Quincy Epworth League give an entertainment at the church this week.

The city teams have been busy for the past few days removing ashes from the Willard school basement.

Mr. and Mrs. Charles Crane entertained a few of their neighbors at an at home Monday evening. A pleasant evening was enjoyed.

T. J. Lamb, the West Quincy grocer, advertises today his entire stock for sale at bargain as he is going out of business. Call early.

Clerk John P. S. Churchill of the District court is receiving congratulations upon the advent of a little daughter who arrived Sunday.

Postmaster Wilde of Wollaston was at the post-office on Monday for the first time since his sickness. He remained a couple of hours transacting business.

The engine of the 10.15 outward train broke down at South Boston Monday night, delaying the train some 30 minutes while a new engine was being procured.

The paintings in the interior of the new Swedish Baptist church were from the brush of Oscar L. Rosen instead of the name given in Saturday's LEDGER.

Miss Kittie Walsh, one of the young lady operators at the Quincy Telephone exchange has been confined to her home on Quincy avenue by illness for the past few days but is now convalescent.

Because of a rush of advertising the LEDGER will be unable to publish the conclusion of the "History of Hancock street and the Training Field" before Saturday, when six pages will be issued.

Mrs. John Field of Hanson, mother of Mrs. Samuel F. Howard of Wollaston, died on Saturday of pneumonia, after a short sickness. Her husband, the Rev. John Field, died of the same disease, but a few days before.

The fiftieth birthday anniversary of Mr. W. E. Simmons of Wollaston was fittingly observed on Monday evening. The Parish Committee of the Unitarian Society, of which Mr. Simmons is president, with their wives and Dr. and Mrs. George B. Rice of Boston, called rather unexpectedly and passed a very enjoyable evening. The committee, through Mr. Charles T. Baker presented Mr. Simmons with a handsome picture of Lincoln. A lunch was served.

**Dis-**

stress in the stomach and other symptoms of dyspepsia demand careful attention to diet and a good medicine like Hood's Sarsaparilla to tone the stomach and other digestive organs, purify the blood and sustain the nerves.

Mr. J. W. Gerry, a well-known business man of Hopkinton, Mass., relates his experience.

"I was troubled with indigestion for many months. My food gave me great distress. Physicians prescribed for me, and although they gave me help for a time, they did not cure. I felt

and discouraged and could not sleep at night. My friends advised me to give up business, the doctors declaring that I needed a change. I read about Hood's Sarsaparilla and thought it might do me good. I am glad to say that I felt the benefit right away, after commencing to take the medicine. Three bottles of Hood's Sarsaparilla entirely cured me of indigestion. It also relieved me of constiveness and I have not had any trouble of this nature since. I have taken several bottles of the medicine in the

**Nervous**

**Spring**

of the year since my first treatment with Hood's Sarsaparilla and I have thus kept myself in perfect condition. My wife has also taken Hood's Sarsaparilla with equally good results. I am 60 years old and I feel as well as when I was 30 years of age. I cannot say too much in praise of Hood's Sarsaparilla." J. W. GERRY, Cor. Grove and Main Streets, Hopkinton, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other. Be sure to get

cure liver ills, easy to take, easy to operate. 25c

(Continued on third page.)

**COUNCILMAN RINN.**

Councilmen Cleaves and Sidelinger were the only absent members.

**Jurors Drawn.**

Councilman Rice assisted the Mayor in drawing the following traverse jurors: William A. Kelley, Peter W. Dakers and Alexander D. Smith.

**Care of Bridges.**

A communication was received from the Mayor stating that the Quincy Point and Hingham bridges were now in care of trustees. The road between the two bridges was now a State highway, and he asked for authority to petition the Legislature for such legislation as will enable the Highway Commission to take and care for these two bridges.

The communication was placed on the table when Councilman Lamb offered an order authorizing the Mayor with the trustees from Weymouth and Hingham to petition the Legislature as requested in the communication. Adopted.

**Street Railway Hearing.**

The Committee on Streets reported an order for a public hearing Monday, April 22, at 8.15 on the petition of the Quincy & Boston street railway for a change of its location on Hancock street. Adopted.

**Order for Schoolhouses.**

The only other matter left in the call for the special meeting was the schoolhouse order, and Councilman Pinkham moved, and it was voted to take the order from the table.

Councilman Sprague did not think that the things that had been done to pass the order should have been, but if he was the only man in Quincy to oppose the order he should do it.

Councilman Little asked if the Moxon plans had been sent to the State Board for approval.

Mayor Adams replied that they had. The State Board suggested that the heating stacks were not quite sufficient, otherwise they were all right. He then read a letter from the State Board to that effect.

Since then the plans have been again taken to them, with the change suggested made, and they were satisfactory to the inspector.

## LOCAL LACONICS.

(Continued from page two)

The directors of the Mt. Wollaston National bank have declared a semi-annual dividend of 3 per cent. payable April 1.

Auctioneer Crane has received a fresh consignment for his great combination sale of Saturday, which includes six young Iowa horses.

John Bates fell unconscious in front of the Hancock cemetery Monday evening and was carried into the police station where restoratives were applied.

The LEDGER want—A large hall in Quincy—has exhausted all the Roman sizes of type from nonpareil to pica and has begun on the "bold faces."

Dates for Q. Y. C. Races.

A meeting of the executive committee of the Quincy Yacht club was held on Monday evening. It was practically decided to hold six races the coming season, an increase of one over the preceding year. The schedule as outlined by Mr. Henry M. Faxon, with whom the placing of the dates was left, includes two club races, June 4 and August 28; an open race on July 18; and three invitation races on July 29, 30 and 31. This schedule will make the coming season the most brilliant one which the club has ever had, from a yachting point of view. The question of enlarging the club house was taken up and discussed at considerable length. After a survey of the land has been made it is probable that the proposed improvements will be put through before the season pens.

Advertised Letters.

At Wollaston post office, Monday, March 30:  
Mr. Le Roy Barrett, Miss Mildred Bayard, Miss Alice Coffin, Mr. C. H. Groden, W. N. Hunt, Esq., Mannie Neil, Miss A. H. Stanley, G. W. Viles, Esq.

TODAY'S COURT.

Archie McEacree was fined \$5 for drunkenness at Quincy.  
Hugh Hamilton was fined \$5 for assault on Joseph H. Johnson at Milton.

Drive Out the impurities from your blood and build up your system by creating an appetite and toning the stomach with Hood's Sarsaparilla, if you would keep yourself well.

Hood's Pills are the best after-dinner pill; assist digestion, cure headache. 25c.

You will want Some Fancy Crackers For Easter.

We shall have displayed Wednesday April 1st.

An entire new assortment which we want you to call and look at. They will be sold at the same low price which we always have on this class of goods and as we probably sell as many Crackers as any store in Quincy, we know we must have the right kinds and right prices.

## NEW SCHOOLHOUSES.

(Continued from second page.)

In reply to questions asked, Mayor Adams said the inspector suggested the 3x14 instead of 2x14 timbers as was written on the plans. There was no change made in the framing.

Councilman Sprague thought it strange that when two weeks ago he stated when Mr. Moxon was present the timbers were 2x14 that Mr. Moxon did not state he intended them to be 3x14. He then re-read a letter the State Board had sent to Bacon & Wright, and continuing said here is a plan that does not require a single change. These new plans of Mr. Moxon have been changed. They were brought here without the consent of the Council. If this is honest dealing he was not a judge of what honesty is. He hoped the order would be killed never to be resurrected.

Councilman Badger, said that only the prospective plan of Bacon & Wright were presented to the State Board. There was no plan of framing of any description. What right has he (Councilman Sprague) to criticize after offering an order that the Mayor build by any plans he saw fit. His whole object is to kill this order that he may dictate to the Council what it shall do.

Councilman Nickerson denied charge of Councilman Sprague that the Moxon plans were a new set of plans. He would ask if at the joint meeting Mr. Moxon did not remark that he would draw them out more specifically so that they could be better understood.

Councilman Sprague did not remember it. There were specifications with the Bacon & Wright plans that the State Board could understand. When he sent notice of the first meeting Mr. Moxon said his plans were so plain that they needed no explanation. The argument of Councilman Badger was, why do you go out of Quincy when you have an architect at home. A man should be ashamed after promising that the Council of 1895 would decide this question upon its merits, to agree that way.

Councilman Badger said he did not think it worth while to reply to the insinuations. The original plans called for 12 inch wall, but in putting in a granite belt they were changed to 16 inches. Are there enough in this council in face of the demand for schoolhouses to say we shall not have them.

Councilman Sprague said the gentleman admits there were two sets of plans. After the joint meeting Mr. Moxon was asked what the granite caps would cost and he said \$500 but thought they were better without them. Now why does he call for them.

Councilman Field agreed with Councilman Sprague. He hoped the order would be killed as no one knows what it will cost to grade that lot at "The Rail" and then there was a railroad grade crossing within fifty feet to turn the children onto and an electric railway in front. He hoped that lot would be changed.

Councilman Cladin said he hardly supposed that Mr. Moxon could be held responsible for the steam or street railroad. The lot may be a poor one but the question before us is whether we shall have schoolhouses or not. There was a great deal of agony about changes of the Moxon plans but they were improved thereby. As they are today he had no doubt but they would erect a good building. All who want to see the children in school should vote for these plans. Some action should be taken.

Councilman Geary would like a test vote on the two plans and with that object in view moved to lay the order on the table. Councilman Rice opposed. That question had already been decided, and the best thing was for all to join together and pass the order.

Councilman Little was sorry Council did not accept plans of Bacon & Wright. It was an injustice not to accept them. He hoped suggestions of Councilman Geary would be accepted. He did not agree with Councilman Badger that Councilman Sprague was trying to dictate to the Council.

The motion of Councilman Geary for a test vote was lost.

Councilman Phillips would like to inquire if both schoolhouses were built by one set of plans what they would cost the city.

Much in Little

Is especially true of Hood's Pills, for no medicine ever contained so great curative power in so small space. They are a whole medicine

Hood's Pills

chest, always ready, always efficient, always satisfactory; prevent a cold or fever, cure all liver ills, sick headache, jaundice, constipation, etc. 25c. The only Pills to take with Hood's Sarsaparilla.

REMOVAL.

The Quincy Hat and Bonnet Bleachery HAS REMOVED TO

Beale Street, near Wollaston Depot.

Will be known hereafter as the

Wollaston Hat Works. LEMUEL PITTS. Wollaston, March 31. 5t

Councilman Sprague replied that regular architects have regular fees but he did not know what builders asked for their plans. If we erect both buildings by one set of plans we will probably have to pay a little more than for one building. If two sets of plans were used there should be extra for the second drawing.

Mayor Adams said he had not seen Bacon & Wright but had seen Mr. Moxon who said he should charge 3 per cent on one set of plans and the city could build as many buildings by them as it desired.

COUNCILMAN PHILLIPS.

The order was then passed to be ordained by the following vote the votes of President Bryant and Councilmen Rinn and Phillips turning the tide:

YEAS.—Anderson, Badger, Barker, Bryant, Cladin, Geary, Lamb, Little, Murray, Nickerson, Parker, Phillips, Pinkham, Rice, Rideout, Rinn, Russell—17.

NAYS.—Field, Hayden, Holt, Sprague—4.

Absent.—Cleaves, Sidelinger.

A adjourned at 8 20 to meet April 6.

Another Resignation.

It is not generally known, perhaps not even to a majority of the board itself, that John Hall has resigned as a member of the Board of Managers of Public Burial Places, and that his resignation has been accepted by the Mayor. His successor has not been appointed as yet and the fact that he received a notice from the clerk of the board for Monday night's meeting goes to show that said clerk was not aware that Mr. Hall had resigned.

Mr. Hall gives no reason for resigning but it is quite well known that not as much harmony exists in this board as there should, and that a faithful servant has not been treated as he should have been.

Press Reunion.

The fourteenth annual reunion and banquet of the Suburban Press Association of New England was held at the Quincy House, Boston, yesterday afternoon. There was a good attendance; an excellent banquet was served, and a pleasant time enjoyed. Among the speakers was Mayor Perry of Somerville who was listened to with much pleasure and attention. The Boston Ladies' Banjo, Mandolin and Guitar Club furnished delightful music; assisted by Frank Kennedy, violinist. In the evening most of the members with their ladies, accepted an invitation from Mr. Arthur J. Clark, manager of Castle Square Theatre, and had the pleasure of listening to the excellent opera "Lucia," which is attracting large houses this week.

Wollastons Defeated.

The Batchelder & Lincoln Co. team from Boston put up a great game with a team from the Wollaston Bowling club at the Duck's Nest alleys on Monday evening. The visiting team after a hot fight, won 247 to 224.

HALE'S HONEY OF HOREHOUND AND TAR

It's so simple to get rid of a cough or throat trouble by Hale's Honey of Horehound and Tar. Acts like magic. Sold by druggists.

Pike's Toothache Drops cure in one minute.

"Oh, the old home ain't what it used to be."

This is the sentiment of hundreds in this city. And they don't know why. They sit down after a hard day's work and try to read a paper or a favorite book in their cosy homes. But they read but a few minutes when they feel sleepy, their eyes smart, or they grow irritable and feel in their hearts that nothing seems as it used to.

Hundreds have so expressed themselves to us. We have fitted them with glasses, and life is no longer a burden; home is really home once more, and they are happy. It will cost you nothing for consultation and getting your eyes tested by a competent optician.

T. L. WILLIAMS,

Member of the New England Association of Opticians.

104 Hancock St., Quincy.
